Mothers Honored Tomorrow

Redwood Empire Math Tourney Here Saturday

The Sixth Annual Redwood Empire Mathematics Tournament will be held on campus tomorrow, from 9 a.m. until 4 p.m.

Its purpose is to encourage interest and excellence in math among secondary school students. Participants in the event will number near 300 students, and include grades 7-12, from Humboldt, Del Norte, and Mendocino counties.

Students attending are selected by their school and they will be given an opportunity to compete for the 125 prize awards being offered.

One of the prizes is a \$300 scholarship donated by the Shell Oil Company. The scholarship is payable to the highest scoring senior upon his entry to HSC. In addition to providing the scholarship, the company is assisting in underwriting the expected financial deficit, due to the flood caused economic distress. The financial assistance is being done through the company president, Dr. Monroe Spaght.

Dr. Kenneth O. May, chairman of the Dept. of Mathematics at Carleton College in Northfield, Minn., will be visiting our campus during the tournament. He will lecture to participants in Sequoia Theater on Saturday, concerning the "Four Color Problem" which is one of the great unsolved problems in mathematics. Dr. May will also lecture Thursday evening in the Wildlife Auditorium on "Non-technical History of Mathematics." In addition to this, he will speak in the same auditorium Saturday morning at 10 a.m. on the "Program Learning Method."

The previous five tournaments have been instrumental in the increasing math competence of entering freshmen. This year's function is jointly sponsored by The Northern Section of California Mathematics Council along with Humboldt State College. It is supported by many local businesses, service clubs, PTA, and interested individuals.

General chairman for the math tournament is Mr. Larry Olsen of George Jacobs Junior High School. Tournament director will be Dr. James Householder of Humboldt State College.

Delta Zeta's Plan Whiskers Contest

Delta Zeta sorority announced this week, that sign ups for the Beard Growing Contest that it is sponsoring during Lumberjack Days will be March 15-16.

Miss Paula Brink, chairman of the contest said that sign ups can be made by interested individuals in the Cafeteria or the Wildlife Building.

Contestants must be clean shaven when they sign up and the contestant with the longest growth will be given a trophy for his victory which is an annual Lumberjack Days event.

At tonight's opening of Green and Gold Capers, Professor Arthur Tollefson, shown above, will present a piano recital. He will present several selections as part of his contribution to the Annual Variety Show which provides traveling funds for the College Band.

(Photo Courtesy College Information Service)

Annual Green and Gold Capers Will Be Presented on March 12-13

By EDITH MATTSON

Green and Gold Capers, annual band benefit variety show, will be presented to the community March 12-13 in Sequoia Theatre featuring an international musical tribute and Arthur Tollefson as soloist.

Psych. Professor Will Speak Here Monday Night

Dr. Paul H. Mussen from the University of California at Berkeley will be visiting Humboldt State College to speak on "Identification and Socialization in the Family." His speech will be held Monday, March 15, at 8 p.m. in Founders Hall Auditorium.

Professor Mussen received his Ph.D. from Yale and taught at Ohio State and Wisconsin Universities. He then moved to Berkeley where he is associated with the Department of Psychology and the Institute of Human Development at the university.

His research activities have been in the general areas of personality development, parent child relationships, and culture and personality. In 1960-61 he was a Fulbright Research Fellow in Florence, Italy.

This past summer, he studied the effects of Industrialization in Puerto Rico on parent child relationships and personality development.

Several of Professor Mussen's articles have been published in various books and psychological journals. He has authored, co-authored, and edited a number of books, along with serving on journal editorial boards. One of his books, "Child Development and Personality," is presently being used by the Humboldt State Psychology 12 class.

Tickets may be bought either at the door both nights for the 8:15 p.m. performance or from band members. Admission is \$1.00 for adults and 50c for students with ASB card.

Band director, Dr. David Smith, said that the band will present the lighter music for concert bands including the Triumphal March from Peter and the Wolf, the Surprise Movement from Haydn's Surprise Symphony, and highlights from Hello Dolly. Other traditional marches and contemporary pieces for concert bands will be performed.

One of these, Hills of Friendship, a concert march by CWO Bunton, was presented to the King of Denmark by the U.S.A.F. Band last summer. It was presented as a special tribute to the Danes who have adopted our Fourth of July celebration.

Dr. Smith said that this year it will be dedicated by the HSC band to Jens Bogh, a Danish foreign exchange student who is an active member of the band.

A piano recital will be presented by Professor Arthur Tollefson during the concert. He will perform Polonaise, Opus in F sharp minor by Chopin; Les Jeux d'eau a la Villa d'Este, by Liszt; and a Toccata by the contemporary Russian composer Khachaturian.

Proceeds from the variety show will be used for the band's traveling fund. This will help the group make guest appearances during the football season at Far Western Conference campuses.

Host of Activities Slated To Complete Day's Visit

By DONNA VANNI

The annual Mother's Day on campus will be observed tomorrow afternoon with a host of scheduled activities throughout the day.

Mother's Day is a day when Humboldt State College turns out to entertain the mothers and introduce them to their son's and daughter's campus life.

Helen Everett Reports Library Budget Plan Hurts Smaller Schools

The budget for books and periodicals and operating expenses for the HSC Library has been reduced by approximately 50 per cent for the next academic year.

The cut is the result of a new formula for determining budget expenditures which the Chancellor's Office in conjunction with the State Department of Finance set up. According to Mrs. Helen A. Everett, College Librarian, the plan was formulated without consulting HSC.

Humboldt is the only state college to receive such a drastic cut; only five other colleges are facing such cuts. These range from two per cent to 20 per cent of much larger budgets than HSC's. Increases are proposed for ten colleges whose budgets range from \$101,670 to \$261,000 for books.

The application of this formula hurts colleges such as Humboldt which are relatively small and less established, while aiding new colleges and larger institutions. Mrs. Everett stated that in her opinion "the courses offered and the general curriculum should determine the purchase of books and periodicals, not an arbitrary formula based on student enrollment."

At present the college library has approximately 95,000 volumes on its shelves, plus an additional 10,000 volumes in the CES Library. The library also subscribes to 1,000 periodicals, most of which are scholarly journals essential to instruction and are bound and saved for future use. With the budget cut, over half of these subscriptions will have to be dropped and will cost three to four times more when purchased at a later date.

Hilltop Calendar

TODAY: — Dr. Maher will speak on "The College Student and Sex."

—Green and Gold Capers—Sequoia Theater, 8:15 p.m.

TOMORROW: — Dinner for Dorm Students has been rescheduled from 4:30 to 5:30, due to Mother's Day banquet.

—Math Tournament, Registration 8:45 to 9:45 Founder's Hall.

—Mother's Day, registration begins, 2:00 CAC.

—Green and Gold Capers—Sequoia Theater, 8:15 p.m.

MONDAY: — Deadline for Scholarship application.

The highlight of the day will be the selection of the woman on campus who has devoted much of her time to student affairs.

Registration at 2 p.m. in the CAC will begin the day, followed by a program featuring student talent at 2:45 p.m., also in the CAC.

Beginning at 3:30 p.m., a social hour has been planned, followed by free time from 4-6 p.m.

The dorms and both Tau Kappa Epsilon and Delta Sigma Phi Fraternities have invited the mothers to attend open house at this time.

A banquet, featuring President Siemens as the faculty speaker, will be held at 6 p.m. in the College Commons with tickets purchased at the door.

The Green and Gold Capers, annual variety show, sponsored by the HSC Band, will follow the banquet and will conclude the day's activities.

Co-chairmen of the event include Pat Graves, Martha Roberts, and Andy Roccaforte.

Publicity chairman is Linda Larson; decorations, Nancy Brown; social hour and talent show, Bill Shaw; and banquet, Cathy Briggs.

Ticket Sales March 15 For Concert of Jazz

Ticket Sales for the Paul Winter Sextet concert of modern jazz will get underway at the HSC bookstore March 15 and continue through March 26, according to Dr. Dale Anderson, College Lecture Concert Committee head.

Tickets may also be purchased at the Sequoia Theater door for this March 26, eight o'clock program. Reservations can be made by calling VA 2-1771 extension 377.

Students may purchase tickets for \$1.50, and non-students may purchase them for \$2.50.

Resources Committee Reports On Plans For Proposed Park

The recently formed joint natural resources committee reports further progress on plans for the symposium on the proposed Redwood National Park.

According to committee chairman Dale Bridges, the purpose of the symposium is to have nationally recognized figures present to the public the significant national facts and data concerning the issue.

He stressed the fact that the discussion is intended to be on a national rather than a purely local level and that any decisions will be left to the audience.

Tentative plans call for the program to be presented April 5, 6, or 7 in Sequoia Theater.

ASB Presidents Reject Union Hiring Proposal

Mandatory hiring of union personnel for student theatrical performances was rejected as "contrary to educational objectives" at a recent meeting of the California State College Student Presidents Association.

ASB president Chuck Freitas, upon returning from the meet, reported the association opposed the International Alliance of Theatrical Stage Employees' demand that a union member be present at all advertised student performances. The union's argument, that student productions compete with professional promotions — threatening the member's security — was found insufficient by the association.

Resolutions drawn up by the association maintained that many positions desired by the union were, by character, beneficial to the education of the student. Union supervision and instruction, it was further resolved, would restrict the opportunities of the student.

Bequest To HSC In Arthunas Will

A bequest of five thousand dollars has been made to Humboldt State by Christopher A. Arthunas in his will, soon to be probated in San Francisco.

He has often made contributions through the College Advisory Board for projects involving student activities such as the annual physical education awards to local high school seniors.

The Christopher A. Arthunas Scholarship Fund will be established by the bequest and will be awarded to students of "... good moral character and good academic achievement," according to President Cornelius Siemens.

The President concluded, "It is becoming a truism that a public college cannot become really excellent without the aid of private donations."

The only further information concerning the donor immediately available is that he is a former resident of Eureka and once owned a cafe there.

Letters To The Editor

Dear Editor:

I write in response to your letter published March 5 from Judge E. V. Sweet. I would like to call to the attention of Judge Sweet that the reason for the jailing of this student was clearly stated in the editorial "It's Time To Change".

The meaning of contempt as stated in the letter from last week is basically true. There are of course other meanings. Most rulings of contempt are either from misconduct before the judge, or from not following a court order (usually a decree from the court).

There is also a charge of contempt which can be laid against people who act within the court. I quote from the Civil Code of Procedure of California, 1961—"Misbehavior in office or other willful neglect or violation of duty by an attorney, counselor, clerk, sheriff, coroner, or other person, appointed or elected to perform a judicial or ministerial service."—is contempt.

This particular student went to the court to see the judge not the clerk. The student needed no explanation of the ticket, nor did he ask for it. The clerk simply asked to see the ticket and to hear the student's case which the student did not ask for, nor her opinion. The clerk usually takes payment of fines, and does not give her opinion on the case, nor what the judge would do or say.

The clerk not only gave her opinion on the case, but also the probable reaction of the court to the case; he would lose so why see the judge. Why? Because it is his right! The student was not rude or disrespectful, but he only tried to point out his right to the clerk. The student was speaking in a normal tone of voice. The court is not a library, but a hall of justice!

The head clerk intervened and in doing so made such irrational statements as the court is not for the convenience of the public. The court is not set up for the convenience of those who work there, but is set up for the convenience of the public to protect society and our nation!

The student was asked to take a seat in the courtroom so that when the judge came to the courtroom he could hear the student's case. The student took a seat in the courtroom. After a time the student began to hum to himself from the boredom of waiting.

The student could hear the voices outside, just as they could hear his. All this was witnessed by myself.

Sincerely,
Marvin T. Sawyer

EDITOR'S NOTE

The Lumberjack regrets the wrong date given for the performance of the folk singing group that appeared on page 1 of the paper last week.

The scheduled date was changed subsequent to our getting the information and the Lumberjack was not notified by those responsible.

In view of previous occurrences of this nature, we wish to urge that the Lumberjack be kept currently informed as to all newsworthy items, by all persons involved in them. This will protect the persons in the news as well as ourselves, and prevent confusion to our readership.

Naturally, timely news will be given preference in our newspaper over other types. Those who wish to receive proper consideration in our pages for their activity or project should expect that we shall insist that the same consideration be shown by them toward the Lumberjack.

"In This Corner"

By STEVE PEITHMAN

A MODERN MELODRAMA

The Great Book Bungle

Eberhard Faber Strikes Again

Scene: A small library of a small college in a small town in a large state.

Time: The present, possibly the future. (Could have been last week).

Cast: Nell Trueheart (nee Helen Twelvetees), our heroine and college librarian; Stanley Sterling, our hero and Nell's betrothed; Eberhard Faber, the mad scientist, our villain and the meanest man who ever curled a lip.

(As the lights dim and the CURTAIN RISES), the interior of a small library is revealed. Nell Trueheart (nee Trueheart), librarian, is seated at her desk, polishing bookends.

Nell: What a beautiful morning! The sun is shining, the birds are singing and only 2786 more bookends to go.

(A sound of hoofbeats is heard offstage, gradually drawing closer)

Voice: Whoa! I say Whoa! Whoaaaaa, horsie!

(Enter our hero, Stanley Sterling, carrying a portable television tuned to "Mid-Morning Matinee".)

Stanley: I love cowboy movies! Good morning, my dearest Nell!

Nell: Oh Stanley! You gave me quite a start! What has happened — your face is red and your hands are shaking! (aside) He's been hitting the bottle again.

Stanley: Ah, Nell! I am afraid I bring bad news. (aside) How can I tell her — this sweet, innocent maid who is to be my bride? Ah, but I must! (To Nell) Nell! Your pitiful budget, (choke) your budget has been cut in half!

Nell: Oh horrible! Catastrophe appalling! Can this be true? Oh Stanley, say it isn't so!

Stanley: Ah — if only I could! But alas! It is the work of that mad scientist, Eberhard Faber! He has developed a secret formula that dissolves books and money! And somehow, my dear one, he has chosen you, from all the rest, to try out this evil formula.

Nell: But why me? What ever shall I do?

(Enter Eberhard Faber, leering and twisting his mustache)

Faber: Aha, my proud beauty! Are you ready to throw in the towel?

Nell: Never, you cur!

Faber: Your librarian days are over, Nell! Your post is too isolated and you're not getting enough business to suit the Home Office. Besides, you have enough books to muddle through for awhile. And so, with my secret formula, I will dissolve your pitiful budget!!

Nell: Oh, you cruel, heartless man! This will force me to close down nights and Saturdays! We will not be able to buy new books, and most heartwrenching of all, we will have to drop our magazine subscriptions!

Stanley: Faber, you're a spineless rat!

Faber: Flattery will get you nowhere Stanley; there's nothing you can do about it!

Stanley: Ah, but that's where you are wrong, you cur!

Faber: Ha! What can you do against my mad genius, you pitiful shrimp?

Stanley: There is a greater power than you, Faber — from whom all blessings flow!

Faber: You mean —

Stanley: That's right, Faber, the state legislature! We will write letters, letters and more letters, until they banish you from this land!

Faber: Curses! Foiled again!

Nell: Go! And never darken my door again!

(exit Eberhard Faber, taking the darkened door with him)

Stanley: Come Nell, and we shall begin to write those letters!

Nell: We'll have to wait — I've still got 2786 more bookends to polish. (They embrace as the CURTAIN FALLS, while the audience, having fallen asleep in mid-performance, remain in their seats)

LITTLE MAN ON CAMPUS

"SOMETIMES PROF SNARF'S EXAMINATIONS ARE WORDED IN SUCH A WAY AS TO SHOCK A STUDENT'S ENTIRE NERVOUS SYSTEM."

Tom Williams Selected To Rep Position

By STEVE BRANDON

Petitions for student signatures indicating a protest against the proposed library budget cut were given to the Representatives at Large at the Student Legislative Council meeting last Tuesday.

These petitions will be passed around by the representatives today, Monday and Tuesday in an all-out effort to get as many students to sign as is possible.

The representatives at large also received a fact sheet and a copy of Councils stand on the matter so that they will be able to completely inform students on the issue.

In other Council news, Dr. Peter Black, chairman of the College Union Committee, stated that the committee is preparing for the upcoming College Union election and that the Union platform is just about finished. Dr. Black said that the platform will answer the financial questions concerning the Union.

Tom Williams was elected to fill the vacant Representative at Large post.

Students Place High In Math Competition

Elaine Easterly and Timothy Betts of Eureka and Robert Patenaude of Blue Lake have placed our school high among colleges and universities of the United States and Canada with their ability in mathematics.

This three-student team placed 24th among the 192 competing teams in the Twenty-Fifth Annual William Lowell Putnam Mathematical Competition sponsored by the Mathematical Association of America.

Two others, Ronald Hunsinger of Eureka and David Akins of Hawthorne, in addition to the team, ranked in the upper fourth of 1,439 contestants in individual competition.

Dr. Cornelius Siemens, president of Humboldt State College, is shown above as he presents an "agate" to Rear Admiral R.A. MacPherson on board the USS Bennington OVB-20 during operation "Silver Lance" March 3. (Official U. S. Navy Photograph)

Korean Author Captivates Students With Experiences

By GARY CHAPMAN

A noted Korean author, Mr. Kim Yong Ik, recently spent several days on the HSC campus meeting with various classes for informal question and answer periods.

Mr. Yong Ik answered questions on subjects ranging from politics to humor as the students gathered material for a class assignment.

When asked who his favorite author was Mr. Yong Ik replied "Oh whenever I am asked that question I always say 'Kim Yong Ik' for he is truly my favorite writer and the one I care most about."

The class also inquired about the writer's social standing in Korea today to which the guest responded "They used to be highly respected, but the current commercial aspects of writing such as the movies have hurt Korean writers and there is no longer much encouragement for serious writing other than for films."

On politics Mr. Yong Ik expressed the belief that U. S. aid to South Korea may have a lot to do with Korea's support of the U. S. stand on Vietnam.

The discussion ended on a humorous note as Mr. Yong Ik answered a question about Korean humor, "the people like a more earthy humor."

"Sex is always a good subject for humor as are the living conditions in Korea. For example, one Korean might say to another, 'The wind is very cold this winter', to which the second Korean would reply, 'The wind blows through my house so quickly it doesn't have time to make it cold.'"

Mr. Yong Ik is visiting the United States for six months on a grant from the Huntington Hartford Foundation which will pay his room and board expenses while he stays at their estate and devotes his time to writing.

He was born in Korea in 1920 and attended Aoyama Gakuin College in Tokyo; then taught English in secondary schools and colleges in Korea until 1948 when he made his first visit to the U. S.

During the following few years he attended Florida Southern College, the University of Kentucky and The Writers Workshop at The University of Iowa.

Periodicals such as Harper's Bazaar, Mademoiselle, Botteghe

Oscur and The New Yorker, have published his stories. Also to his credit are several books. "Moons of Korea" published in 1960 was a study of Korean village life.

"The Happy Days" also published in 1960 was selected by The New York Times as an outstanding juvenile book of 1960. "The Diving Gourd" published in 1962 received popular acclaim and was translated into French.

Sex! Lecture Topic For Meet Prof. Series

"The College Student and Sex: Lost Love and Social Demand," will be Dr. Delbert S. Maher's subject for today's Meet Your Professor series at 2 p.m. in the CAC.

His subject will cover the non-biological aspect of college sex life with the conflict of social demand emphasized.

A licensed marriage counselor, Dr. Maher has taught psychology and cultural anthropology, is a Methodist minister and is presently with the counseling center as a counselor. He came to Humboldt in September of 1964 from a similar position at San Diego State.

Group of Oil Paintings Scheduled for Exhibit

A group of oil paintings created by Albert Barela, assistant professor of art, will be on exhibit in the art gallery of the Fine Arts Building, March 15 through April 16.

Barela received a Master of Arts Degree from Mexican University and is currently the one-year replacement for Max Butler who is on temporary leave.

In addition to painting, Barela does illustrations for "Southwest Review" which is associated with Western New Mexico University.

A coffee hour to enable interested people to meet the artist will be held at a date to be announced.

Siemens Asks Support in Struggle For Correction of Education Budget

By KEN BRYANT

"Grass-roots level" local opposition to California's proposed 1965-66 education budget was asked this week by Dr. Cornelius Siemens, college president, in order to head off a planned 50 per cent cut in HSC's library funds.

Dorm Hall News

An inter-dorm council is being set up for the purpose of establishing unity between Sunset, Redwood, and Nelson Halls.

The council is getting started now so it will be completely organized when the new dorm is finished. The committee consisting of Craig Edberg, Bonnie Gavey, Earle Gutman, Nancy Dykes, and Gary Wislhard, are writing to other schools already working under this system. By doing this, they should obtain new ideas which should be helpful in formulating the council.

According to Barbara Moon, president of Sunset Hall, the dorm will be sponsoring a dance in the cafeteria on March 19 from 9 p.m. to 1 a.m. Other activities will include a car wash in the near future.

A Redwood Hall executive council meeting was held last Thursday. It was decided that Redwood Hall would make a \$25.00 donation to the Paula Barneburg Memorial Fund.

It was announced that next month is National Residence Hall Month. To give proper observance for the occasion, it was agreed that a committee be formed to look into the possibilities for fun and games during the month. Residents interested are asked to contact Ed Waldapfel.

Sunset Hall representatives asked that something be done to quell the disturbance caused by residents of Redwood Hall at such — hours as 10:45 p.m. Also disliked (mild term) are excessive noise and vulgar remarks at other hours. It was decided that the boys of Redwood Hall best find a better vent to their pent-up emotions. Signs to this effect shall be posted.

Thursday, May 6 or Friday, May 7 has been tentatively scheduled as the date for the annual open house for Redwood Hall. A committee to be headed by Craig Edberg will make further plans.

Gene Anderson made a brief report on a proposed fireplace and said that the matter would be looked into further.

President Siemens Returns From Navy Assignment

One of the seven civilian observers aboard the flagship U.S.S. Bennington during a portion of the mammoth Silver Lance Exercises held last week was President Cornelius H. Siemens.

He presented Rear Admiral R. A. Macpherson with a polished Humboldt agate as a token of personal gratitude for the assistance given this region during the December flood disaster. The U.S.S. Bennington was the first assistance to arrive from outside the area, and served as a floating airport for a squadron of helicopters providing rescue operations.

During the "war games" the U.S.S. Bennington served as an anti-submarine defense for the marine landings staged along the beaches at Oceanside.

"It's time we spoke out for Humboldt; let our legislative representatives know the college cannot function properly without adequate financial support," he said. The complaints, he said, would be most effective if they were issued by student groups and community organizations.

The budget, now before the state legislature, will be considered by several committees in the next two months, and will be passed in late May or early June. Its present form was devised by the State Board of Finance which followed a request submitted by the state college Chancellor's Office.

"The discouraging aspect of the situation is that cuts were made without consulting the individual college staffs," Siemens pointed out. "Locally, this means the College Laboratory School, the campus security unit and the operation of the summer session will also suffer severely."

The over-all effect of the budget cut, according to Dr. Siemens, will be the decrease in the quality of instruction here. This will be evident in Humboldt's future inability to recruit "good" instructors or purchase adequate instructional material. That the present budget also failed to increase instructor salaries will produce low morale among present professors, he added.

Organizations wishing to "speak out for Humboldt" were urged to address correspondence to Senator Carl Christensen, Assemblyman Frank Belotti and Mr. Les Cohen, director of governmental affairs, California State Colleges, Sacramento, Calif.

Markwell Will Speak At Meeting Tuesday

Dr. Earl Markwell, associate professor of psychology, will be the guest speaker at the Phoenix Club meeting Tuesday noon at the CAC.

Dr. Markwell will talk to the group about the Mendocino State Hospital. The patients of this hospital receive Christmas gifts each year from the club.

Humboldt State College was well represented last week at the Linfield Forensic Tournament as several members of the Forensics team were finalists and brought trophies home. Finalists shown above with coach Ron Young are Don Sauls, Pete Coyne, Jim McEchron, Susie Moore and Nancy Hansen. (Staff Photo by Peggi Andrews)

Forensics Team Wins Third Place At Tournament

The forensics team returned this week from the 35th Annual Linfield College Invitational Tournament boasting a third place win in the senior division sweepstakes, according to Mr. Ron Young who accompanied the students.

There were forty-six colleges and universities competing, which means that HSC placed above forty-three colleges, including Washington State, University of Washington, University of Pacific, Cal State at Fullerton, Oregon State, and University of Utah.

Don Sauls and Pete Coyne placed second in senior division debate, winning fifteen out of nineteen debates.

Sauls also placed second in senior division interpretation while Coyne was first in original poetry and third in after-dinner speaking.

Susie Moore and Nancy Hansen placed second in junior women's debate, beating the University of Oregon.

The following people also reached finals competition: Karen Lyman, Jan Esget, Susie Moore-women's interpretation; Susie Moore-women's oratory; Mike Viera, Jack Swickard-junior men's debate and Mike Viera - junior men's interpretation.

Mike Holler and Jim McEchron reached the semi-finals in men's extemporaneous speaking.

Young added, "Almost everyone who attended was within one point of a final round."

Young pointed out that Sauls' and Coyne's second place in debate was very encouraging in light of Student Council's recent decision to allocate \$150 to send these two students to the West Point qualifying tournament at Pomona.

According to Young, the tournament at Pomona is restricted to the top twelve to sixteen teams in California. The four top teams at Pomona will represent this district at West Point, where the top thirty-six debate teams in the country will compete.

conventions; and space for patios. The state colleges, including Humboldt, which have not had their union programs approved yet are planning to do so in the near future.

President Speaks Out

By CHUCK FREITAS

In deference to the many informative articles and editorials printed by the Lumberjack staff, the ASB President's office and the ASB Legislative Council has issued the following resolution.

It will be formally presented to all agencies concerned with the proposed library budget reduction.

It is our sincere hope that the people of Northern California realize the severity of our problem and take positive action in order to rectify it.

Whereas: The State of California has been committed to provide the highest quality of education for all state colleges, and—

Whereas: The proposed Governor's Budget for the fiscal year 1965-66 will reduce State support for essential library materials at Humboldt State by more than 50 per cent, and—

Whereas: Humboldt State College provides the only large, scholarly library within a radius of 300 miles, and—

Whereas: This library must serve the reference and intellectual needs of the entire area, and—

Whereas: Any reduction in State support will concurrently reduce those materials and services which supplement first-class education, therefore, drastically reducing the quality of education at Humboldt State College, and—

Whereas: The deleted materials must be purchased at a later date, three to four times its original cost, and—

Whereas: During the interim period, students, faculty, and the community will be affected by a lack of quality research materials and services, and—

Whereas: Humboldt State is the only state college to receive such a drastic reduction of library support, now therefore be it—

Resolved: That the Associated Student Body opposes any reduction of State support for the Humboldt State College library, and be it further—

Resolved: That the Associated Student Body strongly urges that the Governor and the California State Legislature fully implement the Humboldt State library budget request to meet the growing demands for higher education, and be it further—

Resolved: That the Associated Student Body shall take any action deemed necessary to solicit public support for opposing this reduction of the library budget by the State of California.

Many Freshmen Wouldn't Be; If It Were Fall '65

A study conducted by the Office of Admissions and Records has revealed that under the new admission requirements for Fall '65, 35 per cent of the new students admitted to HSC in Fall '64 would not have been admitted if they had applied next year, according to Mr. Robert A. Anderson, associate dean, Admissions and Records.

The new requirements are part of the Master Plan for Higher Education in California. The intention of the Master Plan is to restrict Cal campuses to 12 per cent of the high school graduates and state colleges to 33 1/3 per cent while all high school graduates will be eligible at junior colleges.

The new requirements are intended to select those students who will have the best chance for success in college. This estimate is determined by the eligibility index which is computed by multiplying the student's high school grade point for the last three years in all subjects except P. E. and military science times 1,000. This total is added to the SAT score. The sum of these calculations must total at least 3,596 points if the student is to be accepted at a state college in California.

According to Mr. Anderson, the Office of Admissions and Records conducted a study of this Master Plan and found that if the freshmen students who were accepted at HSC in Fall '64 had applied next fall when the Master Plan will be in effect, 40 per cent of the men and 28 per cent of the women would not have been accepted.

Foresters Ready For Annual Ball

The Forestry Club will present its Second Annual Foresters Ball at the Eureka Inn on Saturday, March 27.

Music will be furnished live by the Ray Posic Orchestra. The dance, which will be a semi-formal affair, is to run from 9 p.m. until 1 a.m.

Bids may be purchased for \$2.50 per couple at the bookstore or from Forestry Club members.

Mark Smith, chairman of the event, said that he wants to "emphasize that the whole student body is invited and welcome to attend and that the evening should prove to be very enjoyable."

College Unions Are Familiar Sight On Over 800 College Campuses

Editor's Note: During the next month, the College Union Committee will be entering the final countdown before the April 7-8 vote for a Union program on campus. Ed Jenson and Steve Brandon, both members of the Union Committee will be contributing articles in the next few weeks in order to explain the purpose of a union, how it will be financed and how it will affect the students, staff and towns people of this area.

As of last week, the College Union Committee had tentatively scheduled the vote for the first week in April. In order to have a Student Union here at Humboldt, students must vote yes on the upcoming measure. And in order to pass the measure, two thirds of those voting must vote yes.

By STEVE BRANDON

College Unions are a familiar sight on over 800 college and university campuses around the nation.

Such schools as the University of Washington, University of Michigan, and University of Oregon have had union programs for many years.

In our own state, both the University of California at Berkeley and Stanford University have College Union programs.

College Unions, however, are not reserved for the large schools, as is evidenced by the fact that the University of Nevada and Oregon State Teachers College have unions.

Many state colleges in California have either approved a College Union plan or are in the process of doing so. Among those schools that have approved union plans are Chico State, Fresno State, San Jose State, San Fernando Valley State, San Diego State, Cal Poly at San Luis Obispo, Cal State at Los Angeles, and Long Beach State.

Those schools which are in the process of getting approval for

their union plans are Humboldt State, San Francisco State, Sacramento State, Cal State at Hayward, and Sonoma State. Sonoma State, a school that is only three years old, plans to have its vote at the same time as Humboldt State.

At Chico State 87 per cent of the voters approved the proposed union. The \$1.4 million structure is slated to open in the fall of 1967. Facilities will include multipurpose rooms for films, dancing, lectures, and banquets; a snack bar; recreational areas for pool, bowling, pingpong, and cards; meeting rooms for conferences and

PROPOSED LIBRARY BUDGET 1965-66

	1964-65	Request based on Formula 1965-66	Governor's Budget 1965-66
Books	\$49,917	\$58,398	\$25,212
Operating Expense	\$27,820	\$37,968 (*\$1,000)	\$16,367
Breakdown			Breakdown
Subs. & Memberships	\$ 9,750		\$ 5,735 (memberships \$650, indexes, abstracts \$1,005, subs. \$3,080) (It will be necessary to drop about one half of our subscriptions.)
Binding	\$ 7,000		\$ 4,916
General O.E.	\$10,270		\$ 5,735
L. C. Cards	\$1,330		\$ 650
Lib. Supplies	4,000		2,500
Maint. & Repair of Equipment	375		375
Misc. Instructional Materials	600		310
Microtext	2,157		1,000
Phonorecords	1,300		400
Xerox Rental	500		500

* Reduced to this amount in first budget hearings.

The Governor's Budget cuts Humboldt's book budget \$24,705 below the current year's budget of \$49,917 and \$33,166 below the budget based on formula \$58,398.

Only 5 of the other colleges receive cuts in the Governor's Budget.

Fullerton cut \$11,657 from a \$244,518 budget.
San Diego cut \$ 6,466 from a \$235,692 budget.
San Jose cut \$10,416 from a \$269,640 budget.
Sonoma cut \$ 2,706 from a \$ 26,706 budget.
Kellogg Vorchis cut \$26,340 from a \$125,604 budget.

All other colleges received increases except Stanislaus which is held at the \$24,000 minimum book support budget. Book budgets for other colleges range from \$101,670 (Chico) to \$261,000 (Los Angeles).

Four Spring Sports, Where ???

Teammates congratulate captain Jim Bonomini as he crosses the plate after belting a two-run homer in the bottom of the seventh inning. Bonomini's blast broke a 2-2 tie as the 'Jacks downed the Shasta Knights in both games of their double header.

(Staff Photo by Peggi Andrews)

Lumberjack Thinclads To Open Season Tomorrow At Hayward

Coach Ralph Hassman's track squad will have its first conference meet tomorrow when the 'Jacks take on Cal State at Hayward. The meet is scheduled for 1 p.m.

Coach Hassman expects the Lumberjack squads' strength to be based on a few individuals. Hassman added that "this will be a year of building."

This year's squad is made up of a few returning lettermen and a lot of freshmen and newcomers.

According to Hassman, the University of Nevada and Sacramento State will lead the conference with the Cal Aggies, San Francisco and Humboldt battling for third.

Last Saturday the Humboldt squad held an inter-squad meet on the Lumberjack oval. The times were slow and distances were short mainly because the trackmen were out of shape, but time and conditioning will lower the times and raise the distances.

Broad Jump — Atzet 20 ft. 2 1/2 in., Wallace 19 ft. 3/4 in., Campbell 17 ft. 11 1/2 in.

High Jump — Dolson 5 ft. 10 in. (fewer misses), Davy 5 ft. 10 in. Cain and Eastman tied at 5 ft. 6 in.

Pole Vault — Combes 12 ft. 0 in., Miller failed to clear 12 ft.

Javelin — Lewiss 178 ft. 11 1/2 in., Davy 153 ft. 9 1/2 in., Bass 146 ft. 10 1/2 in.

100 Yd. — Beckstorm 10.4, Cates 10.7, Koegler 10.8

220 Yd. — Clark 23.3, Atzet 23.5, Cates 23.7

440 Yd. — Clark 53.2, Mills 61.3, Wills 63.0

Free Throw Contest Starts Today In Gym

An intramural free throw contest for both men and women will start today at 4:15 p.m. in the Big Gym.

Anyone interested in entering the contest must sign up before today's 4:15 p.m. deadline. Entry blanks are near the intramural bulletin board in the Big Gym.

Anyone who has not played intercollegiate basketball is eligible to enter the contest.

Contestants must participate in each of the three rounds which start today and will continue on March 19 and will wind up on March 26. The contest will take place between 4:15 and 5:30 p.m.

The contest will be broken into two divisions; one for men and the other for women.

Mar. 20	Cal State	Here
Mar. 25	Sacramento	Away
Apr. 2	Sonoma State	Away
Apr. 24	Nevada	Away
May 1	Cal Aggies	Here
May 13-14	FWC Finals	Away

Home matches are scheduled for 8 a.m.
Lumberjack Acct.

'Jack Nine Face Shasta Today; Chico Tomorrow

The Lumberjack baseball squad will try to get back to its winning ways today when the 'Jacks go to Redding to take on the Shasta Knights in a double header.

The 'Jacks will move on to Chico Saturday for a twin bill with the Chico State Wildcats.

Humboldt won its second straight double header last Saturday against the Knights but, the Lumberjacks went down to their first defeat of the season Sunday when they lost a tight contest to the College All Stars.

The 'Jacks now have a season mark of 4 wins and 1 defeat.

Coach Ced Kinzer's nine won their third and fourth straight games by dumping Shasta 4-2 and 7-2.

Captain Jim Bonomini's two run homer in the bottom of the seventh in the first game broke up a 2-2 tie and gave Humboldt the victory. Dennis Filkins was real sharp on the mound in this contest as he gave up only two hits and struck out 10 in the seven inning contest.

Billy Wilkinson went the distance in the second game as he struck out six and walked four. He gave up six hits but allowed no earned runs.

In Sunday's game against the All-Stars, the 'Jacks used five other hurlers and they were all banged around pretty well as the All Stars bombed out 12 hits as they won 11-9

Veteran George Lottritz did the best job of the five for the 'Jacks as he pitched for three innings and gave up no runs and only one hit.

Centerfielder Dave Minor was the star at bat for the 'Jacks as he collected four hits against the All Stars and drove in two runs.

SHOOTING THE BULL

With BILL KRELLE

"Spring sports are now in full swing at Humboldt." Yes, you can ask anyone and they will tell you this. They may also say that they either saw a baseball game last weekend, heard about a golf match, saw men practicing for track, or heard that tennis was starting this weekend.

Now with all four teams in action this weekend you would think that at least one of them would be playing at home but, you would be wrong. The fact is that all four teams are playing at other schools.

Yes, there is not a sport to watch this weekend. The baseball team will be over at Shasta J.C. and then Chico State. The golf squad will be at San Francisco. The tennis team will be at Cal State at Hayward. The track squad will open its season also at Hayward.

This is something that should never happen. With four different sports there is no reason why at least one can't stay at home each weekend to give the home folks some action to watch.

Looking ahead at next week we see that the golf, tennis, and track teams are all at home. Now why couldn't one of these teams have stayed home this weekend and played a way the following week.

It seems that in the planning of schedules for future years it should be watched more closely to be sure that at least one team is at home each weekend.

We have just received the final

FWC basketball statistics from Mr. Jim Dean who is the statistician for the conference.

These statistics do a lot to point out just why HSC finished in the cellar this year.

First, Humboldt had the worst offensive average in the league as the 'Jacks averaged only 58.8 points per game as compared to conference champion San Francisco with 83.7.

Secondly, Humboldt finished last in team field goal percentage as they hit on 278 of 855 shots for a .325 per cent. Chico State lead in percentage with .455. In this category the 'Jacks were .050 percentage points below the next best team.

Humboldt's strong points appeared in the defensive average department where the 'Jacks were second as they allowed 70.7 points per game. The Cal Aggies were tops in this department as they held their opponents to only 64.9 points per game.

Another strong point was in the individual free throw percentage where Jack Stoops placed fourth as he hit 22 out of 26 attempts from the line for an .846 percentage.

Racquet Men Open Play Tomorrow At Hayward

Coach Larry Kerker's Lumberjack tennis squad will open its season tomorrow when the 'Jacks take on the Cal State Pioneers at Hayward.

Last year the 'Jacks finished in a three way tie for first place in the FWC when they ended up with a 5-2 record. Cal State was one of the two teams the Lumberjacks tied with but, Humboldt beat the Pioneers 4-3 in dual competition.

Coach Kerker expects Cal State to be tough as they were tied for the top spot last year and their top two men are back from last year's squad.

Kerker also commented that his squad is stronger than last year's as he has four lettermen and two newcomers who are really fighting it out for the top positions.

The players going to Hayward for tomorrow's match will be Abbott Squire, Jerry Allen, Mick Miller, Bob Daoust, Steve Clapp, and Dennis Oakes, Squire, Oakes, Clapp, and Miller are all lettermen.

Allen, a freshman from Madera, has climbed all the way up to the number two spot and should do a lot for Kerker's already strong squad. Daoust is a junior transfer

from Mt. San Antonio J.C. and he has moved into the number four position.

Swimmers Finish Last In Championships

The Lumberjack swimming team finished last in the Far Western Conference Championships held last weekend at Sacramento.

The 'Jacks finished with 13 points while Chico State was winning the meet with 196 points. Other schools placing were San Francisco State, second with 74 points; Cal Aggies, third with 72; Sacramento State, fourth with 35; and Hayward, fifth with 27.

Humboldt diver Dick Early took a fourth in the three meter diving competition and a fifth in the low board event. Other point makers for the 'Jacks were Steve Moore in the 100 back, third; Roger Clark in the 1650 free, eighth; and the 400 medley relay team, fourth.

Chico won 12 of the 17 events and set 7 new FWC marks.

Golfers Lose To Chico State In FWC Opener

The Lumberjack Golf Club was edged by the Chico State Wildcats, 10-5, in its season opener played at the Baywood Golf and Country Club last Saturday.

Dick Visser, fifth man on the team, turned in the most surprising performance, downing Tom Adams, 2-1. However, coach Fran Givins said that "on the whole we did not play as well as we are capable. Our first five men are all lettermen and this is probably the strongest team ever to represent Humboldt."

Wednesday the team traveled to San Francisco State for a Thursday match with the traditionally strong Gators. The outcome of this match was still unknown at the Lumberjack deadline.

REWARD — offered for recovery of emerald set (clear green stone) lost from ring sometime last week on or near campus. Phone 822-3854 evenings.

Seven Forestry Delegates Slated

At the Forestry Club meeting Monday night Dave Phillips, chief forester, announced that the club is sending a delegation of students to the Redwood Region Logging Conference currently being held in Santa Rosa.

The purpose of the conference, which started yesterday and ends today, is the presentation of the latest developments in logging techniques and problems, especially as concerns the redwood region.

Members of the delegation include John Buchter, Walt Bunt, Joe Gullickson, Lyle Laverty, Bob Nisbet, Forest Tilley, and Glenn Zane. Mr. Phil Annand, Club advisor, is also attending the conference.

On display from Humboldt State will be photos depicting the different activities of the forestry department and the school. Also, sample reports will be displayed to show the type of work done in the forestry curriculum.

The delegates will also be available at the conference to answer questions of students and professional foresters regarding HSC and its programs.

The featured speaker at the Forestry Club meeting was Dr. Peter Black, assistant professor of forestry, who spoke about the "1964 Floods and Watershed Management."

Dr. Black presented the problem from a professional viewpoint as he has been engaged in watershed management since earning his Ph. D. in that field from Colorado State University in 1961.

He also showed many slides, several of which illustrated conditions before, during, and after the flood.

Building Project Cost Estimated At 2.5 Million

New dormitories, a new cafeteria and recreation facilities destined for the area adjacent to the north end of the Jolly Giant parking lot will cost two and a half million dollars, according to Mr. Jack Altman, housing manager.

The building project, planned for completion by the fall semester of 1968, will provide housing for 400 students (150 women and 250 men), boosting the on-campus housing capabilities to 840. The housing will be available in single rooms, doubles and suites of four. Altman said the new dorms will cater to upper-classmen and create good study conditions.

The new cafeteria will serve 800, feeding all dorm residents (including those using present facilities). The cafeteria commons will be several stories and will house eating facilities, a recreation area, lounges, television rooms, a central mail room and storage space.

Plans and final loan applications will be submitted in April, Altman said, since many state colleges are scheduling simultaneous projects.

HSC's project will be financed by Housing and Home Finance Agency. Project architect is the San Francisco firm of Wuster, Bernardi and Emmons.

FOR SALE: An Earth Science textbook and workbook, a Speech I syllabus. All are in good condition and reasonably priced. For more information call 822-1112.

Winter Hilltopper on Sale; Edition Termed 'The Finest'

By JO CONNELLY

On sale in the Bookstore is the winter edition of the Hilltopper—the finest issue this campus has seen.

It is sleek from the avant-garde cover to the back advertisement, a memorable shot of the Scotia-Rio Dell Bridge span that is no longer there.

It is sophisticated: Neil Gilchrist's photos have reached a high; Walt Farley's nimble mind is well represented in Hilltopper Interviews.

It is timely: six front pages of

flood pictures by Peter Palmquist, accompanied by an interview with a U.S. Marine Corps pilot, were inserted at the last minute, a rush job that is one of the issue's high points nonetheless.

But above all, it is readable. The second part of the interview with Ray Bradbury is claimed by Hilltopper editors to be the "first major interview with that genius." Very believable. The personality piece, "As I Am An Honest Puck . . ." follows a 12 year old through an HSC drama production. And the humor is funny, the poetry ponderable.

Everything is excellent. For the first time, the art work, copy and photographs work together to form a magazine with so many professional qualities one wonders how a college staff of seven did it.

These seven—eight with advisor Jay Karr—have set a high standard for future staffs to maintain. They have established the Hilltopper as a major voice on campus, strengthened this with editorial comments and Hilltopper Comments.

This reviewer pays it the highest compliment she can when she writes that it is, of all HSC productions, The Finest.

New Officers, Chairmen, And Events for WRA

Officers and chairmen for this semester's Womens Recreational Association, as well as a schedule of events has been made available by the association's publicity chairman Roberta Becker.

Officers include: Ruth Frank, president; Bev Hooven, vice-president; Iris Fugi, secretary; Helen McNamara, intramural league chairman; and Roberta Becker, publicity chairman.

Chairmen of the various activities are: Jonel Alora, badminton; Linda Murdock, swimming; Judy Erickson, basketball; Jean McCall, volleyball; Helen McNamara, softball; Bev Hooven, hockey; and Jean McCall, high school sports day.

Miss Becker also reminds college women that W.R.A. is not limited to physical Education majors, but is open to any women interested.
