ARCATA, CALIFORNIA, JANUARY 20, 1936

NUMBER 24

Santa Rosa Cagers To Play Here This Week End

WORK ON TENNIS COURTS BEGINS SOON

PARKING SPACE ALSO TO BE PROVIDED - FOOTBALL FIELD NEXT

Work will begin on the new tennis courts as soon as the weather permits, according to information from Sacramento, President Arthur S. Gist announced yesterday.

The courts are to be built on land recently acquired by the college, which is across the street from the main campus. Plans call for four courts to be completed eventually; two courts will be completed at present.

In addition, the present gravel-covered lot used for parking is to be graded and paved.

President Gist also said that he hoped to see this spring the first step in the development of the present playground into an adequate athletic field; namely, provision for better drainage.

Under the plans in mind, the first improvement would be the construction of a cement dam to replace the present one in the redwoods beyond the east end of the present playground. Water impounded here—part of which now is drained through the wooden flume at the south side of the playground—would be carried by means of eighteen inch cement drainage tile underground and along the base of the hill on the north side of the playground and would empty into the gulch back of the main building.

The next step, in the proposed plan, would be the cutting away of that hill on the north of the playground. Dirt so removed would be used to fill in the ditch back of the college buildings.

The newly provided field would then run north and south, instead of east and west as at present, and the new arrangement would permit of having a regulation size football and baseball field. Bleachers would be erected on what is now the west slope of the gulch back of the buildings.

FRESHMEN TO TAKE MEDICAL EXAMINATION

All new students entering Humboldt State Teachers College are required to have a medical examination and those who have not made appointments should do so at the Health Unit at once, Miss Ann Craig has announced. A number have already conferred with Miss Craig; the hours at which they are to report to the Health Unit are as follows:

Thursday, January 21: Lois Anderson, 10:05 a. m. Rosalena Ragon, 10:10; Marion Heney, 10:15; Mildred Swanson, 10:20; Genevieve Zook, 10:30; Phyllis Quinn, 10:35; Katherine Crevelli, 10:40; Helen Lowry, 10:45; Albina Olivotti, 10:50; Ruth Johnson, 10:55; Elloise Chase, 11; Juanita Larsen, 11:05; Rollin Wilson, 12; Eugene Bradley, 12:05.

Friday, January 22: Milton Huber, 11 a. m.; Frederick Moore, 11:05; Joseph Daly, 11:10; Herbert Moore, 11:15; Leland Cloney, 11:20; Harold Welch, 11:25; Dave German, 11:30; Henry Eagan, 11:35; Darrell Furber, 11:40.

Article By Jenkins Appears In Magazine

R. H. Jenkins of the Industrial Arts Department of Humboldt has an article "Polishing Pebbles," in the January number of "Industrial Arts and Vocational Education," a magazine of national circulation devoted to industrial arts, vocational education, manual training and related subjects. The article describes the equipment suitable for grinding and polishing small pebbles, which can then be used in making jewelry such as is made by members of Mr. Jenkins' classes. There are two drawings of the equipment used and also a photograph of samples of the work done by Mr. Jenkins' students here at Humboldt.

21 FROSH ENTER HUMBOLDT STATE

Twenty-one new students entered Humboldt College last Saturday at the pre-registration for freshmen students entering the college for the first time.

The following registered from Arcata: Darrel Furber, Harold Welch, and Godfrey German. The first two are from Arcata Union High School; German is a graduate of Sequoia High at Redwood City.

Henry Eagan is registered from Blue Lake, he is a graduate of Mission High School San Francisco. Ruth Johnson from Crescent City is from Del Norte High and Elloise Chase of Rio Dell attended Fortuna High.

The other fifteen freshmen entering last Saturday registered from Eureka; Lois M. Anderson, Leland F. Cloney, Katherine C. Crivelli, Joseph T. Daly, Marion H. Heney, Milton L. Huber, Helen E. Lowry, Fred J. Moore Jr., Herbert L. Moore, Albina M. Olivotti, Phyllis L. Quinn, Rosalena H. Ragon, Elmo K. Seely, Mildred F. Swanson, Genevieve Zook. Of these, Helen Lowry is a graduate of Round Valley High School at Covelo; the others are graduates of Eureka High School.

PRESIDENT GIST BACK IN ARCATA

President and Mrs. Arthur S. Gist returned to Arcata Sunday afternoon from the meeting of the presidents of the state teachers colleges at Fresno. President Gist also was in San Francisco and Sacramento on official business during this trip. On their way back from Fresno, President and Mrs. Gist drove out to the school in which "Kas" Nellist is teaching in Modesto and made a short visit with her.

COLLEGE PRESIDENTS WILL MEET IN ARCATA

What is, as far as can be learned, the first meeting that the presidents of the California teachers colleges have ever held at Humboldt State College will be held at this college in May.

At the meeting of the presidents just held in Fresno, President Arthur S. Gist of Humboldt invited State Superintendent Vierling Kersy to hold the meeting here and the invitation was accepted. The meeting will be on May 2 and 3.

C AVERAGE TO BE REQUIRED FOR GRADUATION

RECENT FACULTY RULING RAISES STANDARD FOR DEGREE

Scholarship standards for graduation from Humboldt State Teachers College have been raised.

A "C" average will be necessary for graduation from any curriculum of the college after January 1, 1936. That is the substance of a resolution passed at the last faculty meeting. This means that the first class to which this new ruling will apply is the new class entering at the beginning of this present semester. The ruling does not apply to students who entered last semester or before, unless by chance they should drop out of college for a time and delay their graduation until after January 1, 1936.

The adoption of a "C" average for graduation is the second step taken this school year toward higher standards at Humboldt. Last fall a resolution was passed to the effect that a "C" average, and in addition, the possession of certain desirable personal qualities—and the lack of certain undesirable ones—would determine whether students would be permitted to do student teaching. This "C" average standard for student teaching went into effect with the class that entered during the fall semester, 1931.

Since a semester of student teaching is necessary to obtain a teaching credential, the ruling passed last fall means that students who do not meet the grade standard of "C" will not be allowed to become teachers.

And now there is the additional requirements of a "C" average for graduation from any curriculum.

SIX STUDENTS EARN DEGREES

Although there were no formal commencement exercises to mark the event, six Humboldt students completed their work in the college for their degrees at the end of the first semester.

Ivy Cartwright and Evelyn Shuster, both of Eureka, and J. H. McCammon of Pittsburgh, California, each completed the work for the A. B. degree in Education; Dorothy Johnson of Eureka, A.B. in biological science; Helen McKeehan, of Eureka, and Rollin Wilson, of Bayside, A.B. in social science.

Of the foregoing, Helen McKeehan has already entered the University of California, and J. H. McCammon has entered Stanford.

MacMILLAN HEADS MEN

Ellis MacMillan was re-elected president of the Associated Men Students of Humboldt State Teachers College. Other officers chosen at the same time were Bertil Munther, vice-president; Clyde Patenaude, secretary-treasurer; Harlan Still, yell leader.

'Reps' at Stake In League Tilt

Bert Munther says the only reason why he beat Ugo Giuntini for the peanut league championship was to keep up his reputation. In case some of the students don't know it, this is the third consecutive year that a team captained by Munther has won the loop title.

Ugo Giuntini says the only reason why he lost to Bert Munther for the peanut league championship was to keep up his reputation. In case some of the students don't know it, Ugo is the chief "runner up" in the school. On no less than five occasions in the three semesters he has been here, "Ug" has finished second in sports events—two consecutive years in basketball, two consecutive years in volleyball and in the tennis mens' singles ladder sponsored last year by the Physical Education department.

GIRL ATHLETES GIVEN AWARDS

Hazel Christensen, Evelyn Feilding, Vada Hall, Alice Renfro, the four members of the Women's Athletic Association who are now wearing their new "Block H" sweaters, awarded at the last student body meeting, have each made enviable records. The sports and seasons in which each participated are as follows:

Hazel Christensen: wing forward on class hockey team three seasons; varsity forward in basketball two seasons; class volleyball two seasons; varsity volleyball one season; varsity baseball pitcher one season; class baseball one season; tennis one season. Miss Christensen is president of the Women's Athletic Association for this year.

Evelyn Feilding: class hockey three seasons; varsity basketball two seasons; class volleyball two seasons; varsity baseball one season; class baseball one season.

(Continued on Page Three)

ADVISORY COUNCIL FOR COLLEGE GIRLS

Three women faculty members have been appointed by President Arthur S. Gist of Humboldt to act as an advisory council for Humboldt College women students. They are Miss Ann Craig, chairman; Miss Imogene Platt, and Miss Violet Stone.

The purpose of the council is to assist the women students in every way possible and to advise with them on personal, financial, or social matters. The council, members of which are willing to be called upon at any times, will function both as a group or as individuals. Any woman student, or any woman's organization, should feel free to call upon the individual members of the council for help or advice, according to Miss Craig.

RENT LOWERED

In order to stimulate the rental of non-fiction books, the Humboldt Teachers College library has reduced the rate on non-fiction to five cents for each three days or fraction thereof. Fiction books will still rent, as formerly, for five cents for each two days or fraction thereof.

GAMES SET FOR BOTH FRIDAY, SATURDAY

INVADERS STRONG IN ALL DEPARTMENTS—CROWDS EXPECTED

The intercollegiate basketball season at Humboldt State Teachers College opens this week-end when the strong Santa Rosa Junior College team comes here for a pair of games, one Friday night and the other Saturday. Santa Rosa has a good team this year as is evidenced by their victory over San Francisco State recently. The victory was by a margin of five points and Humboldt's showing against the Santa Rosans this week end will enable the fans to dope out the local cagers' chances when they invade San Francisco next month.

Although the Humboldt squad has been considerably weakened this year due to ineligibilities and injuries, Coach Fred Telonicher will put a good combination on the floor and the Santa Rosa outfit will experience much difficulty in winning the games—if they do.

Preliminary games for the two contests have not yet been lined up, but Telonicher is endeavoring to secure a pair of fast games to precede the feature tilts each evening. Attempts to sign up the Arcata and South Fork High school squads to play preliminaries the first evening failed to mature and Telonicher is still undecided. He assures us, however, that the fans can expect two fast games as preliminaries. The Freshmen may be pitted against some suitable opponents he stated.

The starting lineup has not been officially announced but it is evident that either Gordon Hadley, Calmer Kincaid, or Jack Simpson will start at forwards; Marion McFarland or Hadley at center; and Glenn Waldner, Wayne Simpson, Percy Finley, or Ugo Giuntini at guards.

Officials have not yet been selected.

Preliminary games will start at seven thirty each evening.

WOMEN'S AWARD REQUIREMENTS MAY BE RAISED

An amendment to the constitution of the Associated Students will be voted on at the next meeting of the Student Body. The proposed amendment provides that "The Women's Athletic Association awards shall be granted to all women who fulfill the W. A. A. requirements for such awards the highest award being presented by the Associated Students."

The purpose of this proposed amendment is to permit the Women's Athletic Association to raise their requirements from time to time for their awards. At present the requirements are embodied in the constitution of the Associated Students and standards could not be raised without being voted upon by the entire Student Body.

At present the requirement for a woman student to earn a "Block H" sweater is to accumulate a

Better Distribution of Dues

Recently, since the depression has taken a grip on all of us, many dissatisfied students have been heard bewailing the fact that not enough benefit is received for the student body fee. The editorial staff thought, "What a fine editorial topic!" But on investigation we cannot make one suggestion as to how some of the money may be diverted to other activities.

Several students have pointed out that they have not received one benefit from student body dues. They are not skilled enough to play on athletic teams; they have not been ill or injured and never have visited the Health Office for medical aid; they pay extra for admittance to games, in addition to the regular fee; and they pay additional dues to every form of student activity. If a very large group of students is in the same situation, their plight indeed is tragic and extremely sad.

But the Lumberjack feels that whatever the distribution of money, these people would still be unable to participate for one reason or another. In the Associated Students' Budget money is parceled out to almost every conceivable activity—to athletics, to health service, to dramatics, to music, to dances, and to anything else the students wish it to be given. It is the fault of the student who does not wish to participate and not the fault of the money "budgeters" that those students are prone to think they are receiving nothing for their money.

Mr. Gregory, president of the Associated Students, is anxious to comply with the wishes of the entire student body, and wishes to budget money for "the benefit of the most members." He has asked us to announce that all suggestions for better distribution of dues will be gladly received, and that every effort will be made to put them into effect.

OPINION AT HUMBOLDT STATE

Mr. Editor:

Would I be out of order if I mentioned the rather disagreeable habit of filling the drawers in the teachers' desks in the classrooms with paper scraps, lunch scraps, and other refuse? Just as a matter of curiosity I opened the drawers in one desk and found quite a collection of discarded material, even live stock. One drawer had what was undeniably the remains of someone's lunch in it and what was more, but not confined to the drawer, a very disagreeable odor. Imagine my surprise when I opened another drawer and perceived a swarm of young mosquitoes coming out like the swarm from Pandora's Box. I really think Humboldt students should easily be able to remedy this situation without a great deal of inconvenience.

(Signed)

—M. CARTER.

A young man fell into a state of coma, but recovered before his friends had buried him. One of them asked what it felt like to be dead.

"Dead," he exclaimed. "I wasn't dead, because my feet were cold and I was hungry."

"But how did that make you sure?"

"Well, I knew that if I were in heaven I shouldn't be hungry, and if I were in the other place my feet wouldn't be cold."

Admonition to patronize thy neighborhood druggist, or grocer, or butcher, or baker, offereth but a variant of the principle of a protective tariff in emphasis of preference for home products.

BELIEVE IT OR NOT HERE IS NEW ONE

Here's one for the book.

Housewives in Arcata meet some strange people at their doors and hear some strange tales.

The doorbell rings and a dapper young gentleman is there with an offer to send you all the latest magazines for next to nothing a year. Invariably he is working his way through college and only one more subscription will enable him to obtain his A.B. degree.

Such a story, especially in a college community, usually brings results; especially with faculty wives.

But there's one faculty wife who thinks she has heard the prize story.

Last week the doorbell rang. The usual young man was there. He had something that looked like a candy paddle and smelled like mothballs, the something really was designed to serve the purpose of moth balls.

"I'd appreciate your help," said the young man to the faculty wife, "because"—and here the faculty wife idly wondered whether he would say "Stanford" or "California"—"I'd appreciate your help," the young man said, "because I'm just out of San Quentin."

(Note: "Bingles" or tight rolls of hair will be worn under the current style hat.)

Bingle, bingle, little thing,
How becomingly you cling
Up upon milady's neck
Where her snowy skin you
deck.

Little filament of hair
—You are quite a number
there—
'Neath her new "Ood-Jenny"
curled

For the wonder of the world;
You look better, when not
slipping,
Than a nape that needs a
clipping.

A legal decision as to whether the state will be allowed to open by dredging the mouth of the Salinas River will be made about March 1.

thousand points, a hundred points being awarded for making varsity team and seventy-five points for making a class team.

It is proposed that in the future the sweater be an honorary award instead of being on a point basis only. Requirements would be the earning of one thousand points as before but in addition the making of a "C" average in grades, and the showing of sportsmanship and interest in athletic activities; t.w. wearers of the sweater would be chosen by the women who have already received the "Block H" sweater award.

HUMBOLDT SPORTING NEWS

FERNDALE FIVE WINS 36 TO 16 FROM H. S. T. C.

Looking like anything but county champions, the Humboldt State basketball team dropped the opening game of this season to the Ferndale Independents last Wednesday night on the latter's court. The final score was 36 to 16.

The loss of several of last year's stars was keenly felt by the team in this game as the Ferndalers roughed our players all over the court. Lacking a single six-footer, the college team was simply snowed under by their taller opponents who took advantage of every opening and spared neither themselves nor the Humboldters.

The two bright spots of Humboldt's play was the performance of the "second string," who did a much better job than their older and more experienced team mates were able to do, and the guarding of Glenn "Doggy" Waldner, who held Pat Hartley, last year's scoring champion, to a lone field goal.

Many Fouls

Shortly after the opening of the game the college boys sensed that the game was only a "knock-down, drag-out" affair and entered into the spirit of the thing, but seemed to get the worst of the deal from their experienced opponents. A total of 37 personal fouls were called, 17 of which were on Humboldt. The locals were able to sink but one-third of their free throws, looping 8 out of 24.

Brazil, Ferndale forward, was high point man with ten points. Haven Howatt led the Humboldters with four points.

In the other county league game, the Samoa Blue Devils took an extra-period game from the Arcata Firemen, 29-27.

The line-ups:

College (16)	Ferndale (36)
J. Simpson, f, 3	Hartley, f, 3
Kincald, f, 3	Redden, f, 1
Howatt, f, 4	Brazil, f, 10
W. Simpson, f, 4	Grinsell, c, 4
Moore, f, 1	Hansen, c, 2
Tatman, f	Becker, g, 8
McFarland, c, 2	Fowler, g, 5
Kaski, c	Lanini, g
Sullivan, g, 1	Kausen, g, 3
Waldner, g	
Finley, g, 1	
Giuntini, g, 1

Freedom of the Press Urged for Colleges

(By College News Service)

NEW YORK, Jan. 16.—A resolution condemning faculty censorship of student publications this week caused widespread editorial comment, following its passage at the annual meeting of the Women's Intercollegiate News Association at Pembroke College in Brown University.

Urgent need for a general recognition of "freedom of the press" among college papers was expressed by Editor Helen Block in the Barnard College Bulletin as a result of disclosures made at the convention.

Santa Clara—Work started on \$132,200 paving project that will reroute state highway thru this city over Clay and Grant streets.

MUNTHER STARS AS TEAM WINS PEANUT LEAGUE

Nosing out Ugo Giuntini's team by a single point, Bert Munther's quintet won the basketball championship of H. S. T. C. Wednesday, January 6, in the final game of the noon peanut league. The final score was 17 to 16. This game was one of the best of the year and brought to a close a very successful peanut loop.

Munther led 11 to 7 at half time, but Giuntini's squad, led by Pinky Gallagher, rallied to take a 16 to 15 lead with thirty seconds to play. Here Munther took matters into his own hands and sank a long field goal to give his team the victory and with it the championship.

Munther and Mendes led the scoring for the winners with five points each while Gallagher sank six points for Giuntini. Eddie Samons, of course, came through with his usual pair of "hope shots."

The lineups:

Munther (17)	Giuntini (16)
Samons, f, 4	Merriam, f, 3
Crosby, f, 3	Gallagher, f, 6
Munther, c, 5	Jasper, c, 2
Mendes, g, 5	Williams, g, 1
MacMillan, g	Giuntini, g, 4

Officials: Referee, Fred Telonicher; Timer, Wilson Woodcock; Scorer, Buster DeMotte.

BUILDING PLANS NOW COMPLETED

Plans for the new elementary school for Humboldt Teachers College, to be erected on a site a block from the southwest corner of the main campus, have been completed. President Arthur S. Gist has announced. It is hoped that bids will be let soon. The architect for the new structure, Frank T. George, of Eureka, according to plans announced Monday, is to be in Sacramento this week to check over details with Andrew Hill chief of the division of school house planning of the State Board of Education.

Professors, Too, Have Their Sins

(By College News Service)

URBANA, ILL., Jan. 13.—Atrocious neckties," when worn by professors, constitute the basis of the world's worst sin in the opinion of students at the University of Illinois, who were questioned this week concerning their pet aversions.

Using coat lapels to polish fingernails, sitting pigeon-toed behind their desk, snapping rubber bands during tests, and snapping pieces of chalk during lecture periods also are listed among the "deadly sins" of which a professor can be guilty.

To December 15, Hemet, Riverside County, had received 4.95 inches of rain as against .20 of an inch to same date last year. August 11, a downpour brought 1.12 inches and on December 9, another dropped 1.16 inches.

A few cars of Navel oranges left the San Gabriel Valley, Pomona district, about Christmas but the active shipping season opens about January 10.

All available space has been taken for exhibits at the National Mid-Winter Flower Show to be held in Encinitas, San Diego, County, in February.

Notes and Ideas From Other Campi By Ugo Giuntini

"The Siskyou," school paper of Southern Oregon Normal, points out the fact that their football team was the best in the United States. This conclusion is based upon comparative scores of teams played by the "Sons" and those played by their opponents. The paper proves definitely that the team was 28 points better than Southern Cal., and finally that it can beat itself by a score of 60 to 0. The figures are there, in black and white, and figures don't lie—so, don't ask any questions.

Where do we rate according to the above? Humboldt State lost to S. O. N. S. 9 to 7.

From the Santa Barbara "Road-runner" we read that the men are spreading woeful looks around the campus. The reason is well stated in the following words, which is the heading of the article: "Girls to Date for Leap Year Hop; Men to Toe Mark." It's up to the co-eds to make the dates, furnish the transportation and the food following the frolic.

I move and second the motion that we have more leap years.

The annual comic edition of the San Diego College "Aztec," the "Razztec," made its appearance recently with these words blazoned across the front page: "Trio Fails in Search for Campus Queen." Fifty requirements were voted upon and the committee was not successful in finding a single feminine student who was outstanding in any two of them. The requirements were such as: feet, dancing, hands, dimples legs etc.

It wouldn't be difficult to find a member of the fair sex in dear old Humboldt who could qualify in at least a dozen or so of these. What do you think, Pal?

NEW CLASS FOR THIS SEMESTER

"Classification of Flowering Plants" is a new class that is being given this semester in which townspeople in Arcata and Eureka may be interested in taking.

This class, which is under the direction of J. Wendell Howe, will meet for one three-hour period a week on Wednesday afternoon, beginning at 1:45 o'clock and will carry one unit of college credit.

There is no pre-requisite for this course, and, incidentally, no text to buy. Practically the only expense, besides that for paper, will be seventy-five cents for a hand lens.

The class will be all "laboratory work," which will consist largely of field trips in the vicinity of the college, and one all-day field trip to Kneeland Prairie.

REGISTRATION LARGER

Three hundred students had registered by 5 o'clock Monday afternoon when formal registration for the second semester of this school year ended.

This number is fifty-eight more than had registered by the close of the formal registration day for the second semester of last year, when two hundred and forty-two registered.

Expenditure in excess of \$11,000,000 planned by Southern California Edison Co., Ltd. for 1932, according to R. H. Ballard, president.

Savannahans Say Georgia Colonists Were Not Criminals

(By College News Service)

NEW YORK, Jan. 18.—In future editions of Muzzey's "History of the American People," the phrase describing early colonists of Georgia as being mainly "poor debtors and criminals" will be eliminated, it was announced this week by Professor David S. Muzzey, the author.

While commending the Savannah, Ga., Board of Education for its "local pride" in protesting against his statement in the history, Dr. Muzzey said the offending phrase was not being deleted as a result of charges of inaccuracy, but because "there was no shadow of an idea in my mind of casting any aspersion on the people of Georgia."

The Savannah board had registered vigorous objections to the use of so realistic a description of the early settlers of Georgia as that contained in the history.

Los Angeles—Plans progressing for construction of proposed \$56,000 74th Street School building. Yuba City—Building permits issued here during 1931 totaled \$212,363.

TWO GAMES SET BY ST. MARY'S

(By College News Service)

MORAGA, Calif., Jan. 19.—Two intersectional football contests, to take place in 1932 and 1933, this week were scheduled between St. Mary's College here and Fordham University in New York.

The first game will be played in New York November 5 of this year and the second in San Francisco November 4, 1933.

California makes one-fifth of all cottage cheese in this country and stands first on Italian type cheese.

HAVEN HOWATT UNDER KNIFE

Well on the way to discovery but out of the lineup for a month or so, Haven Howatt, varsity basketball forward, is in the St. Joseph hospital, Eureka, as a result of an appendicitis operation last Wednesday night.

Howatt was stricken suddenly in the dressing room of the Ferndale gym immediately following the opening game of the season Wednesday night with the Ferndale Independents. He had mentioned not feeling just right before the game, but no one supposed that anything was radically wrong.

Howatt was one of the outstanding players on last year's championship team and appeared to be well on the way to another successful season when fate intervened. He rallied nicely following the operation and the attending physician, Dr. G. F. Norman, stated that he would be ready for service in four or five weeks.

—H—

STUDENT BODY TO MEET ON FRIDAY

The first Student Body meeting of the new semester will be held Friday morning of this week beginning at 10 o'clock in the college auditorium, George Gregory, Student Body president has announced.

The incoming freshmen will be formally welcomed to Humboldt College.

In addition, two amendments to the Student Body constitution will come up, one for vote, one for discussion.

A proposed amendment whereby the Women's Athletic Association will be permitted to raise its own standards for its awards without going through the Student Body as a whole will be voted on. This was given its first reading at the last Student Body meeting before Christmas.

In addition, another proposed amendment will be given its first reading. This amendment proposes to give letters to sports managers and to yell leaders.

The last part of the meeting will be devoted to a pep rally in preparation for the basketball game with Santa Rosa.

PRO MUSICA CLUB

TO HOLD MEETING

Following reorganization this semester, the Pro Musica Club will hold a recital and tea Thursday afternoon at 4 o'clock in the College Social Unit, Miss Janet Stewart president announced. This club, which is open to all who are interested in good music, has been in existence only during the past semester.

A program of musical numbers has been planned which will be followed by a simple tea. The program will be as follows: Piano numbers, Helen Madsen; Vocal numbers, Clara Taubman; and instrumental numbers, Lucinda Parr, Dorothy Williams, and Ione Hamilton.

The new officers for the club are Janet Stewart, president, and Clara Taubman, secretary-treasurer. Florence Theophilus was the president last year. Mrs. Marie Ostrander is the faculty sponsor.

Members are: Helen Madsen, Sara Hartley, Lucinda Parr, Katherine Duffy, Ione Hamilton, and Florence Theophilus.

Righto

"Yes, Robert, 'amo' is the Latin word meaning 'I love'. Now what word suggests its opposite?"

"Reno."

LETHA ROBINSON TO HEAD SUNSET HALL GIRLS

MARJORIE KAUSEN

Letha Robinson of Ferndale has been elected president of the women's organization at Sunset Hall, the women's dormitory. She is a junior and a participant in sports and activities for women. The other newly-elected officers are Marion Diedrichsen, Ferndale, vice-president; Annabelle Stockton, Shively, secretary; Marcia Smith, Crescent City, treasurer; Vada Hall, Willits, chairman of social committee; Louise Johnstone, Petaluma, house manager.

Marjorie Kausen, a senior, whose home is also in Ferndale, is the retiring Sunset Hall group president. Under her presidency a number of social activities were held

LETHA ROBINSON

at the dormitory this fall. Miss Kausen is vice-president of the Associated Students of Humboldt College and head of the Student Board of Control. A participant in women's athletics, she was one of those to whom a woman's "Block H" sweater was awarded last spring.

Other retiring officers of the dormitory organization are Rigmor Vinum, Ferndale, vice-president; Gertrude Hunter, Fortuna, secretary; Zelma Tomlinson, Orick, treasurer; Letha Robinson and Hazel Christensen, Ferndale, social committee; Esther Genzoli, Lolla, house manager.

FOUR 1-ACT PLAYS TO BE GIVEN SOON

Humboldt Teachers College students, under the direction of Lucy Neely McLane will again participate in the raising of funds for the unemployed in this community when they present four one-act plays early in February. The benefit performance this time will be under the auspices of the service clubs of Arcata.

This is the second such performance, the first being "Grumpy" which Miss McLane's students presented before Christmas, under the auspices of the Arcata post of the American Legion. This was given at the Minor Theatre, every seat being sold.

The four one-act plays with the characters are as follows:

"All On a Summer's Day," by Colin Clements; cast—"One," Janet Stewart; "Two," Madeline Kammerzel; "Three," Zdenka Posic; "Mammy," Dixie Lee Starkey. This is an interlude, telling of the fulfilling of the dreams of three young girls.

"Op 'O Me Thumb," by Frederick Fenn; cast—"Madame Didier," Blanche Rall; "Mrs. Gallo-way," Margaret Rogers; "Rose Jordan," Katherine Forsythe; "Celeste," Clara Taubman; "Amanda Afflick," Jessie Hinch; "Horace Greensmith," Rollo Guthridge. This is the romance of an imaginative girl, the lead being taken by Jessie Hinch.

"Flirtation," by Frank Forrester; cast—"Pierrot," Dale Merriam; "Pierrette," Harriet Finne; "Colombine," Ione Hamilton; "Harlequin," Harlan Still; "The Music Man," Herbert Inskip. This is a pantomime.

"The Valiant," by Holworthy Hall; cast—"The Valiant," James Usher; "Father Daly," Chester Groom; "Warden," Louis Tallman; "The Girl," Clara Taubman; "Attendant," Buster DeMotte. This is a gripping story of a man condemned to death, and of the efforts to elicit information concerning his identity.

Read The Lumberjack and keep up on the News.

'ROYAL FAMILY TO' BE PRESENTED HERE

The Humboldt actors are starting the coming season with one of the most sensational Broadway hits of the past three years, "The Royal Family," by Edna Ferber.

In three dynamic acts one gets a peep at the private lives of a great family of actors, the Cavendish's. Their names are in electric lights from Broadway to Hollywood. yet the family has its troubles. It is in reality, a take-off of the Barrymores.

Juanita Larsen, who took the title role in "Dolly," is going to depict "Julie," or Ethel Barrymore, Lorene Barnum will take the part of "Fanny," the old mother of the "Royal Family." Miss Barnum is a former student of H.S.T.C. and has taken an active part in dramatics in the community. The part of Tony, or John Barrymore, will be taken by James Usher.

A complete list of the cast will be published later.

The cast will start rehearsals immediately under the direction of Miss Lucy Neely McLane. The cast and director hope to maintain and even surpass their past productions with this new play, "The Royal Family."

W. A. A. To Vote On New Constitution

The proposed new constitution for the Women's Athletic Association will be voted on at a meeting to be held during the eighth period Wednesday afternoon of this week in the social unit.

The W. A. A. board has accepted the new constitution and asked that it be brought up for discussion and vote at this time. A number of changes will be put before the members at this time, as embodied in the proposed new constitution, as follows:

That the women sports managers be elected by the group interested in that particular sport at the end of the season instead of being chosen at a general meeting.

That the standards for awarding the "Block H" sweater for women be raised; this proposal, incidentally, needs the sanction of the whole student body and is to be brought up at the next student body meeting.

That there be a nominating committee for all officers, except sports managers.

That a class numeral be awarded to a woman making three hundred points.

That there be two classes of memberships in the W. A. A.: a woman must earn fifty points before she can become an active member; others will be inactive members. Under this plan any woman student could become a member of the W.A.A. Inactive members would participate in social affairs but would have no voting power.

Ruth Carroll, chairman, Mary Carter, Edith Cameron, and Evelyn Feilding were members who drew up the new constitution.

NEW DICTIONARY TO APPEAR

(By College News Service)

CHICAGO, January 16—Preparation of a dictionary for the "man of the street" was under way this week at Chicago University. Definitions of such expressions as these, it was announced, will be found in the new lexicon: bootleg, speak-easy, ace, whoopee, deb, awful, bunk, debunk, blighter, dizzy, blah and fizzle.

DO YOU KNOW

By "Clyde" and "Doggie"

—that the Water Hyacinth, a very popular cultivated floating aquatic plant, has spread in the St. John's River, Florida, so that hundreds of thousands of dollars have been needed to clear the river for navigation? It is known locally as the "million dollar weed."

—that Thomas A. Edison exhibited the first moving picture in 1896?

—that postage stamps were first used in 1840?
