HUMBOLDT STATE COLLEGE in the REDWOOD EMPIRE

WEDNESDAY, FEBRUARY 27, 1946 #9

HONOR ASSEMBLY TOMORROW MORNING

Rally Committee Announces Plans For Semester Activities

By SARAH WAKEFIELD
Starting off with the biggest push and bang of the month is the newly organized Rally committee of HSC under the direction of Don Karshner and Alene Beers. This organization was authorized by the Student council.

The purpose of the Rally committee is to promote school spirit through active service to the student body. Plans have been formulated to sponsor luncheons for the teams and coaches before the games and entertainment for the visiting teams.

The college pep band which has already made a good name for itself was one of the first examples of the works to come. This band, composed of a group of high-spirited, and hard-working students, has helped boost school spirit at the games and at our assemblies. Sponsored by the Rally committee, the pep band is definitely a feature of school spirit.

The Rally committee plans to have part time entertainment at the games during intermission and

sponsor dances after the games. These dances will be just right for some of those fancy new P. J.'s or any old costume you can dig out of your attic.

One of the biggest ideas yet to hit the busy minds of these hard-working students is that of having dances in neighboring towns to promote interest in Humboldt State.

The Rally committee also hopes to become a group of student hosts and hostesses. Members will see that anyone visiting the college will be properly met and shown about the campus.

At present, the Rally committee is looking for new and experienced members. Anyone wishing to join may contact either Alene Beers or Don Karshner. Karshner stated that he wants 20 students to try out and of these he will pick six new members to work on the staff. Those who are not on the staff will work as staff helpers or as understudies to take over next fall. Yellow sweaters and pins will be given all members.

Griffith To Return As C.E.S. Principal

HARRY GRIFFITH

When Harry E. Griffith, U. S. army captain, returns from Japan next fall to resume his position at Humboldt State college, he will be promoted to the position of principal of the College Elementary school and director of teacher training. Capt. Griffith, who is now director of the Normal Schools of Japan under the military government program for the home islands, expects to return to the States in August. He will take up his new duties in Arcata soon thereafter.

Griffith came to Arcata in 1939 and served as director of the teacher training program in physical activities, supervising practice teachers at the College Elementary school and at Arcata Union High school. He also taught college physical education classes and was outstandingly successful in the coaching of the varsity basketball teams.

During the war, the principal of the College Elementary school and the director of teacher training has been Dorothy Romero Gentry. Mrs. Gentry has resigned her position at Humboldt to join her husband who is working towards his doctor's degree at the University of California.

Makeup Class To Be Offered Soon

To aid in the makeup for the Spring play, Don Karshner, drama teacher, announced that a makeup class will be organized and will probably be held at 11 - 12, Tuesdays.

The class will be entirely extra-curricular. Anyone who wishes to learn the mechanics and technique of makeup is invited to participate. Further details will be announced soon.

Honor Societies Will Present "Magic Carpet" In Auditorium

Joe Forbes Signs As New HSC Coach

By CHARLIE PETERSON

Joe Forbes, present coach of Compton Junior College, will be Humboldt coach next year according to an announcement made by President Gist in a special assembly last week.

The signing of Forbes gives the green light to Lumberjack football for next fall. Forbes has consistently turned out top notch grid combines at Compton, including one national small college championship eleven. Forbes' Compton teams featured a modified T formation with a flanker, and he will probably employ the same system here.

In taking over the runs at Humboldt, Forbes will fill the vacancy to be left by Roy Bohler's return to Chico. Bohler is on a one-year loan from the valley school.

Forbes visited Humboldt last Thursday and Friday, and stated that he would return if possible this spring for spring football practice. He is under contract at Compton until June.

One Act Plays Begin Production

With Don Karshner's return from the Seabees, the Drama department is now enjoying full expansion. In addition to the presentation of the Spring play, "Heaven Can Wait," the department is undertaking various one-act plays.

A call for actors and stage crew workers was sent out two weeks ago for the presentation of two one-act plays. Rehearsals are held from 1-2 p. m. every Monday and Wednesday.

Now in production are the plays under the student direction of Jack Sivert and Margaret Wurche. One of these is a farce melodrama in "the Drunkard" style; the other is a modern comedy, entitled, "Visiting Uncles."

After these plays are under way, two more will begin production. "Strange Road," will be under the direction of Bill Inskip. These plays will be presented at student assemblies and will tour the community. Karshner announced that participation is open to the entire student body. Try-outs are for all students interested in dramatic experience.

Going into the Battle of Okinawa, a doughboy wore this sign on his helmet: "Don't shoot . . . 121 points."

She's see-worthy in her new bathing suit.

Miss Betty Merriweather, well-known dancer and dancing instructor of Eureka, will star in "Magic Carpet" to be presented at 11 a. m. tomorrow in the auditorium. The program is sponsored by Chi Sigma Epsilon and Rho Sigma, under the direction of Humboldt scholastic societies and their advisor, Adella Johnson.

With music, dances and skits, "Magic Carpet" will take the audience on an imaginary tour of Italy, France, Spain, Russia, and other countries.

Another feature of the program will be the presentation of the scholarship trophy held last semester by the women of Nelson Hall. New members of the two honor societies will also be announced.

Admission is 15 cents. The money will go to the scholarship fund. For several years, Chi Sigma Epsilon has presented a scholarship to an entering freshman on the basis of high school scholarship and activities.

HONOR ROLL

Spring Semester—1946

The following students had a semester index of 2.00 or better in 12 units of academic subjects with no "F's" or "Incompletes."

Bill Inskip Is "Mr. Jordan"

BILL INSKIP

After a week of rehearsals on the Spring play, "Heaven Can Wait," it was decided that Bill Inskip should play the role of Mr. Jordan.

Bill is one of Humboldt's returning veterans; he attended college here before. Leaving Humboldt in 1940, Bill entered the Army Engineering service. He was overseas 37 months being stationed at Guadalcanal, New Georgia, Bougainville, New Britain, Philippines, and Japan.

Bill is a speech major and plans to enter radio work after he has finished his year and a half at Humboldt.

Flight officer: "What's the last word in airplanes?"
Cadet: "Jump."

He spent so much on the girl that he finally had to marry her for his money.

Phelan Award Given In June

An award in art and one in literature each carrying a stipend of \$900, will be offered by the Trustees of the Estate of the late Senator James D. Phelan.

This year for the first time, the literature award will be open to writers of drama. The competition in art is open to artists in the field of sculpture.

Applicants for the award must be native born citizens of California between the ages of 20 and 40. Those competing must furnish the names of three persons who have knowledge of the field in which they are working and who are acquainted with the applicant and his work. In addition applicants are required to present specimens of their handiwork.

Anyone interested in either of the awards may secure information by writing to the James D. Phelan Award in Literature and Art, 820 Phelan Bldg., San Francisco, 2. The competition closes April 30th, 1946. The awards will be announced in June, 1946.

FOUNDATION FOR PEACE

The present foreign policy of the United States offers a crumbling foundation upon which to construct a lasting peace. British, Russian, and American animosities will never be lessened until each country more completely understands the others.

Larning about the Russian people and understanding the life of that great sprawling country will never become an actuality until Russia trusts Britain and the United States. This feeling of trust will never be instilled into the Russian people as long as the U. S. refuses to reveal the secrets concerning such things as jet propulsion and the atomic bomb.

In a speech last week Joseph Stalin announced that Russia's new five year plan includes scientific advancement and production increases in order "to guarantee our country against any eventuality." Is this indicative of a new race for

national supremacy comparable to the closing years of the last decade?

The seeds of peace sown today will be stifled in the darkness of mismanaged diplomacy and that diplomacy will be a result of misunderstanding among nations. International security will never become more than an idealist's dream unless the United States, England, and Russia set an example for all the other nations of the world to follow an example of international good will through understanding and toleration.

Kathie Nuchols.

STAFF APOLOGY

An apology is extended to all veterans on the campus for the article appearing in the last edition of the Lumberjack. The staff is in no way responsible for the editorial comment included in that statement: it was an individual viewpoint.

Views By HSC Students

MY VIEWS ON WORLD PEACE

Certainly the only hope for a permanent peace lies in the education of ALL people; those who would make and profit by war, and those who would fight in the war and gain NO profit from it. A world education so thorough, that from it, would be born new economies beneficial to all, and new world tolerance, understanding, and friendship.

These are the most beautiful of ideals. Ones that would perpetuate peace. But I doubt their realization. I believe the causes of war lie in man's passion of greed and brutal selfishness. These passions are so much a part of mankind that no human effort could destroy them. They will remain within us until mankind itself changes—perhaps through "Divine Intervention" this change could be accomplished. I doubt the possibility of this. Consequently, I doubt the possibility of a lasting peace.

—Bert Johnson.

Finding a request for my "Views on the chances for World Peace" a rather large order, I'd like to offer, instead, what someone else has said. Lee Miller, in his poem "How Long, America?" which is published in the February issue of "Free World" expresses a very special view of mine. I only hope there are "others enough" to share it. " . . . Bitter-well, only because I love America. And hate to see her with a sore in her bosom . . . even a little sore. That ever so slightly resembles the cancer that decayed our enemies . . . want to think of her . . . True to the old symbol we kids used to prate in school — (Meaningless then, but significant now:—with liberty and justice to all)

I turned away then, and the stares didn't matter. I was whole, even without the leg.

The sickness was somewhere else.

It was in the hate behind "dago" and "hunk" in "Mex" in "Chink" in "Nigger"

And it will take 20 years to educate Japan; But how long my America?"

—Helen Villa

A lasting world peace? I hardly think that it is possible, even though that is what we all want.

In the first place, too much power is given to too few. If nations were willing to follow the rules given by the UNO peaceably there probably would not be any wars. However, in order to maintain peace, some nation is going to have to keep a strong enough

army to check all major uprisings. The maintenance of an army will not promote peace! What else can I say?

—Neil Frost.

Do you think peace will last? Reaction: It's got to last!

Confronted with the task of expressing my views concerning world peace I thought immediately that it could be nothing else but successful.

Then came more practical thoughts—the strong underground still in Germany; the contempt of the Germans for Americans; Russian desires for world dominations; American desires for forgetting past conflicts as soon as possible.

Then came the wonder of the short time in which the world has known peace. It is much easier to place periods of war than it is periods of peace. But what were the periods of peace? Was there peace between World War I and World War II? Depression, desire for domination, economical status, international difficulties — little fighting, but no peace!

Tolerance, challenged at every turn, seems to be the key. Define it, yes, but can it be practiced? Do we nurse the realization that Germany will try again? We are essentially isolationist. If we could tolerate, if not respect, we could work constructively toward peace.

Fraternalization of American men in Germany with political principles is a bad sign. The desire to return home after the gun battle—before the real battle—is a bad sign. The battle for peace is not as tangible now that there are no bullets, but it is just as menacing.

My answer to the question of lasting peace is still: It's got to last. But I can't offer a solution. I can only sit at my desk and criticize just as too many of us are doing now.

Sis Thompson.

I know a little maron who wouldn't use crude oil because it wasn't refined.

Mortal Muse

FRIENDS?

Will Rogers said: "I never met a man I didn't like." There is a philosophy beyond reproach. How many of us practice anything even near it. You know, there are few of us that aren't guilty of "Knocking" the other fellow's mannerisms or his personality.

There is a suggested method of correction. Write down all of your own faults, then, as each day passes, try and correct the little faults in your own personality that you find so easily in others. Remember: Castor Oil doesn't do the job until you swallow it.

SPAM AND JAM

In last week's issue there was a little hunk of print pertaining to veterans' attitudes on the school paper, and the person who wrote it no doubt had SOME justification. Yet let's not be too hasty in tearing the vet's outlook to pieces.

However, throwing grenades in the fish pond will no longer be tolerated. Jim and Tom Walsh: will you please remove the land minds you left under President Gist's rug, or at least remove the detonators. Just because Harold Narron tried to bayonet the librarian doesn't mean Harold is not habilitated to college life.

Some people live and learn; others just live.

Little Audrey, mad as hell,
 Pushed her sister in the well,
 Said her mother, drawing water,
 "Gee its hard to raise a daughter."

A hick town is one where there is no place to go where you shouldn't be.

Homer Arnold And Burgler Exchange Shots

Homer Arnold exchanged gunfire with a burglar who entered the Arnold home at 4:45 a. m. Sunday, Feb. 17.

Hearing a noise in the hall, Arnold arose, found the hall door open and saw a man enter the back door. He got his gun and crouched behind a chair. The intruder entered the room, shining his flashlight on Mrs. Arnold. Arnold yelled, "Hold it!" The burgler fired and Arnold shot at the flashlight. Finding unexpected resistance, the burgler turned and ran.

Arnold fired a few shots after him but made no attempt to follow him. Six other houses and two service stations were entered that same night.

Co-Op Has New Hours: 9 - 5

Don Williams, co-op manager, announced that the new hours for the student store would be 9 - 5 every day. The co-op will also be open in the evenings after the games.

New additions to the store were the juke box, under the auspices of Len Longholm and Bill Madison, and the new coffee shop specializing in the sale of coffee, cake, pie, and doughnuts. Williams hopes to have sandwiches for sale soon.

LUMBERJACK SPORTS

Sparks Off The Sport Circuit

By PETE

Some Lumberjack sports enthusiasts may be wondering why Humboldt will not be represented on the baseball diamond this spring, or why no Green and Gold thin clads will put in an appearance on the local tracks.

There is more than one reason, but the first which is evident is the need for a place to play. From this writer's standpoint, there are at present facilities for only two sports—basketball and tennis.

Athletics can be of great benefit to a college in gaining publicity and attracting the dollars into student body coffers. Throughout the war years it was obviously impossible to carry on a full athletic program but now that veterans are returning to Humboldt in ever increasing numbers, a well-rounded sports program is in order.

The signing of Joe Forbes as athletic director is a big step in the right direction. But a continuance of this policy is dependent upon the support and interest of the

Tennis Enjoys Expansion

Tennis takes the spotlight this semester with 36 members of the tennis class spreading their enthusiasm throughout the entire college. Tennis courts have been in constant use with spectators crowding the sidelines. Ilene Bailey, instructor and an excellent player in her own right, has two classes consisting mostly of beginners.

However included are: Bert Johnson and Ellis Williamson, former members of Humboldt State Champion team. Bert and Ellis played doubles together for two years, 1941 — 1942, on the champ team in the Far Western Conference. Bert has three years in tennis and Ellis has four.

Among the girls, Kathie Nuckols plays the fastest and best game. Kathie was a member of her high school team but has had little consistent practice during the past three years.

Practice games are played during class and at the end of the semester a tournament will be held. Under Mrs. Bailey, tennis is expected to near the major sport bracket this year.

It is wise for all those interested to start swinging rackets in practice games. Remember practice makes the player.

Gymn Babblings

By A. BABLER

Basketball teams will be chosen today. Next week, after a few practice games the tournaments will be staged. The 4 p. m. gymn class needs players badly, so B.B. actioners, lets see you make an appearance if you're interested.

Did anyone check that fast tennis match last Wednesday? Turned out to be a hard fought game with Baily-ohnson vs. Cousins-Williamson.

Perky will again post a sign for all girls to sign up if they want to join physical fitness class, but this time it will be posted on the girl's gymn bulletin board!

Gals—watch for notices concerning bowling...

The observers in the 4 p. m. gymn class aren't overwelcomed—

student body. Humboldt is YOUR school and this bit is just one man's opinion. It's up to you!!

Ski Skandals

Ski notes of the week include a top tune sung by Jim Walsh—something about "Loch Lommand." Does Scotland rhyme with Tupper?

Gene Germaine seemed determined to cook on his own stove one week-end at the hut. Isn't it cold on the back porch, chum?

Ski tows prove dangerous obstacles at times, and Ken Atwood had the bruises to prove it. Look where you're going next time, Ken.

Clare Anne and Pat Wright showed their true domestic ability when they cooked rice for the gang at the hut, home economics majors, no doubt!

"One and a half ski" Otto cut a fancy figure in the snow when he took the jump with a mighty crash. And Clyde McCutcheon did a good job of fouling up his skis too.

Dick might not know how to blow a bugle, but he certainly has a unique way of arousing the feds in the early hour of the day.

If you're interested in symphony, tune in on the second floor choir coming from the hut any weekend night. Led by Dr. Carson the choir gives forth with everything from the latest jive to "The Old Mill Stream." And it's really solid too!

—KN

Recreation Night To Be In March

Volleyball, badminton, table tennis, shuffleboard, basketball—yes, they'll all be there! Where? At the HSC gym, Friday night, March 1, from 8 - 11 p. m.

The WAA is sponsoring a recreation night for all students. Turn out and play your favorite game. Refreshments too! Perky Milnes is general chairman for the night.

certainly limits the action of the gals!

Dr. Loder and 23 girls are planning to attend the State conference at Berkeley March 30... a conference affiliated with Athletic Association of college women.

Play Day has been definitely set for April 27—girls are hard at work for this major event of the semester.

Personality Of The Week

WALLY MacMILLAN

Reserved, easy going, tall, dark Wally MacMillan has been chosen as the Lumberjack's first personality of the week. Wally, one of the most outstanding athletes on Humboldt's campus, was born in Eureka, twenty years ago on Oct. 13, 1925. After living in Arcata during his first six years, he moved to Eureka where in a few years his passion for toy trucks and trains was swerved to football and basketball. Later, in high school (he graduated from San Mateo High, by the way) Wally played guard on the basketball team and an end in football.

Wally spent 28 months being stationed in the Naval V-5 program in the mid-western states of

Missouri and Iowa and finished up south in Pensacola.

"Nothin to it," is what Mr. Mac told his mother after his first day at Humboldt. With a major in mech engineering (which includes physics, Calculus, etc.) I wonder if he's feeling the same way at present.

First on Wally's list of pastimes naturally would be sports. Football's his favorite and he thinks skiing has great possibilities. Music, he can take or leave; dancing he gave a "negative" vote; he likes good movies, especially when Greer Carson or Gary Grant are on the bill. Mash potatoes? ... he loves em! Want to know how not to become pleasantly acquainted with Wally? Walk up to him from behind and put your hand on his back ... results will be interesting. With a big grin on his face, Wally's advice to all future "basket-shooters" was by all means to observe training rules.

Baby corn: "Where did I come from, mamma?"

Mamma corn: "Hush, darling, the stalk brought you."

An then there was the dog that saw the sign "Wet paint" on the bench—and so he did.

MEN WANTED

College men with two or more years of accredited college work are now eligible to apply for enlistment as Naval Aviation Cadets, according to Commander Harry Mayer, director of the Office of Naval Procurement, 785 Market Street, San Francisco.

Acceptable applicants will be ordered directly to pre-flight training leading to a commission as an Ensign in the Naval reserve.

Any men who can meet the basic qualifications and who are interested in aviation as a career should contract the Office of Naval Officer Procurement for complete details.

tall, reserved individual was needed and Bill Inskip was chosen for the part after several rehearsals. Mr. Jordan is a character which will appeal to the audience. In his dealing with Joe, an ex-prizefighter brought to heaven before his time, Jordan is sympathetic and ever on hand when Joe finds himself in difficulty.

Jordan comes to earth with Joe in order to find him a new body. A financier is the first choice . . . and the sequences in which Joe, in spirit, lives in the broker's body, are amusing. Jordan, though worried over the situation, foresees Joe's predicaments and is ever ready with a solution.

Flighty, impulsive and eager little messenger 7013 was given to Don Ray. 7013, in his attempts to make good as a celestial "body-gatherer," finds Joe in a near plane wreck and takes his spirit before the plane crashes. When confronted with his mistake, Messenger 7013 is all apology and regret. Running in and out throughout the play, Messenger 7013 adds humor and farce to the production. Don stated that he enjoys the part because "it is up his alley."

Sign in a glove cleaner's shop: have your dirty kids cleaned here.

Lumberjack Policies

1. Complete unity and cooperation required among all the members of the Lumberjack staff.
2. Use the talented and interested students for help rather than personal selection and personal friends.
3. Only articles should be published that will be worthy for Humboldt exchange purposes. Read the copy with the idea of being proud to have other colleges read our paper.
4. Opinion stories should be signed by the writers. Some questions should NOT be discussed in our paper, such questions pertaining to religion, etc. The articles should stimulate thinking—take questions up in such a way that WON'T promote antagonism.
5. Ask the judgement of the entire staff on censorship of articles about which there may be a question.
6. Weekly staff meetings.

P. E. Majors Form Club

PE majors met in the Health Hut at 12:30 p. m. Thursday to organize a club for all majors. The functions of the organization will be to discuss programs, conflicts, and to correspond with clubs in other colleges to find out what they are doing. The club also plans to aid in getting a more complete PE program.

Dick Roche was elected president of the new organization, with Harvey Del Fatti, vice president; Shirley Sweet, secretary; and Gloria Simmerly, treasurer.

A PE bulletin board will be erected in the hall and all communications regarding PE work will be posted there. PE majors who were not able to attend this first organizational meeting will be notified as to the time of the next meeting.

Chorus And Choir Will Present Cantata In May

By MARILYN BRIZARD

"I Hear America Singing" has been sung, hummed, and whistled up and down the halls of H.S.C. The Cantata, by George Kleisinger, will be presented by Humboldt students under the direction of Charles Fulkerson in May.

The chorus and choir will form a single body of voices to supply the vocal background and the college Little Symphony will provide orchestral accompaniment.

Joel Carter, faculty member of Stanford University, will make his fourth appearance at Humboldt State as soloist. Carter previously appeared as vocalist in "Ballad for Americans."
