PLAY TO BE GIVEN AT STATE THEATRE

"JOURNEY'S END," WAR PLAY
TO BE SECOND COLLEGE
FALL PRODUCTION

Memories of his own World War experiences impelled R. C. Sherriff to write "Journey's End" showing, as he knew it all the manliness, cowardice, meanness, humor, deadliness and honesty in the Great War. When the curtain rises on this drama at the State Theatre in Eureka, next Tuesday night, November 27, an experienced cast of Humboldt College players will re-live the life in the trenches as it was known to soldiers in the past war.

"It hits war its hardest blow without a word of direct propaganda or rancor against anyone or anything," one critic says.

The cast though playing the roles of English soldiers, are typical of any group of soldiers of any nationality. Towering above the others is the full figure of "Captain Stanhope," nerve-racked, tall, broad shouldered with a strong sense of duty but soaking himself in drink—whiskey—to drown his fears and feelings. This role is played by George Inskip.

Between "Lieutenant Osborne" and "Lieutenant Raleigh" there exists a comradeship which lasts even to the time just before the raid when it is certain that one or both of them will be killed. Julius Hooven and Garff Wilson play "Osborne" and "Raleigh," respectively.

There are no women characters on the cast and no manufactured sentiment of any kind. The play abounds with laughter even in the face of death.

Comedy is supplied by "Lieutenant Trotter" played by John Van Duzer and "Sergeant Major" played by Wayne Simpson. Other members of the cast are "Captain Hardy," Carl Owen; "Private Mason," Jack Lennox; "Lieutenant Hibbert," Bruce Compton; "Colonel," Ben Marshall, and a German Soldier.

An intensive advertising campaign is being conducted for the performance. Organizations are co-operating with the college in avoiding conflicting activities.

Regular prices will be charged; college students with their student body cards will be admitted at reduced prices.

FRESHMAN EXAMINATIONS

Notices were placed in all freshman mail boxes recently concerning appointments with Dr. Harry Jenkins, college physician, for follow-up work. This was carried on from November 12 to the 23.

Live Turkey Will Be Given Away at Dance

A noon dance will be held next Tuesday, November 27, in the big "gym" by the College Civic Club. Music will be furnished by Bill Slade, Raymond Posic, Everett Watkins, Wayne Simpson and Dick Buxton.

The tickets, in the form of turkeys, will be sold by members of the College Civic Club. During the dance, a live turkey will be given away. The turkey will be on display in the hall.

The purpose of this turkey dance is to pay back to the Civic Club treasury the money borrowed to send students to the Santa Rosa game.

P.E. INSTRUCTORS TO AID COMMITTEE

Miss Montca Wright and Miss Florence Shearer of the physical education department of Humboldt College, have been asked by Miss Espenshade, in charge of the Woman's Athletics at the University of California and chairman of the basketball committee for northern California, to serve on that committee.

This committee will last for one year and will report to the national committee on woman's basketball which is under the committee on woman's basketball of the woman's section on athletics of the American Physical Education Association.

The sort of things reported is: the amount of participation in each community, under which comes: the number of people participating, the length of the season, the age of the groups participating, if there are any industrial women's basketball groups playing, the type of coaching and the rules used.

June Soloe Selected For Hockey Manager

June Soloe was elected general hockey manager for next year at the annual Hockey Banquet held last Friday noon, in the south room of the Commons. Martha Sunnari was chairman and toast-mistress of the banquet. A program was presented as follows:

Trumpet solo, Marseille Spetz, accompanied by Marie Nordquist; speech, June Soloe, freshman captain; reading, Emmaleena Winkler; speech, Miss Florence Shearer, physical education instructor; piano solos, Merle Morton.

Environment 'Fans' Get Debate Verdict

A debate recently in the heredity class taught by Robert Poultny, to determine whether environment or heredity is the most important factor in determining health ended in a victory for the advocates of environment.

The chairman was Alfred Abrahamson. Those on the affirmative were Lawrence Clark and Leland Cloney, on the negative were Bernice Erikson and Kathryn Crevelli.

The students sat on the side that they believed in. They changed sides if the speakers convinced them that their stand-or was it "set?" was wrong.

JUNIORS NEED PHYSICAL "EX"

All junior students must have a physical examination before they enter practice teaching. Beginning Monday, November 26, appointments will be posted on the bulletin board or notices placed in mail boxes. Juniors are asked to look for and keep appointments.

Miss Lorene Grove is visiting with her sister, Emy Lou Grove, at Sunset Hall this week.

SANTA ROSA TRIP 'GRAND SUCCESS'

STUDENTS AND FACULTY SAY
EXCURSION TO GAME
WORTHWHILE

That the effort expended to make possible the train excursion to the Santa Rosa game were distinctly worthwhile seems to be the general opinion of faculty and students who made the trip.

Opinions expressed have been to the effect that the trip was especially valuable in two respects: for the general advertising that was given to Humboldt College and for the spirit displayed by those who made possible the trip, not only for themselves but for others.

President Arthur S. Gist expressed himself as much pleased with the outcome of the trip, not only for the value to the school and to the student body, but for the excellent conduct and good fellowship displayed by the students on the trip.

Typical expression from others, Garff Wilson: "A brand new set of spark plugs for the Humboldt Straight Eight was what the Santa Rosa trip gave us. I had

(Continued on Page Four)

Humboldt Co-Eds See Fete in Chinatown

Neita Hinch and Ruth Hudson started through Chinatown on what they expected to be an ordinary sight-seeing trip and wound up by being practically the only white people to participate in a Chinese celebration. They saw groups of Chinese children in costume marching by. They followed them to the "playground", where a grand welcome was being held for Tsai Ting Chai, the Chinese general who was in charge of the rebel troops, who kept the Japanese at bay near Shanghai. Although General Tsai Ting Chai is only 42 years old he has distinguished himself in spite of the Chinese government's disapproval. He came to San Francisco to thank the Chinese rebels there for sending him supplies.

Neita and Ruth were the only two Americans to witness the celebration with the exception of a newspaper man who escorted them to the roof of a building overlooking the whole procession on the playground.

Humboldt Students Aiding With Dance

Six Humboldt College students are on the various dance committees making plans for the De Molay Turkey Trot which will be given at Fortuna Thanksgiving Eve, November 28.

Lyle Thomsen is general chairman. Other students on the committees are Harry Falk, Cedric Jasper and Myron Schussman, on the ticket committee; Joe Paul and John Baureidel on the advertising committee.

Marion Graham, former Humboldt student, and Rollo Guthridge, '32, were married recently at Grants Pass, Oregon. Mr. Guthridge is employed by the Montgomery Ward Company in Eureka. The couple will live at Bayside.

Absent-Minded? No, But Students Wait

The absent-minded professor was once believed to be a mythical person. One of the stories about him went something like this:

"Wind the clock and put out the milk bottle before you come to bed," said the professor's wife. A few moments later she noticed the milk bottle on the dresser and the alarm clock was soon discovered on the porch.

Students doubted this story but recently a certain professor forgot to come to class until he was roused from his office by some of the more studious pupils. It is said that the greater the man, the more absent-minded he is.

W.A.A. TO HOLD 'JAZZ ASSEMBLY'

The Women's Athletic Association will sponsor a "Jazz Assembly" at 10 a. m. tomorrow in the college auditorium. The program will consist of tap dance numbers, vocal and instrumental solos.

Prudence Brundin is chairman of the W. A. A. committee which planned the assembly. She is assisted by Martha Sunari, Janet Woodcock and Bernice Dillon.

The Program Follows:

1. Vocal solo—James Hemphill.
2. Tap dance—Dolores Henderson.
3. Vocal solo—Wilma Bishop.
4. Tap dance—Virginia Torp and Beryl Unsold.
5. Banjo solo—Wayne Simpson.
6. Tap dance—Gene Lytle, Charlie Timmons, Carl Penn.

Science Club Will Sponsor Dance Soon

That the Science Club of Humboldt State Teachers College will sponsor a student body dance, soon, was decided at a meeting in the college social unit recently. Myron Schussman was elected chairman of the dance committee.

Mrs. Nellemary Scobie, art supervisor of Eureka Public Schools, spoke on Mexico and exhibited curios from there.

It was decided to have a drive for new and old toys which will be given to needy children at Christmas.

Dinner was served to the group in the social unit.

Ferndale Prom Draws 23 College Students

Twenty-three students from Humboldt State Teachers College attended the Ferndale high school Junior Prom in the gymnasium of the high school, Friday evening, November 16. Those present from H. S. T. C. were as follows:

Alfred Abrahamson, Jean Lawyer, Marjory Brenner, Clyde Brownlow, Ernest Brownlow, Bruce Compton, Humboldt Gates, Barbara Jane Gries, Virgil Hollis, Roy Ivancich, Rose Katri, Jeanne McLean, Francis L. Moore, Zonna Murray, Sulo paaso, Harvie Patterson, Raymond Posic, Marie Silva, Arline Thompson, Thomas Lyle Thomsen, Emmaleena Wilkler, Harry Zook, and Jack St. Claire.

Basketball Season To Commence Friday

Humboldt State will open its basketball season Friday night at the College Gym when the Orleans C. C. C. team invades the H. S. T. C. court.

The Orleans team defeated the Arcata High School team in a decisive manner and they should give the collegians a hard game, as the college team has had only one week's practice.

1934 VARSITY FIVE HAS 6 LETTER MEN

TWO JUNIOR VARSITY, THREE
PROMISING FRESHMEN TO
FORM NUCLEUS

Coach Fred Telonicher will have the nucleus of six letter men, two junior varsity, and three promising freshmen to mould into this year's team. Earl Hemenway, guard, and Herb Moore, forward, are the only varsity members who are not returning.

Six letter men responded to Coach Telonicher's call for basketball candidates on Monday night. Charlie Timmons, center and guard, who captains this year's team has one year of Junior varsity and Varsity experience behind him. Bill Henders, guard, has had one year varsity experience. Harry Zook, forward, has one year of Varsity experience. Franny Moore, forward, has two years of varsity experience behind him. George Inskip, guard, has one year of junior varsity and one of varsity experience. Joe Walsh, center and guard, has one year junior varsity and varsity experience.

Everett Watkins and Bill Lambert, who are members of last year's junior varsity squad, will make a bid for varsity positions this year.

Heading the list of freshman candidates are Wallace Lozensky of Fortuna high school, Dick Buxton of Fortuna high school, and Paul Hunter of Arcata high school, and Bill Baker of Arcata high school.

Humboldt State Teachers will play its first college game on February 2 and 23, when the San Francisco State Teachers College team invades the local court. The colorful House of David team will tangle with the college team in the middle of February.

The Humboldt State team will engage the Chico State Teachers College on March 1 and 2.

The college team will also enter the Independent League in this county.

Complete list of those signed up for basketball follows: Charles Timmons, Bill Henders, Harry Zook, Franny Moore, Joe Walsh, Wallace Lozensky, Dick Buxton, Robert Caviness, Gene Lytle, Joe Paul, Everett Watkins, Bill Lambert, Paul Hunter, Bernard Hutinspeller, Roy Ivancich, Virgil Hollis, Harry Falk, Alfred Abrahamson, Clyde Brownlow, Ernest Brownlow, Richard Alberts, "Slippery" Elms, George Inskip and Mel Christopher.

PLAN CHRISTMAS PARTY

The Kindergarten-Primary Club will be one of the first on the campus to hold a Christmas party. Their December meeting, which comes on Monday, the third, will be called "A Christmas Frolic," according to Margaret McCommon, president.

Business Manager — Myron Schussman.

Real Spirit

Humboldt students displayed real school spirit at the Humboldt-Santa Rosa Junior College football game.

Carl Owen's "Pep" band, about 125 students and friends made the trip to Santa Rosa and supported the team in real Humboldt Style. Many favorable comments were received by Humboldt students on their fine school spirit while in Santa Rosa.

This kind of school spirit is needed at all Humboldt activities. Basketball season will soon be here, and with it comes several important games. If the basketball team gets the support that the football team received at Santa Rosa, there is no doubt that they will be fighting all the time and will win games.

Whenever there is a game, the team will be out on the floor fighting for Humboldt students, you should be on the bleachers rooting for all you are worth for Humboldt.

The play, "Journey's End," to be presented next Tuesday evening at the State Theatre, is also a Humboldt activity and deserves your support.

Perhaps Water Came

On Account of Game

The "dorm" girls during the hard rain last Saturday evening were playing Hell in the room of Miss Louise Struve, head resident.

Don't get excited: "Hell" is the name of a form of solitaire now popular at the "dorm."

Pound, pound; dash, dash. Then, in the middle of one grand play, Splash!

Chorus: "The roof has sprung another leak!"

But the leak could not be found, and the game was resumed.

Then: "Why, Miss Struve, water is running into your radio."

The leak had been discovered — fortunately before any damage was done to the radio.

The girls of Sunset Hall were surprised to find some of Gene Lytle's mail in their post office box last week. They are still trying to find out just how this happened.

In Other Colleges

The "boomerang punt" is the latest thing in football according to Duluth State Teachers College in Minnesota after they lost a game to St. Cloud College while playing in a sixty-mile gale.

"You can't please everyone, so you might as well please yourself, since you have to live with you for the rest of your life." Good Philosophy, Santa Barbara? But does it always work?

Santa Jose State has been very fortunate in securing the services of Michael Angelo as Staff Artist for the "Spartan Daily." Who can tell? Perhaps we shall find a Chaucer or Shakespeare among the "Embryo Editors" (tanx to "Cal") of our State Teachers Colleges.

The Santa Barbara dedicates this to its librarian: They borrow books they will not buy;

They have no ethics or religions; I wish some kind of Burbankian guy

Could cross my books with homing pigeons.

From a Kentucky college newspaper comes this opinion of football:

"Lives of football men remind us, That we too, can push and shove

And departing leave behind us.

Footprints on anothers mug. Ev Watkins thinks it would be good if applied to Santa Rosa.

The Art Ball held recently at Sacramento J. C. was one of the most beautiful and colorful events of the year. They estimate that Sacramento merchants received \$21,000 worth of trade from the Art Ball.

"The Golden Garter," S. F. S. C. paper, can't be accused of "yellow journalism" but it was somewhat "orange." We refer to the "Razzberry Issue," "Fumigator," in which the editors said and did just as they pleased. Some fun. (P. S. The paper is on the newspaper rack in the library.)

Freshman Girls Hear

Camp Fire Executive

Miss Lynn Cowgill, who will teach a six weeks course in Camp Fire leadership here next semester, talked yesterday to the freshman girls on "Becoming Adults."

She said that time is the one thing of which we all start with an equal share, and the way we use our time will determine our success in life. If a person is a live person he can be happy in any community. Learning to use leisure time requires only a little concentration.

Health is another requisite to happy life. Health is appreciated only in its absence. To treat energy and health right is to insure what strength is necessary for years ahead.

Wealth is useful only in giving us the comforts of life. It is important for what we can do for others. "Those of you who have the privilege of attending college should learn everyday everything you can about everything you can. The day of specialization is practically over. A few years from now you may find yourself doing an entirely different work on some information you learned in college."

The students of the hostess class were busy last week making place cards and song books for the "Big Game Banquet" held last Saturday evening, at the Eureka Inn.

Miss Louise Struve and Miss Sarah Davies were in charge of the decorations for the banquet and some of the girls from the class assisted with the decorations.

Mother of President Gist Is Attending College for M. A.

President Arthur S. Gist's mother, Mrs. Lillian Gist, is a graduate student at Claremont Colleges at Claremont, California this semester where she is working for her master's degree. Her major is Latin, her minor Greek. Her work consists entirely of seminars. Mrs. Gist will be eighty years old on November 24.

"It was a thrill," President Gist says, "to take Mother down to enroll. I kept thinking about the day when the situation was reversed, and Mother went to see me properly enrolled in the primary room. That was years ago, but I have been going to school ever since."

When Mrs. Gist visited Humboldt last May, she said that all her life she had been associated with people who were working for another degree, and that it was time for her to earn another

one for herself.

"I can never remember a time," Mrs. Gist said then, "when the world was not over-crowded with interesting things to learn. I have made a hobby to study as many of them as I possibly could."

"The older one grows," she maintained, "the greater enjoyment there is in studying, for your background and experiences help you to interpret events more keenly."

The versatility of Mrs. Gist's conversation shows the results learning new things.

"In the world which she finds so interesting, there are people of twenty and twenty-five who close their books and calmly announce that they have completed their education. Mother, at eighty, is eagerly continuing her college work", said Mr. Gist.

Purveyor to Attend

Washington Meeting

Dr. Vernon J. Puryear, of the faculty, is planning to attend the meeting of the American Historical Association in Washington, D. C., during the Christmas holidays.

In honor of the fiftieth anniversary of the organization, President Franklin Delano Roosevelt will deliver an address. The association brings together the recognized leaders in American History and is, therefore, regarded as the most important of its kind. The Pacific Coast will probably be represented by only three or four men other than Dr. Puryear.

Dr. Puryear expects to leave for Washington immediately after school closes for the Christmas vacation. He may also visit New York, Boston and Harvard University.

'The New Democracy' Among Rental Books

Three new books are on the college library rental shelf since the last issue of the "Lumberjack" are:

"The Christmas Bride" by Grace Livingston Hill, a romance full of rich sentiment and feeling.

"The Saga of the Comstock Lode" by George D. Lyman, a story of boom days in Virginia city.

"The New Democracy" by Harold L. Ickes, which discusses the recent and future policy of the administration and outlines the program of broad-scale planning now being projected.

Hunter's Fresh Five Loses Opening Tilt

The Arcata High School lightweight basketball team recently trounced Paul Hunter's College Freshman team to the tune of 35 to 19 in the Arcata High School gym. The high school showed considerably more practice than the collegians did. This was the first time that the collegians had ever played together. Seidell, high school center, was high-point man of the game with 11 to his credit. The lineups as follows:

Arcata Lightweights—Naye, f. 7; Barsugila, f. 2; Carroll, f. 9; Vanoncini, f. 11; Seidell, c. 11; Starkey, g. 4; Emmenegger, g. 2; Costa, g.

Hunter's Collegians—Dick Buxton, f. 4; Hunter, f. 3; Beer, f. 1; Albert, c. 2; Falk, g. 4; Fountain, g; Lozensky, g. 6.

Children's Library Receives New Books

New books to be found in the children's library at the College Elementary School are:

"In my Nursery" by Laura Richards; "The Chinese Kittens" by Edna Brown; "A Little Maid of Massachusetts Colony" by Curtis; "Terra Lirra" by Laura Richards; "The True Story of Christopher Columbus" by Elbridge Brooks; "Ali the Camel" by Wells; "A Dog of Flanders" by Delaramee; "Rip Van Winkle and Legend of Sleepy Hollow" by Irving.

Abner Brantley, Louis Canepa, and Harold Brogan, former H. S. T. C. students, attended the St. Mary's-Santa Clara game last Sunday.

Men Study 'Hay-Fever'

Plants in Vicinity

Dr. Albert H. Rowe, physician of San Francisco and Oakland, with the assistance of biological scientists throughout the state, is compiling a table of pollination which will show what plants, in what part of the state, at what time of the year, may cause hay-fever in California.

J. Wendell Howe, assistant professor of biological science at Humboldt, has written the survey for northwestern California.

Dr. E. E. Stanford, chairman of the botany department at the college of Pacific wrote the survey for the bay regions.

John Bauriedel left Wednesday of last week for North Bend, Oregon, where he spent the week end with his parents. He returned Sunday evening.

LATEST GIST BOOK IN LIBRARY HERE

"Administration of Supervision," the latest book of Arthur S. Gist, president of Humboldt State Teachers College, is now in the College library.

"The purpose of this book," President Gist says, is "to outline the various purposes of supervision, its historical development, its organization, and the techniques necessary to successful administration of supervision. The book is written for students of administrative supervision in training and for the practical executive in service. Although the book has been written primarily for those in elementary education, the basic principles of supervision and many of the practices outlined in the book may be of value both to those in the secondary and in the elementary field, and to those in the rural and in the urban localities."

Some of the phases of the subject discussed are: History of Supervision, Organization for Supervision, Objectives of Supervision, The Science and Technique of Supervision, Program of Supervision, Demonstration Teaching, The Curriculum of Supervision, The Child, and Training for Supervision.

Miss Janet Robison spent last week-end at the home of her parents, Mr. and Mrs. T. W. Robison, in Bandon. Miss Robison's father, who has been seriously ill, is improving rapidly.

Gist in Radio Talk On Teacher Training

President Arthur Gist, of H. S. T. C., spoke Monday morning over KPO radio station on "How California Public School Teachers are Prepared." The following day, in Ukiah, President Gist addressed the Teachers Institute on the subject of "The Youth of Today."

Over KPO, he compared the training of teachers in years past with the intensive teacher training of today. "Teaching is far more than instruction in the rudiments of education," he said. "It is also influencing the lives and destinies of the children most favorably. Thus, the lives of the teachers in training must be enriched if they in turn are to enrich the lives of their pupils."

In his address on youth at Ukiah, Mr. Gist said: "We, as a nation, must become youth-conscious. Our youth problem, the greatest of all problems, must be faced with intelligence, unselfishness, sympathy, and co-operative planning. We want our civilization to continue and to advance. We may well take as our motto, 'All youth fully occupied with wholesome, character-building activities.'"

Poultney Chairman Of Legion Program

Robert A. Poultney of the faculty was recently chairman of the program for ladies night at a meeting of Arcata Post of the American Legion.

College students who were on the program were Bernice Dillon, Delores Henders, Josephine Dolfini, the later being a former student. Miss Henders did a tap dance. Miss Dolfini sang two numbers: "Alice Blue Gown" and "How I Miss You." She was accompanied by Miss Dillon.

Puryear Will Resume His Lecture Series

Dr. Vernon J. Puryear, of the faculty, recently completed half of his lectures in his University of California Extension Course on "The History of Recent Russia and Poland." The eighth topic, which was the half-way one, was on Alexander third and Reaction.

Because of high-school institute week, the lecture scheduled for last Tuesday, November 20, be The Russian Revolution of was postponed until next Monday, November 26. The topic will 1905.

Garff Wilson Named Senior Class Advisor

Garff Bell Wilson, dramatic instructor, has been elected advisor of the Senior Class.

Wayne Simpson, president, appointed Kathryn Cloney chairman of the committee for raising money, and Barbara Stewart chairman of the committee for the Christmas dance. These people will select their co-workers shortly.

Elementary School Is Closed for the Week

The College Elementary School is closed for the week to enable the supervisors to attend the Teachers Institute at Ukiah. The institute is held for all the public school teachers of Humboldt and Mendocino Counties.

Those attending from the training school faculty are Miss Myrtle Sholty, director of the training school; Henry T. Cluxton, supervisor of the seventh and eighth grades; Miss Belle Dixon, supervisor of the fourth, fifth and sixth grades, and Miss Ruth E. Bestor, primary supervisor.

STUDENT TEACHERS MEET

The Student Teachers Club met Tuesday evening in the social unit to formulate plans for the Parent-Teachers Club meeting early in December, when the student teachers will act as hostesses. They plan to give a playlet, "Toward a Better America."

SEE EUREKA GAME

Many Humboldt students took advantage of the part-day holiday on Armistice Day to see the Eureka-Port Bragg Football game played at Albee Stadium in Eureka. Classes after 2 o'clock on Armistice Day were dismissed by President Gist.

Humboldt Loses Its Final Grid Game

Santa Rosa's strong football team blasted Humboldt State's hopes for a successful season by downing them 21 to 0.

The Humboldt State team was held in defensive territory by the "coffin corner" kicking of Moore, Santa Rosa halfback, during most of the game.

Humboldt staged two marches in the second half. Bill Henders caught the opening kick-off and galloped to the Santa Rosa 40 yard line. Moore picked up 17 yards, placing the ball on the 23 yard line. At this point the Humboldt attack bogged down and lost the ball.

In the last part of the fourth quarter, Humboldt staged a 60-yard march only to lose the ball on the Santa Rosa two-inch line. Moore threw a 20-yard pass to Charlie Timmons, where he was stopped on the 40-yard line. Bruce Compton reeled off 16 yards on an off-tackle play, and on the next play, he picked up 14 yards of the same off-tackle play. A five-yard penalty and two line plunges gave Humboldt another first down on the six-yard line. The Santa Rosa line tightened and took the ball on the two-inch line.

Is Humboldt State Really on the Level?

Is Humboldt State Teachers College on the level?

If you want to find out, get an engineer's level, and a Philadelphia self-reading rod. Place the engineer's level near the center of the upper hall of the administration building and level it up. Get a friend to take the Philadelphia self-reading rod to one end of the hall, sight through the engineer's level and have your friend place the target on the self-reading rod at a place that coincides with the cross-hairs in the engineer's level.

The reading where the target was adjusted on the self-reading rod should be taken down on a piece of paper. Then, do the same thing with the rod placed at the other end of the hall. If there is a difference in the reading, you will know that one end of the hall is lower than the other. The end which has the largest reading is lower and the one with the discrepancy is the difference in elevation.

Two members of the surveying class who found that the south end of the upper hall was five-thousandths of a foot lower than the north end.

Morrow Gives Address Before Freshmen Men

C. E. "Doc" Morrow of Eureka, former Y. M. C. A. secretary, was yesterday the second of a series of speakers to talk to the freshmen boys on vocational guidance, at orientation.

Three points emphasized by Mr. Morrow towards the selection of a job were one's own qualifications for the position, the economic independence that would be supplied, and the service that the position would render to society. The next speaker will be Dr. Eugene Fountain of Arcata, who will speak on "Dentistry as an Occupation."

NEW DICTIONARY HERE

"The New Etymological Dictionary of 'Modern English' by Ernest Weekley, is now in the library. It is somewhat of a departure in etymological dictionaries. It embraces a much larger vocabulary than has been handled by previous etymologists and pays special attention to the colloquialisms and neologisms.

SEE FOOTBALL GAMES

Edith Nellist saw both the Humboldt-Santa Rosa Junior college football game at Santa Rosa and the Stanford-Washington game at Palo Alto. She drove her own car, leaving Eureka Friday morning and returning Monday.

Margaret Rogers, Humboldt student, spent last week-end in San Francisco. While there she attended the Santa Clara vs. St. Mary's football game.

Mary Mangum has accepted the position of stage manager for the coming play "Journeys End," to be given November 27.

COUNCIL DEFINES MANAGERS' DUTIES

Duties of the music and drama departments managers have been decided on by the student body executive council. They are as follows:

To be responsible to the executive council.

To make an inventory of all student body properties in their respective departments and submit the inventory to the executive council at the beginning and the end of each semester.

To be responsible for all student body properties in their respective departments and report loss or damage to same, to the executive council.

To have charge of advertising and ticket sales and turn all cash over to the student body treasurer or college financial secretary.

To work with the advertising committee heretofore appointed, of which the publicity manager is the head.

To get all requisitions for their respective departments from the student body treasurer or the college financial secretary.

To arrange for transportation for trips and consult with the head of the respective departments concerning accommodations, advertising, etc.

To have power to appoint assistants.

CRONIN-NELLIST WEDDING

Mary Elizabeth Cronin and Leland Nellist, former H. S. T. C. students, have announced their marriage which was solemnized November 3, at Grant's Pass, Oregon. They will live in Ukiah, where Nellist is employed by the Pacific Greyhound lines.

GOLFERS:-

BOARDERS REFUSE TO TAKE PRUNES

You cannot make boarders eat prunes.

Miss Louise Struve, director of the College Commons, says that it is impossible. She served them once recently to prove her point and now she says she will never try again.

"It is not because people do not like them," Miss Struve says, "for they do." You can set prunes alongside half a dozen other fruits at a cafeteria and a surprisingly large number of people will choose them. In Hawaii, where they were rare, they were considered a great delicacy. But with people who are paying board and are given no choice in making their menus, you cannot overcome the tradition that prunes are commonplace and cheap."

Any number of other fruits are more economical than prunes. The fruit grower's associations have taught the public that prunes are not necessarily prepared by stewing them in great quantities of water. They are stuffed with cheese, moulded in salads, baked in souffles, and packed as choice tid-bits in Bon Voyage boxes. As a party dish they are quite the proper thing.

Miss Struve's advice is: feed prunes to the family; eat them yourself; serve them at your swankiest bridge luncheons, but never attempt to make boarders eat them.

Faculty Members Are Planning Trip South

Miss Monica Wright, Miss Sarah Davies and Miss Florence Shearer are motoring to the bay region for the Thanksgiving holidays.

Miss Davies will visit with Mr. and Mrs. Irwin D. Miller in Oakland, and she also expects to see the Opera "Carmen" on December 2, in San Francisco.

Miss Wright will attend a health education conference at Stanford, while Miss Shearer will see the hockey games between the southern and northern divisions of the California Hockey Club, having been a member of the latter team for four years. The games will be played either at Stanford or U. C.

GIVES TURKEY DINNER

Miss Eleanor Renfro was hostess at a turkey dinner Saturday night in the social unit of Sunset Hall. Those present were Miss Louise Struve, Mary Shinn, Margaret McCammon, Gladys Marke, Evelynne Rhea, Annabelle Stockton, also Jennie Stockton and Theodore Maxwell of Fortuna.

Vignettes of Train "Cruise" To Santa Rosa Football Game

A big send-off at Eureka. Poms, heads, and horns poked out every window. The almost-late dashing from cars to train.

A temperance parade through the cars led by Garff Wilson. We like your songs Mr. Wilson--especially "Down With Kid Alcohol." Everyone with a deck of cards. Even President Gist engaged in a friendly game of bridge.

Band session in the rear car. They managed to render a few numbers by hanging the larger horns and heads out windows. Three former H.S.T.C. students in the band: Bud Tracy, Harlow Burgess, and Woodrow Thompson.

A pin sticking brigade in the front car. How about it, Miss Wright?

The box lunches disappearing fast--Mr. Wilson running down the aisle with a stuffed date--the kind you eat.

Miss Wright and Miss Shearer enter what they think is a delicatessen in Willits:

"Have you any ice cream?" asks Miss Wright. "No," replies the Italian; "you like a beer?" "No," reply the instructors as they walk out.

The team consuming large juicy steaks at Willits. The rest of us including Mr. Gist satisfying ourselves with cold sandwiches.

Five girls in Willits. "We met Al Chase and rode eleven in a car," is their story. Anyway, we picked them up at Cloverdale. How does it feel to be stranded in a strange town, girls?

Mrs. Ostrander frantically rushing through the train in search of Miss Johnson--thought for awhile she'd been left at Willits too.

The gang tiring a bit around Ukiah but peped up plenty, with the help of the band, as we reached Santa Rosa.

The game and Oh boy! did we show them that we had plenty of school spirit, even if we did lose the game? Sammie going strong till the end--and still going strong.

A rather tired bunch climbing on the train Saturday morning. Santa Rosa must have awfully hard beds--to find.

Magazines, candy, sandwiches, peanuts, etc. being sold and resold. Did that peanut butcher take a beating "Bill," or did he take a beating?

A lot more stops on the trip home tahn on the way down--must-a been some cows on the track.

Joe and Frannie decide to try their luck as musicians and parade the aisles minus their shirts. It was kind of warm.

Nothing left at Willits this time but our appetites.

Harry Zook takes a nose-dive out of a window and onto Frannie's back at Island Mountain. The ground was awfully hard, but these football men can take it.

A tired bunch getting off the train at Eureka. Gee! we had a grand trip.

Student Officials Tell of Societies

Student lectures were given recently in a meeting of the freshman orientation class. Charles Timmons acted as master of ceremonies, giving a speech on school government.

Eleanor Renfro spoke on the W. A. A. and Sunset Hall, girls dormitory; Alma Ruth Sweet on the Chi Sigma Epsilon, college honor society, and the Rousers, sophomore honor society, and Pro Musica; Julius Hooven on Alpha Psi Omega, dramatics fraternity; Gillis Courtwright on the Men's Association and the College Civic Club; Grace Schell on the "Lumberjack", and Barbara Jean Russell on the Science Club.

Organizations not represented were Pi Alpha Pi, fraternity of the social science majors, Y. M. C. A., Y. W. C. A., and the Kindergarten Club, composed of student teachers.

Students Will Attend Stanford-U. C. Game

Among the students and graduates of H. S. T. C. planning to attend the "Big Game" at Berkeley, Saturday, are the following: Jessie Hinch, Phyllis Quinn, Kathryn Cloney, Muriel Thorne, Francis Moore, Alfred Abrahamson, Joseph Walsh, Coyita Cooper, Elva Quarnheim, Alice Porter, Ruth Carroll, Evelyn Fielding, Larry Clark and Leland Cloney. Mrs. Alice Sequist, secretary to the registrar, will also attend the game.

SANTA ROSA TRIP GRAND SUCCESS

(Continued from Page One)

a gorgeous time, and am all signed up for the next trip, which I hope will be soon. From now on I think the Humboldt Straight Eight can beat anything on the road."

Captain Bob Caviness: "I think the football special to Santa Rosa, was, without a doubt, one of the most successful steps that our school has taken toward supporting an athletic team."

"Speaking in behalf of the team, I want to thank every member of our rooting section for their loyal support. Even though the score was against us those who were there could see that the team played a better brand of football with the moral support of the student body behind them."

Charlie Timmons, student body president: "I think the Santa Rosa trip was a good thing because it brought students closer together and created a better school spirit. The excursion advertised the college and showed the public that the students were full of pep. I believe that such a trip should be a yearly event."

Coach Fred Telonicher: "The Santa Rosa trip proved that we have fine spirit at Humboldt. Let's show it throughout the whole year."

Eleanor Renfro, president of the Women's Athletic Association: "Was it the cow bell, or the enthusiastic singing of the song that Garff Wilson taught us that caused all the hilarity on the trip?"

DALY'S CO-ED SHOP

Pardon us, if we neglect the clever things in the Co-Ed Shop just this once! But we're all peped up over the coming Christmas season.

And along those lines, the most interesting news in the store is that by Monday, Nov. 26... all our grand holiday decorations will be very much in evidence. We're using a new idea, this year, quite sure you'll like it a lot!

down? At any rate, it was a merry mixer and we had an enjoyable trip. Let's all go again some time."

Miss Belle L. Dickson, assistant professor of education, was in San Jose last week attending a conference of teachers who are preparing a series of pamphlets, "Science Guide for Elementary School," to be used in the California grammar schools.

1620 Methods Obsolete In 1934

John Alden, Miles Standish's successful rival for the hand of the Puritan maiden, Priscilla, came to America to make barrels for the Plymouth Colony, and stout, honest barrels they were. But rough and crude compared with those now shipped from Arcata by the trainload; for John Alden's barrels were "strictly hand-made," and NO hand-made product equals in uniformity a similar product made by modern precision machine methods.
