

Humboldt Lumberjack

Humboldt Lumberjack, Wednesday, February 21, 1940

All Invited To Amateur Hour At Musicians' Banquet

The Humboldt State Music Club is planning a "Musicians' Banquet" and an amateur-hour program to be held in the Commons on Friday, February 23, from 6 to 8 p. m. The charge will be 35c per person. Those on the committee are Frances Ensign, Hazel Hagne, Marianne Lambert and Allan Lowry.

The amateur-hour program will be run similar to that of Major Bowes'. Tryouts will be given to those who wish to participate; the program will be arranged by the committee and a prize will be awarded to the winner. The "gong" will be included.

NECKLACE COLLECTOR IS HONOR STUDENT

Catherine Caltoft, the first to be called on the stage as a member of Chi Sigma Epsilon last Friday, is a junior. Catherine got into the habit of being at the head of her class by graduating as an honor student from Eureka High. After she had been at Humboldt a year she was elected to the Rousers.

Students of last year will remember Catherine's performance as Nancy Lee Faulkner in "The Night on January 16." She has also been active in the technical side of dramatics having served as property mistress several times.

At present she is a member of the Kindergarten Club. Her course is a general elementary along with which she is completing the work of a pre-secondary course.

Humboldt has an ardent collector of novelty necklaces in Catherine.

BARBIERI COACHING

Nick Barbieri is coaching a basketball team composed of seventh and eighth grade boys from the College Elementary school. The team plans to play Harold Langdon's Boy Scout Troup. The Pleasant Hill Pirates, a team from the Arcata Grammar School; and the freshman team from the Arcata Union High School.

Marilyn Cloney, freshman student, visited her parents at Myers over the weekend.

HUMBOLDT SENDS 20 REDWOOD TREES

Some time ago Humboldt State sent several young Redwood trees to Chico State. Chico liked the idea of having some trees from the campus of a sister college so well that they have asked for twenty more.

Under the direction of Dr. William Lanphere and the botany department, the trees were shipped by express to Chico yesterday. They will be planted in the famous Bidwell Park.

Six Are Elected To Honor Society

Humboldt State's advancing high scholarship standards were markedly shown at last Friday's honor assembly. For the first time in the history of Chi Sigma Epsilon six new members were elected at one time. Five of them are juniors, Catherine Caltoft, Helen Woodcock, Dorothy Fountain, Alberta Starkey, and Charles Arnold; and one, John McGrath, is a senior.

Just before these pledges were named by Jim Hall, an inspiring address was given all the students by the guest speaker, J. Warren Ayers. In an address based on many examples, he showed where-by we should not only have wisdom, which Ayers took to mean knowledge, but we should also have understanding. With this combination young America can do great things with the rich heritage which is theirs.

The musical part of the program was furnished by Wallace Look who played a piano solo, "The Water Spirits" by Chaminade; two vocal solos by G. Dana Kinsman who was accompanied by Miss Helen Fleckenstein, and a violin solo, "Gandoliers" by Franz Reic, played by Marianne Lambert.

Dr. Homer Balabanis read the fall semester honor roll, and explained a number of the honors one can receive at Humboldt. The program ended with an address by President Arthur S. Gist who said, like the Egyptian mummy, he was pressed for time.

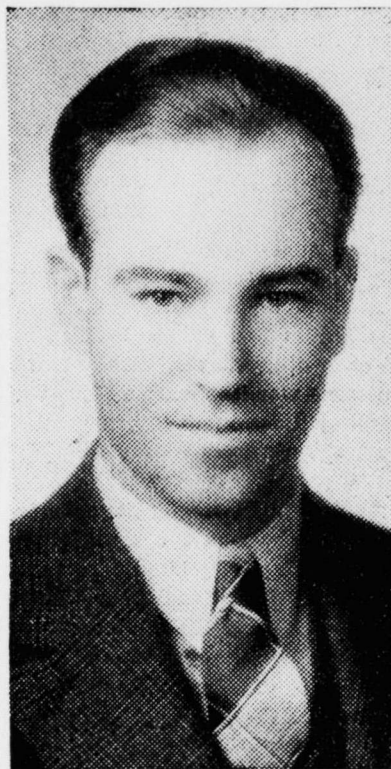

Pledges Guests At Honor Luncheon

Following the honor assembly Friday, the six Chi Sigma Epsilon pledges were guests at the honor luncheon held in the Green Room. These six had to prove themselves worthy of having been elected by passing an intelligence test conducted in the form of an oral quiz. They were also called upon by press their sentiments concerning their election.

Honored guests present were Catherine Caltoft, Helen Woodcock, Dorothy Fountain, Alberta Starkey, Charles Arnold, and John McGrath. Others present were Miss Adella Johnson, Dorothy Hunt, Susan Wilson, Mary Borneman, Frances Nye, Frances Larsen, Merrien Miller, Wallace Look, Charles Glenn, Valerie Barker, Jim Hall, Miss Eleanor McKay, Dr. H. MacGinitie, Dr. Homer Balabanis, President Arthur S. Gist, John Van Duzer and Merwyn Riddle.

College Players Open Spring Season Wednesday Feb. 28

Wednesday evening, February 28, is destined to be "Laugh Night" for old and young alike, when life at the Virginia Military Institute is portrayed by the Humboldt Players.

DIRECTOR HOPPE

Because of its comedy possibilities, Director William Hoppe has selected "Brother Rat", a recent Broadway hit, to open the spring season. The large cast that has been assembled is one quite capable of giving a polished and praiseworthy performance.

The burden of the play is carried by three capable players. Bill Inskip, who has a number of outstanding roles to his credit, will play the comedy role of Bing Edwards, Charley Davis and Casper Torp, his two roommates, have also earned recognition in past performances. Sadie Crnich, Vivian Larsen, and Karen Wester, all of whom have notable performances to their credit, will carry the feminine leads.

Character parts are being played by Lenore Locke and Martha Scott, who qualified themselves for character portrayal in "Our Town." Richard Jarboe as usual is promised an excellent characterization of Colonel Ramm, who makes "unorthodox" life difficult for the boys at V. M. I. Bud Villa and James Rasella, two other experienced players, are capably carrying minor roles. "Brother Rat" is giving opportunity for several players to make their initial appearance before Humboldt audiences. Bill Madsen, Emory Sitts, George Brenner, William Beer, and Dan McClure are all promising new players.

NEAR-CATASTROPHE

A near-catastrophe was avoided Saturday morning by the quick thinking and fast acting of two Humboldt State students. While proceeding to a weekend of skiing Jim Cady's car caught fire on the top of Berry Summit. Flames engulfed the carburetor and were spreading around the base of the gasoline tank when they were extinguished by the quick efforts of Jack Lawyer and Cady.

HAVE YOU RECENTLY LEARNED SOMETHING?

Have you read your catalogue thoroughly, do you know we are having a holiday tomorrow, or did someone have to tell you? In case you haven't looked and no one has told you, we are having a holiday Thursday.

Humboldt is one of the four state colleges to observe Washington's Birthday as a holiday. Three of the state colleges do not.

The holiday however does not include Friday.

Club May Visit Death Valley

A possible trip to Death Valley in May was discussed at the Humboldt State Science Club dinner held on Valentine's Day in the social unit. The valentine motif was used throughout the dining room, with decorations being arranged by Virginia Vincent and Bette Cairns.

"Chicken" place-cards of red and white, and tiny white doilies, with a huge valentine in the center of the table, comprised the decorations.

Following the 6:30 dinner, which was arranged and prepared by Jean Hess, a business meeting was held. Discussion concerning the taking in of new members preceded the decision of holding a cabinet meeting on each alternate Tuesday.

Those present were Beverly Bullock, Frances Larsen, Susan Wilson, Marjorie Smith, Mary Eads, Virginia Fredericksen, Virginia Hunter, Virginia Vincent, Jean Hess, Betty Hess, Ardis Goff, Laila Still, Bette Cairns, Merlyn Allen, Henry Mohr, William Lee, Zutie Businello, Charles Arnold, Bunt Lee, Glenn Lissner, Charles Pezzotti, Warren Haughey, Warren Posley, Fred Jackson.

DRAMATICS MIXED WITH SCHOLARSHIP

"Prennial Property" Mistress Helen Woodcock is another Eureka graduate to be elected to Chi Sigma Epsilon. Each year she has added another laurel to her high scholarship record: first, she was elected to the Rousers, second, she received the Craig scholarship, and third, she becomes a member of Chi Sigma Epsilon.

The "vocal gymnastics" to which Jim was referring when he introduced Helen at the Honor Assembly are her singing lessons.

Helen is a teaching major who is a member of the Kindergarten Club.

DANCING IN COMMONS

A "nickelodeon" has been put in the south end of the Commons so that students may dance during the noon hour. Dancing parties may be held in connection with banquets by making arrangements with Susan Goldschmidt.

TENNIS TOURNAMENTS

Coach Herbert Hart is conducting his advanced tennis class in a series of tournaments. Teams will be arranged, and through the process of elimination, the winners of the preliminaries will play in the finals.

H.S.C. Ski Club Invites Students To The Snow Carnival

Hoping to have the greatest day of winter sports in history, the first annual Humboldt State College Snow Carnival, sponsored by the Humboldt College Ski Club, will be held tomorrow at the Grouse Mountain ski area with the entire Humboldt State College student body and faculty invited to participate.

Tomorrow's festivities will also officially open to use the "Lumberjack Ski Lodge" which is owned and was built by the ski club. Those participating in the winter sports carnival and all visitors are to be guests at the ski lodge where they can visit the project. Although the lodge is not completed the club members hope to finish the structure within the near future.

Should enough people desire transportation to the sports area, special busses will leave the college at 8 o'clock tomorrow morning. Those desiring to go on the bus should sign the notice on the bulletin board before 2 o'clock this afternoon stated Carl Owen, representative of the Humboldt Motor Stages.

ART STUDENT WAS MOST SURPRISED

Probably the most surprised member to be elected to Chi Sigma Epsilon was Alberta Starkey. She claims the only thing that held her up until the honor luncheon was the hand shaking she had been receiving. She was still so surprised at the luncheon that when it came her turn to answer the quiz questions she found it necessary to rely on John McGrath for most of the answers.

Alberta is an Arcata High graduate who is taking an allied arts course. She is a past president of the Campus Coeds, and is a member of several college organizations. Her clever posters have made her known to many Humboldt students.

HUMBOLDTERS SKI

The best snow since Humboldt built the Lumberjack Ski Lodge was enjoyed last weekend. Students venturing up Saturday for the day were Jim Cady, Jack Lawyer, Dolores Scholl, and Barbara Urquhart.

Dr. William Lanphere, Leland Domeyer, Herb Christie, and Robert Madsen went up Saturday and stayed overnight to work on the Lodge.

EXAMINATION REQUIRED

Any Humboldt State freshman or new student, according to Mrs. Monica Hadley, dean of women, upon registering must have a physical examination by Dr. H. L. Jenkins, college physician, in the Health Office. Examinations can be made daily from 11:30 to 12:05 in Room 208.

Margaret Kay, freshman student at Humboldt State, visited her home in Blocksburg over the week-end.

DOROTHY FOUNTAIN BECOMES A FIRST

For the first time in her life Dorothy Fountain has become a first of her family, the first of the illustrious Fountains to become a member of Chi Sigma Epsilon. That doesn't mean Mathew and Jean wouldn't have been members if they had stayed at Humboldt, but it means that they transferred to the University of California leaving it to Dorothy to at least become a "first."

Dorothy graduated from the Arcata High with honors and received the Kiwanis award which is given to "the Arcata High School graduate who has made the highest scholastic average during the freshman year at Humboldt."

Among the numerous offices she has held while at Humboldt were secretary-treasurer of the Rousers, president of the Campus Coeds, and secretary of the Kindergarten Club.

Dorothy is taking an elementary teachers course.

H

THE 'BASS BOY' BECOMES A SCHOLAR

"Deficient in scholarship." That's what was said about Charles Arnold when he graduated from Arcata High. Being a bit curious as to the why behind it all, Charles looked back and saw that he had been taking a course in extra-curricular activities.

Upon coming to Humboldt, he decided to leave behind some of those activities and indulge in a few educational courses. He continued, however, to slap his bass viol in the orchestra, blow his bass saxophone in the band, and sing bass.

Charles was a member of the Rousers, and is now a member of the Science Club, and Chi Sigma Epsilon.

COMMENTATOR

'Tis sacrilege—Probably many of you have thought and thought trying to find a word to rhyme with month, but have any of you committed the same crime as Charles Arnold? He claims the good old Anglo-Saxons had a word for it, "I don't do it."

Jim Hall was properly corrected for his introductory speech about Johnnie McGrath. Johnnie says he's not partial to blondes; just

to one blonde. It's that one blonde who spurred him on to show he really is a good student. Maybe that's what a few more of you fellows need behind you—a girl like Beryl.

Then there was a time in the honor student quiz where up came a question relating to "pitchin' woo." A certain person wanted to know a little more about this new way of saying it. Why, Dr. Balabanis!

So the frosh literally push the juniors around? Well, we saw one doing just that—'twas Ivan Olson handing it out to "Bug-Eye Wilson."

What was the occasion for the perfectly luscious violet corsage Friday, Sue Dea Pendorf? M'lady, you truly were walking around with spring.

'Tis said that later in the day those violets appeared in the co-op. Know anything about it, Rod?

Happy day, no, happy Lois Scott. Since a certain Bob Cloney from Cal asked her to come down to the Spring formal, she's been just too, too excited.

"I'll bet I can stare you down."

English Language On The Decline

Believing that ability in the use of the English language is declining in both secondary schools and colleges, Professor Theodore J. Gates of the Pennsylvania State College is waging a "letter-writing" campaign for improvement.

The letters are written to high school principals advising them of both good and bad grades in English made by their graduates who are students at Penn State. Letters sent in the fall mention only the freshmen who rank among the upper one-fourth in the College's English placement tests, but the follow-up letters in the spring reveal all the English grades, including the specific defects of those who fail.

Conceding that defective English seems to be perpetuated in the colleges, Professor Gates, who is head of the department of English composition at Penn State, said that English standards have already been made more rigid at Penn State. "Only by cooperation between the colleges and the high schools can this problem be fully solved," he said.

That must have been and was the bet that caused Sadie Crnich and Ernie Johnson to walk around the library last Friday looking into each other's eyes. Whatever the outcome was, the couple were furnishing those in the library much amusement.

Friday night might have meant dancing pleasure for some Humboldters, but is looked like more than that for Ernie Caro. There was never a boy before who could look quite so pleased and glad all over as did Ernie. Maybe being a friend of the bass sax player and a few other members in Ken Baker's band was the reason.

Swede, you ought to beware of that Mackins gal after hearing the history she told you about her ancestors. The Mackins used to think nothing of plundering a ship they had caused to run aground. Sailor's fingers were for them just something to be cut off. Aren't you even just a little bit worried?

Dentistry Is Least Crowded Field In Which One Can Do Health Work

Increasing emphasis upon the care of the teeth as a vital part of the individual and the national health program of dentistry to the profession of dentistry for young people who aspire to engage in some sort of health work. Since only 20 per cent of the people of the United States are receiving dental care, it is estimated that at least 30,000 additional competent men and women are needed to fill the ranks of the dental profession. It is the least crowded of any of the health fields, and should retain its favored position for twenty years at least. The dentist renders valuable service to the cause of public health, he takes pride in fine workmanship, and justly derives much satisfaction from his chosen profession.

He must continue to be a thorough student even after he has completed his preparation if he is to keep himself informed as to progress in the field of dental research. The dentist must have a sound and thorough knowledge as well as a high degree of technical skill. A pleasing personality and appearance are also assets which help to build up and retain the dentist's practice.

There are thirty-nine dental schools in the United States, each one of which is a four-year institution admitting only those students who have satisfactorily completed two years of pre-dental work in college. The cost of the professional training varies from \$600 to \$2,000 for tuition and laboratory fee.

Graduates of the four-year dental course are prepared to enter the field of general practice. If specialization as an orthodontist or dental surgeon is desired, it will be necessary to spend one or perhaps two years as post-graduate student, and to serve one year as intern in a hospital clinic.

The young man may open an office for himself, although this requires a cash outlay to equip the office satisfactorily. He may start as an assistant to an established dentist, receiving a wage of \$25.00 to \$35.00 per week. Or he may obtain employment in a public health clinic.

Incomes for dentists are very susceptible to changes in the economic condition of the country. Dr. Harold F. Clark points out in his study of selected occupations in the U. S. that the average net income of dentists in 1934 was \$2,787; in 1935, it was \$3,400; and in 1936, it was \$4,100. The figures for dental specialists run considerably higher than these figures

which represent incomes for general practitioners.

Humboldt offers a two-year pre-dental course designed to meet the entrance requirements for schools of dental science. The course includes a study of the fundamental sciences supplemented by subjects of cultural value. Many of the practicing dentists in Humboldt county today completed their pre-dental training at Humboldt State College.

Dr. Lanphere is the adviser for the pre-dental students, and he will be glad to discuss the requirements with any students interested in this vocation. Students interested are also urged to consult available material in the library on this subject. New vocational material is being received each month in the library and the librarians will be glad to assist students in finding desired information.

H

Sports With Davis

The basketball season will end at Humboldt this week when the team plays San Jose State's Spartans here. Every man on the Humboldt squad will be returning next year, and the team should have an excellent season.

Good athletes can also be good students. This was proven by John McGrath this semester when he was pledged to Chi Sigma Epsilon, Humboldt Honor Society. John has won three varsity letters in football at Humboldt.

Darrel Bishop is probably the most outstanding basketball player on the Humboldt team this season. Bishop plays a cool, steady game at all times and never gets ruffled. He has three more years of competition.

Bill Lee is one of the highest-scoring forwards ever to play at Humboldt State. Bill is an excellent shot from any place on the floor.

Volley ball is a favorite pastime for many of the students these days. Many of them can be seen playing at noon in the little gymnasium.

The trail in back of the big gymnasium is taking quite a pounding now that track season has started. Several of the track men can be seen running over this trail every day.

Humboldt Drops Two Games In Row

Humboldt State dropped two games in a row to the fast-stepping San Francisco State basketball team at Kezar pavilion in San Francisco last Friday and Saturday nights.

After losing the first game 49 to 29, the Lumberjacks came back strong the second night only to lose by the score of 59 to 57. This game was a rough and hard fought game all the way with three of Humboldt's men and one of San Francisco's men leaving the game in the last half with four fouls. At the end of this contest the score was tied at 53 to 53 and it was necessary to play an overtime period. With but 20 seconds to play in the extra period, Boyd Harrold won the game for the San Francisco team by making a one-handed shot from the foul line.

Len Longholm, Lumberjack forward, was high-point man in this game with 17 points.

Emil Fanfelle, S. F. State forward, was individual high scorer of the series with 28 points in two games.

Humboldt's Jayvees had more success than their bigger brothers and carried away two victories from the S. F. State 145-lb. team. They won the first game by a 32-17 score and the next one 48 to 25. Vic Lorenz, Jayvee forward, was high scorer of both games and amassed a total of 23 points for the two-game series.

Spartan Encounter To End Season

The San Jose State Spartans coached by Bill Hubbard will have four lettermen on their basketball team when they invade Humboldt State College for two games on Friday and Saturday nights, February 23 and 24. The games will be played in the Eureka Municipal Auditorium, and will end Humboldt's season.

The Spartans have a smooth and aggressive ball team built around Captain Gus Kotta, who is playing his third year at forward on the varsity. Although he stands only five feet and six inches, Kotta is a tricky, fast-breaking player who consistently fakes opposing guards out of position. He is one of the fastest players on the Pacific Coast.

Another veteran is Johnny Allen, tall colored guard, who does most of the recovering for the team. Allen is a hard worker and there is not a spot on the floor that he does not cover. San Jose's leading scorer is Dick Uhrhammer, center.

Humboldt should show up well against the team from the South as both teams are pretty evenly matched. In the recent tournament at San Jose, the Spartan team barely nosed out Humboldt 19 to 17. San Jose placed second

for the best defensive record in the tournament and was just above the Lumberjacks in the games won and lost: Winning two, losing three, and tying one. Humboldt won two games and lost four. However, the Lumberjacks have improved since that time and are conceded an even chance of capturing at least one of the games.

The probable starting lineups for the first game follows:

Humboldt		San Jose
Longholm	F	Kotta
Lee	F	Smersfelt
Howatt	C	Uhrhammer
Savage	G	Allen
Bishop	G	Tornell
	H

Some Go Swimming Others Take Tour

Humboldt's basketball squads, including both the Varsity and Jayvee teams, played in Kezar Pavilion on their recent trip to San Francisco. The pavilion, which has one of the best courts that the Lumberjack teams have played on this year, has a spring-floor. This floor is very flexible and is a big help to players in running and jumping.

The squads left home last Friday morning at seven o'clock and ate lunch in Ukiah. They arrived in San Francisco at three o'clock that afternoon where headquarters were established at the Y. M. C. A. building on Turk Street. The players stayed in their rooms and rested till game-time that night.

On Saturday some of the men took a sight-seeing tour of San Francisco, where they visited the beach, the Cliff House, and Fleishacker out-door swimming pool. While visiting at the beach some of the players got a thrill out of riding on the scenic-railway. The Y.M.C.A. building contained a swimming tank where some of the men swam.

The members of the Varsity team were impressed with Ernie Loustalot's playing on the San Francisco team. Loustalot was a big factor in helping the San Francisco boys win both games from Humboldt.

Coach Griffith took the following Varsity players in the station wagon: Bishop, Lee, Longholm, Howatt, Savage, Wilson, Belcher, and Ayala.

The Jayvees, Goodwin, Lee, Flink, Lorenz, and Ivan Olsen with their coach, Francis Givins, made the trip in a car driven by Ted Speier of the Jayvee team.

Team Schedules Three Track Meets

The Student Council has given its permission for Coach Hart's Humboldt State track team to schedule three meets for the coming track season. Humboldt will travel to Chico April 17 to run against Chico State's track team.

The following day the Lumberjacks will continue their trip to Davis to participate against the California Aggies.

A meet has been scheduled with Southern Oregon Normal, to be held in Albee Stadium in Eureka. No definite date has been set for this meet but it will be held sometime in May.

If Humboldt is able to develop a fast enough relay team it may be possible to compete in the Fresno Relays in May.

FOOTBALL PLAYER ELECTED TO C. S. E.

The distinction of Varsity football player becoming a member of Chi Sigma Epsilon, honorary scholastic society at Humboldt State College, goes to John McGrath, senior student and athlete.

So high are the requirements of Chi Sigma Epsilon, that since its founding in 1931 only forty-three members have been admitted to the society. McGrath comes from San Francisco where he graduated from Mission High School. He has earned three Varsity awards in football, an award in basketball, and also a junior varsity award. Not only has he participated in athletics but he has held the lead in several dramatic productions including "Yellow Jack," "Spring Dance," and "Three Men on a Horse."

McGrath has been president of the Men's Association, and is now president of the Senior Class.

GUNDERSON RETURNS

Doris Gunderson, former student, has returned to Humboldt to take a teaching course. Last semester she attended San Jose State. While attending Humboldt, Doris was a Rouser, secretary of the student body, and a prominent musician.

Humboldt is proud of its scrappy little Basketball team and although not too many games were won the majority of losses were by close scores that were heartbreakers. Let's all turn out 100 per cent to boost the team in our game with San Jose Friday and Saturday nite.

Varsity Sweet Shoppe

Honors Go To Freshman Class

Special honors go to the freshman class for having two of their number receive a "straight A" average for the fall semester at Humboldt State. Both are girls and one, Zelma Woodcock is taking a teaching course with an English major; the other, Verna Seattle is taking a commercial course. Then too, fifteen of those on the honor roll are freshmen.

An average of B with no F's nor incompletes is necessary for a person to get on the honor roll. Also he must be carrying at least twelve units of work. Those on the honor roll are freshmen: Zelma Woodcock, Helen Arnold, Burton Speer, Mary Silva, Norma Villa, Dora Conner, F. Cox, May Harris, Margaret Kay, Glenn Lissner, Vivienne Nelson, Charles Pezzotti, Stanley Roscoe, Jean Schussman, Verna Slotte; Sophomores: Susan Wilson, Frances Nye, Beverly Bullock, Frances Larsen, Mary Borneman, Dorothy Hunt, Merrien Miller, Merwyn Riddle, Elizabeth Ann Bartlett, Robert Bryan, Milton Carlson, Maurice Davis, Mary Eads, Henry Mohr, Norman Moore, Eleanor Shaw; Juniors: Catherine Caltoft, Mrs. Arline Delp, Dorothy Fountain, Florence Miller, Dolores Scholl, Alberta Starkey, Henry Trione, Helen Woodcock; Seniors and post graduates: Virginia Belloni, Mrs. Katherine Cash, Mary Flocchini, Charles Glenn, Ted Graves, James Hall, Harold Jenkins, Laura MacGillivray, John McGrath, Carl Owen, Kenneth Samuelson, and Albert Simay.

Tryouts Determine A Cappella Choir

G. Dana Kinsman of the music department recently held tryouts for those desiring to join the A Cappella Choir of Humboldt State. The members are: Betty Jane Atwood, Evelyn Biasca, Barbara Bird, Fern Evelyn Blakey, Rico Bongio, Beverly Bullock, Ernest Caro, Walter Carr, Carolyn Crane, Jack Davis, Leland Domeyer, Robert Frakes, Hazel Hagne, Eugene Hammond, Jean Hood, Marguerite Lawrence, Allan Lowry, Maxine Maxwell, Earl Meneweather, Robert Pinches, Dolores Scholl, Jean Schussman, Marthabel Scott, Leonard Smith, Berton Speer, Edwin Speier, Nadine Swan and Marjorie Wing.

HUMBOLDT STUDENTS FURNISH PROGRAM

A program of Humboldt State students and faculty was arranged by President Arthur S. Gist for a Masonic gathering at the Eureka Municipal Auditorium Saturday night. A quartet composed of G. Dana Kinsman of the faculty and William Inskip and two former students, Frank Dearing and Don Parker, opened the program.

A one-act play, "Why I Am A Bachelor" with Richard Jarboe, Maxine Maxwell, and Casper Torp followed the quartet. Marianne Lambret played a violin solo accompanied by Wallace Look. Look also accompanied the quartet. G. Dana Kinsman sang two solos accompanied by Miss Helen Falkestein.

DANCING LEADS

The largest of the Humboldt College physical education classes is Ballroom Dancing, which has an enrollment of eighty-one and had to be divided into a morning and afternoon class.

Both sections of golf classes are full, with forty-six members, and tennis has a total of sixty.

Lanphere Explains Micro-Projector

Many students have been wondering what the micro-projector is that was included in the new equipment of the bacteriology department at Humboldt State.

A micro-projector, according to Dr. William Lanphere, is an instrument used for projecting the image seen in a regular microscope onto a screen, thus enabling the whole class to see the slide at once.

It consists of a microscope placed on a projector. The projector consists of two carbon arcs which throw a beam of light through a copper sulfate solution (cooling solution) on a mirror which reflects it onto a slide under a microscope.

The beam of light continues through the slide up through the lens system of the microscope; here it strikes a prism from which light is reflected on a screen where it shows the image of the slide many thousands of times enlarged.

The micro-projector has been tried out with much success. In one case a worm was put on the slide, and its heart could be seen beating. It is not used very much for other than class demonstration, however, because an enlargement of an image results in loss of detail.

STUDENTS SING

Frank Steele and Erlyn Jepson, former Humboldt students sang several numbers with Ken Baker's orchestra at the dance sponsored by the Eureka Junior Chamber of Commerce Friday night at the Eureka Civic Auditorium.

Nutrition Course Being Offered

The Home Economics Department at Humboldt College is offering a new two-unit course in nutrition this semester. The course is open to anyone wishing a general course in nutrition, but it is primarily for nurses.

It is based on the text-book, "Nutrition in Health and Disease," by Cooper, Barber and Mitchell which is written to comply with the requirements of the National League of Nursing Education for nutrition courses. During the laboratory period, foods suitable for sick and convalescent persons will be prepared. This new course will be given once a year in the spring semester. Students now enrolled in the course are Marie Canelini, Agnes Johnson, and Marjorie Waters, who are taking a pre-nursing course; and Marian Goss and June Muir, who are majoring in education.

PIANIST WRITES ABOUT MUSICAL AMERICANS

One of the new books on the rental collection shelf in the college library is "A Smattering of Ignorance," by Oscar Levant, pianist. The plot, which deals with musical Americans, is written in a humorous manner.

The great contemporary conductors, moving picture musicians, song-writers, and the various fields of music are all discussed by the author.

"The whole book turns out to be a collection of Oscariana," according to Clifford Fadiman, a New York literary critic.

Civil Service Ex. To Select 35 Men

Men desiring work for the summer or perhaps for even a longer period may be interested in the Civil Service examination to be given February 29, to select thirty-five hospital attendants for a Veteran's home. The entrance salary is \$100 a month with an annual salary increase of \$10.

The duties of the attendants will be the care of a group of patients and their quarters. Simple records and reports must be kept. The work will be done under the supervision of the staff physicians and nurses.

Rigid specifications must be met in regard to weight, hearing, and eyes. Glasses, however, may be worn.

Examinations will be given in Sacramento, San Francisco, and Red Bluff. Applications filed by mail must be addressed to the State Personnel Board, 1025 P Street, Sacramento. Anyone interested in further details please consult with Professor Bert F. Wilson. A complete file of all present and past examinations is kept for reference purposes.
