HUMBOLDT STATE COLLEGE

Vol. XXXVIII

ARCATA, CALIF., FRI., MARCH 24, 1966

No. 24

## Lecture Series Features Combo

National entertainment comes to the campus tonight as the College Lecture-Concert Committee brings the Paul Winter Sextet to Sequoia Theater for an 8 p.m. performance.

Winter and his group have given shows all over the nation and perhaps their biggest was when they played in the White House for President and Mrs. Kennedy.

## ASB Council Okays Union Expenditure

By STEVE BRANDOM

The Student Legislative Council approved the transfer of \$100,000 from the general reserve fund to the College Union fund at its meeting last Tuesday.

The Chancellors office requires that this money, which represents the Student Bodies ten per cent of the proposed cost of the Union, be available before it will allow the election to be held April 7 and 8. If the College Union measure fails, the money will revert back to the general reserve fund.

At the same time, council formally gave its approval to the College Union proposal and urges that a yes vote be given to the measure by the students.

In other council news, Joe Forbes proposed that the ASB President be paid \$20.00 per week for the school year, but the motion was tabled until next week so that council can think about it.

In additional news, Dave Viale has been selected to head up Frosh Camp next fall and Bill Howe was appointed to look into the possibility of the ASB publishing an activities calendar to replace the Lumberjack Log.

Bob Graton and Darius Adams informed council of the Forestry Clubs proposal to take over the management of Lumberjack Days in the future, with the idea of working in as many of the present events as is possible around a western theme. As is the present practice, the ASB will subsidize the event.

There was no Presidents report this week as Chuck Freitas was out of town at a conference.

## Eugene Burdick To Speak Here Monday in Sequoia Theater at 2

Eugene Burdick, associate professor of political science at the University of California, will speak on "The Ugly American Revisited" in Sequoia Theater Monday at two p.m.

He will speak under the sponsorship of the College Lecture-Concert Committee, according to Dr. Dale Anderson, committee head.

Burdick, in collaboration with Captain William J. Lederer, wrote **THE UGLY AMERICAN**, published in October, 1958. A Book of the Month Club selection, it was serialized in *The Saturday Evening Post* and appeared in the *Reader's Digest Condensed Book series*. **THE UGLY AMERICAN** was made into a motion picture which stars Marlon Brando.

Besides receiving his A.B. degree in psychology at Stanford University, Burdick was granted his Ph.D. at Oxford University for work in the field of political theory, his specialty.

A lieutenant-commander in the U.S. Naval Reserve who served five years in the Navy during World War II, Burdick spent most of his war years in the Pacific aboard amphibious vessels and destroyers. He was decorated for courageous action during a Japanese torpedo-plane attack, and was assigned to the Naval War College, Newport, Rhode Island, as Academic Consultant during the Korean conflict.

Burdick also serves as a Consultant on Basic Issues for the Fund for the Republic. Under the auspices of this Foundation, he has just completed an intensive study of California politics.

He is president of the Dr. Thomas A. Dooley Foundation, a member of the board of the HOPE project, and is a consultant to the government on various aspects of foreign policy.

Burdick has published stories in various periodicals such as *The New Yorker*, *Harper's*, *The Reporter*, and *Holiday*. His stories have also been included in various anthologies including the *O'Henry Prize Stories*.

## Students Evacuated By Bomb Threat Call

Hilltop students were treated to a rather cold evening last Tuesday night as the entire campus was evacuated by the Arcata Fire Department after the Humboldt County Sheriffs office received a call saying that a bomb had been planted on campus.

Sheriff's dispatcher Mrs. Iona Kerr took the call at 6:50 p.m. and within minutes the entire campus was cleared as the search began for the bomb.

Chief Frank Toste, of the Arcata Fire Dept. took full charge of the crew which consisted of several janitors who helped in the search of the buildings.

Among the first buildings checked was the library, which was given a thorough examination before Chief Toste gave the go ahead for students to enter the structure to get out of the cold air.

At the height of the scare, nearly 500 students were mingling in the streets in front of the Library and Administration building where operations were being handled.

During the search, Chief Toste gave a call for all Humboldt County officers to the scene to help conduct the search in the area.

Chief Toste reported to newsmen that "I know that this a hoax but I have no way of proving that. We'll just have to search the entire area until we are reasonably sure that the campus is safe for occupancy again."

## Paul Winter Sextet Here Tonight For Jazz Show

By JOYCE CLOER

Modern concert jazz of a unique nature will be heard tonight when the Paul Winter Sextet enters the spotlight in Sequoia Theater at 8 p.m. under the sponsorship of the College Lecture-Concert Committee.

The Sextet represents a combination small orchestra and free-spirited combo, and, according to committee head Dr. Dale Anderson, will present an exciting evening of music for pure jazz enthusiasts as well as the long-hair music buff.

Anderson said he is looking forward to hearing this jazz group, particularly in view of its membership which includes six young musicians—none of whom are majoring in music—from different colleges.

Comprised of saxophone, classical guitar, flute, piano, bass, and drums, the sextet plays music which might be called "contemporary chamber music" because it is highly organized yet still emits the rhythmic excitement and improvisation of jazz.

After making their debut in college, the sextet won the Inter-collegiate Jazz Festival, made a six-month tour of Latin America for the United States State Department, and then acclaimed their success via an invitation from the late President Kennedy to present the first jazz concert in the White House.

This White House performance, combined with vibrant youth and outstanding ability, convinced the College Lecture-Concert Committee to choose the sextet to appear on campus, according to Anderson. "We are trying to make it a pure concert situation in the comfort of Sequoia... like a night with Leonard Bernstein or an evening in Carnegie Hall," he said.

Tickets for the performance may be purchased at the door for \$2.50 general admission or \$1.50 for ASB card holders.

## Hilltop Calendar

**TODAY:** — "Meet Your Prof.", 3:00 in CAC; Helen Everett will speak on the recent library cut.

—Paul Winter Sextet; Sequoia Theater 8:00 p.m.

**TOMORROW:** — Public Auction, 10:00 a.m. in the Corporation Yard.

—Baseball, HSC vs. Sac. State; 12:00 at baseball diamond.

—Foresters' Ball; 9:00 p.m. Eureka Inn; everyone invited.

**SUNDAY:** — Sports car owners and their friends will assemble 10:00 a.m. in the Jolly Giant parking lot for a rally to Willow Creek and picnic lunch.

**MONDAY:** — Dr. Eugene Burdick, author of the *Ugly American* and *Fall Safe* will speak on campus; 2:00 in Sequoia Theater; free.

**THURSDAY:** — Intramural swim meet, 5:00 p.m.

## Berkeley Physics Professor Speaks Here Next Week

Dr. Victor W. Cohen, of the department of physics at the University of California at Berkeley, on leave from Brookhaven National Laboratory, Upton, L.I., N. Y., will serve as a visiting lecturer here next Thursday and Friday.

He will visit under the auspices of the American Association of Physics Teachers and the American Institute of Physics as part of a broad, nationwide program to stimulate interest in physics. The program is now in its eighth year and is supported by the National Science Foundation.

Dr. Cohen will give lectures, hold informal meetings with students, and assist faculty members with curriculum and research problems. Arrangements for his visit are being made by Professor E. C. Parke, chairman of the department of physics at Humboldt State College.

Dr. Cohen received the B.S. degree from the City College of New York in 1931 and the Ph.D. from Columbia University in 1935.

At Columbia, in 1931-34, he worked with Professor I. I. Rabi, Nobel prize winner, in the pioneering work of the application of molecular beams to the measurement of the spin of atomic nuclei.

He joined the Brookhaven National Laboratory when it was established in 1947. This year he is on leave from Brookhaven to serve on the physics faculty at the University of California at Berkeley.

## Forester's Ball Tomorrow Night

Come one, come all — tomorrow is the Forester's Ball. Eureka Inn is the way — \$2.50 per couple is the pay.

"This semi-formal is not strictly for foresters. The whole campus is invited," said Mark Smith, dance chairman.

"The idea of having it at this time is to have a nice dance in the spring as well as in the winter.

"We hope to continue the dance as a traditional spring event."

Music will be provided by Ray Posic's Orchestra, and party beverages will be available to students 21 and over.

## Helen Everett Today In Meet Prof Series

The library will have its say about the cut it is suffering next year when Librarian Helen Everett speaks today in the CAC at 3 p.m. for the Meet Your Professor program.

She is one of many faculty and staff members who is co-operating in the Friday afternoon programs.

## DEADLINES

Advertising deadline for the Lumberjack is Friday, one week before publication, and the copy and "Letters to the Editor" deadline is Monday noon. Notices and material should be placed in the editor's mailbox in Lumberjack office. Editor reserves the right to limit all letters to 300 words.

## It's Budget Time Again

In the upcoming weeks, the Board of Finance of the Associated Student Body will be holding several hearings on next year's ASB Budget.

At these hearings, organizations, clubs and departments that are subsidized or underwritten by the Student Body will have a chance to present their arguments about their respective budgets for the upcoming year.

No doubt, many cuts and adjustments to the budgets that have been submitted to ASB Treasurer Dick Visser, will have to be made. This is vital since all legislative bodies try to stay in the black with their operations.

For those students on campus who continually question the allocation of funds to various groups, and for those who are interested in where your student body funds go, the Lumberjack suggests that you attend these Board of Finance meetings and voice your ideas. After all, it's your money—and you have a right to voice your opinion as to where it should go.

## We're Losing Out

As the educational needs of the United States increase, smaller schools of the country will find it increasingly difficult to get competent instructors.

Several factors are important in the recruiting of good personnel and one of these is money. . . .

Here in California, at least at present, many schools have good facilities and pay them well. But, as new colleges spring up and as established colleges continue to grow, the big factor will be money for salaries.

Here at Humboldt State, we are feeling this pinch on our faculty as several of them will be leaving us next year for jobs at other institutions. Among these is the College of the Redwoods.

The new junior college, to be located on the other side of Eureka, has already recruited two of our instructors for the upcoming year. No doubt, money was a significant factor in their leaving this school for the junior college.

In the Natural Resources Division, we are going to be hurting in the future because several of the faculty members will no doubt be offered better-paying jobs at larger institutions across the country.

In the Drama Department, we will be gaining a professor with good credentials but his appearance here will only cover up for the loss of an excellent professor who left last year.

As the years continue to roll by, California's State Colleges had better start doing something along the lines of improving conditions and salaries for its professors.

Our state colleges can't live on their record of being the best state college system in the nation forever. We have to continue our progress and do something about maintaining our position in the educational field.

## College Students Help Wage War On U.S. Poverty

WASHINGTON, D. C. — Throughout the country college students are beginning to answer the call to service at home in the nationwide war against poverty. About one-third of the applications arriving at VISTA — Volunteers In Service To America — are from recent college graduates, reports Glenn Ferguson, director of the anti-poverty program often described as the domestic Peace Corps.

In addition to the number of college graduates applying, about 30 per cent of the prospective Volunteers have had some college education. Some of these are students who want a year of practical experience before they complete college education. Others indicate that a year of living and working in poverty areas will help them learn about possible future careers in teaching, medicine, social work or related fields.

More than 7,000 Americans have already applied to be VISTA Volunteers and the flow of applications, about equally divided from men and women, increases daily. Any person over 18 is eligible to become a VISTA Volunteer.

VISTA expects to place 5,000 Volunteers in poverty areas throughout the United States and its Territories during 1965. More than 3,000 Volunteers have already been requested by local groups and communities to assist in anti-poverty projects.

VISTA Volunteers will serve for a year in rural areas, urban slums, Indian reservations, migrant worker communities, hospitals, schools, and institutions for mentally ill or mentally retarded. They receive a monthly living allowance covering food, clothing, housing, transportation and medical care. Upon completion of service, they also receive a stipend of \$50 for each month of satisfactory service including the training period.

Write VISTA, Office of Economic Opportunity, Washington, D. C. 20506, for information.

## Governing Board Planned If Union Proposal Passed

If the College Union initiative is approved in the special upcoming election, an amendment to the ASB constitution establishing a College Union Board will be included in the forthcoming ASB elections.

In this election the students will decide the nature of the College Union Board, the method of appointment, and tenure of office.

The policy and operations will be handled by the College Union Board, and the administration of the College Union will be handled by the College Union Director who will be directly responsible to the President of the college and the College Union Board.

The College Union Board will not be responsible to any other campus organization. In a memorandum presented to the College Union Planning Committee, President Siemens stated, "To the question as to whether Lumberjack Enterprises Inc. will manage the Union or the Union operations, the answer is a flat NO! Conceivably the Union Board may contract services to be provided by Lumberjack Enterprises, such as a snack bar located in the Union building, but this decision will be made by the Union Board."

## "To Sense"

by Earle Gutman

YOUR student rights and YOUR student government are related. THINK about it. VOTE in the next elections.

## The Greek Way

By NEAL THOMPSON

The torches of leadership have been passed at both fraternities. Replacing Neal Thompson as president of Delta Sigma Phi is Roy Wallace, a junior engineering major from Fortuna. Dave Viale, a business administration major from Eureka was elected vice president to take over from Rich Stewart. The new secretary is Steve Olapp from Fullerton.

Selected to replace Dale Potts as treasurer is Joel Carneggie, a business major from Pepperwood.

Al Kaski retires from his position of sergeant-at-arms in favor of Dayle Pipher from Fontana.

Bob Henry will wheel the gavel of leadership for the Tau Kappa Epsilon fraternity for the spring semester. He replaces Fred Nave.

The new vice president is Mike Miller and Les Schneitter serves as treasurer. Bob Clark is serving as secretary and Oscar Filgas is the new historian. Fred Nave is serving as chaplain and Mike Vierra is sergeant-at-arms.

Both fraternities have concluded their spring rush and the pledge programs are in operation. The ultimate aim of any pledge program is to initiate those pledges who meet the standards and principles as set forth in national charters and constitutions.

The Tau Kappa Epsilon fraternity has tapped fourteen new men. Six of these pledges hail from Eureka and include Keith Ayala, Paul Ivancich, John Mercer, Dave Schwartz, Wes Smith, and Ed Weekly. From Arcata is Bill Wilkinson and Brian Konnersman comes from Fortuna. Ed Abbott from Piedmont, Dick Allen from San Bernardino, Dennis Broderick from Whittier, John Lindholm from Escondido, and Bill Pass from Garberville completes the spring class for the Teke's. They will be under the direct guidance of Lloyd Weisbacker who serves as pledge trainer.

Delta Sigma Phi has entered their second week of formal pledging with Don Snyder serving as pledgemaster. The new pledges include Ron Tognazzini from Santa Maria and Stan Shelsta from Redwood City. Coming from the local area is Ernie Odell of Rio Dell, Steve Little from Eureka, Bill Baldwin from Alton, and Barry Johnson from Fortuna. The remainder of the class includes Mike Michalak from Woodland, Bill Heidl from Tiburon-Belvedere, Ron Cook from Concord, and Craig Shirey of Simi.

Signups have been completed for the Annual Beard Growing contest which is sponsored by the Delta Zeta Sorority. Forty Lumberjacks have signed up for this event. The beards will be judged during Lumberjack Days at Casino Night by Doctor Black, Gast and Householder.

## Hilltop Students To Participate In CBS Audition

If you are a student with talent—singing, dancing, juggling or what-not—you could win an all-expense-paid trip to New York and an audition with the CBS Television network.

KXTV channel 10 in Sacramento, has invited students at HSC to compete in the station's talent search to be conducted among four-year colleges and universities of Northern California.

The station has announced plans to hold preliminary competition tryouts on the Humboldt State College campus and on the campuses of all other competing colleges in Northern California. From these auditions approximately 15 acts will be selected for a one-hour variety show which KXTV will produce and broadcast on Channel 10.

According to Dean Borba, KXTV Program Manager, "The greatest problem that network programming faces is the lack of fresh talent. Our 'Talent '65' search is an effort by KXTV to fill this need as well as to provide gifted young Californians with television exposure and possible network contact."

Students interested in auditioning for Channel 10 should write to Dean Borba, Program Manager, KXTV, 601 Seventh Avenue, Sacramento. Name address, telephone number, photo and a brief resume should be included. All acts participating must be registered at a four-year college.

The deadline for entries is April 1, 1965.

Students interested in the local auditions may contact Terry Smith in the Activities Office, CAC, for information.

## LITTLE MAN ON CAMPUS

"TH' DOLL IN THE BLACK SWEATER—FIRST DATE—A WILD TIGRESS"

"TH' BOY WITH HIS BACK TO US... SO NERVOUS & SHY HE TOOK ME RIGHT HOME...."

## CAMPUS CASUALS

by Jo

Greetings, of sorts . . .

This is hereby declared Manic-Depressive Month, dedicated to all oppressed, frustrated and depressed students who would like to forget it and go back home.

MIKE ZEPPEGNO would go back home, except home is where his trouble began. Down for a visit two weeks ago, Mike was zipping along Concord streets on his skateboard when approached by a policeman, who handed him a ticket for running a stopsign. "On a skateboard?" asked Mike. Seems its a moving violation!

For all you fellas who like to be in style no matter what you're doing, running stopsigns on your skateboard or speeding to the beach, DALY'S Men's Department has just The Thing: surfer jackets by Pacific Trail.

These cotton jackets, with a cotton knit bottom, neck-band and short-sleeved cuffs, are both water repellant and wash and wear. Not only that, in addition to the half-zipper to slip into by, there is a zipper pocket, into which you can roll the whole jacket. (An outstanding feat resulting in one zipper and no more jacket.) All this for only \$6.95, in white with yellow or black bold horizontal stripes, small; medium, large and extra large.

So she and her four companions, all dolled up in black leotards and tights, went up and down hills, back and forth on the freeway and nearly around in circles before finally arriving at Clam Beach right on time.

Lots of "looks" have come our way last season and this, mainly the Swinging Look, the Discotheque Look and the Natural Look. Now in DALY'S Sportswear Department is still another look that's the wildest yet — the Piccadilly Look.

Trio Togs of California have fashioned these little dresses with empire waistlines. Some feature "the Scrambled Look" of polka-dotted and striped skirts in aqua-avocado or pink-yellow; others have A-line skirts bedecked with ruffles in print materials. These wash-and-wear cottons are for juniors (5-13) who want to make this an eye-catching, light-hearted spring for only \$10.

Of course he knows none of his students are interested in any dances but the swim, the jerk and others comparable, but Professor ARTHUR TOLLEFSEN made a game try in his Music Appreciation classes recently. He introduced two (nothing but swinging) dances from the Renaissance Period—the Pavan and the Galliard, and selected groups to demonstrate them. Either LARRY HENDERSON was enthusiastic or just "lucked out"—he ended up in both groups, and now can be acclaimed as an authority on both. HMMMMMM.

The perfect thing to dance the Galliard in (it requires a lot of kicking and jumping) would be—if you're a girl, that is—the newest thing in at DALY'S Sportswear Department. It's the Zipper Look, an A-line shift with a big, bold zipper down the front and a huge embroidered bug near the short hemline. Fashioned by Campus Casuals of California, these play-togs come in brilliant pinks, oranges, turquoises and other forceful colors, small, medium and large.

BYRNACE THRAILKILL is HSC's candidate for Miss Cheerleader USA. HELEN FRANKLIN and DAN RYE spend their time at the beach riding their skim-boards. And when STEVE PEITHMAN and ED JESSON called PEGGY ANDREWS the other evening, what was that horrible screech they heard in the background? Nothing mysterious—just Peg's cat Ming complaining in an extra-loud voice!

Happy Manic-Depressive Month!

Jo

## College Union Will Be Financed By Low Interest Forty Year Loan

**Editor's Note:** Today, Steve Brandon, a member of the College Union Committee is discussing the financing of the proposed College Union to be voted on April 7-8. This particular phase of the Union program should be considered carefully since students should know how this project is going to be financed since they will be assessing themselves over a long period to pay for the proposed College Union.

By STEVE BRANDON

The actual cost of the proposed College Union cannot be ascertained until the student body has given its approval of the Union program and the architect has drawn up the plans, but a fairly accurate estimate can be arrived at and it points to a cost of \$750,000.

The plans call for utilizing the College Commons and possibly rebuilding Nelson Hall as part of the Union with an additional structure built to bridge the gap between the two. Naturally the cost will be determined by the facilities included in the Union and the extent that the existing structures are used, but the \$750,000 figure is felt by the College Union Committee to be fairly accurate.

There is a possibility that existing buildings on campus will be rebuilt and this is why the cost of our Union will be lower than that of other schools.

The Union will be financed by federal loan to cover nine-tenths

of the cost and the student body is required to supply the remaining one-tenth. There are, at the present time, sufficient funds on hand to cover the one-tenth required of the ASB.

The federal loan will be paid back over a 40-year period out of dues and receipts received by the Union.

Since furnishings cannot be included in the above mentioned loan, it is necessary to start assessing ourselves prior to the actual opening of the College Union.

If we anticipate construction three years from now, for example, and start in the Spring of 1966 by assessing ourselves \$1.00 that semester, \$2.00 the next, and \$3.00 the third, and remaining there until completion of the Union, at the end of three years, there would be a fund of at least \$36,000 (based on a continued enrollment of 3,000) for furnishings and architects fees.

Upon completion, dues would be adjusted to cover the amount

(Continued on Page Six)

## Fund Application Sent For Defense Loans Work Study Program

Application for funds are being sent to the federal government for the National Defense Student Loan Program and the Work Program, according to James Hoffe, Placement Officer.

The funds, totaling \$245,500, are being asked for by the College for July 1, 1965 to July 1, 1966, which is an increase of \$7,000 over last year.

The NDSL is asking for \$176,500, while the Work Study Program is breaking down their funds into two groups: the college, \$61,140 and the City of Arcata, \$7,946.

To date the Work Study program has 72 college students working under the program.

About 20 of those students are working for the City of Arcata at such jobs as recreation leaders, engineering helpers, utility men, and clerical workers.

More students are coming into the program all the time, Hoffe said, and it is expected that the program will take care of from 100 to 110 students.

LOST: Book, Today's Home, by Faulkner & Faulkner. If found, call Norma Gartner, room 227 Sunset Hall. VA 2-7871.

## Sequoia Fountain Is On The Blink

The water fountain in front of Sequoia Theater is not functioning, according to Bill Johnson, head of the maintenance department, because water has seeped into the motor causing a burn-out.

The pump has been shipped to Michigan for a month-long repair job.

The Sequoia pond has given the maintenance department a lot of problems in the past with "vandalism heading the list", commented Johnson.

He asks students to help keep the campus clean and reminded students that the water fountain was built to enhance the beauty of the campus.

Drive Carefully!

## Hutchins Market

Open 8 a.m. to 9 p.m.

1644 G St. — VA 2-1965

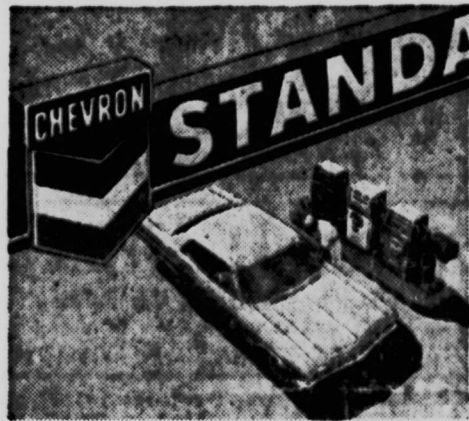

## XB-70 America's Newest Eagle Outpaces The Sun!

The XB-70 is a 2,000 mile an hour aerodynamic wonder. But she can't fly without equally-advanced fuels. Standard Oil's research skill is providing them.

Standard, in cooperation with the plane's designer, North American Aviation, Inc., also developed the special hydraulic fluids she needs at supersonic speeds and 70,000-foot altitudes...another Standard "first."

It's the same way Standard's scientists work with car manufacturers to produce quality gasolines and motor oils for your automobile. Right now, with advanced experimental engines supplied by auto-makers, they are developing your petroleum products of the future.

This continuing research is your assurance that Standard's automotive products will be ready to deliver all the power and performance designed into your car of tomorrow.

The man at the sign of the Chevron is backed by one of America's most advanced research teams...highest quality S.O. products take better care of your car, boat or plane.

The Chevron—  
Sign of excellence

STANDARD OIL COMPANY OF CALIFORNIA

## Spurs Smarty Party For New Members

Over 50 girls recently attended a Smarty Party, sponsored by the Spurs of Humboldt State, according to Spur Dede Boemker.

The party, held in the "Friendship Room" at the Humboldt Federal Bank in Arcata, was attended by girls that were interested in joining the Sophomore Honorary Women's Organization.

In order for any girl to gain admission to the organization, she must first have acquired a 2.5 grade average in the first semester of her freshman year.

If a girl has the grade point average, she must fill out an application, and then the final selection is made by the present active members.

During the party, the invited guests listened to explanations of the organization's activities and duties, played get-acquainted games, sang traditional songs and were treated to refreshments.

## Householder Speaks At Forum Tuesday

Dr. James E. Householder, associate professor of mathematics, will be the speaker at the Faculty Forum on Tuesday, March 30. He will speak on Philosophical Mathematics.

The forum is to be held in Room 120 of the Science Building at 8 p.m. There will be a coffee break between the lecture and the question-answer period.

Dr. Householder will give "an account of some important terms in philosophical thought caused primarily by discoveries in mathematics. Examples occur from the beginning of formal mathematics from about 600 B.C. up to the present in which the invention and development of computers has raised important philosophical problems."

## Seventeen Forestry Students To Attend Conclave in Montana

Seventeen forestry students will leave campus Sunday for the Association of Western Forestry Clubs Conclave starting next Wednesday in Missoula, Montana.

The four day event will be held this year on the campus of Montana State University and features as its theme "Forestry — Yesterday, Today, and Tomorrow."

Students traveling from here to the conclave include Steve Christian, vice president to the AWFC; Dave Rosgen, Terry Gross, Joe Dillard, Mike Kuehn, Bob Graton, Dave Phillips, Warren Warfield, Russ Case, Al Corda, John Lissoway, Phil Aune, Dave Cottrell, Jim Spahn, Bruce Pete, Lyle Laverty and Dennis Griffith.

Part of the activities at this year's event include field trips to a fire laboratory and smoke jumper base and to the Lubrecht experimental forest.

At the conclave itself, seminars will be given on such topics as wildlife, protection, forestry and politics, range, recreation, and related subjects pertaining to club activities of the AWFC membership schools.

Some of the social functions at the event will be an introduction gathering, cocktail hour and a dance.

The Association of Western Forestry Clubs is composed of all Forestry schools west of the hundredth meridian.

The charter members are the University of California, University, Utah State University,

## Newman Club Hosts Birth Control Panel

Twenty-seven Newman Club members are acting as sponsor to a panel discussion investigating birth control next week — a panel which shall be "balanced" with viewpoints from a Protestant Minister, a sociologist professor, a medical physician, a husband-wife couple, and a Catholic priest, says member Susie Forester.

Club chaplin, the Reverend Father Bady will moderate the six member panel with the Reverend Father Gray of Ferndale as the catholic panelist representative.

"The facts on birth control viewpoints have become so ambiguous and non-recognizable that our club feels it is time that we find out 'exactly' and explicitly' what are the views of the different vocational professionals," says Dan Roach.

According to Activities chairman Diane Grinsell, "next Wednesday's program will be held at 8 p.m. with the location being announced later in the bulletin and through posters.

ARCATA

sity of Idaho, Montana State University of Washington and Washington State College.

Other members are Oregon State College, Colorado State University, University of British Columbia, Humboldt, and Arizona State College.

The purpose of the conclave is to bring together the membership schools for an exchange of ideas, fellowship, and Inter-Collegiate competition in such events as double bucking, single bucking, power saw bucking, chopping, axe throwing, pulp throwing, log rolling, and vertical chopping.

In previous years, Humboldt has taken several honors in the conclave. Last year the 'Jack foresters tied for first place with Montana State and each team was awarded a small chain saw. This year, the goal of the team is to get the big chain saw, given when there is just one team champion.

Of the seventeen students going from Humboldt, five will take part in the contests. These five are Dillard, Griffith, Gross, Christian, and Kuehn. Graton will be entered as an alternate.

The delegates to the conclave are scheduled to return next Sunday or Monday.

## Saturday Banquet Ends CU Observance

Campus Conservation Week observance ended Saturday night as over 100 members of Conservation Unlimited and Forestry Clubs attended a banquet in the cafeteria.

Guest speaker at the observance finale was Mr. Walter Shannon, director of the California Fish and Game Dept. Master of ceremonies for the program was Dr. James Gast.

Shannon spoke on the importance of pure water to wildlife, industry and people in general. He noted that former Humboldt students are now working in this and other fields for the Fish and Game Department.

## Chamber Program For This Month Set For Sunday Evening

The March Chamber Music Program, featuring selections by W. F. Bach, R. Vaughan Williams, and Franz Schubert, is scheduled for this Sunday evening, 8:15 p.m. in the music building.

The program will open with the Sextet in E flat major for clarinet, two horns, violin, viola, and cello by Wilhelm Friedrich Ernst Bach. He was well-known in his time (1759-1845), but is less well known historically. He is the grandson of J. S. Bach.

Four Poems by Fredegond Shove which have been set to music by the contemporary British composer Ralph Vaughan Williams will also be played. The program will conclude with Opus 125, No. 1, a string quartet by Franz Schubert.

Mr. Floyd Glende, who is in charge of the chamber music programs, said that there will be no admission charge. The programs are presented the last Sunday of every month.

## May 1 Recreation Day Is Being Planned For Lumberjack Days

A Recreation Day, to be held in the CES Playground on May 1, is being planned by the Lumberjack Days Committee, according to Steve Peithman, Lumberjack Days chairman.

The committee is planning different activities which the hope everyone will participate in during the day said Alice Thomson, co-chairman of the Recreation Day. Clubs have been sent forms to fill out concerning the activities they wish to compete in.

Students who will not be competing with a club or organization can sign up as an independent group. The races and events that are being planned include a chariot race, relay races, sidewalk surfing races, tricycle races, tug of war, volkswagen contest (carry car down, all jump in, drive back) and a softball game.

Anyone interested in forming a group and participating in any activities are requested to put the names of the group members, the activities which they will enter, the group they would like to challenge (if any) and any other suggestions in Verne Frost's Student Box, 319 B, before April 2.

## Cast is Selected For Production Dark of the Moon

The cast has been selected for the Sequoia Masque's upcoming production, "Dark Of The Moon," which will play April 30, May 1, and May 8 and 9, according to director, George Goodrich.

"Dark Of The Moon," by Howard Richardson and William Berney, is a folk-fantasy with music based on the legend of Barbara Allen.

The production will feature a folk group under the direction of James Byker. Others in this group are: Joan Byker, Darryl Vaughn, and Christine Ela.

The leading roles will be played by Tom Thompson, Kerry Collins, and Tom Redmond.

The large cast also includes the following actors: Gary Kilgore, Irina White, Pamela Holbert, Lila Evans, Reginald Mintey, Jean Morrison, Rex Heuschkel, Betty Philpott, Carolyn Jahn, Wayne Konkright, Ted Ballard, Steve Land, Leonard Lang, Nancy Damon, Al Falstreau, Laura Fisher, Sue Preston, John Keppel, Sharon Gneiting, Mike Murphy, Amanda Besaw.

## OPTOMETRY AS A CAREER

opportunity for men and women

- A respected health service profession
- Personal satisfaction and financial reward
- Scholarships available regardless of need

Optometry is a vigorous young profession concerned with the care of human vision. There is a real need for more men and women trained in this field.

The curriculum covers five years, including two years of pre-optometry which can be taken at any college. The three years of professional study are taken at the University of California at Berkeley in small classes with an unexcelled faculty and at low cost.

Write School of Optometry, University of California, Berkeley 4, for Student Information Kit or contact our local alumni who provided this ad as a public service.

# Biggest Battle Of The War

## Thinclads Lose Second Straight Meet To Hornets

The Humboldt State thinclads, seeking their first conference win, will have to wait another week since their scheduled meet with Sonoma State has been cancelled.

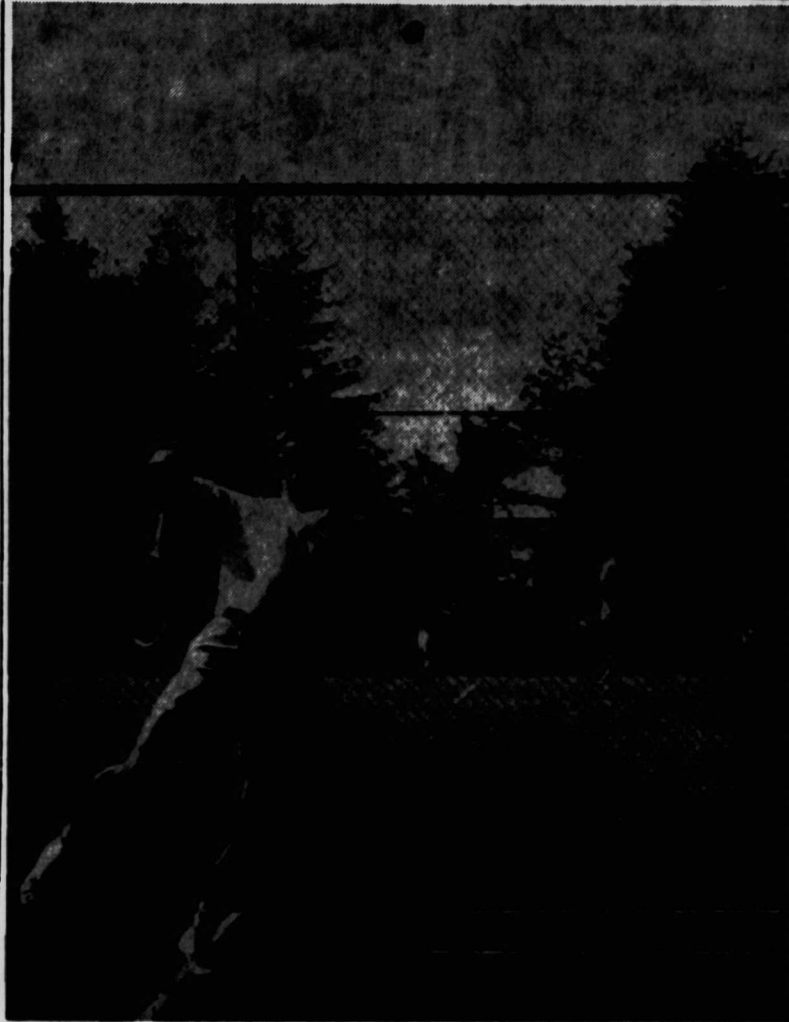

The Lumberjacks dropped their second straight meet of the season last week when they were downed by a strong Sacramento State squad 116-34 last Saturday.

First places for the 'Jacks were taken by Les Coombes in the pole vault, Mike Pattison in the javelin, and the fat men's relay.

According to Coach Ralph Hassman, "we did a little better than we thought we would." He also commented that his squad has improved since its last meet, against Cal State.

Humboldt's number one man, Abbott Squire, is shown above serving in last week's match against Sacramento State. Squire led his team to a 6-3 victory as he won his singles match and teamed up with Jerry Allen to win their doubles match. Tomorrow the 'Jacks host Sonoma State at 10 a.m. on the Humboldt courts.

(Photo by Larry Gault)

## Net Men Host Sonoma Tomorrow; Out For Second Straight Win

Coach Larry Kerkor's Lumberjack tennis team will be out for its second straight Far Western Conference victory tomorrow when the 'Jacks host Sonoma State in a 10 a.m. match on the HSC courts.

After faltering in their first league match, the 'Jacks came back last week to defeat Sacramento State in a close match here. The 'Jacks appear to have found their form of last year when they went on to capture a share of the FWC championship.

Last year the Lumberjack netters started out by losing their first match and then went the rest of the season losing only one other match.

Tomorrow's match with Sonoma State will see Humboldt in the favorites role. Last year the 'Jacks defeated Sonoma as they breezed to a 6-1 victory.

In the 'Jacks first home match of the season last Saturday the singles results were all in, the score was tied at 3-3.

Both teams felt the pressure building up and the final results

showed that the 'Jack net men do play well under pressure as they won all three doubles matches and won the match 6-3.

Four of the singles matches and two of the doubles went the entire three sets.

The 'Jacks number one man, Abbott Squire won his match after losing the first set to Larry Bryant 0-6. He then came back to win in three sets 6-4, 6-4.

Other singles winners for Humboldt were Bob Daoust, number four man, as he defeated LaVerne Gonzales 8-6, 1-6, 6-1; and Dennis Oakes, number six man, who beat Rene Gibson 3-6, 6-4, 6-3.

In the doubles competition Squire teamed up with Gerry Allen, Steve Clapp teamed up with Daoust, and Oakes teamed up with Mick Miller to give Humboldt their sweep in this competition.

## Junior Jacks Win Three; Lose One

The Junior Jack baseballers won three games and lost one last week to run their season record to six wins and only one defeat.

The Jacks beat the College of Siskiyous in both ends of a double header on Saturday after they had lost to Arcata and dumped Eureka during the week.

The Arcata team used a four-run inning full of Junior Jack errors in gaining their 6-2 win.

Brian McGrew drove in two runs in helping his cause as he pitched the Hilltop nine to an 8-5 victory over Eureka High.

In Saturday's contests, power was the name of the game as the College of Siskiyous dropped both games to the Junior Jacks. In the first game Keith Ayala hit a game winning two run homer. Mike Harding was the winning pitcher.

In the second game the Junior Jacks scored all eight of their runs in the last inning as they came from behind to win 8-6. Dick Hanley's grand slam was the deciding factor. Reliever McCleary received credit for the win.

## 'Jacks Host Powerful Sacramento Tomorrow

By BILL KRELLE

The war has just begun and Humboldt's baseballers are right in the thick of it. Tomorrow will be the biggest battle so far and everyone here can witness it as the 'Jacks host Sacramento State in what could prove to be the biggest battle of the season for both teams.

Powerful Sacramento would like nothing better than to drive away from here Saturday night with the scalps of Wilkinson and Filkins but, the 'Jacks would like nothing better than to catch the Hornets before they are able to make their attack and come out of the day with two big Far Western Conference victories.

A pair of victories by either team in tomorrow's battle would give them the inside track for the FWC championship. Last year Sacramento came out on top with Humboldt not far behind but, this year the 'Jacks plan to get even with the men from the capitol city.

To do this, the 'Jacks will have to take their weapons off their shoulders and hit their opposing pitchers like they have never been hit before. Coach Ced Kinzer is the man who is planning this hitting attack as he has had his troops practice this very maneuver all week.

Tomorrow's battle will begin at noon on the HSC diamond. This will be the first league battle of the season and a double one at that.

The 'Jacks should have the pre-game advantage as they will be playing at home and also from the fact that they have swept four out of their five double headers this year.

Tomorrow's opening game is scheduled for seven innings and the night-cap is slated for nine.

Coach Kinzer will go with sophomore right hander Dennis Filkins in the first game and then come back with southpaw Billy Wilkinson in the second.

Last year the Hornets stung the 'Jacks twice in Sacramento as they scored 4-1 and 8-1 victories. This year coach Kinzer looks for this series as a get even affair.

The 'Jacks go into tomorrow's crucial contests with a season record of 9 wins, 2 defeats, and 1 tie.

Last weekend the Hilltoppers were handed their second loss of the season as they were defeated by Cal State in the second game of their double header at Hayward.

San Quentin handed the 'Jacks nine their first tie of the season when they battled the Lumberjacks to a 2-2 tie in a game that went 14 innings last Sunday.

A quick look at the Humboldt scoring last weekend shows that they managed only two runs in each of the three games. If the 'Jacks hope to win two tomorrow it is a must that they score more runs than this or they will surely lose the biggest battle of the young war.

The 'Jacks pitching was outstanding last week but, it takes more than pitchers to win ball games. The hitters must come through or Humboldt will be on its way down.

In the double header last week with Cal State Filkins threw a masterful four-hitter as the 'Jacks blanked the Pioneers in the first game 2-0. In the night cap Wilkinson was nearly as sharp but he ran into early wildness and gave up four quick runs and his own hitters failed to come up with enough hits. The 'Jacks lost this game 6-2.

## Intramural Swim Meet Scheduled For Next Thursday and Friday

With the intramural free throw contest ending last week and the basketball tournament scheduled to end next Wednesday, a new sport has been added to this semester's intramural activities.

Next Thursday and Friday will be an intramural swimming meet with both individuals and teams participating. The meet will start

both days at 5 p.m.

There will be 10 events in the two day meet. Entry blanks and further information is available in the gym.

Howard Meadoff won the men's division of the free throw contest held over the past two weeks as he made 63 out of 75 shots.

Aro Brommers, who had the first round lead, faltered a little in the final two rounds and wound up in a tie for second place with Glenn Flicker. Both men had totals of 62-75. Alan Polarishek took third place with 60-75 and Duane Peterson finished fourth.

## Union Finances

(Continued From Page Three)

needed for the loan repayment and operation and maintenance expenses. The College Union Finance Committee has estimated that this would come to about \$5.00 per student per semester. Under State law it cannot exceed \$20.00 per student per year.

The actual amount will be set by the College Union Board, a student controlled group, which will run the Union. The Board will be set up under an amendment to be voted on by the student body.

Since the State of California will not allow College Unions to be built out of State funds, it is necessary for the students to assess themselves if they want to have a College Union at Humboldt State. Next week the College Union Committee will present its proposals in total.

## Spurs And Knights Undertake Project To Help Handicapped

Measurements of all doorways, steps, elevators, and inclines will be taken by the Spurs and Intercollegiate Knights tomorrow to see if campus buildings and facilities have architectural barriers which prevent free use by persons with limited mobility, according to Mrs. Kathryn Corbett, Spur advisor.

Spur Vivienne Hughes heads the project.

Measurements gathered will be turned over to the National Crippled Children Society and National Safety Society, sponsors of the drive to help the handicapped overcome some of their problems.

Architectural barriers affect one out of every seven Americans who is physically handicapped or whose movement is limited or impaired.

These barriers take many forms: absence of ground-level entrances, steep stairways, narrow doorways, heavy doors, a toilet facilities inaccessible to persons in wheelchairs or on crutches, lack of elevator controls, and absence of warnings or safeguards in hazardous areas.

A California State Joint Steering Committee on Architectural Barriers has been established to increase public awareness of the importance of public and private action to eliminate architectural barriers.

It is composed of representatives of the Governor's Committee on Employment of the Handicapped, the California Society for Crippled Children and Adults, and the California Council of the American Institute of Architects.

## Coyne and Sauls Place Seventh In Tournament

Pete Coyne and Don Sauls placed seventh at the West Point qualifying tournament at Pomona last week-end, according to Mr. Ron Young who accompanied the students.

The tournament, which is considered the best in the southwest, included competition from the top 16 teams from California, Utah, Arizona, New Mexico, Hawaii, and Nevada. Thus their seventh place marks Coyne and Sauls' team as the seventh best debate team in the six state area.

Coyne and Sauls finished ahead of Arizona State, Brigham Young University, Claremont Men's College, Cal State at Los Angeles, Cal State at Fullerton, UCLA, USCB, University of Utah, and the University of Nevada.

The four teams which qualified for the West Point tournament were: Redlands University, San Francisco Valley, Loyola University, and University of Southern California.

HSC needed only one more win to qualify. Sauls and Coyne lost a split decision to Redlands, won a split from University of Southern California, and beat San Diego State, the alternative to West Point, in a 3-0 decision.

The issue with which the debaters at Pomona were concerned was the relative advantages of different methods of dealing with problems of unemployment in our country.

While commenting on the topic of concern at the tournament, Young said, "It seems to me that this tournament reflects a continued improvement in the quality of students in the forensics program and the strength of their background in the social sciences."

Speaking of Sauls and Coyne's placing in the tournament, Young said, "This was the best competition in the southwest and in placing seventh, they did very well."

## High School Speech Tourney Directed By Pi Kappa Delta

The annual regional high school speech tournament took place on campus March 19 and 20. The event was sponsored by Pi Kappa Delta, the national speech honorary, according to Mr. Ron Young.

The event, which was the north coast qualifying tournament for state high school competition, was directed by Pi Kappa Delta president Peggy Hansen. Miss Hansen was assisted by Mr. Allen Branco. Young noted that all events were run by members of Pi Kappa Delta and by other forensics students. Dr. Edward Steele and Mr. William White were advisors to the tournament committee.

Young said that Arcata High won the sweepstakes and that McKinleyville and Eureka won a close second and third.

## OSU Sponsored Art Showing In Library

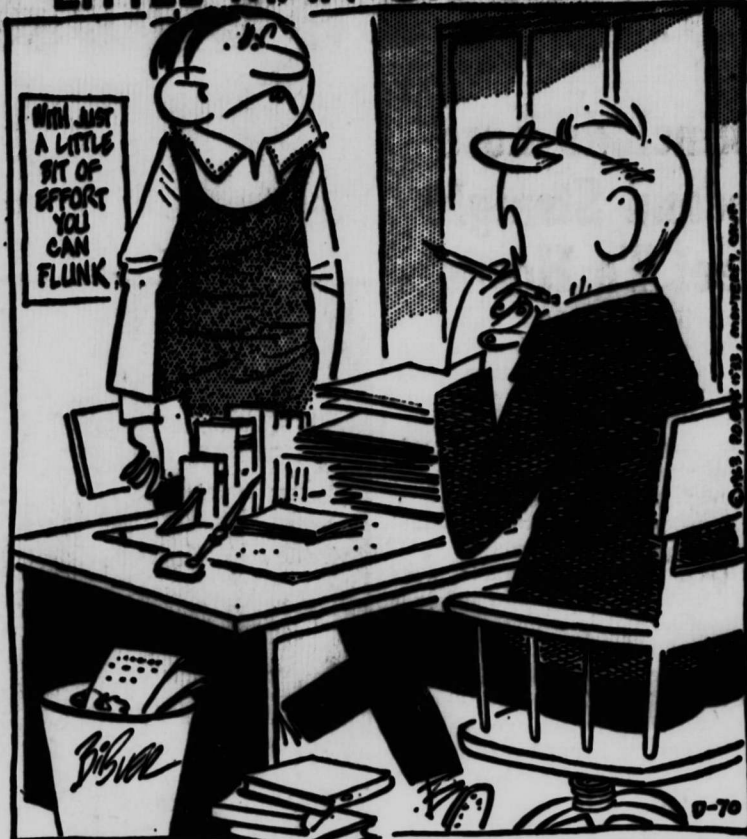

This week the library is having a display of various Yugoslavian art prints which have been touring the United States for quite sometime.

Humboldt obtained the prints from Oregon State University which is sponsoring the exhibit so that viewers may survey new developments in Yugoslavia.

The traditional centers of the visual arts in Yugoslavia remain at Belgrade, Ljubljana and Zagreb but the artists come from all over the country.

Professor Zoran Krzisnik, director, gallery of modern art, Ljubljana, has written, that the artists of his country find inspiration for their art in the worlds of object and abstraction and that their work ranges from pure objectivity to non objectivity.

!! ARE YOU REALLY GOING TO 'DROP' MY CLASS OR ARE YOU JUST TRYING TO CHEER ME UP? !!

## Concert Season Plans Formulated For Vocal Groups

A busy spring concert season is planned for the campus vocal organizations, announced Dr. Leon Wagner, director of Madrigals and Choir.

The Choir will begin a series of off-campus concerts today at local high schools. These are "tune-up" concerts while the Choir prepares for their annual Spring Concert, Dr. Wagner said. The concert is scheduled for 8 p.m., April 4, in Sequoia Theater.

A Spring Vocal Music Festival is planned tomorrow for all local high school choirs. The Madrigals will make a guest appearance for them some time during the day.

On May 13 the Chorale, Choir, and Madrigals will combine to sing a major work with the HSC Symphony Orchestra in concert, and on May 16 Madrigals will share a concert program with the Green and Gold Concert Band in Sequoia Theater.

Rehearsals are now in progress for the Opera Workshop in which three one-act chamber operas will be performed. The shows have been cast and are scheduled for production late in May. Dr. Wagner, director of the operas, will announce the exact date at a later time.

## Murals Program

(Continued From Page Five)

Toni Dobrec captured the women's division of the contest. She was followed by Judy Erickson, Helen McNamara, Ruth Frank, and Roberta Becker.

An added interest in intramurals next Wednesday is the championship game in the basketball program which has been going on now for two months.

The game will be played between the champion of the Eastern League and the champions of the Western League. The battle is scheduled for 5 p.m. in the Men's Gym.
