Humboldt Lumberjack, Wednesday, March 13, 1940

Three H.S.C. Men Win Silver Cups At Boxing Tournament

Last Friday and Saturday nights the following Humboldt State College students participated in the Lion's Amateur Boxing Tournament held at the Civic Auditorium in Eureka:

Richard Davis, middleweight, won a decision over Marquez of Hawkins Bar C.C.C. and Larson of Hydesville.

"Snooky" Edsall, middleweight, won a decision over Coulter of Hawkins Bar C.C.C., Quinn of Eureka's Lions Club, and Parker of Orleans C.C.C.

Both Edsall and Davis are champions of this class and both win cups.

Harold Walton beat Gorbet of Hawkins Bar C.C.C. and lost to Mathews of Scotia.

Loy Montgomery won two of his fights by default, and will receive a cup.

Archie Forson, Humboldt State student and trainer, had another champion in Tony Borges, welterweight, of McKinleyville. Borges will also receive a cup.

NAGGIAR AND NIXON DISCUSS EVE CURIE

A report on Eve Curie's lecture in San Francisco was given in the French D class last Wednesday by Jacqueline Naggiar and Beth Nixon.

Miss Naggiar had taken the lecture down in shorthand and later typed it, said Miss Adella Johnson; consequently her report was both accurate and complete. The French D students were particularly interested, because they had read Eve Curie's biography of her mother last semester. The classroom edition of 'Madame Curie,' published last fall, has proved to be one of the best liked books that have been read by French classes at Humboldt.

Cabin Is Safe

A number of the faculty and students have taken trips to the Big Lagoon to see if Miss Imogene Platt's cabin had been carried away by the ocean because of the high tide from the heavy rain. Miss Platt wishes to save further investigation and trouble to those who are interested by reporting that her cabin is in no immediate danger.

Maurice Davis will spend his vacation in Yreka.

PANCAKE FEED TO BE MAY 21

The annual Pancake Feed is to be held Tuesday, May 21st, at Camp Bauer and will last from four o'clock until late in the evening.

According to Horace Jenkins who sponsors the feed this year's picnic will be "bigger and better" than ever before. There will be an organized soft-ball game between the men of the faculty and the men students, a recording system for dancing and of course, the camp-fire.

Principles Of Art Shown In Display

The object of the exhibition of famous paintings from the San Francisco Museum of Art according to Museum of Art officials which has been on exhibition in the art room for the past few days is to demonstrate the simplest principles of form and color harmony. Numerous periods of painting are represented.

All the forms of literature, no matter how widely used, are familiar to us because we know and understand the alphabet of twenty-six letters. The artists on the other hand, have only eight so-called "letters" with which to work. It therefore seems imperative to look for the fundamental elements of art. They are light, color, line movement, rhythm, pattern and form.

In speaking of composition one is thinking of all the elements of the painting not merely one or two elements. Form, one of the eight elements, is one of the oldest known elements to man, as can be seen by the Altamira Caves in Spain which are covered with artistic pictures.

Neither the use of light nor balance and harmony of color have yet been mastered, although Paul Cezanne, the "Father of Modern Art," has done a great deal with both.

Although artists draw lines around the profile of a face or building, which actually do not have lines around them, they are merely using a conventional method of representing objects.

Movement may be defined as the direction of lines, planes, forms, and colors.

Gists Going To Meet

President and Mrs. Arthur S. Gist and daughter, Ruthie, are leaving Friday for Long Beach where President Gist will attend the College President's Conference and also the annual meeting of the high school principals.

The Gists will be in Long Beach the entire Easter vacation.

A.W.S. Delegates To Conference Elected Yesterday

Rosie Ivancich, Ada Dean Regli, Shirley Kirkpatrick, Vivian Larsen, Eleanor Shaw and Dorothy Hunt were elected as delegates to the west coast conference of the Associated Women Students at yesterday's club meeting. Dorothy Fountain was elected to serve as alternate. The delegates will probably go to the conference to be held at the University of Oregon.

The program of the afternoon featured a talk on Hawaii by Miss Sarah Davies. Miss Davies also explained the technicolor pictures of the island which were shown and demonstrated a few steps of the hula. Other members on the program were Eugene Hammond who sang "Hills of Home" and "Sylvia;" he was accompanied by Dr. H. MacGinitie. Carol Hannah played a piano solo. "Anitra's Dance."

Ten Are Positive In Tuberculin Test

The semi-annual tuberculin testing having been completed in the health office, it was found that there are ten student whose tests indicate a positive reaction. They will be required to report to the offices of Dr. J. S. Woolford in the Bank of America building in Eureka, located at fourth and E streets, anytime from March 11 to April 1 for x-ray treatments.

Thirty Humboldt students submitted themselves to the testing this spring, while seventy-three took the test in the fall. Of the latter number twenty-six showed positive reaction.

The testing is conducted each semester among the students of the college who have not been tested previously. All the food handlers are also tested.

All seniors who have not been x-rayed during the last two years are required to report to Dr. Woolford's offices together with the other students who are to be x-rayed.

PLAY PRESENTED

A play, "How to Take Care of Wild Flowers" was given by the second grade at the College Elementary School assembly, Thursday. The play was worked out for the benefit of the teaching orientation class by Miss Dorothy E. Williams of the College Elementary School Staff. An original dance and song were part of the play.

BASKETBALL SQUAD GUESTS OF MADSEN

The members of the Humboldt State basketball team were guests of Graduate Manager Robert Madsen at a banquet held at Giuntoli's Monday night.

Madsen stated it was a pleasure to honor the "scrappiest, hardest-training" team Humboldt has ever had.

Those present at the dinner were: Len Longholm, Maurice Ayala, Jim Savage, Haven Howatt, Bill Lee, Darrell Bishop, Curt Wilson, Coach Harry Griffith and Junior Varsity Coach Francis Givins.

20,000th Book Is Collection Of Plays

"Twenty Best Plays of the Modern American Theatre," bought by the Humboldt College library last week for William Hoppe's dramatics classes, has the distinction of being the 20,000th book purchased by the Humboldt State library according to H. S. Graves, librarian.

The book was edited by John Gassner and is a survey of American drama within the past decade, 1930-39. It gives detailed bibliography and a condensation of selected plays.

Among the plays included in the book are such hits as "Golden Boy," "Of Mice and Men," "Stage Door," "Green Pastures," "Dead End," and "Tobacco Road."

According to the records in the library, 2,793 books have been lost, worn out, or pilfered leaving a total of 17,207 purchased books in the college library.

COLLEGE STUDENTS HEAR EVE CURIE

A group of college students and Miss R. Faye Jackson of the music department spent the weekend in San Francisco where they attended the opera and heard Eve Curie speak on, "The French Women and the War." They heard the operas Carmen, Rigoletto, and Madame Butterfly. They also saw Martha Graham and her dance troupes and "Gone With The Wind."

Those who made the trip were Beth Nixon, Betty Gayhart, Jacqueline Naggiar, Elizabeth Ann Bartlett, and Miss R. Faye Jackson.

Because the Scotia Bridge was out, the group left the Redwood Highway at Alton and went through Bridgeville, Blocksburg, and Alderpoint coming into the highway again at Garberville. A section of the highway just south of Hopland washed away, so traffic was routed over the old Hopland grade.

3 Visiting Members Included On Staff For This Summer

Humboldt State's 1940 Summer Session staff will be made up of three visiting faculty members and seven resident faculty members. The session will last from June 17 to July 26.

Donald J. Pymm, visiting instructor from Fresno State College, will teach economics. Pymm holds a Master's Degree from the University of California. He has furthered his study at the University of London, and is known as an authority in the field of public finance.

Dr. Hubert Phillips, also of Fresno State, will be a guest instructor in Forum Organization and Technique. He has served as forum leader for the U. S. Office of Education forums in Morgantown, West Virginia; Des Moines, Iowa; Seattle, Washington; and Portland, Oregon. He is also author of many articles on education and the migrant problem.

Roy Good, district superintendent and principal of the elementary and secondary schools of Willits, California, will be here doing work in education. Good received his Master's Degree at Stanford University, and has served as administrator in Mendocino County for many years. He is president of Section I, California Secondary Principals Association, and organized the North Coast Section of the C.T.A. He has served for fifteen years as a member of the board of director of the C.T.A., and is the author of numerous articles on educational subjects.

Resident faculty members for the summer session will include Miss Belle Dickson, education; Dr. Raymond H. Fisher, history; Herbert L. Hart, physical education; William E. Hoppe, English and speech; Dr. Vernon O. Tolle, education; Dr. William M. Lanphere, biological science; and Horace R. Jenkins, industrial education.

Weekend Skiers

Several Humboldt State students went skiing over the weekend and reported that they had the best skiing that they have ever had on Grouse Mountain.

The group went up to the Ski Lodge Saturday afternoon and returned the following day. Those who went were Robert Bryan, Jim Savage, Herb Christie and Pete Domeyer.

John McGrath and Stanley Colwell will take the Elementary Elementary Teachers Examination in San Francisco Wednesday, March 20.

**FORMER EDITOR
NOW EDITING DAILY**

Buster DeMotte, former editor of the Lumberjack and now city editor of the Humboldt Standard, will act as managing editor of the paper during the next three months during the absence of F. F. Flaherty who is attending a special army officers school.

PUZZLE TO PROF.

Two college boys came out of the south end of the Commons, one limping and the other on crutches as Dr. Vernon Tolle passed by one day last week when students were dancing to the nickelodeon. Dr. Tolle is still puzzled as to whether the boys were fighting for the privilege of putting a nickel in the machine, or whether the girls had proved to be too much for them.

Jacqueline Naggiar and Betty Jane Atwood will spend Easter Vacation in San Francisco.

COMMENTATOR

"El Brendel" Inskip...or, did you see Willie last Wednesday wearing the latest thing in hats?.... It was so striking....please, do wear it again.

Nice puppy, nice puppy, grrr, Slap! Maybe that's what the two latest "dog-lovers" are saying. You see, Sueda Penturf gave Henry Trione a puppy, and since he couldn't keep it Henry gave it to Helen Jones....Well, little dogs get lonesome and cry all night, don't they, Helen?....'Tother stay-awaker has been Pedro Elmore. Karen's "Judy K," given to her by Pedro, came in Friday morning looking as though he'd had five minutes sleep at the most.

One hardly knows what to think when seat suddenly collapse under people. And, when two girls go through two seats.... Well, ask Dot Hunt and Lynette Swan what happened in econ.... Incidentally, they both blush beautifully.

Although it happened some time ago we just heard the story. It seems that Sue and Maxine Maxwell had a bet on in the commons as to whether or not Maxine could take a whole piece of bread (cracked wheat it was) at one time in her mouth, chew it, and swallow it without drinking any water. After Maxine had successfully completed the feat, to the amusement of many bystanders, Sue decided her mouth was pretty spacious after all.

News is in the air that Nadine Vann is going to bake a cake for some one person whose laugh has such a distinctive peal.

**Similar Basic Training Underlies
Work of Designer and Draftsman**

Modern industry has many openings today for the skilled industrial designer and draftsman. These are the men who prepare the plans for the construction of new machines from giant turbines to kitchen gadgets. Although the designer and the draftsman have similar basic training, the work is distinctive for the two fields and there is a variation in the type of mind necessary.

The industrial designer must have some inventive imagination. He visualizes changes in existing equipment, or plans new machines to handle specific problems of production. The nature of his work will of course depend upon the character of the plant in which he works.

The designer submits his sketches to the draftsman who translates them into mathematically correct blueprints from which the actual construction is made.

Both the designer and the draftsman must have a thorough knowledge of mathematics for their work constantly involves problems of geometry or trigonometry. Good eyesight is an essential too, since the work requires excessive use of the eyes in careful work.

Of the 80,000 persons engaged in work of this type in the United States, about 1500 are women. Wages run from \$30.00 per week for inexperienced designers to \$100 per week for skilled workmen. Experienced draftsmen receive a wage of \$1.00 per hour, or \$40.00 per week. Employment is fairly regular, and the outlook particularly for designers is good at present.

Designers add to their basic training in mathematics and mechanical drawing four years in an engineering college. The Carnegie Institute of Technology in Pittsburgh, Pennsylvania, is said to be the outstanding school for the education of industrial designers. A draftsman starts with the same basic training, but completes his course in from one to three years in a trade school, or as an apprentice in a shop.

At Humboldt, students interested in entering this field will find it possible to take the basic training in mathematics, mechanical drawing, and architectural drafting. Machine shop courses now being offered are valuable. Next fall, it is planned to include a course in Industrial Arts Design

which should be of interest to students in this field.

Students interested in engineering are advised to study the various phases of the engineering field with consideration given to personal aptitude, length of training required, opportunities for employment and the comparative outlook for future development.

The library has material available in this connection upon request.

Rhythm is a series of little movements planned so as to repeat. Botticelli is a famous artist who is noted for his rhythm.

A unit of decoration complete in itself but capable of indefinite expansion or extension is design, another of the eight elements. The Swastika in an excellent example of design.

Pattern rarely carries a composition under its own power. Its chief function is the combining of a series of small designs, naturalistic or geometric, into an all-over pattern.

If, in looking at paintings and famous masterpieces, an individual should seek all these elements, his appreciation of art would be much greater.

**EATON AND THORNE
SAFE FROM ACCIDENT**

Clyde Eaton and Paul Thorne, both members of last year's football squad, escaped injury and possible death when their car rolled down a 125-foot embankment near Hydesville Sunday morning.

The accident occurred after they failed to negotiate a sharp turn on the highway. Adverse weather conditions were also a contributing factor to the accident.

MATINEE PLANS DROPPED

Members of Miss Adella Johnson's French classes are looking forward to seeing the motion picture "The Hunchback of Notre Dame." The students of French D were planning to attend a matinee the Monday after Easter vacation, but because of conflict with classes, the plans have been dropped.

Sports With Davis

Prospects are good this year for baseball at Humboldt State with the largest turn-out of players in the school's history practicing nightly. The players are being coached by Coach Harry Griffith.

Among the baseball prospects is Mike O'Donnel who plays in the outfield. Mike is a veteran player, having played several seasons in the Humboldt County Redwood League.

Earl Meneweather is playing his third year on the baseball team and should have a good season this year. Earl is probably the fastest moving player on the squad.

Among the new players who should show up well is Darrel Bishop. Bishop, who is a freshman, plays an excellent game at third base.

Humboldt will have two good track men this year in the Walton brothers, Harold and Louis. Harold is a miler and Louie is an excellent 440 man.

Don Mahan should give any competing sprinters a battle in the 220 and 100 yards this season. Don, who is also a hurdler, consistently ran the 100 yards in ten seconds last season.

Henry Trione is another sprinter who should go good this season. Last year Henry pulled a leg muscle and could not compete, but is in fine shape this year.

**'OVER THE HILLS
AND FAR AWAY'**

A group of twelve Humboldt State students motored to Camp Bauer Sunday for a picnic. The trip was made in Clyde Eaton's Pierce Arrow, "The Bullet."

A light luncheon was served at two o'clock, and baseball was played until four. Outside of having to push the car up several hills the trip was a success.

Those who were in the party were: Helen Devoy, Kay Nelson, Valerie Vann, Nadine Vann, Ruth Schocker, Glenna Colwell, Vic Lorenz, Bob Duff, Al Pinney, Fred Duff, Rod Belcher, and Richie Davis.

Easter In San Francisco

Hazel Hagne and Muriel Yaley are planning to spend Easter week with their families in Laytonville and in San Francisco. They will attend the Easter sunrise church service atop Mt. Davidson in San Francisco.

TEN H. S. C. STUDENTS INVOLVED IN WRECK

An accident involving ten Humboldt State students occurred in Eureka Thursday of last week. Two cars, one driven by Ted Speier, and the other by Darrell Wing, collided at an intersection, overturning Wing's car and smashing in the front of Speier's.

With Speier at the time were his sister, Miss Claire Speier, assistant to the registrar, Marjorie Wing, Doris Gunderson, Haven Howatt, and Eugene Hammond.

In Wing's car were Tom Amen, Bill Madsen and Dan McClure.

With the exception of a few bruises and several bumps on the head, no one was seriously injured.

H

CONCERT TO BE MAY 9

According to G. Dana Kinsman of the college music department, the A Cappella Choir, the Women's Glee Club, and the orchestra of Humboldt State College will present their joint spring concert on May 9. Whether it will be in the afternoon or evening has not been decided upon as yet.

H

Stragglers Wash Dishes

Miss Imogene Platt, head resident of Sunset Hall, serves breakfast for her dorm "gang" every Sunday morning. The students begin coming at 9 o'clock, but some do not arrive until lunch time. To solve this problem, Miss Platt has stated that the "stragglers" must wash all the breakfast dishes.

H

MAKE APPOINTMENTS

According to Mrs. Monica Hadley, dean of women at Humboldt, any woman student who took the Bell adjustment inventory test last semester in the Orientation class and who has not as yet had an appointment to go over the test with Mrs. Hadley may do so any day at 11 o'clock or may make an appointment for a later date.

H

Pledges Initiated

The Mutsuhito Club of Humboldt State College held its "candlelight" formal initiation ceremony last evening in the Social Unit for the new pledges Helen Arnold, Clare Ostrander, Virginia Pease, Dorothy Renfroe, and Mary Westbrook. Refreshments were served after the ceremony.

Humboldt's Scale of Library Fines Shown To Be Quite Lenient

In order to assist students in remembering the rules about library fines a resume' of the rules is herewith given by C. Edward Graves, Humboldt College Librarian. There are two classes of fines, those for reserve books and those for regular (non-reserve) books. The Humboldt scale of fines is very lenient compared with that of many colleges.

In the case of regular (non-reserve) books no fine is charged until a book is three days overdue. This allows time for a notification to be sent to the student and if it is attended to promptly no fine need be incurred. A fine of 5 cents is charged if the book is three days overdue, of 10 cents if a week overdue and 10 cents each additional week until the fine reaches \$1.00 or equals the value of the book. That is the maximum amount charged.

Reserve books taken out overnight are due at 8 a. m. the following morning. If taken out Friday afternoon, they are not due till Monday morning. It is customary in all colleges to charge a fairly large fine for failure to return reserve books on time, because this deprives students who may need them badly of the opportunity to use them. At Humboldt we only charge 10 cents if not returned at the beginning of the first period, 25 cents if not returned at the beginning of the second period, 50 cents if not returned at the beginning of the second period the second day, and 25 cents for each additional day till the value of the fine equals \$1.00. The library notifies students through the college post-office system if they have forgotten to return reserve books. If a student checks his mail closely, his fines can be kept to a minimum.

There are two other fines that are occasionally imposed in the use of reserve books. At the cost of considerable trouble to the librarians Humboldt students have been given an advance reserve system which very few other colleges have. This makes it possible for a student to reserve a book for use any time up to a week in advance. In most colleges the wait-

ing-line system is used and every student takes his chance of finding the book that he wants on the shelves. In order to make the Humboldt system work it has been necessary to impose a fine of 25 cents on any student who takes out a book for over-night use that has been previously reserved by another student. This can be avoided by studying carefully the blue reserve card before taking out a book.

The other rule is concerned with students who take reserve books out of the library without permission.

No reserve book may be taken from the library without permission between 8 and 3:50 P. M.

If there is a good reason, permission will be given. For failure to obey this rule a fine of 10 cents is charged. This rule has been so frequently disregarded this year that the librarians are considering increasing the amount of the fine.

Another difficulty that the library has had is in the case of students who take out reserve books and then pass them on to some other student without first returning them to the library desk. When this happens, the library has no means of tracing the book when it is wanted. Students are requested always to return the book to the desk as soon as they are through with it.

Library fine money paid in by the students goes into the college general fund out of which library expenses are paid. The average amount collected at the present time is about \$80 per year.

TO VISIT IN COMPTON

Clyde Eaton, member of the Humboldt State College football team, plans to return to his home in Compton to spend Easter vacation with his parents. Ernie Caro and Paul Thorn, transfers from Compton High School, plan to remain in Arcata during spring vacation and work.

23 Turn Out For Baseball Practice

The largest turnout for baseball in the history of the school took place at Humboldt last Monday afternoon. Twenty-three players reported to practice.

The team will be coached by Coach Harry Griffith who formerly captained the baseball team at U.C.L.A., where he was a pitcher.

There is a possibility that the team may play two inter-collegiate games this year, one with the California Aggies at Davis, and the other with San Jose State College.

The players and their positions are: Catchers—Grant, Watkins, Cabalzar, and Goble; pitchers—Ayala, Meneweather, and Givins; first base—Courtright, Flink, and Brown; second base—Williams; third base—Bishop, Lindgren, Villa, and Crichton; shortstop—Moore, Pinney, Speier; outfield—Haughey, O'Donnell, Duff, and Stashuk.

H

"Y" TO REORGANIZE

The College "Y" of Humboldt State had an executive meeting in the Green Gate room this noon to reorganize their program. Jean Hood, president; Hazel Hagne, secretary; and Henry Eiseman, chairman of program committee are working towards this end, but as yet have not come to any definite arrangements.

H

Art McGrath, former Humboldt State College football player and student, visited his brother, John McGrath last weekend. He returned to his home in San Francisco Sunday. Incidentally he was wearing a mustache and a beard.

All-Stars Defeat Humboldt 49-44

The Humboldt State basketball team was defeated by the Eureka all-star team, 49 to 44, last Wednesday night in the Eureka Municipal Auditorium. The college team was out in front 23 to 20 at the half, but the all-stars rallied in the final minutes of play to win the game.

Mozzini of the all-star team was high point man of the contest with 16 markers. Lee and Belcher did most of the scoring for Humboldt with 15 and 13 points respectively.

This was Humboldt's final game of the season.

H

CONSERVATION IS THEME

Conservation was the theme of the College Elementary School assembly Thursday. Doris Goff, student teacher, led the fifth grade in a skit on Luther Burbank.

The sixth grade presented a set of original conservation rules. Their teacher is Kenneth Samuelson. A skit on conservation in American forests was given by the seventh grade under the direction of Nick Barbieri.
