ARCATA, CALIFORNIA, FEBRUARY 3, 1932.

NUMBER 25

Humboldt Cagers To Invade San Francisco

LEADERSHIP IS SUBJECT AT ASSEMBLY

(By College News Service)

"SUCCESSFUL MEN DO THE COMMON THINGS OF LIFE UNCOMMONLY WELL."
ROCKEFELLER

"Prepare your minds to meet changing conditions in a changing world" said Cameron Beck, Personnel Director of the New York Stock Exchange in a talk on leadership at the assembly Friday morning, January 29. Mr. Beck pointed out that there is room at the top for those who are willing to pay the price of preparedness. He stressed the importance of integrity, cleanliness, courtesy, and punctuality.

The Stock Exchange motto of "grow or go" is strictly adhered to by all employees who hold their job. Beck stated and also cited instances of people who worked there and failed to grow—they were promptly requested to "go."

Mr. Beck has been "on The Street," as he expressed it, for fifteen years and from his fund of experiences drew several examples of the rise of successful men. Quoting John D. Rockefeller Jr., he said, "A successful man is the one who does the common things of life uncommonly well." He cited the case of General George W. Goethals, who from a humble origin, rose by his own efforts to the place of director of the foremost modern engineering project, the building of the Panama Canal.

Mr. Beck was introduced by President Arthur S. Gist. This is the second time Mr. Beck has spoken at Humboldt. Other guests of the assembly were: Dr. Homer Balabinis, J. J. Krohn, George Averell, Henry Brizard, David Wood, and Samuel Cerini, of Arcata and Dr. Quinn, of Eureka. The assembly was opened and closed by a group singing led by Clara Taubman.

MORE IMPROVEMENTS

While we at Humboldt State are awaiting the newly-promised improvements, the students of Santa Barbara College are looking forward to moving into the new site for their college in the near future. Their school is receiving recognition by the fact that the Second Annual All-Southern California Symphony orchestra meet is to be held at that place next month.

MODERN YOUTH IS UPHELD BY DEAN

(By College News Service)

Eugene, Ore., Feb. 1—Dean Philip A. Parsons of the University of Oregon isn't surprised that modern youth is wild—he's surprised that it isn't wilder than it is!

"Youth has practically no restraint or tradition such as controlled young people of a generation ago," he told University Y. M. C.A. members last fortnight.

"I may not have a little fairy in my home or a little miss in my car," allowed Oscar the operator as he started for home, "but certainly have a little made in my cellar."

NEW STUDENTS AT DORMITORY

Two girls, new to Humboldt State Teachers College, are now living at Sunset Hall, girls' dormitory. These girls are Elaine Rasmussen, of Loleta, and Ruth Johnson, of Crescent City. Both registered at Humboldt for the first time this spring semester.

The girls now living at Sunset Hall are Hazel Christensen, Anita Calanchini, Elma Biasca, Rigmor Vinum, Marion Diedrichsen, Gertrude Hartley, Marjorie Kausen, Letha Robinson, Elna Gries, Evelyn Renner, Grace Shaw, and Jeanette Petersen, all of Ferndale; Esther Genzoli, Elaine and Bernice Rasmussen, and Mary Tosti, of Loleta; Evelyn Fielding, Tulare; Agnes Combs, Lakeport; Oliva Torgersen, Eureka; Alyce and Harriet Finne, Ukiah; Vada Hall, Willits; Marcia Smith, Ruth Johnson, and Marion Cutler, of Crescent City; Louise Johnstone, Petaluma; Carmen Alward, Pepperwood; Annabelle Stockton, Shively; Bonita Hughes, Potter Valley; and Gertrude and Leon Hunter of Fortuna.

SNOW FALLS IN HUMBOLDT

Snowflakes, snowballs, flying glass, cold hands and wet feet were in order at Humboldt State Monday when for the second time in two weeks approximately two inches of snow covered the ground. According to old timers this was the most snow since 1907.

President Arthur S. Gist evidently remembered his childhood days for he interfered with the students as little as possible. Commenting on the situation he remarked that "It does not snow very often in Arcata and the students can hardly be blamed."

Both boys and girls took part in the fighting and although at times the air was thick with snowballs only four windows were broken.

The only regret of the students is that it does not snow oftener.

HAVEN HOWATT NOW IN SCHOOL

Haven Howatt, sophomore basketball wizard, has again returned to school following his recent appendicitis operation. Howatt, a varsity forward, was stricken suddenly in the dressing room following the opening game of the season at Ferndale. Although the operation was performed less than three weeks ago, Howatt will soon be able to join his team mates again since the incision healed properly and no complications set in.

The number 13 may be lucky for some people, but apparently not for Howatt, who selected jersey number 13 when the suits were issued this winter and was able to wear it in but one contest before his bad luck struck.

How did Eve come by her name?

She was the end of Adam's perfect day.

x x x
"Drink," said the Irish preacher "is the greatest curse of the country. It makes ye quarrel with yer neighbors. It makes ye shoot at yer landlord. And it makes ye miss him."

MANY STUDENTS HAVE GRADES LOWERED

ACTION COMES AS RESULT OF TOO MANY ABSENCES FROM CLASS

Thirty-three grades of Humboldt State Teachers' College students for the fall semester of 1931 were lowered because of absences, it was announced by Miss Imogene B. B. Platt, registrar. Of these thirty-three grades, nine were reduced to "F" and the rest to "D."

A failure to attend classes regularly is both harmful to the student's opportunity to learn and to the grade dealt out by the teacher, several students here learned when their report cards were handed out. Several of these offenders would have received fairly high marks but for the reduction because of absences.

One grade of "B plus" in a three unit course was lowered to an "F" by the office when the student's attendance was checked. A "B" in a three-unit course was reduced to "D minus", and an "A minus" was lowered to "D" in a one-unit class as other instances of penalties dealt out to lax students.

Most of the grades lowered were "C", which is generally termed a fair grade, but a "D" or "F" is much worse in the opinion of most people and students who receive such grades, especially as a result of excess absences, are frowned down upon.

Class attendance regulations were drawn up last year but apparently many students failed to heed them. Following are the regu-

(Continued on Page Three)

COLLEGE TRACK STAR TO TRAIN WITH LAURA

"Dee" Henders, fleet woman track star of Humboldt State Teachers' College, left Monday for Tempe, Arizona, to train under the direction of Miss Laura Herron, former head of the Physical Education Department here. "Dee," who has already earned a national reputation by her prowess on the cinder path, will be one of the United States' best hopes in the Olympic Games this summer at Los Angeles.

NEW LOCKERS ARE BEING INSTALLED

One hundred additional lockers are being installed on the second floor of the main building at Humboldt State Teachers' College. The increase in enrollment here this semester made the move necessary since there were nearly a hundred students without lockers.

The lockers will be ready for use in about two weeks, it was announced yesterday.

MORE SHAKESPEARES?

The St. Mary's Collegian is sponsoring a Poetry Contest, with the theme being limited to campus subjects. If some bright person could think up something along that line here at Humboldt we might find a new song which we could use at our assemblies.

Plans Under Way For Men's Smoker

Plans are now under way for the H.S.T.C. smoker, which will be held February 24, in the new gym. Special invitations are being extended to the Humboldt and Del Norte County High School students. Each high school is invited to put on a stunt. In addition to this and stunts pulled off by the various organizations around college there will be music and dancing. Fight fans will get a kick out of witnessing the activities of the Humboldt "Pugs."

Among the proposed boxing matches will be a grudge fight between Lou "Von" Erlich and Clarence Heney. Ralph Goodwin and Herbert Stuart also have an ancient score to even up. "Stick" Carson is a tentative opponent for James Spiering. No opponents have been found for Don Gould. Dick Derby challenges any contender for the mat championship of Humboldt State. Harmon Minor is also without a suitable opponent. As a wind-up brawl the Frosh and the Sophs battle royal teams will mix it. It will be a hot time in old Humboldt State on the night of February 24.

PLAYS TO AID UNEMPLOYMENT

The college players will present a series of five one-act plays Tuesday evening in the Minor theatre under the auspices of the service club. The performances will be for the benefit of the unemployed and marks the second such that the college has presented.

Thursday the plays will be given here in the Little Theatre for the student body at a charge of fifteen cents per student. The play will be presented in the afternoon, although the exact hour has not been definitely decided.

The two feature plays on the bill are "Op 'O Me Thumb" and "The Valiant." These will be supplemented by two delightful interludes.

The feminine audience is holding its breath in anticipation of seeing Humboldt's new lover make his debut before the footlights. He is none other than the dapper young blood, Rollo Guthridge who

(Continued on Page Three)

PAPER HOLDS UNIQUE TEST

(By College News Service)

EVANSTON, ILL., FEB. 2—Northwestern University students this week turned the tables on their professors and told them what they thought of them.

While results of an unique experiment conducted by The Daily Northwestern were being checked, faculty members wondered what sort of grades they would receive. For hundreds of students, at the request of The Daily, had cast ballots indicating "the course I dislike most" and "the course I like most."

In addition to specifying these courses, the students were also asked to set down a grade opposite each subject and another grade for the professor in charge of the class.

TWELVE PLAYERS MAKE TRIP SOUTH

GAMES TO BE PLAYED FRIDAY, SATURDAY NIGHTS IN KEZAR PAVILION

Twelve Humboldt State Teachers' College basketball players accompanied by Coach Fred Telonicher and Manager Buster DeMotte will leave tomorrow morning for San Francisco where they will engage the powerful San Francisco State squad in a pair of games over the week end. Games will be played in Kezar Pavilion both Friday and Saturday nights.

Although relative scores mean little in basketball, it may be reasonably assumed that the San Francisco outfit is almost as strong as the Santa Rosa Junior College team which downed the Humboldt-ers in a pair of tilts here recently. The Santa Rosans won over the bay college by a 50-26 count two weeks ago. This assumption would tend to make the San Francisco five the favorite in the coming engagements, but contrary to this, the local boys are determined to show the "city boys" just how basketball really should be played.

Although the season to date has been more or less unsuccessful, Coach Fred Telonicher has been drilling the team hard and feels that they are capable of a better brand of ball than they displayed in early season games and against Santa Rosa.

Telonicher did not announce a starting lineup but it will probably be Jack Simpson and Earl Tatman, forwards; Gordon Hadley, center; and Glenn Waldner and Wayne Simpson, guards. Others who will make the trip south are: Franny Moore, forward; Calmer Kincaid, forward; Marlon McFarland, center; Percy Finley, guard; Harold Brogan, forward; Denny Willis, guard; and Ugo Giuntini, guard.

The trip will be made in private cars, driven by Melvin Pinkham and Franny Moore. The return jaunt will be made Sunday.

The Lumberjack wishes the basketball team a most successful trip and hopes to see two more victories chalked up for "dear old Humboldt."

FRESHMEN DANCE WELL ATTENDED

The Freshmen Reception dance sponsored by the Associated Students of Humboldt State Teachers' College Friday nights in the gymnasium was a complete success. A large number of both new and old students were present and dancing to the jazzy strains of Art Stewart's Red Birds was enjoyed from 9 till 12.

FORMER STUDENTS RETURN TO SCHOOL

Humboldt State students are renewing friendship with a number of old members who have returned to complete their work. Among those returning are Dave Devlin, Dennis Willis, Lawrence Morris, Alvin Burns, Harry Krohn, Elaine Rasmussen, Lorene Barnum, and Gordon Hadley.

Go Hire A Hall

Were're at it again, but it seems to be necessary. Yes, it's about the gym floor. How many of the students went to the game Monday night between the Hollander Sparklers and Humboldt State?—that is, if you can call it a game. With the temperature so low and snow outside, the illusion that we were watching a skating race was quite complete. The rules had to be changed to allow the boys two steps and a slide, instead of the usual two steps. Also the inability of our boys to skate was very evident. Of course, if cold weather was common, and skating prevalent, it is possible that the boys would have made a better showing because of their skating skill. However, their skating skill, had been hidden until Monday night, and the exhibition was so good that if we were sure cold weather would continue, the Lumberjack might suggest that basketball be dropped from the athletic schedule and skating substituted. But since past weather statistics show the improbability of the snow enduring much longer, we feel that we'll have to look in other directions for the remedy.

Of course by this time you probably realize that the cold weather had nothing to do with the condition of the floor. It was the borax soap chips, spangles, wax, or what you will, that was on the floor to facilitate dancing last Friday night that caused the slickness. We want no misunderstandings as to the policy of the Lumberjack. We believe as do all enterprising newspapers that social activities of which dancing is a major part are necessary to college life. We want dances and we will support them, but we suggest that they be held some place other than where our basketball team has to play. Coach Fred Telonicher has admitted that we have a short, fast, team. Why handicap the team by making it impossible for them to use their speed?

Some people refuse to admit the feasibility of hiring a hall. From official statistics by Jessie T. Woodcock, the cost of half scrubbing the gym floor this week was \$4.75. Multiplied by 2, which would be the cost of doing the job well, the cost is \$9.50. Who would have estimated such a cost? If we count in depreciation on the floor, who knows to what figure the expense might climb? At any rate, the rent for the Woman's Club House is \$15. The rent for the Danish Brotherhood Hall is \$8.00. If anyone is at all foresighted, he can easily see the advisability of renting any one of these halls for dancing purposes.

We regret having to speak of this matter so often, but we can only be stopped by satisfactory action.

Is it necessary that there should be so much congestion in the commons at noon? Students in the Library go out to eat just before the fourth period class ends and the students who have classes in the far end of the building are fortunate if they do not have to wait more than ten minutes. The late comer is further annoyed by the slowness with which most women students search out their money from its concealment among the accumulations in their purses.

A little consideration and efficiency would not be amiss. If the people who have no fourth period class would plan to eat at eleven thirty and those in the line-up would not waste so much time selecting and paying for their food, it would be unnecessary for anyone to spend half of their time in the commons waiting line.

Students at H. S. T. C. would not think of disobeying ordinances in the city but some of them seem to think that the moment they reach the college all rules are thrown aside. Especially on rainy days is this true. Cars are driven around behind the college and stopped wherever it is convenient regardless of any of the other cars. This is a bad situation, for those who arrived first can seldom get their cars out when necessary and it is a nuisance to hunt up the owners or to move a car. Students should consider the rights of others when they park their cars.

POOR FROSH

It is interesting to note how other colleges treat their Freshmen. At S.F.S.T.C. they are compelled to wear a "beanie," in addition to a pair of blue jeans until the Mid-terms on Feb. 12. The Block S Society is taking the project in hand and are also looking to the proper hazing of the lowly Frosh. Are we going to let our Frosh grow up into the ways of college life without properly applying the paddle? The matter of hazing is a success in S.F.T.C. and it could be here, too.

WOMEN ENJOY SNOW PARTY

Preceding the W.A.A. Banquet and Initiation held yesterday, forty girls motored to Kneeland Prairie for a snow party. They returned around 6:30 to enjoy the banquet and initiation. Among the notables present were Mrs. Gist, Miss Wright and Miss Craig. The program of the evening was:

Song—Gertrude Hunter.
Whistling solo—Marge Kausen
Cornet solo—Ruth Carroll

Leora Hunter was in charge of the refreshments. Following the banquet, all adjourned to the gym where initiation of the new members was held. Dancing was enjoyed until 10 o'clock.

UNIVERSITY PREXY SAYS FOOTBALL IN NEED OF REFORMS

Cincinnati, Jan. 30—If football were to have a dictator or "tsar" who wished to correct the present condition of (alleged) over-emphasis on that sport, these are the reforms he would probably institute:

Allow only six or seven games per season, require higher scholastic standings than at present for players, eliminate spring practice, abolish recruiting and proselyting, ban subsidizing, eliminate training houses, pay coaches according to the same scale as professors.

Such were the suggestions presented last week to the Association of American Colleges by Dr. Thomas S. Gates, Pennsylvania U. prexy and head of the association. He blamed college presidents themselves for not correcting athletic ills and urged them to place the suggestions into effect.

NEW BOOKS IN LIBRARY

There are many new books on the rental shelf in the Humboldt Teachers library this week. A new adventure book "Congorilla" by Martin Johnson is very interesting. It is Martin Johnson's record of his last two years in Africa, the most interesting in all his long experience as a big game photographer. "Honey Flow," by Ben Ames Williams, is another of the new books received. This is a story of a great American Prima Donna from her childhood in an orphan's home through the end of her reign at the metropolitan.

Other new fiction books are "A Buried Treasure," by Elizabeth Roberts. "Mr. and Mrs. Pennington," by Francis B. Young; "The Waves," by Virginia Woolf; and "Susan Spray," by Sheila Kaye Smith.

I'd like a couple of hard-boiled eggs to take out," said the young fellow to the girl at the lunch counter.

"All right," replied the waitress with a smile. "You'll have to wait. Mamie and I don't get off till ten."

Los Angeles—Contracts totaling \$10,047 for construction of addition to boys' physical education building at John Muir Junior High School, awarded recently.

NEW MEMBERS FOR ALPHA BETA CAST

Four new members of the Beta Alpha Cast of Alpha Psi Omega, national dramatic fraternity, will be initiated in the Humboldt State Teachers' College Little Theatre February 19. Miss Lucy Neely McLane, director of dramatics here, announced. The students to be initiated are Harriet Finne, Chester Groom, Ione Hamilton and Juanita Larson.

Following the initiation the charter members as well as the new ones will be the guests of George Crichton at dinner in Eureka. Crichton is a charter member of the cast. Following the dinner the party will go to Fortuna to witness a high school play there.

OCCIDENTAL COLLEGE TO RETAIN BASEBALL

(By College News Service)
LOS ANGELES, Feb. 1—After all the groans had quieted down, the Board of Athletic Control at Occidental College this week announced it had revised a previous decision to drop baseball this year.

The original announcement caused many students to protest, since Oxy has long been a contender for honors in baseball. Games are now being scheduled with the University of Southern California, University of California, University of California at Los Angeles, Redlands, California Christian and Pasadena Junior College.

COLLEGE DROPS THRILLER TO SPARKLERS

Piling up an early lead which the collegians were unable to overcome despite a sensational second half rally, the Hollander's Sparklers won a hard earned victory over the Humboldt five Monday night by a score of 32 to 31. The College Frosh defeated the P.G.&E. team in a preliminary game by 22 to 17 count.

The college first string team was handicapped by the slippery floor and the second team made a better showing. At half time the Sparklers led by a 19 to 10 score.

As the second half started, Giuntini opened up with a field goal, but Hash of the Eureka team came back with two field goals. Following a time-out, the college five took a spurt and led by Moore, Willis, and Kincaid counted fifteen points in rapid succession. However the Sparklers had run up their score to 29.

The first team was rushed in at this point and Hash sank another field goal for the Sparklers. Jack Simpson and Hadley counted five free shots to bring the college total to 30. However in the meantime Dunn had scored a free throw to give the Sparklers a one point lead.

With but 50 seconds to play, Coach Telonicher gave the second team another chance. Moore sank a free shot but the Eureka managed to stall them off until the final whistle blew.

STUDENTS DESIRE MOVIES

(By College News Service)

LAWRENCE, Kan., Jan. 30.—Opposition was developing among University of Kansas students this week against the edict which closes motion picture houses in Lawrence on Sundays. The University Daily Kansan pointed out that the "blue law" is not helping the labor situation, as was intended, but is forcing students to seek out-of-town entertainment.

MANY STUDENTS TO HAVE GRADES LOWERED

(Continued from Page One)

Class Attendance
"Regular class attendance is expected of all students. Following are the attendance regulations drawn up by a joint committee of faculty and students and approved by the faculty.

"The maximum number of absences in any course allowed a student without excuse is equal to the number of credit units in the course. Each hour's absence from laboratory is counted as one-half or one-third value according to the number of laboratory hours required for a unit of credit. The maximum allowed in Physical Education is two. For every unexcused absence above the cut limit the grade is reduced so that a number of unexcused absences above the cut limit equal to the number of credit hours in the course automatically reduces the grade to "D" and twice the number of unexcused absences above the cut limit automatically reduces it to "F".

"Three unexcused tardinesses will count as one unexcused absence.

"Excused absences shall include absences for the following reasons:
(a) Illness of student evidenced by certificate from physician or from health office.

(b) Illness in the family evidenced by a statement from a parent or physician.

(c) Weather conditions manifestly unfavorable. Statement filed with President's secretary, who, under the direction of the President, will pass upon weather conditions.

(d) Participation in extra-curricular activities authorized by the instructor in charge of the activity with consent of the President. Statement secured from the instructor in charge of the activity and approval of the president.

"All excused absences are to be filed with the President's secretary within 48 hours after return. Details not understood will be explained by Miss Davies who has charge of recording absences.

"(Signed) ARTHUR S. GIST, President."

FRANNY MOORE AN ACCURATE BALL THROWER

If accurate passing landed a player a berth on the varsity, Frannie Moore would have a position on the basketball team clinched. Frannie is one of the most accurate tossers on the squad as any of the players will testify. Recently he showed his skill by passing a basketball through the small window of the supply room in the gym. This was quite a difficult stunt but strange to say Coach Fred Telonicher did not seem to appreciate it. Frannie also seems to be holding out on the college team, for when he played for the Sparklers last Saturday, he "seemed to have some magic control over the ball" and counted twenty points.

Herbert Brucker Appointed

(By College News Service)

NEW YORK, Jan. 30.—Appointment of Herbert Brucker, former member of the editorial board of the Review of Reviews, as assistant to Dean Carl W. Ackerman of the Columbia University School of Journalism was announced this week. Brucker also is a former assistant editor of World's Work.

COLLEGE DOWNS SAMOA CAGE OUTFIT

Staging a sensational rally late in the game the college basketball team overcame a ten point lead to defeat the Samoa Blue Devils 26 to 23 in a game played in the H. S. T. C. gymnasium Thursday night. In a preliminary game the Standard Mudhens defeated the Humboldt frosh 19 to 18.

Inability of the Samoans to sink their free shots undoubtedly cost them the game for out of 11 chances they converted only one while the Humboldters scored six out of twelve.

The playing of Waldner was outstanding, for in addition to playing a great game at guard, Doggie sank five points. Jack Simpson and Hadley led, Humboldt scorers with 7 and 6 points respectively. Kovacovich, substitute forward for Samoa took high point honors with 8 points.

The lineups:

H.S.T.C.	F.G.	F.T.	F
Tatman	0	1	0
Moore	0	0	3
J. Simpson	3	1	0
Kincaid	0	1	0
Hadley	3	0	0
McFarland	1	0	0
W. Simpson	0	2	3
Giuntini	1	0	0
Waldner	2	1	1
Willis	0	0	0

Totals	F.G.	F.T.	F
Samoa	10	6	7
Fleishman	1	0	3
Kovacovich	4	0	1
Murphy	1	0	2
Wheeler	2	0	1
Swanson	1	0	0
Brantley	1	0	1
McIntosh	1	1	3

Totals -----11 1 11

Referee: Ken Wade.

Timer: Kostuchenko.

Scorer: DeMotte.

The Standard Mudhens were a little too much for the Humboldt Frosh and although the frosh led at half time the inkslingers won by one point. Pinkie Gallagher had plenty of chances to win the game but missed 5 straight free shots in the second half. However he took scoring honors with seven points.

The Lineups:

Frosh	Position	Mudhens
Gallagher 7	F	Hash 4
Jordfald 2	F	Wilson 6
Hauck 1	F	Harms 2
Heney	C	Montgomery 5
Nellist 2	C	Beal 2
Buxton 2	G	Seely
Davis 4	G	Nelson

COACH GLENN WARNER TO STAY AT STANFORD

(By College News Service)

STANFORD UNIVERSITY, Calif. —While rumors persisted that Coach Glenn Warner of Stanford University was being offered the mentorship berth involuntarily vacated by A.L. Wittmer at Princeton, "Pop" himself this week emphatically denied the reports.

Meanwhile, it was understood that Stanford was putting the final touches on a renewal contract, soon to be offered to Warner.

"I am well satisfied where I am," declared "Pop". "All my interests are here—business, social, cultural and otherwise, so why should I change?"

Princeton officials said they were "surveying the entire field."

WOMEN OUTNUMBER MEN IN ARCHERY

Thirty-five Humboldt students are enrolled in Coach Fred "Robin Hood" Telonicher's archery classes which meet on the athletic field (or in the Gymnasium on rainy days) the fifth and sixth periods Tuesday and Thursday afternoons. Apparently unique in the annals of college archery is the fact that more men than women are included in these groups.

The course in archery outlined for the semester's work by Coach Telonicher includes practice in target, clout, and flight shooting; the repair and upkeep of tackle; tournament rules and customs; any study of the literature of archery—its history, legends, and traditions.

In his first talk to his archery classes Mr. Telonicher emphasized the fact that this ancient sport has unusual carry-over value, especially for those who expect to teach school after graduation; for while facilities for playing tennis, golf handball and the majority of other games do not exist in a great many school districts an archery target can be set up in any pasture, dooryard, or driveway.

ECONOMIC DEPRESSION AN AID FOR EDUCATION

(By College News Service)

NEW YORK, Feb. 1—"It's an ill wind"—Every major economic depression in the United States has been the starting point for a great forward movement in education, according to Professor William Chandler Bagley of the Columbia University Teachers College, and he predicted this week that history would repeat itself in the present instance.

Panic years in the past, he pointed out, have witnessed "remarkable expansion" and events of great significance in the field of education.

Opinion In Humboldt State

Mr. Editor: Perhaps I exaggerate and perhaps after one knows how everything appears, he will not mind being blind. But it seems to me that the headaches and eye strain incurred during a session with a microscope rather overbalance the economy of cheap lights. What I want to bring out is that the lights in some of the laboratories downstairs are unsuited for close work. Is it right that we should have expensive equipment only to use it in semi-darkness?

—A STUDENT.

—H—

Mr. Editor:

It seems as if the agitation to have the gym floor in good condition for important basketball games has been of no avail. We know an attempt was made to clean up the floor after the dance because the gym reeked with gasoline; but the floors was more suitable for a skating rink than for a basketball game Monday night. Is it not enough that Humboldt is handicapped by the small size of its team without putting their speed at a disadvantage by a slippery floor?

(Signed) L. MORRIS.

STUDENT HERE WEDS RECTOR

Mr. and Mrs. Gus Theophilos, of Arcata, announce the wedding of their daughter Florence Jean Theophilos to the Rev. Benjamin B. Brown, Friday afternoon, January 29 at the Church of the Advent in San Francisco. The officiant was the Rev. Kenneth Abbott Viall, rector of the church of the Advent and a close friend of the groom.

The bride, a graduate, of the Union schools in Arcata and lately a student of Humboldt State Teachers College, is widely known in social circles for her charm of person and personality and a thoroughly trained musical talent has contributed most pleasurably to the programs of the community. She has been signally honored by the recent appointment to the faculty of St. Saviour's Convent in San Francisco as director of children's recreation, a position demanding talent and ability of high standard.

The groom is the son of Mr. and Mrs. Arthur H. Brown of Arcata, a graduate of St. Stephen's and the General Seminary in New York. He received his ordination following his arrival on the coast in July, 1930, and was stationed for a year at the Church of the Advent in San Francisco. Last year he served as rector of St. John's in Oakland. He will leave the first of February to assume the rectorship of a parish in New Jersey and will be joined there shortly by Mrs. Brown. In the interim she will continue in her position as instructor at St. Saviour's Convent.

The couple were attended at the ceremony by Miss Helen Baldwin, Donald P. Brown, a brother of the groom, Mr. and Mrs. Merlin Enright and Mr. and Mrs. Cyril Andrews, a class mate of the groom in the eastern college.

LEGAL BATTLE WON BY MICHIGAN U.

(By College News Service)

ANN ARBOR, Mich., Jan. 30—Attorneys for the University of Michigan this week had won their legal battle for retention of the \$12,000,000 estate left to the institution by the late William Cook, prominent New York lawyer.

While University officials were elated over the victory, which followed renunciation of claims made against the estate by Cook's divorced wife, it was learned that the total value of the bequest had shrunk by at least 50 per cent, owing to the decrease in security values.

"HELL"

Just what is meant by this word "Hell"? They say sometimes "it's cold as Hell," When it rains hard, "It's Hell", they cry, It's also "Hell" when it is dry.

They "hate like Hell" to see it snow It's a "Hell of a wind" when it starts to blow, Now "how in Hell" can anyone tell, "What in Hell" they mean by this word "Hell"?

This married life is "Hell," they say When he comes in late there's "Hell to pay." "It's Hell" when you have a kid to tote And when he starts to yell, it's a "Hell of a note."

It's "Hell" when the doctor sends his bills, For a "Hell of a lot" of trips and pills, When you get this you will know real well, Just what is meant by this word "Hell."

"Hell yes!" "Hell no!" and "Oh, Hell! too, The "Hell you don't and the Hell you do," And "What in Hell" and "the Hell it is," "The Hell with yours" and "the Hell with his."

"Now who in Hell?" and "Oh, Hell, where?" And "What in Hell do you think I care?" "But the Hell of it is," "it's sure as Hell" We don't know "what in Hell" is

"HELL"

—Northwestern University Daily Bulletin.

WHAT IS YOURS?

At St. Mary's the class averages for the fall semester have been issued. The student body averages 1.26 and 21 per cent of the entire student body is on the honor roll. The Seniors, with 27 per cent; the Frosh, with 24 per cent; the Sophs, with 18 per cent; and the Juniors with 14 per cent of their members on the honor roll are ranked in the order given. The Humboldt State has a much lower average, and we often wonder why we can't obtain a higher standard. It is a great honor to be on the honor roll, and the recently-formed Honor Society at Humboldt should serve as an incentive to more intensive study.

A.U.H.S. Hears Speaker From Germany

Mr. Gadett, Y.M.C.A. secretary from Germany, gave an interesting talk upon conditions in Germany and the student life in German schools. He showed the effects of the war, and depression following the war, upon Germany. He mentioned that the people for ten years lived on horse meat, potatoes, and turnips. They were also compelled to eat saw dust in their bread causing tuberculosis. Mr. Gadett gave his impression of the United States schools as the best in the world, but he also stated that the United States was one of the most wasteful nations of the world.

The talk was much enjoyed by the student body. This is Mr. Gadett's second trip to the United States.
