

Humboldt Lumberjack

Humboldt Lumberjack, Wednesday, May 1, 1940

Russian Farce To Be Presented By Chico Players

The eighth annual Humboldt State-Chico State Play Festival will be held at Humboldt May 2 and 3. Thursday evening, May 2, Humboldt State will present Lula Vollmer's "Sun Up," and Friday evening Chico State will give a Russian farce "Squaring the Circle."

These annual meetings, non-competitive in nature, given for the mutual enjoyment of the two colleges, have created the friendliest of relations between Chico and Humboldt, according to William Hoppe, Humboldt director.

Chico's cast will be as follows: "Vassya", Burton Quiggle or Arling Roberson; "Ludmilla, Helen De Ruchie or Alberta Guptill; "Tonya," Ruth Mohler or Edith DeTree; "Abram," Joe Wadlington or Bruce Wade; "Emelyan," Fayne Porter or Roy Andreen.

"Squaring the Circle," a Russian farce by Valentine Kaytaye, is a satire on modern Russia, and the entire action of the play takes place in a municipalized apartment building in Moscow under the Soviet regime.

By presenting their student body cards at the box office on the night of the performance, students may get tickets to the play.

HUMBOLDTERS VISIT BAYSIDE SCHOOLS

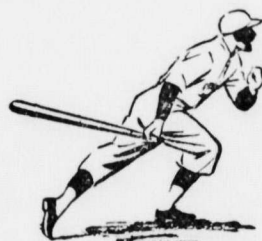

Dr. Vernon O. Tolle, Miss Belle Dickson, and Miss Ruth E. Bestor of the College Elementary School staff, Nuck Barbieri and Barbara Crnich, student teachers, visited the Bayside School Friday afternoon and attended the school's Public School Week program. The theme was conservation, and there were exhibits of flowers and pinecones.

All the Bayside School staff graduated from Humboldt State College: Harlan McDonald, principal, in 1925; Jane Bridgen, intermediate grades, in 1936; and Marie Stromberg, primary grades, in 1930.

Rash! Rah! Rah! Watch 'em tap it out.

They say, "Humboldt's gone Hawaii." Maybe the answer is to be found at the Tap Club Program.

A. W. S. FASHION SHOW TO HIGHLIGHT TEA

The highlight of the Mothers' Day Tea, which is to be on May 11, in the social unit of Humboldt State is a fashion show. Humboldt College women students will model clothes from the following stores: Brizards, Happy Hills, Dalys, J. C. Penny Company, Betty's Dress Shop, Montgomery Wards, and Lee Phipps.

Tryouts for models were held yesterday, and judging was done by Mrs. Herbert Hart, Mrs. Monica Hadley, and Mrs. Charles Daly. The results have not been announced yet.

Passengers Wanted For Mexico Trip

Three or possibly four passengers are wanted for a "share-the-expense" tour to Mexico this summer, by Frank L. Barnes of Fortuna. The trip will take approximately one month and will cover more than 7,000 miles.

An itinerary is planned which will include most of the interesting spots in Mexico such as Ixtacihuatl and Xochimilco, as well as a week in Mexico City.

The trip will take place in the latter part of July, and expenses for gasoline, oil and tire wear will amount to about \$30.00 or \$35.00 per passenger, depending upon the number in the group. All who are interested, may leave their names with President Arthur Gist sometime before May 10. A letter with more complete information about the trip will be posted on the bulletin board.

Recording System Owned by Moxon

Gay Moxon, second semester freshman at Humboldt, intends to be recording engineer. At present he is the owner of the Moxon Recording System which employs a Presto Recorder.

Moxon is able to transcribe records either at the six or twelve inch size. He has completed recording the A Cappella Choir of Humboldt State College, the Arcata Union High School Choir, "Tune-Up Time" with Tony Martin, Jack Benny's program, Henry Aldrich, and Bob Crosby.

In addition to recording programs and articles, Moxon rents his up-to-date dance records for various private functions.

Moxon secured his recording apparatus as a hobby at the end of February of this year and began to use it commercially the first of April.

HAGNE MAKES A HIT WITH 'LITTLE HITLER'

Did you see Hitler at Humboldt State last week?

This Hitler has no Goering or Goebbels behind him. In fact, "Little Hitler" was made by Hazel Hagne in the Humboldt College puppetry class, under the supervision of Mrs. Stella Little. He is twelve inches tall, has a small black mustache, and has straight black hair. He wears a clown costume of black and white satin with a Nazi emblem on his arm.

A. B. Degree With Additional Courses In Home Economics

With the addition of certain new courses in home economics to be made this fall, it will be possible for entering freshman women students to take a four year course in home economics at Humboldt State College and at the end of that time to receive an A. B. degree with a special credential in home economics.

Courses in home economics at Humboldt at present serve two purposes: first, to give a minor to students who are majoring in some other department; second, to give work to students who want to take one or two years at Humboldt State before transferring to another college.

Starting next fall in addition to offering work for the A. B. degree in home economics, the new courses will also make it possible for students working toward a junior high credential at Humboldt State to have a teaching major in home economics.

Three new lower division courses are being offered next year. "Clothing Design and Textiles" will be a three unit course to take the place of "Costume and Personality." Chemistry is a prerequisite for "Beginning Food Study," and that is a prerequisite for "Advanced Food Study." Both are three-unit courses.

New upper division courses will be "Nutrition Work With Children" and "Homemaking Problems in the Elementary School."

H. S. C. Librarian On Sunset Staff

In the May issue of Sunset magazine is the story of "Pauline", a yearling deer that followed the author, C. Edward Graves, college librarian, up Brakeoff Mountain in Lassen National Park.

Mr. Graves first became conscious that the deer was following him when he emerged from the underbrush into a meadow on a trail to the lookout station. When the deer followed him into a higher meadow, Mr. Graves photographed her and then continued on his way up the mountain.

Much to his surprise, Pauline, for this is what he called the deer, stayed with him all the way and even entered the lookout station at the summit. The journey home was a happy experience for Mr. Graves for by this time he and Pauline were fast friends.

Mr. Graves has been Outdoor Editor for Sunset Magazine for two years. When he first joined the staff, he contributed an unsigned column, "Outdoor Calendar." Last summer the name was changed to "Nature's Calendar." Now in place of the column, he writes individual signed stories.

INJURES WRIST

For the past few days Dr. Homer Balabanis has been carrying his left arm in a sling due to a severe sprain he received when he fell while out working on his patio.

STEAMBOAT SHUFFLE COMMITTEES NAMED

General Chairman Susan Wilson has announced her committee heads for the annual Steamboat Shuffle which is to be held May 17.

They are decoration: June Muir, Frances Larsen, Mary Eades, Barbara Bird, Hazel Hagene; music: Doris Waldron, Rosie Ivancich; patrons and patronesses: Frances Nye, Lois Henderson; tickets: Claire Ostrander, Mary Borneman; program committee: Dorothy Hunt, Warren Elmore; publicity committee: Lois Johnson, Juanita Alkire, Helen Taylor, Dorothy Fountain, Lois Wrigley.

Trials and Prizes At The Barn Dance

The annual Barn Dance, held last Friday night in the college gymnasium, was attended by a large and uniquely clad crowd. Farmers, milk girls, dairy men, cowboys, cowgirls and many other rural folk were represented at the affair with colorful costumes.

A bicycle race between faculty members, Coach Herbert Hart and Dr. William Lanphere, was a feature of the festivities. Coach Hart won the five-lap race and was presented with two pounds of raw weiners which he shared with his opponent.

At different intervals throughout the evening mock trials were conducted by "Judge" Bill Inskip and a hand picked jury. All defendants were found guilty of incorrect garb and were handcuffed to a balcony rail for a short period of time.

The gymnasium was decorated with wagons, harness and other types of farm equipment. A pig sty, a sheep pen, a litter of rabbits and bales of hay strewn about the floor added to the barnyard effect. The entrance to the dance floor was made by a slide; the

Continued on Page Four

FOOTBALL FIELD PLANS DISCUSSED

According to President Arthur S. Gist the completion of the athletic field will go a long way within the next year. The field is to be standard in every respect: a track twenty-two feet wide around the field, a 220 straight-away, and five feet between the track and bottom row of seats of the grandstand.

It will be built providing sufficient space on the east of the gymnasium for the natorium, baseball and football practice fields, and parking area for 300 cars. Bleachers for 4000 people will be built.

Slopes on either side of the grandstand are to be landscaped. The football fields will be sodded and have a drainage system.

TO GIVE ADDRESS

Dr. Homer Balabanis recently accepted the invitation extended him by Clifford M. Sorem, principal of the Ferndale High School, to be the principle speaker at the commencement exercises on May 26. He has not yet decided on his topic.

College Players To Give 'Sun Up' Tomorrow Night

Tomorrow evening at 8 o'clock the College players will give their third performance of "Sun Up", heart gripping drama of a woman whose son has been called to war.

Acting honors for last week's performances go to the Elmores, Warren and Laverne, both playing character roles. As the half-witted boy, Laverne gave one of the best characterizations he has ever mastered... the lax expression, the slow movement, childish simplicity, and excellent make-up.

Warrene's interpretation of Ma Cagle was both sincere and natural. The emotional power of her acting is attested by the tense silence of the audience as they watched the scenes which closed with the silhouetted figure of Widow Cagle.

Richard Jarboe added another triumph to his credit with his convincing characterization of Pop Todd. Somehow, the audience knew that this was the type of role Richard liked to play and because he liked it, he would make it good. He did. He, too, was outstanding for an excellent job of make-up.

Appearing for the first time in Humboldt dramatics, Henry Eisman made of Sheriff Weeks the type of man we would expect, overconfident and self centered.

Sadie Crnich, Rod Belcher, and Bill Inskip had the difficult task of playing straight roles. Both Sadie and Rod did their best acting in the emotional scenes. That of Bill came in the scene in which he was discussing such commonplaces as the planting of the crops and their cultivation.

Adding a bit of humor to the play was Sheldon Reaume as the preacher.

Two Humboldt State students have secured jobs with Eureka business concerns for the summer. They are Ernest Caro and Lee Flink, both softball pitchers. Caro will work for the Fluhrer's Log Cabin Bakery as a bread wrapper and pitch for the bakery's team, and Flink will work for the Buon Gusto Hotel and play for the hotel's softball team.

**From An Editorial In
The New York Sun**

He hears an aeroplane overhead, and if he looks up at all, it is neither in fear of an enemy, nor in hope of seeing a protector.

His wife goes marketing, and her purchases are limited only by her needs, her tastes, and her budget—not by decree.

He comes home of an evening through well-lighted streets and reads a newspaper that is not concocted by a government bureau, and is free to print the truth as it sees it.

He has never owned a gas mask nor entered a bombproof shelter.

He belongs to such fraternal organizations, clubs, or political parties as he desires, with the privilege of thinking, speaking and voting his own convictions dictate.

He does not expect his mail to be opened, his telephone to be tapped, nor the free use of his radio to be forbidden.

He is not registered with the police and may move from place to place as he wishes.

He worships God in the fashion of his choice, with let.

His children live with him in his home and are neither "removed to a place of greater safety," if young, nor, if, older, are they ordered to serve the State with sacrifice of limb or life.

He has his problems and his troubles, but his principal struggle should be to preserve his nation with its priceless privileges. He is a most fortunate man—he is an American!

COMMENTATOR

If she gets all flustered after making a statement like this, "After the play Wednesday evening when I arrived home Saturday I found my bow (or was it beau?) was missing," she's Doris Gunderson.

If she's a bit sun-burned but happy, she's Dotty Bell Watkins who spent the week end skiing at Crater Lake....and if they're talking with her about it, they're Ted Speiers, Jack Lawyer or Helen Jones, who also went up.

Leaving the ifs for a while, we'll go on to the "Bigger 'n Better Barn Dance." Gals, did you dance with the tattooed man? Willie Inskip was looking 'moch' interested in his markings. Also an object of curiosity was the "lady-like?" Red Wurtz.

We wouldn't want to go so far as to say that was a smug expression Coach Hart was wearing as he slowly bicycled around the gym, but that's just what 'twas. The look he bore as he glanced at the prostrate figure of Doctor Lanphere tangled up in a bicycle, seemed to say "Doc, you'd better stick to horses and leave this bicycle business to me."

Humboldt girls out dancing with visiting De Molay included Dot Mackins, Ruth Schocker, Barbara Heasman, Helen Devoy (orchids do become her), June Morrison, Nadine Vann and Lois Scott.

Jean Schussman and Vic Lorenz were also at the De Molay Dance. Friday night Vicky was with Helen Arnold....so....?

And so back to the ifs. If it's left most anyplace and you see it at anytime there, it's "Old Overholtz" (spelled the way it sounds)—property of Bob Mitchell.

**Dietetics: Specialized Branch
Of Home Economics Training**

A highly specialized branch of home economics work is the work of the dietitian, an expert in the planning and preparation of meals who usually finds employment in a hospital. The preparation is thorough and technical, but the opportunity is great for satisfactory employment and the financial returns are usually attractive.

The hospital dietitian knows the types of foods required by patients suffering from various diseases and must plan her menus accordingly. She supervises the food purchasing for the institution, and directs the preparation of the meals.

Opportunities are increasing for dietitians in orphanages, schools, dormitories, and other institutions where large-scale preparation and serving of meals is necessary. The problem of planning properly balanced meals is frequently complicated in these institutions by financial limitations, but the trained dietitian knows how to combine low-priced foods to include the essential nutritional elements.

There are also opportunities for dietitians in some large restaurants, hotels or clubs, or as editors of food columns in newspapers. Food manufacturing concerns are also hiring these trained workers to help advertise their products in demonstration classes, or to work in their laboratories developing refinements in manufacturing processes or new uses of the products.

In 1933, dietitians averaged a little less than forty dollars per week, although it is likely that the scale has risen since that date. Employment studies show that 90% of all the graduates of approved schools had obtained employment by May, 1937. The outlook is good for continued improvement in the employment of these students who have added to their foundation studies in home economics, special studies in nutrition, disease, and institutional management, as well as a period of internship in an approved in-

stitution.

At Humboldt State College, students interested in this work can take the science courses that are necessary as a foundation for specialized study. Courses in home economics are also available and with the new equipment additional work is to be offered in the future. Those who might wish to major in this field should take the four-year course leading to the A. B. degree in home economics, consulting the adviser for information concerning additional work to be required elsewhere. The Career monographs in the library contain information on this field and other related fields which are available to students interested in a career in the home economics field.

**Delegates Discuss
A.W.S. Conventions**

Reports of the conventions attended by delegates of the Associated Women Students of Humboldt State College were given by the delegates at the meeting of the association held Friday morning at 8 o'clock.

Vivian Larsen, who attended the Modesto convention early this spring, informed the girls of the talk which she heard Dr. Aurelia Reinhardt give concerning the opportunities of the American people, and especially of the women, in this country.

Dorothy Hunt, who was present at the University of Oregon convention a few weeks ago, told about the singing contests sponsored by the different sororities of the university and also of the first two days of the convention. The last two days were discussed by Eleanor Shaw, who also represented Humboldt's A. W. S.

Betty Faye, chairman of the Mother's Day Fashion Show, and Elizabeth Ann Bartlett, general chairman of the affair, gave reports of their activities. Catherine Caltoft, chairman of the nominating committee, gave her report of nominees. Others who functioned on the committee were Elizabeth Ann Bartlett, Marianne Lambert, Marian Kemp and Ida Mae Inskip. Installation will take place on May 23.

Virginia Hill provided the musical selections for the meeting.

Sports With Davis

Although Humboldt's track team was defeated in both its last meets last week, some of the boys showed up well for the Lumberjacks. Both schools against which Humboldt competed had a wealth of good material.

Don Mahan proved his worth by placing in the sprints against Ben Reams, the Chico State star, and by copping both of these events against the Aggies.

Grant Ferguson also showed up well in the hurdles and broad jump for the Lumberjacks. Grant is just a freshman here at Humboldt and has the making of a great athlete.

Len Longholm ran into a little tough luck in the pole vault due to a faulty pole. Len, who has consistently jumped 12 feet all season, had difficulty in making 11 feet in either meet.

Harold Walton made a great showing in the two-mile race at Davis when he was nosed out of a first place by inches. This was the first time Harold had ever run this race.

Ivan Olsen came to the front in the Cal. Aggie meet by capturing the high jump. Olsen topped the bar at five feet eleven inches and was in top form.

**CHOIR PRESENTING
GOODWILL TOURS**

The A Cappella Chior of Humboldt State, under the direction of G. Dana Kinsman, made their second and third series of goodwill tours, which are being conducted by the associated students of Humboldt State. On April 25, the choir, Muriel Yaley, clarinetist, and Marianne Lambert, violinist, presented a program at the Ferndale, Fortuna, and South Fork high schools. On April 29, the choir presented a program at the Eureka Rotary Club.

Bob Madsen, graduate manager of Humboldt State, introduced Mr. Kinsman and the choir, and welcomed the coming graduates of the schools to Humboldt State College.

The fourth goodwill program will be given at the Eureka High school on May 8.

Spring Football Starts At State

Spring Football practice started at Humboldt State Monday night when Coach Herb Hart issued suits to ten men. This is a small turnout, but Coach Hart expects several more men out next week who are not out now because of their conflicting work.

This is the second time in the history of the school that spring practice has been held; so it is comparatively new. The purpose of this practice session, which will last about three weeks, is to get the new men acquainted with the system of coaching and to teach all of the men signals in preparation for next football season. So far the workouts have been very light, consisting of blocking and ball-handling.

Those who reported for practice Monday night were Caro, Grant, Moseley, Longholm, Eskelson, Businello, Naggier, Crighton, C. Olsen, R. Davis, and H. Del Fatti.

Del Fatti is a Eureka High School student and plans to enroll at Humboldt upon graduation. He has one more year of competition in high school athletics and will probably benefit from this practice session.

MADSEN UNDERTAKES PUBLICITY TOUR

Graduate Manager Bob Madsen will return late this evening from a tour of Mendocino-Lake County High Schools where he showed moving pictures of college activities at Humboldt State College and spoke to the seniors of the various high schools concerning the educational advantages at Humboldt State College.

The pictures that Madsen was to show are in color and were taken by C. Edward Graves, librarian. To make the film more interesting, Madsen has added a musical background, and describes the film over a public address system, thus giving the pictures the atmosphere of a talking picture.

Among the high schools included on the itinerary were Laytonville High School, Willits High School, Upper Lake High School, Clear Lake High School at Lakeport, Ukiah High School, Mendocino Union at Mendocino City, and Fort Bragg High School. The trip is being made in the college station wagon.

TO CONCLUDE TALKS

Next Monday Dr. Homer Balabanis will conclude his series of addresses to the Cruise Club. His subject for this last meeting will be "War or Peace in the Near East?"

Written and Flight Examinations Will Bring C. P. T. Course To A Close

With the scheduling of May 11 as the examination date for the first applicants for Private Pilot's Certificates, Humboldt's first year of Civilian Pilot Training is drawing to a close.

During the past few months the ten Humboldt men selected for the Civilian Pilot Training Course have been receiving flight instruction from the Pierce Flying Service and attending Ground School conducted by Homer Arnold, Horace Jenkins, and Dr. Harry MacGinitie of the Humboldt State faculty.

The goal of these students is a Private Pilot's Certificate of Competency issued by the Civil Aeronautics Authority. To become a Private Pilot, one must pass a written examination on rules and regulations, navigation, and meteorology with a grade of 70 percent or better in each of these departments. In addition, each applicant is subject to a comprehensive flight test encompassing every maneuver necessary in normal flight. A grade of at least 70 percent for the entire flight test entitles the applicant to a Private Pilot Rating.

All ten of the C. A. A. students will take their written examinations on the 27th of this month. Those receiving passing grades will take their flight tests at a later date. Because of conflicts and unfavorable weather conditions many of the students will not have fulfilled the minimum requirement of 35 hours flying time until later this spring, so will not receive their flight tests until training requirements are completed.

Under ordinary circumstances an applicant for Private Pilot Rating must have logged at least 35 hours of solo flying time. However, C. A. A. students are allowed to count both solo and dual time toward the necessary total, making it possible for them to obtain their Certificates in much less than average time.

If 90 percent or more of the students are successful in obtaining their Private Pilot's Certificates under the present course, an extension of this same course will be granted next year, with an advanced training course enabling outstanding flight students to obtain Commercial Pilot Rating.

If this advance course is in turn

successful, a third course will be instituted enabling some of these pilots to obtain an Instrument Rating and an Airline Pilot Certificate. To the outstanding members of this group the airlines will offer the opportunity of entering their service as co-pilots.

Faculty Women Entertain Seniors

The annual faculty ladies reception for the graduating senior women and graduate students was held last Saturday evening at the home of Mrs. Stella Little on the college hill. The reception and dessert party was held early this spring so that there would be no conflict of dates later on in the semester.

Rhododendrons, baby roses, nasturtiums, asparagus fern, and snap-dragons were but a few of the many flowers arranged by members of Mrs. Little's flower arrangement class. Floor, table, and mantle arrangements were made by Betty Jane Atwood, Alberta Starkey, Juanita Alkire, Ilene Jensen, Marian Swap, Edith Davis.

Party arrangements were in charge of Mrs. Estelle Koch, who supplied the flowers; Mrs. Myrtle McKittrick, refreshments; Miss Ruth Bestor, entertainment; Mrs. Stella Little, general arrangements; Miss Sarah Davis, invitations. Mrs. Elma Folsom is president of the faculty women's club.

C. GRAVES ATTENDS LIBRARY CONFERENCE

C. Edward Graves, Humboldt College librarian, returned from Long Beach last week where he attended the annual conference of the California Library Association. He was accompanied by his wife.

While at the conference, he met Rose Marie Flowers of Fernald, a former Humboldt State student, who is studying to be a librarian. Miss Flowers is attending the Riverside Library School in Riverside, California, and expects to graduate in August. Mr. Graves also visited with Miss Dorothy Chandler, his assistant in the college library last year, who is now librarian at Menlo Junior College.

Impromptu Skit Features Assembly

The annual Men's Association assembly given at 11 o'clock, Friday morning was the most hilarious assembly of the year, according to a general consensus of student opinion.

The feature of the assembly was an impromptu and unrehearsed skit in which Vernon Smith, Ernest Caro, Paul Thorn, Clyde Eaton and Zutie Businello took part. Smith and Caro imitated a side-show barker and a yogi doing psychic reading, utilizing a crystal ball and "spelling." Zutie Businello, bare to the midriff, enacted the role of the world's smallest giant.

Highlighting the program were piano solos played by G. Dana Kinsman of the college music department. He played a medley of popular tunes of the day and as a grand finale played a "Boogie-Woogie" medley.

The Barnyard Quintet, composed of Glenn Arklett and Emory Sitts, violins; Charles Arnold, bass viol; Maurice Davis, guitar; and Stanley Roscoe, ocarina, contributed several selections. Emory Sitts stole the show as he tunelessly played his instrument from every conceivable position. All members of the orchestra were in hill-billy costume.

A humorous history of the Barn Dance was given by the student body president, Sherman Washburn, followed by Rod Belcher, Men's Association president, who sang a blues song. Don Byers, member of the Vance Log Cabin night club orchestra, played a trumpet solo and was accompanied by Mr. Kinsman.

The unsung hero of the program was the "sheriff," H. P. Eiseman, who unsuccessfully attempted to apprehend the "outlaw," Ivan Olson, in a gun fight down the aisle and behind the curtain.

Special Orchestra For College Play

The following played in the orchestra, under the direction of Carl Owen, for the performances of "Sun Up" at Humboldt State College on April 23 and 24:

Marthabel Scott, pianist; Muriel Yaley, clarinetist; Myrtle Boehne, flutist; Beryl McCann, cornetist; Charles Arnold, string bass player; Doris Gunderson; Marianne Lambert, Henry Tri- one, Emory Sitts, and Glenn Arklett, violinists.

During the orchestral overture, the audience witnessed a situation which turned out to be funny rather than tragic. Two of the violinists, Emory Sitts and Glenn Arklett, lost their places but tried to continue playing without letting anyone know about it. However, Sitts pointed with his violin bow to what he thought was the place; then Arklett did the same. They became more mixed up and started to laugh; they could not even pretend to play then. The audience, by this time, was fully aware of the situation and filled the auditorium with laughter.

MOTHERS FROM AFAR ATTEND RECEPTION

Three of the students' mothers came a considerable distance to attend the Honor Tea given by the faculty on April 21 at Humboldt State College in the social unit.

Dolores Scholl's mother, Mrs. Fred Scholl, arrived here Sunday morning from Ukiah and returned home Monday morning; Jim Hall's mother, Mrs. J. H. Hall, arrived Sunday and returned home Tuesday morning; Jim McGrath's mother, Mrs. Myles McGrath, arrived from San Francisco Sunday to spend the day.

Reuben will be there.

Turner and Riddle Go The Turks One

Two students from the Humboldt State College chemistry department, Merwyn Riddle and Donald Turner, have a new smoking device for those who are fond of a cool smoke. It is an "improvement," say its designers, over the Turkish water pipe.

The invention consists of two pipe bowls filled with tobacco with both of the bowls being connected to a Lebig Condenser by rubber tubing. The Lebig Condenser is a device used in the chemistry laboratory to cool and liquidize a vapor. The smoke then passes from the condenser to a test tube that contains calcium chloride, which is used for removing the moisture in the smoke. From there it goes to a narrow necked flask which is partly filled with water which removes the calcium chloride dust but does not effect the smoke. The flask is also equipped with a two-holed stopper (one hole for each person who is smoking) from which the pipe stems are connected by a long piece of rubber tubing.

The smoking device is about four or five feet long, and the smokers can stand in any part of the room and smoke comfortably.

MUTSUHITO CLUB GUESTS OF CHICO

The Mutsuhito Club of Humboldt State was the guest of the Chico State Mutsuhito Club formal dance at Richardson Springs on Saturday, April 27. The following left Saturday morning in private cars and stayed in Chico until Sunday evening:

Helen Howard, Rosie Ivancich, Doris Waldron, Eleanor Shaw, Mary Westbrook, June McCombs, Charlene Renfro, Dorothy Renfro, Joyce Stockton, Marion Kemp, Helen Arnold, Clair Ostrander, Ada Dean Regli, and Homer Arnold.

PROJECTOR RECEIVED

A new portable Ampro sound projector and a large motion picture screen for the auditorium have been received by the College Elementary School. The projector will be used in the classrooms as well as in the auditorium.

Ministers Speak At 'Y' Discussion

The Humboldt State College "Y" presented an inter-faith discussion in the social unit on April 30. Vernon O. Tolle, sponsor of the College "Y" acted as chairman of the panel. The following ministers spoke on "The Church in Social Action:"

Doctor Stone of the Eureka Presbyterian Church; Reverend Charles Lord of the Arcata Methodist Church; Reverend Raymond Werner of the Eureka Methodist Church; Reverend Charles Leachman of the Eureka Episcopal Church.

More of such discussions are to be held in the future by the College "Y," and again, they shall be open to all those desiring to attend.

Continued from Page One
exit consisted of a ladder to the balcony.

Many prizes were awarded throughout the evening. Herb Gomes was awarded the grand prize in the Whiskerino finals which consisted of a free shave. Casper Torp and "red" Wurts walked off with the prize awarded to the heaviest couple when Wurts came garbed as a hefty chorus girl.

The best looking couple, according to the judges, was Virginia Hill and Fred Price, while Ida May Inskip and Charles Glenn got the judges' nod for the funniest costumed couple. The contest was judged during the Grand March while dancers passed in review before the judges' stand.

Pedro Elmore's Collegiate orchestra furnished the music for the occasion, with Karen Wester as vocalist. During the intermission the orchestra presented a skit entitled "Census Taking" which came to an abrupt end when Pedro Elmore started throwing fish.

"Old Man Study," depicted by a stuffed dummy, was hung, both literally and figuratively, from the rafters by the students during the intermission period. The dummy was dressed in a cast-off football suit and represented the daily cares and worries of all Humboldt State students.

General Chairman, Bud Villa wishes to thank the members of the Mens' Association and all other persons who contributed to the success of the Barn Dance.

Civil Service Test For Nurse Training

The St. Elizabeth's Hospital School of Nursing offers a three-year course of training to those desiring to become graduate nurses. A Civil Service examination is to be given to enroll approximately fifteen male and thirty-five female students on or about September 1, 1940.

Applications will be accepted from students ranked as seniors or graduated from an accredited high school giving a four-year course. Sixteen units of work must have been completed with four units of English; one unit of high school mathematics; two units of science, including general science or biology and a second science; two units of history.

Applicants must have reached their eighteenth but must not have passed their thirtieth birthday on the closing date of application, May 2, 1940.

Permanent employees in the classified service will, upon earning a passing mark in this examination, have their names placed upon a separate list of eligible government employees. The examination will be given in Eureka and will consist of a general test on a scale of 100.

Sample questions of the general test and full information in regard to the examination may be obtained from Bert F. Wilson, head of the commerce department.

COOKING CLASSES FOR C. E. S. GIRLS

The new equipment in the College Elementary School cooking room will enable the seventh and eighth grade girls to have classes in cooking as well as in sewing this fall.

The new equipment consists of eight Wedgewood gas ranges, four maple work tables with cupboards underneath, china, glassware, and silver. There is also an electric refrigerator large enough for the milk for the C. E. S. lunchroom and for class work.

It's the Highland Swing being swung in a truly different manner that you'll see at the Tap Club Program.

We make the best of Pies, Cakes and Cookies.

Bishop To Accept Position in Redding

Darrel Bishop, Humboldt State athlete, will quit school today in order to be in Redding in time to accept a position as head bookkeeper in a bank. Bishop had two years of banking experience at the Bank of America in Eureka before coming here to college. He will stay at Redding about six months and then will probably be shifted around for another six months before he will return to the Bank of America in Eureka.

While at Humboldt, Bishop was a member of the varsity basketball team. He also participated in other sports before coming to Humboldt. He played two years of football and basketball at Eureka High School and played shortstop on the Eureka Merchant's baseball team in 1938. He also played basketball for Hollander's Sparklers in the Humboldt Independent League for three years.

Students in Charge Of A. H. S. Play-day

Several Humboldt State students will supervise the annual play day to be held by the Arcata High school on May 16 at the high school field. In the past the play day has been run off by W. B. McKittrick of the high school faculty, but this year it was decided to let the student teachers from Humboldt State have full charge of the affair. The student teachers who have outlined the program are: Mary Floccini, Nick Barbieri, Clarence Edsall, William Farber, Francis Givins, and Frank Sanderson.

The program will consist of a "work-day" in the morning, after which dinner will be held on tables set on the school football field. From one o'clock until three o'clock organized play will be held, and then dancing in the school gymnasium will conclude the program.

The student teachers will be assisted by Coach Hart's Community Recreation class.

Home Ec. Clubs Meet At C. E. S.

Cattle and dairy products were the theme of the Home Economics clubs of the grange, California north coast section meeting, at the College Elementary School Saturday. Mrs. Marie Ostrander, supervisor of the granges home economics clubs, was the chairman of the meeting and the home economics department of the department of the college was hostess to the group.

In the morning the Russ Market Co. of Eureka presented a lecture and meat cutting demonstration. In the afternoon Ivan Kres-tensen spoke on "Points in Scientific Butter Making."

Among college people participating in the program were Miss Belle Dickson of the College Elementary School, who discussed the units on the history and resources of Humboldt County used in the College Elementary School. Patricia Bertrand, freshman student, demonstrated the making of cottage cheese, and Elizabeth Ann Bartlett demonstrated the new sewing machines. Joan Pine was hostess in Mrs. Ellen J. Walter's absence. Ruth Sequist and Ilene Jensen assisted Miss Pine.

CONCERT GIVEN

Camille Goff, pianist and former pupil of Miss R. Faye Jackson of the College music department, gave a concert at the First Congregational Church in Eureka Friday evening at 8:15 o'clock. Miss Goff is a cousin of Ardys Goff, Humboldt State College senior. Four college women ushered. They were Carol Hannah, Lois Johnson, Betty Anne Carlson, and Beth Nixon.

HAPPINESS

Happiness, and happiness alone is the one and only goal of human life. Not merely happiness of self, for there can be no such thing. Happiness is only possible in proportion to the happiness we give to others.
