

Annual Homecoming Nov. 6

Humboldt Lumberjack

WEDNESDAY, OCTOBER 27, 1948

Board of Control Imposes Penalties

The newly organized 1948-49 Board of Control, consisting of chairman Henry Frank, vice-president of the Student Body, and Student Council members. Irma Ball, Nita Thompson, Marilyn Brizard, Eddie Oliveira, Pat Hofferbert, Des Shanahan, and Jack Smith recently judged and penalized offenders against student policy.

In order that the student body as a whole, as well as those directly concerned, may understand this action, or similar action in the future, the statement authorizing such a board and outlining its duties is stated in the constitution of the Humboldt State College Associated Students as follows:

"The Board of Control shall enforce College traditions and the Student Pledge; have jurisdiction in all matters of Student conduct; and to impose penalties for retraction of rules. . . ."

The Board of Control, a valuable guardian of College reputation in the public eye, has often been inactive in the past; with this statement of policy it intends to continue to fulfill, to the best of its ability, its duties to the Student Body.

G. I. Wives Plan January Dance

A barn dance is planned for G. I.'s and their wives on Oct. 23. The G. I. Wives' Club has 107 members. A Student Body dance in January, and a fashion show from Daly's in March are also among future plans of the club.

Meeting once a month the club usually has a guest speaker who lectures on current topics. Mr.

Seeks Queendom

MARY DAWN MELENDY

Mary Dawn Melendy, Education major, will be sponsored in the Homecoming Queen Contest by the California Student Teachers Association.

The Lumberjack Back in 1931

(The following was copied, each word, each mistake, from a March 1931 issue of the Humboldt Lumberjack.)

With the second week of the Mascot Contest near at hand, the sponsors of the contest find the contributions to the contest lacking. It seems that the college doesn't want a "Battle Cry." If it did, we are sure that there would be more spirit and helpful contributions to the cause. In order that this college may have its mascot or battle symbol before the fall semester so that rooter's caps, penants, and rings may be made to fit the college before this time, it is necessary that every student cooperate and offer a list of contributions from which the student body may choose the most appropriate for the college.

Students complain that school spirit is too old a subject to keep preaching on. Yet a little of the "good old stuff" would aid a contest of this kind; some students claim that there's plenty of it at HSTC, but there's no opportunity for the citizens to show their attitude. We might say that this opportunity to show the spirit is an excellent one. We urge all students to take advantage of it. The following are contributions to date:

1. Highlanders.
2. Green Wave.
3. Green Dragon.
4. Redwood Marines.
5. Redwood Dare Devils.
6. Gorillas.
7. Humboldt Smog.
8. Cuttlefish.

Let's have more of them! Think of your's now!!

REPORT SEES HUMBOLDT STATE IN 1965

"Hey, Joe! Take the super-charged, jet-propelled subway and ten supersonic cokes down to the auditorium. It's too far for the cast to walk."

That's what it will be like in 1965 when we get all those new buildings.

The registrar's office at Humboldt State College has made a highly interesting report to the State Dept. of Education outlining the estimated expansion of Humboldt State College by 1965. The report is a forecast of building needs, giving an approximate enrollment for 1965, listing courses which it is expected will have been added by then, and describing new buildings which will be needed to accommodate such expansion. Data for the report was furnished by the Divisional Chairmen, and coordinated by the registrar.

The Strayer Commission of Columbia University, which last year made a detailed study of Higher Education in California estimated that Humboldt may expect an enrollment as high as 1575 students in 1965.

Mrs. McKittrick's report divides this figure into the percentages of enrollment in each department, based on figures for the period 1936-40, fall semester 1947, and the present semester. An example of the results:

Five percent of the 1965 enrollment, or 78.75 students, may be expected to major in art. Using figures of the past years, the report goes on to estimate how many of these 79 students will be enrolled in various art classes, both those now taught and those which will be added. For example, it is estimated that 53 students will enroll in Art Structure; as the art department states that this class should be limited to 20 students, there will be three sections of the Art Structure class for the fall semester, 1965. See how neatly it all works out?

Now, about courses to be added in the next 17 years, which those 1575 students will want to take. Present plans call for the following additions:

1—Increase in number of majors for the General Secondary Credential.

2—Increase in majors for Special Secondary Credential.

3—Four-year degree curricula in Health, Industrial Engineering, Industrial Arts, Journalism, Physiology, Public Administration, Secretarial Science.

4—Two-year terminal vocational curricula in Commercial Art and Advertising, Agriculture, Forestry, Home Economics, Industrial Arts. Sounds great, doesn't it? Curricula plans must be o. k'd by the State Dept., but so far none of ours have been turned down.

Naturally, a larger enrollment and an expanded curriculum means we'll have to have more and larger buildings; so take a look at this:

1—Manual Arts Building (for which bids are now being let; to be constructed in the next few months—we hope.)

2—Library. This one gets a priority, and will probably follow the Manual Arts Bldg.

3—Wildlife Management Building. The fellas can have a whole building in which to mount fish. (Continued on page 3.)

Frosh Rally to Mark Return of Alumni For Fall Weekend

Football Game, Two Dances, Bonfire, Hayride Plans Started

Nov. 5 and 6 are Homecoming for Humboldt State College alumni and mark their annual return to the campus from near and far.

Preliminary arrangements have been underway for several weeks under the supervision of Dr. Hyman Palais. From all indications, this year's Homecoming will surpass anything Humboldt has ever seen.

The Committee assisting Dr. Palais is made up of Bill McAllister, Marna Murphy, Franny Damsgaard, Anita Thompson, Joe Barkdull, and Des Shanahan.

Centering around the Humboldt State College — Chico State game, the festivities get under way with a Bean Feed on Friday night. The Home Economics club is acting as head chef.

The traditional Freshman bonfire will follow the feed immediately. Bob Christenson, president of the Freshman class guarantees at least a four-alarm blaze.

Mu Epsilon Psi, music honorary, has taken charge of entertainment at the bonfire. They have an all-star cast of top musical performers.

Next in line is the Freshman-sponsored dance, tentatively scheduled for the evening, pending further arrangements. To cap off the evening of fun-packed events, the committee has decided to revive one of Humboldt's oldest traditions, the College hayride, last held in 1942.

Dave Tolle, chairman of the 1942 hayride is back on the campus this year, and he will have charge of the homecoming event, long missing from the list of annual frolics.

A parade in downtown Eureka and Arcata will start the day Saturday, Nov. 6. The highlight of the parade will be the Homecoming Queen's float, now being built by the Sophomore class.

The Queen, herself, will be elected by the student body of the College on the day before Homecoming weekend starts, following a special assembly in which the campaigns for the various contestants will be climaxed by short skits introducing the various candidates.

The official Alumni Reunion gets underway Saturday afternoon, followed by a dinner at Nelson Hall.

The evening will be highlighted by the Humboldt State-Chico game. The band is expected to play at the game, and the Rally Committee will put on a skit between the halves. The announcement of the winner in the election for Queen of Homecoming will be made at Half-time.

The weekend will be climaxed by the biggest social event of the year, the Homecoming Dance. Music will be provided for the dancers in the big gym by Ray Posic. Decorations and general arrangements for the dance will be made by the Knights.

Fisher, Crosby Top Upper Classes

Upperclassmen at Humboldt State College, having recently elected their class officers, are now making plans for the coming school year.

Max Fisher, Senior president, announces that plans are underway for an all-senior get-acquainted evening in early November. Plans for the party, not yet completed, will be announced in the near future. Senior-class dues have been set at \$2.50. President Fisher will be assisted in his executive duties by Vice President John Newman, Secretary-Treasurer Red Hunt, and class advisor Dr. Burton Henry.

The Junior class, numbering 145 students, will be headed by President Russell Crosby; Vice-President Claire Valentine, and unit.

Alpha Psi Omega Elects Hofferbert

The Alpha Beta Cast of the Alpha Psi Omega, national dramatic honor fraternity, of Humboldt State College had its first meeting last week. At this meeting it was decided that new pledges will be chosen. They will be notified sometime next week.

New officers have been elected for this year's cast: President Pat Hofferbert; Vice President, Loretta Allen; Secretary-Treasurer, Janet Oppenheimer.

Alpha Psi Omega is the only national fraternity on the college campus.

Secretary-Treasurer Betty O'Neil. Immediate plans, Crosby states, are the long neglected organization of the class into a functioning unit.

POLICY ON LETTERS

As of this date it will be the policy of the Lumberjack to accept only those letters to the Editor which are signed by the author. Such letters will be published without a signature if the content warrants it, or it is requested that it be withheld.

WE LIKED IT

For a fine example of a student assembly, we would like to give a vote of appreciation to the recent Honor Assembly presented by Chi Sigma Epsilon. Honor Assemblies, because of their nature, are expected, by many of the students, to be stilted, supremely uninteresting affairs, and in the past, have brought much disgruntled comment from those who considered the hour of attendance one of endurance. Perhaps it was the fifty-cent piece and the beer-bottle; certainly the piano and singing selections were appreciated by all; but most of all, we think, it was President Gist's presentation of the be-flowered bonnet to Miss Johnson and her laughing acquiescence to model the unexpected gift. We students need a little humor to relieve the seriousness of such an occasion. Again, thanks Chi Sigma Epsilon, for a delightful Honor Assembly.

The World Pool

By PHIL SIMON

Idolatry, in the minds of many of us, is associated with the superstition prevalent amongst ancient peoples and modern day savages. That it is flourishing today in so-called civilized countries is a fact seldom recognized, part of the reason being that this particular idol is intangible. But, believe us, it is nonetheless influential—so influential, in fact, that it perhaps has led more people into misery and death than all of the pagan gods combined.

This idol goes by the name of National Sovereignty. It was the idol we fought for the last two wars, the ideals of democracy and peace being secondary, just as slavery in our Civil War was subordinate in causation to the economic feud between a planting aristocracy and an individual plutocracy. But of course the co-operation of these impractical, dreaming idealists is of some value, so the little tin god is clothed in the inspiring attire of humanitarian principles.

In making the above remarks, we are not unaware that national sovereignty in times past has been of genuine value to the preservation of better social orders, and that even today there yet remain political ideologies so irreconcilable as to render merger impractical. So we will grant that national sovereignty is a useful political tool—but only a tool, not a god.

If we maintain that it has intrinsic value, we fall into the same political quagmire as those paying homage to totalitarianism; in other words, we lend support, in most cases unknowingly, to the concept that the individual exists for the state rather than vice versa.

In comparing aspects of the Civil War with those of the World Wars, a significant difference must be emphasized. In the war between the States, the ideal was substantially realized even though it was not the prime mover. The ideals fought for in the last wars were re-established and preserved for the time being, but were later jeopardized by most of the representatives of the peoples of

Letters To
The Editor

I did not appreciate your article "To Honor or Not to Honor" in the last issue of the Lumberjack. "We believe that scholastic attainment means nothing; that it is fitting at a college to honor the athlete but not fitting to honor the scholar." I find that neither the athlete or scholar is honored outside his department. My personal feeling is that the athlete receives his letter award—the scholar, a grade on his report card. I feel that neither athlete or scholar deserves an assembly to be recognized for his achievements. If one has to be a bored and uncomfortable listener to honor the scholar, I prefer to be listed with the "not to honor" group.

Gus

In reply to an article on why no organization has approached Clara Mae Turner on singing before our student-body, I would like to inform you that we have a Music Society on this campus whose eyes are wide open and who have looked into this very possibility. However, Miss Turner happens to be a very busy person and we were unable to include her on our program of concerts. Also, do you realize that at the present the budget is very, very low and no one could engage

various countries when they formed the League of Nations and the United Nations Organization. They clearly showed their devotion to the idol in spite of the fact that a large enough number of the nations were sufficiently experienced in self-government to warrant democratic federation. Where the U. N. O. was concerned such a federation would have proven very disadvantageous to any Russian plans of conquest.

However, in spite of the notorious ineffectiveness of leagues, the U. N. O. was made one.

And so we preserved international anarchy and thus made necessary the growth of militarism with its attendant regimentation and lack of consideration for the dignity and freedom of the individual.

DISCOGRAPHY

By BOB CRITTENDEN

With this issue, I would like to change my policy to some extent. Heretofore, I have reviewed records upon their release from the recording company, which, for the majority of them, never arrived in this area for at least four months. From now on, I will attempt to review records that are, for the present, popular. This week's;

YOU CAME A LONG WAY
(FROM ST. LOUIS) & FOR
HEAVEN'S SAKE;

McKinley's efforts on the former are to be commended, as are those of his swinging rhythm section. With the use of the increasingly popular latin-beat-ala-Peggy Lee, Ray handles himself well on side, remembering what his early "Down The Road Apeice" hit did for him.

Tune does get a little too-too repetitive toward centre-disc, repeating only notes that "thrill", instead of variation—but I guess that's what goes to make up a hit tune.

Reverse is typical "big-band-doldrum-bash" stuff, of the "hunger" species. This type of music thrives on the opposite side of "sure bets", 'cause they know they'll sell. It just ain't fair.

Your — Bye Bye

Alumni Starts Plans
For Homecoming

The Alumni Association of Humboldt State College, at a recent dinner and business meeting at Club Humboldt, expressed their anticipation of an enjoyable weekend at the home-coming celebrations to be held in their honor Nov. 5 and 6. The group was pleased to hear of the fine co-operation now existing among college students, as reported in a brief address by President of the student-body Mark Melendy.

James Cady was elected president of the association; Tom Hansen, vice-president; Edith Davis, secretary; Fred Hibler, treasurer; Dr. Robert Bryan, and Walter Schocker, directors; Edith Olson, editor of the Alumnus, the annual publication of the Alumni Association.

The first A. B. degree to be issued at Humboldt State College was granted on May 7, 1926 to Mrs. Estelle Culp. Since then, a total of 711 students have received bachelors' degrees.

Katty Korner

For the new readers of this column we have this little forward. The Katty Korner is a column in which you can find out what cooks around the campus. By reading it you not only find out things you didn't know about your friends but probably something about yourself.

It seems Portland, Oregon has suddenly become a place of interest to three girls in the east wing of Nelson Hall. Ah those Van Port fellows! Wonder how many yards in penalties they would have got after the game for holding? Eh, Barbara, Marna, and Sally?

Donna Grace Burbage and Jerome Schroeder are still trying to explain how and why they got lost in Golden Gate Park. Don't they know that's an old excuse?

Not only was the sunshine something new here at Humboldt County last Sunday, but so was a couple seen at Clam Beach. Meaning Nancy Nunn and Bob Linstadt. He was reading "Time" and she a speech book. Could it be that he was learning that "Time waits for no-one" and she that "action speaks louder than words"?

Instead of saying "yes, sir" to petty officers and ensigns, Bill Wilkins chose to say "uh-huh" to Fern Stahl. Doesn't he know that in the Navy it would only be for 3 years; while here in civilization it may be for life.

We would like to know what Frisco had that can cause Elmer Haskins to plunge into a \$14.75 bill at the Peacock Court and a three page love letter immediately on arriving back at Redwood Hall. He says he's received a letter back, wonder if it was perfumed?

Guess football doesn't take up all your time, after all. Seems Allan Barlett has plenty to spend with Clare Renwick. We can understand the time element, but how does he have any energy left after a workout on the football field.

Marian Wurche agrees that

Humboldt State has its good points but I think she prefers Garberville. If wondering why this is, just check the driver of the next '41 Ford she rides in.

An after-dinner chat seems to be quite the thing each evening. Beverly Mathews and a certain blond chap by the name of Bill. What could two such people find to talk about all the time?

Could it be that Audrey Bliss is trying to defrost Gordon Frost by having corner chit-chats each day in the Co-op, accompanied by week-end dates? Ah, this college life!

As the hands on the clock reach the ten after mark, we had better dash off and start next week's column. If anyone has complaints, would they please write a note or letter pouring out their case and then kindly drop it in the nearest trash-can. You'd be surprised how much better you'll feel.

Bye, bye!

Ninety percent of the woman in America use face powder.

game, and "Old Grandad" labels.

4—Engineering Shop.

5—Science Building, for both

biology and physical sciences.

6—Auditorium, Fine & Applied Arts Building. May be expanded to two separate buildings if necessary.

7—Administration and Classroom Building. Will house administration office. Business Administration laboratories and various lecture rooms.

8—Present administration and classroom building to be used as lecture rooms for Education, Psychology, English, Journalism, Foreign languages, Math.

9—Men's Gymnasium, including swimming pool. The present gym will then become the Women's Gym.

These are, of course, strictly tentative paper-doll plans; Mrs. McKittrick says the buildings described above exist for the most part "in blueprints, hopes, and prayers." But these plans are based on genuinely sound calculations. As an illustration, the program, worked out even down to a daily schedule for each classroom shows a total of 383 classroom sessions; Chico State College, with an enrollment of less than 1500, has 352, so we're not very far off the beam.

Remember that Art Structure class we mentioned? It was divided into three sections, but Mrs. McKittrick's report didn't stop there those three sections mean six hours per week for Art Structure students in the new Auditorium! See you in Section 2, 1965.

Since the establishment of Humboldt State College in 1914, total of approximately 1600 teaching credentials have been awarded.

Frosh Plan Dance, Hayride

Plans for the HSC homecoming to be held on Nov. 5 and 6, are already made and the work to be done is well on its way.

The election of a queen will be the first event and the voting will be right after an assembly at 10:00 Friday, Nov. 5, in the auditorium. The results to be announced.

On the same day there will be an evening full of entertainment: First, the Home Economics Dept. will give a bean feed, followed by a bon-fire and rally. After the rally there will be a costume dance in the gym and participants may wear either pajamas or come Dog-patch style. And to top off the evening there will be a hayride, immediately after the dance. All of this will be on Nov. 5, with the Freshman class sponsoring the bonfire, dance and hayride.

On Saturday, the Rally Committee will present a caravan in which the nominees for Queen will ride on a float provided by the Sophomore class.

At the half-time period of the game Saturday night between H. S.C. and Chico, the Queen will be presented, so that she may reign over the Homecoming dance given by the Alumni association. Ray Posic will provide the music for the dance, which will climax the Annual Homecoming event.

Bean Takes Place Of Cupid's Arrow

It's a common occurrence when an arrow pierces a heart and breaks it, but how about a string-bean piercing a heart? A string-bean almost breaks the heart of Art Loder, co-starred with Donna Burbage in "Lima Beans," a one-act play to be presented Nov. 9, at a student-body assembly.

Miss Donna Burbage plays the part of the newly-married wife who feels that her husband "needs a change;" but Art Loder, her husband, does not agree.

For clever dialogue and fantastical entertainment be sure to see "Lima Beans." The individual spectator will have a part in this play; it is so fantastic that even the stage curtains turn human. Remember: "Lima Beans," co-starring Burbage and Loder, Nov. 9 in the student assembly, as directed by Pat Hofferbert.

Braun Appoints Soph Committees

Alfred Braun, newly elected president of the Sophomore class, recently appointed committees to work on the annual home-coming celebration, scheduled for Nov. 6.

Much of the planning of activities, to include a football game, an assembly, a dance, and the selection of a home-coming queen, is traditionally delegated, to the Sophomore class, which, with President Braun, is headed by Carl Jensen, vice-president; and Mary Lee Connick, secretary-treasurer.

Yearbook Editor Calls Meeting

The editor and business manager of the Sempervirens invite students who are interested in editing the 1949 yearbook to attend the first meeting at the small dining room at Nelson Hall on Thursday, October 28 at 12:30 P. M.

Students who have abilities or interests in writing, salesmanship, or photography are welcome to attend the meeting. This invitation should be of special attraction to those who are looking for an opportunity to join an organization that is both enjoyable and educational.

The newly-appointed business manager is Tom Knight, a member of the Junior class and a business administration major.

College to Finish New Locker Room

Humboldt State College is erecting on the East side of the gym a new locker room for the Varsity teams of the college, and new washrooms for public use.

This is to help relieve the crowded conditions in the gymnasium which now exists during the football and basketball seasons.

Much of the work on the new building is done, and in a short while it will be ready for use.

Frosh Elect Bob Christensen Prexy

Bob Christensen was elected president of the freshman class; vice-president, Raphael Belloumini; secretary, Norma Gentry; and treasurer, Martha Lynn.

At the first freshman meeting of the year, Friday, October 15, President Christensen outlined a program which includes a dance,

Newman Club Initiates Nine

A beautiful and impressive ceremony marked the initiation of ten new members into the Newman Club in the social unit on Sunday, October 17. Those initiated were Katherine Brazil, Margy Filgas, Kathy Kiewatt, Charles McNaughton, John McNaughton, Rita Roloff, Mary Bea Romero, Kay Shumate, and Joe Hedge.

After the initiation the group, numbering approximately thirty students, assembled at the Big 4; Prexy Leon Dillon acted as host.

A committee, under the chairmanship of John Green, is now completing plans for a Halloween party for all Newman Club members.

Who's Who In This Lumberjack

Assignments, policy, writing, editing, headline-writing, and dummieing in this issue of the Lumberjack are the work of the 15 members of the newswriting class.

Loretta Allen, Alfred Braun, Marilyn Brizard, Marion Coffman, Robert W. Crittenden, John Jacobmella, Bill H. Jensen, Ernest McKay, Bob McWilliams, Laddie Murray, Bill Nicol, Frank Powers, John Stoops, Chuck Willcox, and Ted Wimmer.

Cal Poly To Invade Redwood Bowl

HSC Pigskinners Shoot For Fifth Win Of Season

Stunned and bewildered by their 15-7 conference defeat at Davis last Saturday afternoon, the Humboldt State college gridgers today were busily at work trying to perfect a scoring punch that would take them those last five yards to the goal line, as they prepared to meet Cal Poly of San Dimas in the Redwood Bowl Saturday night.

The Lumberjacks were held three different times within the five yard marker at Davis, and despite the fact that they came out on the short end of the score, literally shoved the Mustangs all over the field. That final kayo scoring punch was lacking and it cost the green and gold the ball game.

This Saturday night, the locals meet a highly touted Bronco eleven coached by former Trojan fullback, Duane Whitehead.

The Cal Poly-Humboldt State game will bring together many former teammates, as several of the Broncos and Lumberjacks played with and against each other while competing for Long Beach High schools. Long Beach gridgers now competing for H. S. C. include guard, Tom Seufert; end, Lew Manville; end, Jack Newman; end, Bob McWilliams; halfback, Jerome Schroeder, guard, Gordon Schroeder; and many others.

Several Cal Poly players competed under the tutelage of Lou Tsoutsouvas while he was coaching at Ventura J. C.

Although not boasting an outstanding grid record to date (neither did the Cal Aggies), the Broncos are a big rough aggregation and like Vanport will give the locals a real battle come Saturday night.

As of the weekend of October 16, the Broncos had won two and lost two, but were reputedly getting stronger as the season progressed.

Probable starting lineups for the Saturday night clash in the Bowl is as follows:

HUMBOLDT	Pos.	CAL POLY
Klein	LE	Ballack
Bishop	LT	Turrill
Seufert	LG	Bergman
Lawitzke	C	Sime
Schroeder	RG	Wilcox
Viracola	RT	Bainbridge
Manville	RE	Reed
Melendy	Q	Burleson
Smith	LH	Uranga
Oliveira	RH	Curran
McKown	F	Richards

The Manual Arts buildings on Humboldt's campus were originally barracks from World War I, bought by the state 35 years ago; it is hoped that in 1983 the barracks of World War II now in use will no longer be needed.

PROBABLE STARTING LINEUP FOR CAL POLY GRID CLASH

From left to right: Lewis Manville, Tom Viracola, Gordon Schroeder, Dick Lawitzke, Tom Seufert, Lorin Bishop, Mel Klein.

In the backfield—Eddie Oliveira, Mark Melendy, Tex McKown, and Jack Smith.

Rules Stated for Gym Floor Use

Many students have been asking about dancing in the gym, and how they are to go about obtaining permission to use the gym for dancing purposes.

The floor in the gym has just been completely refinished which should be of interest to the basketball team as well as those who are interested in it from the ball-room standpoint.

President Gist stated that there are to be no dances in the gym during basketball season. However the Alumni Ball will be held there during homecoming week-end.

Dance privileges will be decided by Miss Buchanan, dean of women, and Mr. Forbes, director of athletics.

Every student should join the club or society of his, or her, choice.

Lumberjack Group Honors HSC Gridders

The second annual Lumberjack association dinner honoring the Humboldt State football team was held last Wednesday night at the Bella Vista.

"Gridiron Night," for the second straight year was a huge success. Members of the rally committee were presen to lead the large crowd in a number of songs.

Members of the Lumberjack association, and other prominent men from Humboldt County, expressed their best wishes to Coach Lou Tsoutsouvas and his team on the remainder of the season.

President Gist spoke on a recreational program that the Lumberjack association, and Humboldt State College will sponsor.

Coach Tsoutsouvas, amid cheers and applause, told the enthusiastic audience that the team had great spirit and would be giving their all in the games that remain on their schedule.

The end of the evening's festivities saw the rally committee leading the group in the school's Alma Mater.

In 1935, the State legislature changed the "State Teachers Colleges" to "State Colleges," and enabled them to grant degrees with majors in other fields than education. Since that time, 114 students have received A. B. degrees at Humboldt without teaching credentials.

The Pentagon is the world's largest office building.

The Aurora Borealis is seen in the Northern Hemisphere.
