

# Humboldt Lumberjack

Humboldt Lumberjack, Wednesday, May 8, 1940

## Musical Program, Fashion Show For Mothers' Day Tea

The annual Mothers' Day Tea given by the Associated Women Students of Humboldt State College, is to be held from 2 to 5 Saturday in the college social unit.

Those receiving will be Mrs. Arthur S. Gist, Mrs. Monica Hadley, Mrs. Ellen J. Walter, Rosie Ivancich, president of the A.W.S., and Dorothy Hunt, president for next term.

Those on the program are: Women's Glee Club of Humboldt State under the direction of G. Dana Kinsman; vocal quartet composed of Warren Elmors, Bill Inskip, Ted Speier, and Bertton Speer who will sing "When you Wish Upon a Star" and China Boy."

The fashion show will include Sadie Crnich, Dorothy Peterson, Barbara Bird, Frances Nye, Barbara Urquhart, Lois Wrigley, Frances Larsen, Marguerite Lawrence, Vivian Larsen, Rosie Ivancich, Marjorie Cloney, Kay Nelson, Helen Hartsook, Lois Johnson, Rowena Ammer and Claire Ostrander.

## MUSIC CLUB TO HOLD BEACH PARTY MAY 14

The Mu Epsilon Psi, the music club of Humboldt State, is planning a beach party at Big Lagoon on May 14 beginning at 4 p. m. The party is for regular and associate members, who may bring one friend.

The club decided on a pin in the form of a diamond with gold letters "MEP" on a black background; it will have an "H" guard.

At the next club meeting, officers for the fall term will be elected.

## OFFICERS ELECTED

Dorothy Hunt was elected president of the Associated Women Students of Humboldt State College on May 6. Other officers elected were: Hazel Hagne, vice-president; Helen Devoy, corresponding secretary; Lois Wrigley, recording secretary; Eleanor Shaw, treasurer; and Doris Gunderson, publicity.

## FACULTY COUNCIL TO BE ORGANIZED

Dr. Raymond Fisher and Miss Adella Johnson of the Humboldt State faculty are to go to San Jose to attend a meeting of representatives of California state college faculties Saturday and Sunday, May 11 and 12.

The purpose of the meeting, according to Dr. Fisher, is to organize a faculty council of the state colleges to enable the faculties to consider and express their ideas on problems of common concern to all seven state colleges.

## Humboldt Musical Today, Tomorrow

Under the direction of G. Dana Kinsman, the Humboldt State A Cappella Choir, the Orchestra, and the Women's Glee Club will present a joint concert this afternoon from 4 to 6 in the auditorium for the students. A formal concert will be presented tomorrow evening at 8:15 for the public; admission will be fifty cents and tickets can be obtained from members of the musical groups.

The A Cappella Choir will sing: Jesu Joy and Treasure by Bach; In These Delightful Pleasant Groves, by Purcell; Patapan, a traditional French number; A Violin is Singing, arranged by Koshetz; Vanka 'N Tanka, arranged by Kibalechich; and the Humboldt Loyalty Song, arranged by Mr. Kinsman.

The Orchestra will play Franck's Symphony in D Minor; it will be the first time any college orchestra in Humboldt County has played the full three movements at any one time.

The Women's Glee Club will sing: Beautiful Saviour, arranged by Riegger; Rain, by Curran; Bouree, by Bach; My Heart is Yearning, by Scarlotti and Sammond; and Pleading by Kramer.

This concert will mark the last public appearance of the musical groups together at Humboldt State under the direction of Mr. Kinsman.

## MAY 16 DATE FOR TRINITY ALPS TRIP

Thursday, May 16, members of the Science Club will leave for a week-end in the Trinity Alps and Canyon Lake. Dr. William Lanphere, Henry Mohr, Warren Haughey, and Glenn Lissner will leave on Wednesday, May 15, for Junction City and will be joined there the next day by the remainder of the club. The group will return on Sunday, May 19.

Pack horses will be used to take the supplies and luggage on the trip. Those attending the meeting held recently were Henry Mohr, Bunt Lee, Fred Jackson, Merlyn Allen, Glenn Lissner, Charles Arnold, Zutie Businello, Bette Cairns, Beverly Bullock, Virginia Frederickson, Beryl McCann, Virginia Vincent, Dr. and Mrs. William Lanphere and Dr. Harry Mac Ginite.

The girls of the fifth and sixth grades of the College Elementary School, under Ted Graves and Jayne Harville, were shown an educational movie on clothing last week.

## Federation Loans Include Students In Music, Art, Drama

Through the efforts of the Humboldt County Federation of Women's Clubs, four fifty-dollar loans will be available next year for Humboldt College students interested in the "arts," as follows: two loans of fifty dollars each for those interested in music, one being for vocal music and the other for instrumental music; one fifty-dollar loan for those interested in drama.

This money is from the proceeds of the tulip tea which is held by the clubs at the college each spring.

Formerly the money was given in the form of scholarships, but the plan has now been changed so that the money will be loaned, without interest, with the stipulation that it is to be paid back when the student is self-supporting. It was thought that in this way eventually more students would benefit from the plan.

Try-outs for applicants for the loans, according to present plans, will be held at the college at 10 o'clock on Saturday, May 25. The music tryouts will be held in the auditorium at that hour. Those who wish to apply for the loan for art students are expected to bring specimens of their work. Those trying out for the drama loan will be notified later as to where they will meet and as to what kind of test they will be expected to take.

These loans, incidentally, will be available for any one who will be a student at the college next year; consequently, both students now in college, and high school seniors will be eligible.

## Girls To Escort Boys To Dance

As is the custom, members of the Women's Athletic Association will escort their "best beaux" to the Steamboat Shuffle on Friday night, May 17. The gangplank will go up at nine o'clock, and will lower at midnight. The three hour interval aboard the Antelope will be spent in playing games, dancing, and listening to the program being arranged by Dorothy Hunt and Warren Elmors.

An annual affair, the Steamboat Shuffle is a college function eagerly anticipated by both men and women of Humboldt. Susan Wilson heads this year's Steamboat Shuffle as general chairman. For the evening, a "captain" and his "crew" will be chosen from the rank and file of the males attending. An added attraction, to the men, at least, is the fact that their girl-friends must pay the couple's way for the evening and furnish the refreshments.

Tickets for the dance will be on sale next week. The first fifty who sign will get their two bids for twenty-five cents. Those who sign for tickets must be members of W.A.A. All persons over the fifty mark will have to pay \$1.00, and they will purchase their bids at the boat.

## HAZEL HAGNE HAS NOMINATION BLANKS

Nomination blanks for Student Body officers may be obtained from Hazel Hagne, Student Body secretary, and be signed by regular members of the Student Body. The nominating blanks must be filed with Miss Hagne by next Tuesday, May 14.

The primary elections will be held Tuesday, May 21, and on the following Monday the final election will take place.

Offices open are president, vice president, secretary, treasurer, yell leader, song leader, and three boys and three girls for the board of control.

## Two Will Enroll In Navy Air Training

Of the ten men who expressed their interest in aviation to the navy representatives at Humboldt yesterday two underwent complete medical examinations by Dr. Harry Williams. These two men, Jack Lawyer and Bill Madson, will probably enroll at the Naval Air Training Base at Pensacola next year.

Dr. Williams and Lieutenant John G. Lewis flew up Tuesday morning in a Curtis Scout Bomber from the Naval Reserve Aviation Base at Oakland. The purpose of their visit was to inform people of the opportunities in the field of aviation and to interview prospective applicants to the naval training air base.

This was the first time the navy had sent representatives up to this district, but they plan to make other visits later on due to the interest shown. Lieutenant Lewis advised those students who had planned completing their college education to do so and then to go into training.

Following the assembly Tuesday afternoon at which a picture, "Navy Wings of Gold" was shown, the two men returned to Oakland.

## GILLESPIE, LANPHERE ATTEND FLOWER SHOW

Dr. Doris Gillespie and Dr. William Lanphere, both of the Humboldt State College science department, went to the Miranda flower show last Friday morning to classify the flowers which were on display by the Miranda P.T.A.

In the afternoon Dr. Lanphere showed colored slides on "The Beauty Spots of the West." The flower show and play-day was a combination affair, lasting three days.

## SOPHOMORES WINNERS IN NOON SOFTBALL

The noon softball league has been progressing very slowly because the athletic field has been too wet to play on, and only two games have been played. The schedule will probably be carried out if the weather permits.

Both games played were won by the Sophomore team. The Sophs won from the Frosh team by an 8 to 4 score and trounced the Seniors 18 to 1.

## Tap Club To Give Annual Program Tomorrow At One

"Tapping with the Co-Eds and Collegians" is the title of the Tap Club program to take place at one o'clock on Thursday, May 9, and again on Monday evening, May 13, at eight o'clock. Ten cents admission will be charged to defray the cost of costuming.

The program, which will be a full hour long, and will begin promptly at one o'clock, will be under the supervision of Mrs. Monica Hadley, dean of women. Lois Johnson is accompanist for the club, and the drawings on the mimeographed programs were created by Juanita Alkire. Final dress rehearsal will be held on Wednesday evening.

Those who are included in the program are Rosie Ivancich, Barbara Heasman, Susan Wilson, Barbara Bird, Helen Arnold, Frances Nye, Frances Ensign, Lois Scott, Katherine Nelson, John McGrath, Bill Lee, Bud Villa, Sadie and Barbara Crnich, Oriel Posic, Warren Elmors, Ted Speier, Burton Speer, Bill Inskip, Henry Mohr, Rod Belcher, Leonard Juel, Ralph Hinckley, Richie Davis, Vernon Thornton, Carl Owen, Marthabel Scott, Laverne Elmors and Karen Wester.

Final exams have been scheduled this year for Friday, May 31; Saturday, June 3 and 4. This change was made by faculty action.

## CAREER PAMPHLETS COMPILED IN LIBRARY

If any student is undecided in his choice of a career, he will find valuable aid, according to C. Edward Graves, librarian, in an extensive and complete compilation of career pamphlets in the Humboldt State library. These pamphlets are devoted to innumerable vocations and professions and contain detailed data on all lines of work.

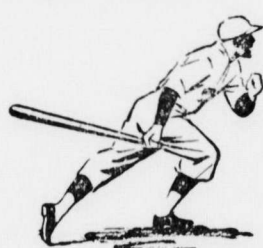

Personal qualifications, history, opportunities, training and prospects, salaries, ethics, and advantages are just a few of the subheads to be found in these volumes of careers. These small books are issued annually by The Institute For Research, of Chicago, Illinois.

## 5th GRADERS BUILD CANOE AT SCHOOL

A ten-foot "Tippy" canoe has been built by the fifth graders of the College Elementary School under the direction of Harold Langdon as part of their transportation unit. The canoe is now covered with paper, but Langdon plans to recover it with canvass later and use it on the water. It is of the type used for swimming and is named "Tippy" because it tips over easily.

The class is starting on a seven-foot covered wagon this week while they are studying the land phase of transportation.

**MY GIFTS**

By Susan Goldschmidt  
I would gather roses,  
Give them all to you—  
Fringed and gold eyed daisies,  
Asters tinged with blue.  
Bind them into garlands,  
Round your portals twine  
Their sweet fragrance incense,  
And your door my shrine.  
Gems that glow and glitter,  
Pour out in your hands  
Every ship should bear you,  
Gifts from other lands.  
Words I wreath and weave them  
Into melodies—  
Trills and rills of airy song,  
I would sing you these—  
Oh, but flowers wither  
Though their tints be gay,  
Songs so light and dainty  
Gently pass away,  
Gems may lose their luster—  
Then how dull they shine,  
Dare I ever offer you  
Gifts so poor as mine.

**JOHNSON WINNER**

Lois Johnson is the winner of the singles in the tennis tournament held in Coach Herbert Hart's Tuesday and Thursday 1 o'clock class at Humboldt College. Other members of the class are: Hazel Hagne, Muriel Yaley, Marianne Lambert, Sophie Politis, Barbara Bird, Carrol Hixon, Helen Jones, Patricia Bertrand, Elizabeth Ann Bartlett, and Betty Baldwin.

Coach Hart is now conducting the class in double tournaments.

**COMMENTATOR**

Now is the time for good Dr. Harry Jenkins to come to the aid of Humboldt's students, for there seem to be a great number sustaining inquiries. Sophie Politis, who, incidentally, blushes at the mere mention of her strained ankle, received the injury in the public speaking class. How come, Sophie?

The only typewriter within miles, apparently that of the Lumberjack office, does a rushing business, especially on Fridays and Mondays. These two days find practically the entire newswriting class in the office clamoring for the typewriter.

It isn't often that Martin Cabalzar deems it necessary to wear a neck-tie to school, but when he does, you'd better watch out. At least that was the experience of the riders on the six o'clock bus recently. Perhaps the girls and boys just don't appreciate those brilliant dots, dashes, and circles of his tie.

Incidentally, have you Eureka's ever noticed how the thumbs, "Going my wayers," with uplifted thumbs, seem to reach their destination even before the busses do? Wonder how they rate?

Orchids to . . . Ernie Chioto and Dean Lansing, Scouters from Arcata and Humboldt State, who were mainly responsible for a very interesting exhibit of electrical apparatus at the Boy Scout Merit Barge Exposition Saturday evening in Eureka's civic auditorium. Their exhibit received a ribbon and was enjoyed by a great many people.

Bill Robinson Buddy Ebson, hula dancers, and, yes, even Adolph Hitler are running wild in the halls. They are here only for the tap club assembly tomorrow, though, so put away your butterfly nets.

Spring has sprung, and it is especially noticeable in the nifty summer apparel of the girls of this fair institution. Especially eye-taking have been the creations made by Edith Davis, Betty Fays, Beryl McCann, Phyllis Gray, Eleanor Mathews, and a great many others in the clothing class.

**H. S. C. Offers Valuable Backgrounds For Future Fashion Designers**

The young woman who has emphasized the clothing side of training in the Home Economics field may find a variety of jobs open to her. She may secure employment as a teacher of sewing or as a free-lance dressmaker. She may open a dressmaking shop, or secure employment in the remodeling department of ready-to-wear stores.

Beginning as a sales girl in a department store, she may advance to positions of responsibility such as head of the department or buyer. These positions require a knowledge of materials and fashion trends, market conditions, and seasonal demands. Courses in psychology, salesmanship, marketing, economics and related fields should supplement the training in textiles, costume design, and other home economics courses.

For the girl with an interest in cloths and a skill in drawing, the field of fashion design frequently has a great appeal. A career in this field calls for a thorough knowledge of textiles and clothing construction, plus originality, and ability to sketch cleverly.

Entrance to the field may be gained in a number of ways. There are technical schools that emphasize courses in fashion design, but the length of time required to be spent in preparation depends greatly upon the student's ability and background.

Many more fashion designers find their way into their chosen work by starting in as sales girls in department stores. Their experience in this field gives them an acquaintance with trade demands, colors, textiles, and style elements. They should keep in touch with changing developments in materials and fashions, study fashion magazines and special trade publications, and practice sketching new designs and costumes. Someday, the buyer may see her sketches, and open the door to further work as a fashion designer.

Salaries for beginners in this work are not very high, but for the successful ones, a good livelihood may be expected. Little or no accurate information is available concerning salaries, employ-

ment opportunities or forecasts, or the numbers likely to be employed in this work at the present time.

Humboldt State College provides opportunity for girls interested in these fields to obtain the invaluable background in economics, psychology, salesmanship, as well as in art work and home economics. New courses in this field are to be offered in the future and new equipment has recently been installed.

Mrs. Walter will be glad to consult anyone interested in these fields. There are recent books on the subject: "Fashion for a living" by G. Warburton (McGraw Hill Book Company), and "Fashion Careers" by Catherine Oglesby (Funk & Wagnalls). There are also Career monographs on this subject in the library which are available to students interested.

H

**Mrs. Estelle Koch Honored At Shower**

Mrs. Estelle Koch, of the College Elementary School staff, was honored at a luncheon and kitchen shower given by Mrs. Homer Balabanis at her home in Arcata Saturday at one o'clock. Mrs. Koch recently announced her engagement to Robert McDowell of Eureka.

Guests were: Misses Emmalena Winkler, Helen Garvin, Eleanor McKay, Belle Dickson, Claire Speier, Imogene Platt, Faye Jackson, Dorothy Barnes, Dorothy Williams, Ruth Bestor, Adella Johnson, Sarah Davies, Tosca Schulze, and Grace Schulze.

Mesdames Ellen J. Walter, Margaret Brookings, Doris Niles, Stella Little, Jessie T. Woodcock, Elma Folsom, Herman Schulze, Merle Warren McCann, E. P. Jackson, Vernon Tolle, Henry Cluxton, Arthur S. Gist, Myrtle McKittrick, Helen Everett, and the bride-elect's mother, Mrs. William Preston.

H

**FARBER CALLED HOME**

Bill Farber, student manager of the Humboldt College bookstore, was called to his home in Oakland last Friday night by the serious illness of his mother. Clarence Edsall and Walter Munroe are assisting in the co-op during Farber's absence.

**Sports With Davis**

Now that spring football practice is well under way, some good talent can be observed working out on the field. Coach Hart is emphasizing mostly blocking and running through signals at the present in preparation for the fall football season.

\*\*\*\*\*

Mike O'Donnel, Humboldt State athlete, is working out for the Eureka Merchants' baseball team this year and looks like a cinch for a first-string berth in the outfield. Mike has played in the Redwood league for several seasons in the past and is well known throughout Humboldt county for his playing ability.

\*\*\*\*\*

Another Humboldt State student who is working out for the Merchants' team is Melvin Moore. Moore is a freshman here at Humboldt and is a new-comer to this district. He plays at the short stop position and looks classy enough to give any of the other candidates for his post some tough competition.

\*\*\*\*\*

Now that Humboldt State College is a member of the Far Western Conference, fans will probably get a glimpse of some high class competition in athletics in the future. There is much good feeling among all of the member schools of the conference, so Humboldt should benefit in many ways for joining.

\*\*\*\*\*

A lot of enthusiasm is being shown in the noon softball league which is now under way here at Humboldt between the teams from each class. There are large turnouts for these games, which are played every day, and some excellent competition may be witnessed.

H

**Russian Songs Create Atmosphere**

A special orchestra presented versions of Russian songs at the Chico State College play, "Squaring the Circle" held in the Humboldt State College auditorium on Friday, May 3. The following composed the orchestra:

Muriel Yaley, clarinetist; Laverne Elmore, saxophonist, Carl Owen, drum player; Charles Arnold, string bass player; Martha-bell Scott, pianist; and John Hixon, trumpet player.

The songs, which helped create an atmosphere in accordance with the play were: Volga Boatman, Dark Eyes, Melody in F, Prelude in C Minor, and Cossack Song.

## Hobby Consists of 106 Mustache Cups

Ernest Johnson, Humboldt College student, has an unusual hobby; he collects mustache cups. Johnson started collecting mustache cups two years ago and has 106 cups in his possession today, 35 of which are from different European countries.

Many of this generation may not know what a mustache cup is. A mustache cup is the same as any other cup made of china except it has a small band of china about one-half inch wide extending across one side of the cup about a half inch from the top of the cup. There is a clearance of about one-fourth of an inch, between the cup and the band. This band keeps the mustache from touching the liquid that is being drunk from the cup. This is the reason the cups are called "Mustache cups." They were numerous in the days of the wooden Indians that were used to advertise cigar stores. Perhaps they "left" together.

Johnson got the idea for his hobby when he saw a number of these cups during the "Days of General Grant" celebration two years ago in Eureka his grandfather started him off on his hobby by giving him a mustache cup that he had used as his own, but every cup that Johnson has obtained since that time has been purchased. He says that some of these cups run as high as \$5, but the most he has paid for one is \$2.50.

Johnson wants to collect as many as he possibly can, and his greatest desire is to obtain a left-handed mustache cup. There are very few left-handed mustache cups in existence. Johnson really is not "spoofing" when he says he would like to have a left-handed cup. The side of the cup that has the band of china on it must be held so as to protect the mustache. Therefore the handle of the cup may point in either direction.

## Slide Exhibition Popular Program

C. Edward Graves, librarian, has been busy the past week displaying his color slides to numerous clubs in Arcata.

Last Thursday evening Mr. Graves exhibited his slides before the Arcata Kiwanis club at Hunter's Lunchroom. Last Friday night he showed them at a party given by Mr. and Mrs. Charles Falk, Jr. and Monday afternoon at the meeting of the Arcata Woman's Club. He also has a tentative date for Friday evening.

Mr. Graves has taken all of his pictures either while on vacations or on trips to various parts of the country. His slides include pictures of Yosemite National Park, the fauna and flora of Humboldt County and the colorful autumn foliage of the state of Michigan.

H

## Technique Needed In Chewing Gum

Gum chewing at Humboldt State is rapidly becoming an art of the highly intelligent. Students at this institution of learning really have that certain technique that seems to annoy the faculty members. It may be because the State Board of Education has a rule to the effect that gum chewing is prohibited (although we have never heard of such a regulation); on the other hand it might be that instructors feel it below their dignity to chew contentedly on a juicy wad of chicle, and therefore resent it in others.

This slow, constant movement of the jaws is really a very soothing exercise (even cows do it), and helps to clear the brain of muddled ideas, due to cramming before a stiff examination. It also helps the student endure the serene boredom of others.

Of course, some abuse and tear down this delicate art of masticating, by loudly smacking their lips and popping the gum with a resounding echo, greatly to the annoyance of their neighbors. These are the people who, when asked by the prof to deposit the highly prized chewable before class, next time, respond with wide, astonished eyes — "Who, me?" But really, we of the higher class, belonging to the "Silent Gum Chewer's Club," are far above such low methods. You see, one must really be good to master the art of placing the gum be-

## Humboldt Admitted To F. W. Conference

Humboldt State College was admitted to the Far Western Conference at an annual meeting of conference faculty representatives held at Fresno State College last Friday night. The acceptance of Humboldt into the conference came after the University of Nevada had sent in its resignation. Nevada had notified the conference officials of its intention to resign at a meeting held in San Francisco last December, and was given six months in which to reach a definite decision.

The faculty representatives adopted a rule permitting all conference schools to have round-robin basketball schedules. The championship will be decided on a percentage basis and each school must not play less than two games with three other members if five teams are entered in the tournament, and with two other members if four teams are entered.

Humboldt's entry into the conference will become effective with the opening of the fall term this year, but the Lumberjacks will probably compete with just Chico State and California Aggies football teams this season because the other member schools of the conference have already drawn up their schedules. These games had already been included on the Humboldt schedule for the coming season. J. H. Corson, secretary of the conference, announced that some arrangement to include Humboldt State in the 1941 basketball schedule would be completed at a later date.

Humboldt applied for membership into the conference some time ago when it was felt by the student body that the Humboldt teams were getting strong enough to compete with the other teams now in the conference.

tween the molars and only steal a rapturous chew when the "prof" is deeply absorbed in a classroom lecture.

## FOOTBALL CAPTAIN PROMOTED AGAIN

Bob Caviness, former captain of Humboldt's '34 and '35 football teams, was recently promoted to the position of director of employment for the Works Progress Administration for Mendocino and Lake Counties.

He was previously promoted from the position of personnel interviewer in Humboldt County to the same in Sonoma County.

H

## STEAMBOAT TRAFFIC THEME OF NOVEL

"Swift Flows The River," now on the Humboldt College rental shelf is a historical novel of the Columbia River similar to the panoramic story of "Northwest Passage."

The main theme of the story, which is by Nard Jones, is the establishment of steamboat traffic on the river and the development of the Columbia River from The Cascades to Lewiston, Idaho. Along the shores of the swift Columbia is woven a story that brings to mind's view many true and historical happenings that led to the opening of the great Northwest.

The novel opens with a blood and thunder account of an Indian massacre, 1856, at The Cascades and from that swift-moving type of action it never departs. Among the characters are Indians of many different tribes, gamblers, miners, soldiers, settlers, clergymen and many pioneers. All of these characters are woven into the story of the fictional Caleb Paige, a young orphan boy, who eventually establishes the first successful steamboat line on the river.

## Current Problems Topics For Debate

A series of debates between the public speaking classes at Humboldt State College will begin Monday, May 13, at one o'clock. At this time two members of the ten o'clock class, Rowena Ammer and Clyde Eaton, will argue the affirmative side of "Resolved, that the chain store system is detrimental to the people of the United States, while Karen Wester and Betty Baldwin of the one o'clock class will uphold the negative.

The winners of this debate will challenge a team from the nine o'clock class to argue on the same resolution.

Maurice Davis and Ernest Johnson, a second team from the ten o'clock class, will challenge a team from the nine o'clock class on the subject, "Resolved, that the United States should follow a policy of strict (economic and military) isolation toward all nations engaged in armed international or civil conflict." This latter resolution is the national college debate subject, while that of the chain stores is the national high school subject.

Students are welcomed to attend the debates.

## Sempervirens Out Within Three Weeks

The 1940 edition of Sempervirens, Humboldt College yearbook, will be available to students within three weeks, according to the editor-in-chief, Maxine Maxwell. "The yearbook is in the final process of printing at the Humboldt Times and will be distributed the week preceding final examinations," said Miss Maxwell.

The style of the Sempervirens is in keeping with the latest trends in college yearbooks. Campus activities will be featured in the division pages of each section. Informal campus scenes feature the book and an effort has been made by the staff to present as much of the campus as is possible in pictures.

"In keeping with the spirit of Humboldt State we have endeavored to create as friendly and informal a yearbook as we can," Miss Maxwell said.

According to Miss Maxwell, a feature of the year book will be the writing of Rod Belcher, the sport editor. "Belcher," she continued, "Employs a picturesque and comprehensive style of writing."

A 35 per cent increase in advertising over last year's book was made possible by Henry Trione, business manager. Trione said he experienced a fine spirit of cooperation from the business men of Arcata and Eureka while soliciting ads.

Clyde Brownlow, former student at Humboldt, was killed Monday when a tree fell on him. While at Humboldt, Brownlow took an active part in baseball, football, and basketball.

His wife, Mary Jane Nelson, also attended Humboldt.

## Mrs. Gist Selects A Japanese Theme

Mrs. Arthur Gist played hostess to members of the Flower Arrangement class during the recent absence of Mrs. Little in San Francisco, when she made an arrangement for the members at her home. After serving the students ice-cold lemonade, Mrs. Gist constructed her favorite arrangement.

As her central theme, around which to work, Mrs. Gist selected a Japanese soothsayer figurine, complete with book and aged expression. She placed the old gentleman on a large flat rock, arranged above him in a sheltering manner a branch of huckleberry which represented a tree. Irish moss was used to build up the rocky atmosphere and the miniature setting was made complete with the addition of a clear stream of water and tiny fish. Upon completion, the arrangement was placed upon a Japanese bamboo mat to set it off, much as a frame sets off a painting.

Those who were guests of Mrs. Gist were Alberta Starkey, Juanita Alkire, Betty Jane Atwood, Mary Caprile, Marjorie Cloney, Mabel Crabtree, Irma Hugnin, Ilene Jensen, Mrs. Charlotte Niskey, James Rasella, Frances Rutledge, Ruth Sequist, Verna Jeanne Slotte, Marjorie Waters.

While there, the group was shown two of Sidney Armer's water color paintings of wildflowers in Mrs. Gist's possession.

## NIGHT FISHING PROVES PROFITABLE

Night fishing is good at the north jetty, say two Humboldt State students. One night last week Harry Manning and Jack Davis went to the jetty and caught forty-three of what are commonly called black bass, the biggest one weighing about four pounds.

Manning, a student in the Hatchery Biology class, was curious as to the scientific names of the fish and brought one over to Mrs. William Lanphere, who is in charge of the fish hatchery at Humboldt State College, to have it classified.

## SUBSTITUTE TEACHERS

Marthabel Scott substituted for Miss Pearl Jacobson of the Eureka Junior High School faculty Tuesday of last week when Miss Jacobson was called east due to the illness of her mother. Marian Swap and Ida Mae Inskip substituted for Miss Jacobson Wednesday, Thursday, and Friday.

## CAPRILE PRESIDENT

Mary Caprile is the new Women's Athletic Association president, having been elected last Friday. Assisting her will be Lynette Swan, vice-president; Rosie Ivancich, secretary; Karen Wester, song leader; Dorothy Renfro, point chairman; June Muir, treasurer; Marjorie Waters, yell leader.

## Students' Art To Be On Display

Instead of devoting the walls of the art room at Humboldt College to displays of exhibits from San Francisco as has been the custom of the art department this term, the walls will be hung with works of art students of Humboldt State College. Members of the Graphic Expression Class who will display their work this week and next are James Rasella, Jean Lewis, Don Turner, and Helen Jones.

Charcoal, water color, and other mediums of expression will be found, ranging from extreme realism and the imitative to the imaginative. One of the most notable on display, according to Mrs. Little, is that of Rasella entitled "Refugee." The picture itself, with with its mother and child, suggests the unsettled conditions of the world today. The imaginative, more than the realistic, is dealt with by Rasella, and many of his works can be seen by students of Humboldt this week.

## H. S. C. Faculty Attend Convention

Dr. Gertrude Laws, Mrs. Lillian B. Hill, and Miss Helen Hefferman, all of the State Department of Education, were speakers at a meeting of the northern section of the California Elementary School Principals' Association in Garberville Saturday, May 4.

Dr. Laws, chief of the bureau of parent education, discussed "Parent Education." This was followed by a panel led by Dr. Vernon O. Tolle of the College Elementary School which discussed the educational standpoint of the convention held by the association in Santa Barbara March 17-20.

Mrs. Hill, chief of the bureau of mental hygiene, spoke on "Mental Hygiene of the School." Miss Hefferman, chief of the division of elementary education, spoke on the "Spirit of Youth."

Those attending from the college and the elementary school were Dr. Vernon O. Tolle, Henry T. Cluxton, William Hoppe, Miss Helen Garvin, Miss Belle Dickson, Miss Dorothy Williams, Miss Eleanor McKay and Miss Ruth Bestor.

## Instructors Select Dorm Furnishings

Mrs. Stella Little of the Humboldt College art department and Mrs. Ellen J. Walter of the home economics department spent last week in San Francisco, where they made preliminary selection of furnishings and equipment for the new dormitory and commons. The furnishings and color scheme will carry out the exterior Spanish style as far as possible.

Mrs. Walter conferred with Miss Jane Sedgewick, state food administrator, in regard to the institutional kitchen equipment for the commons. With Miss Sedgewick Miss Walter inspected four kitchens in the Agnew State Hospital. These kitchens serve 3,000 people. She also visited San Jose State College where she inspected their cafeteria, which is used as a laboratory for teaching institutional management.

## NOTICE TO SENIORS

According to Mrs. Monica Hadley, Dean of Women, all the seniors who are graduating with teaching credentials must be examined by Dr. Harry Jenkins and have their health certificates filed before their graduation. These examinations will be made within the next two weeks. Seniors are asked to please observe their appointments, for their credentials can not be given unless they are examined.

## HUMBOLDT HAS A PING-PONG CHAMPION

Did you know that Victor Lorenz is a champion at playing ping-pong?

The fact of the matter is that in 1936 Lorenz won the Pacific Coast Championship in Seattle in which there were approximately 150 entrants, and in 1937 he won the Western States doubles with Jerry Swazberg, a Santa Barbara State student, at the Fair in San Diego.

## Saturday Classes For One Student

Come Friday afternoon, 99 per cent of Humboldt's student abandon the campus for their homes for the week-end. The remaining one per cent, namely Maurice Davis, considers Friday another school day with another to follow on Saturday. For Davis, whose home is in Yreka, Siskiyou County, remains in Arcata week-ends.

Each Saturday Davis comes to school at 8:30. He remains here until 3:30 or 4 o'clock in the afternoon. Advanced woodwork is the subject which Davis, who is majoring in industrial arts and sciences, comes to take.

Last semester he constructed a set of twin beds, an end table, a dressing table, stools, and a chest of drawers. All these things were made to order by Davis for those individuals who supply the material and a small workman's compensation. He plans to enroll in Santa Barbara State next fall. Previously Davis attended the University of California.

In the nine weeks of this semester, Davis has constructed two office desks, a double bed, and a chest of drawer. At present he has enough orders waiting to be filled to keep him occupied for the remainder of the term.

## PLAY BASEBALL

A baseball game between the student teachers of the upper grades and the eighth graders of the College Elementary School Friday noon ended in a tie with a score of 2-2. Harold Langdon was captain of the college team and Nick Barbieri was the pitcher.
