SUMMER  
SCHOOL  
EDITION

Humboldt Lumberjack, Wednesday, May 22, 1940

## Musicians' Union Set Auditions For 10 Saturday

Auditions for the Musicians Union Scholarship will be held at Humboldt State College Saturday from 10 a. m. on. This fund, amounting to \$50, will be awarded to a selected student of music for tuition and expenses for the fall semester 1940 and the spring semester 1941 at Humboldt.

Each of the participants, who must have graduated from a Humboldt County high school, will play two numbers, one to be judged on interpretation, the other on ability. Judges will be Ernest Wagner, Fritz Anthony, John McNicholas, Jim Fasullo, and Carl Owen.

Further details for eligibility are that the applicant must be a male student of instrumental music and be either a music major or minor while attending college. The fund applies only to new students and not to transfer students.

The person will be selected by his scholastic record as well as his music ability. Only two awards may be given to one person and then only when all of the conditions of this award are fulfilled.

## "SEMPER VIRENS" OUT NEXT WEDNESDAY

Wednesday, May 29, is the date set for the issuance of the 1940 edition of "Sempervirens" according to Maxine Maxwell, yearbook editor. "The annual will be distributed the day before the Memorial Day vacation as soon as they arrive from the bindery," she stated.

Students who have paid their annual fees at the fall or spring registration period will receive their yearbooks first. Students who have not yet paid their fees but wish to purchase a book may do so if there are sufficient copies remaining.

## MAY BE EXCUSED

Student teachers who are able to provide substitutes who are approved in advance by the supervisors will be excused from student teaching during senior week according to Dr. Vernon O. Tolle. However student teachers must return to their teaching the following week.

## YALEY AND OLSON SELECTED FOR POSTS

Muriel Yaley has been selected as editor of the Lumberjack and Clifford Olson business manager for the coming year. The decision was made by the Executive Council.

Miss Yaley is a graduate of MacAllister's Business College, and came to Humboldt last semester as a freshman. She plans to stay here for four years to major in English.

Humboldt audiences have heard Miss Yaley play her clarinet on several occasions. In 1938 she won a scholarship with it to the San Francisco Conservatory of Music. While in high school, she acted as assistant leader for the band and orchestra. Here at Humboldt she is a member of the orchestra, is publicity chairman for the "Y" and is a member of Mu Epsilon Psi.

Olson is a junior transfer from Riverside Junior College. For two years he worked on make-up for the college paper and for the past year he has been doing linotype work on the Arcata Union. Olson played varsity end for Humboldt last fall.

## Men To Work On Fifteen Projects

Fifteen projects are slated for Humboldt's men students this Friday according to Jim Cady, general chairman of Work Day. First prize for the best project completed will be a cake baked by Graduate Manager Bob Madsen. Projects, advisors, and crews are:

## Work Day Begins With Humboldt's Faculty Assembly

Work Day... the much talked of, much awaited is practically here. The day of fun will start off with the faculty assembly at eight o'clock Friday, which nobody misses because it's always such a riot. (Miss Helen Garvin is in charge). After the program, General Chairman Jim Cady will assign the men's projects and Mary Caprile, women's chairman, the women's.

At noon the women will serve luncheon in the commons. Guests of honor who will address the group are Mayor H. R. Simmonds

of Eureka and Mayor Allen Ham of Arcata. By three o'clock all the projects must be completed in order to be eligible for the judging by President Arthur Gist and Mrs. Gist. First prize for the men will be a cake baked by Graduate Manager Bob Madsen. Four additional prizes will be awarded. Two prizes will be awarded the women.

Topping off this day of days will be the free dance that evening in the Big Gym to which all alumni and friends of the college are invited. If you don't want to miss out on the best day of the year, you must abide by three don'ts: 1) Don't miss the assembly, 2) the lunch, 3) the dance.

## HUMBOLDT ALUMNUS DIES LAST WEEK

Alvin Burns, graduate of Humboldt State College in 1932 passed away at his home in Willits last week following a short illness. Burns had taught school in both Humboldt and Mendocino counties and was also Educational Director at the Weott C.C.C. Camp several years ago.

While attending Humboldt State College Burns was manager of the old bookstore and resided in the old dormitory for men which is now used as a tool room and paint shop just north of the woodwork shops.

Burns was editor of the "Alumnus," official Alumni paper, for the year 1938-39 and was an ardent booster of Humboldt State College.

## TO CLOSE JUNE 14

The College Elementary School will not close until June 14, which is the date of the closing of the Arcata Grammar School.

## AH ROMEO! AND THEN SHE JUMPED

A "Romeo and Juliet" scene by Warren Elmore and Jim Hall was entertaining though unintentional at the Music Club picnic.

Warrene was attempting to get down from a high cliff to the camp fire. Rather than go to the nearest path, she preferred to jump. Jim, standing at the bottom of the cliff, held out-stretched arms to catch her. After a little persuasion, she jumped. Jim, on the receiving end, saw stars, and is limping around with a "Charlie horse."

## Women Included In Work Day Plans

This year the women are undertaking more projects than on any other Work Day, according to Mary Caprile, women's chairman. First and second prizes will be offered for what is judged to have been the best work completed. Committees are:

Luncheon: food—co-chairman, Delores Scholl and Lena Caprile; Valerie Barker, Karen Wester, Mary Caprile, Frances Ensign, Dorothy Fraga, Dorothy Renfro, Eleanor Shaw, Frances Rutledge, Zelma Woodcock, Barbara Crnich, Jacqueline Naggiar, Doris Waldron; serving—chairman, Barbara Bird; Helen Jones, Frances Nye, Marjorie Cloney, Olive Coolen, Dorothy Belle Watkins, Bernice Fenell, Helen Newell, Barbara Urquhart, Ruth Schocker, Lois Wrigley, Nadine Vann, Helen Arnold, Betty Jane Atwood, Glenna Colwell, Marian Goss, Kay Nelson, Virginia Hill, Alice McDonald, Rowena Ammer.

Decoration and table-setting—chairman, Maxine Maxwell; Edith Davis, Ada Dean Regli, Alberta Starkey, Lynette Swan, Ida Mae Inskip, Marjorie Wing, Doris Gunderson, Helen Friedenbach, Betty Baldwin, Carolyn Crane; clean up after luncheon—chairman, Frances Larsen, Barbara Young, Fern Blakey, Patricia Bertrand, Mary Eads, Susan Wilson, Beryl McCann, Elizabeth Nixon, Carol Hixon, Juanita Alkire, Betty Hess, Evelyn Robinson, Catherine Helt, Helen Taylor.

Luncheon program chairman, Virginia Frederiksen.

Work Day dance: Decorate big gym for dance—chairman, Marthabell Scott; Lois Johnson, Jean

## TRYOUTS FOR LOANS TO BE HELD SATURDAY

Tryouts for the four \$50 loans being offered by the Federated Women's Clubs of Humboldt County will be held in the college auditorium this Saturday at 10 o'clock.

There is available one \$50 loan for a student of instrumental music, one for a student of vocal music, one for a student in drama, and one for a student in art. The applicant for the art loan are requested to bring samples of their work. Both college and high school students are eligible to try out for these loans.

## 'Pop' Looks On Summer Session As An Institution

By "Pop" Jenkins

Summer sessions are queer combinations. They are unlike any other term in the school year, and, like vacations, provide the individual with an opportunity to ache in a new spot. Like an iridescent dream they are ever changing. If they commence early, the wish is that they should have commenced late, and if late, early. They are divided in the middle to give greater mental gymnastics to faculty and students. They are the meeting place where those touched with the frost of years mingle once more with those of sprightly age and match their wits and inadvertently pry a grade out of some unsuspecting instructor. Yea, they are to be considered almost an institution with traditions and ways too devious to be entirely understood, and with a history all their own.

And a summer at Humboldt has become an institution, a part of Humboldt, a tradition to be looked forward to. It is a friendly place where one meets old faces and renews friendships. Friendships none the less dear because of the passing of the years. Mingling with the older group is enough of youth, from the regular session, to add life and bar what otherwise might be a rather sombre tone.

With good leaders, efficient and interesting visiting instructors, and a fine recreational program the six weeks pass only too quickly. By taking a full course in water melon eating, taffy pulling, cracking crabs, doughnuts, coffee and ice cream eating, besides enrolling in all the vacant periods, the summer passes quite reasonably. The faculty too, are as highly susceptible to the polishing of apples as any faculty, and when forced to give examinations do so as painlessly as possible, and as for laboratory work the days aren't long enough, so why worry.

In truth summer sessions, as a whole, are quite entertaining, and are a good antidote for restless hours.

## EXAMINATION MADE

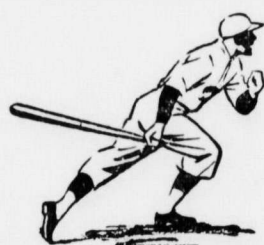

The physical certification of the graduating seniors is now drawing to a close, according to Mrs. Monica Hadley, dean of women at Humboldt. The examinations have been made by Dr. Harry Jenkins. Any senior who did not keep his appointment with the doctor must do so at his own time and expense.

## DANCE PROGRAM

The two ball-room dancing classes being conducted by Mrs. Monica Hadley each Tuesday and Thursday are now using programs for their dances. Steps they have covered this semester include the fox trot, both novelty and basic steps, the waltz, the tango, and the rhumba.

Presently to be taken up will be novelty dances which may be used at parties.

Vive le vendredi! Or as we at Humboldt might say, "Fridays.... I love 'em." Especially those of these last three weeks... Men's and Women's picnics, Steamboat Shuffle, faculty program, Work Day and dance, and commencement.

\*\*\*\*\*

'Twas just between somewhere and nowhere that it happened. . . praise was in the air until the fatal moment came, the moment when a laughing sextet heard a low, slow phfft. Out crawled the "six stalwarts." Was it, could it be? . . . Yes, the "Bluebell" had a flat. . . Oh well, a moment's time and the treke towards the Lagoon was again en route. Moral: if you want a tire fixed in nothing flat, call on Barbara Heasman, Betty Baldwin, Lois Wrigley, Marian Goss, Frances Nye, and Barbara Urquhart.

\*\*\*\*\*

At the women's picnic it was Ida Mae Inskip telling people to keep their feet out of her lunch, and at the men's picnic it was Len Longholm and Edgar Jones going in swimming with curlers in their hair. . . And what happened to Moseley?

\*\*\*\*\*

Belles of the Ball . . . You must have seen them, corsages and all. . . Charles Gordet, Carl Nelson, and Jerry Thomas being escorted by Margery Cloney, Pat Dillon, and Kay Nelson. . . Who had number 40 at the dance? That's what Glenn Goble was trying to find out.

\*\*\*\*\*

Maybe they're trying to live up to their name or somepin', but anyhow both Nadine and Lynette Swan seem to enjoy the water much. At the women's picnic Nadine was one of the first to go in swimming and the last by far to come out. At the Music Club picnic Lynette wasn't content with just canoeing, she had to sink the canoe and use that as an excuse to get in some extra swimming. Some fun! And have you heard about the ants that were in her boots on the science trip?

**Ideal Conditions For The Shuffle**

Ideal conditions, namely a full, yellow moon, a slightly salty sea-breeze, the latest dance tunes, and a number of Humboldt State College co-eds and their friends enjoying themselves, marked the annual Women's Athletic Association "Steamboat Shuffle" held Friday evening aboard the "Antelope."

The small hold of the "Antelope" could not hold all the dancers, so dancing was extended to the top-deck. The captain of the voyage was Bud Villa; first-mate, Henry Trione; second mate, Forrest Waters; purser, "Smooky" Edsall; and steward, Martin Cabalzar.

The gang-plank was raised at one minute after nine o'clock to allow Dr. and Mrs. Tolle to board the ship. Approximately fifteen miles were covered in the course of the evening. The only time the engine was halted was during the supper hour, when the girls were obliged to feed their guests. Dancing and games were the amusements for the evening.

Patrons and patronesses were Dr. and Mrs. Homer Balabanis, Dr. and Mrs. Vernon Tolle, Mr. and Mrs. Gordon Hadley, and Mr. and Mrs. Fred Telonicher.

whether it was spring or winter, but here's the picture as was told to me . . . Freddie Jackson running around up in the Trinity Alps dressed in long woolens, shoes 'n socks, and shorts. . . Gold! That's what they were panning for but didn't find. . . the they are Valerie Barker, Bev. Bullock, Beryl McCann, and Charlie Arnold.

\*\*\*\*\*

What an element of surprise was experienced by half the Steamboat Shufflers when they dashed over to one side of the boat expecting to see Don Turner and Don Goff cast off in their little rowboat but saw instead Lolly Scholl and Jim Moore. How did you like your audience?

**O'DONNELL, EDSALL SUBSTITUTE TEACHERS**

Mike O'Donnell and Clarence Edsall are substituting in the fourth grade at the College Elementary School for Nick Barbieri who has been investigating possible teaching positions this week.

This is not O'Donnell's first teaching venture since he taught for two years in Mississippi before coming to Humboldt State College. Edsall is a member of the curriculum class and expects to do his student teaching next year.

**Madsen To Award Scholarship Trophy**

In order to aid in developing higher scholarship in the various campus houses Graduate Manager Bob Madsen is giving a perpetual trophy award. The award was ordered by Madsen last week and will arrive within a few days. The trophy, which will be known as the "Graduate Manager Award for Interhouse Scholarship," will remain a semester in the possession of the campus house which had the highest scholarship the preceeding semester.

Upon arrival the award, with the lettering "Fall '39, House of Wiley," will be presented to the House of Wiley and remain in their possession until next Fall when the scholarship averages of the House of Wiley, Elmore, Rice, Men's Dormitory, and Women's Dormitory are computed. The Graduate Manager in office is to compute the scholarship ratings and have the name of the winning house engraved upon the cup each semester and allow that house to keep it in their possession for a semester.

**Dr. Raymond Fisher Attends Session**

Dr. Raymond Fisher of the Humboldt State faculty returned Sunday from Santa Barbara where he met with the Association of California State College Instructors. Dr. Fisher, as president of the local chapter at Humboldt State College, went as the delegate representing the chapter. The session at Santa Barbara started Friday evening and was continued until Saturday.

Dr. Fisher, accompanied by Miss Adella Johnson, made a trip to San Jose the week before for a similar conference involving problems common to the seven state colleges.

**Rhythm In Art And Music Shown**

The purpose of the College Elementary School assembly directed by the art department Thursday was to show the use of rhythm in art and music. The sixth grade participated. Ted Graves and Jayne Harville were the student teachers in charge.

The students illustrated the principles of repetition and alternation by analyzing the design around the wall in the auditorium. The same principles were illustrated in music when a student played a theme showing repetition and alternation.

The A Cappella Choir of Humboldt State College, under the direction of G. Dana Kinsman, presented two good-will programs last week: the first, at Hoopa High School, on Monday, May 13; the second, at Eureka High School, Wednesday noon, May 15. Muriel Yaley played clarinet solos at both performances.

The choir appeared on a program at the Arcata First Methodist Church, Sunday, May 19 with Marianne Lambert, violinist, and Muriel Yaley, clarinetist, assisting. The choir with Miss Yaley assisting also presented a program at the Eureka Inn last Monday evening at the San Jauquin Valley and Humboldt County Rotary Convention Dinner.

Bob Madsen, graduate manager, accompanied the choir to Hoopa to introduce the program and welcome students to Humboldt State.

**Flower Study Class Takes Trip**

Members of Mrs. Stella Little's flower arrangement class forsook the art room recently for the open woods back of the college where they gathered likely subject matter for future arrangements. Their guide was James Rasella.

The field trip began in the "Co-op" where the students were treated to ice-cream bars by Mrs. Little. Down the college hill, past the gymnasium, and up the other hill back of the gym was the route pursued. Although it was exceedingly windy at the beginning, upon reaching the woods the students found it still and lovely.

Especially sought were bits of stumps and logs, ferns, moss of unusual hue and growth, as well as anything that could be used effectively. The result of the trip may be seen today and tomorrow in the art room.

Those who attended were Juanita Alkire, Mary Caprile, Margery Cloney, Mabel Crabtree, Irma Hugnin, Ida Mae Inskip, Ilene Jensen, Helen Newell, James Rasella, Grace Renfer, Ruth Sequist, Frances Rutledge, Jeanne Slotte, Marjorie Waters, and Mary Westbrook.

Humboldt's art room formed the gallery in which numerous paintings of the celebrated artist, Sidney Armer, were hung recently.

Mr. Armer, whose subjects are the innumerable wild flowers of northern California, exhibited his paintings en route to the southern part of the state. There were life-like water colors of the rhododendron, trillium, skunk cabbage, shooting star, madrone, arrow wood, salal, current, and many more.

## Marjorie Waters Saves Boys Life

Marjorie Waters, while recently waiting for a bus at Fourth Street in Eureka, noticed a boy in a near-by field holding his chest and coughing very loudly. Suddenly he fell forward.

Marjorie rushed over to see if she could be of any help and found that the boy had fainted. As she picked him up, she saw an address printed on one of his tennis shoes. Marjorie carried him four blocks to his home but found no one there. However, finding the door unlocked, she placed the boy on a bed and ran to the nearest phone to contact the emergency police. An ambulance was sent out and the boy was taken to a hospital. Doctors found that a rib was broken and had pierced his lung.

Marjorie, through quick thinking had saved the boy's life. Later, the police escorted her to college, as the bus had already gone.

## PTA Organized By Elementary School

The College Elementary School P.T.A. formed an organization separate from that of the Arcata Grammar School at a meeting Tuesday evening. Formerly the two schools had a joint P.T.A. The officers of the new organization are: Mrs. E. B. Anderson, president; C. W. Frost, vice-president; Mrs. Charlotte Johnson, treasurer; and Mrs. Don Andreson, secretary.

The program was as follows: "May Flowers," by Norman; Andante," by Haydn; "Americanization," a medley, played by the College Elementary School orchestra directed by Miss Dorothy Williams; reading by Jeanette Christiansen, student teacher of the eighth grade; tambourine duet by Barbara Crnich, student teacher of the first grade, and Oriel Posic, college freshman; "Sing Away, Bird," "Blue Danube" by the fourth grade chorus; violin solo by Kenneth Samuelson, student teacher of the third grade; "The U. S. Marines," "The Lorelei," "The Little Brown Church," by the seventh and eighth grade chorus.

After the meeting, refreshments were served by the College Elementary School faculty.

### WOMEN'S PICNIC

The women's picnic, sponsored by the Associated Women Students of Humboldt State at Big Lagoon Friday afternoon, was attended by thirty-five. After lunch, the students spent their time swimming and playing baseball.

## Mexico or Alaska He'll Hike There

Bert Sanard, student of Humboldt State, spends most of his spare time hiking. Bert has taken many hikes, two of them being over one hundred miles long. In June 1936, he hiked for 140 miles from Hercky creek, in Riverside County, California, over the Palomar mountains and into Campo, Mexico.

In August 1939, he hiked 180 miles from Bishop, Mono County, California to Yosemite Park. The route taken on this trip was over the John Muir trail. He was accompanied by a friend on both of these trips. They carried packs weighing sixty pounds made up of concentrated foods and dried fruit, and a sleeping bag. They also ate fish and wild berries on most of the last trip. The first hike took them fourteen days and the second took thirteen days.

Bert has been to the top of Mt. Whitney, which is the tallest peak in the United States, and now wishes to scale Mt. McKinley in Alaska because it is higher than Whitney. He is planning to make the trip to Alaska within the next two years, and is now trying to gain passage to Alaska on a fishing boat so he can make the hike.

### DOUBLES WINNERS

Hazel Hagne and Muriel Yaley were the winners of the "doubles" in the tennis matches held in the Tuesday and Thursday 1 o'clock class under the supervision of Coach Herbert Hart. Other teams entered were: Maurice Davis and Duane Godden; Ernest Chiodo and Angelo Manfreda; Lois Johnson and Barbara Bird; Carol Hixon and Karen Wester; Patricia Bertrand and Marianne Lambert; Betty Baldwin and Sophie Politis; Helen Jones and Elizabeth Ann Bartlett.

### BEACH PARTY HELD

The beach party, held by the Mu Epsilon Psi, the music club of Humboldt State, last week Tuesday, had a turnout of thirty-seven people who were taken to Big Lagoon in private cars. The time was spent playing baseball, swimming, telling stories, playing games and singing around a camp fire. Each member of the club brought a special food to make up a buffet out-door supper.

## Two Rattlesnakes Killed On Trip

The Science Club went on a trip to Canyon Lake which is about twelve miles north of Junction City, last Thursday. The trip was made in private cars brought by Charles Arnold, Dr. and Mrs. William Lanphere, and Fred Hibler. The road ended at Dedrick and from there the group hiked in about ten miles to the lake. The party had four pack horses on which to carry their supplies. While at the lake five of the group climbed the ridge to the east of the lake and saw Sacramento Valley and Mt. Shasta.

On returning home, Mrs. Lanphere and Merlyn Allen killed a rattlesnake which had come across the trail and later in the day the party killed another one on the highway. Dr. Lanphere skinned the snakes and took them home. He said that he will either make a necktie or a belt from them. The group returned Sunday night. Those who went were Dr. and Mrs. Lanphere, and C. Edward Graves, librarian, and the following students: Henry Mohr, Zutie Businello, Warren Polesley, Merlyn Allen, Fred Jackson, Bette Cairns, Charles Arnold, Warren Haughey, Virginia Vincent, Valerie Barker, Fred Hibler, Lynette Swan, Beryl McCann, and Beverly Bullock.

### SPRING PRACTICE

Spring football practice, which lasted for three weeks under the direction of Coach Herb Hart, ended last Wednesday evening. Although there was a small turnout for this practice session, four scrimmages were held and some of the men showed up well. Coach Hart drilled mostly on fundamentals and taught the signals that will be used next fall.

The men who were out for practice were: Caro, Eaton, Grant, V. Smith, Eskelson, Delfatti, Watkins, Longholm, Matteoli, Crichton, Dumond, Naggiar, Bussinello, Mosely, C. Olsen, Savage, R. Davis, and Mene-weather.

## Speech Classes Schedule Debates

Several more debates are scheduled for members of the speech classes at Humboldt State College.

On Wednesday, May 22, at 10 o'clock, Frank Crichton and Norman Belfils are to uphold the affirmative side against Ernest Johnson and Maurice Davis on the question of a policy of isolation for the United States.

On Monday, May 27, at 12 o'clock Stanley Roscoe and Clare Ostrander will also uphold the affirmative side of "isolation" against Eugene Flocchini and Robert Lawrence.

On Monday at 10 o'clock Rowena Ammer and Clyde Eaton will take the affirmative against Robert Mitchell and Sophie Politis on the subject: "Resolved: That the chain-store system is detrimental to the welfare of the people of the United States."

Wednesday, May 29 at 12 o'clock Darrell Wing and Berton Speer will be the affirmative speakers on the chain stores against Karen Wester and Betty Baldwin.

## SOFT-BALL TEAMS TO END TOURNAMENT

A soft-ball tournament between the girls' after school sports teams is being brought to a close this week. Games have been conducted each Tuesday and Thursday afternoons.

Members of the first team are: captain, Dot Fraga; Mary Flocchini, Eleanor Shaw, June Muir, Dorothy Renfro, Dorothy Belle Watkins, Hazel Metcalf, Mary Caprile, Rosie Ivancich. Doris Waldron is the captain of the other team which is composed of Lena Caprile, Elizabeth Ingram, Nadine Swan, Hilda Alto, Fern Cox, Ada Dean Regli, Valerie Barker, Barbara Crnich, Marie Cancellini, Marjorie Waters, and Margaret Kay.

## 70 Men Attend Picnic At Riverside

Seventy men attended the annual Men's Association picnic, which was held last Friday at Riverside on the Van Duzen river, under the direction of George Hartman, general chairman. The men played softball in the morning and, following lunch, went swimming in the afternoon.

The dinner, which consisted of macaroni salad, fifty cooked crabs, cold meat cuts, and French bread, was prepared entirely by a group of men the night before the picnic at Bus Foster's restaurant. These men, George Hartman, Forrest Waters, Ledo Matteoli, Frank Grant, Stanhope Pedley, and Bus Foster, spent about four hours making the salad, slicing bread, and packing the entire lunch for the picnic.

The dinner was served at the picnic by the following committee: Glenn Goble, Ivan Olsen, Forest Waters, George Hartman, Henry Trione, Geno Casagrande, and Richard Davis.

Entertainment was furnished by Ernest Caro, Len Mosely, Bob Belcher, and Paul Thorne.

## How A Frosh Spent Six Weeks Of Fun

On Monday, June 19, 1939, a thoroughly scared freshman, stealed against the ordeal of going to school for six weeks with strange men and women, many of whom were her former teachers, timidly entered the college library with \$25 in one hand and her registration book in the other. It was the first day of summer session at Humboldt State College.

The freshman didn't remain timid long after the "Get-together Luncheon" in the court the first week. At this time the student body was divided into nine recreation teams so that people would get to know each other sooner. It was at one of these luncheons, weekly affairs, that Dr. John Brown Mason, visiting history professor, beat Walter Schocker in a watermelon eating contest. At another the faculty won a watermelon for the attendance prize, but before they had a chance to eat it, one of the recreation teams stole it. When the faculty finally retrieved the melon, it was squashed.

On Thursday mornings the freshman noticed everyone crowding around the bulletin board in the entrance hall. She discovered that they were reading the "Summer Session Sponge," the summer session weekly newspaper of which there was only one copy issued. The paper's motto was, "It takes a sponge to get the dirt."

Our freshman went to the assemblies and heard Carla Peterson sing, Mrs. Gordon Manary read, and a panel discussion by four college students, representatives of the Society of Friends, which was followed by an open forum.

A banquet and a dance was held the last week of summer session. C. E. Graves, college librarian, showed movies of the summer session activities which he had taken. Our freshman, after her finals were over, attended a doughnut "feed" in the social unit given by "Pop" Jenkins on the last day of school.

## Moonstone Beach For Work and Play

Are you going to Carmel or Taos this summer to give expression to your artistic urges? If so, you will be making an unnecessary and unreasonable trip, because any artistic urge that you may have can be completely and satisfactorily nurtured and developed at the Moonstone Art Colony.

From June 25 to July 19, Mrs. Stella Little will be at work in her studio which is perched on a cliff high above Moonstone beach. In this spectacular setting she will help you become skillful in puppetry, school art problems, basketry, and leather craft.

Miss Pearl Degenhart will be on hand to guide you to self expression in oil or water color painting, clay modeling and wood carving.

There will be inexpensive accommodations available at the studio.

Hiking, beach picnics, clamming, and other outings will be included in the colony's program. A real vacation is in store for those who attend. Two to four units of college credit may be earned.

## Food, Fun, Frolic Summer Passwords

Celebrate the Fourth of July on skis! That's the challenge of the 1940 recreation schedule, according to Director Coach Herbert Hart. With all the versatility of a Warner backfield, Humboldt's never-say-die football coach is temporarily shifting his interests from pigskins to picnics—to promote a winning season for the 1940 summer session.

Tackling a heavy schedule of events, Coach Hart promises to provide plenty of activity, calling into play all the reserves, wallflowers, and bench warmers. For razzle-dazzle, there's the aforementioned skiing trip to Mt. Lassen. Taking a tip from "Pop" Jenkins, the coach hopes to equip his forces with skis to launch a lightning attack that should score a hot victory early in the season. And if "Pop" goes along to cook the hot cakes, there should be no need for alarm clocks or stop watches.

Supplementing this aerial attack, there will be a series of flanking movements and sweeping end runs—a mass attack upon the Coast Guard Station, with a concentration of forces by land and sea—a raid upon the Cook House of the Pacific Lumber Company, a marine engagement at Trinidad Bay (to provide an outlet for the crabbing instincts of the squad) and other surprise moves to introduce the desired element of suspense.

With an eye to proper training diet, Coach Hart is issuing requisitions for a weekly wienie feed in the court. These sessions also tend to build up team morale and the spirit de corps so essential for successful performance.

Altogether, Coach Hart promises that there shall be never a dull moment. And it is said that he is requiring all candidates for berths on the 1940 Varsity to attend summer session—convinced that anyone who endures the rigors of the summer recreational schedule should be ready and able to tackle even the Bull Dogs of Fresno or the Spartans of San Jose.

## Start Your Work To Be A Principal

Senior Men! Would you like to have a job as principal of a five-teacher school? If so, the time to start is now. Come to summer session and start work upon your Administration Credential.

State regulations provide that as soon as a student has received his General Elementary Credential and is ready to teach, he may start work upon his Administration Credential. Courses taken in summer session immediately prior to teaching experience are applicable.

There are two types of these credentials. The first one requires eighteen units of work beyond the General Elementary Credential, and enables the holder to act as principal or supervisor under a superintendent of schools. The other one requires twenty-four units of work, and enables the holder to serve as principal directly under a board of trustees.

It is, therefore, difficult to obtain an Administration Credential in less than three or four summers. Young men looking forward to professional advancement should begin at an early date to prepare for administrative work.

## Guest Faculty Includes Three

Last year the visiting professors at Humboldt entered into the spirit of the summer school activities and contributed greatly to their success. It is expected that this year's men will also add their bit to the festivities.

During the first week of the summer session, Dr. Hubert Phillips, professor of political science at Fresno State College, will be here to conduct a series of studies in the organization and conduct of the educational forum. In recent years forum leadership has come to play an increasingly more important part in education.

Coming from Willits where he is district superintendent and principal of the elementary and secondary schools, Roy Good, Stanford graduate, will teach education. Donald J. Pymm from the Fresno State College department of economics will teach economics. Pymm holds a Master's Degree from the University of California and has furthered his study at the University of London.

## State Health Chief Speaks To Students

Hal Orion, State Director of Health and Physical Education, lectured to Humboldt State P. E. majors at 4 p. m. last Thursday in Room 116. He talked on the opportunities that Physical Education offers.

Mr. Orion says that women as well as men are entering this field and that of all physical education teachers now employed, fifty per cent are women. He stresses the fact that there is more opportunity in the elementary schools than in the secondary schools, because the secondary schools offer more competition. However, efforts are being made to bring the salary schedules of the elementary teachers up to the levels of secondary and college salaries.

Mr. Orion laid special emphasis on the rating of California schools in comparison with the schools of other states and listed some of the advantages that the California schools have. Some of these advantages are: bigger educational program, an excellent climate, higher salaries, and compulsory physical education, in the schools.

The speaker was introduced by coach Harry Griffith.
