Humboldt Lumberjack, Wednesday, March 6, 1940

109 H. S. C. Students Display Interest In Questionnaire

There were 109 replies to the questionnaire on library discipline and noise in the halls recently submitted by the Faculty Committee on Scholarship. Of the students who answered the first question, "Do you think that the administration of discipline in the library is strict enough at present?" seventy-eight voted in the affirmative and thirty-one in the negative. Seventy-one students responded to the invitation to offer suggestions as to ways of improving study conditions in the college. Twenty-six stressed the idea that more library space is needed. Twenty stressed the need of study rooms. Fifteen suggested that the newspapers and magazines be moved to another room, and eight suggested that the Social Unit be moved to a location farther away from the library. Following are some typical comments:

"The library is too small, especially with the increasing enrollment at Humboldt. One suggestion is to set aside certain classrooms at various periods of the day for study rooms. Noise in the corridors along the north side of the library is very distracting. Quiet should be stressed there above all places. Perhaps signs to that effect would help."

"Make the tower room into a study hall. Take magazines and newspapers out of the library. Keep the piano in the 'Little Gym' quiet during class hours."

"I think that a real study hall would be very helpful—a room set aside for purely study purposes."

THREE H. S. C. MEN

Three Humboldt State students will box in the Lions' Amateur Boxing Tournament to be held in the Eureka Civic Auditorium Friday and Saturday nights March 8 and 9.

They are Walt Monroe, 150 pounds; Snooky Edsall, 155 pounds; and Richie Davis, 160 pounds. The fighters have been training for the past month under the supervision of Archie Forson, student at Humboldt, who is a former professional fighter.

Miss Evleyn Mitts, former Humboldt State commercial student, is now employed in the office of the Humboldt County Hospital.

COURSE CHANGE FEE HIGHER AFTER FRIDAY

This Friday is the last day on which one can drop a course and still pay only a twenty-five cents charge. After that the fee goes up to fifty cents.

During the second six weeks of any semester, a student may be permitted to drop a course without prejudice to his record in case this is done with the approval of his adviser, such approval to be based presumably upon considerations of health, outside work, of other matters for which the student is not held culpable. Otherwise, the dropping of a course during this interval will be recorded as a failure.

Rules Outlined For Essay Contest

Again we are reminded of the annual essay contest sponsored by President and Mrs. Arthur S. Gist. Each year they offer a cash award to the student writing the best piece of creative writing.

Rules for the contest are that the essay must be a personal essay not over 2500 words long. It must be typewritten and handed in unsigned to Mrs. Elma Folsom. The author's name and the title of the essay are to be enclosed in a sealed envelope and handed in separately. All essays must be in by May 11.

Previous winners are Dolores Scholl, Arline Herrington, Hope Dondero, Myron Schussman, Martha Sunnari, and Wesley Wooden.

Mrs. Elma Folsom recently received a letter from Wooden in which he stressed the value of the training he had received at Humboldt. He said that the work he had done in creative writing is now helping him in the work he is doing. Last year while he was at the University of California he was revising and rewriting bulletins. He is now doing similar work at Davis.

TALK ON HAWAII TO FEATURE MEETING

A talk on Hawaii by Miss Sarah Davies together with a demonstration of the hula-hula dance and colored moving pictures will be given on Tuesday, March 12, at 3 p. m. when the Associated Women Students hold their meeting in the auditorium. Catherine Caltoft is program chairman.

Other entertainers will be Carol Hannah piano solos; and Eugene Hammond, vocal solos.

During the business meeting delegates will be elected to represent the organization at a convention either at Modesto or at the University of Oregon. If funds permit, the organization will send representatives to both conventions.

TEN INCHES OF SNOW

Pete Domeyer, Edwin Speier, and James Cady left last Friday for Grouse Mountain where they spent two days at the Ski Lodge. Besides skiing, the group put a new lock on the door of the lodge. Robert Bryan and two others joined them Saturday, but they returned the same night. The group reported that there was about ten inches of snow and that skiing was good.

Work Day Set For Fri. May 24; Cady Chairman

The Fourth Annual Work Day at Humboldt State College will be held Friday May 24. The Executive Council appointed Jim Cady general chairman. Cady comes from Trinidad and is an active participant in football and basketball at Humboldt State.

Work Day was originated at Humboldt State College four years ago by Graduate Manager Robert Madsen, then a student, and has been an annual event every year since. It is a day when the students and faculty donate their time and effort for the betterment of the college. A comic assembly by the faculty starts the day, after which the students are divided into crews and set out to work on the various projects. Lunch is provided by the women and the affair ends with a dance that night. Prizes are given to the group that does the best piece of work.

Finnish Relief Box In Co-op Commons

A donation box for the Finnish Relief Fund was placed in the Humboldt College Co-op by President Arthur S. Gist last week. Another box was put in the Commons.

President Gist urges all students to make some contribution, however small, to further this humane enterprise.

Bill Farber, student manager of the College Co-op states the total contributions to date are very small.

"The rattle of the contents of the box," continues Farber, "leads me to believe that someone has inserted a slug or two."

DR. JOHN N. CHAIN ADDRESSES ASSEMBLY

Dr. John N. Chain of Eureka was the guest speaker on the assembly program given by the social science department under the sponsorship of Dr. Raymond H. Fisher and Dr. Homer P. Balaban Tuesday morning. Dr. Chain, in his talk on "Travels in Europe" told of the respect for law in England; the humor and sweetness in Ireland; the legendary castles in France; and the self-educational program carried out in Denmark, which he and Mrs. Chain observed on their trip.

They took their automobile to Europe and found it to be satisfactory with the exception of places where they had to drive on the left side of the road instead of the right.

Muriel Yaley, first semester freshman who comes from San Francisco, played "Divertissement" by E. Lucas and "Flight of the Bumble Bee" by Rimsky Korsakow on the clarinet. Miss Yaley was accompanied on the piano by Helen Arnold.

DANCE FRIDAY

A noon dance, under the direction of Doris Waldron, will be held on Friday at 12:15. A small admission charge will be made.

COURSE FEES DUE DURING NEXT WEEK

Next week all course fees will be due according to notices sent out to Humboldt students by the office of Mrs. Jesse T. Woodcock, financial secretary. Fees are to be paid at office 130 before 4:00 p. m. Friday, March 15th. No one is admitted to class the following week who has not paid.

State regulations make it necessary that all such fees are collected and reported to the State office at that week. It is impossible to extend credit to anyone.

Mrs. Gist Speaker At C. S. E. Banquet

Claiming that her stories came from an entirely different source than her husband's, Mrs. Arthur S. Gist immediately captured the attention of her audience at the Chi Sigma Epsilon Banquet last Friday evening at the Hotel Arcata. Mrs. Gist, the speaker of the evening, discussed the topic of "Awareness."

Talks were also given by President Arthur S. Gist, Dr. H. MacGinitie, Beryl Unsoeld, Eleanor McKay, Jim Hall, and John McGrath. Miss Adella Johnson, advisor of the society, lead the group in a French round.

Each of the new pledges was called upon to provide his bit towards the entertainment of the evening. Catherine Caltoft and Dorothy Fountain, played a piano duet. Alberta Starkey discussed a project undertaken by her last semester, that of making a book. Her book was later examined by those present. Charles Arnold, who thought he should choose some instrument other than a bass, played several tunes on his shep-

Griffith Receives Letter of Interest

Humboldt College majors in physical education may be interested in a letter recently received here by Coach Harry Griffith from Elmer C. Rowley, personnel director of the City of Berkeley, announcing that an examination for playground directors will be held in Berkeley on Saturday, April 20. Berkeley employs a number of these directors, Coach Griffith said.

"No residence requirement is maintained," the letter states; "hence people of your community will be eligible to participate in this examination. We should be most happy to have some of your students participate. The examinations usually are held in the morning on Saturday, with a follow-up interview during the early part of the next succeeding week."

COMPILES RECORDS

All back records of athletics at Humboldt State since 1924 are being compiled by Graduate Manager Robert Madsen. These records include football, basketball, baseball and track, and are to be in a glass enclosed case in the gymnasium. Material is being taken from back issues of the Lumberjack and local papers.

Sophomore Class Come Forth With A Confucius Say

Confucius say, "Frosh welcome to dance this Friday night. Sophomore class always put on good dance."

The theme of the dance is centered around a certain Chinese gentleman of the fifth century by the name of Kung Fu-tse. As Mr. Fu-tse's proverbs grew in popularity, his name was gradually latinized until he is now known as Confucius. Thus it is that the sophomores pay their esteemed respects by making the theme of the dance "Confucious Say."

The Collegians will furnish the music for the dance which will last from 9 until 12. Committees busy on the dance are: general chairman, Allen Lowry, theme and decorations, Helen Jones, Barbara Bird, Channing Jenkins, publicity, Barbara Heasman; and tickets, Jean Muir.

There will be twenty-five cent charge.

WALTER SHOCKER IS TEACHER AT FERNDALE

Walter Shocker, A. B. in Education at Humboldt State College in 1939, is now teaching at Ferndale Elementary School where there are about 135 pupils. He is teaching the fourth and fifth grades which includes 30 pupils in the two grades.

In addition, he has the singing from second through the eighth grades, with a boys' and girls' chorus on the side. He lives in Ferndale during the week and goes to Eureka over the week-end.

Katherine Civelli, another teacher, and James Spiering, the principal, also are Humboldt State College graduates.

Four Humboldt State students, Richard Jarboe, Roderick Belcher, Karen Wester, and Bill Madsen, furnished entertainment at the Fortuna Women's Club Monday afternoon. They made the trip in the college station wagon.

LONGFELLOW IS THEME

"Longfellow" was the theme of the college elementary school assembly Thursday, February 29. The sixth grade under the direction of Virginia Fredrickson and Myrtle Boehne talked on the life of Longfellow and directed a number of his poems.

NOTICE

Students are cautioned to drive carefully and slowly while passing the congested area at the corner of Plaza Avenue and Sequoia where the new dorm is being constructed. If students fail to drive by that area carefully, the authorities will have to rope off that part of the street.

A warning note is also issued to students who fail to observe the state law of coming to a complete stop when passing a school bus when it is discharging children.

Bartlett.

LET'S FLY OUR FLAG

At the northwest end of the main building is an upright, iron pole, set in concrete, that strangely resembles a flag pole. Could it be possible that this tall shaft was set up for a purpose.....or that some patriotic person tried to create a reasonable facsimile only to desist after tiring from his spurge of ambition?

No, dear reader, it was once a happy standard-bearer proudly waving each day an American flag. Now it is a dilapidated and over-looked object of the campus.

Why can't we as students of college caliber display our patriotism by having a flag on the flag pole? Certainly this small daily task would entail no hardship upon any one individual.

We celebrate patriotic anniversaries and birthdays many times each year and the act is prompted by tradition. Why can't we show our Americanism each day and be prompted by devotion?

C Olsen

(Editor's Note: There is a state law which requires that a flag be flown on every school ground. Since the College Elementary School is a part of the college, and a flag is flown there, it is not necessary to fly one up here on the hill. The pole to which you refer belongs to the days when the training school was located here).

KARL'S**COMMENTATOR**

The one bright spot to appear on a truly Blue Monday were the clever "Confucius Say" posters adorning our halls. In a confident mood now, "Don't you like best the 'Boy who take girlie dancie maybe find romance'? Ah me! News is that Jackie Morton is taking Lois Wrigley to the dance.....and Lois Scott and Rosie Woodcock, who thought the dance was a leap year dance, are coming with Charlie Davis and Joy Gastman.

Here is an extract from somebody's writing about Confucius. "Although Confucius lived twenty-six centuries ago, it has only been in the last two months that his popularity peak in America has been reached.....and certainly not from a theological standpoint! Songs have been written about him, newspapers offer prizes for the best "Confucius say" radio programs invariably mention him: so that all in all, America has gone "Confucius say" And the only thing that is now Oriental about these sayings is that some of them smell as bad as the streets of Nanking and Hankow."

Speaking of spring calls to mind that one and only sunny day of last week--Thursday. Practically the whole college flocked out to the south end of the commons to enjoy the sunshine. On Tuesday most people were to be found out in the front of the college. Jack Lawyer was being a most camera shy individual.....and the girl quite determined to take his picture.

Birds come out in the spring and it was little bird that told me that Claire Ostrander was one of the lucky ones to share the luck of Maurice Davis. In less than fifteen minutes Maurice won fourteen boxes of candy.....And so it goes.

Wonder what Bev Bullock is a-packin around in that suitcase?

She holds it so tightly people are beginning to wonder.

And now that the sunny days are beginning to appear maybe everyone will come out of hibernation. The Commentator certainly hopes so.

**Nursing Second Ranking Profession
Numerically Speaking, In U. S. Today**

Nursing is the second ranking profession for women, numerically speaking, in the United States today. Teaching leads the field, with more than 400,000 nurses an important alternative field for young women who aspire to some type of public service work.

Three types of employment are open to the graduate nurse.... employment as a private duty nurse, as an institutional nurse, or as a public health nurse. All three require similar basic training. The most promising field from the standpoint of probability of employment is the third field....the public health nurse. Her duties differ widely from those of the typical nurse, her work being largely preventive rather than curative. To the basic training program she should add at least part of the training required for the teacher, as her work is largely instructional in character. She may expect to receive an average income of from \$1400 to \$1600 per year, a salary comparable to that of the public school teacher in California.

Nurses with standardized training aspire to secure employment in a hospital clinic, charitable institution, or other similar organization for the reason that salaries are fixed and employment is steady. Her duties are much like those of the private duty nurse except that she cares for more than one patient at a time. Her salary is similar to that paid to the public health nurse, but only a few of the graduate nurses are able to secure employment in an institution, for these positions are relatively scarce.

Most graduate nurses are compelled to serve as private duty nurses, despite the fact that this branch of the profession is the most over-crowded. Wages are good while employment lasts, but there is no certainty of employment or earnings. In 1934, the average private nurse earned about \$785.00 per year.

As in other fields, the nurse with training as an X-ray specialist, a blood analyst or as an anesthetist has an advantage over her competitors. Likewise the young women with more thorough pre-nursing training may be expected to advance faster in her profession.

Pre-nursing standards vary widely. Some hospitals accept high school graduates; others re-

quire one or two years of college training, while many of the highest type institutions now require college graduation as a prerequisite. Most hospitals conduct training courses for student nurses making no charge for the training. A few now charge a tuition fee of \$100 per year or more. Nurses training courses are offered by many universities, and the student who expects to specialize after graduation should investigate these schools.

The duties of the nurse are such that no young women should take up this profession unless she has a strong inclination in this direction. The work is hard and often unpleasant, patients are often trying and disagreeable.

But the knowledge that she is relieving human suffering brings a satisfaction that outweighs other considerations for the true nurse. Jobs should not be selected on the basis of monetary returns alone, but rather upon the dividends paid in terms of deep, personal satisfaction. And those professions which are altruistic and unselfish in their emphasis yield the richer returns. Of these none excels nursing.

At Humboldt, pre-nurses take either the one or the two-year course. Such studies as chemistry, bacteriology, physiology and related subjects are included. Revisions are made in the course to keep pace with changing standards, and it is hoped that eventually an A. B. or B. S. degree can be granted to students who complete two years at Humboldt and then take the nurse's training at an accredited institution. Mrs. Walter is the advisor for the pre-nursing students who are urged to investigate the various branches open to the graduate nurse.

**JUANITA ALKIRE
HOSTESS AT PARTY**

Juanita Alkire, Humboldt freshman student, was hostess Friday evening at a dinner party on her eighteenth birthday. Following an early dinner at the home of her parents in Eureka, the girls exemplified their Job's Daughter's initiation at the Masonic Temple for the Eastern Star. After this the guests attended the Eureka Senior High School Fun Night at the Municipal Auditorium.

Decorations were of spring flowers, while a miniature garden adorned the center of the table.

Guests included Lois Johnson, William Moulton, Elizabeth Kramer, Lyle Alkire, Vernon Alkire, Asa Horel, Patricia Bartlett, Robert Horell, Mr. and Mrs. Ray Alkire, and Juanita Alkire.

Mrs. Henderson, who is a graduate of Humboldt State College, is the daughter of Leo Schussman of the college faculty.

H. S. C. Vs. All-Stars Tonight In Eureka

Humboldt's basketball team will play an all-star team from the Eureka City League tonight in the Eureka Municipal Auditorium. The proceeds received from this game will go into the treasury of the Block H Society.

It is hoped by the Block H Society that the fund can be built up to a large enough degree where they can offer scholarships to athletes and buy peacques and other athletic awards in the future.

The all-star team from Eureka boasts many star players and are out to win from the Varsity.

Probable starting lineups:

ALL STARS		HUMBOLDT
Mozzini	F	Lee
Givins	F	Longholm
Thornton	C	Belcher
H. Davis	G	Bishop

Power of Color In Works Of Van Gogh

Reproductions of paintings of many ages and many countries may soon be seen in Room 204. This showing entitled, "The Language of Art," will be the fifth in a series of six exhibitions of the San Francisco Museum of Art's Extension Program for art enjoyment. The exhibition has been delayed in arriving here because of road conditions.

Light, color, line, movement, rhythm, design, pattern and form, all the elements which artists work with in their production of art, are made clear by examples of paintings in which single elements are particularly stressed.

The power of color is demonstrated through the works of Van Gogh. The variety of ways in which light may be used in painting may be seen in the paintings of Vermeer, seventh century Dutch painter, and of Daumier, nineteenth century Frenchman.

Work by Franz Marc, young German, who was killed in the World War I, and Botticelli, great painter of the Italian Renaissance, shows different methods of accomplishing movement and rhythm. Paintings by Matisse one of the famous contemporary painters, are compared with Oriental art to show the thrill which art can give through design and pattern. Other master works reveal the importance of form and the ways in which artists represent it.

As an opportunity for spectators to investigate for themselves the light and color effects, small electrical machines are installed

New Outfits For Varsity Next Fall

Humboldt State's varsity basketball team will have new outfits when they take the floor next season. Coach Harry Griffith has purchased two sets of new playing suits, one set for home games and the other for games away from home.

The suits to be used for home games are made as follows: White rayon jerseys with small numbers on the front and larger numbers on the back. Large letters spelling "Humboldt" are attached to the front of the jerseys, just above the number. These letters and numbers are of gold felt outlined in green. The pants are of white satin with a green and gold stripe down the side and around the bottom of each leg. There is a small gold felt letter lined in green on the front of the left leg.

The suits to be used on the trips will be along the same order as the others but of different colors. They are as follows: gold rayon jerseys with letters and numbers identical to those of the other jerseys. The pants are made of gold satin with a green stripe down the side and around the bottom of each leg, with a small gold felt number lined in green placed on the front of the left leg.

Suits now being used by the Varsity will be used next year by the Jayvee players. The Varsity will continue to use the same warm-up suits that they now use.

KAMPUS KOEDS MEET

The Kampus Koeds met Monday evening at the home of Mrs. Raymond Fisher, their advisor. Plans were made for a potluck supper to be held March 11 at the Fisher home. Those present were Rose Dare, Marian Kemp, Joyce Stockton, June McCombs, Beth Nixon, Helen Arnold, Dorothy Fountain, Dorothy Hunt, Alberta Starkey, Ada Dean Regley, Elizabeth Ann Bartlett, and Mrs. Fred Telonicher and Mrs. Raymond Fisher, the advisors.

Chronicle Praises Work Of Baldry

Dick Baldry, class of '39, who was recently placed by the Humboldt State College placement bureau at San Rafael Military Academy, was honored for his fine work at the academy by the "San Francisco Chronicle." The "Chronicle" carried a large close-up picture of Baldry shooting a bow and arrow with a group of cadets in the back-ground with bows and arrows ready to shoot.

According to the "Chronicle," Baldry has developed a keen interest in archery at the San Rafael school, with many cadets enrolled in classes of both archery and archery construction.

Baldry graduated from Humboldt State last June with a special credential in Physical Education. Prior to entering Humboldt Baldry graduated from Rice Institute, where he was a track star, holding several world records. At San Rafael Military Academy he is in charge of athletics.

Sports With Davis

Much credit is due Coach Harry Griffith for the basketball season at Humboldt. Coach Griffith took over the team for his first time at Humboldt and developed a smooth and fast working aggregation.

Rod Belcher showed up well against San Jose in the second game here, and ran up 12 points. Rod has worked hard all season and should deserve a lot of credit.

Len Longholm is probably the fastest man on the Lumberjack five this year. He has played ball all season and has made his share of the points.

Haven Howatt and Jim Savage are about the hardest fighters on the team; and when it was necessary to hold down a high-scoring opponent they were usually called on.

Curt Wilson and Maurice Ayala saw quite a bit of service this year at the forward position and showed up well. Curt has another year and Ayala has three more.

Now that basketball is over at Humboldt State, all eyes will be turned toward track and baseball. Three track meets have been scheduled for the coming season.

Coach Issues Call For Baseball Men

Calling all baseball men! Coach Harry Griffith of Humboldt College has issued a call for all State men interested in baseball to meet him at the gymnasium at 3 o'clock this afternoon.

Coach Griffith plans a series of intra-mural games if there are enough men for four teams.

It is also possible; if there is sufficient interest and talent, that Humboldt may play two college games; namely, with the Cal Aggies at Davis on April 2 and with San Jose on April 3.

In addition, with the installation of lights on the Arcata diamond, games will be arranged with local teams, proceeds to be used in financing the Humboldt program.

"It's all a matter of whether or not the men here are interested," Coach Griffith said yesterday.

and there is a possibility of scheduling one or two inter-collegiate baseball games.

The Mens' intra-mural basketball games are now being played each noon and some fast competition may be seen. The games are being played in the big gymnasium.

Humboldt Women Chew More Gum

According to Monica Hadley, dean of women at Humboldt, "the number of college women who chew gum on the campus has increased tremendously during this and the past semester. Previously Humboldt women who chewed gum publicly and obviously were the exception, but today it seems to be the rule, particularly within the freshman class. May I remind the lower classmen that college should not only influence their intellectual development but their social and cultural development as well. I wish to appeal to those who either do not know or who are careless in this habit to maintain standards of conduct which are of college level. Chewing gum in public is definitely poor social form."

Quoting Margery Wilson in "The New Etiquette: Many women believe that chewing gum will keep them from developing double chins. But if it is chewed for beautifying purposes, doesn't that place its use in the bedroom and the bathroom? Since it is offensive to most people, it should never be used in public. A foreigner seeing Americans chewing gum for the first time couldn't imagine what made them make those strange movements with their faces and concluded that there was a general facial affliction over here. This man thought it was a sickness of the face! To do the thing we want to do even though it annoys other people, shows us to have a more serious ailment—a sickness of the mind and character."

109 Students

Continued from page One

"The students should be aroused to the fact that this problem of noise in the halls and social unit is their responsibility. Social disapproval against the offenders needs to be built up."

"I think that probably when the probation system gets to working and the frivolous are thereby weeded out, we'll have an improvement."

"The library is too small. The noise in the halls seldom bothers anyone, some of it is necessary. If students were offered the use of some suitable study hall and the library was to be used for reference only, I am certain that the index of the school as a whole would be raised."

"Noise in the halls should be eliminated but in the Social Unit not necessarily, as that is what a Social Unit is for. If noise were cut out in the Social Unit, there would be more noise in halls. If noise in the present Social Unit is annoying, find another Social Unit away from class rooms."

"The only possibility I see is for everyone to be a committee of one to suppress noise himself

Club Tearing Down Little Log Hut

Did you know another of Humboldt State's 'old buildings' is being torn down?

Yes, the little-known log hut, tucked away below the north side of Redwood Lane, about 150 feet from the archway, is being demolished by the Ski Club.

The hut was built in 1926 and 1927 by pupils in the seventh and eighth grades of the College Elementary School as a unit of study and as a Boy Scout project, under the direction of Ernest E. Balcom, director of training, and student teachers, Kenneth Glines, Walter Glines, Francis Buckley, William Hale, Walter Jack, Carl McDonald, Monroe Spaght, and Howard Trueblood. Logs for the foundation and sides were put down by the students from timber behind the college.

The Humboldt State Ski Club has torn down the superstructure and used the lumber for the Ski lodge on Grouse Mountain Road.

Varsity J. V. Game Marked By Fouls

The Varsity proved to much for the less experienced Jayvee team in the basketball contest held last Thursday in the big gymnasium and won by a 55 to 47 score.

The game was marked by rough play with five men leaving the contest with four fouls. They were Ayala, Wilson, and Lee of the Varsity, and Ivan Olsen and Flink of the Jayvee team.

Late in the second half Jim Savage, Varsity guard, suffered a broken rib when he ran into an opponent while running at top speed.

Lorenze, Jayvee's forward, was high man of the contest with 21 points and shows promise of future Varsity material.

A few minutes before the game started Howard Goodwin, regular center on the Jayvees team, cut his hand on a piece of glass. Since it was necessary to take four stitches in the cut, he could not play in the game.

and perhaps report others to a lem which the administration hopes to improve next year, according to President Arthur S. Gist.

student jury who should decide on the punishment to be given."

The congestion problem in the library is an administrative prob-

Twenty-Two To Go On Easter Trip

Twenty-two Science Club students will make the trip to Death Valley during Easter Week, it was made known at a recent club meeting. Leaving at five a. m. on March 17, the group will journey to Lake Tahoe the first day. They will be in Death Valley for two days and will return home via San Louis Obispo and the Redwood Highway.

According to Bette Cairns all those who intend to make the trip must have at least one-half of their money in by today, and the final date for payment is March 13.

The group will be divided into sections for the preparation of meals, with one section assigned to a meal.

Those who will journey to Death Valley are Charles Arnold, Zutie Businello, Howard Lee, William Lee, Merlyn Allen, Susan Wilson, Beverly Bullock, Frances Larsen, Mary Eads, Beryl McCann, Virginia Vincent, Virginia Hunter, Bette Cairns, Frances Nye, Jennie Hart, Glenn Lassner, Fred Jackson, Eugene Hammond, Charles Pezzotti, Henry Mohr, Roberta Hood, Warren Haughey.

Epworth League Enjoys Dinner

Members of the Humboldt College Epworth League of Arcata and their friends participated in a progressive dinner recently. The dinner was served in four courses at the home of Mr. and Mrs. W. Pritchard of the Rev. and Mrs. Charles E. Lord, of Mr. and Mrs. Homer Arnold, and at the Epworth League Room in the Methodist Church.

Scenes in miniature formed the table decorations; they were created by Alberta Starkey, art student at Humboldt State.

Among those who served on the committees were the following college students Helen Arnold, Alberta Starkey, Beverly Simpson, Renee Olsen, Jane Morgan, Mrs. Edward Irish counsellor, Ray Brazil, and Frances Ensign.

DEMONSTRATION BY ADVANCED FOOD CLASS

The advanced foods class of the college will demonstrate the use of quick frozen fruits and vegetables March 9 in the grocery department of Brizards Store. Brizards is introducing this commodity into the community.

Cooking demonstrations and free samples of the cooked product will be given to all patrons of the grocery department. Mrs. Ellen J. Walter is in charge of the demonstration. Members of the class are Patricia Berrand, Ruth Sequist, Ilene Jensen, Marilyn Cloney and Joan Pine.

Chi Sigma Epsilon, acted as toastmistress. Dinner arrangements were cared for by Jim Hall, and decorations were arranged by Susan Wilson, Mary Borenman, and Frances Larsen.

Class Studying Flower Display

Members of Mrs. Stella Little's flower arrangement class are learning the most effective manner of displaying flowers and natural objects to their best advantage.

Among the compositions to be arranged by class members were a grouping of five miniature settings by Alberta Starkey. The theme studies were based on figurines and included a garden scene; a pool scene with rocks, moss, and frogs; a musical setting and jungle scenes.

At the last meeting of the class studies of calla lilies, ivy, and vines were made by members of the class. Line, color and balance are the chief aims of arrangement.

Following the class hour, several arrangements of flowers were taken to different college class rooms. A study of calla lilies was made by Ilene Jensen and may be seen in the library.

The College Elementary School basketball team coached by Nick Barbieri played the team from Jane's Creek School Friday night. Bill Daly is the coach of the Jane's Creek team.
