HUMBOLDT STATE COLLEGE in the REDWOOD EMPIRE

WEDNESDAY, MARCH 27, 1946

"HEAVEN CAN WAIT" COMING NEXT WEEKEND

Mu Epsilon Psi To Sponsor Recital Tomorrow Evening

A music recital, sponsored by Mu Epsilon Psi, will take place in the College Auditorium March 28 at 8:15. The proceeds derived from this recital, made possible through the efforts of Mrs. Hazel Jeffers, and Mr. and Mrs. Charles Fulkerson, are to be used to establish a fund to bring visiting artist faculty members from other colleges and schools of music here to give concerts.

PROGRAM

Toccato Frescobaldi
My Heart Ever Faithful—Bach
Pascaglia Handel
Hazel Jeffers and
Charles Fulkerson

Chorale Bach
Sonata Samartini
Jean Fulkerson and
Charles Fulkerson

Chorales: My Heart is Filled
With Longing Brahms
Deck Thyself, My Soul With
Gladness Chaminade
Le Matin Chaminade
Le Soir Chaminade

Hazel Jeffers and
Charles Fulkerson
Fantasy Pieces Schumann
Jean Fulkerson and
Charles Fulkerson
Valse Tschalkowsky
Sketch in Five-Four Time
—Griegel

Sheep and Goat Gulon
Hazel Jeffers and
Charles Fulkerson

Admission is 65c for adults and
50c for students. Tickets may be
purchased from Betty Rees, Helen
Rebeiro, Elaine Haas, John Gasser,
La Verle Morley, Bob Oliveira, or
Sara Ann Wakefield.

"Devil Dance" Is This Friday

The "Devil Dance," sponsored by the AWS with June Alexander chairman, will be held in the college gym from 9 to 12 p. m. Friday. Music will be supplied by Howard Lewis and his orchestra. Admission is 50 cents.

Decorations, centering around the theme, will provide a truly "devilish" atmosphere. June Alexander announced committee heads as follows: decorations, Laverle Morley; publicity, Astrid Olson; refreshments, Janice Sorenson; music, Frances Oldridge.

WAA Play Day To Be April 27

More than two hundred and twenty-five girls from high schools in Humboldt and Del Norte counties have been invited to attend the annual Humboldt State College Play Day, scheduled for Saturday, April 27. This year's theme is "Pirate's Parade" and activities will center around the pirate idea.

Heading the activities will be Shirley Sweet, Janice Langer and Anna Babler. Committee chair are: sports, Maricille Garland; song, Alene Beers; reception, Catherine Brandt; registration, Mary Dolf; food, Virginia Hill; booklet, Jean Johnson, equipment, Mary Dawn Melendy; publicity, La Verle Morley; program, Jinx Murphy; decoration, Ella Tinto.

Girls will attend from Ferndale, Fortuna, Eureka high school, Eureka Junior high school, South Fork, Del Norte, Hoopa, Orick and Arcata.

Golf Class Is Organized At HSC

Golf is a sport rating second only to basketball in popularity in the United States and some 20 Humboldt students have added their names to the list of golf enthusiasts. The regular golf class has 12 members, all learning the fundamental strokes with soft balls in the gym.

Other students who have had more experience and know their golf include, Harold Narron, Frank Gruhn, and Ed Dilly, all caddies at the Bayside golf course in pre-war days. Ed had twelve years of caddying at the course.

The golfers at Humboldt State have many factors against them, including the weather, a non-conditioned course at Bayside, and a need of more equipment. Future years should increase the classes and participation since golf and the club house atmosphere offer social advantages.

Cover my face with kisses!
You cover your face and it's a deal.

Did you every study a blotter?
It's very absorbing.

Spring Dramatic Production Stars Jim Walsh As "Joe"

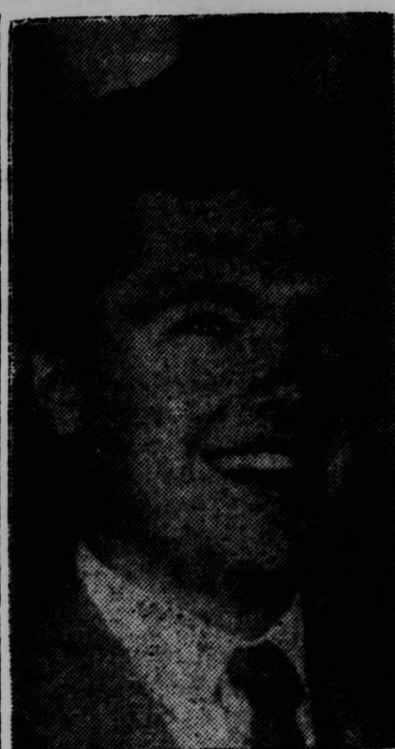

Curtain time "Heaven Can Wait," a comedy-fantasy in three acts will be presented by the Humboldt State College players next Thursday, Friday and Saturday nights, April 4, 5, and 6, at 8:15 p. m. in the college auditorium. Admission is 75c for adults and 40c for children, all seats being reserved. Holders of student body cards will be admitted free, but must procure their reserve tickets from Mrs. Brookins' office.

GOOD PERFORMANCES NEAR

Under the direction of Don Karshner, many fine performances are in sight. Many of Humboldt's returning veterans are cast in leading roles. Jim Walsh stars as Joe Pendleton, a prize fighter who is taken into the spiritual world by mistake. Jim supplies the part with both humor and sincerity. Bill Inskip, a HSC student before he went into the army, returns again to the Humboldt stage in the role of Mr. Jordan, celestial chief of the Heavenly messengers. Don Shelton, former Marine, has the part of Max Levene, Joe's manager, and offers many laughs to the audience. Jack Sivert, our student body prexy, plays the part of Tony.

June Alexander plays Bette Logan, sweetheart of Joe as he is in Farnsworth's body, and offers the part the necessary sweetness and courage. Patty Dumm, as Julia Farnsworth, gives forth with some real dramatic exposition. Don Ray, in the role of flighty, impulsive Messenger 7013, adds much humor to the production.

Betty Tupper, a frosh, has been very active as student director of the production, and has done considerable work in advertising and assisting Karshner at rehearsals. Also a great help are Edy Strom-

JIM WALSH

berg and Sally Babcock, prompters; Phyllis Peugh and Bob Brennan, in charge of properties; and Jerry Abby, in charge of costuming.

SETS SHOW ORIGINALITY

The play requires three change of sets—no easy job when things are so scarce these days. Under the supervision of John Van Duzer, well known at Humboldt for his stage designs, the Dramatic Workshop class has constructed a flying field in Heaven, the front room of the palatial Farnsworth home, and a dressing room in a flight arena. Those working on the sets are: Dan McClue, Bill Madsen, Emil White, Amy Relac, Helen Ribiero, Clara Graham, Ernie Lekay, and Red Hunt.

Flocchini Chosen Graduate Manager

Eugene Flocchini has been appointed to succeed Margaret Brookins as Comptroller of Students Accounts and will act as Graduate Manager. Flocchini was approved by President Gist and after an interview and careful investigation by the council and the executive council last week, began work last Monday.

A graduate of Fortuna High school, Flocchini entered Humboldt in 1938 where he was a commerce student for three and one-half years. While at Humboldt he attained a high scholastic record and participated in many student activities, receiving a block "H" for baseball.

Later he attended San Jose State college where he received his A. B. in Business. Following his graduation, Flocchini joined the army where he served as a warrant officer in charge of regimental supply and accounts.

Mrs. Brookins submitted her resignation last fall but was persuaded to stay until a suitable successor was found. She has faithfully and efficiently served the Associated Students for 15 years. Her keen interest in students, her friendly manner and her tireless efforts to help on every occasion have made her a valuable asset to the Student Body.

A girl was reading about birth and death statistics. Suddenly she turned to a male on her right and said, "Do you know that every time I breathe a man dies?" "Very interesting," he returned, "why don't you try Sen-Sen."

The "Y" wishes to thank all of the organizations that participated in the Carnival and for helping to make it a success.

New "Soc" Prof Begins Classes

Elizabeth Redmond, former consultant for child welfare in the State Department of Illinois, will conduct the class in Sociology 110B, "Public Assistance Programs," at 9 a. m. Tuesday and Thursdays in room 200. Miss Redmond will work with the Social Service majors.

A new child welfare service for Humboldt county, under the direction of Charles H. Hartwig, is being launched by Miss Redmond. She has had valuable experience in such work with the New York State Charities Aid, receiving her training at Illinois State College and the graduate school of social work of the University of California. Miss Redmond has supplemented this experience and study with work at Boston College and the Smith graduate school of social work in Northampton, Mass.

The responsibility of a child welfare worker in Humboldt county is to initiate and develop a sound program of family foster care for the child, who is temporarily or permanently separated from his own family.

Plans Formed For Steamboat Shuffle

Reviving an age-old custom, gay couples will board the "Antelope" for the annual "Steamboat Shuffle" Friday night, April 12.

Sponsored by the Women's Athletic Association, and under the chairmanship of Sally Blackford, the dance will be held on board the old "paddle-wheel" boat from 9-12. Supper will be served, with the girls providing food.

Since the "Antelope" is unable to accommodate more than 40 couples, a system of bids will have to be worked out, although a plan has not been formulated as yet.

WAA Delegates To Attend Conference

Shirley Thompson, Mary Melandy, Virginia Hill and Anna Babler will accompany Dr. Loder to a conference for the Athletic Federation of College Women of California to be held on the UC campus March 30.

The all day affair will consist of discussion groups, a tour of the campus, general meetings, and a banquet will be held to close the conference that evening.

motion.

6. At any time during a discussion motion may be introduced to refer the main motion to a committee.
7. A motion to adjourn the meeting may be made at any time and must be voted on at once.

Let's try to follow these simple rules at our student body assemblies and maybe they'll be a little more interesting.

Jack Sivert
Student Body President

PARLIAMENTARY PROCEDURE

In order to expedite things at the regular student body business meetings, it might be a good idea to review a few of the major points that need clarifying. IN BRIEF:

1. The chairman's main pur-
is to preserve order.
2. A speaker is required to
stand, address the chairman
and be recognized before
speaking.
3. Until a motion is made and
seconded, no one is allowed
to discuss it.
4. After a motion is made and
seconded, no other subject
may be discussed until the
motion has been disposed of.
5. After the motion has been
discussed and voted upon—
it may only be brought up
for discussion again by a new

ABOUT WORK DAY

Humboldt students should begin to think about plans for the annual Work Day which will be held in April. Energetic Chuck Waters, this year's Work Day Chairman, has suggested that improvements should be made which will be permanent.

Number one on Chuck's list of ideas is that of building a big "H" on one of the near-by hills. What do you think of the idea? Do you think it would add something to the school?

Another spot which needs improving is Council Crest. We could clean it up, maybe build a modified dance pavilion for afternoon and evening dances, and make a path from there down to the road to the dam. Benches and paths would add to the spot and maybe then Council Crest will be used more often.

Few colleges are so fortunate as to have such beautiful redwoods growing so near, and we should take advantage of them. Building up Council Crest would give Humboldt a unique and beautiful spot all its own.

These are only ideas. They can not be realized without the sanction and cooperation of you students. Chuck has given a great deal of time and thought to Work Day, but he needs your help.

When the subject of Work Day is brought before a Student body meeting, express your opinions and then support whatever the majority decides.

Kathie Nickols.

Loud Mouth

LEN CONRY
HUMAN NATURE

"There is a great deal of human nature in man," these are the words of Mark Twain. On many occasions we forget this and ex-

pect individuals, because of their position in society, to act saintly at ALL times. This type of close scrutiny can be extremely damaging, especially when the "little digs" are based on some trivial incident. I know I've harped on this particular point for weeks and months. However are such accusations on the part of the critics unconscious? If they aren't, they deserve a more rigorous condemnation. . . . The situation which I am referring to would require the mentioning of names. My mother told me when I was very young that to mention names in an incident such as this is a definite fauxpas (pronounced foux poos), so we will drop it as that. With this thought: For the sake of your own popularity—STOP looking down your nose. PARLIAMENTARIAN

Our beloved president John Horacio Sivert stood before us last week directing the many Speakers of the House. All went well until the Senator from Bayside tried to obtain recognition from the floor, without success. This was due to the other Senators' and Representatives' apparent disregard for order (They were exchanging green pieces of paper with the powerful lobby from Eureka). The Honorable Noel Carpet Bag told me that Sivert remarked afterward that the first time he EVER attended a session was after he was ELECTED president. You may pass the Nelson Hall White House any night now, and see the light burning in the President's Chamber. He is reading his Parliamentary Law.

Views By HSC Students

ABOUT OUR ASSEMBLIES

I was asked to offer some suggestions as to how student body meetings could be improved.

1. I will say, with no reflection on present councils, that there needs to be more definite organization among yourselves. When you are asked to present a matter to the student body, present it in such a way that it is clear and understandable. KNOW THE FACTS.

2. When a speaker has the floor, give him your attention. Listen to what is being said, because it concerns you as an individual as well as a group. You are the government of the school. ACT ACCORDINGLY.

3. When a motion has been presented to you, I think it would be a good procedure for the chairman to summarize the pros and cons before a motion is voted upon. Then you have a clear picture of what is before you when the matter is put to a vote.

4. Carefully consider what is being discussed and decide if it will be beneficial or detrimental. If you yourself are not satisfied, now it the time to speak up and say what you think.

In summing up, I would like to say: In the forthcoming semester we have a tremendous job to do. It is up to us to look around and find not only people who are earnest to do the job, but also the people who are capable of leadership and handling the work. We have a wonderful opportunity to accomplish many things and for our own good let's not let this opportunity slide by. We are the people who are above the average intelligence. Many of us are just out of high school and others are much more mature. Let us strike a balance between the two. We are here together striving towards our individual goals. Let us act and think like intelligent people.

John Gasser.

Before beginning to write my opinion on student body assemblies, I asked several students what they thought of them. I quote one individual: "They stink." Why all this lack of cooperation at the meetings? I've been to many a funeral that was livelier than most of our assemblies.

Why do students leave in the middle of the discussions? Maybe it is because they get tired of the same few people doing all the talking. Maybe it is because the meetings are not well organized. Fifty per cent of the fault lies with those in charge, and fifty per cent with those attending. Our student body president is attempting to check off his 50 per cent so the rest of us must do the same.

Get interested in your school. If you disagree with some motion that is being made, give out with your opinion. This school is slowly getting out of the very deep rut it was in. It will take the cooperation of every member to bring it back to its good old pre-war level.

Alene Beers.

As for what is achieved, the student body meetings at HSC seem to be simply a waste of most students' time. It is usually called to the students' attention for what

reasons, or reason, the meeting is being held, and usually nothing is every achieved in the way of any action on the issues.

If a group of students can't conduct themselves in a meeting as interested adult students should, I would advocate a representative for of government as is found in most other colleges and universities. Most students don't say anything in the assemblies—and usually these students are those who have something constructive to offer.

After the meetings, one hears all around such remarks as: "Why didn't someone say something? or well, if only they would do this or that."

HSC, with a small student body, should be able to successfully and satisfactorily carry on with student-body government, but now with the present lack of interest and enthusiasm which is evident.

A representative form of student government would no doubt be more successful in achieving certain ends in a more efficient and quicker manner.

Bety Barnum.

For Sale - - - The Rocket

One touring car with piston ring,
Two rear wheels and one front spring,
Has no fenders, slat or plank,
Burns lots of gas, hard to crank,
Carburator busted half way through,
Engine missing, hits on two,
Has shock absorbers and everything,
Three years old, four in the Spring.
Differential dry, can hear it squeak,
Plugs for holes in roof that leak,
Ten spokes missing, front all bent,
Tires blown out, aint worth a cent.
Got lots of speed, runs like the deuce,
Burns either gas or tobacco

Game With Portland Eleven Will Open 1946 Grid Season

Spring Football Practice Opens

LEN LONGHOLM

With Len Longholm and Harvey Del Fatti taking charge until the arrival of Coach Joe Forbes during Easter vacation, spring football drills got under way Monday with thirty-nine Lumberjack grid hopefuls signing up.

A few of the gridders who have seen experience on a football field are Longholm and Del Fatti who both played at Humboldt and Eureka High before entering the service. Wally McMillan, former San Mateo High guard; Richard Grecian and Fuzzy Lamella, ex-Eureka High linemen; Jack Smith and Don Bigger who played their football in the backfield of the Klamath Falls High eleven, and Bill McMillan, who played under Earl Hoos at Humboldt five years ago.

Until Forbes' arrival, the practice will consist mostly of conditioning drills. When the new mentor arrives, he is expected to outline his style of play and soon after scrimmages will begin.

In addition to those gridmen mentioned above, the following signed up for practice: Dorm Willard, Jim Heasman, Laurald Stebbins, Theron Carothers, Bob Williams, Allan Bartlett, Mark Melendy, Eugene Blackburn, Jack

The 1946 Humboldt State grid-iron combine will meet the Linfield College eleven of Portland, Oregon at Arcata Sept. 27 or 28 in the opening game of next fall's football season, according to Fred Telonicher, athletic director.

In addition to the Linfield contest, games have been tentatively scheduled with Lewis and Clark College, also of Portland; on Nov. 11 here; Chico State College on Oct. 18 at Chico, and San Francisco State College with the place and date as yet uncertain.

To round out the schedule, Telonicher is dickering for games with the St. Marys Frosh or the St. Marys B team, Cal Poly of San Luis Obispo, Southern Oregon Normal School of Ashland, and Oregon College of Education of Monmouth. Telonicher stated that a minimum of six games and a maximum of eight is desired for the 1946 season.

Tennis Team Has Pair Of Veterans

The veteran doubles combination of Ellis Williamson and Bert Johnson, 1942 Far Western Conference doubles champions, is expected to form the nucleus of the 1946 Lumberjack tennis team. Other racket swingers who will probably see action on the courts this spring are Harvey Del Fatti, Vernon Cousins, and Dorman Willard.

Williamson has announced that attempts are being made to arrange matches later this spring with the University of California freshman team, Chico State, Menlo Junior College, San Jose State, San Francisco State, and Santa Rosa Junior College. Thus far only

Sivert, Chuck Waters, Harold Narron, John Heller, Emil White, Vernon Cousins, Frances Smigle, Bill McAllister, Jim Walsh, Ed Beard, Don Woods, Kenneth Hines, Don Shelton, Kenny Liscom, Wally Tudor, Don Williams, Gene Thomas, Bob Brennan, Jack Mouat, Bert Reiswig, Sam Merryman, Lyle Alkire, Robert Slack.

SPARKS OFF THE SPORT CIRCUIT

By P E T E

Lack of a baseball diamond, plus the seeming reluctance of the student body as a whole to interest themselves in athletics, is the latest obstacle in the way of a baseball team here at Humboldt. I still maintain that money spent for athletics is a good investment, since this money finds its way back to student body coffers through increased outside sport interest and increased enrollment in the school.

Word has come to this writer's ears that when Coach Joe Forbes arrives at H.S.C. next fall, he will bring along about 30 gridders from down Compton way. Three carloads of players will accompany Forbes here on his Easter week visit, according to the rumor.

Due to the withdrawal of College of Pacific and the inability to bring other schools into the conference, the Far Western is now as good as dead.

In line with the increased interest in tennis at Humboldt, the lines of the courts are being painted and, according to Ellis Williamson, it is hoped that the courts will be resurfaced in the near future.

the San Jose and San Francisco schools have replied to the letters sent them regarding games, but both were in favor of arranging matches and definite plans will be made in the near future.

It is hoped that a trip will be taken sometime in May which will include games with at least two or three schools. Next year these games will be arranged on a home and home basis.

Anyone wishing further tennis information should contact Ellis Williamson.

A divinity student named Tweedle, Refused to accept his degree, He didn't object to the Tweedle, But he hated to be Tweedle D.D.

Personality Of The Week

LEN CONRY

Len Conry—he's the fellow who has the big Irish grin and greeting for all mankind. Certainly you know him. He's about 5 ft. 11 inches . . . has brown curly hair . . . can be heard at various times of the day beating out his "Conry Blues and Boogie" next door to the co-op . . . Len's the guy who did such a bang up job as master of ceremonies at the big bean feed recently, and who lends two hands occasionally at student body meetings to help give us those Conry-Murray torrid interpretations at the piano.

One of the "native Humboldters" is Len. He was born in Eureka and lived for 18 years. Then after graduating from Eureka High School he spent a year at Santa Rosa J. C. as a pre-law major. After serving 3 years in the Navy (South Pacific duty), Len enrolled at Humboldt State last Fall to continue his pre-law major. With the completion of this semester at HSC, Len plans to enter U of S. F. What's his aim in life? Politics. "Humboldt's on the upward

trend . . . hasn't lost its friendliness," commented Len about the changed atmosphere here at HSC since so many veterans have come back.

Inventory of Len's likes brought forth the following results: People . . . he likes em. Classical, semi-classical and jump music . . . good looking comfortable clothes food—raw oysters on the half shell and avocados with thousand isle dressing . . . He doesn't like narrow-mindedness (from reading his column one can tell that) and he detests catty people.

For Len the ideal woman is either a blonde, brunette, or red-head . . . he's nice big eyes . . . does a marvel job of cooking macaroni . . . has personality and can mix with people well . . . has an ununderstanding mind . . . and is "true-blue."

Errol Flynn and Charles Chaplin have collaborated on a new novel which will be out just any old time. The title is: "On Whom the Belles Told."

Sally Blackford Appointed WSSF Chairman For Humboldt

SALLY BLACKFORD

Sally Blackford was recently appointed chairman of the WSSF of Humboldt State College. Working under her as co-chairman is La Verle Morley.

Sal came to Eureka Hi School for the last semester of her senior year from Stockton. She was a member of the 1943 graduating class.

When asked her opinion of Humboldt, Sal remarked, "Humboldt has a heck of a lot to offer." She has been going here for four years, and has "enjoyed it very much."

Sal said "The WSSF is for a good cause, is a nation wide affair, and gives Humboldt a chance to participate in something which concerns others than those right here."

Helping on the campaign under Sal and La Verle were: Marilyn and Frances Brizard, Mary Dolf, Edith Stromberg, June Alexander, Connie Ogle, Alene Beers, Patty Murray, Muriel Bonner, Dick Roach, and Perky Milness.

RAMBLINGS

By DAYTON MURRAY

By DAYTON MURRAY

Subject of a lot of conversation this week is the carnival of last Friday P. M. — a ll present seemed to have a good time. Noticed Bailey and Balabanis in the front row at the kissing booth. The ski club did a boom time business at the hot dog stand—people will always eat.

In the sporting line—Len Longholm and Harvey del Fatti selling candidates for spring practice, slinging football shoes and pads at the stalwarts. How about it fellows! 150 pounds of dynamite is better than 200 pounds of lard, let's show 'em!

This isn't an editorial, but we could use a lot more school spirit around Humboldt—Just because you're a high and mighty college student, you don't have to be staid and dignified all the time. When we have those rallies and other school functions, let's get behind them and really push.

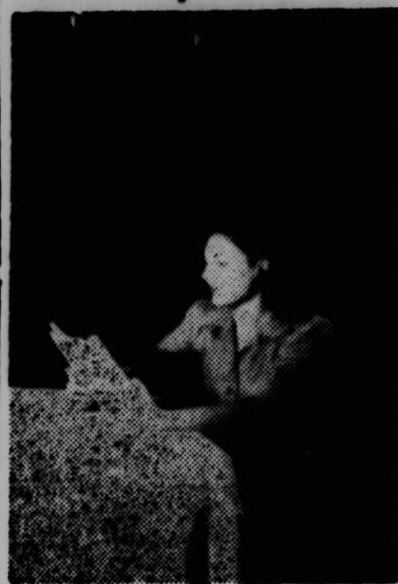

A few people are Tee'd off at the dorm girls — seems like they have the fastest method of transmitting information since Marconi invented the wireless! O. K. gals, I'll eat my meals downtown from now on.

I hear a rumor we're having a "steamboat shuffle" this year; first one since '42. Hope they follow the traditional policy—9-1 on Humboldt Bay—gals ask the guys and bring the lunch — and strictly informal. We've had some honey's in the past, hope this one measures up to them.

PERSONALITIES

Doc and Helen now Mr. and Mrs. Don Karshner looking a little wearier as play time approaches—the co-op crowd diggin Phil Harris' "Darktown Poker Club"—Bill Jensen spending quite a lot of time around school—might as well enroll—Beers roaring around on some committee as usual.

Your Play Cast

PAT DUMM

Pat Dumm, a sophomore at Humboldt State, was chosen for the part of Julia Fransworth in the coming Spring production, "Heaven Can Wait." Pat is a drama major here at HSC and hopes some day to be a dramatic teacher. Pat came from Glendale where she was a student at the "Community Theatre," in Hollywood. She will be remembered for her fine performances as Ella Jordan, the spinster Aunt in "Ice-bound," the Fall production, and one of the insane sisters in "Ladies In Retirement," produced here two years ago.

Julia Fransworth finds herself in many conflicts. In love with her husband's confidential secretary, she murders her husband, but all in vain. She is reserved, sophisticated, glamorous and very shrewd. Pat enjoys the part very much and remarked: "I am enjoying the part of Julia very much. This is the first time I've ever been cast as a young woman."

Ramblings

by DAYTON MURRAY

Things are beginning to move around Humboldt this semester—lots of new faces, and a few of the old ones. Rod Belcher and Jack Sutherland dropped in last week, which called for a few of the old time Jam sessions—"Dirty Blues" etc. Jack goes to Stanford in a couple of weeks, and Rod to Montana to resume his radio work.

Speaking of Belcher recalls the "Beer Bust" or should I say the "Men's Association Picnic of '42. There Rod drank a quart of beer in six seconds—its easy, all you need is a paralyzed throat.

Another Humboldt tradition is "College Cove." Wonder how many present day Humboldters know it? A little spot of beach with southern exposure just north of Trinidad. It was there Murf used to get his "strawberry tan" and every

spring the activities there caused Acme Breweries stock to go up two points.

By the way, has anyone seen an alto sax man around? A few of the lads are working up an orchestra (with music, Charlie,) and need one bad. Anyone interested see Ted Ross, "the man with the mellow tenor."

Council Crest should come into prominence these spring days, as well as Paisano Flats, or do you remember? Maybe you don't get credit for this sort of work, but we think its a necessary part of

college life—so there! I said it, and I'm glad.
