

HUMBOLDT LUMBERJACK

VOLUME V

ARCATA, CALIFORNIA, OCTOBER 13, 1932

NUMBER 3

NEW RULING AT U. C. AFFECTS TRANSFERS

STUDENTS PLANNING TO GO TO BERKELEY ADVISED TO SEE REGISTRAR

Students in Humboldt College who plan later to transfer to the University of California, should note the college regulations applying in each case, Miss Imogene Platt, registrar, advises. Miss Platt's announcement is as follows:

"There are certain new requirements for students who plan to enter the University of California with advanced standing, which apply to two classes.

"First, students who have high school records acceptable to the university both as to subjects completed and the number of "A" and "B" grades may transfer from Humboldt at any time, provided the students have a "C" average in their college work.

"Second, students whose high school record did not meet the University of California requirements must make up in college all high school deficiencies both as to subjects and as to grades. They may transfer to the university under the following conditions:

(a) "After finishing with a "C" average all junior certificate requirements in the college in which they will major in the university. Note that this requirements says 'requirements in the college in which they will major in the university.'

(b) "Or they may transfer to the university after finishing one semester or more of acceptable college work in the requirements of the proper college with a numerical average of "1.5"; that is, with an average half way between a "C" and a "B" grade. This regulation particularly affects pre-engineering students at Humboldt, since we give only one year of regular pre-engineering work here."

COLLEGE FACULTY TO BE ENTERTAINED

Unique invitations were sent the Faculty and their wives and husbands by the Women's Faculty Club recently, inviting them to attend the party which is to be given in their honor on October 21.

The program committee held a meeting lately at which an outline for the evening's entertainment was made. The plan is to have whist, which is to be followed by "old fashioned" dancing. After the dancing, which is to be held in the Social Unit, refreshments will be served.

Committees for the affair are as follows: Program Committee: Elma Folsom, Monica Wright, Ruth Bestor, and Lucy McLane. Music Committee: Stella Little. Decorations Committee: Imogene Platt and Ann Craig. Tables Committee: Monica Wright and Ruth Bestor. Refreshments Committee: Ellen Johnson and Belle Dickson. Miss Folsom and Miss McLane are to take charge of the prizes.

Anne De Luca Geary, H. S. T. C. '32, is working with the Cottage Candy Shoppe in Eureka.

Botany Class Has Sticktoitiveness

Botany students learn "sticktoitiveness" as well as botany, according to J. Wendell Howe, instructor.

With his only implement a hand trowel, Henry Bender, college student, dug four feet into a sand dune for a sand verberna root while on a field trip to the Samoa beach recently with the "2A Botany Class."

On the road home, the cars stuck in the sand and had to be extricated. Yet the class still had "sticktoitiveness," as all stopped to pick huckleberries on the way home.

Some 36 students and their instructor made the trip.

FIRST AID CLASS TO CONDUCT DRIVE

The local chapter of the American Red Cross has asked the First Aid students of Humboldt State to put on the annual membership drive in Arcata this year. The plan of using First Aid Classes was worked out successfully at Chico, State Teachers College, and the officials are anxiously awaiting the results here at Humboldt.

As a course in First Aid is not offered here in the fall, the former students have been selected to carry on the work. The drive will probably be conducted on Saturday, November 5.

The Administration and the Physical Education department feel that the fine work of the Red Cross deserves the support of the college, but they do not intend to begin a policy of supporting every drive of any nature in the community.

The students interested in this drive are Lucile Winter, Ruth Carroll, Howard Gregerson, Earl Tatman, Vada Hall, Elma Biasca, Ruth Carson, Melpha Cannam, Rollin Wilson, Anita Calanchini, and Jack Simpson. Miss Ann Craig and Miss Monica Wright of the Health Department, are sponsors for the drive.

College Program For Y. M. I. Meet

Several college students were participants in a fine program for the Young Men's Institute of Eureka last Thursday night. Hal Brogan and Frank Mendes were on the program committee for "College Night."

Lucile Winter and Melpha Cannam gave a novelty tap dance, and Harriet Finne read several humorous selections. Wayne Simpson, football captain and student body president, strummed a few pieces on his banjo. Clara Taubman sang a group of solos, accompanied by Ione Hamilton. To lend more college atmosphere, the entire group joined and sang a few Humboldt Snags to close the program.

Students Give Play

College Students presented "All on a Summer's Day" at the recent reception for Arcata teachers given by the Arcata Woman's Club at their club house. Members of the cast were Misses Margaret Rogers, Zdenka Poscic, Madeline Kammerzell, Jessie Hinch. The play was directed by Miss Lucy Neely McLane of the faculty.

George Gregory, H. S. T. C. '32, is working for the Hammond Lumber Company.

VISITING GIRLS TO BE GUESTS OF W.A.A.

TENNIS WILL BE USED AS MOTIVE FOR ANNUAL EVENT

With tennis as the theme of the W. A. A. Play Day, scheduled for October 15, the committee heads have been hard at work and now have everything planned for the amusement of the visiting 175 delegates from the high schools of Humboldt and Del Norte counties. Letha Robinson, chairman of the Games, Sports and Posture Committee, has announced that the day will be opened with "Get Acquainted" relays, followed by exhibition tennis matches, basketball, volleyball and serviceball. A posture parade will be held, both for individuals and for schools and the schools winning will be presented with a banner while the individuals winning will be given ribbons. In case of rain a

(Continued on Page Four)

LEON RICHARDSON WILL BE SPEAKER

Our speaker at the regular Friday morning Assembly will be Dr. Leon J. Richardson of the University of California. Dr. Richardson is head of the Extension Division of the University of California and a director in the American Association for Adult Education. He has recently returned from a year abroad, where he studied archeology of the Mediterranean section. He was interested primarily in extensive research in the civilization of Ancient Crete.

Dr. Richardson will also speak at the Arcata Rotary Club, and at the Humboldt University Club. His subject at the assembly has not yet been announced.

New Process for Commons Coffee

"Let's have another cup of coffee."

Why not? the latest additions to the equipment of the College Commons are three electric multiple Silex coffee makers, which, Ellen Johnson, instructor in charge, says, improves not only the flavor of the coffee, but reduces the amount of electricity used in the making.

These coffee makers are composed of two glass containers, almost round, through which the coffee drips from one to the other. In the process not one bit of coffee touches any sort of metal whatsoever which Miss Johnson believes, is one of the reasons for the improved flavor. A finer grind of coffee is used, and smaller amounts are made, which insure constant freshness.

Withdrawals and Changes

The Registrar of Humboldt has called attention to the regulations concerning changes in schedules and withdrawals from college. No changes are to be made in the student schedule of studies without permission of the Registrar. Students withdrawing from college must file a written statement of their intention to withdraw with the Registrar.

College Now Has A Model Student

Believe it or not, Humboldt College has a model student. In fact, he has been publicly "held up" as a model.

One day recently, this student, like all the rest, was in a hurry—to much of a hurry—to drive home. He heard the sound of a siren, and pulled over to the side of the highway at the drawbridge near Eureka.

Here his education was continued by the lecture method with the traffic officer in the role of instructor. In addition he was kept there as an example to all college students who were on their way home from school, driving across the marsh.

TWO NEW OFFICERS FOR COLLEGE "Y"

Rudolph Renfer was elected vice president, and Ernest Lampella, secretary and treasurer, at a meeting of the Humboldt College Y. M. C. A. group Friday evening at the "Y" headquarters in Eureka.

The committees appointed were program chairman, R. Renfer; social chairman, Herbert Moore; constitutional chairman, Frank Mendes; Asilomar chairman, Harold Moulton.

Plans were discussed for the sending of five delegates to the annual Asilomar convention at Asilomar from December 26, 1932, to January 2, 1933.

A hot supper was served preceding the business meeting.

Those present were: Orman Oak, president; Glenn Waldner, Fred Moore, Herbert Moore, Frank Mendes, Joe Rezzonico, Dave German, Harold Moulton, Ernest Lampella, Paul Ely, Marcus Roe, Rudolph Renfer, B. F. Wilson, advisor, and C. E. "Doc" Morrow, secretary of the Humboldt County "Y."

Winner of Trophy Now at Humboldt

Eugene Lytle who is now attending Humboldt State Teachers College to obtain an A. B. degree in physical education, was awarded the Hollander trophy in 1931 for being the best all-around football player on the Eureka High School varsity football team.

Lytle, who played guard for two years, was awarded the cup on sportsmanship, mental attitude, ability, willingness to aid others and for his team play coming above individual efforts. He was secretary-treasurer of his class in his Junior year.

Since graduating from Eureka High School, Lytle has worked for the Arcata Laundry and the Mercer-Fraser Company.

Trip to Be Made To College Cove

A trip to College Cove will be one of the activities of the Elementary Science class for October. The trip will be under the direction of Leland Lawson.

Each student in the class is required to give an original contri- bution to the projects which may be chosen.

Two in "Who's Who"

Two members of the Humboldt College faculty are in the new edition of "Who's Who," which has arrived at the college library. They are President Arthur S. Gist and C. Edward Graves, librarian.

INSKIP TO GIVE PIANO RECITAL ON OCT. 20

PROGRAM TO BE GIVEN IN EUREKA JUNIOR HIGH AUDITORIUM

Herbert Inskip of Humboldt College will give a piano recital at 8 p. m. Thursday, October 20, in the Eureka Junior High School auditorium. This is the first recital that he has given in Humboldt County in three years. He will give the entire program, without assistance from other musicians.

His program will consist of numbers from the works of Beethoven, Schubert, Rubenstein, Chopin and Liszt.

Mr. Inskip, who intends to follow music as a profession, began his musical education twelve years ago. For the last six years he has been studying under Pierre Douillet of San Francisco. Douillet was a pupil of the French pianist Noibert; was dean of the music department of the College of the Pacific for several years, and has appeared as a concert artist not only in the larger cities of America, but of Europe. Inskip recently made a joint appearance with Douillet before the music teachers' association in San Francisco. Two other Humboldt County pianists have studied under Douillet: Helen Delaney of Eureka, and Marie Todd of Arcata, the latter a former H. S. T. C. student.

Inskip has appeared as piano soloist or accompanist before most of the organizations in Humboldt County. For two seasons, in 1929 and 1930, he was with the "Humboldt Collegians," the college entertainers that toured Redwood Highway towns. Newspapers in a number of towns in which the troupe appeared proclaimed Inskip as one of the big hits of the program.

President Arthur S. Gist of Humboldt, in announcing to the faculty the coming recital, spoke of Inskip "not only as a musician of whom both the college and the community were proud, but one who was outstanding because of his graciousness in appearing before the various organizations in the county."

MENDES TREASURER OF STUDENT BODY

Members of the football team at Humboldt State Teachers College were honored at a pep rally and student body meeting recently in preparation for their game with San Francisco State Teachers College on Saturday of this week. Harlan Still led the yells, while Clara Taubman acted as song leader, Ione Hamilton furnishing the piano accompaniment. Talks were given by Captain Wayne Simpson and Coach Fred Telonicher. Members of the squad were introduced individually.

At the student body meeting which preceded the rally, Frank Mendes was chosen as treasurer to fill the place left vacant by the resignation of Clyde Patenaude. Patenaude gave as his reasons the pressure of student teaching and work outside of school.

It was decided to mimeograph copies of the constitution so that

Start The Wheels Turning

It is a true, but regrettable fact that some people can not or will not accept responsibility. Some of the members of the Executive Council and the Board of Control persist in neglecting Executive Board meetings. As student body officers, the transcripts of those who fail to carry out the duties of their office to the best of their ability and to the approval of the auditing committee will be withheld until some satisfactory arrangement or explanation has been made to the administration.

It is a sad state of affairs when two meetings of the Executive Council are arranged and a quorum fails to arrive at either. Can't the executive committee arrange some time to have a meeting? The machinery of government is such that the inactivity of the Executive Board is literally "clogging the wheels of industry."

H

Remembering Names And Faces

If we are to be successful in our social and business contacts, it is of extreme importance that we remember names and faces. There is no more valuable asset than the ability to place a man by his face and remember his name. The time to begin developing this talent is in college, provided of course that you have not found it useful already.

In previous years it has been an easy task to know the majority of the students one meets in the corridors, but now the enrollment is so increased that the number of strange faces mount to large figures. In a small college we should have the advantage of knowing all our fellow students. But have we?

Here is your opportunity to begin developing that great asset. If you are an upperclassman, take an interest in the lowerclassmen, and each day learn the name and face of some Freshmen or Sophomore. If you are a lower classman, reverse the process. What a congenial college this will be if we learn to know each other!

Re-Read Regulations

The Lumberjack wishes to refer some of the student body members to the last issue in which regulations for the spending and payment of student body money were printed. The material was not placed there to take up space, but for the information of the students. In order to make knowledge function in conduct, Mrs. Woodcock will refuse to pay any bills in the future which are not contracted according to the Requisition regulation. The one who makes the illegal purchase will hereafter be required to pay the bill himself.

We also would advise the students to read the regulation in regard to the use of the Gymnasium for any special occasion.

H

Optimism Vs. Pessimism

We wonder how many of the students agreed with the speaker of last Friday when he claimed that if we are in a rut, we can't get out of it? that we are so old that our habits are set? If we accept that philosophy, we will be admitting that there is no such thing as adult education, and that reform is really a myth. We will be admitting that our educational efforts here at Humboldt are futile, and that all our adult re-education projects are but wasted time.

The Lumberjack would prefer a more happier and optimistic viewpoint. We believe that when one is older, the habit is undoubtedly harder to break, but with proper application a new habit can be formed.

HUMBOLDT LUMBERJACK WILL CONDUCT A STRAW VOTE FOR PRESIDENT

Here is the announcement that we have all been waiting for! The Humboldt Lumberjack will hold a straw vote for President of the United States at this college on Monday, October 23.

The Lumberjack feels that there is a need for some political feeling among a group of mature students and the straw vote is one way of testing its presence. Then, it's an interesting thing to know just who Humboldt would rather have as President. Let's get into the spirit of the general election and let our preferences be known at the Humboldt Lumberjack straw vote for President.

Owing to the fact that the ballot box must be guarded against

stuffing, and that the votes must be counted and tabulated, the editorial staff has appointed a few members of the student body at large to act as an election board. These include Dale Merriam, Paul Ely, Glenn Waldner, Gerald Henry, Wayne Simpson, Jean Baldwin, Janet Woodcock, Helen Marks, Oliver Viale and C. R. Frost.

Only the names of Herbert Hoover, Republican, Franklin D. Roosevelt, Democrat, and Norman Thomas, Socialist, will be on the ballot, but in case a student has another preference a space will be left for write-in purposes.

If Humboldt State College were the electoral college, whom would we choose?

Hitch-Hiker Shows 'Paternal' Spirit

Three Humboldt State Teachers College students—two men and a girl—just had to get to Eureka by 3:30 one afternoon recently. Since no rides were forthcoming, they decided to hitch-hike. But there wasn't a ride in a carload.

They trudged onward and onward. Hunger overcame them outside the city limits of Arcata. Nearby were fields of corn and carrots. One of the men climbed a fence and emerged with a handful of carrots.

Finally a kindhearted motorist—a man—came along. Since there was room for one passenger only, the two men were left behind to keep each other company.

Soon there came up a car with four women and a baby. One of the women was the former Marie Melanson who attended Humboldt College last year. The two weary men were given a lift.

Oh, yes. So that there would be room for all, one of the men students held the baby on his lap the rest of the way.

H

Forest Botany Class To See Silver Pine

The Forest Botany Class with their instructor, J. Wendell Howe, plan to go to South Fork Mountain, October 15.

Word has been received by Mr. Howe that there are numerous species of the silver pine there, a type of tree the class has been looking for. South Fork Mountain which is bordered by the south fork of the Trinity River on the south, and the south fork of Mad River on the north, is about 75 miles from Eureka.

HUMBOLDT SPORTING NEWS

HOCKEY GAMES START SOON

Extra hockey practices are in vogue at Humboldt now, and the hockey enthusiasm is at a high point. Interclass rivalry is mounting, and a spirited tournament will probably result.

The Freshmen have had a lot of experience now, and are rapidly rounding into shape. The aptitude of those first year students cannot be doubted because some of them play like veterans now. The Frosh squads have not yet been announced, but it looks as though it will be hard to keep such players as Eleanor Renfro, Helen Sundquist, Louise Parker, Jean Baldwin, Ruaha Erickson, Mary Shinn, Rachel Christie, Lois Anderson, Marion Yakley, off the team.

The Sophomores have a strong aggregation out for practice, and they will be hard to beat. On the forward line they have Dona Ivancich and Jessie Hinch at wings, Mary Neilson and Margaret Rogers as inners, and Leora Hunter, center forward. Zorie Ivancich plays center half with Dolores Henders and Lois Jackson as right and left halves. Madeline Kammerzell and Anabelle Stockton have been playing the full back positions. Elva Baumgartner, hard hitting and steady fullback of last season, will probably play goal keeper this year.

The Upperclassmen have so many out for the team that competition for a place on the team is real stiff. Amy Vance will play center forward with Elma Biasca and Margaret Klinge or Blanche Charles as inners. Lucille Winter, Evelyn Feilding and Letha Robinson are competing for wing positions. Half backs include Al Renfro, Ruth Carroll, Melpha Cannam, and Ruth Carson. Janet Stewart will play one fullback position with Melba Daugherty taking the other. Bonita Hughes will be Goal Keeper. These girls have won the championship for two consecutive years and are going to fight hard to keep it.

Amy Vance, hockey manager, has announced the following schedule of games for the season:

Practice games:
October 19, Freshmen-Sophomore.
October 24, Freshmen-Upper-class.
October 26, Sophomore-Upper-class.
Games:
November 7, Freshmen-Upper-class.
November 9, Freshmen-Sophomore.
November 14, Sophomore-Upper-class.
Regulations:

1. At least six practice games before the games start.
2. No failure or conditions the preceding semester.
3. Physical examination is necessary.

Referees will include members of the Coaching Class: Ruth Carson, Elma Biasca, Margaret Klinge, Al Renfro and Miss Craig and Miss Wright.

Wife: "Do you know of what you remind me?"
Hubby: "No, but I know of what you remind me."
Wife: "What?"
Hubby: "Of everything I happen to forget."

PASSING ATTACK BRINGS DEFEAT

San Francisco State's strong passing attack proved the undoing of the Humboldt football team and the Highlanders went down to a 32 to 6 defeat last Saturday at Ewing field.

The Humboldt line proved the equal of their opponents, but the backfield was powerless against the passes of the San Francisco team. The lone Humboldt touchdown came as a result of power plays with Charlie Timmons carrying the ball most of the way.

Tom Dolf was the outstanding player on the line with Caviness, Nellist and Oliver all playing a steady game. Schmeder went in at center and looked good for his first game. In the backfield Timmons was outstanding with Fleishman showing up well for the amount of practice he has had.

Orchestra Makes First Appearance

The Humboldt College orchestra, under E. V. Jeffers of the music faculty, made its first appearance Friday morning at the assembly. The orchestra offered two numbers, "Dagger Dance" and "Connecticut March." The personnel of the orchestra is as follows:

Violin: Woodrow Thompson, Bernice Rasmussen, Harold Welch, Frank Degenhart, Lucinda Parr, and two high school students, Myron Schussman and Margaret Hessel.

Viola: Paul Ely, Marseille Spetz, Ethel Carroll, the latter from Arcata High School. Cello: Dorothy Williams. Double bass: Leo Schussman, Harlow Burgess. Flute: Mark Ely, Peggy Gregory, Thelma Pesola. Clarinet: Robert Tracy, Leo Pawlus. Saxophone: Francis Bray, Vera Linser.

Trumpet: Ada Sears, Beverly Bryan. French horn: Kathryn Forsyth, Louise Parker. Trombone: William Morehouse, Clark Gilman. Drums: Carl Owen. Piano: Ione Hamilton.

Crafts Class Now Costuming Puppets

Students of puppetry in Mrs. Stella Little's Elementary Crafts class at Humboldt State Teachers College, are now costuming their puppets, and learning the words of the characters portrayed in the plays to be produced.

"Rumpelstiltskin," "Jack and the Beanstalk," "Hans and Gretel," and "The Red Shoes", are the plays chosen. The last two are from fairy tales and the students have to arrange from the stories the stage presentation, as these are not put out in play form.

A Japanese play has been ordered which will offer a new type of work in puppetry, as those the students are working on now are copied after the ordinary marionettes.

College Girls Entertain
Dorothy Jones, Humboldt's Soprano, and Ione Hamilton, accompanist, were features of the Arcata Rotary meeting last Friday noon.

Herbert Yocom, former H. S. T. C. student, is Associated Press correspondent at Reno, Nevada.

FROSH MAY DISPLACE VETERANS, SAYS COACH

"I will start a team of freshmen against Ashland if the so-called veterans do not show more fight in practice next week than they did against San Francisco," said Coach Fred Telonicher when asked what the chances were of taking Ashland into camp.

Telonicher said that he thought the Humboldt line would hold its own against any team, but that he could not weaken it to help the backfield. If the backfield can stop the Ashland passes we shall have a good chance of winning the game.

The Ashland team is strong this year, having played a 12 to 12 tie with the California Aggies. Telonicher feels that they reached their peak at this game while the Humboldt team is still improving.

All of the Humboldt men are in good shape and with the game played here our team should have a good chance of winning.

Contracts Valuable Says Miss Craig

The outstanding value of the W. A. A. Play Day, according to Miss Ann Craig, faculty advisor of the Association, is the contacts the girls make.

"Who doesn't enjoy meeting and making new friends," asks Miss Craig. "Whenever girls play on teams together, the enjoyment that comes in meeting girls from other schools is greatly increased and this fun, which comes to active girls from actually playing with new friends, is one of the outstanding values to most Play Day guests.

"The girls who are Play Day hostesses have that added fun and satisfaction of using their originality and ability to plan and carry out a project which provided a good time for a large number of people."

Grade Pupils Give Work Day Program

"Work Day" was held by the third grade pupils of the College Elementary School recently in their classroom, under the direction of Valentina Lee Rocha, student teacher. At this time a demonstration for the mothers was given of the regular work program of the morning from 9:00 to 11:00.

The program opened with the flag salute. Each pupil then read his favorite poem. The Arithmetic period was held, followed by a spelling match. The program concluded with the children reading original poems and stories on their favorite vegetables.

Committees of pupils for "Work Day" were: Chair committee—Jimmie Smith, chairman; Harley Rylander, Kenneth Harp, Albert Norman. Food committee—Patty Klingler, chairman; Amelia Relac. Refreshments were served by Patty Klingler, Amelia Relac, Melba Dunlap and Betty Aronson. Mothers present were: Mesdames Sequist, Relac, Smith, Dunlap, Durston, Vincent, Harp, Aronson, Arnold, Wilson, Klingler, Jones, and Garland.

College People on Program

Humboldt College was represented by musicians on the program of the recent reception given by the Arcata Woman's Club for Arcata teachers. E. V. Jeffers of the music faculty, sang, with Mrs. Jeffers as accompanist. Herbert Inskip, college pianist, and Miss Virginia Lee Dickson, cellist, former student, were members of a trio, the third being Mrs. Maurine Miller, Eureka violinist.

Notes and Ideas From Other Campi

By Ugo Giuntini

A Great Idea

Some of the more serious-minded people on the Marin J. C. campus would like to have grades given out via the communistic method, that is, average A's, B's, C's, D's and F's, and give everyone the average grade. This would no doubt be specifically endorsed by those who took the Physical World ex last Monday.

* * *

Officer, Call a Cop!

A popular course at the Los Angeles J. C. is the Police Officer's curriculum. An age, height and weight requirement must be fulfilled to take the course. Nothing is said, however, about the size of the feet.

* * *

It Must Be Good!

Hungry students at John Fletcher College have been tearing up campus shrubbery in an effort to find an untouched birthday cake buried last fall by the senior class. Hope they beat the squirrels to it.

* * *

To Say Nothing of Hoops

An article in a paper from a southern college declares that revival of the mid-victorian era's style will mean the co-ed loss of freedom on the campus. The dignity of the dress would prevent gum-chewing and the bulk of corsets and petticoats would prevent rumble-seat driving.

* * *

Thirsty Co-Eds

The announcement that free beer, minus the alcoholic content (dear old Andy Volstead) and free pretzels would be served attracted a mob of students at the U. C. Free beer day is an annual affair on the Berkeley campus. There was a fly in the beer, however, for co-eds were not allowed their stein.

H

Class In Zoology Studies Sea Life

The Zoology 1A class with their instructor, R. H. Poultney, journeyed to College Cove about two miles north of Trinidad, recently to study the sea shore and the rocks for sea life. About 25 specimens of sea life were found by the students.

Many tide-pools were found, which are crevices in the rocks that retain the water after the tide has gone out. Professor Poultney says that one tide-pool in particular was outstanding not only for its specimens, but for its beauty. It was covered with green, purple, red, yellow, pink and brown specimens.

Hot-dogs and coffee were served to the 35 students who made the trip.

Next week the class will go to Eureka to study the sea-life of the bay and mud-flats.

H

San Franciscan Visits Humboldt

The successful man does a little more than is expected of him, and to do that he must budget his time, according to Paul Rieger, speaker at the regular assembly last Friday. Rieger is former chairman of the Rotary International Committee on Boy's Work, and is a prominent business man and Rotarian of San Francisco. Rieger's advice to students was to avoid dabbling in a variety of things, that it is better to know one thing well than to know many things haphazardly.

Besides speaking at Humboldt State, Rieger gave talks at the Arcata Rotary Club and at the Arcata High School.

Visting Girls to Be Guests of W.A.A.

(Continued from Page One)

complete indoor program has been planned.

Marian Edson, who is the chairman of the registration committee, has announced that each girl will be registered upon her arrival and assigned to a squad for the day's activities. These squads will be named after famous tennis players and the members of the squads will wear armbands of green and gold. It is to be arranged so that girls from the same schools will not be in the same squads therefore allowing them to become acquainted with one another. Alice Porter is in charge of the checking committee and she and her committee will check things belonging to the girls in Mr. Telonicher's office. Katherine Cloney is in charge of the publicity and has had posters made telling about the coming Play Day and has also taken charge of the making of the green and gold armbands for the girls to wear during the day.

At noontime the girls will adjourn to the commons, where a delicious luncheon will be served them during which songs, yells and talks will be enjoyed. Janet Stewart is the luncheon chairman and has announced that all the girls from the same schools will be seated together at tables decorated with their own school colors. The tennis motif will be carried out in the decoration through the use of ping pong nets on the tables and flowers and streamers will also be used. Leora Hunter is the decoration chairman. Favors for the luncheon are to be tennis visers made in the school colors. Adelaide Wethern is the chairman of the viser committee and the waitresses for the luncheon are being taken care of by Annabelle Stockton.

Following the luncheon the guests will adjourn to the auditorium, where the H. S. T. C. girls will put on a program. The idea of this program is to be the diary of a college freshman girl during her first few days of college. The diary will be read by Harriet Finne and will be acted out in pantomime by several of the W. A. A. Club members.

The afternoon will be ended in the big gymnasium with a dance at which the W. A. A. orchestra will play. Members of the orchestra are Dolores Henders, chairman; Mary Emily Spier, Ruth Carroll, Josephine McCurdy, Mildred Green and Amy Vance. Alma Ruth Sweet has charge of the reception and will be assisted by two of the faculty members, and Portia Collins is in charge of the information.

H

Famous Names for Play Day Squads

Squads for the W. A. A. Play Day this year will not be numbered but will be designated by the name of some famous and outstanding woman tennis player, according to Letha Robinson, chairman of the sports, games and relay committee.

Among the names already chosen, are: Wills (Moody) Ryan, Jacobs, Nuthall, Cross, Gladman, Morrill, Weisel, Palfrey, Greef, Harper, Alvarez, Aussem, Leglen, Marble and several others.

H

Lawyer for Defense: "Oh, you failed to charge the jury, your honor."

Judge: "They are all poor men, and if I should charge them we could not get them to serve as jurors."

PROFESSOR'S SON GIVES RECITAL

Myron Schummsam, 14-year-old son of professor Leo G. Schussman of Humboldt State Teachers College, gave a public recital at the Arcata Woman's Club house last Friday evening. The young violinist, who is the pupil of Mrs. Maurine Miller of Eureka, showed fine technique and his tone was soft and pleasing. La Folia by Correlli, was played especially well. Young Schussman is a senior in the Arcata High School, and has been playing in our college orchestra since the beginning of the semester.

Edmund V. Jeffers of the Humboldt faculty assisted at the recital by rendering some very pleasing baritone solos. His numbers included:

Von Eweiger Leibe-----Brahms
Plaisir d'Amour-----Martini
Evening Song-----Olinstead
To a Hilltop-----Cox

Jeffers was accompanied by his wife, and Schussman was accompanied by his mother.

An unusual number of college students and college faculty members attended the recital.

H

Return Dance Is Given by 'Frosh'

The annual Freshmen return dance was held Friday evening, September 30, in the college gymnasium and was a semi-formal affair. Music was furnished by Herb's Collegians.

The gymnasium was decorated with streamers of green and gold, the college colors. Claire Morgan acted as general chairman.

H

E. V. Jeffers of the H. S. T. C. music faculty is director of the Eureka Episcopal Church Choir.

Mendes Treasurer Of Student Body

(Continued from Page One)

extra copies of the document may be available to students in the library when desired. Ralph Goodwin was also appointed as a committee of one to investigate the possibility of having mimeographed copies made of songs and yells.

Wayne Simpson, president of the student body, named the members of the board of athletic control. Members of the board include Gillis Courtwright, president of the Men's Association; Lucille Winter, president of the Women's Athletic Association; Coach Fred Telonicher, the football manager who now happens to be Courtwright, Frank Mendes, treasurer of the student body, and Dr. Homer Balabanis, faculty member.

H

A teacher was giving his class a lecture on charity.

"Willie," he said, "If I saw a boy beating a donkey, and stopped him from doing so, what virtue should I be showing?"

Willie (promptly): "Brotherly love."
