FOOTBALL SPECIAL TO CARRY CROWD

MANY ROOTERS TO ACCOMPANY H. S. T. C. GRIDDERS TO GAME

The Humboldt Football Special will leave Eureka at 10:30 o'clock tomorrow morning carrying Humboldt Varsity, the college band and rooters to Santa Rosa to witness the Humboldt-Santa Rosa Junior College football game to be played on the southern field, starting at 7:30 Friday night.

The train, the first football special ever run from Humboldt County, will carry 125 passengers and will consist of three coaches. Stops will be made at Fortuna and Scotia to pick up passengers and at Willits. The train will arrive in Santa Rosa at 6 p. m.

Box lunches will be served on the train, prepared by the College Commons. The charge for the lunch will be 25 cents.

The executive council of the student body voted Monday to pay \$2.50 of the expenses of each band member and the song and yell leaders.

Proof that Humboldt "knows how" has been shown in the spirited sign-up for the Humboldt Football Special. Co-operation of the Associated Men Students, the Women's Athletic Association, various clubs and faculty members has made it possible for Humboldt to take advantage of the

(Continued on Page Four)

A Cappella Attends Hallowe'en Function

A bone rattled against the door of Miss Ethel Carroll's barn was the Open Sesame to the members of the A Cappella Choir at the Hallowe'en party held last Wednesday evening. All those admitted were led through chambers of groans and moans after which games such as Murder were played. Later the group adjourned to the Social Unit at Humboldt State where refreshments of cider, pie, and apples were served.

Those who attended the function were: Ethel Carroll, Marie Nordquist, Lillian Snow, Merle Morton, Janet Woodcock, Elaine Haley, Barbara Stewart, Mary Emily Speier, Claire Speier, Mary McClaskey, Lena Brambani, Eloise Aune, John Gallop, George Hugo, Neville Crosby, Theodore Crosby, William Beer, Frank Steele, Irving Madsen, Ernest Brownlow, William Endert, Barbara Jeanne Russell, Zdenka Posic, and Lucille Tinkey.

Faculty members present were: President Arthur S. Gist, Miss Imogene Platt, and Mr. and Mrs. E. V. Jeffers.

Senior Student Gives Her Family Surprise

Norma Thurston, of the senior class, spent last week end at her home in Ukiah. Norma's dog "Impi" accompanied her—in the baggage car. The dog was a big surprise to the family as they had not heard of Norma's new pet. She left him in care of the family when she returned to school.

Ukiah is "Impi's" third home and will be his final one—that is, if he gets along with the family.

PINS FOR MEMBERS OF HONOR SOCIETY

Honor pins and emblems should be worn only by the students to whom they were awarded according to Alma Ruth Sweet, head of Chi Sigma Epsilon.

"The right to wear honor awards in the form of pins and emblems," Miss Sweet said, is earned by real effort on the part of the owner of the award. Therefore it is the accepted custom in universities and colleges for only the owner of the award to display it. Social fraternity pins are frequently worn by parties other than the owner under certain conditions, but honor pins and keys are never exchanged.

"We have noticed on our campus that certain honor pins are being displayed by persons having no right to wear them. The societies granting the right of wear these pins wish to avoid embarrassment on the part of these individuals, but request that all pins be worn only by the people entitled to wear them, in keeping with the general custom."

Dormitory Will Be Deserted on Week-End

Sunset Hall will practically be vacated this week-end, when the special train goes to Santa Rosa for the football game. The girls from the "Dorm" that are planning to make the trip are:

Eleanor Renfro, Dorothy McGovern, Doris Clark, Mary Shinn, Lydia Biasca, Emy Lou Grove and Annabelle Stockton. The remainder of the girls will spend the week-end at their respective homes.

Pro Musica Members Will Have Initiation

Pro Musica will hold its next meeting Wednesday of next week, the main purpose being to initiate new members. Anyone interested in music is eligible to join. To become an active member, one must display ability in music of some form.

Dorothy Williams is president of the club and Mrs. Marie Clark Ostrander of the faculty, is sponsor.

For the coming meeting a special program is being prepared.

Freshman Class Has Annual Return Dance

The freshman class gave its annual return dance last Friday evening, November 2, in the local college gymnasium. The decorations consisted of serpentine, several skulls, a coffin. The orchestra, Cralle's Crooners, had head-stones in front of each player. Programs were given to all that attended, approximately 200.

Patrons and patronesses were President and Mrs. Gist, Mr. and Mrs. Ralph Bull, Miss Louise Struve, Mr. and Mrs. Harry Falk and Mr. and Mrs. Casper Torp.

"JOURNEY'S END" IS NEXT COLLEGE PLAY

HUMBOLDT PLAYERS TO GIVE SECOND PRODUCTION IN STATE THEATRE

The Humboldt College Players have started rehearsals for "Journey's End," gripping war play, which will be presented at the State Theatre on November 27. Garff Wilson, director of the play and also a member of the cast, has announced the players as follows:

"Captain Hardy," Carl Owen; "Lieutenant Osborne," Julius Hooven; "Private Mason," Jack Lennox; "Lieutenant Raleigh," Garff Wilson; "Captain Stanhope," George Inskip; "Lieutenant Hibbert," Bruce Compton; "Sergeant Major," Wayne Simpson; "Colonel," Ben Marshall; "Lieutenant Trotter," John Van Duser, and a German soldier for which no one has yet been selected.

The entire action of the play takes place in a dugout in the front line trenches of the World War. "Journey's End" is one of the finest of war plays, and Mr. Wilson expects to make it the biggest production of the year.

W.A.A. Board Elects Volleyball Managers

Volleyball managers were elected at the W. A. A. Board last Tuesday noon. They are: Laurela Frakes, upper-class; sophomores, Amy Anderson; freshmen, Nelma Simila.

Dates for the hockey banquet and the Christmas party were set. The hockey banquet will be held Wednesday evening, November 14 and the Christmas party will be held on December 19.

Plans were discussed for a dance that is to be sponsored by the W.A.A. in the spring.

Prudence Brundin was appointed chairman of the W.A.A. assembly to be given Friday, November 9.

Executive Council Appoints Committee

A committee to decide the duties of various managers and a committee on hospitalization was appointed Wednesday noon at a meeting of the Executive Council in the Green gate room.

Jessie Hinch and Carl Penn were named to study the hospitalization plan and Gillis Courtwright and Elinor Enfro were appointed to outline managers duties.

VISITS DAUGHTER HERE

Mrs. E. Thurston of Ukiah, spent the week-end, October 26-28 in Arcata. Mrs. Thurston arrived in time Friday evening to attend the play "Easy Virtue" in which her daughter, Miss Norma Thurston, had a major part.

Science Club Will Hear About Mexico

Miss Nellemary Scobie, art supervisor for Eureka Public schools, will speak on "The Ruins of Mexico" at the next meeting of the Science Club, November 13 at 7:30 p. m. in the social unit of the Humboldt State Teachers College.

The "Tree of Life," a moving picture on the history of life's development, loaned by the Union Oil Company of Eureka, will conclude the program.

Miss Scobie studied in Mexico last summer. She will exhibit curios from there.

ORIENTATION CLASS HEARS MRS. GIST

Mrs. Arthur Gist spoke to the girls of the Orientation class yesterday on "Social Practice."

"Social Practice," Mrs. Gist said, "is the lubrication of life." It is good oil in a good engine. Some people wear manners like a cloak that, when blown by the wind, permits one to see underneath. Other peoples manners are an intricate part of themselves. That chivalry is a natural trait in the human race is shown by a statement made almost 2000 years ago in a book of etiquette. "We have two ears and one tongue so let us listen twice as much as we speak."

True courtesy is based on awareness. There are people who are a belly and a mouth and nothing else. Those who are aware are the sensitive type of person who seems to have eyes from his fingers to his toes and notice people and situations about him. There are centuries between these two types of people.

In the intricate social practice of the modern day, however, thoughtfulness and kindness will take one anywhere even if he does not know the etiquette of life.

He need only think of others and he can offend no one.

Associated Students In Sports Broadcast

Dedicated to the success of the Santa Rosa game and excursion, the Associated Students of Humboldt State Teachers College presented their third sports broadcast at 5:45 p. m. yesterday over radio station KIEM at Eureka, under the sponsorship of the publicity committee.

Frank McGaraghan, former Santa Clara football man, was the sports expert, giving his ideas as to the outcome of the coast games for this week-end.

J. Wendell Howe, of the faculty, outlined the details of the Santa Rosa-Humboldt "special," of which he is general chairman.

Other numbers of the radio program were, local solo, Wilma Bishop; piano number, Margaret Hessel; sports talk, William Ott; reading, Barbara Linger.

Leland Cloney was master of ceremonies.

Student Golf Tilt Entries Are Needed

Play in the Sam Beer trophy golf tournament has been indefinitely postponed because the needed number of entries have not signed up, according to Coach Fred Telonicher.

Unless eight golfers sign up the tournament to decide the student golf champion of Humboldt College will not be held until next spring, Telonicher said.

BREAKS MAY DECIDE SANTA ROSA TILT

COMPARATIVE SCORES SEEM TO INDICATE TEAMS EVENLY MATCHED

Coach Fred Telonicher and his Humboldt State Teachers College football squad will leave for Santa Rosa on Friday afternoon on the "Football Special," accompanied by the Humboldt State Band, faculty members, and a rooting section.

This game means a great deal to Humboldt State as a win for Humboldt State would make this the first successful season, while a defeat would mean only a mediocre season.

Comparative scores of the Santa Rosa and S. F. State (13 to 0) and the Humboldt State and S. F. State game (21 to 7) indicate a close game, which may be decided by the "breaks of the game."

The starting line up for the Santa Rosa game will find Joe Walsh and Bill Henders at ends, Captain Robert Caviness and Alfred Abrahamsen at tackles, Gene Lytle and Bernard Hutinspeller at guards, and George Inskip at center.

Everett Watkins will start at quarter with Charles Timmons and Roy Ivanchich at halves and Franny Moore at full.

The following players will make the trip: Bill Baker, Geo. Inskip, Gene Lytle, Bernard Hutinspeller, Harold Merriam, Clyde Brownlow, Captain Robert Caviness, Alfred Abrahamsen, Ernie Brownlow, Fran Waters, Leon Meyers, Bill Lambert, Joe Walsh, Bill Henders, Everett Watkins, Bruce Compton, Harry Zook, Francis Moore, Mel Christopher, Roy Ivanchich, Joe Paul, Charles Timmons, Virgil Hollis, and Athletic Manager Gillis Courtwright.

S. F. Women Players Are Entertained Here

The women members of the cast "Hay Fever," the play presented by the San Francisco players at the annual Play Festival at Humboldt State Teachers College, were guests at Sunset Hall over the week-end, October 26-28. They were: Phillis Burham, Lorraine Baltor, Lillian Collins, Margaret Bleason, and Harriet Masson.

Following the play Saturday night, a cider and doughnut "feed" was staged in the social unit of the dormitory, in their honor.

Our chief want in life is somebody to make us do what we can.—Emerson.

Humboldt Lumberjack

Published every other week by the Associated Students of Humboldt State Teachers College at Arcata, California.

Editor — Grace Schell.

Assistant Editor — Eleanor Ritola.

Reporters — John Bauriedel, Don Chamberlain, Leland Cloney, Harry Falk, Margaret Frost, Emmy Lou Grove, Francis Moore, Vernita Rossen, John St. Claire, Annabelle Stockton, Muriel Thorne, Jeanne Van Vlack, Francis Waters.

Business Manager — Myron Schussman.

We Thank You

Students and Humboldt's publicity committee appreciate the service recently performed by the Bailey Trading Company, distributors of Hancock gasolines.

The day before the Humboldt-Lick-Wilmerding football game, the specially equipped Hancock truck, with signs on the sides and back advertising the game and plays, paraded Eureka and Arcata. The day of the game, the truck again paraded the business districts of Eureka and Arcata.

During the game, the public address system was used in giving a play by play account of the game. This service was appreciated by the spectators as without all of the players on both sides could not have been distinguished.

School Spirit

The student body received Garff Wilson's first "installment" on "School spirit" with a good deal of enthusiasm. Everyone there that day realized the truth of what he said about the H. S. T. C. attitude. We all took it seriously, and, yet, goodnatureedly. That was the spirit in which it was said.

A lack of attendance at the home game seemed to express a lack of school pride. However, a hasty check-up showed that out of 293 enrollment, over 100 students work on Saturdays. It seemed that the age-old adversaries, Work and Play, held their usual parley. Those of us who must work in order to attend Humboldt have learned that there are certain things that we often have to deny ourselves—and football games are sometimes among the sacrifices. But there are, fortunately, other means of expressing enthusiasm and school pride. The working out of such a project as the Santa Rosa trip shows a considerable improvement in school spirit. It takes just such activities as that to keep up the pep and excitement that gives college that right "atmosphere!"

FINANCIAL STRESS AND SELF-RESPECT

Crises may be blessings in disguised forms, of course, depending upon our intelligent and philosophic view of causes and results. During our present industrial crisis we have studied many proposals for relief and for future preventive measures. Some of these are short-sighted, unsound and of little lasting value. Other plans seem to consider great economic and social movements in the light of humanity and human nature.

One element should be prominent in all adjustment and social relief plans, namely the self-respect of the individual. Any plans which strike at this trait tend to shatter one of the most essential qualities of human character. As long as Americans hope and work for the means of making an honest living, we have little to fear in economic and social readjustments. However, when we expect our governmental structure to provide us with the sustenance of life with no effort on our part we are lost as individuals and as a nation. (Signed) ARTHUR S. GIST, President.

See the Game

Humboldt State football team will need more than a bag of plays to defeat Santa Rosa Junior College football team tomorrow night at Santa Rosa. They need support on the sidelines—the real school spirit to win this game.

Arrangements have been made so that twenty-five members of the "pep" band will be able to go. Several students are planning to drive down in their own cars. A great number of students could go down. Students who can make arrangements to go should by all means make the trip. The game will be good, as Humboldt players will be fighting all the time.

Students, support your football team. If you possibly can, go to Santa Rosa tomorrow, and see Humboldt play Santa Rosa.

College Greenhouse

Is Supplying Classes

The college greenhouse is now supplying the botany classes with all the living plants needed for study, according to J. Wendell Howe, assistant professor of biological science. The specimens used are practically all native plants, costing nothing but the labor of collecting.

The college greenhouse was built a year ago from odds and ends of old lumber, glass from old shop doors, and cast-off material from campus buildings. The shade house near it was erected by the class in floriculture with the help of one of the janitors. These are the first units in a plan for an extensive college nursery.

Seeds are germinated in the greenhouse, where the temperature averages twenty degrees higher than that outside. Cuttings will be kept here for two years before they are planted out of doors.

After cuttings are taken from the greenhouse, they are kept in the shade house where they are protected from the wind and from the full rays of the sun until they are hardy enough to stand the outside climate.

Among the cuttings now in the greenhouse which will be ready to set out around the campus next year are abelia, fuchsia, summer lilac, evergreens and boxwood.

In Other Colleges

In Other Colleges 12 Ital—Edi qll

The editorial columns of the "Spartan Daily" seem to be the only ones the least concerned about the suggestion that San Jose State drop the name "Spartan" as meaningless and inappropriate. They say the name "Spartan" does not distinguish them from any other college but the response from the students prompted one of the editorial writers to suggest that a card with the caption "Quiet. Please do not disturb. This is a San Jose State college student?" be printed and hung around the necks of their lethargic Student body.

Chico State College is playing host to the Northern California high school journalists who will meet there for the fourth annual press convention. "Duke" Meyer, radio globe trotter, will be the main speaker.

The San Quentin orators won the debate on the subject: "Resolved: That California should be divided into states." Saint Mary's College had expected an easy victory but the poise and oratorical ability of the prison team won them a close decision.

Freshmen of Santa Barbara State College have heaped upon themselves the ire of the Sophomores and keepers of the grounds since they "desecrated the time-revered rocks on the front lawn" with green paint.

There are 1,523 students enrolled at the San Francisco State Teachers College on the census date of fall, 1934. These include students from the states of Kentucky, Nevada, New York, Oregon, Pennsylvania and Washington and one from Alaska.

Starts for Library

But Winds Up Where

Miss Margaret McCammon, star of the play "Easy Virtue," and Miss Eleanor Renfro, president of the Women's Athletic Association, were in Eureka last Saturday for the main purpose of returning some books to the county library.

The young ladies drove up in front of a large, red-brick building, and went in only to be informed that the books were from the county library, and had to be returned there instead of to the city library.

"Where is the county library?" "On the main street, directly across from the courthouse," was the reply.

Again they got into their car with their load of books, and drove around several blocks before they came to the courthouse, with the likely-looking building directly across from it. The car was parked and Miss McCammon climbed out, slammed the door, waited several seconds for some cars to pass, then walked across the street, up the street, up the steps, and into the door. Immediately a woman approached.

"Where can I leave these books?"

"Leave these books?" asked the lady with a blank expression on her face.

"Yes, Isn't this the county Library?"

"Heavens, no!" answered the woman; "this is the county jail!" The young ladies finally concluded that the best way to find out where the library was would be to ask some one that knew. Mrs. Bertha Murray, at the courthouse gave the necessary information and the books were returned without further difficulty and delay.

OLIVER McCAMMON HERE

Oliver McCammon, teacher in the Central Grammar School at Sausalito, accompanied by Miss Janet Green, student at Marin Junior College, spent the weekend in Arcata. While they were here they attended the play, "Easy Virtue," in which McCammon's sister, Miss Margaret McCammon, played the leading role. McCammon was graduated from Humboldt State in 1928.

Hallowe'en Banquet In College Commons

A Hallowe'en banquet was held in the College Commons last Wednesday. The tables were in keeping with the Hallowe'en theme. Community singing was held during the banquet.

Those present at the banquet were President and Mrs. Arthur S. Gist, Miss Louise Struve, Mr. and Mrs. C. E. Graves, Dorothy Dillon, Ted Graves, Margery Brenner, Eleanor Robinson, Gladys Marke, Evelynne Rhea, Barbara Gries, Cedric Jasper, Eleanor Renfro, Frank Steele, Margaret McCammon, Evelyn Renner, John VanDuzer, David Neilsen, Janet Robinson, Annabelle Stockton, Doris Clark, Frank Look, Dorothy McGovern, Gillis Courtright, Mary Shinn, Lydia Biasca, Virgil Hollis and Emmy Lou Grove. These are the regular Commons "guests," except President and Mrs. Gist and Dorothy Dillon.

After the banquet some of the guests adjourned to Sunset Hall. Games were played and refreshments were served.

CARL OWEN GETS PEP BAND READY

The following members of Humboldt's "pep" band, under the direction of Carl Owen, will leave tomorrow to attend the Humboldt-Santa Rosa Junior College football game.

Trumpets: Marseille Spetz, Irving Manson, Grace Tonini, William Beer, and Harlowe Burgess. Trombones: Evelyn Quarnheim, Martha Sunnari, G. Geiger and W. Thompson.

Alto: Meryl Morton.
Baritone: Ethel Carroll and Wilma Bishop.

Piccolo: W. Fulkerson.

Bass: E. Girsback.

Clarinets: Marie Nordquist.

Eugene Fountain, R. Tracey, G. Dale and B. Wible.

Saxophones: Robert Adamson, Paul Hunter and J. Lawyer.

Drums: Ray Posic and Carl Owen.

Pivernetz Was Coach At Wilson's School

Coach J. A. Pivernetz, of Lick-Wilmerding Junior College of San Francisco, stayed with Bert F. Wilson during the time Michael Coris Lick-Wilmerding football player, was in the hospital in Eureka, following injuries received in Saturday's game.

When Mr. Wilson, now professor of commerce at H. S. T. C., was principal of Kelseyville Union High School, he engaged Pivernetz as coach of that school.

H.S.T.C. Freshman Student Tells of Finland Experience

Nelma Simila, Humboldt freshman, does not have to envy those who can spend a few brief months in Europe as part of their education, for she has already spent four years abroad.

Ten years ago last week Miss Simila returned to Eureka after living four years with relatives in Finland. The return journey was an eventful experience, for she made most of it unchaperoned. "Traveling was difficult," she says, "because I had forgotten my English, and could find no one who understood Finnish."

Although Miss Simila had attended the Washington school in Eureka for a year before leaving, she was too young to be admitted to the native schools when she reached Finland. But her last year there she arose with the other school children at 4 a. m. and went six miles on skis to a little red school house. There are, according to Miss Simila, many contrasts between Finnish and American customs.

Children over there do not enter school until they are ten years old. In addition to academic subjects, girls are taught sewing and cooking and boys are taught carpentry, leatherwork, and blacksmithing every year they are in school. The grammar school course lasts four years. English is introduced in the fifth year curriculum.

Finish country families are more nearly self-sustaining than contemporary American families. Each farm family produces practically everything they use except salt, sugar and matches. They shear their own sheep, card and spin the wool into yarn, dye the yarn and weave it into red and grey home-spun from which the women make the clothes for the entire family. They slaughter enough cattle and hogs each fall to provide meat and leather for the year. An itinerant cobbler comes in the early winter and spends a week making shoes for the family. On the moccasin toes

Freshman Men Hear Speech on Aviation

When Leland Prior, field representative of the Boeing School of Aeronautics, Oakland, spoke to the men of the freshman orientation class yesterday on "Aviation as an Occupation," he gave the first of a series of lectures on vocational guidance to be presented to college freshmen by the Arcata Kiwanis Club.

The club plans to present speakers to the local freshmen and also high school students about every two weeks. The speakers will all be college graduates who are now successfully established in some business or profession. The next speaker will be Dr. Eugene Fountain who will speak on "Dentistry" November 21st.

The club plans to continue presenting these lectures to all future college freshmen.

R. H. Poultny of the faculty, president of the local Kiwanis Club, recently appointed Allan Ham, of the high school faculty, as chairman of a committee to contact possible speakers.

HEALTH EXCUSE TIME

There has been much confusion and commotion caused in regard to getting health excuses, Miss Monica Wright announces. There is a definite time to secure health excuses, and it is from 11 to 12:15 daily and at no other time. Miss Wright states that if students cannot come at 11 o'clock they should come as soon as they get out of 11 o'clock class.

TO SEE TWO GAMES

Alfred Chase is planning to leave tomorrow noon for Santa Rosa where he will see the Humboldt-Santa Rosa Junior College football game tomorrow evening, and the Stanford-Washington football game at Palo Alto Saturday afternoon. Chase will be accompanied by Curtis Rusie, Jack Lennox, and Ray Posic. They will return Sunday.

of these there is a point like that on a Dutch wooden shoe. These are essential for keeping skis and snow shoes on the feet.

One week in June and another in December, Finnish country women spend baking bread from home-made whole wheat flour. The hard black loaves are strung on poles slipped through a hole in their centers and hung over the rafters of the warm kitchen where they will not mould.

The women and children have the entire care of the cows and poultry, and everyone has eggs, meat and milk in abundance.

Every member of a Finnish family works. Every child is taught to bear responsibility. Before starting to school, children learn to help with household and farm duties. Young as she was then, Miss Simila learned to do her share of the knitting; for it is a never-ending task to keep a Finnish family supplied with enough sweaters, socks, and mittens to protect everyone from the biting cold of the long sub-Arctic winters.

Finnish young people have no long period of adolescence. They are mere children until they start to school; then they suddenly grow to adulthood and at 16 or 18 many are married.

When Miss Simila returned to Eureka, she again entered the first grade of the city schools, mainly to re-learn to speak English. She completed the work of both the grammar and high school in nine years. She is now a freshman at H. S. T. C., taking a pre-nursing course with a major in natural science.

W. A. A. Has Assembly Program and Meeting

The W. A. A. assembly was held Friday morning at 10 o'clock. The following program was presented: "Some Day You Will Miss Me", vocal solo, Ethel Carroll, accompanied by Bernice Dillon; piano solo, Claire Cooperrider; readings, Barbara Lininger; trumpet solos, Marseille Spetz, accompanied by Margaret Hessel; tap dance, Dolores Henders, accompanied by Merle Morton; "Moon-glow," vocal solo, Wilma Bishop, accompanied by Margaret Hessel.

The meeting was conducted by President Eleanor Renfro. Evelyn Quarnheim gave a report on Play Day.

Nominations for vice president were made and Dorothy Yackley and Leora Touhey were nominated. The election will be held on Monday, November 12.

Volleyball team class managers were named; upperclass, Laurella Frakes; sophomores, Amy Anderson; freshmen, Nelma Simila.

SUN AND SET GONE

Sun and Set, kittens, mascots of Sunset Hall, have been given away to Miss Eloise Chase because they kept too many of the girls from their studying at the girls' dormitory.

INSTRUCTOR OUT

Harry D. MacGinitie, assistant professor of physical science, had a severe cold which caused him to remain at home last Thursday and Friday. He returned to school Monday.

FORMER STUDENT ILL

Miss Beverly Sacchi, former H. S. T. C. student, resumed her classes at the Eureka Business College Monday after an operation which kept her from school.

PUPILS GO BOATING

The fifth and sixth grade boys of the College Elementary School went to Shaw's Crossing last Saturday to sail the boat they made in manual training under the direction of Horace Jenkins of the faculty, and Cedric Jasper, Student teacher.

Leland Nellist, former H. S. T. C. student who has been employed by the Pacific Greyhound agency in Eureka, has been transferred to Ukiah.

GIRLS START OUT HOCKEY SCHEDULE

Girls hockel games are being played as a single "round robin." Games were scheduled to start last week, but due to the wet weather they didn't start till this Monday, November 5. The game Monday was between the upper classmen and the freshmen. Lack of players caused the upper classmen.

Tuesday, November 6, the sophomores won from the upper class with a score of four to one.

Wednesday, November 7, the freshman and sophomores played.

Tonight, November 8, there will be a practice game between the upper class and the freshmen.

The hockey teams are: Upper Class—Eleanor Renfro, Clarion Moxon, Leora Touhey, Laurella Frakes, Sadie Ambrosini, Pauline Pegolotti, May Nielsen, Dorothy Yackley, Frances Monohan, Mary Shinn.

Sophomore team—Eloise Chase, Martha Sunnari, Goldie Tamburovich, Amy Anderson, Evelyn Quarnheim, Marjorie Brenner, Ethel Carroll, Emylou Grove, Claire Speier, Barbara Jeanne Russell, Substitutes, Harveen McElroy and Lydia Biasca.

Freshman First team—June So-lee, Kathryn Bugenig, Annabelle Christie, Arline Thompson, Merle Morton, Hazel Nichols, Jean Lawyer, Edna Mae Renfro, Wilma Bishop, Emmaline Winkler.

Freshman Second team—Virginia Torp, Ellen Anderson, Rose Anderlini, Gillia Pozzi, Mary McCutcheon, Lillian Paulson, Clare Cooperrider, Wilma McAllister, Georgia Woodward, Ariel McClaskey, Substitutes, Billie Fielding.

HUMBOLDT DEFEATS LICK-WILMERDING

Lick-Wilmerding went down to defeat before a fighting Humboldt State team 24 to 6 at Albee Stadium last Saturday.

Humboldt State scored early in the first quarter on a long run by Watkins and a plunge by Moore. The second Humboldt State score was made by Timmons who caught Paul's long pass.

Recovering a Humboldt State fumble in the third quarter, Lick-Wilmerding marched to a touchdown with Hagherty scoring.

Humboldt State scored again in the third quarter on a plunge by Moore.

The final score was made by Compton, Humboldt State half, on a twisting twenty-yard run.

Michael Coris, Lick-Wilmerding fullback, fractured two vertebrae as he attempted to stop a line play. Dr. H. L. Jenkins, Humboldt State physician, attended the injured player. Coris was confined to the General Hospital for four days as the vertebrae were being put in place and a plaster cast, covering the upper portion of his body, was completed.

FOOTBALL SPECIAL TO CARRY

(Continued from Page One)

Santa Rosa excursion.

The Associated Men Students are aiding in paying the expenses of three men and one woman student for the trip. The W. A. A. will aid two or more students. Faculty members and other organizations have shown their school spirit with donations to help students see the game.

Reservations may still be made by notifying Miss Sarah Davies at the college office. A charge of \$5.00 is to be made for the round trip. Students may return immediately after the game on the regular night train or any train leaving Santa Rosa before Monday.

The playing field is a mile and a half from the Northwestern Pacific depot in Santa Rosa and tentative arrangements are under way to get transportation to the field.

College Will Meet Orleans C.C.C. Five

Arrangements have been completed for a basketball game between the Orleans C.C.C. team and the Humboldt State Teachers College varsity.

Coach Fred Telonicher has acknowledged the request of Lieutenant Frank M. Treat, athletic officer of the Orleans C.C.C. team for the game which will be played on an open date.

The junior varsity defeated the Orleans team last fall in a close game.

MEN'S GROUP HELPS

The Men's Association is financially helping several students to see the Humboldt-Santa Rosa football game tomorrow night. The money was appropriated at a meeting last Monday. A radio committee with James Hemphill, chairman, and William Ott was also appointed to arrange the Men's Association broadcast over Kiem next week.

Strong Santa Rosa J. C. Team Will Tangle With H.S.T.C.

The Santa Rosa Junior College Bear Cub varsity football team tied the Southern Branch of the University of Idaho 6-6, last Saturday at Pocatello, Idaho. Tomorrow night the Humboldt varsity will tackle Santa Rosa at 7:30 p. m. under the newly installed lights at Bailey field in the southern city.

Coach Dick Blewett of Santa Rosa has one of the strongest teams in years. Two weeks ago the Bear Cub team defeated Marin Junior College 6-0 at Kentfield.

Coach Fred Telonicher scouted the Santa Rosa team in their game with the College of Pacific Bengals. Although Santa Rosa lost they showed a brilliant array of running plays and a hard fighting defense.

In early season games the San Jose College defeated the Mare Island Apprentices and the Santa Rosa high school. They have been somewhat handicapped by injuries among first string backs but it is expected that they will have their full strength ready for Humboldt.

Captain Nick Sanoff, former San Francisco high school player, leads the Bear Cubs offensive machine. He has been able to reel off substantial gains in all

games to date and if Humboldt can stop him they can stop Santa Rosa's running attack of which he is the number one man. Santa Rosa has another star in Elphick, fleet-footed halfback. Elphick has not seen much action because of a broken hand. He played against Humboldt two years ago at Santa Rosa and used his speed to good advantage on punt returns. He spent last year in a Humboldt County CCC camp and returned to the gridiron in top-notch form. Moore and McLaughlin are the remaining backs for Santa Rosa. Ernie Zappa, North Bay League high school ace of last year, may see service in the Santa Rosa backfield. He has been laid up all season with a badly sprained ankle.

The Santa Rosa line is as strong as their backfield. Casarotti, left end, has a reputation for getting the tackle on practically every Santa Rosa punt. Against the College of Pacific frosh he shined in this department. On the other end of the line Santa Rosa has Salisbury, another man who has seen action against Humboldt before. Tackles are Schneider and Nilson, two six-foot four giants. Santa Rosa's guards are small, but aggressive. They are Johnson and Henderson.

DeMotte Is Studying In Journalism School

Buster DeMotte, former H. S. T. C. student and Lumberjack editor, is now studying journalism at the Oklahoma A. and M. College at Stillwater, Oklahoma. His course includes the following subjects: Hispanic-American history, American History, English, technical journalism, and The Special Article.

The Special Article is a course dealing with the writing of magazine articles; each member of the class is expected to sell at least two stories to magazines during the year. DeMotte is now writing a story on fly-fishing which he hopes to sell.

DeMotte writes that the college is a good sized school and that there are about thirty college buildings and some thirty fraternity and sorority houses.

Incidentally, no student is allowed to possess or operate an automobile while registered at college without a written permit from the president of the college and even a permit does not allow the car to be used for any social purpose.

Humboldt Men Aiding Troop of Boy Scouts

Under the direction of Arthur S. Gist, president of Humboldt State Teachers College and chairman of training of the Redwood Area Boy Scout Council, the "Boy Scout Troop of the Air" will offer their first program over station Kiem on November 8 at 5:15 p. m.

J. Wendell Howe of the college faculty, scoutmaster of the troop, will speak on natural history and historical events. This will be followed by a dialogue written and directed by Assistant Scoutmaster Dale Merriam, class of '33, H. S. T. C.

The program is an attempt to educate boys who are isolated from scout training quarters. The boys who join the troop of the air will be brought to scout headquarters at regular periods and given tests to determine their rating and rank.

TO ENTER LAW SCHOOL

William Ott saw the Stanford, U. S. C. football game at Palo Alto and the musical comedy, "The Mikado," while he was in San Francisco on business last week end. Ott visited Hastings Law School and made arrangements to enter next term.

Our little lives always stagnate into hypocrisy or morbidity unless the general wave of the world continually refreshes and recreates them.—Chesterton.

NO YOUNG DUCKS HERE THIS YEAR

There are no young ducks coming in with the flocks arriving from the north and east, according to Robert H. Poultny, professor of biological and physical science. The ducks breed in Canada and come through here on their way south to spend the winter. The baby ducks depend upon getting their food from the bottom of pools, and the unusual drouth last summer so dries up the nesting grounds that the young birds could not survive. Sportsmen in the East are asking hunters to close the season to save what breeding stock there is left.

Humboldt Bay is now crowded with shore birds driven south by northern storms. The most intrepid travelers among these are the plovers. There are a large number of black-bellied plovers and a few golden plovers going through now. They nest in the Arctic and spend the winter in the antarctic, making an annual round trip of 40,000 miles.

Miss Sholty to Speak At Sacramento Meet

Miss Myrtle Sholty, professor of education, has been asked by the California Kindergarten-Primary Association to speak at their state convention at Sacramento November 30.

The subject for the convention is "The Changing Program in Child Development and Education in Early Childhood." Miss Sholty will discuss: "What primary subject, if any, are we justified in teaching by formal methods and what proportion of the school day may be given over to the teaching of subject matter in the primary grades in the light of present educational thinking?"
