Jeffers-Fulkerson Concert Sunday, Nov. 1st

"THE WAR EFFORT" TO BE THEME OF VARIETY SHOW

"The War Effort" was the unanimous choice for the theme of this year's student variety show at two planning meetings held last week. Among the numbers suggested are:

Stage Door Canteen.
V-Programs.
Contrast . . . Peace and War-time at HSC.
Listening Post.
Scrap Drive.
First Aid.
Women in Industry.
Blackout.
Draft Physical Exam.
Jap War Council.

The dates of the show are set as April 13, 14, and 15. Work on scripts and continuity will begin within the next few weeks and should be completed by January. Those interested in writing acts are urged to contact Don Karshner or George Murphy as soon as possible.

ORGANIZATION

The show will be organized similarly to last years, with an executive committee consisting of two senior managers, six or seven junior managers and faculty advisors. A junior manager will represent several committees, such as make-up, costumes, and properties. Anyone interested in being either a junior or a senior manager should see Don Karshner.

As much as possible of the show will be planned and written by students—and that includes music. Students may recall Joan Roth's numbers in last years show. All those who would like to try writing music should contact Charles Fulkerson.

One of the chief aims of the Student Variety Show is to have as many students participating as possible. Previous experience is not a requirement. Anyone interested in any part of the show production is urged to turn in his name.

LISTENING HOUR HELD AT GISTS HOME RECENTLY

The Arthur Gist home was the scene of last Wednesday evening's listening hour, with Mrs. Gist playing hostess to the group at the 7:30 affair.

Chi Sigma Epsilon Honor Assembly Is Postponed

The honor assembly originally planned by Chi Sigma Epsilon for tomorrow, October 29, has been postponed until next Thursday, November 5, due to the fact that of the four members still attending Humboldt State, three are student-teaching and will be needed at the College Elementary School tomorrow.

The assembly, an annual affair, is always featured by the reading of the honor roll of students with a "B" average or above and the presenting of the Chi Sigma Epsilon cup to the house having the highest scholastic rating.

In addition, a program is being scheduled, with vocal solos by Dr. Edmund Jeffers and cello selections by Mrs. Charles Fulkerson.

Watch Bulletin Board In North Hall For Jobs

Because of the current interest in Civil Service positions, the Commercial Department is endeavoring to keep complete files of information on the different branches of employment under the Civil Service.

A recent bulletin advertising for poultrymen offers opportunities for men qualified along this line. The starting salary is \$100 a month.

The bulletin board at the north end of the hall near the auditorium is the regular Civil Service information center, and Mr. Bert Wilson will gladly answer any questions a prospective applicant might have concerning this type of employment.

MISSING MAGAZINES

Every once in a while a situation arises in nearly every school and college which demands the attention and condemnation of its student body. Such a situation has come up at Humboldt State.

It is, in brief, that several current magazines, together with their protective covers, are missing from the library. This has happened before in the history of the school, but, in the words of the librarian, Mr. Graves, "the situation seems to be worse than usual."

The magazines missing are those of such value as the Reader's Digest, which are used by students for reference work as well as pleasure. The covers taken had metal parts which cannot be secured anymore without a high priority number, and probably cannot be replaced.

What makes the situation worse is the fact that it was unnecessary. Anyone can go in and look at the magazines anytime the library is open, and arrangements can be made to take them home overnight. What is the motive for taking them? There's only a certain amount of reading matter in a magazine, and it's only new for a month. Who wants to keep looking at an old maga-

zine?

Both Mr. Graves and Mrs. Everett have requested that if anyone knows the whereabouts of any missing magazine, they return it to the library without delay.

Cultural Values In Days Of Haste

All those who face the possibility of leaving college before their program is completed and those who are taking the V-1 program or are concentrating in the sciences, should consider carefully the type of liberal arts courses which will give the greatest cultural nourishment in these days of desperate haste. For many in these categories the usual leisurely a-la-carte method of obtaining a liberal education has almost vanished.

Courses for distribution should therefore be chosen with the greatest care. And here I am willing to give a definite and urgent recommendation which, however, I give only on my own personal responsibility. I would urge every student on the one hand to take a course in American History or the new course to be devoted to American Civilization, and on the other, the course in Great Authors which is to be organized next year.

Armed with these two introductions to the cultural stream which has nourished the American people, I believe even students who under the stress of the emergency concentrated heavily in the sciences will be able to face the postwar world with some degree of understanding. Each one will, if he so desires, be able later to continue his education by widespread reading in history, literature, and philosophy. For, let no one think that by any system it is possible in for years of college, even in days of peace to acquire a liberal education. A liberal education is a continuing process. All that a college can do is to give the initial stimulus and to open doors to cultural treasures which otherwise might remain forever shut.

DON KARSHNER SPEAKER AT ORIENTATION

On Thursday morning at nine o'clock Mr. Don Karshner, director of speech and drama, addressed the Orientation II class on the importance of good speech. He emphasized the fact that today in order to secure a good job one must have good speech training. Aspects of good speech involve pitch levels, tempo, quality, volume, articulation, pronunciation, ear-training, poise and projection.

NEED TO SPEED UP THE TEMPO

That students must speed up the tempo of their labors does not mean they should forego all pleasures and all recreation. The soldiers and the sailors don't do that. Harder work makes recreation even more important. But when they "play," students should be able conscientiously to feel that they have earned that right.

As much as possible, students should cut in on their usual "play time" for specific, war-work tasks, civilian defense, morale building, furnishing replacements for workers shifted in war production . . . participation in the defense activities of the campus should be stepped up to practically 100 per cent.

The demands upon American students are not limited to the

LOOSE ENDS

You'd almost think it was SPRING around here—guess the fellows think they have a REASON to change the SEASON. The gals don't like this drafty weather, either.

George WILSON and Virginia COEUR twosome it at the Frolic, as did Bob BELL and Sally WEST-BROOK, Lyle ALKIRE and Margaret ACKERMAN.

WHAT'S THIS, Camille Lamson? Two dozen and three PINK roses from your Army %age?

We saw Jack ACKERMAN and Pat FRYE enjoying a FRIDAY NOON DANCE from a sunny ring-side bench.

Dayton MURRAY and Rosanne HILL make a cute couple, we think. DOLLY TOOLE and Vernon LEWIS—from discreet observations—seem to enjoy extremely each other's company. NICE.

Two old steadies still going strong—Pat BARTLETT and Brad BARNES.

Margie CLARK AND BUCK hanker for the north balcony on a SUNNY THURSDAY.

Ellis WILLIAMSON—who saw you escorting one VIDA JEAN Sunday night.

Midge LEWIS and Vernon SMITH make another two-team as of last year sometime.

FEMININE remarks about the recruiting officers would build up a little ARMY, NAVY, and MARINE morale.

We are seeing more and more of KATY and GRANT.

Something should be said concerning that "low altitude" couple, JIMMIE ROSCOE and OPAL SHULL . . . but we see GENE BLACKBURN, another small sizer, cuttin' in all the time.

Some DORMITES we hear are thinking of editing a complete works about "Eight on Saturday Night," or "The Adventure with Mr. Harris" . . . should contain all the rules of football, a complete accounting of the system of counting used at Hammonds, and the time . . . Hammond time, of course. May we apologize, kindly? to JONES, JANE, MR. X, and several others we could mention.

LOOKS LIKE THAT'S ALL.

males, not in total war. Women must be prepared to fill the places left empty by men gone to the front.

And it behooves this generation of youth to insist that America's war effort is really a "total war effort." Every delay and every failing will mean more lives lost—lives which will come from the numbers of youth. Young people have a vested interest in victory; they should be the last to complain of measures to speed it.

HIRED HELP

"May Pop, busy?" ... "Oh, hello, Dean. What can I do for you?" ... "Well it's like this. Everybody on the staff wants to write about students, but look at all the other characters on the campus, Murph, Mrs. McKittrick, even old Nick. So I decided to start a column and give the oldsters a bit of publicity. How about starting on you?" Well, that's how it began and here's the dope.

Before Pop started teaching in 1907 he was working for ten cents a day for a twelve hour shift. Nice work, huh? Then he started teaching high school five months a year for ten dollars a week and boarding at a place called "The Beanery" for three-fifty a week. But he said he was doing okay for those days.

Humboldt first saw him in 1915. A Hammond lumber pile and a planing mill now covers the old college site. He was one of the original faculty and is the only one in school today who can claim that honor. One of the courses Pop taught then was physiology; would you believe it. Classes were held every day instead of two or three times a week.

Because of the necessity for finding a cheap type of handiwork he made use of the abundance of clay found in this locality. From this sprang his epic of pottery work. He started a business of his own with a shop where the Arcata Library is now. His artistic handiwork was sold from Salem, Oregon to Berkeley, California.

For sixteen years one of his hobbies has been writing articles on industrial education for magazines. He writes for "Instructor

Design," "School Arts," "Home Craft" and "Popular Science Monthly." He has written for the latter for over ten years. You can see his picture shining out of the October issue of "Outdoor Life" and if you're interested in skiing see the December issue when it comes. He also has written a book on pottery which you can find in the library.

Another of his diverse hobbies is eating. He prefers donuts, hot-cakes, taffy, lemon chiffon pie and chicken dinners. His famous 'taffy pulls in the shop' are a familiar memory to the older students. Pop says, quote, "I guess the war made the students lose their appetite. I haven't heard any demands for donut feeds lately." Pop also has a gift for invention. One of his more famous creations is his left handed boomerang.

Mr. and Mrs. Jenkins have two sons, Harold and Channing, both ex-Humboldt students. Harold is head of the Industrial Education Department at the junior high school in Pittsburg, California, and has been married a month. Another Channing is a technical sergeant in the Photographic Division of the Air Corps "somewhere overseas."

Pop says he thinks the older people have loaded the youngsters down with an "awful big job" but he believes in the "younger generation" because they have "fewer inhibitions" to hold them back. He has "no hankerin'" for the old days.

All college students are invited to attend the College Y meetings on Wednesday noons in the small dining room at the commons. There will be speakers, music discussion and singing.

A JITTERBUG JOINS UP

BY JOAN HOVEY

Johnny Jones, a product of two simple country people who never thought of "truckin' on down, "Jammin'" or "jivin'" or "goin' to town."

But their son John was a jitterbug. Always thinkin' of "cuttin' a rug" Zute suits, song hits, hot stuff and swing.

To him, these were everything.

He used such words as "corny" or "sweet,"

"Smooth and mellow" or "turn on the heat,"

"Sharp" and "hot" and "right on the beam,"

"Out of this world" and "right with the team."

But John was just about twenty-one. And one day Uncle Sam said, "Son, There's three skunks that got to be beat,

So that's the place to turn on the heat."

Now John gets up at a quarter to six,

To hear the bugler play some hot licks,

And his vocabulary has a new tone:

"Yes, Sergeant," "Yes Sir!" "Oh, I wish I was home!"

Invest in war savings stamps and stamp out the Axis!

Humboldt State College Wins Over Coast Patrol

the SPORT SCENE

—BY BOB BELL—

Earl Minnewweather former Humboldt State ball carrier, now with the San Francisco Packers, took his Army physical last week and is expected to be called anytime now. (Who isn't?)

Cledith Davenport, one of the few juniors at Humboldt, took a decision over Daryl McCobey of Hoopa last Saturday night in a fast fight at the Civic Auditorium in Eureka. Davenport has been active in most of the amateur bouts around Eureka.

I was just thinking that St. Mary's Pre-Flight School should have a good team with all the coaches they've got. For those of you who haven't already seen the names of their Athletic staff, they are: Sam Barry, Jessie Hill, Bob McNeish from Southern California; Jim Lawson from Stanford; Larry Lutz of California; Tex Oliver, Vaughn Corely of Oregon; Hal Moe and Jim Dixon from Oregon State; and Spike Nelson of Yale.

I hear RUMORS about another Dorm vs. Commuters game but that seems to be as far as it goes. What about it fellas?

DEAN OF WOMEN TO INTERVIEW FOR WAVES

Mrs. Monica Hadley, dean of women, has been asked by the Navy to interview women as liaison officer and to address women's groups outside college encouraging them to enlist in the WAVES.

"It is not our intention to encourage women to leave college, but to enlist as yeomen upon their graduation," the department emphasized.

The three divisions into which the WAVES are divided are the W-V (S), or the Women's Volunteer Special, which consists of commissioned officers; the V-9, or midshipmen, who train at Smith College; and the V-10, or enlisted women, in which class the Navy is most interested in getting enlistments.

Applicants must be between the ages of twenty and thirty-six years, and are needed for office-secretarial work, storekeepers, (in which accounting and bookkeeping are required) and in radio work. Pay ranges from \$160 to \$200 per month.

Training will be on the campus of the University of Wisconsin, the University of Indiana, or Oklahoma A. and M.

SKATING PARTY IS ENJOYED BY COLLEGE GROUP

A large crowd of college young people and their friends attended the skating party sponsored by the college "Y" at the Arcata skating rink Wednesday evening.

Commuters Beat Dorm Team With Score of 12-0

BY BOB BELL

Remaining UNBEATEN, UNTIED, and UNSCORED upon, the Humboldt Commuters defeated the Dormites 12 to 0 on the local field last Thursday. For the spectators it was a hard game to watch. The ball would be centered, a cloud of dust would be kicked up and the whistle would be heard.

The Dorm team held the Commuters scoreless in the first half but could not stop them in the third quarter. Ferguson's pass to Bartlett, who was stopped on the Dorm's one yard line, set up the first touchdown. Ferguson then plunged through center making it 6 to 0. The try for conversion was stopped.

SECOND SCORE

The second score followed immediately on the kickoff when Earl Biehn intercepted Clark Nellist's lateral intended for Iten and ran over for the touchdown. The try for conversion failed when Jensen of the Dorm caught Ferguson before he could get a pass away.

Outstanding run of the game was Ferguson's 60 yard return on the opening kickoff behind some beautiful blocking.

McCain, Iten, and Jackson stood out on the Dorm team while with the commuters, it was Alkire and McMillan on the line and Bartlett, Biehn, Cousins, and Ferguson were all outstanding in the backfield.

The starting line-up was: for the Dorm—Don Terbush, RE; Dave Tolle, RT; Henry Frank, RG; Elvin Jackson, C; Wally Elliot, LG; Perry Delaney, LT; Jim Wheeler, LE; Clark Nellist, Q; Bob Bell, RH; Fred Iten, LH; Herb McCain, F.

For the Commuters, the following starting lineup was used: Don Hurst, LE; Lyle Alkire, LT; Bill Poe, LG; Charles Gorder, C; Bill McMillan, RG; "Bub" Winzler, RT; Dave Mitchell, RE; Tom Bartlett, Q; Wiley Cousins, LH; Earl Biehn, RH; Grant Ferguson, F.

Referee was Marty Mathisen.

Solid Stuff At House Of Rice Record Session

On Friday evening some "hep" students of Humboldt gathered at the house of Rice and held a modern swing session, a session that lasted until 12 that evening. Some of the students that were there were Bill Poe, Marjorie Clark, Fred Wright, Nancy Crane, Homer Arnold, Bob Atwood and Jack Ackerman.

Music was furnished by records owned by the various boys and girls that were there.
