## NEW RULING SET FOR STUDENT ACTIVITIES

ATHLETICS, DRAMA, POSSIBLY MUSIC WILL BE HIT BY NEW REGULATION

A scholarship requirement for participation in extra-curricular activities at Humboldt State Teachers' College becoming effective with the fall semester of this year was adopted at a recent meeting of the faculty. President Arthur S. Gist announced Friday. Following recommendations by the athletic and dramatic departments, the Scholarship Committee endorsed the regulations and submitted them to the faculty to pass on. A similar recommendation from the music department is expected in a few days, Gist stated.

In order to participate in extra-curricular activities a student must (1) be carrying at least 12 units of work, (2) be passing in 11 of the units carried before each participation and (3) have passed in 11 of the units during his previous semester.

## HUMBOLDT ACTORS GIVE FOUR PLAYS

A comedy, a pantomime, an interlude, and a tragedy made up a varied program of one act plays presented by the Humboldt State Teachers' College Players under the direction of Miss Lucy Neely McLane in the assembly hall last Thursday afternoon.

"All on a Summer's Day," "Op 'O Me Thumb," "A Flirtation" and "The Valiant" were presented by casts of beginning and advanced dramatic students.

The dramatic part played by Jessie Hinch in "Op 'O Me Thumb"; the artistry of Dale Merriam in "A Flirtation"; the costumes and setting of "All on a Summer's Day"; the convincing role of Louis Tallman, the sympathy of Chester Groom, simplicity of Clara Taubman and the acting of James Usher in "The Valiant" were considered outstanding points by Miss McLane.

The lighting effects were designed to reflect the moods of the plays. This was shown by the play of colors on the dancer in "A Flirtation" and the change from blue to amber lights as "The Valiant" progressed.

## New Members In Orchestra

Two new members have been added to this semester's orchestra at Humboldt State. They are Harold Welch and Elene Rasmussen.

The orchestra now consists of the following members: Violin Bernice Rasmussen, Harold Welch, Wood Thompson, and Lucinda Parr, Clarinets—Henry Bender, Mildred Green, Louis Tallman, Wilma Wagle, Saxophone, Ruby Hunt, Vera Linser, Elene Rasmussen, Cello, Virginia Lee Dickson, Trumpets, Ada Sears and Elva Quarnheim, Flute, Mark Ely, Harmonium, Ione Hamilton, Trombone, Bill Morehouse, French Horn, Janet Stewart, Bass Viol, Leo Schussman, Piano Marjorie Torp.

## WHY STUDENTS LEAVE SCHOOL

Poor scholarship at Humboldt State Teachers' College during the past semester resulted in the disqualification and placing on probation of 17 students it was revealed by the registrar's office this week. Eight students were disqualified, seven for poor scholarship and one for undesirable personal conduct. In the latter case, disqualification was for an indefinite period.

According to the present faculty regulation, any student who makes less than a "D" average in work for one semester is subject to disqualification. Each case is considered individually.

Reinstatement for disqualification comes after one semester has elapsed and the student has (1) shown that he has been profitably employed or has devoted his time to worth while pursuits and (2) appeared before the Scholarship Committee and proven that he has a more serious purpose towards his work here.

Reinstatement for probation comes when the student makes a "D" average or better in all work carried during the following semester. If he fails to make such record, he is automatically disqualified for the next semester.

## Hugh Landrum To Come Here

Hugh Landrum, secretary of the Southwestern Conference of the college Y. M. C. A. work, is planning a trip to Humboldt State Teachers College. The tentative dates of his visit here are the 16-17 of March. Mr. Landrum will appear before the men's assembly on one of the above dates. He will also speak to the College "Y" group.

### HUMBOLDT TRIO PLAYS

The Humboldt State Trio played at a dinner given by the ladies of the Women's club at their Clubhouse in Arcata last Monday night. The trio is composed of Herbert Inskip, piano; Virginia Lee Dickson, cello and Francis McKay, violin.

The numbers played by the trio were:

1. Movement from the first Opus Trio No. 99 by Franz Schubert.
2. Movement from first Trio No. 63 by Robert Schumann.
3. Several miniatures by Frank Bridge.

A drunkard never drinks unless he is alone or with someone.

## MEN'S 'SMOKER' PLANNED FOR NEXT WEEK

BOXING AND WRESTLING WITH VARIOUS STUNTS WILL FEATURE EVENING

With five boxing and wrestling matches stunts by High Schools and College organizations, and a Battle Royal between the Sophs and the Frosh scheduled, the "Smoker" sponsored by the Associated Men Students of H. S. T. C. promises to be one of the big events of the year. This will be held Wednesday night, February 23, in the college gymnasium and is a "smokeless smoker."

Everyone is invited to attend and special invitations have been sent to all the high schools in the county and also Del Norte high. Girls are welcome as well as boys.

The boxing matches drawn up are as follows:

Buford Shreeves vs. Mike Eagan.

Ralph Goodwin vs. Herb Stuart, Lewis Erlich vs. Clarence Heney.

Lee Nellist vs. Don Gould, (main event).

In the one wrestling match Carl Green will tackle Harmon Minor. "Tricky Dick" Derby, college wrestling champ will be unable to defend his title because of an injury to his shoulder. Jimmy Spiering, erstwhile boxer, has suffered from an attack of flu and unless somebody can take his place his match with "Stick" Carson will have to be cancelled.

All of the high schools have been invited to put on a stunt and several of the college organizations are planning something good. One of the features of the evening will be the Battle Royal between the Frosh and the Sophs in which teams with six men will fight it out.

The committee is planning to build a ring. Dancing will be enjoyed before and after the program. The committee in charge is as follows: Mark Roe, chairman, Ellis McMillan, Dick Derby, Oliver Viale, Ugo Giuntini and George Gregory.

## MINUTE ORGANISMS LIVE IN HARD COAL

(By College News Service)

BERKELEY, Calif., Feb.—Discovery by Dean C. B. Lipman of the University of California that living organisms exist in hard coal deposits millions of years old has been confirmed by German scientists, according to advices received here this week.

In 1930 Dean Lipman announced that bacterial cultures had been made from samples of Pennsylvania and Welsh coal. He concluded in a report to the American Association for the Advancement of Science that the organisms had not seeped into the coal but must have been there in dormant form for from

### MRS. GIST TO GIVE TEA

A tea honoring faculty women and senior women of Humboldt State Teachers' College will be given by Mrs. Arthur S. Gist at her home Friday afternoon from four to six o'clock.

## New Teachers For Elementary School

Worried expressions on the faces of many of our illustrious upperclassmen may be explained by the fact that many of them are student teachers taking their first fling at training school duty this semester.

The new elementary school teachers this spring are: Marcia Smith and Louise Wood, first grade; Phyllis Bruce and Virginia MacMillan, second grade; Rigmor Vinum and Melva Berry, third grade; Lester Dedini and Ione Russell, fourth grade; Vada Hall and Arthur Bryant, fifth grade; Reuel Fick, Harry Reilly and Hazel Christensen, sixth grade; Evan Akins and Paul Ely, seventh grade; and Enid Coulter and Howard Johnston, eighth grade.

## NEW RULES SET FOR FOOTBALL

Several of the most thrilling and dangerous plays of football were removed it was announced by the rules committee of the National Collegiate Athletic Association after a three-day session at Dartmouth College the first of this week. Deaths attributed to football totalled nearly half a hundred during the past season and drastic changes were regarded necessary to halt this so-called slaughter of American youth. According to E. K. Hall, chairman of the committee which drew up the new rules, these changes are the most important in 25 years so far as making the game safer is concerned.

The rules call for:

1.—Abolition of the flying tackle and the flying block.

2.—Lessening of the massed interference on kickoff plays by compelling at least five players on the receiving team to line up within 15 yards of their opponents; and by permitting a choice of placement punt, or drop kick on the kickoff to allow a higher boot.

3.—Return of a player into the game in any period following that in which he is removed. This will make it possible for a player to reenter the game three times. He may come out again in the second and return again in the third, come out again in the third and return in the fourth.

4.—Halting of play the instant any part of the ball carrier's body excepting hands or feet touched the ground, regardless of whether or not an opponent is near.

5.—Forbidding of players on defense to strike opponent on head, neck, or face with hand, wrist, forearm or elbow.

6.—Soft padding over thigh guards, shin guards and braces. Penalty for violation of the rule forbidding use of hands on an opponent's head is disqualification and loss of half of distance to the opponent's goal line. The penalty for flying tackle or block is five yards or in event of it being made at forward passer—five yards from the spot where struck.

"And how did you start training as a contortionist?" inquired the interviewer.

"It was natural," explained the top-liner. "There were seven in our family and the only car we had was a two-door cozy coupe."

## CAGE TOURNEY PLANNED BY HUMBOLDT

FOURTEEN HIGH SCHOOLS MAY RECEIVE INVITATIONS TO PARTICIPATE

Humboldt State Teachers' College may be the scene of an Invitational Basketball Tournament for high schools of northwestern California and southern Oregon next month if plans of the Associated Men Students go through as proposed at a meeting last Friday morning. George Gregory, Student Body president, advanced the proposition of a tournament which found immediate favor in the entire group.

A large pre-sale of tickets will be necessary in order to make this event a success, President Ellis MacMillan stated, as much money will be required to cover expenses of the visiting teams. Travelling expenses would have to be paid as well as board and room while the teams are here. In order to cut expenses to a minimum it was decided to limit each team to seven players and a coach. It was pointed out that local teams must realize that this means seven players for the entire tournament and not for each game.

Clyde Patenaude, secretary of the men's organization, was instructed to communicate with the following high schools in regard to the possibilities of holding the meet: Arcata, Eureka, Fortuna, Ferndale, South Fork, Del Norte, Ft. Bragg, Mendocino City, Ukiah, Willits, Grants Pass, Rogue River, Medford, and Ashland.

By a vote of the Association, Ellis MacMillan was instructed to draw up plans for a score board for the gymnasium since \$15 had been appropriated out of the Student Body fund for such a project. MacMillan appointed Harry Krohn as his chief assistant and stated that every possible attempt would be made to have the board ready for the Ferndale game Tuesday night.

Mark Roe, chairman of the "Smoker" committee, reported that materials for a boxing ring would be purchased as soon as the money could be raised. The ring is to be sixteen feet square with a twenty-foot frame around it. The frame is to be constructed from large boards which will be covered by heavy pads to prevent injuries to boxers who are knocked from the ring.

Money was appropriated to purchase a permanent record book for the association and a reminder that the twenty-five cents dues should be paid soon was made by the president.

At the close of the business session, yells were led by Harlan Still, but some former Eureka High School student forgot that he was attending Humboldt State now and inserted the wrong words in one of the yells. As a result, when no one would confess, every new student was lined up in front of the stage in the auditorium and six of the huskiest upper-classmen applied the paddle with unabating vigor for several moments.

When Columbus first came to America, he was undecided as to whether he should live in Minneapolis or St. Paul.

## Consider Your Fellow-Man

When students attain college ages it is time for them to abandon their selfish motives and consider the rights of others. To a casual observer in the library it would appear that no one respected the privileges of his fellow-students since the pile of magazines and papers strewn promiscuously over the tables show that the students have utterly neglected to return them to the racks and files were they belong.

Besides causing much waste of time for students who wish to see a certain paper and magazine and, after searching through the racks or files, have to assort the heap on each table to find the object of his search, this neglect on the part of selfish students causes the librarians a great deal of trouble collecting these epistles and returning them to their proper places every night.

## Gym Floor is Abused

Students at Humboldt State Teachers' College should observe the rule which states that no one should be on the floor of the gymnasium in street shoes. Contrary to this ordinance, most of the students here do not hesitate to indulge in a game of '21' or take a few 'shots at the basket' without bothering to change their gym shoes.

Excuses for such action usually run as follows: "Well, there is so-and-so out there, if he goes on the floor with his street shoes on I guess I can too." They have dances on the floor, don't they? Sure. I don't hurt the floor as much as several hundred people dancing do. Anyway, if they allow dancing, they can't keep us off."

Regarding the first answer, the student who says that is just admitting that he has a very low mentality, that he is following the old adage, "Monkey see, monkey do." There is just as much sense in disobeying a rule just because someone else does as to cut a finger off if anyone else happens to.

The second reply shows a lack of thinking. Before each dance is given the floor is liberally covered with wax, spangles, or what have you, and the leather of the dancers' shoes does not come in contact with the hardwood floor. After the dance, three washings with gasoline is required to remove the wax from the floor and leather soles have touched nothing but the substance put on to make the surface slick.

Conceding that dances do harm the gym floor, it must be remembered that they are held there merely to please the student body and because there is no place suitable to hold a college dance.

It has also been noticed that the usual run of offenders of this rule are the ones who give the least aid to Humboldt's team in the various sporting fields: both as participants and rooters.

Students of the training school are being taught to obey a rule when one is made, but how can we expect them to obey one if their big "brothers and sisters" have no respect for the property of others. If nothing else, we should set a good example for the young tots who are depending on college students as their main source of knowledge.

They are cleaning some of the windows of the Merton Chapel, Oxford, for the first time in 620 years. This news should be kept from janitors of our municipal buildings.

Think of the laugh that Heron Lake, Minn., man with 19 children has on the income tax collectors.

## Opinion In Humboldt State

Dear Editor:

Regarding the poem, "Hell" published in the last issue of The Lumberjack and in reply to the question advanced, "Just what is meant by this word Hell?" I might postscript that at the rate modern civilization is travelling at the present time, we will soon find out.

(Signed) GEORGE W. CRICHTON.

Mr. Editor:

It is really too bad that the program presented by the dramatic department last Thursday should be marred by the lack of consideration of the audience. For a group of people who are supposed to be somewhat cultured, the continual moving about, in and out, showed a regrettable lack of manners.

(Signed) CLYDE PATENAUDE.

## Notes and Ideas From Other Campi

By Ugo Giuntini

### WHAT! NO PAPER

After reading of the difficulty which the University of Redlands has in putting out a paper, we sometimes wonder if we're not in the same situation. The future of their weekly is in jeopardy, due to the fact that they cannot make it go. They had a deficit of \$1,445.00 last June. It must really be depression time because they also have a hard time greeting ads.

We know how it goes, U. of R.

### LIGHTER WINES AND BEERS

Prohibition seems to be favored at the U. of R. At a recent vote it was disclosed that 84 per cent of the students were in favor of the present ruling. The seniors led the way for prohibition with the Freshmen, Sophomores, and Juniors coming in the order named. More women than men were in favor of Volsteadism.

### UP OR DOWN?

The registration at Santa Barbara State has fallen from 820 last year to 634 this semester. However, they expect it to rise to a new mark next fall. Registration was held over a 2-day period, thus avoiding the tiresome and nerve wracking process it had been in the past.

### LOST BALL!

Lack of funds brought about a move by which Santa Barbara State will drop inter-collegiate baseball in the future. It seems that they are facing the same problem that we are. We don't want to drop the great American pastime, do we? Well, a little support to the team will be a great help.

## SPECIMENS HERE FOR BOTANY LAB

"The laboratory specimens have arrived. This announcement on the bulletin board was hailed with loud groans by the Zoology IB class, for previous to last Thursday, the students had been living a rather soft time in the "Zoo lab."

Because of the extraordinary amount of fresh water in the bay this year, most of the dog-fish sharks have gone out to sea and the customary supply of laboratory specimens for Zoology was cut off. So until Mr. Poultney could import some material the class had a fairly soft time of it.

But Thursday, some magnificent specimens of the genus

## MONTANA STATE TO HAVE DORMS

(By College News Service)

MISSOULA, Mont., Jan.—Plans for housing fraternities and sororities on the campus of Montana State University in dormitories were being seriously considered this week by University officials. President C. H. Clapp hopes that two dormitories accommodating 100 students each may be completed within a year.

The Italians do not care for gravy on their ice cream.

Rana (frogs) arrived from Chicago. The first task for the students was to make a drawing of the frog's head. Now if anyone thinks it is easy to make a drawing that looks like a frog's head, he should try it.

Herbert Inskip, with his artistic temperament and ability easily outshone the rest of the class. At first, Herbie could not make a drawing of a frog that even looked like a duck, but by perseverance, he at length achieved a passable portrait of a seal. Still not satisfied he worked until he had drawn a frog that looked like nothing in the world so much as a mean camel. But with his usual recondite ingenuity, he labeled it "frog" and was still ahead of the game because none of the rest of the class could draw a picture that looked like anything living.

## FIREMEN RALLY TO DEFEAT COLLEGE

Blowing up in the second half, the Humboldt basketball team was defeated by the Arcata firemen last Thursday in the college gym by a score of 42 to 25.

With only ten minutes left to play the score was tied at 24 all but at this point the firemen seemed to find their shooting eyes and dropped in baskets at will to add 18 points to their total while the college gained but one point.

Tuohey and MacMillan were high point men with 14 and 13 points respectively. Hadley dropped in 5 free throws to take honors among the losers with 7 points.

The college held a 20-16 advantage at half time.

## FOOTBALL TILT SET FOR OLYMPIC GAMES

(By College News Service)

LOS ANGELES, Feb.—Tenth Olympic officials this week were notified that 26 Eastern grid stars, from Yale, Harvard and Princeton, have been invited to join the team which will oppose a similarly picked squad from the West in a demonstration football game during the Olympic Games here next August.

The 26 Eastern gridsters, all seniors, were chosen by T.A.D. Jones, former Yale Coach, in cooperation with athletic representatives of the universities involved.

The western team will be selected by Coach Howard Jones of the University of Southern California, brother of "Tad" Jones, from a list of senior football men at S.C., Stanford and the University of California. The two teams will give a practical demonstration of brotherly love.

## Ernie Nevers May Be Nevada's New Coach

(By College News Service)

RENO, Feb.—Ernie Nevers—of Stanford gridiron fame—may become the University of Nevada's next athletic coach, providing that institutions can raise the wherewithal necessary to interest the former Cardinal star.

This was revealed this week, after it was definitely ascertained that George W. Philbrook, present coach, is to vacate his position at the University by mutual consent. Ernie was to have conferred with a committee here last week, but broke his wrist during a charity football game in San Francisco, thus delaying the negotiations.

Although it is said that he looks favorably upon the Nevada berth, Nevers also is reported to be tempted by an offer from his Alma Mater, in whose name he would serve as assistant coach under "Pop" Warner. "Pop" himself is being kept busy denying rumors that he is about to desert Stanford for any one of a half dozen Eastern colleges that have been mentioned.

## COLLEGE LOSES CONTEST TO FERNDALE

Unable to overcome two big spurts by their opponents, the Humboldt State Teachers' College basketball team lost a 35-28 contest to the Ferndale Independents in the college gym last night. The Ferndalers ran up a total of 28 points in these two spurts while holding the collegeans to a lone point.

The game was fast and rough throughout with the invaders rolling up 11 points before the Humboldters could break the ice and score. A determined rally, however, tied the score at 16-all shortly before the half ended. Ferndale led 18-17 at half-time.

The second half was a replica of the first, Ferndale starting out fast to drop in 18 points while holding the college quintet to a single free throw. The Humboldt second string then entered the fray and rallied, but the final whistle cut short their efforts while they were still seven points behind their rivals.

Haven Howatt, led the scoring for the college with seven points, one less than Fowler of the winners could account for.

After getting off to a poor start, the college Freshmen rallied to capture the preliminary contest from the Eureka Baptists by a 24-22 score. The Eurekaans ran up a 10-4 score in the opening minutes of play, but three Frosh buckets just before half-time knotted the count at 10-all. The second half was fast and close throughout, with a snappy rally in the closing minutes of play by the Baptists, cut short by the final whistle.

## COLLEGE STUDENTS WOULD PARTICIPATE IN MARBLE TOURNAMENT

(By College News Service)

CHAPEL HILL, N. C., Feb.—A group of University of North Carolina students—not all of them freshmen!—this week signified their willingness to participate in a national campus marble tournament, providing they can discover worthy competition. Scholastic qualifications will not be required for membership on the North Carolina team.

## Vance's "Chizzlers" Win Opening Contest

Led by Captain Amy Vance, who accounted for an even dozen points, the Chizzler's defeated the Sizzlers, 14-7, Monday noon in the opening game of the girls' basketball league. The Sizzlers, captained by Marge Kausen, were unable to score a single field goal in the first half, but in the latter part of the contest got going and held their opponents on even terms.

Similar findings were reported in a letter to Dean Lipman from Dr. R. R. Lieske of the Kaiser Wilhelm Institute for the Investigation of Coal in Germany. The bacteria in the German coal were described as identical to the type discovered at the University of California and were credited with having an important part in the chemical process which changed vegetable matter into coal.

ArcataBIDS IN FOR 4  
TENNIS COURTS

Contract for the building of the tennis courts at Humboldt State Teachers' College will be let in the very near future, President Arthur S. Gist announced Friday. All bids are in and opened, he said, and it will be only a matter of days until the contract is let.

The finished job calls for four permanent hard surfaced courts, but since two of these must be constructed on filled land, only the two directly opposite the main front steps will be permanent while the other two will be replaced after the filled land has settled. Around the two permanent courts will be erected standard fences built in cement. The other courts will have temporary fences.

There will be drainage on both sides of the courts with landscaping on the terrace to the east as well as water connections.

The present parking space in front of the main building will also be paved and lined off to prevent congestion.

## LOCKERS NEARLY READY

One hundred new lockers on the second floor of the main building at Humboldt State Teachers' College will soon be available for use among the students. Work on installing these lockers has been going on for several weeks by the local janitor force and as soon as possible they will be allotted to the new students here.

## NORLIN RECEIVES APPOINTMENT

(By College News Service)

BOULDER, Colo., Feb.—President George Norlin of the University of Colorado this week was notified of his appointment to the Visiting Professorship of American History and Institutions at the University of Berlin for 1932-1933.

The notification came from President Nicholas Murray Butler of Columbia University, which established the professorship in 1905.

UNIVERSITY OF ALABAMA, Feb.—Alabama's Crimson Tide will again roll out toward the blue Pacific this year, this time in an effort to envelop the Galloping Gaels of St. Mary's. It was announced this week that a grid contest has been definitely scheduled between the two schools for December 3 at Oakland, Calif.

COLLEGE STUDENTS TO  
BREAKFAST AT GIST'S

Ten Humboldt State Teachers' College students and Miss Lillian Mohr, house mother at the girls' dorm, have been invited to breakfast this Sunday morning at the home of President and Mrs. Arthur S. Gist.

President and Mrs. Gist have been trying to invite every Freshman here to their home for breakfast at some time or another in order to become better acquainted.

Those to whom invitations have been extended are: Eugene Bradley, Harmon Minor, Paul Roberts, Muriel Thorne, Dorothy Dexter, Elma Davis, Marian Cutler, Mary Jean Russell, Buford Shreeve, Henry Bender and Miss Lillian Mohr.

A Valentine Breakfast was given by the President and Mrs. Gist last Sunday to Miss Ann Craig, of the Physical Education Department, and the following students: Joseph Daly, Milton Huber, Frederick Moore, Phyllis Quinn, Rosalean Ragon, Mildred Swanson, Genevieve Zook, Anthony Gallagher, and Oscar Jordfald.

The breakfasts are held at ten o'clock.

PROF. SAYS U. S.  
IN SERIOUS  
POSITION

Dr. Balabanis, Professor of Economics, expressed his opinions on the Chinese-Japanese situation and its possible effects on the world powers at an interview yesterday. This was especially interesting due to Dr. Balabanis' position which enables him to be an authority on the subject.

According to Dr. Balabanis the United States is in a delicate situation at the present time. The failure of either France or Russia to take a definite stand with the United States against the outrages of Japan in both Manchuria and Shanghai, has made Dr. Balabanis believe that there may be some secret treaty with Japan, holding them from doing so. He does not think that England is a party to this agreement due to the fact that were her trade with the United States cut off at the present time and her finances in the weakened condition that they are, it would be impossible for her to take a definite step in a situation that perhaps will lead to war.

He declares that the probable reason for Japan's present attempt to seize Shanghai is to force China to relinquish Manchuria in a treaty. The comparative sparseness of population and the rich natural resources of Manchuria have urged Japan to take this step to obtain Manchuria.

Dr. Balabanis also said that there is no ground for the belief that the gold shipments made by Japan to the United States during the past year have any bearing on the present unsettled conditions of the Orient. These gold shipments represent merely balances accumulated by Americans for goods sold in Japan and now transferred to the United States. They are a natural result of a balance of trade, with the United States, which has been unfavorable to Japan.

Such conditions in the Orient make the possibilities of World Peace farther away and we can only hope that in time there will no longer be a need for resorting to war to settle matters of state.

FIZZERS DEFEAT  
TERRIER SEXTET

With Hazel Christensen scoring 16 points, the Fizzers defeated the Terriers yesterday noon in the second game of the women's basketball league in the college gym by a 21-8 score. Ruth Carroll, captain of the losers, starred for her team and accounted for 6 points.

The half-time score was 12-3 with Christensen credited with 11 of her team's dozen points.
