

# Humboldt Lumberjack

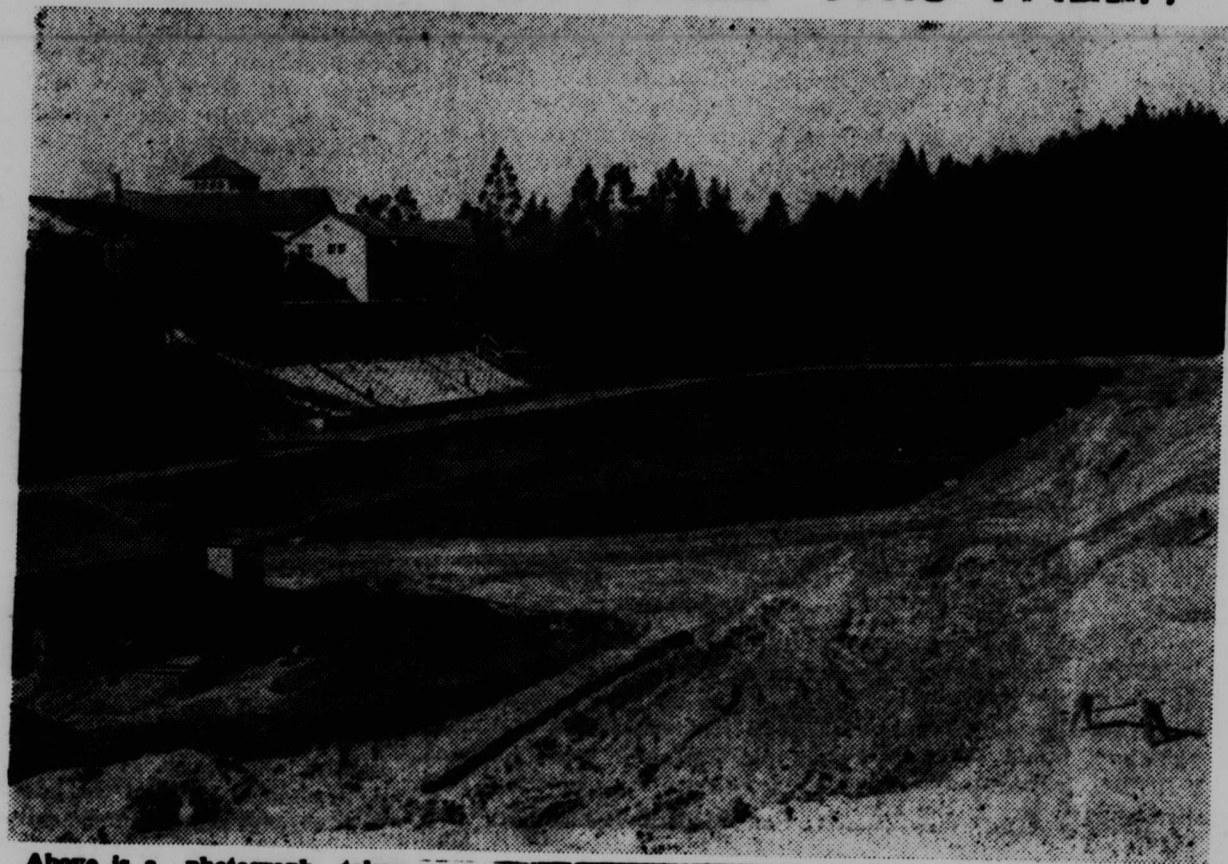

HUMBOLDT STATE COLLEGE in the REDWOOD EMPIRE

HUMBOLDT LUMBERJACK,

WEDNESDAY, MARCH 11, 1942

## Special Assembly Slated Thursday

READY FOR FOOTBALL THIS FALL??

Above is a photograph taken last week of Humboldt State's nearly-completed new football stadium. According to President Arthur Gist, the stadium will be ready by September of this year.

### New Chairmen Appointed For AWS Convention

Eleanor Shaw is the new general chairman of the Associated Women Students convention scheduled at Humboldt for April 17 and 18, and Sara Southworth will take care of registration.

Following registration on the afternoon of April 17, the Mens Association will sponsor a tour of the campus for the visiting co-eds. After the student Variety Show, which is to be given for the convention, the Music Club plans to serve coffee in the College Social Unit.

Various committees are working on plans for the comfort, convenience, and entertainment of the convention guests, and the local officers and girls hope to make the convention here one to be remembered.

### Radio Class Slates Program Friday

Hale's "Man Without a Country" will be presented by Don Karshner's Radio Production Class Friday, March 13 over Station KIEM.

The class plans to give a program every two weeks thereafter until the end of the semester. The programs will feature radio plays, radio forums. They plan later to focus some attention on commercial recordings.

### College Radio Class Begins Program Series Over KIEM

#### A Cappella Choir Opens Radio Series

Humboldt State's A Cappella Choir was featured in the first of a series of eleven college broadcasts last Thursday evening at 6:45.

This program was transcribed and presented for radio listeners on Sunday afternoon.

The A Cappella Choir was also given a rare opportunity several weeks ago when it appeared before the Trapp Family after the concert that evening. The choir on this occasion received valuable constructive criticism and was given due praise by the members of the Trapp Family and its conductor.

#### Frosh Class Elects Larsen

Les Larsen was elected vice president of the freshman class at a meeting Tuesday, March 3, in the auditorium. Plans were discussed for a possible student assembly to be given by the class March 17, and also for a beach party. Jack Piersall presided.

#### EXHIBIT ON DISPLAY

On display in the front hall is an exhibit on Australia contributed by Bernice Telford, '45.

The display features maps of Australia and various souvenirs. Prize item is Waggabindi, the toy koala bear (Australian teddy bear).

Lumberjack staff members will meet Friday noon at Nelson Hall, small dining room. Important!

MC'd by members of the Radio Production Class, Humboldt State College is sponsoring a weekly series of radio program over KIEM. These programs, which started last week with the A Cappella Choir, will feature the talents of both the students and the faculty. They will aim to be entertaining as well as educational. If successful, the programs will be a weekly feature the entire school year.

#### SERIES SCHEDULE

Every Wednesday at 6:45 P. M. until the end of May these programs will be broadcast. The following are scheduled:

- March 11, Fred Telenicher.
- March 18, Student Variety Show.
- March 25, President Gist.
- April 1, Raymond Fisher.
- April 8, Student Government.
- April 15, George Murphy.
- April 22, Student Forum.
- April 29, Helen Garvin.
- May 6, Student Activities.
- May 13, James Hunter.
- May 20, Charles Fulkerson.

### Merlyn Allen Joins Naval Reserve

Merlyn Allen, a former HSC student, left Sunday night for the Naval Reserve. He is an apprentice seaman in class V-6. After the four month period of preliminary training, he hopes to be admitted to the Hospital Corps for Pharmacy work.

While at Humboldt he was working toward an A. B. Degree in Biological Science. He was in his Senior year, and was an active member and past president of Sigma Epsilon Rho, the Science Club.

### Executive Council Schedules Student Body Meet at 11 a. m.

Vital issues will feature a special student body meeting scheduled for tomorrow morning, 11 a. m., in the auditorium. This meeting has been called by the Executive Council.

Student leaders anticipate a stormy session with open discussion on eight major debatable questions the order of the day. This special assembly is a result of student demand for a bigger voice in campus administration, as voiced in the recent heating business meeting.

#### EIGHT ISSUES

According to student body president Fred Slack, students will have their chance to argue the why and wherefor of any A.S.H.S. activities, and ask any pertinent questions. The following points will be analyzed for the benefit of the student body:

1. Should Humboldt State continue football?
2. Should the Associated Students continue to finance the A Cappella choir trip to San Francisco? No income received from this trip.
3. Should the Associated Students continue to finance the dramatics trip, from which we receive no income?
4. What are our chances of covering our deficits? What should be done?
5. What shall we do concerning baseball, basketball, and track this spring?
6. What is the condition of our Sempervirens?
7. What about carbonator? How much did it cost?
8. What about our station wagon?

### Les Brazelton To Portray Narrator In Student Show

Les Brazelton, second semester freshman from Eureka, has been chosen for the important part of the narrator in the Student Variety Show. The show will be presented March 24, 25, 26. The part, similar to that of the narrator in the play "Our Town," will be that of an elderly small town man with a philosophical bent who supposedly knows everybody in the audience. His job is to establish a rapport between himself and the audience.

Brazelton had a prominent part in "Lima Beans," a one act produced by the Play Production Class last semester. The part of the narrator, however, is the biggest job he has done to date. He is writing his own script with the assistance of Mr. George Murphy.

### Sigma Epsilon Rho Ceases To Function

Sigma Epsilon Rho, College Science Club, declared itself in a state of inactivity last week. Due to the present war emergency there is no chance for a project or for any extensive trip. The trip has been a yearly objective in the past.

Membership will stay as it is and the money in the club treasury will stay in the financial office until the club re-organizes.

Officers of the club were Bob Bryan, president; Richard Tinkey, vice-president; Eleanor Mathews, secretary, Rod Bryan, treasurer, and Dr. William Lanphere, advisor.

### Kindergarten Club Backs Project

With meetings scheduled every other Tuesday and Friday, 3:30-6:00 p. m. Humboldt's Kindergarten Club is now working on a patchwork quilt for the Red Cross.

President Dorothy Hunt has announced that new members will be accepted at this time, and that club meetings are held in the Kindergarten room at the college elementary school.

Any and all donations of rags are needed. Donations should be given to Miss Ruth Bestor.

#### SENIORS TO MEET

There will be an important meeting for Seniors Thursday, March 12, at 4 p. m. in the College Elementary School auditorium. President Arthur Gist and Mrs. Myrtle McKittrick will speak on placement.

### Gist Addresses Teacher Prospects At Special Meet

See your advisor as soon possible and find out how soon it would take if you were to attend through college; decide what you would take if you were to attend summer school. These were the two requests made by President Gist in his talk in the special assembly held March 5 for the prospective teachers of Humboldt State College.

President Gist discussed other ways of speeding up the curriculum, and it was suggested from the floor that students vote again on the three semester plan.

#### SPEED-UP NEEDED

The need for the "speed-up" is because of the pressing teacher shortage, due to the war. During the last war many incompetent teachers got into the teaching field, and during this war they are trying to keep these inferior teachers out, and fill the vacancies with teachers who have completed college through the shortened curriculum.

## BOIL IT IN OIL

Del Mar, Calif.  
March 3, 1942.

Dear "Jack"

The US Mail has just delivered up the Feb. 18th issue of your excellent paper, and it is like meeting an old friend--or rather, many old friends. I have just read the news-pages, one to four inclusive, and even though I have been gone from HSC for over a year, faces on the 'home front' don't seem to have changed much, except for those who are working for 'Uncle' in one branch of the service or another.

I guess Len Mosley and I were among the first of that ever-growing procession to trade books for the tools of modern warfare. I wonder if you've forgotten us so soon? It was just a year ago today that we were inducted, and I'm sure that a lot of us would like to catch the guy who said, 'Good-bye dear. I'll be back in a Year. That couldn't be called murder, could it?'

It seems that a good many of the Humboldt fellows are in this vicinity, fr'instance, Gillis Courtright in Camp Callan, Fred Price and Zane Nichols in the Naval Training Station, Bill Farber in the Marine 'Boot' Camp, us fellows in the 184th, and I don't know how many more. I guess you'd call it coming South for the winter!

Looking forward to the arrival of the next issue of the Lumberjack--  
Corporal Bob Frakes.

\*\*\*\*\*

Well, kids, here I am at my permanent camp. After much changing and re-changing, I am finally settled. I think it is safe to give you my mailing address now, as I am destined to be stationed here for at least eight weeks.

Don't believe all those rumors about how lousy army life is. As far as I am concerned they are all false. You get out exactly what you put into this training.

Due to some previous military training I have been made an acting corporal and am training recruits.

Pvt. Edwin Speier.  
Battery B--31st Battalion.  
Camp Wallace, Texas.

Ed. Note--You'll hear from us; we appreciate the thought!

Badminton for recreation! If you want to spend your leisure time doing something worthwhile besides studying, sign up for these afternoon periods now. Badminton is a sport that can be carried on after a person leaves school. THINK IT OVER!!

**B. B. Bartlett, Opt. D.**  
**S. P. Bartlett, Opt. D.**

## Reiteration Of "The Facts" Herewith

In response to student demand, the Lumberjack herewith submits vital statistics concerning the Executive Council.

### TO CONTINUE

Members of the council are elected at a general student body election every spring semester. The council meets once a week to transact student body business. The council prepares a budget, and has general supervision of the finances of the student body. It is made up of the student body president, vice-president, secretary, and treasurer, and the six members of the board of control.

### AND FURTHERMORE

The president is Fred Slack, vice-president, Bill Jackson, Secretary, Susan Wilson; treasurer, Milt Carlson. The members of the Board of Control are Dorothy Hunt, Barbara Bird, Lolly Scholl, Clarke Nellist, Fred Smith, and Thurston Womack.

This semester the council meets every Thursday noon at Nelson Hall.

Any student or group of students may appear before the council to propose legislation or give an opinion, or present any legitimate request.

The student body may repeal any act of the council.

Fred Smith

## Editor Announces Group Pictures Slated This Week

Wallace Williams, editor of the Sempervirens, announced that classes, organizations and their officers are being photographed this week. He again asks that students cooperate to their utmost by being prompt.

The engraving contract has been signed. At present the book is at the printers, and the staff is awaiting a price estimate.

Next week the staff will start the write-ups. Any organization wishing anything special said about them should contact Wallace Williams, or Eleanor Matthews immediately.

## BULL SESSION

BY REAUME

Dear Boss:

Now that my "friends" have called off the bloodhounds and put out the stink bombs, I can take off my gas mask and bring you up to date on my flight for freedom.

Remember when the Dormites were reading my column last week? Remember when a couple of them muttered: "Let's lynch 'im!'" Well, I didn't think anything about it until I saw Gilly start ripping the rug into strips and knot them together.

About that time I decided I'd better pack my toothbrush, my secretary and my copy of "How to Lose Friends and Alienate People" and leave. Quietly.

I did. However, the bloodhounds trailed me here and I've been forced to hold them off with only a light cannon and a copy of the aforementioned column. When they storm my hollow stump, I wave the column in front of them until they see red and are forced to retire to rest their bloodshot glims.

As soon as the heat is off, I'll be back. Just now, I am quite content with my present companions, a bear, three crows, and a termite, who has endocarditis and peritonitis, poor guy.

See you later, boss.  
Your faithful assoc. ed. S. E. R.

\*\*\*\*\*

### IDLE THO'T

Was wondering just how long it would have been before those two bombers would have been back in the air had they landed practically anywhere in the world besides Eureka... Three weeks??

### WORTH MENTIONING

Cab Calloway's "Quizical." KGO at 6:30 p. m., Wednesdays... Cornelia Otis Skinner's "Soap Behind the Ears" ...or hadn't you heard?? ... "What We Didn't know About Russia," in this month's Reader's Digest. Three years ago, the author probably would have been jailed. Or at least blasted by Winchell... but "tempora mutantur, et nos mutamur in illis."

\*\*\*\*\*

### THINGS I NEVER KNEW

TIL NOW That Fort Warren, Wyoming, still operates on Standard Time, Fort officials maintain that War Time would not save electricity... That in the ten th century a Welsh King hired a servant to scratch his feet from dinner time until bed time... That General Douglas MacArthur coached football at West Point in 1926 and produced a team that didn't lose to Navy (for the first time in years.) Incidentally, all but one of the members of that team are now serving under him in the Philippines or Hawaiian Islands... that at least five men (all of them very much alike) have claimed to be the original Jesse James. P. S. He was shot, killed and buried in 1882... \*\*\*\*\*

### IN REPLY

Dear Sir: Referring to your letter in Bull Session of the March 4 issue of the Lumberjack, we of the Dorm have a few gripes of our own. Permit me to list a few.

First of all we, of course, noticed the advertisement of the Lumberjack's forthcoming Mixer Dance prominently displayed in the social unit of our "anti-democratic" Dormitory. It seems that Maury Ayala was denied the privilege of having his dance of February 13, last, advertised by means of posters in the Co-op. There should be no distinction on the part of the students. As far I have been able to make out, no permission had been asked for, or granted by or to, the office of publications for displaying posters other than on the bulletin board of the front hall.

To get off the subject of petty differences, one of my, and other

Members of the student body's, pet gripes is the wearing of school emblems other than those of Humboldt State College. In all other schools, is is either in the constitution or an unwritten law that no block shall be worn other than the one that represents the school now being attended.

These are my own ideas and I am authorized to speak for no one but myself. But I do wish that you could call the latter part of my letter to the attention of the student body through your column even if no other part is mentioned.

Keep up your good work.  
W. Jensen, '45.

\*\*\*\*\*

Thanks for your interest, W. J. I want to add here that with regard to the Ayala posters matter, his dance was for personal profit only, while the Lumberjack dance was to raise funds for a campus organization, and was sponsored by a campus organization. There IS a difference. The Lumberjack poster displayed at Nelson Hall and NOT approved, should not have been there. It was supposed to be discarded, and was not originally put up by a member of the staff. It should have been taken down, granted.

S. E. R.

\*\*\*\*\*

### THINGS I NEVER KNEW

TIL NOW That Fort Warren, Wyoming, still operates on Standard Time, Fort officials maintain that War Time would not save electricity... That in the ten th century a Welsh King hired a servant to scratch his feet from dinner time until bed time... That General Douglas MacArthur coached football at West Point in 1926 and produced a team that didn't lose to Navy (for the first time in years.) Incidentally, all but one of the members of that team are now serving under him in the Philippines or Hawaiian Islands... that at least five men (all of them very much alike) have claimed to be the original Jesse James. P. S. He was shot, killed and buried in 1882... \*\*\*\*\*

### RANDOM SHOTS

Rod Belcher wrote a review of a movie in last week's issue, and a very fine review it was, too. As a matter of fact, when he read it in the paper, he was so impressed that he decided to see the show again, and yet again! (Total, 6 times)... The March 9th issue

of "Time" mag. carries some interesting yarns about the Philippine defenders. They read like stories of the early settlers and the Indians... Irony: The Japanese government issued a Peace Memorial (!) stamp in 1919. Shows the conventional dove-olive branch duo. Veddy pritty, Mr. Moto... Floyd "2.94" Marchi was dissecting out the nerves of a frog the other day. Wally Williams insists that the tune he was humming was "Silver Threads Among the Gore"... tee hee.

\*\*\*\*\*

### PURELY PERSONAL

A rumor is abroad that I was stooging for the editor when I blasted the dorm last week. Since the originator of this libelous little gem remains anonymous, I must reply in print:

"Look, chum... This column is headed Bull Session by Reaume. What I print under MY NAME are MY OPINIONS. They may be shared by others, but unless I am convinced of them, they will never appear in the column UNDER MY NAME!"

\*\*\*\*\*

### GROOVES AND RUTS

Jimmy Lunceford's recording of "Blues in the Night"--a rut; but deep--Benny Goodman recently whipped up a little number called "My Little Cousin." It isn't much of a tune, but it's reminiscent of the good old days when he recorded "Joseph, Joseph." I waxed nostalgic... Latest victim of Freddy Martin's Murder-the-Masters series: Grier's Piano Concerto in A Minor...

### PASSING PARADE

Have been told that all these new gas stations are now one way the companies have of beating the rap of the expected fuel rationing. IF true, this certainly is an inspiring show of "patriotism" and "co-operation" by these companies. Am heartily in favor of the latest trend in women's bathing suits: Visibility unlimited... Did you see the enticing travelogue advertising the charms of Hawaii? Played the local cinema lately. Wotta sensayuma... Forgot to mention that the most solid session on the air is put out by "The Chamber Music Society of Lower Basin Street" (KSL, Wednesday, 7 p. m.)--as if you didn't know.

\*\*\*\*\*

While Congress squabbles over Donald Duck, and while you and I warble vicious ditties like "We're Gonna Have to Slap"... etc., Mac-Arthur's men are slogganning "Better Buy One Bomber Than Be Buried on Bataan"... And brother, they mean it!

S. E. R.

Attend tomorrow's assembly without fail--it will be a very important business meeting.

The Health Office has announced that Tuberculin tests will be given very soon. Watch for the notice.

# Three Queen Candidates Sponsored To Date

## Staff "Raises the Ante:" Three Co-eds This Week

### Daly Bros. Plan "Open House" Spring Showing

Daly Bros., Humboldt's leading style center, will gloriously usher in a new Spring Season Saturday when they will hold "Open House" in every department of the store.

Particularly exciting for all co-eds of Humboldt State will be Daly's opening in the Sportswear Shop, on the second floor, where a gala array of new Spring and Summer sportswear will be shown and modeled.

HSC co-ed Ida Massel will be one of Daly's attractive mannequins to show the variety of new fashions on display.

#### VARIETY OF STYLES

Slack suit, separate slacks, jumper dresses, new Spring sweaters and skirts, bold plaid suits and many other fashions will be shown along with correlated accessories such as play shoes, handcarved jewelry novelties and scarves.

#### COEDS INVITED

All college women are invited to attend . . . to come early and stay late . . . and to make Daly's Sportswear Shop their headquarters for the day. Free gardenias will be presented to everyone visiting Daly's Saturday morning.

---Helen Humboldt.

Not one, not two, but **THREE** photo-genic co-eds this week!

Without further ado we'll launch into description.

"Torrid in pigtails . . . captivating dimples . . . pixie-smile . . . is your heart combustible? You'll find the answer to all this when you gaze at Lean Taylor through the glass of the Lumberjack showcase this week.

A second charmer seen all too seldom this semester (because of her duties at the Elementary School) is Dorothy Hunt. A senior with **BOTH** beauty and brains, Miss Hunt is small, shy, and lovely. See for yourself.

Also pictured this week will be Miss Shirley Kirkpatrick. She's the popular and attractive president of the Favonian club. She's famous for her dimples, too!

---The Staff

## SUGAR AND SPICE

#### C'EST LA GUERRE

Well, milady, now that the boys are fighting and the guns are booming, what are you going to wear? What with no rubber, no silk, very little metal, and shortages in everything else, what will you use to avoid that Lady Godiva look?

#### FROM THE DEEP SOUTH

Cotton is the fabric (s) of the year for everything. Raincoats and evening clothes will come off the same bush. Thank your lucky stars that the scientists got busy a few years back and made variations on the cotton theme or would be in the nicest (!) fix this year.

#### THAT RUBBER SHORTAGE

So far, we don't know just exactly what's to be done but . . . they made them before without it and they ought to be able to do it again.

#### GAY NINETIES

And the gay forties. For the sake of the boys' morale and for the general appearance of things, the feminine population will make appearances in the giddy, gaudier portions of the rainbow. According to one fad-mag, the colors come straight from the Seminole Indians of Florida. Take a gander of their uniforms in color and then discard that meek scheme you were contemplating for the Spring Parade.

#### COSTUMING THE CHARACTER

You might think about being anything from a Gypsy to the spirit of '76 and be right up to tomorrow. The Spanish senorita is a nice theme or the Russian ballerina. A word to the wise: Don't try combining types . . . unless you like to keep them guessing. It isn't fashionable, but go ahead if you want it like that.

## Nelson Hall Men Vote To Sponsor Nellie Dickson

Nellie Dickson, petite, brown-haired freshman from Eureka is the choice of the men of Nelson Hall for their candidate in the current queen contest sponsored by the Favonians.

Nelson Hall's male element was unanimous in choosing "little Nell," and in a body vowed to do their utmost in supporting her in the quest for the crown.

Little Miss Dickson is expected to prove an especially serious contender for the title of Queen. She entered Humboldt in January as a freshman and is taking a special course. She has a prominent part in the forthcoming Student Variety Show, and takes part in other activities as well. Her favorite sport is skiing, and she was seen many times on the slopes of Grouse Mountain this winter among the other college skiers.

## Out Of The Fog

#### AND THEY AREN'T KIDDING

Mu Epsilon Psi met yesterday to discuss sponsoring a Campus Queen candidate--with unusual results. They will NOT sponsor a co-ed--it will be a Campus King, or nothing!--according to spokesman Miss Helen Garvin.

\*\*\*\*\*

"And we want a cake big enough for fifty! This was the order Mrs. "Russie" Powell had Tuesday morning from the gang at Nelson Hall. The occasion was the birthday of Miss Imogene "Mady" Platt, head resident.

\*\*\*\*\*

#### AMAZING

Is the news that Rod Belcher, Arlo Murray and Bill Granich will portray College Elementary School cuties in the forthcoming Student show. Rod will wear a red wig and a "petite" pink dress, among other items. Rod, by the way, squirmed Barbara Conoly to the staff dance Friday night.

\*\*\*\*\*

#### FROM CORPUS CHRISTIE

Comes the word that Herbie Gomes (class of '41) will be graduating around May 1. He will go into the Marines as a dive bomber, with one of the best flight records ever made at Corpus.

\*\*\*\*\*

It's now very apparent that Arlo Murray's new affinity is Dolores Scholl, not the gal whose name was linked with his in last week's Fog.

\*\*\*\*\*

#### BEHIND THE SCENES

A near-catastrophe threatened members of the Lumberjack staff on the eve of the victory jig last Friday at 6 p. m., the "shipmen" of 60 dance recordings ordered arrived at the gym--6 strong. And were mainly of the Hoosier Hot Shots and Roy Smeck variety. (Yeah, we felt that way too!)

## FIVE MEN TO SPONSOR DORIS GODDEN

Five HSC men are sponsoring Doris Godden, enticing commercial art major, as the contender for the campus queen crown. Miss Godden was featured last week as one of the Lumberjack staff's photo-genic co-eds.

Heading Miss Godden's sponsors are Maury Ayala and Vernon Smith, who have predicted "something different" in campaign strategy. Since details of this strategy (and, incidentally, their candidate's publicity) are lacking at the time the Lumberjack goes to press, all interested are admonished to watch the bulletin boards and wait for next week's paper.

---H. H.

Thru this column the staff wishes to make it known that thanks are due Mr. John Van Duzer, Miss Imogene Platt, Pearl Rand, Stan Pedley, Bernice Telford, Vernon Smith, Wallace Elliott, Ruby St. John and Warren Elmore for coming to the rescue with recordings.

\*\*\*\*\*

#### AND WHY

Don't you try submitting a name in the "Name the Student Show" contest? You know, besides two complimentary adult tickets, you may win undying fame, and all that sort of something or other.

Attend tomorrow's assembly without fail--it will be a very important business meeting.

Lumberjack staff members will meet Friday noon at Nelson Hall, small dining room. Important!

## Mary Acheson Choice Of Men's Association

Fair and blue-eyed Mary Acheson from Eureka was chosen by the Men's Association Friday, March 6 as their candidate in the forthcoming Favonian "Queen of the Campus" contest.

Miss Acheson first entered Humboldt State in September of 1940, and is completing her commercial course this semester. She was elected Maid of Honor during last year's contest, losing the "crown" by only a few votes.

The Men's Association in selecting Miss Acheson have guaranteed "backing Mary to the Nth degree!"

## Staff "Victory" Jig Big Success

An enthusiastic crowd celebrated the winning of the Far Western Conference title with the victorious cagers Friday night. The highly successful dance was sponsored by the Lumberjack staff.

At one end of the gym was a huge "H. L." made from lengths of teletype paper. Completing the decorations were issues of the Lumberjack, which formed a background for the dancers.

The program was ably MC'd by Mr. George Murphy. Those who appeared were Warren Elmore, Rod Belcher, Nancy Crane, Merritt Neale, Jack Sutherland, Wally Look, Louise Pearson and Maury Ayala. Proceeds from the dance will go for the purchase of cuts for the Lumberjack.

## Airlines No Longer Require Women To Be Nurses

American Airlines, Inc. will no longer require that applicants for the position of stewardess be registered nurses. C. R. Smith, President of the company, said that the policy of the company had been changed on account of the increased requirements of the war on the nursing profession.

Instead Mr. Smith said, preference in employment will be given to young ladies with college education. In addition, previous business experience will be considered.

Stewardess applicants must be between the ages of 21 and 26, weigh not more than 125 pounds, or be taller than 5 ft. 6 inches.

## --- TIMBER LINES ---

Looking into the pugilistic realm we have uncovered a bit of news about four of Humboldt's sons that might be interesting to you and you. Here it is.

The four men of our fair campus that are going to risk cauliflower ears and "blackout eyes" are Cledith Davenport, Herb McCain, Fred Iten, and Herb Christie. Of the four there is a little doubt about Iten, and that because of a weak ankle.

Cledith Davenport is not a novice in the strictest sense of the word. A while back, Cleets fought in one of the Lions' shows and was immediately labeled a "crowd-pleaser." His Tarzan physique and his Bob Taylor puss slay the femme fans! He has had some tough and experienced competition but Cleets has done alright for himself.

### HERBIE'S FANS

Drop down to the HSC gym some sunny afternoon and take a look at Herb Mc. His routine consists of a short round of basketball, exercises for the arms and trunk (no Mercium, not a suitcase!) and then a few imaginary miles of skipping rope. Then, if he can manage to put up the sack, Herb works out on the sand bag--while his audience from the Elem. school gasps with wonder--all girls too!

Of the other two fellows, I don't

## Men's Association Holds First Meet At Nelson Hall

Cigars and chewing gum, neatly arranged in barrel tumblers, characterized the first Men's Association meeting of the semester at Nelson Hall Friday, March 6.

The main topic of discussion was a change in method of awarding the Men's Association scholarship. For the past three years, the recipient of this award has dropped out of school early in the year. The award is made to an incoming freshman on the basis of scholarship and athletic ability. No decision was reached in the matter.

**QUEEN CANDIDATE**  
The group voted to sponsor Mary Acheson from Eureka as their candidate in the annual Queen Contest.

An important change was made in the date of the Annual Barn Dance. This year it will be given at the conclusion of Workday activities, replacing the Workday Dance. This year it will be given sored by the student body.

**ENTERTAINMENT**  
Rod Belcher, with a vocal solo, Merritt Neale whistling "Blues in The Night," Eddie Ruud at the piano, and Rico Bongio and El-dred Spinias playing an accordion duet supplied the entertainment. "Fined" for "capital offenses" were President Arthur Gist, Coach Earl Hoos, Mr. John Van Duzer, Coach Harry Griffith, Mr. Donald Karshner, Elmo Guilleri, and the greater majority of men present.

know too much. Herb Christite is the newly elected prexy of the up and coming Rifle Club and considering his size--I'm staying out of dark alleys! Fred has proved himself a rugged individual on the gridiron. It seems like the word "quit" just isn't in his vocabulary. Hope to have more on both of them for you at some future time.

These Fellows would like to fight under the name of Humboldt State College. They want to wear our colors when they appear in the next tournament. What about it? Persons with the authority to give permission, please note---it would put our school into another activity (no outlay of money either) and I am sure that we wouldn't be anything but proud of these boys---PLEASE NOTE AND COPY!!

About the "No trip to Kansas City." Thanks and appreciation to the persons that tried to help us by starting the movement and to all and any contributors. As for the persons responsible for the downfall of this chance of a lifetime ----- Oh, Brother!!!!

## "Super-Colossal" Describes Coming Student Varieties

Super-colossal is the word for the Student Variety Show now in production for March 24, 25, and 26. According to Mr. Karshner, it is the largest dramatic project ever undertaken by the students of Humboldt State College. Hundred students signed up to work on it and about seven will appear in the production itself.

Casting began last month for the fourteen acts (including the curtain acts). The whole show is divided into two parts: The first part deals with the background of the college from the Indians on down to the appropriation from legislature. Part two depicts college life as it is today.

**SPECIAL CLASS**  
A special class in make-up has been organized for those who are interested. Publicity for the show is under the direction of Pat Patterson. Beverly Winzler is in charge of the costumes and Stanhope Pedley is in charge of photography.

Rehearsals began last month and notices have been posted on the Student Variety Show bulletin board for the times the different acts are to be rehearsed. Students are requested to watch the bulletin for changes for notices of change of time.

Attend tomorrow's assembly without fail---it will be a very important business meeting.

## Gun Practice At Meeting Of HSC Rifle Club

Let the Japs just try to set foot on one square inch of Humboldt State College territory and they will be neatly and efficiently disposed with by those enthusiastic gun-tottlers, the Humboldt State Rifle Club. Aiming and trigger squeeze under Mr. Frost's supervision were practiced with rifles several members brought to the meeting February 24 in the social unit.

Formerly the War Department made equipment of rifles and ammunition available through the office of the Director of Civilian Marksmanship to affiliated college clubs, but this assistance has been discontinued since the outbreak of war in December, it was learned from a letter received by Shirley Anderson, club secretary, from Mr. C. R. Rogers of the National Rifle-men's Association in Washington D. C. As most of the members have their rifles, this will not be a great hindrance to the club's activities.

Although Mr. Arnold and the club officers have surveyed the proposed rifle range in back of the college, work has not yet begun.
