NUMBER 7

NEW RULE AFFECTS STUDENT TEACHERS

HEREAFTER PARTICIPATION
IN ONE ACTIVITY WILL
BE ALLOWED

A new regulation affecting every student in Humboldt College who is taking a teacher-training course, has just been announced by President Arthur S. Gist.

The regulation is to this effect: Hereafter students may participate in one extra-curricular activity during the same semester in which they are doing their student teaching in the College Elementary School.

Heretofore no student has been permitted to participate in any extra-curricular activity during the semester he or she was doing student teaching.

Besides the general regulation of permitting students to engage in one extra-curricular activity while doing their student teaching, certain phases of the regulation apply especially to athletics and to activities which require students to be away from the campus. These are:

1. Coach Telonicher is to notify Miss Myrtle Sholty, director of training, as nearly the beginning of the semester as possible as to the exact dates when any student doing teaching is likely to be away from the college. It is hoped that two days per semester will be the maximum number of such absences.

2. Students in athletics and practice teaching should have no "cuts" during the semester.

3. Students must present lesson plans to supervisor for approval the day before such absences. Student teaching must continue with this preparation the day following the absence.

4. Substitutes in student teaching will be supplied from those students who did satisfactory work in student teaching the previous semester.

New Course in Biology Department

A new elective course which is planned to make the students familiar with the mammals and birds of the field will be offered to college students the coming semester.

The course will cover a period of one, two or three hours, the time to be arranged with the instructor, Robert Poultney.

The students electing the study of mammals will study specimen skins, and also study the habits of mammals in the field.

The students electing the study of birds will trap and band birds in the field.

The Biology Department will furnish the traps, note books and all material needed.

HISTORY PROFESSOR TO ATTEND MEET

Mr. and Mrs. Frederick Hollister of the H. S. T. C. faculty, will journey to Los Angeles for the Christmas vacation. Hollister will attend the meeting of the Pacific Coast Historical Association, a branch of the American Historical Association of which Dr. Bolton of the University of California is president. The Hollisters will also visit Mrs. Hollister's sister who resides in Los Angeles.

Hollister stated that he would spend several hours with George Jensen, who is a former teacher of H. S. T. C.

Boy Scout Training Course May Be Given

An extra-curricular two-unit activity—boy scout training—will be given next semester if ten men sign up for the course, announced J. Wendell Howe, professor of Humboldt State Teachers College, at the student body meeting.

Training in the intricacies of the organization of troops, conducting hikes, handling boys, and solving different problems will be included in the course which will be given on Tuesday and Thursday afternoons to all students who wish to enroll.

MONICA WRIGHT IN EUREKA PRODUCTION

"Mrs. Partridge Presents," a very clever production of the Sequoia Little Theatre Group of Eureka, which was presented for the first performance at the Eureka Woman's Club under the direction of Mrs. Arthur Johnson of the same group, will be offered to the public again tonight at the same place.

Miss Monica Wright of the Physical Education Department, plays the part of Katherine Everts, an important role. Miss Wright has had much experience in the Dramatic Art, having been active in drama at the College of Idaho, which she attended for two years, and at the University of Washington, where she completed her under graduate and graduate work.

Among others, Miss Wright has played the leading woman parts in "Candada" by Bernard Shaw, and Shakespeare's "Taming of the Shrew."

Miss Wright is a member of the dramatic fraternity, Alpha Psi Omega, the same fraternity to which the Beta Alpha Cast of Humboldt is affiliated.

Student Body Awards Golf Cup to Champion

Buster De Motte, who recently won the golf championship of Humboldt State Teachers College, was presented with the Sam Beer Trophy at the student body meeting held in the auditorium last Friday. Wayne Simpson, student body president, made the presentation, which was only temporary as the trophy is to remain in the display case in the south end of the main hall.

De Motte, who defeated Wayne Overhulser in the finals, will have his name engraved on the trophy which is a perpetual award and will be used for several years. Sam Beer, donated the 20-inch "cup", and the tournament was sponsored by the Arcata Golf Club.

Studies of Children Made by College Class

As a term project the students in the "Growth and Development" class are required to make a study of some child and report the results of the study to the class. Several students have brought the children to class when giving their reports. Those who have visited the class to date are: Joan Telonicher, Kathleen Frost, Robert Titlow, Jr., Jack Dalton, and Howard McClanahan.

The Geology 1A class took a trip recently north of Trinidad, to study the contact metamorphism on the beach.

REDUCTION MADE IN BUDGET OF COLLEGE

PRESIDENT GIST CONFIDENT
FIGURES WILL RECEIVE
LEGISLATIVE OK

"I feel that the friends of Humboldt State have been successful in their efforts to save the college."

This was the statement made by President Arthur S. Gist, who has returned from Fresno, where he attended a meeting of the state teachers college presidents with state board of education officials.

President Gist said liberal reductions in the budget for this college had been made; so liberal, in fact, that he felt that this college would be included in the state budget for teachers colleges, and that the legislature would be inclined to consider Humboldt's budget favorably.

A check of enrollment figures and of expenses of this college shows that during the last two

(Continued on page four)

NEW MEMBERS IN HONORARY SOCIETY

Misses Elva Quarnheim and Ruth Carroll, juniors at Humboldt, were pledged as members of the scholarship honor society, Chi Sigma Epsilon, at the regular assembly Friday. Membership in the fraternity is confined to those outstanding in scholarship and student activities. The society, which encourages high ideals of scholarship, gives recognition to outstanding students of the upper class each semester.

Agnes Johnson, in the absence of Clyde Patenaude, president of the fraternity, announced the selection of the two new members.

"It is good sense to learn whatever you can when you have a chance to learn it," stated Mrs. Elma McCann Folsom, instructor in English at the Humboldt State Teachers College, in a talk on the ideals of high scholarship, which preceded the announcement of the names of the new members.

Although athletics have their place in the school, the students attend college primarily to learn something, according to Mrs. Folsom.

Ideals of high scholarship should be cultivated during the Freshman year. Whether elected to the scholarship honor society or not, one should do the best work of which one is capable. "It is well to cultivate a high standard of scholarship; otherwise, you miss some of the joy in being here," said Mrs. Folsom.

A definition quoted by Mrs. Folsom for the word "sanity" which she said was full of meaning was "Sanity is accepting the hallucinations of your neighbors." Accepting the hallucinations of instructors will aid materially in assimilating the knowledge offered in the particular fields of study, she said.

NEW PUMP FOR SCIENCE DEPARTMENT

A new suction water pump, which will be used in the study of the germination of seeds, has been purchased for use in the Botany 2A, Botany 2B and the Biology 1B classes.

Humboldt Graduate Is Campfire Executive

Miss Louise Krohn, graduate of H. S. T. C. and teacher in the Arcata Union High School and the Eureka Night School, has taken over the Camp Fire work for Humboldt County, succeeding Miss Florence Craven, who has resigned recently. Miss Krohn will work as Camp Fire executive part time only and is expected to fill the position only until next spring when a full time executive will be chosen.

Miss Krohn was active in Camp Fire work while she attended Humboldt. In addition she has been head counselor at Camp Kimtu for several summers.

PUPPETRY ASSEMBLY TO BE PRESENTED

Mrs. Stella A. Little's puppetry class of Humboldt State will present to the student body in the auditorium January 6, the puppet play "Rumpelstiltskin." In the afternoon "Jack and the Beanstalk" and "Hans and Gretel" will be presented to the training school pupils in the college auditorium.

Those taking part in "Rumpelstiltskin" are Rumpelstiltskin, Eileen McNally, the king and servant, Birdena Rupert; the miller, Margaret Hutchinson, the miller's daughter, Dorothy Yackley.

The characters of Jack and the Beanstalk are: Jack, Ethel Birkland; the mother, Dorothy McGovern; the farmer, Mary Shinn; the giant, Ruth Hudson; the cow, Helen Sundquist; the chicken, harp and egg, Rauha Erickson; the cat, Mouserling, Dorothy Saffell.

"Hans and Gretel" characters are: Hans, Frances Thompson; Gretel, Evelyn Wagner; the witch, Dixie Lee Starkey; the father, Maple Preston; the mother, Esther Dolfini.

B and C Students Make Good Teachers

Students who have either D or A averages in scholarship are not considered good material for teachers by the leading educators of the state, according to Miss Myrtle Sholty, director of teacher training here, who attended a meeting of teacher training groups at Fresno last Friday and Saturday, December 2 and 3. Those who have a D average have not enough subject matter to teach, and those with A averages would make much better research workers as a general rule according to the opinion expressed by most of the members of the Fresno group.

The purpose of the meeting, which was attended by California college presidents, deans and other representatives of the teacher training institutions, was to discuss the more progressive phases of a teacher training program. The general trend of the entire meeting was the discussion of problems in the education of the youth of today.

"The youth of today are facing a different problem from any they ever faced before," stated Miss Sholty in quoting Dr. Frank W. Thomas, president of Fresno State College.

"Personality has much to do with the success of the teacher," said Miss Sholty.

"KORD AND KOTTON KAPERS", DEC. 14

COLLEGE RECREATION CLASS
TO HOLD PLAY NIGHT
NEXT WEEK

"The Kord and Kotton Kapers", a play night of games, stunts and dancing will be given by the Community Recreation Class in the college gym Wednesday evening, December 14. Progressive games, group stunts, and dance mixers will begin promptly at 7:30 and last until 10:30.

At the end of the evening prizes will be awarded the winners of the games. The college orchestra will probably be on hand to end the evening in dancing.

Those in charge of the evening's program, are:

Activity Committee: Vada Hall, chairman; Arthur Byrant and Wilma Bean.

Group Stunts: Men, Carl Penn; women, Elma Biasca.

Posters: Don Gould, chairman; Alice Renfro and Adelaide Wethern.

Prizes: Men, Gerald Henery; women, Elma Biasca.

Score Cards: Melpha Cannam, chairman; Wilma Bean, Elma Biasca.

Faculty Invitations: De Henderson, Ruth Carson.

Dance Mixer: Coach Fred Telonicher.

The Community Recreation Class has been active this semester, having sponsored the recreation program which has been very successfully carried out by the activity board and the supervisor.

"Nize Kitty" Likes College Common's Menu

Many cafeterias keep one or more kitties on the premises to keep the rodent population reduced to a minimum. Members of Humboldt State Teachers College cafeteria recently discovered that they also possessed a kitty. However, it is doubtful if this particular kitty was suited to the specific task of eliminating mice. It just wasn't that kind of a kitty.

No one is recorded officially as being the first one to discover the kitty's presence. Everyone in the commons, at the time, realized that something out of the ordinary was in the immediate neighborhood, if not closer. Further investigation proved beyond doubt that the garbage can was the chief attraction.

This kitty has a white strip down its back, and according to Webster is known as "an American mephitis musteloid carnivore of stout form with a bushy tail," and according to biology it is known as "mephitis mephitis."

What a cat!

CLASS HAS LARGE COLLECTION

A supply of cardboard boxes, to store the gymnosperm or coniferous trees in, has been added to the equipment of the Forest Botany class. At present the Forest Botany class has a collection of three-fourths of the coned trees found in the state.

HOWES TO OAKLAND FOR CHRISTMAS

Mr. and Mrs. J. Wendell Howe intend to go to Oakland to spend Christmas with Mr. Howe's parents and relatives. On the way down Mr. Howe will do a little research work in Botany along the coast.

Learn The Combination

Imagine yourself coming to school some morning and finding your locker locked. In the locker is a theme which is due that morning but you can't remember the combination. After kicking the locker door a few times you rush to the bookstore, but find that that place of business is also locked. What to do about it? As one of our professors would say, you're just Spurlouse Spurlouse.

Such a situation is not uncommon here because there seem to be some students who take a fiendish delight in locking unlocked lockers. However, very little damage can be done if you know the combination. You may never intend to lock your locker, but you should know how to open it in case it is locked. This is a small matter, but it may save you a great deal of trouble.

H

Give 'Em Credit

Congratulations to the Community Recreation Class on the activity program they have started here. A month or so ago there was nothing doing during the noon hour. Now, thanks to the efforts of this class, we have a volleyball tournament as well as horseshoe and tennis ladders in progress. The class has been criticized by some of the students for its monopolizing noon hours, but the Lumberjack feels that it deserves a great deal of credit for the way it is handling the student activities.

H

Who Said French

Graduates of Humboldt State who go into certain communities where there is a large foreign population probably will find some queer "English as she is spoke," and also as "she is writ." The following was composition written by a fifth grade Japanese boy. His teacher sent a copy to a member of the H. S. T. C. faculty:

"I have a pet rabbit and that rabbit is all black and that rabbit was mother and one was father and father rabbit was light brown and one day father rabbit was kill and we was finding what was happen to him then my mother found it and that was a dog and one of my friend went to some place and got one rabbit and that rabbit was light brown too so my friend took it then it was father rabbit and that rabbit was old so one day the rabbit was dead so we dig a hole and put rabbit in and covered it up and one night the mother rabbit lay five little rabbit."

H

Next Issue

January

Fate has worked against us in the vacation schedule, and this issue will be last until the first day of next semester, when we will greet all old and new students with a snappy welcome

Exclusive Club

To Be Formed

With brisk steps that would put Charlie Paddock to shame and with smiles that would make elegant Pepsodent advertisement, three Humboldt co-eds walked nonchalantly past the Eureka city limits sign at 2:30 one day recently after walking the distance from the college gym in two hours flat.

This is a new record, as these girls had made up their minds before starting that they would accept no rides, and they stuck grimly to their purpose. They refused 11 rides and the only casualty of the bunch was one lonesome blister. Thinking that some non-trusting soul would disbelieve their story, the girls wrote their names on various sign-posts along the way.

They are forming a new and very exclusive club—to be called almost anything. The ONLY requirement for entrance into this club is that you must walk home from school—that is, from Arcata to Eureka WITHOUT accepting any rides. For further information regarding this club see either Peggie Hutchinson, Helen Marks, or Kathleen Palmgren. They guarantee the walk to be well for breaking in new shoes!

H

Mystery Story in Three Chapters

Chapter I. Madeline Kammerzell, Humboldt State Teachers College, is learning more about turkeys everyday. Last Saturday night at the De Molay Turkey Trot at Loleta, Miss Kammerzell won a live turkey. She was very proud of it and in fact had some friends of hers watch it while anyone was near the car.

During the supper hour she and her party journeyed to Fortuna to have something to eat, taking the turkey with them. In the party were several Arcata 20-30 members. Arriving at Fortuna they went into a restaurant, leaving the turkey in the car. After their midnight supper they returned to the car and found the turkey gone. The car was locked and only one window was down about two inches. Did the turkey fly through the two-inch space?

Chapter II. On Monday night following the dance at which Miss Kammerzell had won and lost her turkey, the Arcata 20-30 Club raffled off a turkey.

Chapter III. Now here is the last chapter. Miss Kammerzell was invited to a turkey dinner at the last regular Arcata 20-30 Club meeting.

LITERARY EFFORT PLUS

Poets have sung of the lily hand,
Of golden hair and eyes of blue,
But I own the fairest of all the land,
She's staunch and fair and what's more, true.

A pal so true there has never been
As dear to me as she can be.
She stays by me through thick and then,
At toil or gay frivolity.

We've given and taken a lot together,
She'll stay with me till years are ripe,
Through cold and hot and sweet spring weather.
So here is to my dear old Pipe.

—O. G. Migosh.

Clyde Curry, who is teaching in Redwood City, visited his parents in Weott over the Thanksgiving vacation. Mr. Curry is a graduate of Humboldt State.

Genevieve Zook, who is enrolled at the Sacramento Junior College, spent the Thanksgiving vacation in Eureka. Miss Zook attended Humboldt last semester.

edition. The same staff with probably a few additions will carry on next semester, and we hope to have just as progressive a paper then as now.

CALENDAR FOR SEMESTER

December 9 (Friday) ----- Community Recreation Class Assembly at 10 a. m.
December 9 (Friday) ----- College Christmas Pageant College Auditorium 2 and 3 p. m.
December 14 (Wednesday) Kord Kotton Kapers in Gym, 8 p. m.
December 15 (Thursday) Elementary Pageant (auditorium 8 p. m.
College dance in Gym. 9 to 12 p. m.
December 16, January 3 ----- Vacation
January 6 (Friday) ----- Puppetry Assembly
January 9 (Monday) ----- Final Examinations begin
January 14 (Saturday) Freshman English A exam. and Registration
January 16 (Monday) ----- General registration

BONERS

Georgia was settled by thieves and animals taken from the English jails.

BONERS are actual humorous tidbits found in examination papers, essays, etc., by teachers.

The Whig party gets its name because most of its members wore powdered whigs.

A grand jury is a group of men picked out of a hat.

Describe the circulation of the blood.

It flows down one leg and up the other.

Newspapers are useful for reporting calamities such as deaths, marriages, and the like.

The blood vessels are the veins, arteries and arterilleries.

Sediment is what you feel for somebody you love.

What is pork? ..
Pork is meat that you get from a porcupine.

H

HUMBOLDT SPORTING NEWS

HIGHLANDERS BEAT CRESCENT ALL-STARS

Running up a large lead in the first half and scoring 18 points to their opponents 13, the Humboldt State Teachers College five downed the Crescent All-Stars 44 to 27, on the college court last Friday night.

Thirty-six fouls were called during the contest, of which, 20 were called on the All-Stars.

"June" Fleishman lead the scoring attack with 13 points. Earl Hemenway and Gordon Hadley made 9 and 8 respectively. Berri and Spann were the lime-lights for the northerners, Barri scoring 9 points and Spann 8. Glenn Waldner did some nice defensive work for the "hill" team.

TO SPEND CHRISTMAS IN IDAHO

Miss Monica Wright of the faculty, expects to drive home to Bellevue, Idaho, for the Christmas holidays to visit her parents, Mr. and Mrs. J. M. Wright. On the journey back to Arcata, Miss Wright expects to visit a few days in Portland, Oregon.

Bear Skull for Zoo Class

A bear skull has been contributed the collection of the Zoology class by Gus Landgergen of Anderson Valley.

Coach Forced to Administer "Cuts"

For the first time in the history of basketball at the Humboldt State Teachers College, Coach Fred Telonicher had to "cut" the squad. About 40 men turned out, of which about 15 will make up the varsity squad. The remaining men will turn out during the fourth period gym class and will make up the freshman team.

The men remaining on the varsity squad: Forwards, June Fleishman, Calmer Kincaid, Lawrence Clark, Herb Moore, Franny Moore and Jack Simpson; centers, Howard Gregerson, Channing Hadley and Gordon Hadley; guards, Wayne Simpson, Earl Hemenway, Don Chamberlain, Ugo Giuntini, Glenn Waldner and Leo Sullivan.

League Leaders Remain Undefeated Through Week

Last week was an eventful week in the volleyball play conducted by the Community Recreation Class. Ruth Carson's team came through two tough games on top to maintain the lead in the American League. Ruth Carroll's four man team defeated Earl Tatman's aggregation to tie Amy Vance's bunch of volleyballers for second honors so far. Hazel Christensen's team is still leading the National League and her position will be seriously threatened in today's game with Grace Shaw's sextette.

In the other games of the week D. Ivancich, L. Robinson, J. Rezonnicco, Grace Shaw and E. Hemenway defeated in order C. Owen, M. Ely, Z. Ivancich, A. Forson and D. Neilsen.

HUMBOLDT BEATS ARCATA III

Outplaying their opponents in almost every department of the game, the Humboldt State Teachers College basketball team walloped the Arcata Union High School heavyweights 56 to 15.

The half ended with the college leading 22 to 7. Channing Hadley lead the scoring with 8 points.

EARL TATMAN WILL PILOT 1933 ELEVEN

Earl Tatman was elected captain of the 1933 Humboldt State Teachers College football team at the annual banquet held Saturday night at the Viola Hotel, Wildwood.

Tatman, a junior, played half-back on the 1933 eleven and is a two year letterman. He succeeds Wayne Simpson.

PUPPETRY PERFORMANCE REHEARSAL

Two rehearsals of the puppetry classes plays have been presented before the first and sixth period Public School Art classes of Mrs. Stella A. Little. "Rumpelstiltskin" was the first play rehearsed, and "Hans and Gretel" the second.

Mrs. Little reports that she has had several invitations from Eureka clubs, one of which is the Parent-Teacher Association, to enact these puppetry plays. Consideration is being given to these requests and possibly during the first week of the Christmas vacation if the members can get together, one of these plays may be given.

Miss Ruth E. Bestor, primary supervisor in the College Elementary School, will spend the Christmas vacation at her home in Redlands.

COLLEGE CAGERS SWAMP PURITANS

In their opening game of the season, the Humboldt State Teachers College basketball team defeated the Arcata Puritans 55 to 15 last Wednesday night.

Gordon Hadley, college center was high point man with 12 points. June Fleishman was next with 11 points, Channing Hadley had 9 and Jack Simpson 8. Wilfred McCoy, Puritan forward lead for the losers with 6 points.

Lineups and Scores
College (55) Puritans (15)

Giuntini, g

Officials: Richard Meade, referee; Jeno Panelli, timer, and Buster DeMotte, scorer.

With every member of the cast playing his part artistically and faultlessly the Humboldt players' production, "The Command Performance", scored a big hit in Arcata and Eureka on Monday and Tuesday evenings. Much credit is reflected upon the cast, the stage helpers and Miss Lucy Neely McLane, the director.

The leads, Louis Tallman and Jessie Hinch, won the sympathy of the audience and Madeline Kammerzell as the queen of Moldavia, was especially good. Harlan Still as king of Wallachia, kept the audience in a jovial mood. Margaret Rogers, Leo Schussman, Dale Merriam and Bill Ott all did knee pieces of work. Other supporting characters included Fred Goodwin, Lloyd Wasmuth, Harriet Finne and Claude Kistner.

Father Sage Says:

Some women have to go to the theater to get a good cry, and the only love they get is out of a magazine.

"Tommy," said his mother, "be sure to come in early this afternoon to get your bath before going to the Browns to supper."

"But mother," "I don't need a bath for that. They said it was to be most informal."

KITTY McKAY

By Nina Wilcox Putnam

The girl-friend says the shoulder straps on her evening gown draw interest but they're not a reliable security.

MANAGER PRESENTS AWARDS TO PLAYERS

Eighteen men received stars and letters at the assembly held last Friday for participation in football for the past season. Five men received stars for their second or third year on the team, while the remaining 13 were given their first awards for football.

Those earning stars, are Lee Nellist, Wayne Simpson, Franny Neilson, Carl Penn and Earl Tatman.

Those earning letters for the first time, are Harmon Minor, Tom Dolf, Gene Lytell, Charles Schmeder, Bob Caviness, Charles Timmons, Jeremiah Scott, Bill Oliver, June Fleishman, Ralph Buxton, Howard Grossi, Ernest Brownlow and Beryl Boice.

Presentations of the awards was made by Manager Gillis Courtwright.

Harry Reilly, '32, visited in Eureka over the Thanksgiving holidays.

CHAMPIONSHIP GAME TO BE PLAYED TODAY

Today's and Tomorrow's games in the volleyball league are going to be close. An important one will take place today between the Christensen and Shaw team for the championship of the National league. Other games include E. Hemmenway vs. L. Winter and L. Larsen vs. D. Ivanchich.

Friday's contests are between Ray Carson and L. Robinson, M. Ely and H. Christensen, and Carl Owen and Amy Vance.

The tournament will be concluded in the near future.

Reduction Made In College Budget

years—the present biennium — there has been an increase in regular enrollment at Humboldt College of 26 per cent, and that in spite of this approximately one-fourth increase in enrollment, President Gist is asking for 43 per cent less money for the next two years than was appropriated for the past two years.

The budget for Humboldt College for 1931-1933 as passed by the state legislature was a total of \$473,220; of this amount, \$221,000 went for capital outlay and \$252,220 went for maintenance.

The Humboldt budget for 1933-1935, as submitted to the state department of finance for approval, asks for a total of \$268,322; of this, \$17,242 is to be used for capital outlay and \$251,080 for maintenance. Thus there is a striking difference in the amount asked for capital outlay under which head comes new buildings and improvements, and also a reduction in the amount asked for maintenance.

Not only is there a 43 per cent decrease in the total budget being asked for the next biennium, but the per capita cost of students is steadily being lowered at Humboldt College. For the school year 1931-32 the per capita cost was \$371.30. For the present year of 1932-1933 the per capita cost will be \$314.42, or a 15 per cent reduction.

State statisticians upon careful estimates figure that the per capita costs for the next biennium will be still lower; that is, their estimate for the per capita cost for 1933-1934 is \$298.65, or a five per cent reduction over this year, and the estimate for 1934-1935 is \$264.95, or an 11 per cent reduction from that of 1933-1934.

Principle of Dynamo Shown Elementary Class

A demonstration of how a dynamo works was given by Harry McGinitie to the pupils of the seventh grade in the College Elementary School Wednesday morning, November 30. The class has been studying the water power of the United States under the direction of Miss Elinor Cloney, student teacher, and the demonstration was given in connection with the study of water power. Henry T. Cluxton is supervisor of the seventh grade.

James Usher to Enter College Next Semester

James Usher has returned to his home in Eureka from Los Angeles, where he has been for the past several months. He plans to enter Humboldt again next semester.

While enrolled in the college, Mr. Usher took an active part in dramatics, having the title role in "Grumpy" and also parts in "Dolly Reforming Herself" and "The Royal Family."

KAS NELLIST AT MODESTO

Katherine Nellist, graduate of H. S. T. C., spent the Thanksgiving vacation with her parents in Eureka. Miss Nellist is teaching in the physical education department of the Modesto Junior High School.

Christmas Day in South Sea Isles Recalled by Humboldt College Man

William Morehouse, Humboldt State student, is going to spend the coming Christmas at his home in Southern California, the first home Christmas he has had for several years. However, though he has been away from home, his vacations have not been dull ones, especially Christmas of 1929, when he was on board a ship, in the South Sea Islands. But let him tell it in his own words:

"December 25, 1929, found the Steamship Sierra about 360 miles south of Suva, in the Fiji Islands, on its run from Sidney to San Francisco, via Fiji, Samoa and the Hawaiian Islands.

"Although the weather was very squally, with showers about every half hour, it was very hot and sultry. In fact, it was so hot that when those of us who were on the four-to-eight watch went below for breakfast, we found our Christmas breakfast consisting of pork chops, French fried potatoes and coffee, 'plenty hot.'

"This didn't go over so well with the boys. In fact, the boys never did get along well with the second steward who decreed that they should have pork chops whether it was 40 degrees below or a hundred and twenty degrees above. But this morning there seemed to be more groans than usual in the petty officers' mess, especially from the quartermaster, cadets and boatswains who had spent most of their watch closing ventilators for each brief squall and opening them again so that the captain and the first de luxe passengers, whose rooms were just under the boat decks, might receive every breath of air that stirred in that heavy sticky, tropical atmosphere.

"The rest of the morning was spent in reading, playing cards or in just loafing by the fellows off duty—and by most of those who were supposed to be on duty; for after the decks had been washed down, work was through for the day except for the smallest possible number of men that it took to keep the Sierra plowing at her steady 17 knots an hour.

"Many of the crew were lying around on the poop deck telling of the Christmas dinners and celebrations they had attended in the different corners of the globe. They prophesied that this Christ-

mas would be 'just another day' as far as the Sierra was concerned.

"But it turned out that their prophecies weren't any truer than the yarns they were telling, for when they went below to dinner, they were greeted by a huge sign made of red, white and blue paper pasted on green cardboard and spelling out 'Merry Christmas.' The cardboard was hung over a table spread in real Christmas fashion. Turkey, baked Virginia ham, sweet potatoes, dressing, celery, cranberry cause, and even candy and cigarettes. A whoop went up and a mad scramble for places ensued.

"The afternoon was spent in hibernating, but at 6 o'clock things got back to the regular 'four on and eight off,' that is, the watches put in full time from then on.

"The next morning bright and early we docked in Suva. We were greeted by what at a distance appeared to be an army of black chocolate Christmas trees. Closer inspection showed them to be black native stevedores who evidently had raided some one's Christmas tree and decked themselves with all the tinsel and trinkets they could possibly find room for on their bodies."

Mr. Morehouse was on the S. S. Sierra of the Matson Steamship Company as a cadet. He made two trips, each trip lasting 54 days. One trip included the ports of Honolulu, Pago Pago of the Samoan Islands, Suva of Fiji Islands and then Sidney with the return to San Francisco, the home port.

While in Suva Mr. Morehouse thought he would do a little shopping. He met a Hindu carrying a pole with two large bunches of pineapples tied to each end. Wanting a pineapple, he produced a dime and offered it to the fellow. The fellow seeing the dime took it, gave the pole and all the pineapples to him and left in a great hurry. Mr. Morehouse didn't know what to do; so with the pole on his shoulder he went back to the ship.

Not being able to do his Christmas shopping out at sea, Mr. Morehouse had to wait until he arrived at Honolulu, at which port he arrived one day after New Year's.

High Speed Record Set by Humboldt Co-ed

Lois Anderson, Humboldt State student, recently made a net speed of 70 words per minute for 15 minutes in a typing test. This is the fastest any student has written in two years, according to Bert F. Wilson, commercial instructor.

Marie Adams neared this record last semester by writing 68 words per minute.

Other students records nearing the 70 mark were Lois Cochran, 67 words; Alice Sequist, 64 words; Elda Johnson, 63 words; Dorothy Linders, 62 words; Delmere Sloan, 62 words; Frieda Phillips, 61 words; Walter Warren, Coyita Cooper, and Mildred Robinson, 60 words.

Maxine Belloni and Delmere Sloan have records for being the most accurate and best all-round typists. Their record for accuracy varies from only 0-3 errors every test.

Ada Sears and Frank Mendes have the next best accuracy records with no more than five errors recorded for any 15 minute test.

STUDENTS ATTEND PARTY

Several Humboldt State Teachers College students attended recently a birthday party for William Rogers, brother of Margaret Rogers, who attends college here. The guests were Eleanor Rutledge, Grace Mary Rutledge, Evelyn Swanson, Mary Elizabeth Cronin, Haven Howatt, Veldon Nixon, Gus Campbell and William Rogers, the honored guest.

Much Variety in Physical Activities

The Physical Education Department announces that the following courses are to be open to students in the next semester. Students should read the list carefully and find out those courses which are open to him before he signs up for any physical activity. Miss Ann Craig of the Department was especially anxious that every student be aware of the fact that he must carry at least one-half unit of physical activity with his regular load.

The following courses are open to women only: Frosh physical activities, Athletics (basketball, baseball and soccer) Beginning natural dancing, beginning pyramid building, tumbling and stunts. Courses open to men only are Physical Activities and Athletics. Courses in which both men and women can enroll are all tennis classes, archery, plays and games, singing games and folk dances.

Free play in archery, tennis and golf is open only to senior students who have had previous instruction in the activity and who are approved by the P. E. Staff.

Humboldt State Fellows Nabbed by Police

It seems that "crashing the gate" doesn't always pay. The other night a group of co-eds were having a party. All went well until one of the girls happened to glance out of the window. She was greatly alarmed when she saw two faces peering at her out of the darkness. She immediately informed the hostess, and thinking the "Peeping Toms" were burglars, the police were called.

Upon the arrival of the officers, the two men were found hiding in the garage. Imagine the girls' surprise when the "burglars" proved to be two innocent Humboldt State students who were after nothing but ice cream.

The police were determined to take the students to headquarters, but after the co-eds pleaded for them, the fellows were given their liberty on condition that they report to a certain faculty member on the following morning.

Catherine Engelhart, student of Humboldt State Teachers College, was hostess during the holidays at a dancing party given at her home to a number of her friends.

VISIT HOME THANKSGIVING

Adelaide Dethern of Laytonville, Kathleen Garner, Eleanor Renfro and Louise Parker of Lakeport, visited home during the Thanksgiving holidays.
