WILSON ANNOUNCES SPRING PRODUCTIONS

**"DEATH TAKES A HOLIDAY"
WILL BE PLAYED
MARCH 7**

Garff B. Wilson, dramatics director of Humboldt State, who announced his plans for the dramatic productions of the spring term Monday, stated that "Death Takes a Holiday," a three-act drama by Alberto Cacella, will be presented in the College auditorium Wednesday, March 7.

In "Death Takes a Holiday," Death comes to earth in the form of a man to find out why people fear him. He takes a three-day holiday on earth, and the intrigues and experiences form the plot of the play.

"With the support of the student body and a large mailing list of outsiders interested in dramatics," stated Mr. Wilson, "it would be possible to have season tickets. The season tickets would entitle the holders to reserve seats at two three-act plays and four one-act plays."

"To carry out a program with four plays in a semester, it is necessary to have many students, experienced and inexperienced, who will act as publicity or stage managers, or electricians. Students with any interest in dramatics should talk it over with Mr. Wilson.

In the first week of April, stated Mr. Wilson, there will be a play festival in which members of the Chico State Teacher's College dramatic department will present two one-act plays, and Humboldt State will present two one-act plays.

Last year Humboldt sent two one-act plays, The Wedding and The Valiant, to Chico as a goodwill project. This year Chico comes here with two plays.

"The Front Page," a three-act play on newspaper life, will be given approximately May 18.

W. A. A. Board Will Meet Today Noon

There will be a regular meeting of the W. A. A. board in the Green Gate Room, Thursday noon, January 18th, according to Ruth Carroll, W. A. A. president.

Every board member is urged to be present, for plans for the coming semester will be made.

MAKES TRIP TO EUREKA

The first grade of the College Elementary School made a field trip to the docks in Eureka last week as part of a boat project conducted by Ada Sears.

College Book Store Not to Give Credit

"No more credit will be given by the bookstore" says Mrs. Jessie T. Woodcock, financial secretary, "not even a dime's worth of notebook paper or a pencil! This new rule has been made for two reasons. First, because there were too many unpaid accounts left over from the first semester; and second, because keeping track of all those little accounts involved a lot of bookkeeping which no one has time to do."

FACULTY COMMITTEE STARTS LOAN FUND

The ultimatum from Sacramento forbidding the acceptance of promissory notes from students in payment of enrollment fees, as has been done in the past, was met at Humboldt by the appointment of an emergency loan committee from the faculty to prepare plans to meet the situation and to obtain money to loan to students for use in paying the required fees. Bert F. Wilson, professor of commerce, was made chairman of the committee which was composed of Dr. Homer P. Balabanis, vice president of H. S. T. C., Robert H. Poultney, professor of biological and physical science, and Miss Myrtle

(Continued on Page Four)

Sophomore Class Installs Officers

The Sophomore class is now under the direction of a new set of officers who were elected and installed at a class meeting held in the auditorium at noon on January 4.

The new officers are Eleanor Renfro, president; Charles Timmons, vice president, and Ward Tinker, secretary.

Eleven Freshmen Pass English A

Sixteen entering freshmen took the English A examinations last Saturday and the following passed: David Clary, Florence Crossley, Carolyn Haley, Oden Hansen, Lucille Jacobson, Jack Lennox, Eva Matheson, Virginia Nelson, Carol Patterson, Grace Schell and Virginia Stuart.

Student Is Elected President of Y. M. I.

Harold Brogan was inaugurated last Wednesday evening as president of Eureka Council number 67, Young Men's Institute. Frank Mendes, former treasurer of the Associated Students, was installed as marshal at the same time.

The Y. M. I. is an international social order of Catholic men and boys over 18.

WILL MAKE ADDRESS

Leo G. Schussman, professor of education, is scheduled to address the Humboldt County Principals Association Saturday afternoon on "Basis for classification in elementary schools."

HUMBOLDT STATE TO PLAY SONS

**COLLEGE FIVES WILL LEAVE
TOMORROW MORNING FOR
CITY OF ASHLAND**

Coach Fred Telonicher and Gillis Courtwright, basketball manager, with the Varsity and the Reserves, will leave tomorrow morning in private cars for Ashland, where they will meet the Southern Oregon Normal School Friday and Saturday night in a double header.

The games this year will be the completion of the two year contract between the two schools. Humboldt was to have played Ashland last year but due to the lack of funds on the SONS part the teams were unable to meet.

The only news concerning the strength of the boys in the north centers on one practice game that they played this season. They lost to Oregon State College, last year's champions of the Pacific

(Continued on Page Four)

FOUR GRADUATES IN JANUARY '34 CLASS

Four Humboldt students completed their undergraduate careers at the end of the first semester. Their names with the degree and credentials earned by each are as follows: Dorothy Havemann, A. B. degree in education, and general junior high school credential; Lucille Winter, A. B. in education, general junior high school credential and special credential in physical education; Dorothy A. St. Louis, A. B. in education, and general junior high school credential, and Leo S. Sullivan, A. B. in physical education and special credential in physical education.

Clara Taubman, who received her A. B. degree and the kindergarten and primary credential with the class of 1933, finished the additional work required during the first semester and has been awarded the general elementary credential.

Pay Days to Some Birthdays to Others

Birthdays seem to be quite numerous around school of late. At least during the first part of the week. Three well known figures of Humboldt's athletic world had birthdays on the 15th of this month. The three men who became a year older were Coach Fred Telonicher, Gordon Hadley and Carl Penn.

Of course the gentlemen don't expect any gifts or the sort, but they would take anything they could get.

J. Wendell Howe Is Proud Father

Marian Noel, eight - pound daughter of J. Wendell Howe, assistant professor of biological science, and Mrs. Howe, was born at St. Joseph's hospital in Eureka December 21, 1933. Mrs. Howe before her marriage was Ruth Tadlock of Eureka.

Two New Courses Offered to Students

Two upper division social science courses never before offered during the regular school year are being given this semester. These are "Contemporary European history" listed as History 146 and taught by Dr. Vernon J. Puryear, associate professor of social science; and "Contemporary social and economic problems," Economics 188, taught by Dr. Homer P. Balabanis, professor of social science.

PRESIDENTS TROPHY TO BE AWARDED

The "President's Cup" will be presented to the first semester winner of this honor during an assembly to be held in the auditorium at 10 a. m. tomorrow.

The President's Cup is the perpetual trophy given to the Associated Students by President Arthur S. Gist last year and awarded semi-annually to the student who is thought by the judges to have done the most outstanding work in teaching during the semester. The faculty of the college elementary school are the judges of this contest.

Wanda Wright and Eddie Samons are the previous winners of the President's Cup.

Former Student Has Joined Religious Group

Margaret Regli, freshman student who left school shortly before the Christmas holidays, has joined the Sisters of St. Joseph Convent at Orange, California, according to word received by friends of hers in Arcata.

The announcement comes as a complete surprise to her many friends. Miss Regli was outstanding in her scholastic activities as well as an active member of W. A. A.

Mr. Hicklin Returns After Long Absence

Classes taught by Maurice Hicklin, professor of English, will be taught hereafter in room 215 as scheduled. Mr. Hicklin, who has been laid up with a crippled knee cap since the last of October, has been holding his classes at his home, but is now back on the campus.

Business English Will Be Offered This Semester

A two-unit course in business English taught by Delbert Jeffers, instructor of English, is being offered this semester for the first time. The new course, listed as Commerce 41, will consist of the examination of actual pieces of business mail and a study of the mechanics of business correspondence. This is an elective course open to all students.

BOARD WILL MEET

The Board of Control will hold its first regular meeting of the second semester in the social unit at 7:30 p. m. next Thursday.

C. W. A. PUTS MEN TO WORK AT H. S. T. C.

**IMPROVEMENTS TO GROUNDS
AND BUILDING PAID FROM
FEDERAL FUNDS**

Improvement to the H. S. T. C. grounds and buildings paid for with Federal Government funds under the emergency re-employment program of the C. W. A. include filling in the canyon north of the athletic field with material obtained by cutting down the foot of the hill north of the field and east of the canyon; re-shingling the comoms; repairing the roof of the dormitory; repainting the walls of the library, and giving the outside of the gymnasium three coats of paint. It is also hoped that bleachers to seat 1000 people can be built on the slope at the west side of the athletic field below the road.

The repair work on the floor of the gymnasium is not, however, being paid for by the C. W. A., but by a special appropriation from the state treasury. The appropriation under which the gymnasium was built did not provide for a ventilation system to remove the steam, which caused the trouble, from the shower rooms. The appropriation under which the present work is being done will cover the installation of an adequate ventilating system, as well as the repairs to the floor.

In addition to the work now being done under the C. W. A. Humboldt State Teachers College has applied, according to President Arthur S. Gist, for a \$250,000 loan from the United States government to be used for the construction under the Public Works Act of a new building to replace some of the temporary wooden buildings now in use.

Under the P. W. A., which goes into operation February 1st, 30 per cent of the money obtained from the Federal government for such purposes as the propos-

(Continued on Page Four)

Music Department Plans More Concerts

Edmund V. Jeffers, associate professor of music, announces that tentative plans have been made for a benefit concert participated in by all musical organizations about the last of April. The receipts for this event will be turned over to the treasury of the Associated Students.

Mr. Jeffers says that there will also be either two or three Sunday afternoon musicals during May. These musicals will be similar to those given last year, but will be featured by the appearance of several soloists.

Buster De Mott Is Back in School

Buster De Mott, former Lumberjack editor, is back in college after a semester's absence during which he was employed by The Blue Lake Advocate, and The Humboldt Standard. Mr. De Mott is a social science major, and a member of the junior class.

HUMBOLDT SPORTING NEWS

Bench Talk

By G. G. H.

Harry Zook, diminutive guard on the Reserves, has been put on the Varsity. His fine showing in the Sparkler game was deserving of a promotion.

* * *

He is a fine shot and dribbler but sometimes he forgets that there are four other players on the team. Let's have some real teamwork Harry.

* * *

Bill Henders is by no means demoted. No sir, Bill is one of the hardest workers on the Squad and will be valuable anytime and anywhere.

* * *

The boys leave tomorrow for Ashland to play Southern Oregon Normal. Many of the men going are making their first trip with the College team. Yes, it is exciting and all that, but just remember that you are running up against the hardest team that you meet this season. That is, unless you prove otherwise.

Frosh and Upperclass Tie for Championship

At the end of the current volleyball season it was found that the upperclass and the freshmen were tied for first honors in competition, each having defeated the sophomores twice and each other once.

Interclass competition has been at a high pitch this year. The upperclass eked out a victory from the frosh in hockey, but were unable to do the trick twice in a row in the net game. Much interest is being shown in the coming basketball season.

H

HUMBOLDT STATE TEAM CRIPPLED

Humboldt's basketball team has been badly crippled by the loss of Wilson Belloni and Gordon Hadley, who are not returning to the college this semester. Belloni, who graduated from Fortuna High School last June, was captain of the High School team and all-county forward last year; his speed together with his ability to ring the hoop had proved very advantageous to the college team in the first few practice games of this season.

Hadley, who is a four-year man at the position of center on the College team and was named all-county center last season, will undoubtedly weaken the center position of this year's team.

Both boys are now employed at the barrel factory here in Arcata.

H

Frosh Woman Is Volley Ball Manager

Evelyn Quarnheim, freshman student, was elected volleyball manager for the Women's Athletic Association at the end of the volleyball season. Miss Quarnheim has been active in athletics this semester and has also taken responsibilities in organizations at Humboldt. She hails from Eureka High School.

The volleyball manager is in charge of that sport for the W. A. A. She takes care of equipment, arranges schedules and attends to all other arrangements. The manager is a member of the W. A. A. board.

H

The rooting section will be pretty weak for Humboldt when you play in Ashland but just remember that if you win or lose the whole school is with you. Good luck fellows and give all you have for your school.

COLLEGE LOSES TO SPARKLERS

The Humboldt State College five lost a close game to the Hoiland Sparkler quintet last week in their opening game of the Independent League 25 to 19.

The College played terrible ball the first half and when the whistle blew the Sparklers were leading 16 to 2. Humboldt began to play good ball beginning the second half which was carried on the remainder of the game. Harry Zook, Reserve guard, was put in and from then on the College displayed real teamwork and fight.

Although Zook did not make any field goals his dribbling and passing spread the Sparkler defense all over the floor and gave the College many shots at the bucket. The College would have undoubtedly won the game had it been five minutes longer.

For the College no one starred but the team played as a unit and showed the fans that Humboldt will be a hot contender for the league championship.

Haven Howatt and Glenn Waldner, two former College players were the big guns for the winners. Howatt was high point man with 8 points, while Waldner at guard constantly broke up opposing shots.

Officials: McKittrick, referee; Berry, timer; Huggler and Burwell, scorers.

H

COLLEGE RESERVES WIN CLOSE GAME

The College Reserves defeated the Order of Runeberg 24 to 15 in the preliminary game to the Varsity-Sparkler game last week at Eureka.

The Reserves displayed smooth teamwork and had little trouble in downing the Runeberg boys. Every man on the squad had a chance to show his wares sometime during the game.

Harry Zook, who has been drafted to the Varsity, was high point man of the contest with 11 markers. Walsh, Inskip and Moore all turned in good performances and will probably see action on the Varsity in the near future.

The officials were Walsh, referee; Huggler, scorer, and Berry, timer.

H

Miss Monica Wright of the Physical Education Department, has a character part in a play to be presented by the Sequoia Little Theatre soon.

HUMBOLDT PLAYS FERNDALE TONIGHT

The Humboldt State College five will journey to Ferndale tonight where they will meet the Ferndale Independents being their second game of the county Independent League.

Ferndale is rated as one of the best teams in the league and will give our fellows a hard tussel. A number of former Humboldt basketball stars are on the Ferndale squad. Bill Tuohey, Toddy Thomas and Leo Sullivan have all starred on the college team a few years ago.

Humboldt will go to Ferndale determined to win and from the attitude of the men, Ferndale is going to have a tough time.

Coach Fred Telonicher has not stated his starting lineup, but it is probable that he will start Charlie Timmons at center, Wayne Simpson and Bill Henders at guards and Franny Moore and Earl Hemenway at forwards.

The game was originally scheduled to be played in the College gym, but due to the repairing of the floor, the game will be played in Ferndale.

H

OLD BUSINESS FINISHED

Routine business left over from the first semester was cleared up at a special meeting of the Board of Control held in the social unit at 7:30 p. m. yesterday.

Dancing Period Is Offered Beginners

In response from a number of requests from students, the Physical Education Department is offering a series of lessons in ballroom dancing for beginners only on Tuesdays and Thursdays from 9 till 10 a. m. in the south end of the commons. The period has been provided for the benefit of those students who do not know how to dance, but would like to learn. The lessons do not carry college credit and cannot be substituted for regular physical activities.

Miss Monica Wright and Mr. Fred Telonicher are conducting the dancing period and urge all who want to learn to dance to take advantage of this opportunity made possible by the Department. The first meeting will be held in the south end of the Commons on Tuesday, January 23, at 9 o'clock.

CALMER KINCAID RETURNS

Calmer Kincaid, tenor soloist, has re-entered H. S. T. C. after an absence of one semester during which he worked in Eureka. Kincaid is a junior.

College Success and the Fine Arts

Do we enjoy good music, famous production in art, and great dramas? Does college life contribute to our enjoyment of the best in life? These forms of enjoyment are among the most important functions of higher education.

What courses and what contacts may be experienced in college which will create life-long interests in these fields? Every college provides these cultural opportunities. Humboldt endeavors to surround its students with these advantages will provisions for participating in these Arts.

Active participation tends to arouse interests and wholesome appreciations.

What can we do at Humboldt to cultivate tastes in the world's greatest productions?

(Signed) ARTHUR S. GIST,
President of Humboldt State Teachers College.

Y. M. C. A. Delegates Report on Parley

Herbert Moore and Myron Schussman gave an account of their trip to Asilmar, during the Christmas vacation as representatives of the College Y. M. C. A., before a meeting of that organization which was held Tuesday noon, January 16, in Mrs. Marie Clark Ostrander's music class room.

The boys told of their various experiences while attending this annual conference which is held under the joint direction of the Y. M. C. A. and the Y. W. C. A. At this year's convention there were between 300 and 350 representative students of various colleges on the west coast as well as several students from other lands. There were representatives from Japan, China and Hawaii.

According to the boys account of the conference the routine had been worked out in a manner which would keep every delegate occupied with wholesome and educating entertainment. Joint discussions were carried on between the different representatives upon subjects of interest to them, and talks were given upon different topics of the day by people well equipped to voice their version.

A three sided debate on war resistance was held before the conference one of the evenings, with Ella Winter giving the Communist version, Frank Tothaker the Pacifist version, and Lieutenant Commander Stewart Bryant the Nationalist version.

On the other evenings the boys heard talks by such men as Alexander Meiklejohn, educator; Chester Rowell, editor of the San Francisco Chronicle, and Langston Hughes, Negro poet of America.

ATTENDING BUSINESS COLLEGE

LaVerne Starkey, Humboldt State College freshman, will not return to college this semester as she is attending the Lake Merritt Business College in Oakland.

FIREPLACE IS COMPLETED

The fireplace built on Council Crest as the College Civics Club's first semester project was completed during the Christmas vacation and is ready for use.

To keep love you must return it.

Miss Struve Is New Faculty Member

Dean Louise Struve who replaced Miss Ellen Johnson on the faculty the first of this year expects to make no change in the service in the College Commons, with the exception of the fact that the commons will relieve the patrons of the sales tax burden. This will cut the net receipts by at least 60-70 cents per day.

Since her arrival at Humboldt, Miss Struve has been especially impressed by the friendliness and hospitality of Humboldt students as well as by the beauty of the college and its surroundings.

Miss Struve will be in her office every morning from 8:30-11:30, and she is especially anxious to meet and get acquainted with as many students as possible.

Science Class Sees Pictures of Canal

A trip through the Panama Canal via motion pictures was taken by the members of the Science Club Tuesday evening, January 16, at a meeting held in the Social Unit. Harry Tucker, county farm advisor, furnished the projector and J. Wendell Howe, assistant professor of Biological Science and advisor for the club, obtained the films from the University of California.

The Science Club is an organization which came into existence during the last semester and was organized by the freshmen who were interested in science; however, the membership is open to any undergraduate who is interested. The membership now consists of 21 charter members, headed by Myron Schussman, president.

Refreshments for the evening came in the form of a potluck supper which was contributed by the various members of the club.

Is Necessary for Extension Course

"Contemporary economic and social problems" is the title of a new two-unit extension course to be taught by Dr. Homer P. Balabanis, vice president and professor of social science, in Eureka each Tuesday from 7:15 to 9 p. m. beginning January 30 and ending May 8.

A fee of \$6 will be charged those who wish to merely audit the course, and \$9.50 for those who wish to obtain college credit.

A minimum of 20 students must be enrolled to insure giving the course, which will consist of the study of such problems as: "Technological aspects of industrialism," "The price system and how it controls economic activity. Corporate organization of business, and resulting problems," "Our money system and proposed reforms," "Banking and banking reform," "Fundamental factors operative in the business cycle," "International trade, debts and payments," "Free trade vs. tariff protection," "Social legislation affecting labor," "Essentials of socialism and communism," and "The new deal and planned economy."

Approximately one-fourth of the time devoted to the course will be given to the discussion of questions and problems that may be suggested by class members.

STUDENT TEACHERS TAKE OVER CLASSES

The College Elementary School started the second semester Monday morning with the following staff of student teachers: Barbara Stewart, Dorothy Dexter, Alice Johnson, Wayne Biord, Halcyon Wilson, Evelyn Renner, Ada Sear, Alice Porter, Carmen Alward, Jessie Hinch, Adele Chaffey, Coyita Cooper, Drucilla Runner, Zdenka Poscic, Kathryn Cloney, Dolores Henders, Alice Person, Elva Quarnheim, Margaret Burchell, Alma Ruth Sweet, and Katherine Hill. Dolores Henders and Carl Penn are teaching physical education at the Arcata Union High School, while Ruth Carson and Amy Vance are conducting classes in the same subject at the Eureka Junior High School.

Students, Dean Are Honored at Party

Students of Industrial Arts and Dean Louise Struve were the honored guests at an informal get-together at the home of their instructor, Horace R. Jenkins, on Wednesday evening, January 10, 1934. The feature of the evening was the "white elephant" auction sale. Wayne Simpson, in the opinion of those present, seemed at last to have discovered his proper calling through his clever performance as auctioneer. Some of the "white elephants" turned out to be "pink", as Jessie Hinch will aver.

Other activities of the evening included pool, whist and other card games, popping corn, and social games. Refreshments served at the close of the party.

Those who shared in Mr. and Mrs. Jenkins' hospitality were Miss Struve, Charlie Timmons, Wayne Simpson, Francis Moore, Ugo Giuntini, Raefield Carson, Les Linser, Don Parker, Barbara Unsoeld, Jessie Hinch, Louise Johnson, Ruth Carroll, Dorothy McGovern and Blanche Charles.

Marriage between age and youth is disastrous to both parties

Two more days—Friday and Saturday to lay in a supply of new spring togs at the very special prices in our big sale. "39th semi-annual Clearance" is the named — and we're making a big affair of it! Co-eds will be agog over the new frocks on sale for \$5!

WYNNIE

DALY'S

Deadline for Contest Delayed Till April 15

Only five essays have been entered in the essay writing contest sponsored by the English department for the ten dollar cash prize offered by President Arthur S. Gist and Mrs. Gist, according to Mrs. Elma McCann Folsom, associate professor of English, but the lists will remain open for additional entries until April.

"Anything that can be classified as a personal essay will be considered," Mrs. Folsom says, "those received so far ranging in subject from the description of a trip out over the bar into the ocean to a satiric essay on going to church."

Detailed information concerning the essay contest can be obtained from Mrs. Folsom.

WHEN MINUTES SEEM LIKE HOURS OR UNPREPARED FOR RECITATION

There goes the tardy bell. Well, we're in for it now. One whole hour. Hours can pass so differently; here they loom into ages—infinite—like space—bottomless and fathomless. Interrupting in the philosophy on hours, someone asks me the page and I slowly and leisurely answer. We sigh simultaneously, then grin—we understand each other.

One whole hour—and I'm not very well prepared. The awful monotony of one long hour.

Must be a 200-watt electric light; why don't they have globes? That light doesn't really help so much; lights up the ceiling—perfect spokes radiate from the axis. I can see the dust on the white plaster clearly; no flies, either.

What's that they're talking about? I had better find the place. (Hastily I review and am absorbed a few minutes.)

There sits the teacher, our gray-haired professor. Most of them have gray hair. These professors get rather bigoted over their subjects. Long ago we decided it is best to agree with the teacher's opinion's. I must have learned it in high school. Let's see; in Junior High we had to agree; in grammar school we accepted; here we avoid trouble.

The teacher is looking straight at me. Wonder if I'm going to be called on, Lord, I hope not. Blue eyes. The light reflects on the glasses and they shine like mirrors. I try to look intelligent, glance at my test, again at the prof, and sagely nod my head.

Out of one whole hour ten minutes have gone by. Must remember to clean my watch crystal; wish I could afford a more handsome watch.

That's a good line—"The earth has bones, the heavens possess his ghost." Who's the author?

My name! I can't think. Somehow I jumble an answer and it happens to be more or less right. Better pay better attention, and

so I bury myself in the book.

After several minutes I slowly raise my eyes and meet those of another similarly diligent student. We stare a long minute—then grin. She's chewing gum vigorously. The kids are all seated in the same position—their knees crossed. I recross my own—slowly as if it were painful. Let's see, where's the place?

My foot's shadow moves the width of one floor board. I continue swinging it slightly and am absorbed in the shadow. My neighbor's shadow and mine make a lopsided rectangle—now it's better—almost a triangle now. Why should I study? But I had better try to understand what that teacher is saying. Dates—1557. What else happened then? Should know more of history. 1550 — 1453 was the printing press, was it? but 1550?

I sigh and squirm. Must be about 20 in the class—some are reading. But that girl there makes me laugh inside; she looks so superbly blank—empty of all expression.

One might as well leave the mouth open continually and not bother to open and close it for all these yawns. The prof is looking at me again. I assume a more intelligent expression; yes, yes.

Slowly I gaze around. The rear view of that boy's cranium is so romantic—he's no boy—a man now. There is a roll of fat over his collar and his ears are red and stand out.

One-half hour gone—half more to go—half of that long hour—half of that bottomless space. I'm going to dig into the work. (And for a brief interval I do follow the class work.)

Slowly I begin soliloquizing again. Just wasting time. Thursday I'll know the lesson—study hard and recite.

Thank goodness, there's the bell.

(Epilogue: I'm ashamed of myself—but— isn't it so?)

Archie Forson Knocks Out Opponent in Third

Archie Forson, physical education major who earns his living in the ring while attending H. S. T. C., won his scheduled six round bout with Al Nuccio of San Jose in Eureka Saturday night by a knock-out in the third round.

Faculty Committee

(Continued from Page One)

Sholty, professor of education.

Four hundred and eighty-five dollars, sufficient to meet the emergency, were secured by the committee from the following sources:

Faculty of H. S. T. C.	\$150
Arcata Kiwanis Club	100
Arcata Rotary	75
Eureka Rotary Club	75
Arcata Women's Club	60
President A. S. Gist	25

This fund was loaned to students upon their notes for use in payments of fees only. Legal interest will be charged for these loans, but this amount will be refunded to those who repay the principle within 30 days. President Gist and Mrs. Jessie T. Woodcock, financial secretary, upon request by the emergency loan committee passed on all applications for loans.

The money secured to meet the recent emergency will remain in the regular student loan fund as long as needed after which it will be returned to the donors pro rata.

The Associated Students will probably be asked to add to the loan fund.

Leo G. Schussman Talks Over KIEM

Leo G. Schussman, professor of education, is giving a series of talks on mental hygiene over station KIEM. The first of the series, given last Sunday at 1:15 p. m., was on the question: "What is mental hygiene?" "Mental hygiene of childhood," "Mental hygiene of adolescence" and "Adult mental hygiene" will be the topics discussed the next three Sundays at the same hour.

Humboldt State To Play

(Continued from Page One)

Coast Conference, by a 40 to 30 score.

Humboldt has had the misfortune of losing two of her first string players already this season. Gordon Hadley, center on the Varsity for the past few years, will not return to school, and Wilson Belloni, star freshman forward, who was considered one of the best men on the squad, will not return.

Coach Telonicher has not decided on the men who will make the trip, but they will be picked from the following players: Franny Moore, Earl Hemenway, Charlie Timmons, Herbert Moore, Wayne Simpson, Harvy Zook, Bill Henders, George Inskip, Joe Walsh, Tommy Tinker, Everett Watkins, Sam Eastburn, George Burwell, Mel Christopher, Ugo Quintini, Gene Thompson and Ed Brown.

The teams will return to Arcata Sunday.

C. W. A. Puts Men To

(Continued from Page One)

ed building is an outright grant, and the other 70 per cent is a loan. The last session of the California state legislature authorized the governor and the director of finance to borrow from the United States government for approved public works. Preliminary sketches of the proposed new building for H. S. T. C. accompanied the application for the loan.

President Gist states that it is not known when the money for the building will be available in case the application for the loan is approved. He also says that it is his understanding that the Federal government will probably specify that a certain per cent of the funds advanced must be spent for labor, especially local labor.

Luncheon for Deans Given by W. A. A.

The members of the W. A. A. board acted as hostesses to luncheon in the Green Gate Room Friday noon, January 5th. The decorations followed the New Year theme with confetti, balloons and smart place cards. The feature of the informal program was a group of "A Cappella" selections by Janet Stewart and Ione Hamilton.

Those who attended the affair which was in the honor of the deans of girls of Humboldt High Schools and Miss Louise Struve, our dean, were Mrs. Arthur Gist, Mr. John Kegler, Miss Hazel Christensen, Miss Louise Struve, Miss Ann Craig, Miss Monica Wright, Miss Marjorie McLaren and the following Humboldt women: Misses Ruth Carroll, Elva Baumgartner, Lucile Winter, Amy Vance, Louise Parker, Eleanor Renfro, Alma Ruth Sweet, Janet Woodcock, Jean Baldwin, Evelyn Quarnheim, Janet Stewart, and Ione Hamilton.

Elva Baumgartner, Louise Parker and Eleanor Renfro were on the committee in charge of the luncheon.

TEACHING C. C. C. GLEE CLUB

Edmund V. Jeffers, associate professor of music, is training a glee club composed of members of the C. C. C. who are attending night school at the Arcata Union High School. The purpose of the club is to provide music at C. C. C. camp entertainments.

Who paints the town red at night finds it blue in the morning.

STUDENTS ATTEND

N. R. A. CONFLAB

Thomas Bland, Humboldt State Teachers College Sophomore, represented the employees of the Humboldt Motor Stages at a meeting of representatives of the several stage companies operating in California, Nevada, Utah, and Arizona, held December 28 at the Biltmore Hotel in Los Angeles.

The meeting was called by the administrators of the N. R. A. for the purpose of electing three employee representatives who would be called upon to help settle any differences which might arise between employees and employers as to the interpretation of the N. R. A. and its violations by either employee or employer.

The representatives elected to this board of arbitration came from the larger companies represented because those present had a voting power on the basis of one vote for each 10 employees of his company; therefore the larger companies controlled the voting. This fact according to Mr. Bland, made very little difference because the disputes are more apt to arise in the case of large companies in which employee and employer seldom, if ever, meet, than are they to arise in the case of smaller companies where employer and the employee are contacting each other every day. Therefore it is probable that most of the disputes that arise will concern the larger companies, and representatives, who were elected will be fighting their own cases.

Many New Books On Rental Shelf

New books on the rental shelf in the library are "The Journey of the Flame" by Antonio de Fierro Blanco; "100,000,000 Guinea Pigs" by Arthur Kallet and F. J. Schlink; "More Power to You" by Walter B. Pitkin, author of "Life Begins at Forty;" "The Mother" a new novel by Pearl S. Buck, author of the Pulitzer prize novel "The Good Earth" and other stories of Chinese life, and "Within This Present" by Margaret Ayer Barnes, another Pulitzer prize winner.

No great achievement without great enthusiasm.
