HUMBOLDT STATE COLLEGE in the REDWOOD EMPIRE

VOLUME XVIII, NUMBER 11

ARCATA, CALIFORNIA, WEDNESDAY, MARCH 15, 1944

## MU EPSILON PSI TO SPONSOR STUDENT RECITAL

### HSC Graduates Accept Posts In Ontario Schools

Bruce Miller, superintendent of schools in Ontario, San Bernardino County, and Mrs. Edna Andres, director of elementary education there, visited Humboldt State College Monday for the purpose of interviewing senior students available for teaching positions. Three members of the class of 1944 accepted his offer of teaching positions in the southern city for the school year 1944-45. They are Miss Gladys Smith, Eureka; Miss Zorka Stemberger, Arcata, and Miss Jean Quarnheim, Eureka.

Mr. Miller was much impressed with Humboldt State College, commenting enthusiastically upon the friendly, wholesome atmosphere, the beauty of Nelson Hall, and the excellence of the facilities and the training program at the College Elementary School. Both he and Mrs. Andres were much pleased at securing three representatives of Humboldt State for positions in Ontario which has six elementary schools and a junior high school in addition to the senior high school and Chaffey Junior College.

Mr. Miller and Mrs. Andres visited at the home of Mr. and Mrs. A. P. Patten of Eureka during their visit here. On their way south, they expect to visit other colleges and universities in their quest for teachers.

Humboldt State College has fifteen graduates interested in securing teaching positions. According to Mr. Miller, Chico State has only eight candidates this spring, and other colleges also have greatly reduced graduating classes. He predicts that superintendents will have increasing difficulties in staffing the schools for 1944-45.

### AWS SPONSORS FRESHMAN TEA

The Associated Women Students Board members and Mrs. Monica Hadley entertained at a delightful tea last Wednesday afternoon from 3 to 4 for the Spring Semester Freshman Girls. The rooms were attractive, with many flower arrangements created by Sally Westbrook and Florence Getchell and under the direction of Mrs. Little.

The Co-ed Sponsors introduced themselves to the new Co-eds. The sponsors and their Co-eds are: Katherine Swap-Marjorie Gustafsen, Florence Getchell-Yvonne Mooneyham, Jean Hardwick-Janice Langer, Sally Westbrook-Marilyn Henry-Mary Jane Stansberry, Phyllis Woodcock-Rosemarie Strang, Vernes Coben-Emma Mori, Lucille Nordquist-Shirley Cosgrave, Marian Langer-Pat Skiffington.

Virginia Coeur, a former Humboldt State student, now in the Cadet Nurse Corps at St. Luke's hospital in San Francisco, arrived in Eureka on March 11 for a weekend visit with friends and relatives. Virginia is now back continuing her training at St. Luke's.

### EUGENE THOMAS TO GET WINGS

Aviation Cadet Eugene Thomas, former Humboldt man, is a member of a class of Student Officers and Aviation Cadets to be graduated soon from the Army Air Forces Pilot School (advanced two engine) at Stockton Field, California.

He will be made a full-fledged pilot and will be given the coveted silver wings, then placed on active duty in his rank with the Army Air Forces.

Before entering the final and advanced course at Stockton Field, Cadet Thomas completed 18 weeks of primary and basic training at Santa Maria and Chico, California.

Stockton Field is the oldest advanced pilot school in the Western Flying Training Command. Many of its graduates have been cited for heroism in the sky battles over Europe, Africa, Asia and the Southwest Pacific.

### "Y" PLANS CAKE SALE

Within the "Y," plans have been formulated for a cake sale in honor of Saint Patrick's Day. So next Friday, March 17, any and every Humboldt will be lucky enough to be the recipient of a piece of Home-made Cake. The cake is to be sold at 10c a slice with a napkin, and the Saint Patrick's Day theme is to be carried out in the stand decorations and the napkins.

The "Y" also has had an eye for the future for already plans are underway for a wiener roast for all Humboldters, to be given some time in April.

Corporal Leonard Juell of the U. S. Army Air Corps, now stationed in India, has been given a citation by the Chinese government for meritorious service. Corporal Juell graduated from Humboldt State College in 1942.

### Basketball Team Proves College Spirit Still Lives

Humboldt State spirit still lives. That was proven when, on November first of last year, eight fellows and a coach faced the coming basketball season. Although the knowledge that Humboldt didn't "have much" was common, these fellows and Coach Marty Mathieson set about their task of forming a team which would fight to the last whistle. Only two members of the Varsity team had played the "casaba" game before; the others were green and untried.

At the end of the season, the Games Lost column was full and the Wins Column had very few wins recorded for HSC. To an ordinary sports fan, the season was a pitiful loss, but to Marty and his eight fellows, it was not a loss and it wasn't pitiful; instead, it was the story of a small school, few men and plenty of spirit.

In the four Chico games, Humboldt's representatives played 40 minutes of hard, fast ball; always trying, keeping on to the end.

There was only one disappointment in the whole season—THE STUDENT BODY. There were never more than ten or twelve Dorm residents at the games. The fellows playing were greatly inspired by their attendance, but the disappointment of not having the rest of the student body was great, too.

Many say that Humboldt's team wasn't worth watching; others even bet money against their own team.

It will be admitted that the basketball team lost money, but it certainly wasn't their fault. It can be entirely blamed on the members of the student body, who wouldn't support their own team—and they always groan when a treasurer's report is given on the athletic department.

Now, on the first of March, the men left are planning to field a baseball nine. The team probably won't be the greatest Humboldt ever had, but you can be sure that they will do their very best. No matter what the odds, they can be depended on to keep Humboldt's spirit alive.

Again, Marty and his group face another season with but two veterans: Granny Godec, former Fortuna pitcher, and Frog Sweet, from Arcata. Other prospective players are: B. Melendy, M. Melendy, Axel Lindgreen, Pete Anderson, Walter Bennet, Bill Cosgrove and Sut Walsh.

Possibly the student body will be able to give the fellows a little support. It would help liven school life and provide a means of entertainment for the faculty, students, and all connected with HSC.

## STUDENT RECITAL TO BE GIVEN MARCH 29, 8 P. M. IN AUDITORIUM

### Cpl. Joyce Abbott Returns To Duty At Luke Field

CPL. JOYCE ABBOTT

Cpl. Joyce Abbott, Air WAC, returned to Luke Field, Phoenix, Arizona, last week, following a 15-day furlough with her parents, Mr. and Mrs. Oscar Abbott of Korbell.

Cpl. Abbott has been in the service for a year. She was formerly employed at Brizards Store. She is a graduate of Arcata Union High School and took a business course at Humboldt State College.

### GIST ATTENDS CONFERENCE

President Gist attended a conference last weekend, made up of 500 school, professional and business people of Northern California. The topic for discussion Post-War Problems of the Pacific.

A number of men of international fame were present at the conference, among whom were Dr. C. J. Hambro, president of the League of Nations Assembly, and Mr. German Arceniegas, minister of education for Columbia, South America, who is teaching now at the University of California at Berkeley.

President Gist had an interesting conversation with Mr. Arceniegas, who consented to come to the Pan-American conference. This conference will be held Saturday, April 15, at the C. E. S.

Staff meeting Monday! (Monotonous isn't it,—But your Attendance is appreciated!)

Who's the Forestry Ranger who hunts quail with mistletoe? Some Guy!

Mu Epsilon Psi is sponsoring a Student Recital on March 29, at 8:00 P. M. in the auditorium of Humboldt State College. The public is invited to attend, and there will be no admission fee. During the intermission, coffee will be served to all who wish it.

Joyce Bruner, who is president of Mu Epsilon Psi, appointed Nancy Crane as chairman of the project. She and the other participants in the program have been working some time now under the direction of Mr. Fulkerson and Mrs. Jeffers to make this recital a fine success.

The program will consist of classical works and the students taking part will be Darwin Belfis with a piano selection, Betty Ann Coppin and Patricia Lehman, also piano selections. Vocal numbers will be rendered by Nancy Crane and Gladys Roberts, contraltos, and June Gassaway, soprano. The Girls Trio, already well known because of its active participation in extra-curricular activities will take part.

April brings the Gist Award, which is given to the most deserving piece of creative writing. In conjunction with it this year, the Mu Epsilon Psi will give an award at the same time to the most deserving piece of creative music.

The following month, Mu Epsilon Psi will sponsor another recital featuring Charles Fulkerson on the piano, and Jean Fulkerson on the cello.

These activities of the Mu Epsilon Psi are something new in Humboldt State, and will add a note of variety to the spring semester.

### Chinaman To Speak Wed., March 22

Y. C. Chu, noted Chinaman, will talk to Humboldt students on Wednesday, March 22, at 11 A. M.

Mr. Chu is temporarily on the faculty at the University of California, in Berkeley, and will lead a discussion on problems in China.

Juniors and seniors of Arcata high school are invited to hear him also, and classes scheduled for that hour will be held at 11 A. M. on Tuesday or Thursday.

### Marchi, Jackson In Phi Beta Kappa

Floyd Marchi and Bill Jackson, former Humboldt students, have been elected to membership in Phi Beta Kappa, highest scholastic organization in America. Marchi is a medical student, and Jackson has been majoring in Business and Administration. Both are students at the University of California at Berkeley, and were two of eight other college and university students from other parts of the United States to be elected to the Alpha chapter this year.

Editorials express only the views of the writer, and not necessarily those of the editor, the Associated Students or the College Administration.

### Arthur McGrath Becomes Father

President Gist received a letter from Arthur McGrath which held some awfully important news, according to Art. On January 20, 1944, Art became the father of a son, Michael Arthur McGrath!

Art is now stationed in Italy and he has an excellent opportunity to see just what the war has done to the Italian cities and people. The newsreels give us a pretty good idea, but he and his thousands of buddies get it first hand. There is a critical lack of food, and the appearance of the old people and children has a terrific effect on

### STATE FORESTER VISITS COLLEGE

M. B. Pratt, State Forester, drove up from Sacramento Saturday, to sit in for a day at the training school being given at HSC from March 6-17.

Mr. Pratt spoke highly of the program's aims and the manner in which it is being conducted. He gave a brief talk on the past and present problems of the Division of Forestry and reflected his future hopes and aims for the organization.

Now nearing retirement, Mr. Pratt has seen the Division grow from a group consisting of five Rangers-at-large to the present organization made up of employees numbering hundreds of regular personnel, supplemented by temporary forces during fire seasons which runs into four figures. He has always displayed a friendly and helping interest to his men and is highly respected and admired by all who know him.

the American soldiers!

Art doesn't know when he's going to get back, but from the sound of his letter, nothing is going to keep him from that son of his!

### JOE ERROR AND JEAN MISTAKE

Editor's Note.—This is the third in a series of articles written by Ramona, the little mouse who appeared at H. S. C. several weeks ago. It is said that Ramona hears all, sees all, and tells all. If you have any problem about what to do when, drop a note to Ramona and she will answer it in the next issue.

Often a problem on every campus, in every dorm, is: "What shall I wear?" Probably many of you have found that you don't need such a variety of clothes as you expected. The good old campus (should we say uniform?) standby, a sweater and skirt, is good for many things. This includes, classes, games, skating, bowling, and for any daytime wear around town. Slacks are for sports and lounging around, BUT the general opinion is "Definitely NOT for classes!" The formal dance is no problem. A sports dress or sweater and skirt will do for informal dances or the event of the year, the Mixer Dance.

Fellows on the campus usually wear cords, slacks and sport clothes in general—but they are also usually loath to give them up for sometimes more appropriate forms of clothing such as sport clothes for informal wear and a good suit for formal. Incidentally, fellows, you look super with a tie on—we can't understand why you dislike them so! So much for essentials!

Did I say essentials—What could be more essential than those little courtesies that are sometimes forgotten? So what if Jean is a wicked tennis player or has the best drive in the hockey backfield?—It doesn't hurt you and will certainly make a good impression on her if you open the door for her! Women love those little things and you'll get the title of "Joe, the fellow with the lovely manners." It's only a little thing, but considered proper for the fellow to take the outside of the track when walking with a girl.

There are also little things for Jean to remember too. When Joe

holds the door for you, common courtesy demands a "Thank you." There's always the problem of getting in and out of a car. If it's pouring rain and you know how temperamental Joe's "junk" is, why don't you hop out by yourself and thus help to avoid a major catastrophe like a stalled car. Be considerate and appreciative, not demanding. You rate attention of course, but then, so does Joe! Do what seems the most natural and correct—you can't go wrong!

In the theatre you don't greet your friends sitting four rows down as though you hadn't seen them for ten years, thus interrupting a good love scene or a touching tragedy. There's also the guy who sits in front of you that makes you feel like stuffing the bag of peanuts he is cracking, down his throat. AND how about the couple in the row in front and over two seats who are more entertaining than the picture itself. Do you follow me? What to do about the lady in front with the carwheel hat! It is definitely not bad manners to ask her to remove

it! She should have thought of it when she sat down.

At dances, it is good courtesy to accept a fellow when he asks you to dance, but if you feel you can't possibly, it least don't dance with anyone else!

Are you a plutocrat with a car (and some gas stamps.) Then try comparing the sound of her doorbell with the horn of your car!

Remember, it's the LITTLE things that count!

Sincerely

RAMONA.

William Green, a new freshman from Samoa, returned last Thursday, March 9, from a trip to San Francisco, where he was accepted for the Army Air Corps Reserve.

## Opal Shull and Ruth Farrar Chosen For Lead Parts In HSC Play, "Junior Miss"

The two outstanding juvenile characters in the spring play "JUNIOR MISS" have been selected. Opal Shull will play the part of Judy Graves, and Ruth Farrar, the part of Judy's playmate, Fuffy Adams. The rest of the cast will be announced later this week.

Opal Shull, a junior at Humboldt State, will have the part of Judy, a young girl who goes through the adolescent stage with much zest and humor.

Opal first came to Arcata from Kansas four years ago. Her senior year at the Arcata High School was filled with many activities. Her main activities were athletics and dramatics.

At Humboldt State College she is majoring in Education and minoring in Physical Education and English. Last semester she was on the honor roll. Always active in dramatics, she has taken part in the Humboldt plays, STAGE DOOR, HEART OF A CITY, and LETTES TO LUCERNE. She is secretary to Alpha Psi Omega, national dramatic society.

Besides dramatic activities, Opal is prominent in athletics, being vice president of the Women's Athletic Association. Among her other activities, she is a member of the Student Council.

Ruth Farrar, a Fortuna High School graduate, came to Humboldt last fall.

In "JUNIOR MISS" Ruth is to play the part of a young 12-year-old girl, who thinks that she is the opposite. Ruth is taking a pre-law course at Humboldt State College. Her activities during high school were various. She took a very active part in dramatics, athletics and music. Ruth was student director of the Fortuna High School band during her Junior year and was a member of the A Capella Choir. She is also a life member of the California Federation of Scholarship Society. Ruth has kept up her many activities at college. She was on the honor roll last semester and has appeared before the student body on many programs.

"JUNIOR MISS" is a comedy in 3 acts and is based on the novel by Sally Benson. The scenes are centered around the middle class Manhattan apartment of the Graves family. The play will be given during the first part of May by the Dramatic Workshop class.

## Sarah Davies Now With Pan American

Miss Sarah Davies, former secretary to President Gist, is now employed at Pan American Airways. She has been away from Humboldt about a year and is living in San Francisco. Her work at Pan American Airways is in the chief executive office. While at Humboldt, she also taught shorthand. She is still very much interested in it, and was studying medical shorthand last winter.

## BIOGRAPHY OF ECONOMICS PROF

This week the Lumberjack would like to give a glimpse of the very interesting life of our Economics Professor Dr. Natalie Hall.

Dr. Hall's birthplace was New York City. In telling this, she adds that she has never liked the place. We were very surprised to learn that Dr. Hall never did attend elementary school, but later in her life, took a five-year high school course condensed to three years at Charlton, a New York private school. At elementary school age, she was reading about Senate and House proceedings in newspapers, and discussing prominent political questions with visitors that came to her house. At the age of nine, she knew the senators and governors from each of the states as well as each state's foremost political problem. Also she knew the House and Senate committees and the names of the people on them. This was all self-taught, of course.

After leaving Charlton, which, incidentally, was closed the year after her graduation, Dr. Hall attended Radcliff and Vassar, and received her AB degree from the latter. There she majored in gov-

ernment and economics. She came to California to do her graduate work at Stanford. Here she received her MA and PhD in Political Science. Her thesis was written on the "Political Philosophy of the Progressive Party of 1912." The collecting of material for this took her all over the U. S.

Dr. Hall has taught at Vassar, Hollins College in Virginia, the University of Colorado, and the State Teachers College at Silver City, New Mexico. It was at Hollins, where she has done most of her teaching, that she met her husband, who is now an interne at St. Luke hospital. At Hollins, also, Dr. Hall took part in faculty dramatic productions, was chairman of the faculty dance committee, played on the faculty basketball team, and was chairman of the Founder's Day Committee for a year.

While at the University of Colorado, she belonged to the Colorado Mountaineering Club. One summer, just for a little exercise, she climbed FIVE 14,000-foot mountains. That is a lot of miles, especially since half of it is up.

When she came to Humboldt for the first time, Dr. Hall says she liked everything about it, but was keenly disappointed to find that

houses here are not all made of unfinished redwood. But, on the whole, she likes Humboldt County, our only competitor being Silver City, New Mexico.

Today, Dr. Hall is a member of three prominent organizations in her field of work: the American Political Science Association, the Pacific Coast Economics Association, and the Pacific Coast Sociological Association. Last year, she won first prize in a contest sponsored by Coronet magazine, for a letter on the subject: "Shall Roosevelt be Elected for Fourth Term?" This was quite an honor, since it was a nationwide contest.

When asked to make a statement, Dr. Hall said: "It is an inspiration to work as substitute for Dr. Balabanis, and I agree completely with his ideas on economic questions."

Basketball season for Humboldt women was off to a bloody start last Thursday when the Frosh morning team CLASHED! with the Frosh afternoon team. Fortunately no fatal casualties occurred, but Anna Babler, a plenty tricky

forward, picked herself off the floor once with a sprained wrist and a pained expression. Marge Norberry would shout her battle-cry: "That's it!" and another score would be chalked up for the afternoon team. The battle raged fast and furious with the morning team trailing about four baskets all the way to the fourth quarter. Then by sheer physical endurance and a little skill, the morning team managed to catch up with, pass and beat their opponents by one bas-

## Recreation Nights Prove Successful

Anyone who is missing the Tuesday night Student-Faculty get-together sure doesn't know what it's all about! So you think the pros can't take it, is that it? You should have been there last Tuesday. Mr. Fulkerson admits he knows nothing about Volley Ball, but he sure caught on quick! Marty and Dean Hadley thought they were pretty sharp at Badminton, they are! but with the help of the Forestry Division, the faculty "unbeatables" were licked!

Another thing, gals, the rumor about the Women's Faculty B. Ball team is confirmed! There promises to be a super game in the near future which ought to be murder! Have any of you see our Dean dig up some of her old high school tricks? Well, they really are sharp! She threatens to use them, too. We don't know who will be on the team, but our guesses include Mrs. Everett, Dean Hadley, Mrs. Karshner, Mrs. Jeffers, Mattie, Mrs. Little, Miss Romero and probably some of the Elementary School teachers. So how about it! Do you have any old scores to settle?

By the way, guys, if last Tuesday was any indication, you would really have some competition in your favorite sport, Basketball!

Since this project has gone over so well so far, the gym will be open on Thursday nights. So there's your invitation, all you have to do is accept!

ket! The final score was 22 to 24. Mary Borel of the morning team and Marge Norberry of the afternoon team led the scoring with five baskets each, each showing a great deal of skill in tossing the ball through the hoop.

On the morning team were the following: Mary Borel, Virginia Hill, Helen Millios, Meredith Beck, forwards; Valjean Frasier, Ruth Farrar, Betty Barker, Marie Syvertsen, guards. The afternoon team was composed of the following players: Goldie Petrovich, Anna Babler, Marge Norberry, forwards; Marjorie Rimby, Justine Swift, Pat Smith and Anne Mudgett, guards. Officials for the game were Lucille Nordquist, referee; Shirley Thompson, umpire; Jean Hardwick and Sally Westbrook, scorers, and Jo Bruner, timer.

The best way for a driver to get out of an emergency is not to get into it.

## CUPID CAPERS

The Women's Dorm had another surprise visit from Cupid! This time it was Ardie Peterson! Yes, Ardie announced her engagement at an informal get-together the evening of February 29, 1944. The girls were told that Ardie had some cake she wanted to feed them for her birthday which brought the whole crowd (of course— and when the cake was presented there shining forth were these words, "Ardie and Eddie."

Edward Kennery is from Globe, Arizona. Before enlisting in the Coast Guard, he attended Arizona State College at Flagstaff for two years, and eventually came out here where he met Ardie. They became engaged on February 2, 1944, so if that isn't proof that a woman can keep a secret, what is?

Ardie and Eddie haven't made any definite plans, as yet. It seems that the war still has a ruling hand in the plans of most people.

A fussy little woman had driven the grocer nearly frantic helping her figure out her ration points and find what she wanted during the busiest time of the day. At last he managed to satisfy her.

"Do you know, Mr. Peck," sighed the shopper in relief, "when I came into your store I had a dreadful headache, I've quite lost it now."

"It isn't lost," growled the distracted grocer, "I have it."

## Have a "Coke" = Hallo, Bracie

(HELLO, BROTHER)

...a way to say "Pardner" to a visiting Pole

When a Polish fyer says *Hallo, Bracie*, he greets you as a brother. The American means the same thing when he says *Have a "Coke"*, whether he offers it away from home or from his icebox at home. Around the world, Coca-Cola stands for the pause that refreshes—the global high-sign of the kind-hearted.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
