VOLUME VII

ARCATA, CALIFORNIA, SEPTEMBER 13, 1934

NUMBER 1

## MUSIC GROUPS WILL GIVE TWO CONCERTS

SEMESTER PLANS ANNOUNCED BY JEFFERS FOR PUBLIC APPEARANCES

Several changes have been made in the plans of the music department of Humboldt for the school year 1934-35, according to E. V. Jeffers.

Two concerts will be given during the fall semester and two in the spring semester. The first will be the combined concert given by all musical organizations. The Women's Glee Club, Men's Glee Club, A Cappella Choir, and Orchestra will each have an equally important share in this concert, Mr. Jeffers said. A few features for the combined concert will be the addition of a talented soloist from the community to be the guest artist on the program.

The A Cappella Choir will give the second concert of the first semester on the last night before Christmas recess. This concert will be a Christmas carol service given by candlelight.

Carols from Bohemia, France,

(Continued on page three)

## Dance as Welcome For New Students

Freshman students and new students to Humboldt State Teachers College will be welcomed at the student body reception and dance to be held in the college gymnasium Friday evening, September 14. Cralle's Crooners has been engaged for the dancing which will continue until midnight.

The dance will be informal, with decorations in autumn colors and the freshman class numerals. Lyle Thompson, general chairman of the dance, is being assisted by the social committee of the student body.

H

## College Y. M. C. A. Has First Meeting

With Rev. R. L. Waggoner as guest speaker, the college Y. M. C. A. held its first meeting of the new term Tuesday in Room 116. Oden Hansen, president, presided and introduced the speaker. Ray Posic was nominated for vice president of the association and an election set for the next meeting.

The resignation of Virgil Hollis, "Y" athletic manager, was read and accepted. Twelve members were present.

H

## OPERATE FERRY BOAT

Frank Look's first grade class in the College Elementary School has built and is operating a ferry boat.

## TEACHING 32ND COURSE

"Mathematics Ten," a three-unit course in mathematics for the elementary school, is the thirty-second different course taught at H. S. T. C. by Homer L. Arnold, professor of mathematics.

Other courses which have been taught by Mr. Arnold were in the departments of education, mathematics, psychology, philosophy, engineering and social science.

H

## G. WILSON TO ACT IN SUMMER THEATRE

Garff Wilson, college dramatics director, has accepted an invitation to act next summer at the Padua Hills Theatre with a group of select players picked by Jerome Coray, director. The invitation was tendered in recognition of Wilson's work at the Pasadena Community Playhouse school of the Theatre during the summer. Attending the school were forty-three directors and actors from all parts of the United States, only five of whom were Californians.

Wilson completed advanced courses in directing and acting and participated in two student productions while in the southern city. In the first production, a nineteenth century English Comedy entitled "School" by T. W. Robertson, he appeared in the major role of Lord Beaufoy. He also held the male lead in "Chalk Circle", an ancient Chinese drama, playing the part of Prince Foh. This play was produced in the conventional movements and makeup of the Oriental stage. Wilson received favorable comment from the southern press reviewers for his work in the plays.

H

## Gist Is Attending President's Meeting

President Arthur S. Gist went to Berkeley yesterday to attend the first meeting for the school year of the California Teachers College presidents of the school year.

The main topic of discussion will be the budgets to be submitted by the teachers colleges to the next legislature. According to President Gist, each teachers college president brings his proposed budget up for the consideration of the other executives, and items approved by them go to the legislature with the prestige of all the colleges behind them; as a result, there is no political maneuvering by one school to the detriment of another.

President Gist will also meet with representatives of the University of California, Stanford University, and the University of Southern California to discuss possible revision of the requirements for the administration and supervision credentials issued by the State Board of Education.

H

## STUDY FARM ANIMALS

Jessie Hinch, student teacher, is conducting a farm animal and farming unit with her kindergarten class in the College Elementary School.

## W. A. A. SPONSORS MANY ACTIVITIES

ORGANIZATION PROFITABLE TO ALL GIRL STUDENTS, SAYS PRESIDENT

The Women's Athletic Association sponsors many activities, social and athletic, which, according to Eleanor Renfro, president of the organization, should be both interesting, enjoyable, and profitable to freshmen and other women now enrolled at Humboldt for the first time.

The W. A. A. among other projects has charge of the annual Play Day, and of inter-class tournaments for women in archery, hockey, tennis, basketball, volleyball, and speedball.

There is no inter-collegiate competition for women athletes at H. S. T. C., but participation in interclass or individual sports is recognized by the award of the W. A. A. chevron and the Big H honor sweater.

Chevrons are awarded to all

(Continued on page three)

## MORE FEDERAL AID IS GIVEN COLLEGE

Federal aid for student employment amounting to about \$500 per month for the entire school year has been allotted to H. S. T. C., President Arthur S. Gist announced recently. This sum is \$100 per month more than was available from the same source the final three months last year.

President Gist states that the government requires the following rules to be observed in hiring students with this money.

1. Only those doing satisfactory work, and those who are of all-around desirable character may be employed. The high school records of freshmen who apply for work will be investigated.
2. The money furnished by the government must be spent in the employment of men and women students in the same ratio as they are enrolled.
3. At least 50 per cent of the money provided by the United States government must be used to employ freshmen or other students who have not been enrolled at Humboldt prior to the present school year.

In addition to the \$500 per month from the federal government, there will be between \$200

(Continued on page three)

## Special "English A" Examination Friday

A special examination in "English A" for freshman students who entered late and did not take the examination at Humboldt on Tuesday, September 4, will be held Friday morning at 10 o'clock.

Students who are to take the examination are asked to report at 10 o'clock sharp at the office of Maurice Hicklin of the English department. Fifty minutes will be allowed for the test, which must be completed during the third period so as not to interfere with classes.

## SAYS CHING NOT THE BOSS

Edmund V. Jeffers, associate professor of music, says that he positively does NOT get up at 2:30 o'clock every morning to cook breakfast for "Ching," and that, despite all rumors to the contrary, this self-satisfied-looking Chow really is not the master of the house.

H

## HIGH ARCHERY SCORE MADE BY TELONICHER

Fred Telonicher, assistant professor of physical education, recently set a new record for Northern California archers to shoot at when he made an American round score of 90 hits and 672 points. The highest score previously reported to have been made north of San Francisco was 90 hits and 646 points.

Mr. Telonicher made his new high record under conditions even more unfavorable than those existing in the major tournaments, where warming-up and "range-finding" practice on special targets is permitted by the rules. Instead of shooting the customary practice ends for these purposes, he started "cold" and counted the first end he shot that day.

The American round consists of ninety arrows, thirty of which are shot at sixty yards, thirty at fifty yards, and thirty at forty yards. The highest score possible to make in this round is 90 hits and 810 points. The world's record is slightly over 700 points.

H

## Hospitality Group Has First Meeting

The Women's Hospitality Committee of the college met Friday noon, September 6, in the Green Gate Room to discuss plans for the new term. Mary Emily Speier, committee chairman, presided.

Members of the committee are: Jane Bridgen, Katherine Cloney, Laurella Frakes, Jessie Hinch, Frances Monahan, Mary Nielson, Eleanor Renfro, Maewilda Speer, Barbara Stewart, Annabelle Stockton, Dorothy Williams, Janet Woodcock and Evelyn Renner.

H

## Big Lagoon Picnic For Dormitory Girls

A group of girls from Sunset Hall, accompanied by Miss Louise Struve, Miss Aubrey Nicely and Miss Louise Johnstone, spent the week end at the Big Lagoon Cabin of Mr. and Mrs. E. V. Jeffers of the faculty. The group swam and went boating. Mr. and Mrs. C. E. Graves were guests Sunday evening, and Miss Imogene Platt joined the group Monday afternoon.

Those in the party were: Doris Clark, Margaret McCammon, Janet Robison, Evelyn Rhea, Eleanor Renfro, Eleanor Robinson, Gladys Marke.

H

Margaret McCammon's second grade class in the College Elementary School is working on a play: "Jack and the Bean Stalk."

## WILSON TO PRESENT PLAY 'EASY VIRTUE'

NOEL COWARD'S SUCCESS TO BE FIRST H. S. T. C. PRODUCTION

Plans for a full season of dramatics were announced yesterday by Garff Bell Wilson, director of the Humboldt College Players.

The season will include two three-act plays by the Humboldt Players, one guest performance by players from San Francisco State Teachers College, and several trips to communities in Northern California.

"The first play of the season, to be presented on or about October 24, will be Noel Coward's brilliant social drama, 'Easy Virtue'." Mr. Wilson said. "One of the most successful of the Coward plays in England, 'Easy Virtue' has rarely been produced in the United States. It has seen only one presentation on the Pacific Coast, and that by the Pasadena Community Playhouse. Its presentation by the college players should arouse much interest throughout this region."

The second dramatic event of

(Continued on page three)

## Freshmen Welcomed On First Assembly

A welcome assembly in honor of the new freshmen was held in the college auditorium last Friday morning when Charles Timmons, student body president, invited all freshmen to enter the social and physical activities of the college. Richard Buxton responded in behalf of the freshman class.

President Arthur S. Gist of the college, in a welcome address, talked to the students on world problems and the necessity for college education in their solution.

H

## 50 Students Report For Fall Dramatics

Fifty students reported for the fall dramatic tryouts last Thursday in the college auditorium. Most of these are interested primarily in acting, but several, in addition, wished experience in production work. The casts for the fall plays and the production staffs are being selected from this group.

"With such a large turn-out and with the record enrollment of nearly thirty students in the Dramatics Workshop, the fall season of dramatics should be outstandingly successful," Mr. Garff Bell Wilson, director, said yesterday.

H

## Executive Council In First Meeting

There was a meeting of the Executive Council Wednesday to begin work on the budget for the current year.

Any organization or individual student not satisfied with the budget as submitted by the Executive Council is, according to the constitution of the Student Body, entitled to a hearing before the Council. A public meeting for such hearing will be announced at a later date.

## Get Your Money's Worth

Neither admonition, promise of reward, nor threat of punishment is required to induce people of normal intelligence to accept everything they pay for at clothing store, bakery, or service station. The smallest child knows enough to take all the candy handed him for his penny. No one ever saw a sober person with an IQ which would permit his entry into college knowingly walk off leaving half his change on the counter. Yet every semester we see students here at Humboldt, who have paid for an education but refuse to take it. Students who have paid their share toward the social and athletic activities of the college—yet neglect to take advantage of the advantages offered along these and other extra-curricular lines.

We do not know who is paying your expenses, but we do know that for every day's attendance someone (yourself or another) is paying. We do not know that failure in post-college life will result from students capable of a B-plus average loafing through with a scant C-average; nor for other students to ignore all college activities aside from their classes. But we do know that it is poor business judgment not to take what you pay for. Get your money's worth!

H  
CALENDAR

Friday, September 14, 10 a. m. Sophomore meeting; Evening College dance and Freshman reception.

Tuesday evening, September 18. Science Club meeting, Social Unit.

Thursday, September 20, 3:30 to 5:30, President and Mrs. Gist's reception for Freshmen, at the President's residence.

## GOLFERS:-

Play All You Want for \$1.50 a Month

The Arcata Golf Club at Bella Vista, north of Arcata, offers tickets, good for one month, for \$1.50 which entitle you to play as many times as you wish for that month. No extra green fees.

Further reduction if player will pay for one year in advance

## COLLEGE STUDENTS AND COMMUNISM

It is unfortunate that an organized, planned attempt is being made to exploit the youth of the country to overthrow some of our well established agencies of government. Human Welfare can only be protected, guided and enhanced by well-planned and intelligently administered institutions. Institutions can only administer to human needs when society is well organized. Without planned orderliness, chaos will result.

The democratic form of government assures us more social justice and greater equality of opportunity than any other form tried or advocated. Communism cannot solve our social and economic problems, as it advocates the elimination of the fundamental processes of organized society. I do not share the belief of many that communism is making headway in our colleges and universities. The scholarly grasp of our problems and the orderly thinking which college instruction tends to develop, naturally prevent illogical and unorganized practices. It is very doubtful if any considerable number of college students are communists because of their college instruction—rather, in spite of it, we may well assume. The recent action of the State Board of Education requiring an oath of allegiance of all students in our Teachers Colleges was prompted by a desire to assure the public of the constructive attitude of those in charge of the training of California teachers. This patriotic and loyal attitude is constant and does not vary with emergencies.

It is to our college students that our country looks for guidance and stability when the good judgment of our youth is threatened.

May you assist us in preserving our institutions from attack from within as you would when outside forces menace our country.

(Signed) ARTHUR S. GIST, President.

Meet Drosophila Melanogaster  
Who's Living in a Glass House

"Drosophila melanogaster" sounds as though it might be the name of some new and dreaded disease. But it isn't. It's a wee fly beastie about as big as the head of an ordinary pin; and it, or they, live in a row of glass houses on top of the desk in the office of Robert H. Poultny, professor of biological science.

The Drosophila melanogaster, known to intimates as the vinegar fly, is of interest to science chiefly because of its rapid rate of increase and because it transmits a number of marked characteristics which can be readily distinguished by the naked eye. For these reasons, and because it takes up but little room and

costs little to feed, the vinegar fly is the favorite subject for laboratory experiments in heredity.

Robert Poultny, professor of science, brought specimens back with him from the University of Chicago laboratory which show a number of different mutations; namely, red eye, normal wing, miniature wing, vestigial wing, normal body color, yellow body color, bony body color, normal shaped eyes, bar-shaped eyes, eyeless, bristled and bristleless.

The object of the experiments to be carried on with these flies is, according to Mr. Poultny, to cross flies with contrasting characteristics and trace the results.

"Gravitricity" May  
Upset Old Theories

Homer L. Arnold, professor of mathematics, spent the greater part of the summer vacation in original research and study of "gravitricity," a new force with a repulsion for gravity.

Gravitricity has possibilities, according to Mr. Arnold, of leading to revamping the theories of gravity and atomic attraction, and possibly to restatement of Newton's laws of motion.

Mr. Arnold's interest in this new force was aroused by ideas picked up in lectures at the University of Michigan during the 1933 summer session, which he attended as a candidate for the Ph. D. degree in mathematics. The main difficulty encountered has been the problem of constructing a dynamo of the type used to generate gravitricity.

Mr. Arnold says that the term 'a repulsion for gravity' means that any object charged with this force is repelled or driven away from the earth instead of being attracted toward it. Any object thus charged will, in other words, fall upward instead of down."

Attends Summer Term  
On Choral Technique

Edmund Jeffers, associate professor of music at Humboldt College, spent two weeks of the summer vacation in Los Angeles studying choral technique and interpretation under Father William J. Finn of New York. The course was given at St. Mary's College, in Los Angeles.

Father Finn, Mr. Jeffers said, is recognized as a world authority on choral music. He is the conductor of the famous Paulist Choristers and of the Medievalists, and is organist and choir-master at the Catholic cathedral in New York City. When he was twenty-five years old, he won the first with the Paulist Choristers at Paris in competition with leading choirs of the world.

One hundred and fifty students were registered for the course. Mr. Jeffers had with Father Finn this summer. The students were chorus directors, choirmasters and college professors. The class met for six hours every day. At the close of the two-weeks session, the class broadcast over the NBC network several choral works as a demonstration of their work.

## FOURTEEN FROM FERDALE

Fourteen students are registered from Ferndale this year in H. S. T. C.: Clyde Brownlow, Ernest Brownlow, Sadie Ambrosini, Bruce Compton, Barbara Gries, Marie Goff, H. William Ott, Pauline Pegolotti, Evelyn Renner, Marie Silva, Arline Thompson, Lyle Thomsen, Grace Tonini, Emmalina Winkler.

## EIGHT FROM BLUE LAKE

Eight students are registered from Blue Lake in H. S. T. C. this year: Ellen Anderson, Neville Crosby, Theodore Crosby, Minnie Forbes, Eugene Fountain, Harold Merriam, Irma Merriam, Leora Tuohy.

(Continued from page one)

and \$300 per month available from state funds this year.

President Gist predicts that the United States government will continue indefinitely, if not permanently, to contribute substantial sums toward student employment because the difficulty experienced by young people in being absorbed in industry is likely to continue.

Because there are more applicants for employment than can be taken care of by the total fund available it will be necessary, according to President Gist, for those selected to work.

President Gist stated that the College was well pleased with the way students employed with federal and state funds last year and so far this year worked, and called attention to the fact that a number of students were employed during registration for routine work heretofore done by the faculty.

Students wishing to obtain employment must apply to Mrs. Jessie T. Woodcock, financial secretary, he said.

**President Speaker In Trinity County**

President Arthur S. Gist served as instructor at the Trinity County Institute at Weaverville on Monday, and spoke at the Hawkins Bar C. C. C. camp on the way home.

President Gist met a number of former H. S. T. C. students, who are now teaching in Trinity County, while in Weaverville. Among these were Drucilla Runner, Clara B. Cox, Esther Genzoli and Anne Davitt.

**VETERAN LINEMEN OUT FOR PRACTICE**

A veteran line averaging close to 180 pounds from end to end, and backfield weakened by the loss of three eligible lettermen turned out for the first practice session of the 1934 football season in answer to Coach Fred Telonicher's call for candidates for the team.

The prospects of developing a powerful, fast-charging line from the material in college, look good. Lettermen who appeared on the field the first day of practice included Captain Robert "Butch" Caviness, left tackle; Joe Walsh and Bill Henders, last year's regular ends; Ernie Brownlow, tackle; Gene Lytle, Clyde Brownlow and Harold Merriam, guards, and George Inskip, center. Linemen new to H. S. T. C. are Al Abrahamsen, tackle on the Eureka High School team four years and a member of the Stanford freshmen squad one year; Fran Waters, tackle, from Santa Rosa Junior College; Bill Baker, center, and "Wally" Lozensky, end, from Fortuna High School.

In the backfield Coast Telonicher has two heavy, hard-hitting, veterans in Charles Timmons and "Franny" Moore; a good passer in Joe Paul, and a dynamic quarterback in Everett Watkins. Watkins is a broken-field runner of unusual ability in spite of his lack of weight.

Among the new men out for backfield posts are Roy Ivancich of the 1931 Eureka High School team; Bruce Compton, half back on Ferndale's championship team of 1932, and Virgil Hollis, Humboldt sprinter.

It is thought that a number of other men will report during the present week.

**Garff Wilson Picks Opening Play Cast**

Rehearsals have begun for "Easy Virtue," Noel Coward's social drama which will be the first production for this fall by the Humboldt Players, directed by Garff Bell Wilson. The cast follows:

"Larita," Margaret McCommon; "Colonel Whittaker," Ben Marshall; "Mrs. Whittaker," Alma Ruth Sweet; "John," Oden Hansen; "Marian," Norma Thurston; "Hilda," Catherine Bull; "Sarah Hurst," Jessie Hinch; "Charles Burleigh," Julius Hooven; "Philip Borden," Sam Davis; "Furber," Bruce Compton; "Mr. Harris," Jack Lennox; "Mrs. Hurst," Eleanor Ritola; "Mrs. Phillips," Frances Paulson; "Nina," Eva Mathisen; "Bobby," Myron Schussman; "Lucy," Muriel Thorne; "Mary," Beryl Unsoeld. The parts of "Hugh" and of "Henry" will be announced later.

**Music Group Will Give**

(Continued from page one)

Germany, England, and Hayti will be used.

In the second semester, a combined concert similar to the one in the first semester will be given. New musical numbers will be used for each concert. The A Capella Choir will give its third annual concert in Eureka shortly before the spring tour of the Bay region and Northern California. The glee clubs and the orchestra will visit nearby high schools during the year.

The turn-out for the various organizations has been satisfactory, according to Mr. Jeffers. Because of conflicting schedules it has been necessary to have two sections of the Men's Glee Club this year. The Women's Glee Club is also meeting in two sections, as formerly. The glee clubs are not limited in numbers and there is always room for more members, Mr. Jeffers said. The only requirement for membership being the ability to carry a tune. Mr. Jeffers suggests that any other students wishing to join the glee clubs see him and arrange for a try-out.

The orchestra always can use string players. String players from the community and from other schools in the vicinity are eligible for membership in the college orchestra and Mr. Jeffers wishes to get in touch with any such players who may wish to join.

The A Cappella Choir is limited to thirty members. This year a new system of using understudies for the choir has been instituted.

"The voices in the choir this year are of good quality," Mr. Jeffers said, "and all members seem to be possessed of an exceptionally good spirit."

All concerts will be free to members of the student body upon presentation of student cards.

**Wilson to Present Play**

(Continued from page one)

The season will be a guest performance by San Francisco State Teachers College on the evening following the presentation of "Easy Virtue." Last year the Humboldt players visited San Francisco Teachers College and presented there the melodrama "Interference." This year San Francisco will repay the visit. Their play has not yet been announced.

"The fall season will conclude with a special performance of that most powerful of war plays, 'Journey's End.' Mr. Wilson continued. It is planned to present this play at the State Theatre in Eureka some time before Thanksgiving."

Both "Easy Virtue" and "Journey's End," Mr. Wilson hopes, will be presented in other communities after their initial performance in Arcata and Eureka. Several shorter trips to other towns in Humboldt and Mendocino counties are planned.

**Frosh Entertained By College Women**

The Women's Hospitality Committee of the Humboldt State Teachers College entertained the freshmen at the "Frosh Round-up" held in the inner court Wednesday noon. The Frosh were identified by colorful green neckties and green hair ribbons. Folk dances, games and a short program helped the freshmen become acquainted with each other after which a lunch was served.

The Women's Hospitality Committee members had charge of the affair under the supervision of Miss Louise Struve of the faculty.

**W. A. A. Sponsors Many**

(Continued from page one)

those earning 200 points in interclass or individual activities.

The big H honor sweater is presented to outstanding members of the W. A. A. by the Associated Students of the Humboldt State Teachers College on the following basis:

1. At least 1000 points in athletics. Points are won by membership on class teams, and participation in individual sports.

2. A scholarship average of C or better.

3. Participation in college affairs.

4. Sportsmanship.

W. A. A. officers are elected annually by the active members of the association. Officers for the present year are Eleanor Renfro, president; Katherine Forsythe Ford, vice president; Frances Monahan, secretary; Barbara Jean Russell, treasurer; Mary Shinn, point chairman; Marie Nordquist, song leader, and Goldie Tamburovich, yell leader.

The managers for the different sports are chosen on account of their participation in these activities. Managers are responsible for the practice games, and arrange for the interclass contests.

W. A. A. sports managers for 1934-35 are Eleanor Renfro, hockey; Marie Nordquist, basketball; Evelyn Quarnheim, volleyball; Gladys Shervington, speedball; Eloise Aune, tennis, and Naomi Gregory, archery.

**To Play Two Games Away From Arcata**

The Humboldt State Teachers College football team will, according to Coach Fred Telonicher's present plans, play two games away from home this season. The first of these games will be with the San Francisco State Teachers College at San Francisco on October 20, and the other, a night game, with Santa Rosa Junior College at Santa Rosa November 10.

Negotiations for a third game, to be played at home, are under way. Albany College, Golden Gate Junior College, Yuba Junior College, Salinas Junior College, and Mare Island Apprentices are all being considered for this game.

An ordinance licensing sellers of oleomargarine was adopted recently in Mendocino County at the request of the farm bureau.

## Seventeen Girls Now Live at Sunset Hall

"Sunset Hall," women's dormitory of Humboldt State Teachers College was organized with seventeen girls making it their home for the semester. Miss Louise Struve, dean of women of the college, is also head resident of the dormitory and "mother" to the girls.

The girls living at "Sunset Hall" and their homes are as follows: Emmy Lou Grove, Scotia; Norma Thurston, Ukiah; Doris Clark, Potter Valley; Dorothy McGovern, Scotia; Marjorie Brenner, Scotia; Eleanor Robinson, Bridgeville; Gladys Marke, Carlotia; Evelyn Rhea, Cummings; Janet Robinson, Bandon, Oregon; Margaret McCammon, Tomales Bay; Annabelle Stockton, Shively; Evelyn Renner, Waddington; Marie Goff, Waddington; Mary Shinn, Honeydew; Barbara Gries, Ferndale; Eleanor Renfro, Kelseyville and Lydia Biasca of Metropolitan.

## Elementary School Has "Hobby Clubs"

"Hobby Clubs" made up of children from the fifth, sixth, seventh, and eighth grade rooms of the College Elementary School meet every school day from 12:30 until 1 p. m.

There are at present four active organization, namely a Glee Club, Art Club, Industrial Arts Club and Physical Education Club.

### WORKING FOR PH. D.'S

R. H. Poultney, H. D. MacGinitie and J. Wendell Howe, the three members of the faculty of the department of natural science at H. S. T. C., are active candidates for the Doctor of Philosophy degree, and expect to complete their work within the next couple of years.

A straight car of President plums from the R. B. Howell orchard at Auburn, sold recently in Philadelphia for \$1730.

## TWENTY-SIX OBTAIN TEACHING POSITIONS

Of the thirty-six 1934 Humboldt Teachers College graduates who applied for teaching positions, twenty-six, or two-thirds have been placed. This percentage is higher than the percentage of placements for last year, when sixty per cent of those wishing positions obtained them. Incidentally, Humboldt College last year placed the highest per cent of any California Teachers College. Figures on the percentages placed by the other teachers colleges for this year are not yet available; hence no comparison of this year's figures can be made.

Humboldt's record for this year will probably go still higher, according to Miss Imogene Platt, college registrar, who is in charge of placement. Since it is early in the school year, Miss Platt has had as yet no call for teachers to fill emergency positions. Last year's placement figures included the emergency appointments.

Students who have obtained positions to date and their schools, follow:

In Humboldt County—Maxine Belloni, May School; Elma Biasca, Grant Union; Wayne Biord, Eureka Junior High School; Anita Calanchini, Orleans; Ruth Carroll, Mitchell; Melba Dougherty, Harris; Mildred Green, Crannell; Elma Gries, Oakdale; Louise Johnstone, Patrick's Point; Alice Person, Jane's Creek; Alice Porter, Hoopa; Zdenka Posic, Rhonerville; Elva Quarnheim, Weott; Janet Stewart, Grant Union; Harlan Still, Field; Clara Taubman, Ferndale; Lucille Winter, Hoopa.

Outside Humboldt—Margaret Burchell, Wheatland, Yuba County; Alice Carr, San Justo, San Benito County; Ruth Carson, Riverside, Del Norte County; Blanche Charles, Mt. Signal, Imperial County; Elise Henggi, Crescent-Elk, Del Norte County; Valeria Del Ponte, Klamath, Del Norte County; Harriet Finne, Mendocino County; Drucilla Runner, Big Bar, Trinity County; Dixie Lee Starkey, Lakeport, Lake County.

Mesides these 1934 graduates, two graduates of 1933—Agnes Johnson and Esther Genzoli—who were not placed last year have recently obtained positions.

## Syllabus Will Save Money for Students

The substitution of a syllabus gotten out during the summer vacation by J. Wendell Howe, professor of biological science, for the text book formerly used by the Physics 10 classes effected a net saving of \$3.75 to each student enrolled in the course.

The syllabus was mimeographed in the office by students from the commercial department who were paid for their work at the standard rate, 40 cents per hour. The covers of the syllabus were printed by a local printer. The syllabus is sold by the book store for 75 cents; the text book which it replaced sold for \$4.00.

The change from text book to syllabus was not, according to Mr. Howe, made primarily either to save money for some students or to provide employment for others, but rather to increase the value of the course by covering the subject more thoroughly than was done by the text.

Carl Penn, who graduated from H. S. T. C. with the A. B. degree in physical education and the special credential in physical education has returned and is now working for the A. B. degree in education.

## Five New Books on Rental Shelf List

"Matador" by Marguerite Steen, a dual selection of the Book-of-the-Month Club and the English Book Society for July; "Lamb in His Bosom," by Caroline Miller, Pulitzer Prize winner for 1934; "Stars Fell on Alabama" by Carl Carmen; "Joseph and His Brothers" written by Thomas Marm and translated from the German by H. T. Lowe-Porter, and "The Road Leads On" by Knut Hamsun, are new books on the rental shelf in the Library.

### CHILDREN STUDY SEEDS

The third grade of the College Elementary School, taught by Miss Ruth E. Bestor, associate professor of education, and Halcyon Wilson, student teacher, is carrying on a fall project dealing with the distribution of seeds.

### THIRTEEN FROM FORTUNA

Thirteen students registered in H. S. T. C. from Fortuna last week: Anna Brandt, Richard Buxton, Alma Gallagher, Lois Hedley, Robert Hedley, George Hugo, Cedric Jasper, Collis Mahan, David Nielsen, Mary Nielsen, Harvie Patterson, Edna Renfro, Frank Steele.

### ATTENDS CHICAGO U

Robert H. Poultney, professor of biological and physical science, spent the summer vacation at the University of Chicago in research work on the relation of heredity to evolution, and the study of physiology in the medical school. Mr. Poultney is a candidate for the Ph. D. degree in biological science.

### GETS OUT SYLLABUS

Henry T. Cluxton, associate professor of education, spent the summer vacation in research in problems of supervision; he got out a syllabus covering his new course in "Social Science for Junior High Schools."

### IS COACHING PLAY

Annabelle Stockton student teacher in the fifth grade of the College Elementary School, is coaching her room in an original play: "Why the Wild Geese Fly South," which will be presented next Friday with the sixth grade pupils and teachers as guests of the fifth grade.

### STUDIES IN OHIO

Miss Myrtle Sholty, professor of education, spent the summer vacation studying at Ohio State University under Dr. B. H. Bode, professor of philosophy. While in the Middle West she also visited her mother at Wabash, Indiana, and spent a few days at the Century of Progress Exposition in Chicago.

### Born Wrestler

"Here, young man, you shouldn't hit that boy when he's down." "G'way! What do think I got him down for?"

### All by Formula

Suitor: "I would like to marry your daughter."

Business Man: "Well, sir, you can leave your name and if nothing better turns up, we can notify you."

### The Memory Lingers

Jackson: "I noticed you got up and gave that lady your seat in the tram the other day."

Hackson: "Since childhood I have respected a woman with a strap in her hand."

## Balabanis, Puryear In Extension Work

Dr. Homer P. Balabanis, vice president of H. S. T. C. and head of the social science department, and Dr. Vernon J. Puryear, professor of social science, have been appointed to positions as regular members of the faculty of the extension division of the University of California, and will conduct evening classes in either Arcata or Eureka during the present year. Full credit at the University will be given for credits earned in these extension course classes.

Dr. Puryear is scheduled to offer a course this fall, and Dr. Balabanis will teach one the second semester. Details of these courses will be announced in a later issue of the Lumberjack.

## Work of Student On Display Here

A display of machine shop and forging work done by Frank Look, Humboldt student, during the 1934 session at the Santa Barbara Normal School is now on display in the show cases near the Library door.

One of the outstanding articles made by Mr. Look is a double-ended emery grinder, made in the machine shop, in which a Model-T Ford piston forms the base and bearings. The exhibit includes chisels, punches and machine tools.

Hop pickers will be paid on cent a pound for their work in Sonoma County.
