

Humboldt Lumberjack

Humboldt Lumberjack, Wednesday, April 10, 1940

Norway Invasion Tense Situation For Humboldt Man

An eye witness to the horrors and hardships of the first World War, the Reverend Raymond Werner, student at Humboldt State, predicted as early as eight months ago in a speech he made to the Arcata Kiwanis Club that Denmark and Norway would be invaded by Germany. At the time no one would accept his statement as being even possible.

Reverend Werner was living in Fredrickstad, Norway at the time of the famous battle of Jutland. Fredrickstad is at the entrance of Oslo Fjord which the Germans are now trying to enter, and on the shores opposite Horten, Norwegian naval base wanted by the Germans. His memories of those days are particularly horrible because of the hundreds of dead German and English bodies which floated up to the shores of Fredrickstad still wearing the life preservers which had failed them. Those bodies were buried by the Norwegians.

Since the beginning of hostilities abroad, he has been receiving letters from relatives in the old country who have constantly expressed the belief that this blow would not be long in coming. At present his father, mother, two brothers, and a sister are living in Fredrickstad, near the area now being invaded by Germany, and another brother lives in Oslo, capital of Norway.

Reverend Werner expressed the belief that England cannot afford to let Germany take Norway and fears that Norway will be the Belgium of the last war. In his opinion the war will now become a real war, the strongest test yet to come up between the Allies and Germany.

FISHER ADDRESSES KAMPUS KOEDS

Dr. Raymond Fisher of the history department spoke on the European situation at the regular meeting of the Kampus Koeds Monday evening at the Fisher home.

Those present were Irma Hugnin, Alberta Starkey, June McCombs, Marian emp, Joy Stockton, Lois Johnson, Beverly Bullock, Helen Arnold, Rose Dare, Jacqueline Naggiar, Dorothy Hunt, Beth Nixon, Marilyn Cloney, and the advisor, Mrs. Raymond Fisher.

A CAPPELLA CHOIR TO START TOUR

The first of a series of goodwill tours, being conducted by the Associated Students of Humboldt State College, will begin next Wednesday morning when the A Cappella Choir under the direction of G. Dana Kinsman will travel to Crescent City to give two concerts.

Marianne Lambert, violinist, and Muriel Yaley, clarinetist, will assist on the program by giving solos accompanied by Maxine Maxwell.

Architects Plan To Inspect Dorm

Next week two men from the State Division of Architecture in Sacramento will be at Humboldt to look over the progress being made on "Nelson Hall". These men, W. K. Bartges, architect who designed the building, and R. Tyson, landscape architect, plan to see just how they are going to landscape the dormitory grounds and to make provisions for sidewalks and roads.

At this point in the construction of the "dorm," ninety per cent of the concrete has been poured. Sidewalks and basement floors will be completed later. All roofs are built and composition roofing has been applied. Laying of the roof tile, which is now being done, will be completed in about two weeks.

Rough frames for interior doors and window frames are now being set in place. Monday morning the lathers started the work of applying interior lath and "furring." Furring a wall consists of building it out so as to leave an air space between the concrete and the plaster.

Next week the lathers will be setting metal partitions and applying metal lath to interior walls and ceilings. The exterior plastering will probably begin within ten days.

Rough piping for plumbing and heating are about 85 per cent complete. Roughing-in of electrical work is approximately 80 per cent complete. As soon as the interior partitions and lath are applied, the contractors will start laying finished concrete floor. They will then be ready to start the plastering.

SIX SENIORS FETED

Six Humboldt State senior football players were honored at a dinner held last Thursday evening by Coach Herbert L. Hart, director of athletics at Humboldt State, and Mrs. Hart. The seniors present were: Fred Hibler, John McGrath, Harold Langdon, Frances Givins, Clarence Edsall, and Herb Gomes. Also present were: Coach Harry E. Griffith and Graduate Manager Bob Madsen.

INITIATION IN COMMONS

The college commons was the scene of the first annual initiation banquet of the R-K Tan Club of the Arcata Union High School, held Thursday evening. W. B. McKittrick, physical education director of the Arcata Union High School, is the faculty advisor of the club.

Art Instructor Star in 'Sun Up' Eleven Years Ago

"Sun Up," the forthcoming Humboldt College play, though new to the present generation of college students, will be remembered by the faculty as the play in which Mrs. Stella Little of the art department starred, for the play was given in the fall of 1929 with Mrs. Little as "Ma Cagle." Another member of the cast was Theodore Little, then a student here, who last year was the instructor in dramatics at Humboldt.

Other members of the 1929 cast were Mildred Moe, Evan Aikens, Ronald MacMillan (now deceased), George Crichton, Lester Dedin, Karl Cooperrider, and Dale Merriam. The play was directed by Carl Bowman, then instructor in dramatics, assisted by Ronald MacMillan, Mrs. Lanita Jewett, and Ione Russell.

A student performance of "Sun Up" will be given on Wednesday April 24 and a second performance on May 2 at the eighth annual Humboldt-Chico play festival here. On the following night Chico will present here "Squaring the Circle."

EQUIPMENT ARRIVES FOR PLAYGROUNDS

The new playground equipment for the College Elementary School arrived some time ago. It consists of teeter-totters, swings, slides, and horizontal bars and was installed on the upper and lower playgrounds at the College Elementary School. A new boardwalk has been completed on the south side of the large playground which is used for hockey and baseball.

Concrete floors have been completed in the space provided for dressing rooms in both the boys' and girls' gyms at the College Elementary School.

H. S. C. CONTRIBUTES TO CHURCH DOINGS

Humboldt College was well represented at the 90th Anniversary Banquet of the First Methodist Church Saturday, April 6.

President Arthur S. Gist gave a short address of welcome, and Dr. Vernon O. Tolle, director of the College Elementary School, was toastmaster.

Marianne Lambert played Rehfeld's "Spanish Dance" and Mendelssohn's "On Wings of Song" on the violin. Muriel Yaley played Lucas' "Divertissement" and Rudy Wiedoeft's "Valse Marilyn" on the clarinet. Helen Arnold, pianist, accompanied the soloists.

STEAK DINNER HELD

A steak dinner was held at Archie Forson's Sportsmen's Club last night at 7 o'clock for four Humboldt students who participated in a recent smoker put on by the Arcata Firemen. The students who were the guests of the Firemen at this at this dinner were Archie Forson and Nick Barbieri, who staged an exhibition wrestling match at the smoker, and Clarence Edsall and Richie Davis, who put on a two round boxing exhibition.

9,000 TROUT EGGS HATCH AT HUMBOLDT

Out of 10,000 silver trout eggs that the college hatchery obtained from the Prairie Creek Fish Hatchery about 9,000 hatched with only a few dying.

Mrs. William Lanphere, who is in charge of the hatchery, will liberate them about the end of school. They are expected to be about three inches long at that time.

Balabanis To Speak To Social Workers

Dr. Homer Balabanis, professor of social science at Humboldt, will leave Friday or Saturday for Fresno where he is to speak before the International Institute of Social Workers which is holding its conventions there in conjunction with California Social Workers, Conference on April 16. His topic for the discussion at Fresno April 16. His topic for discussion will be "Cultural Blends In American Civilization."

Following his address, there will be forum discussion under the chairmanship of John Brown Mason from the department of social science at Fresno State. Those who attended summer school last summer will remember Dr. Mason as visiting history instructor.

In recent months Dr. Balabanis has spoken at several meetings in the Bay area and at many clubs throughout the county. His address at Fresno will deal principally with the problems of adjustment which aliens face in the process of Americanization.

While attending the University of Chicago, Dr. Balabanis was employed almost two years as a social worker by the Immigrants Protective League which was working in connection with the Hull House. His theory is that by enabling a foreigner to see that many phases of American life are contributions from his native land he will then become a more valuable citizen because he feels the American heritage to be his own.

GRIFFITHS ENTERTAIN VARSITY PLAYERS

A dinner was held for the Humboldt State varsity basketball squad at the home of Coach Harry and Mrs. Griffith at six o'clock last Wednesday evening.

The members of the squad who were present were: Rod Belcher, Maurice Ayala, Haven Howatt, Darrel Bishop, Len Longholm, Bill Lee, Curt Wilson, and Jim Savage. Others who were at the dinner were: Junior Varsity Coach Franny Givins and Graduate Manager Bob Madsen.

Men's Association Sponsor Whiskerino For B.B. Barn Dance

"I'll beat him yet," The villain sneered; But the hero won; He grew a beard.

Take heed, men students, and win the grand prize offered by the Men's Association who are sponsoring the annual Whiskerino.

The Whiskerino, which started last Monday, April 8, will reach its climax at the Barn Dance to be held April 26 at which time all the "facial crops" will be harvested, inspected and judged to determine the champion.

One prize for the best beard will be offered and contestants will be judged by the committee in charge of the contest. The best beard does not mean the hand-somest, the darkest, the blondest, or the most feminine, but will be subject to the whim of a non-partisan, fair and square committee of judges yet to be appointed.

Howard Goodwin, George Hartman, Frances Givins, Martin Cabalazr and Carl Owens compose the committee assigned to enforce the rules of the contest and dole out proper treatment of justice to those men who prefer not to participate. The only exceptions are student teachers and men whose work requires smooth jowls.

'NO MORE GAS' OR THE TUTTLES IN TAHITI

"No More Gas," another new rental book in the college library, is a story of the Tuttles of Tahiti. An Atlantic Monthly Press Book, it is written by the co-authors Nordhoff and Hall, authors of "Mutiny on the Bounty."

Originally from New England, the Tuttles have eliminated their New England characteristics through several generations of intermarriage with the natives.

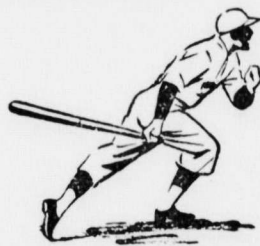

When the weather is fair, the men folks engage in fishing, but when it is not, the sons watch the fights of their fighting game cocks or if tired of that, they borrow from their staunch friend, Dr. Blondin. Yet, in spite of their "easy-going" nature, they prove what they can do when faced with disaster.

WHOSE CANARY?

One day last week a canary was noticed on the top of the school building. Dr. Homer Balabanis saw it and thought it was his. In great excitement he phoned his wife. To his joy he found that theirs was safe in its cage.

Now Dr. Balabanis would like to know who lost a canary.

HEDGE HOPPERS

One of our nicest show places at Humboldt, the inner court, seems to be suffering from the thoughtlessness of a few people who like to try jumping the hedges. Those hedges, so conveniently located near the hall windows, are being broken down in such a way that the appearance of the quad is being ruined.

Since it requires several years to grow the shrubbery, let's give what we have a fair chance to remain beautiful.

H

If he's seen riding up and down the halls with his legs dangling over a child's bicycle, it's Frank Chrichton. Maybe if he got a larger bicycle, say a bicycle "built for two," he might have company.

H

If you should see four embarrassed coeds sitting on... well, sitting on the floor, they're probably members of the tap club who are learning a yell-leaders tap... the hard way.

LUCILE WINTER WINS HONOR AT STANFORD

Miss Lucile Winter, graduate of Humboldt State College who is now studying for her master's degree in physical education at Stanford University, was one of the three physical education majors, to be asked to join Pi Lambda Theta, a women's national honorary fraternity. She was initiated April 8.

Miss Winter is now on leave of absence from the Eureka Junior High School where she is the physical education head.

KARL'S

COMMENTATOR

If it's a nice day and they're out playing golf, they are Curt Sundquist and George Hartman. If she's playing golf but it looks like baseball, she is Jean Louis.

If you saw her at the Ken Baker dance with George Feldmiller, it was Doris Gunderson... And if he's looking exceptionally happy these days, it's Rod Belcher. What's the occasion?

If she's giving away charm bracelets, it can't be anyone but Bette Cairns. If she's wearing a yellow novelty necklace it's Lolly Scholl.

If he's sporting a big, black beard, he's James Rasella; and if you have a hard time seeing one, it might be Bunt Lee's or Walter Carr's.

If she's in the library looking very sweet and studious, she's Zelma Woodcock; if she's not in the library and looking very pert and well-dressed, she's Lois Wrigley.

If you see someone in the library looking all around for a certain brunette, he's probably Louis Mohorivitch; and if it's a French book he has in his hand, it's Louie for certain.

If you happened to have dropped in the social unit about the first of the week and saw a lot of people deeply engaged in discussing a certain sheet of paper, they were probably answering the questions on a paper left from the "Y" conference entitled "Boy and Girl Relationships"...Enough said.

A la Winchell
Should you hear a wild cry coming from most any spot in school, it's probably Maxine Maxwell giving vent to what she thinks of people who insist on enjoying the process of having their pictures taken...If you should see a most harassed looking individual, it's probably Jim Hall just returning from showing the proofs to some wailing female who cried, "NO! that can't be I!"

Home Economics Training Valuable In Homemaking, Professional Fields

Training in home economics opens the door to employment in many fields, and at the same time provides practical and valuable training for homemaking to which most girls turn after a few years of professional employment.

Two divergent fields are included in this occupational group, those having to do with foods, and those having to do with clothing. In the realm of foods, the home economics student may prepare for teaching as a career, she may choose to be a food demonstrator who conducts cooking schools or does field work for commercial concerns, the dietitian adds specialized courses to the foundation courses in foods, there are those who specialize in child care, and those who operate tea rooms or manage restaurants.

Students who prefer the clothing field look forward to employment as teachers, as buyers for department stores, as seamstresses either in independent shops or in remodeling departments of ready-to-wear shops; in the specialized field of fashion design. Interior decorators also receive much of their training in the home economics department.

Because of the variety of occupational fronts, the home economics graduate has an excellent chance of employment. Wages

vary with the type of work to be done and with the specialization required.

At Humboldt State College, newly equipped laboratories are adding impetus to the work in this department. Plans are being developed for the expansion of the two-year course for majors previously offered into a four-year course with an A. B. degree as well as for junior high school majors and continuation of minor for elementary teachers. This is one of the fields in which students interested may develop specialized ability that will enrich their contributions to the communities which they serve as teachers. The elementary teacher whose pupils do nice work in sewing wins the commendation of the parents, organization of a home economics club in the Grange, or capable assistance in planning community social affairs increases the value of her services and helps her win friends among parents and leaders in the district.

Mrs. Walter will be glad to talk with students who are interested either in majoring or minoring in home economics with a view to planning either type of course.

More specialized information in regard to various fields referred to in this article will be given in subsequent articles.

Vacant Classrooms Now Study Rooms

Through the efforts of C. Edward Graves, librarian, vacant classrooms and the periods of their vacancy have been listed and posted on the library bulletin boards.

The purpose of these lists is to accommodate students who wish to study together and discuss their lessons aloud without disturbing others.

This plan was adopted through the cooperation of Mr. Graves and President Gist to solve the problem of over-crowding the library and to minimize noise in the library.

CADY WINS SWEATER IN THREE YEARS

Jim Cady, who was awarded an honor sweater last Friday has been participating in athletics at Humboldt for the past three years. In winning his sweater, Cady has won three letters in tennis, two letters in football, and one letter in basketball.

Cady is in the Junior class and is majoring in Physical Education.

CATCHING A FLY BALL

Carl Owen of this school gave the boys who were playing softball last Friday noon on the athletic field quite a treat as Carl was chasing a fly ball he took a terrific spill. Carl was running at top speed when he made his four-point landing and delayed things for a short time as the boys took time to laugh.

**Sports With Davis**

In comparing statistics on the San Francisco track team with those of Humboldt State's, one feels that Humboldt should make a good showing against the bay city team next Saturday. These statistics were taken from a recent meet in which the San Francisco team defeated the California Aggies.

The time for the 100 yard dash was 9.8 seconds. Since Don Mahan of this school was clocked at 9.9 seconds once last year and has consistently run this race in 10 seconds for the last two seasons he should be good for a place in the coming meet.

The 440-yard dash was run in 53.1 seconds. Fred Hibler and Mel Eskelson will probably make a strong showing in this race as they both have run this time in former meets.

Len Longholm should have very little trouble in capturing the pole vault for the Lumberjacks as the height for this event in the S. F. meet was 11 feet and Len has already gone 11 feet six inches in practice this season. When he gets in shape he will probably be jumping around 12 feet.

Norman Bellfis, Bill DuMond, and Ivan Olsen all stand a good chance in the high jump as they have all jumped close to the height that won in the bay city meet which was six feet two inches.

The time for the mile was four minutes and 34 seconds. Loy Montgomery and Harold Walton are coming along fine in this event and should give the San Francisco milers plenty of trouble.

Forrest Waters will make a good showing in the 220-yard dash, it is expected Forrest has run this race in 22.6 seconds as compared to 22.9 seconds which was the time for this race down there.

Not much is known about Humboldt's weight men yet, but Paul Thorn looks good in the javelin and Archie Forson is throwing the shot fairly well.

The Lumberjacks mile relay team stands a good chance of winning that event against the San Francisco boys. The time for the relay, which was won by the Cal Aggies was 3 minutes 31 seconds. The Humboldt boys ran the relay in 3 minutes 28 seconds last year in a meet against San Jose State.

Fourteen To Make S. F. Track Trip

A meeting was held by the Humboldt State track team at 12.15 yesterday in room 118 for the purpose of making plans for the trip to San Francisco. Coach Hart said that he will be able to take 14 men on the trip and that they will leave at 9:00 o'clock Friday morning. The men that will make the trip have not been definitely decided on yet by Coach Hart but they will be picked from the following group: Mahan, Trione, L. Walton, Dumond, Eskelson, Longholm, Ferguson, Barbieri, H. Walton, R. Davis, Waters, Thorn, Munroe, Frakes, Montgomery, Flink, Mattiole, and I. Olsen.

Fred Hibler was slated to make the trip but he has been ill this week, and will probably not be in shape to go.

The trip will be made in the station wagon and one private car.

Housekeeping Done By Home Ec. Majors

University of New Hampshire home economics majors do not want to "live alone and like it," and to help guard against this happening to them, they practice housekeeping.

Nestled behind the women's dormitories, protected by overhanging evergreens, is the Elizabeth DeMeritt house, built nine years ago by the University. It is a 10-room house, equipped with modern conveniences, but no more elaborately furnished than many New England homes. A large living room, a sun porch, a kitchen, dining room, lounge and reading room, make up the first floor, and four bedrooms are on the second floor. In the cellar is the laundry with its set tubs, washing machine, and ironing board.

It is in this pleasant, sunny home that the girls put into practice what their instructors have taught them in the classroom. Every nine weeks a new group of six seniors takes up residence in the DeMeritt house, and from then on has the complete charge of the house. Meals are planned and managed, rugs are vacuumed, beds made, laundry done. Everything is coordinated and applied to a typical family arrangement, and the girls look on their group as that of "one small, happy family."

The house work is laid in a complete schedule drawn up entirely by the coeds. Each takes a turn in the kitchen or in the laundry, so that all may participate in different household activities.

Jessie Woodcock Completes 20 Years On Humboldt Administrative Staff

Last Friday, April 5, was just the day before the week-end holiday to most of the Humboldt College 'population'; but it was much more than that to Mrs. Jessie T. Woodcock, college financial secretary. For on that day, Mrs. Woodcock had completed her twentieth year as a member of the Humboldt administrative staff.

Yes, Mrs. Woodcock, who looks so much like a co-ed that a new man student tried to 'date her' not so long ago, started to work at Humboldt College, on April 5, 1920.

But her connection with Humboldt goes back farther. For Mrs. Woodcock, then Jessie Turner from Willits, enrolled in Humboldt College, then Humboldt Normal School, in 1915 to take the two-year teachers' course. None of the present substantial buildings had been erected when she came.

In fact, she did not even come up to the present campus her first semester; for when she arrived, the school was temporarily housed in the old Arcata Grammar School, on the site now occupied by the Hammond Redwood Company's yards.

When she came to the present campus she took her courses and did her practice teaching in frame structures now occupied by the commons, the manual training department and the dormitory. The latter stood on the site of the present main building but was later moved.

Life at the college was quite different then. Although there were about three women to every man, the men could not improve their opportunities because the men and women students were not allowed to talk to each other in the halls. Although Miss Turner met the student here, Leighton Woodcock, whom she later married, theirs was literally an "off-campus" romance.

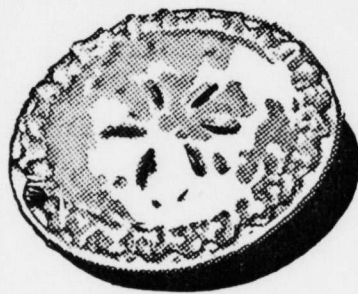

After her graduation she taught for a year and a half. Then America entered the war. Men got scarcer and scarcer, and women were implored to take over their jobs. Jessie Turner did, and had the distinction of being the first woman mail-carrier in the West, perhaps in the United States. And she walked her eight miles every day, at Willits.

Offered a position as secretary

at Humboldt, she began work on April 5, 1920—and resigned the next day. However, she did not leave; the fact is, after hearing all the work she was supposed to do, she decided she did not want the job, but N. B. Van Matre, then president, persuaded her to remain. Although she was then and for five more years officially only secretary to the president, she was officially also the registrar, the appointment secretary, and the financial secretary. She was relieved of her duties as registrar in 1926. Now as financial secretary she has two assistants; there is an addition a full-time president's secretary and a registrar-appointment secretary and her assistant—in all, six persons where twenty years ago there was but one.

She and her two assistants now handle all financial matters pertaining to the college, the faculty, or the students, from looking after the payment of student body accounts to preparing the annual budget for the college. Housing, too, comes under her jurisdiction; and every one, from the new faculty member looking for a furnished apartment for his family to a student looking for a room, asks her for information.

The requests for information of various sorts had begun to take so much of her time a few years ago it was found necessary to limit the hours her window is open to the public. But, like a bank, the work is going on even when the doors are closed.

Track Schedule Is Heavy For Humboldt

Humboldt State will have the largest track program in the history of the school this year with four meets scheduled. Three of the meets will be away from here and the other one will be held in Albee Stadium in Eureka.

The Lumberjacks will open the season next Saturday, April 13 in a meet with San Francisco State in San Francisco. The team will return to Arcata and then travel to Chico the following Tuesday where they will take on the strong Chico State team on Wednesday, April 17 and then to Davis where they will meet the California Aggies on Thursday of the same week. The team will then return home and start to train for the meet with Southern Oregon Normal at Albee Stadium on April 27.

Boxing Trophies Given Students

The Eureka Lions Club, at a dinner at the Eureka Inn last week, awarded three Humboldt State students championship trophies for their participation in the recent amateur boxing tournament in Eureka. The men awarded the trophies were Clarence Edsall, Loy Montgomery, and Richard Davis. Edsall, who was sick, was unable to receive his trophy in person.

The trophies, which are in the form of a boxer in fighting pose, are about eight inches tall with a gold figure and a base of ebony. The base is surrounded by a two-inch gold band on which is inscribed the winner's name and weight.

Several Humboldt students provided entertainment for a large gathering: Richard Jarboe, LaVerne Elmore, Warren Elmore, Karen Wester, and Ida May Inskip.

Archie Forson, Humboldt student who trained the college fighters, gave a short talk.

Scholarship Higher In Campus Houses

Proof that scholarship trends were toward a higher standard at Humboldt State College were disclosed yesterday, when through request the office of Graduate Manager computed the scholarship ratings among the five leading houses of the campus.

The scholarship average of each member of the various houses for the fall semester was taken and averaged. The house averages were as follows:

House of Wiley, 1.37; Sunset Hall (Women's Dormitory) 1.26; Men's Dormitory 1.16; House of Elmore .88; and the House of Rice .83.

The house showing the greatest improvement was the House of Rice, while the House of Elmore dropped from first place in scholarship to a survey made last fall to fourth place.

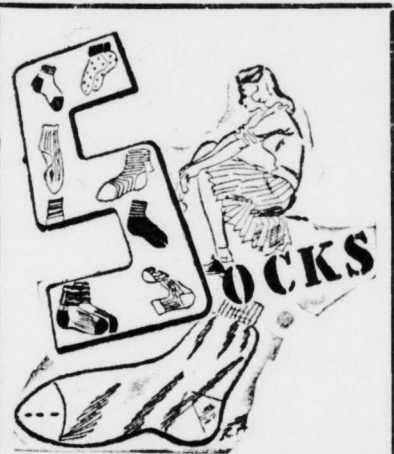

GIST AND TOLLE ADDRESS SUPERVISORS

On Monday and Tuesday of this week President Arthur S. Gist and Dr. Vernon O. Tolle addressed the Northern Section of School Supervisors of Northern California on the subject of supervision of teacher training.

The meeting was held at Lane's Flat. At this time Horace Jenkins, professor of industrial arts at Humboldt, gave several demonstrations on industrial arts.

CLUB CHICO BOUND

The Mutsuhito Club of Humboldt State is to be the guest of the Chico State Mutsuhito Club's formal annual dance at Chico Saturday, April 27. The club will leave in private cars Saturday morning and will return Sunday evening.

Y. M. C. A. Holds 16th Annual Meet

A delegation of about eighty Humboldt-Del Norte high school boys attended the 16th Annual Humboldt County Y.M.C.A. High School Boys' Conference held at Humboldt State College Saturday.

Featured on the conference program was President Arthur S. Gist of Humboldt State who led a panel discussion on "Vocations," Vice-President Homer P. Balabanis who spoke on "What is Behind Wars," and John M. Bowersox of the Eureka High School faculty who spoke on "Boy and Girl Relationships."

Following each talk the delegates were divided into discussion groups which adjourned to class rooms where discussion on the topics was held. Those from Humboldt State who assisted in the conference by leading discussion groups were Dr. Vernon O. Tolle, Dr. Raymond Fisher, and Dr. H. P. Balabanis.

Recreational activities were under the direction of Coach Harry E. Griffith. A speech of welcome was given at the beginning of the morning session by Sherman Washburn, student body president. Lunch and dinner was served in the college commons under the direction of Susan Goldschmidt.

Assisting in the entertainment at the conference were Richard Jarboe, Marian Swap, and G. Dana Kinsman.

BOWLING RATES GIVEN

The Eureka Bowling Alleys have made a special rate for all college student to bowl for ten cents a game. The regular price is twenty cents a game.

In order to get these rates the student must present his student body card to the man in charge of the alleys.

PARTON NOW ON RANCH

Darrel Parton, Humboldt State freshman, is now living on a ranch above Blue Lake where his parents moved recently from Arcata. Parton commutes daily by automobile.

CALLED AWAY

Mrs. Dorothy Westfall, junior at Humboldt, has been called to Oklahoma City by the serious illness of her mother, Mrs. George Robbins.

Graves To Attend Librarians Meet

C. Edward Graves, librarian will attend the annual meeting of the California Library Association at Long Beach next week. Graves will leave on Sunday, April 14, and return the following weekend.

While in Long Beach he plans to see Miss Ann Craig, former physical education instructor at Humboldt, who resides in that city.

Mrs. William Morehouse former student, will assist Mrs. Helen Everett in the library during Mr. Graves' absence.

New Course Gives War Background

As an antidote to "snap judgments and biased opinions," New Jersey College for Women added a new course, "Background of the War," to its curriculum. It is being given this semester, and all students and faculty members who are interested may "sit in" on the lectures. Upperclass students may take it for credit.

According to Dr. George P. Schmidt, head of the department of history and political science, "Faculty members in the social sciences have been finding that their students, while intensely interested in European developments, are inclined to overemphasize the importance of current newspaper headlines and radio comments, and to neglect the significance of underlying factors and long-term trends. The course is being offered to counteract such snap judgments and biased opinions and as an aid toward better informed and responsible citizenship."

GIST TO SPEAK

President Arthur S. Gist will speak at the district meeting of Rotary Clubs in Santa Cruz on April 26. His subject will be "The Rotary Club and the Youth Problem."

RETURN TO SCHOOL

Clarence Edsall returned to school last Wednesday from his home in Redwood City where he was confined to his bed for a week with influenza.

Jean Hess, student in the college commerce department, started work Monday, April 1, in the Thomas Andrews Lumber Company.

Library Subscribes To New Periodicals

Two new publications have been added to the reference department of the college library, both of them being of current biographical nature.

"Current Biography," edited monthly by H. W. Wilson Co., includes biographies of the people in the headlines today.

The other reference book is "Current Biographical Reference Service" printed by the publisher who, the latter being a necrology, tells who's who in the news, who's new in Who's Who, and who was ho, the latter being a necrology.

Both of the references are accumulated publications and have a complete index service. At the end of each year these editions will be accumulated and bound in book form for the convenience of the students.

THE TIME HAS COME

Now is the time to start essays for President and Mrs. Arthur S. Gist's personal essay contest, according to Mrs. Elma Folsom of the English department. The essay is limited to 2500 words and must be a personal one. It must be typed, with no name on the manuscripts. When the essay is completed, it is to be left with Mrs. Folsom for the judging.

If you see someone dashing hopefully in and dejectedly out of the registrar's office, it's probably a senior looking for a job. Nest-ce pas, Valerie?

If there are three people really applying themselves to their studies, they must be Mrs. Laura MacGillivray, Mrs. Arline Delp, and Mrs. Florence Miller.

H.S.C. Hot House To Have Extension

Due to the expanding needs of the college, an extension will be made on the north side of the present hot house at Humboldt State sometime in the near future. The extension will have a concrete foundation two feet high, and the windows to be used are supplied by the old dormitory.

The present hot house will remain the same, except for the north side which is to be torn down for the extension. Because the heat will flow from the present part of the hot house to the new part there will be no additional heating arrangement. This will make the south side warmer than the north. Dr. William Lanphere plans to take advantage of this by placing the dry climate plants on the south side and the shade-loving plants on the north.

TRAFFIC WHYS

Chief Raymond E. Cato
California Highway Patrol

Q—I am interested in manufacturing and selling radiator ornament, shaped like a monoplane, which shows a red light to the rear, warning the driver when he operates the car over 50 miles an hour. Is there any provision in the law governing this?—I. A. M.

A—You must consider carefully Section 683 of the Vehicle Code regarding radiator ornaments and other sections of the Vehicle Code concerning the colors of lights on vehicles. The provisions of the Vehicle Code are such as to discourage ornaments particularly ornamental lights. This office is fully in sympathy with such provisions of the Code and would recommend against both the manufacture and use of ornaments and ornamental lights on vehicles.

Q—Is my license (operator's) valid? I am twenty years old and my father passed away recently, and he and my mother were signers of the application.—C. L.

A—Under terms specified in the California Vehicle Code, the license is no longer valid and a new license is mandatory.

INSTRUCTOR ILL

Mrs. Ellen J. Walter of the Home Economics Department is confined to her home because of illness.

C.E.S. To Present Peace Pageant

"Americans All" which includes every child from the first grade through the eighth grade will be given by the College Elementary School in its auditorium Thursday evening, April 11.

The purpose of the pageant is to emphasize peace, to promote an appreciation of the opportunities available in the United States, and to make use of the studies and experiences of the children. It is under the direction of the staff and the student teachers of the College Elementary School assisted by some of the college faculty.

The program for the pageant it as follows: Prologue—Before the White Man Came; The Indians, The First True Americans.

Scene I, A New Nation, consists of The Landing of Columbus, Pilgrims Going to Church, Spirit of '76, Singing of the Declaration of Independence, and the Making of the First Flag.

"The United States — Land of Promise" is scene II. In it is shown Ellis Island—One Gateway to America.

Scene III. portrays "The Public School—An Agent of Democracy". Part I, a modern classroom consists of selections by the first grade rhythm band, songs La Cucuracha, Rancho Grande, and La Paloma, Dutch and Swiss song and dance by the third grade, a Mexican dance by the fifth grade, and an original Chinese dance by the sixth grade. Part II is called: "Adult Education" and features a discussion "What America Means to Me".

"United We Stand" is the name of the final scene which consists of a flag drill and chorus by the fifth and sixth grade boys and a tableau and peace song by every one.
