Choir Does Not Have "Clothes" Problems

The wearing apparel problem of the A Cappella Choir is very well taken care of during their trip. Everyone in the choir was just making up his mind about what he was going to wear to the Dinner Party at Mills College when the director made the announcement that they would all wear their robes, since their concert begins immediately following the dinner.

MISS. STONE RESIGNS TO GET PH. D.

Miss Violet B. Stone of the department of education of Humboldt Teachers College has resigned her position here, President Arthur S. Gist announced yesterday.

Miss Stone resigned last December, her resignation to take effect at the beginning of the next academic year. She will be a member of the Humboldt summer session faculty, and will then go to Los Angeles to enter the University of Southern California to complete her work for the Ph. D. degree.

"The administration has been reluctant to accept Miss Stone's resignation," President Gist said, "because of her contribution to our teacher training program at Humboldt."

President Gist to Talk On Securing Positions

The Student Teachers Club has invited all seniors to attend a special meeting of the organization on April 25 at 7:30 at which time President Gist will be the speaker. He will talk on the topic: "The Problem of Securing a Position." Following his talk, President Gist will lead an informal discussion on the problem in which all seniors are urged to participate.

Maxine Belloni says that all seniors regardless of the field of their major will want to attend this meeting.

Well Known Reader Entertains Students

William Lee Greenleaf, well known impersonator who has appeared many times on the stage, entertained the H. S. T. students Friday morning, April 13, in the auditorium.

"Types of Humor" was the program presented. Mr. Greenleaf acted the grave digging scene from Hamlet and recited many of Oliver Wendell Holmes' poems.

The speaker was introduced by Julius Hooven.

"Poetry Assembly" Held; Posture Contest Slated

A "Poetry Assembly" was held under the auspices of the C. E. S. Student Council in the elementary school auditorium yesterday morning at 10 o'clock. Each grade was represented by two children each of whom read a poem of his own selection.

An announcement was made that the Posture Banner would be awarded during the last week of school.

2ND ANNUAL PLAY FESTIVAL NEXT WEEK

CHICO STATE PLAYERS WILL PRESENT ONE-ACT PLAYS WITH HUMBOLDT

On March 27 the dramatics departments of Chico State Teachers College and Humboldt State Teachers College will present a group of four one-act plays in observance of the annual play festival which is held by the two colleges. Last year a group of Humboldt Players presented two plays at Chico.

Anna Louise Barnes, dramatics director of the visiting school, has announced "Under the Oak" and "Smokescreen" as the two plays which will be presented here. "Under the Oak" is a four scene fantasy by Douglas Wright, based on "The Pardoner's Tale" from Chaucer's Canterbury Tales.

The formal initiation ritual will take place late this afternoon in the college auditorium, after which the group will adjourn to the home of Miss Hinch, where they will be guests at dinner.

VOTE!

The framers of the Constitution of the United States realized that the actual administration of public affairs could be accomplished most efficiently by delegating the responsibility for carrying out details to a small group elected by and directly responsible to the entire electorate. It was thought that citizens would use the greatest care in the selection of representatives, and that qualified voters would always be eager to exercise their hard-won franchise.

In like manner the constitution of the Associated Students of the Humboldt State Teachers College was designed to expedite the carrying out of the ideas and ideals of the majority of students. But to assure this result every student must take an intelligent interest in the election of student officers. Every student-voter should know, before casting his ballot, just where every candidate stands on the most vital issues. Every voter should also seriously consider every candidate's general attitude as well as their special fitness for performing the peculiar duties of the offices in question. After all, the election of officers who are especially capable is more important than honoring our personal friends.

If every voter does thus study the qualifications of candidates, and vote accordingly the next year's administration will be as truly representative of the student body as the present.

CONVENTION PROVES OF MUCH VALUE

One pertinent fact learned from the Sectional Conference of The Athletic Federation of College Women, according to the Humboldt delegation, is that the participation percentage at Humboldt is very high in comparison to the average participation in W. A. A. throughout the colleges of the United States. The average participation is about 36 per cent of all the women in the college, individual college participation running from 6 per cent to 100 per cent. Humboldt's percentage was set at the very conservative figure of 60 per cent for last year. The participation this year is slightly higher.

The conference at which Humboldt W. A. A. was represented by Ruth Carroll and Eleanor Renfro, was worthwhile from every standpoint in the opinion of the delegates. Eleanor Renfro stated yesterday that "of course, we learned a lot; but the outstanding feature of the entire trip in my mind was the meeting of such a large number of fine college women. The trip would have been invaluable for the excellent contacts alone." Open discussion of the entire conference will be held May 11 at the regular W. A. A. meeting.

Among the speakers and leaders present at the conference at one time or another were Miss Esther Ansell of Pasadena, former member of the national Scout Council, Miss Marguerite Schwartz, National secretary of A. F. C. W., N. P. Neilsen, chief of the Division of Health and Physical Education in California, and Dr. Elizabeth Bishop, director of Research at Santa Barbara State College.

Humboldt was one of the three summarizers of the discussion group "Opportunities in Promoting a Mixed Recreational Program." "Pat" Pace, one of the W. A. A. president's who came to Humboldt last fall, led this discussion.

There were about 100 delegates at the conference, and about 37 schools were represented. Next year's conference will be held on the Mills College campus, and if traveling expenses remain at about par with those of this year, the local W. A. A. should be able to send about ten women to the meeting there.

Miss Monica Wright accompanied the Humboldt delegation and attended a convention of the Health and Recreational Association which also was held in Santa Barbara. Practically all colleges of any note in California had faculty representatives at this conference, according to Miss Wright. These were but half of the conventions held in Santa Barbara during the latter part of the week. Other conventions were the Medical Association, and the Women's Auxiliary to the Medical association.

The Humboldt group felt that Santa Barbara State College could well be proud of the women of their college who had planned and thought out every detail of this large affair.

Mrs. Stella S. Little

Visits Airship Macon

Mrs. Stella Little, professor of art, visited her nephew, a captain in the U. S. Marine Corps stationed at the Sunnyvale Naval Base at Mountain View, California, during the spring vacation and as his guest inspected the control car and officers' quarters of the giant airship "Macon."

The officers' quarters of the Macon are, according to Mrs. Little, inside the fabric covered nose of the ship below the gasbags which support it in the air. Similar quarters for the crew, as well as storage compartments for fuel and other useful load, are located throughout the length of the hull, but are only accessible by a "catwalk" which, in Mrs. Little's opinion, looked too narrow and too far from the ground to be traversed with comfort.

The floors, walls, and furniture in the officers' quarters of the Macon are of an aluminum alloy which is so light that chairs of normal size weigh but a couple of ounces.

Mrs. Little was greatly impressed by the sheer size and bulk of the Macon, and by the huge dimensions of the hangar in which it is housed. While less awe inspiring than the close range view which Mrs. Little had of the giant air cruiser the following figures are impressive: Length of the Macon, 787 feet; height over all, 146 feet; gross lifting power, 403,000 pounds; useful lift, 182,000 pounds; combined horsepower of eight engines, 4480; floor space in the hangar required for storage of the Macon, eight acres.

Students Nominated For 1934-35 Offices

Petitions have been filed, as The Lumberjack goes to press, nominating the following students for student body offices for the coming year:

President, Gillis Courtright and Charles Timmons.

Vice president, Alma Ruth Sweet and Marcus Roe.

Secretary, Jessie Hinch.

Treasurer, Claire Speier.

Men (three to be elected)
Frank Look, Harmon Minor and Tommy Tinker.

Women (three to be elected)
Ethel Carroll, Mary Neilson, Eleanor Renfro, Evelyn Renner and Annabelle Stockton.

Since petitions may be filed at any time this week additional names may appear on the ballots at the primary election Monday, April 23.

The primary election will be final so far as the offices for which only one or two are nominated, since the purpose of this election is to narrow the choice down to two candidates.

There has been but little interest manifested in the coming election, according to James Hemphill, student body president, except by members of the senior class.

Archerette Tournament To Be Held May 1st

Knock, draw, release and the arrow speeds through the air to the bull's eye! That's archery in its finer sense and a great deal broader than it sounds. Just try it some time.

The first official interclass archery tournament for H. S. T. C. women will be held on Tuesday, May 1st, during the noon hour. Each team is to be composed of three archettes, who will shoot a round of 30 arrows at 30 yards. Anyone having six practices is eligible to compete.

Those out so far, are Lucille Winter, Florence Tucker, Norma Thurston, Goldie Tamborovich, Ruth Carroll, Bessie Marsh, Mary Nielsen, Mary Mangum, Jean Baldwin, Ethel Carroll, Jane Brighton, Violet Bennek, Peggy Gregory.

Official group practices will be held every Tuesday and Thursday noon, but individual shoots will be counted if the score is recorded with the manager, Mary Nielsen. The teams will be picked on April 26th from 12:20 to 1 o'clock.

Let's all help to make this first venture a success by giving our support!

A Cappella Choir Has

Hard Trip Home

If the A Cappella Choir had sung at Scotia on Friday night instead of Sunday night the "I-told-you-so's" would have had something to talk about for some time to come, according to all the Lumberjack staff can gather from many and sundry sources.

It seems that the director of the choir did not arrive at his home in Arcata till 1 o'clock Monday morning, a matter which caused newspaper people to prick up their ears in anticipation. To our immediate surprise we found a good story from the elder Mr. Jeffers which goes something like this:

"We were speeding home after the choir concert at Scotia last Sunday evening and I noticed that the front tire felt might peculiar. So near Fernbridge I stopped the car, emerged and searched in vain for a flat tire. I got into my car a happy man. But that didn't last long. After going about 50 feet, I felt a mighty bump and looked in to see my whole front wheel dancing merrily toward the brush and ultimately the Eel River.

One of the choir members saw us sitting by the side of the road, came back and was sent to Fortuna for a tow car. In the meantime I debated very seriously the question of whether or not I should try to recover the wheel in my dress suit. Before I could argue myself into ruining my suit, aid arrived in the person of a very sleepy garage man of Fortuna. He did his salvaging job well, and I paid him all the cash I had.

Upon approaching Eureka we noticed that the gas was mighty low, but I assured my passengers that though I had paid out my last cent, I still had a Standard Oil Credit card safely tucked away in my pocket. But imagine my chagrin when not a station was open in the entire city of Eureka. With the prayers of myself and my passengers, we chugged our way to Arcata, a fete which used up the entire supply

Miss Craig Visited Lake Tahoe Last Week

Miss Ann V. Craig, professor of physical education, spent the first part of the spring vacation at Carmel, after which she drove to Sacramento, where she met friends and continued on to Lake Tahoe.

Miss Craig says that the party had to ski over about four feet of snow the last mile and a quarter before reaching the lake, but that as she had no skis, and could not have used them properly if they had been available, she had to "mush" her way through the entire mile and a quarter. She claims that snow is not as hard to walk on as sand.

Miss Craig returned to Arcata Sunday evening.

Student Thinks Frosh

Need New Course

When boys and girls enter this institution of higher education to prepare themselves for their life-word of teaching, they meet with a series of shocks.

In the first place, a series of seemingly unrelated subjects are thrust at them with the administration to get a "C" average if they can. The students are dazed. They come to learn how to teach, and here they have to take subjects which to them have no relation to teaching at all. They cannot see the necessity of these seemingly needless subjects.

In the second place, students go to college for at least three semesters before they even have the opportunity to begin their work in the educational field. Then everything comes at once.

Now, a logical step in helping students to avoid confusion and the losing of their goal would be a course in which the students get a bird's-eye view of the field of education. This course should be given to all freshmen students going into educational work. It would make them see just how the work that they are now doing will be of great value in the future, for it will give them an excellent background. Most students learn facts, and then forget them the moment the course is over. When it comes to teaching a subject in which these facts are of value, there is only blank in the mind of the teacher and the hurried use of an encyclopedia ensues.

So why not endeavor to give our new freshmen a course which make them feel that they are already doing work in education? It can be very simple and easy. It is the idea and the feeling that they are "in the swing" that will give them enough stimulus to carry them over to the time when they begin their real work in education.

(Signed) EDITH REBACK.

Volleyball Team Issues

Blanket Challenge

A very clear and concise challenge to any team in the college made up of either faculty or students or both, and addressed particularly to faculty member Fred Telonicher, was issued late last week by a team composed of Bert Munther, Stick Carson, Bill Woodcock, Ugo Giuntini, Les Larsen and Claude Kistner.

In response to the stinging challenge, Coach Telonicher said yesterday: "We'll beat them badly. They feel that they have scooped up all the star volleyball players in the school, but we'll beat that he-man's team with two women on our team."

Coach has announced his starting lineup as follows: Telonicher, Mark Ely, Hal Brogan, Charlie Timmons, Ruth Carroll and Amy Vance. He will hold in reserve "Bing" Crosby and Herb Nelson.

P. E. Majors Assist In Dance Pageant

Amelia Vance and Delores Henders, physical education majors, are assisting in the presentation of the Arcata High School Physical Education classes, "The Dance of the Hours." Miss Evelyn Fielding, Humboldt graduate, is directing the production which is a Dance Pageant.

The Pageant will be of interest to all those who are interested in Physical education. It is to be presented on Tuesday evening, April 24, in the Arcata High School gymnasium.

Combined Concert

Successfully Presented

A capacity audience attended the Combined Concert of the music department last night in the college auditorium at which the Glee clubs, the A Cappella Choir and the Orchestra appeared.

Many of the patrons of the college pronounced it the finest contribution the college has made to the musical circle of northern California. All organizations made excellent appearances and the program was full of musical thrills from beginning to end.

Edmund V. Jeffers directed all the organizations. He was assisted with arrangements by Oliver Viale and John Van Duzer.

"The Native's Return" Is Full of Balkan History

"The Native's Return," a new book by Louis Adamio, which appeared on the rental shelf in the library last week, is the result of a year's research in his native land by a Slovenian immigrant who returned to Yugoslavia on a Guggenheim fellowship in creative writing after 19 years in America. In addition to a sympathetic portrayal of Balkan peasant life and character Mr. Adamio throws light upon many little-understood trends which led up to the World War, as well as the effects of post-war European diplomacy in the Near East.

Post Office Proves Center of Interest

A model post office complete with stamp, parcel post and money order windows, letter and parcel drops, and individual boxes for each child and teacher is now the center of life in the second grade room of the college elementary school. Writing letters, buying and affixing stamps, making out applications for money orders, making change, distributing letters to the proper boxes, calling for and obtaining mail from the post office are among the problems involved in this project. A visit to the Arcata post office will be made within a few days to see the actual operation of a real post office.

Jessie Hinch is the student teacher in charge of the project.

Founder's Day

Humboldt's first Founder's Day commemoration has come and gone. It was a significant occasion marking 20 years of struggles, hardships, discouragements and triumphs. The chief purposes achieved by this celebration are as follows:

1. Paying tributes to those who worked for Humboldt.
2. Evaluating Humboldt's accomplishments.
3. Planning for the future.
4. Creating College consciousness in the community.
5. Causing the state to be more Humboldt-conscious.

This commemoration is one of many taking place as the years go by. The students and faculty are appreciative of the efforts of those who assisted in making this a successful occasion.

ARTHUR S. GIST,
President.

"The Straits Questions" By Puryear, Received

"England, Russia and the Straits Question 1844-1856" by Dr. Vernon John Puryear, professor of social science, has just appeared on the reserved shelf in the library.

This book, which was awarded the Herbert Baxter Adams Prize for 1931 of the American Historical Association, is the result of several years original research by the author in the Harvard University library, the British Museum, the Bibliotheque Nationale, the Public Record Office in London, and the Board of Trade archives. It is written in an interesting, easily-read manner, although it is an imposing looking volume with considerable over two thousand foot notes.
