ARCATA, CALIFORNIA, SEPTEMBER 29, 1932

NUMBER 2

## PEP BAND FOR HUMBOLDT PLANNED

CARL OWENS FORMING GROUP THAT WILL "CUT THE MUSTARD"

Carl Owens has announced plans for a Humboldt Pep Band for rallies, games, and other functions. Owens is a professional drummer, having played in Elk Convention bands, and at present is playing with Herb's College Boys and Mac's Red Birds.

Owens plans to have only those in the band who can really "cut the mustard". There are 23 members in the band already. The instrumentation has been carefully selected, and the trumpets have had to be limited to four.

The brass section includes now, Ruth Carroll, Harlow Burgess, Howard Johnston and Beverly Bryan playing the leads. Katherine Forsythe, Janet Stewart, and Frances Parker will take care of the alto section. Wood Thomson, Clark Gilman and William Morehouse make up the "sliders", with Leo Schussman on the baritone, and Clarence Heney playing bass.

To balance all this brass Owens  
(Continued on Page Four)

## SIX RECENT BOOKS ON RENTAL SHELF

The following six recent popular books ordered for the college are being placed on the "Recent Popular Book" list for rental:

The personal experiences of the author, Max Miller, a reporter on the San Diego Sun, are found in "I Cover the Waterfront".

Light humor of English society in France is told by Wadehouse in "Hot Water".

In "Head Tide" Joseph Lincoln tells us more about Cape Cod characters of the seventies.

Dimnet, known best by "The Art of Thinking", continues in "What We Live By" to give applied philosophy on every day subjects and shows "the quest of what Truth, Beauty and Good can mean to us".

"Lark Ascending" by De La Roche depicts two typical characters of different localities and their relations to each other.

"Peking Picnic" by Ann Bridge is a story of people in a legation colony of the far east. This novel is the \$10,000 prize winner offered by publishers Little, Brown & Co.

## Botany Class Goes To Horse Mountain

The forest botany class with the instructor, J. W. Howe, drove to Horse Mountain last Saturday and studied both the life zones and identifications of trees.

Mr. Howe explained that the elevation is about 4,500 feet and that the trees there are similar to those found in the Sierra Nevada Mountains. The students encountered many trees which they had not classified before.

A lumber mill was visited on the way home.

## UNDERGOES OPERATION

Mary Elizabeth Cronin of Eureka, has returned home from the General Hospital, where she underwent an operation for appendicitis. She expects to return to school soon. Miss Cronin is a member of the junior class at Humboldt State.

Miss Minnie Meyer, former H. S. T. C. track star, is working in Suisun.

## Women's Glee Club Needs 15 Members

Although the men students have turned out 40 strong for the Men's Glee Club, as yet 40 women have not responded to the call for a Women's Glee Club. Edmund Jeffers of the music department wishes 15 more women students for the organization.

The group already enrolled is at work at present on several numbers: on a Czech-Slovakian folk song; on a composition of Cesar Franck's "Panis Angelicus"; and on the bridal chorus from the operetta "The Rose Maid".

## A CAPELLA UNIT WILL BE HEARD

The college and community will soon hear the first A Capella Choir of Humboldt State Teachers College.

Edmund Jeffers of the college music faculty is the organizer and director of this choir. They plan shortly to present a program chosen from both the classic and modern schools of composition. At present the choir is working on a group of Russian selections.

The term "A Capella" refers to a choir that sings without accompaniment. There are many excellent choirs of this sort throughout the world, according to Mr. Jeffers. It was in Italy that this type of singing was first heard, and it is in the Vatican at Rome today that one finds the famous Sistine Choir. Other groups of this kind are the L. H. Smallman A Capella Choir, and the Russian Symphonic Choir.

There is a definite quality of tone in "a capella" singing that is not heard otherwise, Mr. Jeffers said. Six and eight-part music is ordinarily used.

The Humboldt College A Capella Choir at present consists of sixteen members, but it may be enlarged to twenty later.

## MAY ASK FROSH TO STUDY IN COMMONS

Freshmen may be asked to study in the south room at the Commons during certain hours.

The increased attendance at Humboldt is being felt in the library especially when there are no Friday assemblies and at other hours when comparatively few classes are held. A check is being made to determine when the library is most congested and the first-year students may be asked to use the Commons at this time, where a senior student will be in charge. It was decided to ask the freshmen class to use the Commons because it was felt that this class probably has more text-book assignments than the other classes and hence might have less need to use reference books.

## New Rental Books

Two recent books now on the college library rental shelf, are "Obscure Destinies" in which Willa Cather tells three western character stories of different types and "The Sheltered Life" by Ellen Glasgow, a study of the marriage problem, showing the author's human understanding of the problems that are not apparent on the smooth surface of a sheltered life.

## College Girls Entertain

Ione Hamilton, Sara Gertrude Hartly and Alice Person of Humboldt State, furnished the musical numbers at the Arcata Kiwanis Club meeting last Thursday, singing three numbers. Miss Hamilton played the accompaniments on the piano, as well as forming one of the vocal trio.

## HOSPITAL PLAN TO BECOME EFFECTIVE

NEEDY STUDENTS CAN HAVE FINANCIAL AID FOR ONE WEEK

The Health and Physical Education Department has announced a Hospitalization Plan for the coming year. Since we do not have an infirmary on the campus, this is a direct step toward giving needed assistance to Humboldt students.

A fund of one hundred dollars will be set aside from the Health Fund and from the Student Body treasury to help defray the hospitalization expenses (room, board and nursing) of those students who have been recommended by the college physician and the health director.

The committee which studied  
(Continued on Page Four)

## STUDENT BODY BUDGET 'O K'D'

Men's athletics will receive an appropriation of one thousand dollars this year in accordance with the Associated Students' Budget which was passed at the first regular student body meeting. This includes reserves for guarantees and money for equipment for each sport. Dance and entertainment rated the next highest sum of four hundred dollars.

The Lumberjack again received the usual appropriation, as did Women's athletics. Other money was budgeted for musical instruments, hospitalization and the dormitory. The reserve is \$756.76 and the general fund has \$176.65.

It has been officially announced that the request of the tennis enthusiasts will be granted in all probability. The amount set aside for tennis will be one hundred dollars.

Student officials are anxious that anyone with occasion to use Associated Students' Funds bear the following regulations in mind:

1. Whenever a faculty member or any member of the Associated Students having authority to spend student body funds wishes to make a purchase or enter into any financial obligation payable out of funds specifically provided for in the budget, he must first fill out in duplicate a requisition form furnished by the financial secretary and file one copy of the requisition with the financial secretary and another with the treasurer of the Associated Students.

2. Requests for student body funds not specifically provided for in the budget should be first submitted to the Executive Council which upon consideration shall make its recommendation at the next meeting of the student body.

3. The financial secretary will refuse to pay bills incurred in violation of the procedure above described.

The budget committee includes President Wayne Simpson, Letha Robinson, Alice Renfro, Clyde Patenaude and Dr. Homer P. Balabanis.

## FACULTY LADIES LIKE THEIR TEA

The Faculty Women's Club had a "Milk Shake Party" after the usual business meeting held last Monday afternoon in the Commons.

It really turned out to be a tea, since the majority of the club preferred tea to the fattening milk shakes.

## Men's Glee Club Has Forty Members

The Men's Glee Club now numbers 40, the number set as the goal by Edmund Jeffers of the music department.

For the past few weeks the men have been practicing on such numbers as "The Song of the Jolly Roger"; "Home on the Range", a cowboy song, and "Sylvia", by Olek Speaks, who wrote "The Road to Mandalay". They will start work next week on "Misere Mei Deus", a number from the Italian school of the seventeenth century.

## COMMONS GIVES VARIED SERVICE

Miss Ellen Johnson, head of the home economics department at Humboldt State Teachers College, offers the following information in regard to the use and service of the college commons: Breakfast is served at 7:30 to Sunset Hall boarders.

Light lunches, which include sandwiches, ice cream, milkshakes, fruit and cakes, are served during the hours of 10:00-11:00 a. m. and 2:30-5:00 p. m. Noon lunches are served from 11:30-12:30.

Dinner is served at 6:00 p. m. to Sunset Hall boarders, although outside students may stay in the evening for dinner for fifty cents, if Miss Johnson is notified ahead of time.

All students are welcome to come to the commons whether they buy any of their meals or only a portion. In fact, the college would prefer to have the students eat in the commons rather than in the cars outside of the school, Miss Johnson said.

Any student group or outside group may have special lunches or dinners served in the Green Gate Room or in the southern dining room if arrangements are made beforehand with Miss Johnson.

## "FRESHIE RETURN" DANCE ON FRIDAY

The "Freshie Return" dance will be held Friday evening of this week, instead of on October 7, Leora Hunter, social chairman of the student body, has announced.

The affair will be a sport informal and Herb's Collegians will furnish the music.

Earl Hemenway, president of the Freshman class, has announced the following committees:

General Chairman Claire Morgan, assisted by Ernest Lampela, Kathleen Palmgren, Emmett Newell. Punch committee, Archie Forson, chairman, assisted by Chester Edson, Helen Marks, Leora Tuohy. Clean-up committee, Wilson Carter, chairman; assisted by Herbert Nelson, Henry Grossi and Robert Haywood.

## A Play Night Tonight

Faculty women and faculty wives are invited to a "play night" at the college gymnasium tonight from 7:30 to 9 o'clock. There will be stunts participated in by two teams, the "Body Builders" and the "Muscle Trainers," captained by Miss Monica Wright and by Miss Ann Craig, respectively, of the physical education department.

## New Science Equipment

The science department has purchased two new sets of equipment: a steam sterilizer for the botany and biology classes for bacteriology work, and a small bacterium used in finding the position of the sun, earth and moon at all times of the year, for the "Physical World" class.

## H. S. T. C. MEETS S. F. TEACHERS ON OCT. 7

22 MEN WILL JOURNEY TO SAN FRANCISCO FOR BATTLE

Humboldt's football team will open its 1932 intercollegiate scheduled Saturday, October 7, when it meets the strong San Francisco State team at San Francisco.

According to Coach Fred Telonicher, the San Francisco teachers have practically the same team which won from Humboldt last year. They have lost two hard fought games this year to two high class teams, Marin and San Mateo, the score of both games being 7 to 0.

Coach Telonicher has not yet announced who will make the trip, but said that he will take 22 men. The players will leave Friday morning. The game will be played either Saturday morning or Saturday afternoon. Telonicher is working to get the game in the morning so that the players can see some of the college teams in action. However, no definite time has been set.

The college team played a practice game with the Arcata  
(Continued on Page Four)

## HUNTS FOR SNAKE; FINDS SNAKE SKIN

Mrs. Jessie T. Woodcock, financial secretary of Humboldt State Teachers College, saw a snake in her office about a month ago.

The appearance of the reptile caused Mrs. Woodcock to call the janitor. When he appeared the snake, frightened, crawled away. Upon further investigation, a hole in the wainscoting was found, evidently through which the snake crawled from the ground.

Yesterday, while working in her office, Mrs. Woodcock saw something moving on the floor near the edge of her desk. She looked closely and the something looked to her like a snake, no doubt the same one who had paid her a visit not so long ago. Determined to get rid of the reptile, she procured a stick. Poking under the desk with her stick, she thought she had the reptile, but instead of pulling out a live, wiggling snake, all she could find was the discarded skin, which the snake had evidently just shed.

## Faculty Women Plan Activities

The Humboldt State Teachers College Faculty Women's Association held its first meeting of the term in the College Commons on Monday, September 19.

A business meeting was conducted with Mrs. Stella Little presiding. As Mrs. Little is to remain president of the association, and Miss Sarah Davies secretary, no election of new officers will be necessary.

Plans were made for a party to be given for the faculty and wives sometimes in October. Committees for the affair were appointed as follows: Refreshment Committee: Mrs. Jessie T. Woodcock and Miss Violet Stone. Entertainment Committee: Mrs. Elma McCann Folsom, Miss Lucy Neely McLane and Miss Monica Wright.

In the future, the faculty women will have only two parties a semester, instead of the usual monthly parties.

After the plans for the coming year were outlined, the meeting was adjourned, and light refreshments were served.

## TODAY'S THOUGHT

"Whatever may be the standards of the classroom, practical life will require something more than sixty per cent or seventy per cent for a passing mark. The standards of the world are not like those set by the faculty, but more closely resemble those set by the student body themselves. They are not at all content with a member of the musical organization who can strike only ninety per cent of the notes. They do not tolerate the man on the diamond who catches only eighty per cent of the balls."

--Calvin Coolidge.

H

## BORED OF CONTROL?

What about that fancy piece of legislation that was so painfully passed last semester, that lengthy amendment creating a Board of Athletic Control? Is it all theory and no reality?

There is a football game with San Francisco this Saturday, and so far as is known, the Board of Athletic Control has not even been appointed by the student prexy. Nothing in the line of transportation and hotel arrangements, or other necessary functions can be performed legally until the athletic board meets and acts.

It's a shame to let a good thing go to naught like this, and it's worse to have the machinery for intelligent planning of athletics already set up and refuse to use it. Shall we or shall we not?

H

## LET'S PLAY FAIR

At last we have those long expected tennis courts. At least we are going to use them for a little while on approval. The courts cost a mint of money, but they are ours provided we take care of them. It is the duty of every student body member to look upon these courts as his or hers to keep in as good condition as possible. The administration feels the need for each one in the school to understand and accept that responsibility.

It is not the purpose of the Physical Education Department to burden the students with unnecessary rules and regulations for the courts. Anyone may use the courts simply by complying with one arbitrary ruling which has been announced. No one is to set foot inside of the fencing without sneakers or some flat bottomed rubber-soled shoes. When all things are said and done, that rule is a good one. In the first place, the new courts are made from a rather soft substance that may not prove substantial. If we tread on that preparation with the heavily-cleated hobnailed shoes that some of the fellows wear at Humboldt, are we being fair to the contractor, or are we giving the new material a fair trial? Are we being just to future Humboldt students if we ruin the courts and wear them out sooner than should ordinarily be expected? In the next place, street shoes are stiffer and heavier than sneakers, and one's tennis form is materially handicapped by poor footwork and all-around clumsiness. If we really are interested in tennis as a sport or as recreation, are we being fair to ourselves when we make the game doubly hard to play? And then in this year of depression (rather, years of depression), can we afford to wear off expensive leather when we can just as easily sluff off a little inexpensive rubber?

But, to be serious, the question before us is a pertinent one. Shall every student body member act as a committee of one to enforce the regulation and protect the courts? There are many high school students and neighborhood kids who will want to play tennis without the proper shoes. Let's be firm with them now at the very beginning and insist that they obey the rules. And while we are keeping others off, let's remember that this is one rule (contrary to tradition) which has absolutely no exception, and that it applies to each and every person at Humboldt State.

## A HUMBOLDT POEM

Mrs. Elma McCann Folsom of the English Department spent the summer in the vicinity of Chico State Teachers College summer school at Mt. Shasta City. In the invigorating climate and scenery she found many inspirations for good lyrics and other forms of poetry. The editor was very fond of this delightful sonnet of what the author formally called "Road Fever".

### INDIAN SUMMER MADNESS

I never sigh for pipe, or gun, or cheese  
Grown old, but much I covet me one gift  
God gave to men, as bracing as a breeze  
Straight off the blue, the casual daily lift  
Of freedom. For men, alone and free,  
Can tramp the glamorous roads in autumn haze  
Where wistful dawns I dream myself to be  
Set free, at last, from woman's careful days.  
Dear Pan, I see them now beside the brook  
Asleep upon a green bank in the shade,  
Not all are homeless men; some have the look  
Of those who choose, like thee, a leafy glade.  
Oh I could breast the miles and brave the mires  
To sit a month by their flickering fires!

—Elma McCann Folsom.

### Fossil Leaves

#### Aeons Old, Are Exhibited Here

Harry G. MacGinitie, assistant professor of science at Humboldt State Teachers College, while in Trinity County this summer, discovered some fossil remains of leaves million of years old, in an old hydraulic mine at Redding Creek, fourteen miles southeast of Weaverville.

These leaves were found embedded in a water-laid, volcanic tuff, thirty feet thick, in an ancient river channel composed of sand, shale and gravel which had been exposed by early hydraulic mining operations. "Tuff" is volcanic dust that has settled after an eruption and become compact.

Mr. MacGinitie says the plants showed a warm, temperate, to sub-tropical climate, must have existed then, which means an entirely different climate from the one now prevailing in Trinity. Similar species of these plants grow today along the southern coast of Central America and Florida, which is about 1800 miles southeast of Trinity County.

Evidence from the leaves show that the geologic period of their growing was in the upper Eocene or lower Oligocene times, making the leaves between 20 and 25 million years old.

Mr. MacGinitie says that he was not the first to run across the fossil prints of these leaves, as they were first found in 1904 by a man sent out by the Geological Survey department of the United States and were written about in 1906. A plaque of these leaves were sent to the world fair in St. Louis in 1904.

Samples of these leaves have been placed in the glass case at the west end of the library here.

H

### Bushy Tail Attends Elementary School

Bushy Tail has matriculated at the Humboldt College Elementary School.

First grade pupils under Eldrid Hogan, senior college student now doing practice teaching, decided after discussing animals that they wanted a rabbit for a pet in their room. With the help of Mr. Hogan the class constructed a rabbit hutch during activity period. When the hutch was finished Mr. Hogan brought a small white rabbit which the children named Bushy Tail. Each child takes turn in feeding and caring for the rabbit.

H

### Married in Victoria

The recent announcement of the marriage of Miss Edna May Putnam and Thomas Gerard Allison in Victoria, British Columbia, will be of interest to Humboldt College students whose homes are in Ferndale. Both Mr. and Mrs. Allison were former Ferndale residents. Mr. Allison being on the faculty of Ferndale High School several years ago. Their new home is at 4242 Eighth Street, Riverside, Calif.

### ALUMNUS AT STANFORD

Among many visitors at H. S. T. C. last week was Edward Nix, a recent graduate of this school and a teacher in the Eureka Junior High School. Mr. Nix has taken a year's leave from the Eureka Junior High School and is studying for his Master's degree at Stanford.

H

Robert Hazelwood, former H. S. T. C. student, will enter Stanford University this fall.

## W.A.A. TO HOLD 7TH PLAY DAY

On October 15th, approximately 175 girls from the high schools of Humboldt and Del Norte counties will gather at Humboldt State for the annual Play Day sponsored by the W. A. A. Activities will start at 9:45 on the morning of the 15th and will terminate at 4:30 in the afternoon in the big gymnasium.

Elva Baumgartner is the general chairman of the affair, and a program has been planned that will keep the visiting athletes on their toes from morning to night. Serviceball, volleyball, basketball and tennis will be played with exhibition games, stunts and relays at intervals. A luncheon will be served by the girls in the College Commons at noon, during which stunts will be put on by the various schools represented. A program by H. S. T. C. girls is then scheduled for 1 o'clock in the auditorium and the afternoon will be ended in the big gymnasium with a dance. This Play Day is an annual project of the W. A. A.

The committees in charge of the affair, are as follows:

General chairman, Elva Baumgartner. Publicity chairman, Katherine Cloney, assisted by Melpha Cannam, Laurella Frakes, Jane Bridgdon and Alice Barter.

Luncheon chairman, Janet Stewart. Luncheon committee sub-chairman, Leora Hunter; decoration, Annabelle Stockton; waitresses, Adelaide Wethers, visors. Luncheon committee assistants: Blanche Charles, Kathleen Garner, Janet Robinson, Louise Parker, Janet Woodcock, Helen Marks, Eleanor Renfro, and Dorothy McGovern.

Games, sports and posture chairman: Letha Robinson, assisted by Elma Blasca, Ruth Carson, Hazel Christiansen, Alice Renfro, Lucille Winter, Evie Fielding, Melpha Cannam and Amy Vance.

Registration chairman: Marian Edson, assisted by Grace Shaw. Information chairman: Portia Collins.

Reception chairman: Alma Ruth Sweet, assisted by Elise Henggi, Edith Reback, Bernice Rasmussen, Eileen McNally and Lois Jackson.

Orchestra chairman: Dolores Henders.

Checking chairman: Alice Porter, assisted by Elva Quarnheim. Program chairman, Lucille Winter.

Stage manager: Mary Emily Speyer.

Bugler: Ruth Carroll.

## Cooperriders Now Attending U. of C.

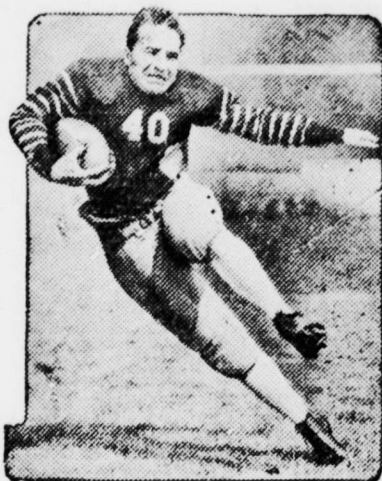

Kenneth Cooperrider, former H. S. T. C. student, son of A. O. Cooperrider, principal of Arcata Union High School, is now doing graduate work at the University of California, having enrolled there this fall. After two years at Humboldt he went to Stanford University, where he obtained his A. B. degree, later going to work as a reporter for the Post-Enquirer in Oakland.

His younger brother, Carl Cooperrider, also a former H. S. T. C. student, is a senior at the California this year.

## Enters Oregon State

Miss Barbara Graham of Eureka, former H. S. T. C. student, has entered Oregon State College at Corvallis, Oregon, where she will specialize in home economics. Miss Graham attended Humboldt during the spring semester of 1931 and was at Mills College during the fall of 1931 and spring of 1932.

## Doing His Stuff

James V. Jameson, who has been selected as one of the University of California's quarterbacks, is here seen in one of his early workouts, showing considerable action in both figure and face.

## Infraray Lamp here

Football players and all those suffering from torn muscles, ligaments, or nerves, strains, sprains or dislocations will rejoice at the news that the health office now possesses a deep heating lamp. The new radiant and infraray lamp was purchased this summer from the surplus in the health fund.

Miss Portia Collins of Eureka, Humboldt State student, was an attendant at the marriage of her sister, Miss Dysta Collins, to Preston Cherry of Ukiah, at Grants Pass recently.

## Faculty Wife Heads Club

Mrs. J. Wendell Howe has been chosen president of the Humboldt County University Club. The organization of which she is the head, will sponsor a series of lectures this fall and winter.

## Heads Y. M. C. A. Board

President Arthur S. Gist of Humboldt College was elected president of the board of directors of the Y. M. C. A. at a meeting held in Eureka recently.

## Brogan Back From S. F. Tournament

Harold Brogan, Humboldt State tennis champion, returned Tuesday morning after being eliminated in the first round of the Pacific Coast Tennis Championship Tournament last Sunday, by Clarence Henning, young San Francisco attorney, by the score of 7-6, 5-7, 7-5. Henning led, 5-0, in the final set but Brogan rallied to square the match at 5-all. Henning managed to win the next two games and the match.

Brogan witnessed the Santa Clara-California football game Saturday afternoon at Berkeley.

Comedian—Say boss, when do I get me salary?

Manager—How do I know, I'm a manager, not a prophet.

"You laugh at the way your grandmother used to dress."

"Yes," answered Miss Cayenne. "Grandma has all the worst of it. She doesn't laugh at the way I dress. She shudders."

Actress (to sour-looking dinner partner): Did you see my article in the Daily Splash?

Partner: Yes, I wrote it.

Lakes: So your wife shot at the burglar?

Sparkes: Yes, and she hit the alarm clock, and it rang so loud that the fellow got scared and jumped out of the window.

## MARRIAGE POPULAR AMONG OUR ALUMNI

Miss Freyja Christiansen and Robert J. Murphy were united in marriage at a ceremony in Eureka last Wednesday at the 1449 West Street home of the bride's mother. The bride, while attending college, was prominent in dramatics and scholastic activities. The bridegroom distinguished himself in athletics.

The marriage of Warren Natwick and Miss Margaret Harrington of Menlo Park in Redwood City on September 3, was recently announced. The groom is now principal of the San Mateo elementary schools.

Miss Kathryn Laura Harris was married recently to Roy Joseph Murray at the home of Justice of the Peace St. Clair Adams. The bride taught for some time in the county schools following her graduation.

The marriage of Miss Ina Judith Sandness, graduate of Humboldt, and Milo Wilson Altman was held in Alhambra the latter part of August. Mrs. Altman, a Eureka girl, has been teaching in Pasadena, where they will make their home.

## Field Trip Made By Geology Class

The geology class of Humboldt, with the instructor, Harry MacGinitie, spent last Saturday studying the erosion history of Redwood Creek and the method of ore deposition and igneous geology of Horse Mountain. Mr. MacGinitie says that Redwood Creek has a composite valley; that is, a modern valley cut in an old valley.

On Horse Mountain many "dikes" were found. Dikes are made by ground cracks where

## GOLF CHAMPION TO BE SELECTED

Humboldt College golfers will have something to work for in the future, for Sam Beer of the Arcata Golf Club has put up a cup for the student winning a championship tournament on the Bella Vista links early in October. The qualifying round of each competitor must be turned in by Wednesday, October 5, with match play to follow.

The cup will be a perpetual trophy and each year the student winning the tournament will have his name engraved on it.

The following students have signed up to compete for it:

Buster DeMotte, Wilfred Brown, Channing Hadley, Gordon Hadley, Harmon Minor, Clarence Milotte, Gerald Henry, Lewis Fleckenstein, Ellis McMillan, Don Gould, Frank Mendes, Wayne Overholtzer, Bill Nellist, Glenn Waldner, Harold Brogan and Louis Tallman.

## HERBARIUM FOR BOTANY CLASS

In two years, Humboldt State Teachers College will have one of the best equipped herbariums on the Pacific Coast, according to J. Wendell Howe of the biological science department here. Work on the herbarium was started shortly after Howe came here two years ago and will be completed in 1934 according to present plans.

When completed, the Humboldt State herbarium or "plant library" will include a pressed, mounted, and labeled specimen of every one of the more than 2000 plants between the Oregon line and the Mendocino mountains. To date, Howe has collected about half of that number.

When the work is completed, Howe hopes to have brought to light several hitherto unclassified plants during the course of his research and have the most complete collection of the Redwood Empire flora in existence today.

The difference between the Humboldt State collection and that of the University of California, Stanford and other colleges on the coast is that the one here will be for class work in botany, while the others are primarily for research.

Howe is doing most of the work alone and has just completed a filing cabinet to keep the plants in his office.

### "Crafts" Class Making Puppets

Students of Humboldt State Teachers College, under the supervision of Mrs. Stella Little of the art department, have exhibited four fairy tales: "The Bremen Band," "Three Bears," "King of the Forest," and "Little Red Riding Hood," in their puppetry work of Elementary Crafts course during the past week.

The characters and scenery were made of paper, colored, and attached to sticks. In the classroom a curtain was erected in one corner to serve as the stage. "Little Red Riding Hood" was exhibited on a small stage constructed in the classroom as part of the work of Stage Craft. Each student did the talking for his own individual puppet.

This work is the elementary grade of puppetry work, but before the semester is over, the class intends to put on the plays in which the puppets are controlled by strings in the regular manner.

The class has selected four plays for the future: "Jack and the Beanstalk," "Red Shoes," "Hansel and Gretel" and "Rumpelstiltskin." Clay heads are being molded, over which the masks for the characters will be made. This project will be complete before the end of the term.

### Humboldt State Meets S. F. Teachers Oct. 7

(Continued from Page One)

High School eleven recently and while neither team scored, the college appeared to have all the best of it.

Many of the inexperienced players are developing rapidly and, although they may not get a chance this year, will form the nucleus of future Humboldt elevens.

After the San Francisco game the local players will have three weeks to prepare for the big game with Ashland which will be played here on October 21.

#### These Contributed Stories

In addition to the editor and assistant editors, students contributing to the editorial columns of this issue are Wilma Bean, Jean Taylor, Eleanor Rutledge, Lois Anderson, Gordon Hadley, Orman Oak, Freida Phillips, Helen Marks, Kathleen Palmgren and Alice Barter.

## Prize Fighters Must Fight More Ways Than You Think

By MARK ROE

in the downfall of man. Since Mother Eve yielded and took the first apple, cruel temptation has harassed the habitations of man. Enticing him in a thousand vagrant forms, she beckons unsuspecting ones from security and leads them over the precipice to destruction.

Coming closer to modern times, you may recall that Ulysses' men upon hearing the song of the Sirens, yielded to temptation, stopped to listen—and were late to dinner.

And now in the very shadows of Humboldt State a similar tragedy is apt to occur. There are others who may weaken and be ruined.

Just imagine yourself, gentle (or wild) reader, in the place of the two "boxing bachelors" who are "bitching" at the Elmore "frat" house, and who have chosen this form of life to insure regular meals and the sort of food that it is necessary for a boxer to have to retain his boyish figure, to live through a season, and to prevent cauliflower ears.

You are awakened at 7:30 a. m. Remembering that you have an 8 o'clock class, you get up at a quarter to 8, dress, shave and hurry down to prepare the proper proportions of toast and soft-boiled eggs, or to watch them being prepared, depending upon

whether or not you are the ill-fated one who gets breakfast. On the way to your kitchen you pass through the Elmore dining room. Unconsciously you let your eyes rove over that table, ever filled to overflowing with dainty morsels so palatable to everyone and so healthful to all who pursue normal lives, yet so disastrous to a boxer. Once in a while you forget something and have to return to your room, passing that table several times, each time casting longing glances at those things you should not have.

Then at lunch time, perhaps, you are detained at college to receive a "bawling out"; or it may be that you voluntarily remain a few moments to get a book; or maybe even to "polish an apple." But anyway, you are late and have to rush down to get your dish of salad and piece of brown bread. This same table must be passed.

Then, after the evening workout is over, you return for your lamb chop, baked apple and glass of milk.

It cannot be avoided. The same table is there, with cookies, jellies, puddings, a cake or two, and there's no one there to prevent your taking just one little piece.

Would it be easy to turn your back on temptation, even if you were a prize-fighter?

#### Hal Has Arrived

A new man has arrived at Humboldt State—Hallucis Rectus Octavius, "Hal" for short. He is no other than the new skeleton which is being used by Miss Wright's classes in Kinesiology and Corrective Physical Education. Guess who named him.

Pierce Quintrell is now attending the College of Physicians and Surgeons in San Francisco.

### "FACULTY NIGHT" AT LOCAL CHURCH

College Faculty Night at the Methodist Episcopal Church of Arcata Sunday night was well attended.

Mrs. Annie Marie Ostrander sang two solos. She was accompanied by Miss Hamilton. Edmund Jeffers also sang two numbers with Mrs. Jeffers accompanying him. Orman Oak played two selections on the marimba.

Reverend Homer S. Bodley, the pastor, presided and led the community singing.

### PREFERS HUMBOLDT TO OREGON SCHOOL

Albert H. "June" Fleishmann has enrolled in Humboldt State. Fleishmann made a trip to Ashland last Thursday, expecting to attend S. O. N. S. for the semester, but he returned to Humboldt that evening having decided not to enter the Oregon school.

Fleishmann will add considerable strength to all our athletic teams. He plays a backfield position in football, at guard in basketball, and second base in the national pastime.
