HUMBOLDT LUMBERJACK

Tuesday, February 15, 1938.

Number Ten

## THUNDERBOLTS SPLIT SERIES WITH CHICO FIVE; SEIDELL DOES A FRANK MERRIWELL

### TAP CLUB TO BE ASSEMBLY HOSTS

A military tap number by the boy's tap club with Viola Stansberry acting as a dancing drum major will be one of the features of the Tap Club assembly to be held next Friday morning at eleven o'clock. Friends and visitors are welcome at the assembly.

Other members include group and individual dances by the Tap Club, songs by the men's trio aided by Warren Elmore, "The Big Apple" by Humboldt's Big Apple dancers, and music by Dan Oliver's orchestra.

Members of the Tap Club include Nathalie Brenner, Virginia Torp, Marion Macpherson, Vesta Moxon, Harlean Esping, Thelma Baker, Marjorie Hyner, and Billie Fielding.

The men tap group includes Bud Villa, Keith Henderson, Ted Graves, Earl Meneweather, Jack Walsh, and Jim Cady.

The Big Apple dancers are Keith Henderson and Rita Sandlin, Frank Dearing and Meredyth Young, John McGrath and Virginia Torp, Jack Walsh and Rosie Ivancich, Bud Villa and Helen Hartsook, and Martin Cabalzar and Mary Scholl.

Frank Dearing, Bill Inskip, and Don Parker make up the Men's Trio.

### Charivari Given The Dr. Fishers

Dr. Fisher and his bride were surprised last Tuesday night when a group of Humboldt College Students charivariated them at their home on North A Street.

Those present were Misses: Beryl Unsoeld, Esther Ritola, Martha-bell Scott, Helen Hartsook, and Messrs. Ray Pedrotti, John McGrath, Art McGrath, Sherman Washburn, John Van Duzer, James Hall, Jack Ellis, and Herbert Gomes.

Impromptu games were played and a buffet supper was served by Dr. and Mrs. Fisher.

Mr. Flood, photographer for the Sempervirens, has postponed his trip to the college because of the wet roads. He will be here March 1, ready to take the senior photographs, and the group pictures. Publication date for the annual is May 16th.

#### Gag of the Week

Dr. Balabnis in Economics: "If silk stockings went up to \$5.00 a pair we'd all start wearing shorts."

Come to  
**The Red Robin**  
for  
**Complete 35c Dinners**  
and  
**Foot Long Hot Dogs**  
"Where the depression hasn't hit yet"

Chico State and Humboldt State split the annual two game series 52 to 25 and 35 to 37.

Art Aker's Chico Wildcats opened up with a sizzling fast offense and a good defense. The Thunderbolts were so puzzled and out speeded that before they could realize they were playing Chico the half ended 18 to 14 in favor of the Wildcats. At the beginning of the second half Humboldt seemed to have figured out what it was all about but the blood thirst "Wildcats" had tasted blood and they went after more. The game ended 52 to 25, the worst beating that Humboldt has taken from Chico or any other team in many years.

In the second game the Wildcats started the same dizzy speeding game, but Telonicher's warriors stopped it like Carnera used to stop them on the chin. The first half it was a nip and tuck waltz with fouls telling the tale. At the end of the first half Chico led by one point a result of a foul.

The slow game continued to see saw back and forth throughout the second half neither team having more than a few points lead. It looked as if the Thunderbolts were doomed to lose another game when there was two minutes to go the score was 35-35. It was here that Capt. Seidell came through like old faithful. Some one forgot to glue himself on Lee, so he shot and made good. A beautiful two points and a game for Humboldt.

The two games didn't uncover any new stars. They just brought out the old ones. Seidell, Givins, and Thornton kept up their good playing and average. Witmer, Stenberg, and Schueter shone for Chico.

### OFFICERS NAMED BY FORESTERS

Harry Russell has been elected president and George Feldmiller secretary-treasurer of the newly organized Forestry Club. J. Wendell Howe was named as sponsor of the group.

The club was organized through the efforts of Harry Russell and Donald Hodgson and began through student initiative. The membership of the club is open only to those men who are forestry students.

Luncheon meetings will be held every other Tuesday at noon where professional articles on forestry will be reviewed. By this means the boys hope to keep in touch with the outside world of experimental forestry in which this area is lacking. When they transfer to other colleges they will not be behind in this field.

Several field trips and one night meeting a month are being planned by the group. They hope to obtain professional foresters and teachers as speakers at these meetings.

The members of the club are as follows: Harry Russell, Donald Hodgson, Walter Monroe, Bernie Wright, A. Lindgren, George Feldmiller, Norman Belfils, Donald Malone, and Mr. Howe, sponsor.

Jayn Harville, who has been again confined to the Trinity Hospital after a relapse with the flu is reported better.

### Ski Officials On HSC Air Program

Three members of the Humboldt County Ski club, Dr. Harold Carson, president, Dave Watkins and Ray Talvola told of skiing possibilities in Humboldt county on the college radio program last week.

Dr. Carson explained the climatic conditions of the Grouse mountain region in regards to winter sports, and expressed enthusiasm that this region can be developed into a "Winter Playground" for people of Humboldt county.

Students on the program were: Nick Barbieri, sports announcer; Hope Dondero, feature; Warren Elmore who sang two vocal numbers, and Al Biandini who played the saxophone.

### PEACE TALK IS GIVEN BY GIST

President Arthur S. Gist addressed the recently formed discussion group on the present attitude toward war at their meeting held on Sunday night. He discussed the various means of preserving peace and presented the group with a series of questions which will be used as the basis for the discussion on the subject next Sunday evening.

Miss Gladys Hinman presided over the session. Chairman will be changed every week. The group will meet every Sunday at six-fifteen.

### Surprise Party Tendered Helen Taylor On Wed.

Helen Taylor was given a surprise party on her birthday last Wednesday night by her roommate, Nathalie Brenner. The guests were served refreshments of cake and ice cream and then they all attended the basketball game between Humboldt State and the Sparklers.

Those attending were: Eleanor Robinson, Arline Harrington, Joy Stockton, Ethel Waters, June McCombs, Marthabell Scott Nathalie Brenner, and Helen Taylor.

### SCIENCE GROUP IS VERY ACTIVE

The rejuvenated HSC Science Club, to say it in the vernacular, is certainly going to town, or rather to the country, this spring. Fred Jackson has written to Chico State for a movie of the field trip that the Science Club took to Hopkin's Marine Station in Monterey while Jackson was a member of that organization. This movie will be shown at the next regular meeting on March 1 as a foundation for the first field trip that the members plan to take the first convenient Saturday after the meeting that the tide is low.

This group expects to go on other short trips to such points of interest as Trinity National Forest and Ocean Beach and on a long trip to Chico in order to visit the Science Department and to study natural science in the valley.

### FINANCIAL REPORT OF HUMBOLDT STATE '37 FOOTBALL SEASON RELEASED BY BALABANIS

Following is the final report of finances relating to the 1937 football season as released by Homer P. Balabanis, financial advisor to the Student Executive Council:

RECEIPTS	GATE	TAX	BALANCE
Southern Ore., Oct. 9	893.75	72.45	821.30
Calif. Poly, Oct. 15	561.05	42.84	518.21
Santa Clara, Oct. 24	1,493.80	123.03	1,370.77
St. Mary's, Oct. 31	1,436.40	117.09	1,319.31
Card. Ath. Club, Nov. 7	575.35	44.01	531.34
San Jose, Nov. 13	1,090.55	85.50	1,005.05
Season Tickets	1,357.00	121.68	1,235.32
<b>TOTAL</b>	<b>7,407.90</b>	<b>606.60</b>	<b>6,801.30</b>

EXPENDITURES	
Guarantees	2,250.00
Stadium Rental	266.14
Officials Fees	133.00
Tickets, Advertising, etc.	55.31
Equipment	876.63
Petty Cash	37.79
Gate Keepers and Policing	53.00
Telephone and Telegraph	18.45
Laundry and Cleaning	78.59
Repair and Cleaning Equipment	61.50
Miscellaneous	30.00
<b>TOTAL</b>	<b>3,860.71</b>

Net Income	6,801.30
Expenditures	3,860.71

Balance	2,940.59
Mr. Erb's share of net receipts	2,205.44

Share of student body	735.15
-----------------------	--------

The share going to the student body does not represent pure profit for three reasons:

(1) In addition to his share of net receipts, Mr. Erb must be paid a guarantee of \$400.00 each season by the student body.

(2) The student body assumes the entire cost of athletic field improvements which that season amounted to \$69.90.

(3) The student body had to contribute to a fund for football sweaters, other than honor sweaters, which was \$40.00

Deducting these three sums from the student body share of net receipts from football would leave a net profit of \$225.25.

### LEARNED BOTANY ARTICLE TO BE PUBLISHED SOON

"A Botanical Survey of North-eastern California," an article on the relation-ship of pollen grains and hay fever, will be published in a medical journal soon by J. Wendell Howe of Humboldt and Dr. Albert M. Rowe, professor of allergic medicine, at the University of California medical school.

The article deals with data collected on the pollinating season and the distribution and abundance of all plants which can cause hay fever in an area of California east of the Coast Range mountains and north Stockton. Both cultivated and native species are included bringing the list up to a total of about two hundred and fifty species. The information in the article is of value to doctors.

Mr. Howe has done all of the field work and the writing of the article. It represents three full years of field work.

This is the second of a series of articles on the subject, the first, dealing with the coastal region of California, was published in the July 1935 "Journal of Allergy."

Someone asked Dr. Gillespie in zoology where she would place the goldfish.

She replied. "In the gold fish bowl."

EDITOR ..... HOPE DONDERO  
ASSISTANT EDITOR ..... ROSE MARIANNE FLOWERS  
SPORTS EDITOR ..... Nick Barbieri  
FEATURES ..... Esther Ritola  
REPORTERS—Valerie Barker, Margaret Harris, Wesley Hunter, Myron Schussman, Robert Lawrence, Don Falk  
EXCHANGES ..... Jeanette Christiansen  
BUSINESS STAFF  
BUSINESS MANAGER ..... Keith Emenegger  
Subscription Price By Mail ..... \$1.00 Per Year

### REPORTERS WANTED

It is a peculiar thing, but in most colleges there seems to be a positive dearth of students interested in creative writing, or in any kind of writing. Nor is Humboldt any exception. There is room on the staff for anyone who is at all interested in reporting and those with columnistic yearnings are cordially invited to send in their brain-child.

So, if there are any prospective Hearsts around here timidly concealing the journalistic urge, we would certainly like to know about it.

### STUDENT COOPERATIVE PROVES FINANCIAL SUCCESS DURING THE 1937 FALL SEMESTER

Last year the students of Humboldt State College voted to run the bookstore on a co-operative basis, and after operating that way for one semester it has proved to be a successful venture as proven by the financial report for the fall semester, which follows:

#### RECEIPTS

Books .....	2,276.04
Stationery .....	335.64
Candy and Soda Fountain .....	1,068.77
Diplomas .....	19.50
Miscellaneous .....	136.58

Net Sales ..... 3,836.53

#### COST OF GOODS SOLD

Merchandise Inventory — August 31st .....	699.65
Purchases .....	3,500.67
Merchandise Available for Sale .....	4,200.32
Less Inventory January 31st .....	1,196.15

Net Cost of Merchandise Sold ..... 3,004.17

#### OPERATING EXPENSES

Salaries .....	338.60
Supplies .....	39.86
Mimeo Work .....	22.20
Clerical Expense .....	50.00
Rent .....	35.00
Repairs .....	4.94
Sales Tax .....	109.45
Miscellaneous .....	2.50
Freight and Drayage .....	49.60

Total Operating Expenses ..... 652.15

Net Sales ..... 3,836.53

Net Cost of Merchandise Sold ..... 3,004.17

Gross Profit on Sales ..... 832.36

Total Operating Expenses ..... 652.15

\*Net Profit on Sales ..... 180.21

\*From the sum of net profit an amount should be allowed for depreciation of equipment.

At present it is the policy of the student co-op to do business on a strictly cash basis. Absolutely no exceptions are to be made to this rule.

It is to be noted that at present there is a larger merchandise stock on hand than on August 31st, which is an indication of a healthy financial condition.

The success of the book store is not to be measured by the amount of profit since the co-op is primarily designed to serve the students rather than to afford profit.

## CAMPUS COMMENTATOR

Mrs. Dr. Fisher was formally introduced to Humboldt society Tuesday evening at a charivari at the little love nest on the hill. The affair began with skyrockets and ended in a driving rain with Ritz crackers interspersed. Among those present were the McGrath brothers who vied for the hostesses' attention. Mrs. Fisher decided the reason Art was prettier than John was because Art drank coffee while John would have naught but milk. The Dr. pulled the gag of the week when John Van Duzer was proposing to Miss Unsoeld in the "adverb" game by remarking that we had "John over a Beryl." Jim Hall proved his ability as a Thespian with his interpretation of a dainty Miss plucking daisies and Herbe Gomes exhibited hitherto hidden talents. Ray Pedrotti took advantage of the fact that his first name is the same as her husband's 'Twas quite a charivari in the Fisher house but it was shiverier without.

Theme song of the week: "I don't wanna be in Barbier's column."

In the Spring a young man's fancy—Don Parker has developed a terrific passion for Phyllis Peacock.....Big Apple-ing these days are Dan Hunter and Jean Cooper.....And the payoff. Pee Wee Dearing is trying to beat Virgil Holises time.

Famous last words—Lolly Scholl writing shorthand, "Can't I write Chocolate cold Cream. I don't know how to write ice." Ray Pedrotti-browneing in Vert Zoo....."How come the goldfish only has one dorsal fin?" Dr. Gillespie—"That's the way the Lord made him."

The basketball squad was stranded in the Cecil Hotel in Ukiah just three jumps from the next farm. By this time Telonicher is probably two jumps from the farm.

Who's Who at Humboldt

This is the Saga of Sidling Lee Seidell, the current skipper of the Humboldt basketball squad. Lee came from Arcata high with the reputation of an athlete (that's where he got the long black yarn topcoat with the four yellow stripes) and he's been living up to it ever since. Lee, with his farm boy chuckle has a knack of doing everything well. It is rumored that his cows will save their milk for two or three days rather than succumb to a strange Jersey juicer. Lee dribbles a basketball down the court like a crab rolling a coconut across the beach. He has been the best defensive guard in the locality for the last three years and his shooting average always has been par for the court although headline laurals always go to the much publicized forward. Lee, the Skipper, is also one of the scholastic elite lying back in the aisles with a nasty old "B" average. He has been known to slicker a few of the big town (Eureka) boys who were unaware of his scholastic proficiency. He lures them into side bets in midterms and finals. He earned his registration fee for his sophomore year in this manner. Lee once heard an Associated Oil broadcast of a football game. He started using Ethyl and did right by his car. When he heard his second broadcast he exclaimed, "I thought the guy said in your car!" But it was too late to do anything about it then.

#### What'll They Tax Next?

"Prof.—Mr. Twirp, what do you know about French syntax?" Student—"Gosh, I didn't know they had to pay for fun."

Chaparral  
"But how much will it cost me to join your fraternity?"  
"How much you got?"

Ski-U-Mah

## Hoops-Hardwood

### Hoops and Hardwood

The greatly rejuvenated Sparklers failed to show the great team they were supposed to have had. At times they looked rather ragged and other times they looked to be very tired. Nobody was looking for the rejuvenation but they couldn't find a pair of crutches on the court.

The H. S. C. vs. Sparkler game set two records. 1 It was the best game played in these parts this year 2. For the first time this season there were more people in the stands than players on the court.

This isn't a personal beef or slam to the coach but a great error was committed in the J. V. game last Wednesday night. Some of the men had put in a hard week of practice and when the game was played they were left on the bench. Two men that hadn't been out for practice for months played most of the game. "It just isn't human nature."

Thanks to the Lamron editor for giving this column a boost. And may we add that on November 7 when we meet on the grid-iron, we'll show you our southern hospitality.

Jim "Fire Engine" Cady and Curt "Bugeye" Wilson were admiring the blond that was sitting in the front row the fifth seat from the right in the Sparklers rooting section.

## STATE STUDENT OBJECT OF BIG POSSE SEARCH

Alvin Canepa, Humboldt State student, had an exciting weekend marooned in the snow about seven miles from Honeydew on the Petrolia road, while searching parties, radio flashes, and newspapers joined in the search.

Canepa, accompanied by Walt Anderson, who works in the Bank of America in Eureka, left town on Saturday in Anderson's car. They intended to drive out the Bull Creek road to see how deep the snow was. They found out, for at five o'clock that evening they got stuck very thoroughly. They took off their coats and put them under the back wheels, hoping in that way to provide enough traction to enable them to get out. No luck. A storm came up, it thundered and rained, and hailed with dashes of lightning. At seven o'clock they gave up, and climbed in the car and there spent the night, in their wet clothes, rubbing their feet together to keep from freezing.

At seven the next morning they walked into Honeydew and had breakfast at a store there. After getting warmed, they started back to the car with the store-keeper in a pickup truck, equipped with chains. They got the car out and started home, only to find the road leading to Ferndale blocked by a large log.

It was then about noon, so they attempted to get home by another road rough and narrow, and covered with snow. They had to turn back before they got stuck again, and by this time, the road was cleared of the log and they returned home at seven o'clock Sunday night, hungry, cold and heartily sick of the sight of snow.

## FISHER WEDDING REPORTED BY A PASADENA PAPER

The following details of the wedding of Dr. and Mrs. Raymond Henry Fisher are clipped from the Pasadena Post:

"Peach blossoms mingled with the pure white of stock and burning white tapers to form a spring-like setting for the wedding uniting Miss Mary Elizabeth Corley of South Pasadena and Dr. Raymond Henry Fisher of Arcata, Calif., yesterday afternoon. The 4 o'clock nuptials were held in the chapel of the First Methodist Episcopal church, the same setting in which the bride's sister, Mrs. Kenneth S. Fitch (Dorothy Corley) of Visalia was married a month ago."

"As on that occasion, the rites were performed by Dr. Jesse Lee Corley, father of the bride, assisted by a family friend, Rev. Frederick H. Blair of South Pasadena."

"Prof. Albert J. Adams, organist, played selected numbers as the 400 guests assembled in the long, narrow chapel, and Leonard Claire sang. The bride's entrance to the strains of the Wedding March from 'Lohengrin' was preceded by that of her sister, Mrs. Fitch, who came south to be a matron of honor; Mrs. Lawrence White (Margaret Morgan), bridesmaid and little Barbara Crane, flower girl."

"At the altar the entourage joined the bridegroom and his aides, who were Gordon Spaulding, best man; Kenneth Fitch, Dr. Harold M. Bacon and Winthrop Crane, ushers."

"The bride wore traditional white satin, beaded heavily with pearls about the neckline to form a yoke. The skirt ended in a long train and the bride wore a finger length veil held by a circlet of orange blossoms. Her flowers centered with a white orchid, were gardenias, sweet peas and bouvardia. She was given in marriage by her father, as Rev. Mr. Blair officiated at the preliminaries."

"Mrs. Fitch wore a gown of aqua-marine French crepe and Mrs. White one of similar material in Roseberry shade. They carried armfuls of spring flowers. Little Miss Crane's frock was white organdy over pink taffeta."

"The guests were received afterwards in the parlors of the church by Dr. and Mrs. Corley, Mr. and Mrs. C. Ellis Fisher, parents of the bridegroom, Los Angeles, and the bridal party."

"Dr. Fisher and his bride are taking a leisure motor trip north to Arcata, stopping in Visalia to visit the Fitches. They will be at home after February 12."

"The bride, a member of Mortar Board, national honorary society for senior class women is a graduate of Pomona College and did graduate work at the University of Washington. Her husband is a Yale man and received his Ph. D. degree from the University of California."

## EUREKA-ARCATA TRANSPORTERS FAIL TO MEET

Where were the missing drivers who transport students for hire at the meeting with Captain Sam Kirkpatrick last Friday morning? Captain Kirkpatrick did not come over to college to criticize but to instruct and enlighten the students who are driving their cars to college for pay, and the poor attendance at this meeting was a sign of discourtesy and lack of interest on the part of the missing students.

Among the things Captain Kirkpatrick spoke of was the type of insurance needed by people who transport others for hire. Ordinary

insurance policies carry a clause which states that the whole policy is void in the condition that the car is being used to transport passengers for pay. For a small additional payment this clause may be removed and thus the policy protects the driver and the passengers up to five thousand dollar damages.

"It is important, both for the students and for their parents, that these cars are covered by adequate insurance," said Captain Kirkpatrick, "and for around ten dollars this protection can be acquired, which is certainly money well spent. Students earning money in this way are fortunate because they escape the railroad commission rules, unless their monthly income exceeds fifty dollars, they escape public conveyance rules, nor are they classed as school buses. The only license they need is an operator's license and surely granted all this leniency it is not too much to ask that students protect themselves with this insurance as well as the public."

His coming to college was as a safety measure. He stated that the people have not been driving properly to and from school and the fast, reckless driving had better stop. He urged that every Humboldt Student join with Humboldt County citizens in a county-wide drive for safety on our highways.

## Birthday Tea To Be Held By WAA

A Washington's Birthday Tea is to be the feature of the Women's Athletic Association for the month of February. The tea is going to be given in honor of the new freshmen girls and it is to be the duty of each Sophomore girl to see that she brings, as her guest, at least one of the Frosh class. Every girl in the school is cordially invited.

The informal team is to be held in the home of Edith Jennings at 1515 H street, Arcata, at the Crawford apartments, apt. A, between the hours of 3:30 and 5:30.

## BOIL IT IN OIL

Boil it in Oil

My Dear Editor:

What Price Practice, Personality, Loyalty, and any other traits that go to make up a team?

What would you think of players that exercised these worthy practices? Would you let them play or would you let other players play who skipped practice and only were present for the game?

The Sparklers lost, so did the Javees. All the Javees, our future varsity men, did not play, but a certain "Poor-Fishey" played instead of our loyal team subjects, thanks to a student coach who is trying to build up a "rep", not with raw material but with fairly finished material.

A potential builder of Justice. P. S. My first step toward success.

\*\*\*\*\*

Dear Boil it in Oil:—

A basketball coach is a man or person who can teach a group of young men or women the fundamentals of basketball, a good defense and good offense. If he can do this with fairly good material he'll have a good team.

In last weeks issue of this paper some person wrote an article saying that the reason that Humboldt lost to Frisco State was because of a lousy defense and a lousy offense and not the four I had given on the front page of the same issue.

Coach Fred Telonicher is considered one of the best basketball coaches in California Normal schools (not by me but capable critics and judges.) If this is so he must teach his team a good offense and defense because these two are needed in the repertoire of tricks of a good coach. So if Coach Telonicher is a good coach he must teach these two principals and he does.

When I said HSC was beaten by an inferior team I meant it for the following reasons. For the first six minutes of the game Humboldt intercepted five out of seven passes Frisco State threw. For the first half Humboldt was never behind more than six points and on two occasions they led.

When I said that they were beaten by two paralyzed referees I meant just that. I said because most of the men on the squad had moaned at the referees. I said it because former Humboldters like Jimmy Moore, Harry Zook, Edward Goodwin, Harry Falk and scores of others seemed to have the same idea.

When I said wild passing I was referring to Humboldt's wild passing. Humboldt intercepted five out

of seven Frisco's passes in the six minutes.

They no sooner intercepted the ball than they would throw it to a Frisco man.

By weary bodies I meant their legs were tired and their muscles cramped. This was shown when the ball was lost on the floor. The Thunderbolts nervous stimulus weren't as quick as those of Frisco State players. Either that or some of the Humboldt players were laying down and I don't think any man on the squad would lay down on Coach Telonicher so it must have been weary bodies.

I didn't write this little argument to prove that I'm right but rather to show that Humboldt had the ball was loose on the floor. The offense and defense that Coach Telonicher used the first game was used the second game and Humboldt won. So the defense my good "One of the Squad" and the offense weren't responsible for the loss.

## OLIVER'S BAND MAKES BIG HIT

Humboldt State has a new dance orchestra. This aggregation of musically minded individuals has been organized by Dan Oliver, who has already proved himself to be a talented accordionist at various college functions, such as taffy pulls, noon dances, football pep rallies, assemblies, and so forth.

The orchestra made its so-called "debut" at the De Molay Graduates' Ball in the Eureka Masonic Temple on January 28th. Since then, it has played at the Frosh Return "Slumming" Dance on February 4th. In the future, Dan and his group of followers plan to sponsor informal dances to be held every two weeks in the big gym, they, themselves, assuming all financial risks and responsibilities. The first of these, however, will be held at the Eureka Inn on the Sat. Eve following the game with San Jose on Fe. 26. After dance which is sponsored by the Student body, the dances will have the nominal entrance fee of 25c per "head."

If, however, any college organization or class plans to give a dance in the gym on one of the dates, reserved for an orchestra dance, it may go ahead and do so, by assuming the financial end of the function.

The personnel of the orchestra is as follows: Dan Oliver, accordionist; Charlie Fulkerson and Meriin Marvel alternating at the piano; Don Roedenburger, first sax Bud Myers, second sax; Al Biondini, third sax; "Pedro" Elmore, fourth sax; Al Pollard, first bass; and "Butch" Newhouse, drums; with "Pee-Wee" Deering as soloist.

So, come on, everyone, let's all get behind OUR orchestra and back it 100 per cent. They're worth it.

## CHEF AT COLLEGE COMMONS WINS HIGH FAVOR WITH STUDENTS; A COLLEGE MAN

Everybody knows "Larry," the cheerful chef of the commons, but how many people know that he is a college graduate, that he was in the salmon rush to Alaska, and that he's been cooking since 1901?

Lawrence A. Shanklin was born in Missouri at the same time that the cow kicked over the candle in Chicago. In 1898 he entered Wesleyan College at Helena Montana. Larry's blue eyes twinkled as he thought of the good times of that far distant past. To quote him: "I went three years. I never learned a thing. I had a glorious time and I got through."

In 1918 Larry came to California, but left a year later to go to Alaska where he cooked on the superintendent's boat of the Portland Packers. He arrived in Humboldt County on November 22, 1922, and walked three miles up hill in the

rain carrying two suitcases. He accepted a job at Scotia cooking for the P. and L. Lumber Company where he remained until 1929.

At that time he came to Arcata and has remained here ever since. Last September he brought his culinary arts to the kitchen of Humboldt State and he reports that he likes it here very much.

Larry's favorite pastime is going to the movies. Warner Baxter is his favorite actor and his favorite actress is Ginger Rogers.

"Imagine," we told him, "cooking since 1901."

"Yes," said Larry smiling, "that's a lot of food."

(with apologies to G. Stein)

As I sat pondering over a thought,  
As I thought I ought,

I got another thought,  
While I thought I was thinking of  
the thought

That I thought I ought.

And this new thought I got  
By running after it untile it was  
caught,

Was better than the thought I  
thought I ought

Because I hadn't thought I ought.  
—Helen Woodcock

Do you think that Hollywood and the radio announcers are tending to standardize the pronunciation of American words? If so, read "Your Everyday Speech," a new library book by Dr. W. N. Brigrance.

Nyalgesic aids in bringing relief from muscular aches—from rheumatic and neuralgic pain due to exercise or exposure. It is liquid... penetrating... soothing. Yet it isn't oily—never stains or blisters. Nyal druggists, everywhere, recommend it.
