

Thoman To Be Delegate At UNESCO Meet

Bob Thoman, past-president of the Humboldt State College chapter of the California Student Teachers Association, will represent the students of Northern California at the first Regional Conference of the United Nations Educational, Scientific and Cultural Organization, which will be held May 13-15 in San Francisco. The UNESCO conference will be the first major United Nations conference to be held on the Pacific coast since 1945. Some 3,000 delegates will attend. They will be from seven western states, Hawaii, and Alaska.

Thoman was selected to represent the students of Northern California by the state officers of the California Student Teachers Association during the recent state convention of the C.S.T.A. The selection is an honor to HSC.

The principal speaker at the UNESCO conference will be Dr. George Dinsmore Stoddard, president of the University of Illinois. Author and educator, Dr. Stoddard was chairman of the U. S. Educational Mission to Japan in 1946, and of the American Council of Education. He is a member of the President's Commission on higher education, and was a United States Delegate to UNESCO conferences in London, Paris, and Mexico.

V.A. Announces New Change Of Objective Rules

The Veterans Administration recently simplified the method of allowing World War II veterans training under the G.I. Bill to change their educational or vocational goals.

Veterans studying in public high schools and colleges no longer will need prior approval of V. A. before changing their courses. These changes now may be approved by the schools.

Requests for course changes will be referred to V.A.'s Advisement and Guidance Sections for recommendation only when the training progress of the applicant is unsatisfactory.

However, no training change is to be effected before the end of a term, semester, or other period of instruction for which tuition has been paid.

Music Festival Date Announced

The annual Humboldt Music Festival will be held at Humboldt State on April 30, featuring as guests all high school choirs, choruses and bands in Humboldt and Del Norte Counties. The program will last a full day, with the events to be divided into three time groups.

The morning group will feature soloists and instrumental ensembles from the college and the high schools.

The afternoon session will present massed choruses and a massed band.

The program will end with a roundup of the choirs and bands of all the high school represented.

The public is cordially invited to attend the Festival. There will be no admission charge.

Although the LUMBERJACK cannot guarantee publication, we would like to receive short articles, poems, fiction, or humorous stories.

Last Movies Of Series May 11

Paul Gelfmen, Alpha Psi Omega president, has announced that the last movie of the year in the Movie Series will be presented May 11th.

The movie "Cheers For Miss Bishop" will be shown in the College Elementary School auditorium at 7:30 p.m. "Cheers For Miss Bishop" stars Martha Scott.

This will be the last movie of the year.

Music Festival Meets Success

The annual Humboldt and Del Norte Music Festival, featuring the best works of the high schools in both counties, was held last Friday, April 30, in Fortuna and Eureka.

The morning and afternoon groups met at the Fortuna High School, with the spotlight on sextets and instrumental soloists. One big feature of the morning was combined choruses of the various high schools throughout Humboldt and Del Norte Counties. An All-Counties orchestra also contributed greatly to the general enjoyment of the spectators as well as the participants.

The evening's program was held in the Eureka Jr. High School Auditorium, with the high school bands and orchestras giving out with their very best.

This year marks another successful completion of an attempt to give musically minded youths an opportunity to enjoy the efforts put forth by others of their age and themselves, besides showing the audience just what is being done in high schools today to further the appreciation of better music.

Newman Club Conducts Feed

The Newman Club held its annual Crab Feed at Trinidad Head recently. The "Feed" started at 1 p.m. and lasted until all food and drink had been disposed of in one manner or another.

The "shindig" was open to Newman Club members and their guests, through the purchase of tickets priced at \$1.00 each. Featured on the menu was crab, in several forms, numerous types of salads and different varieties of beverages.

The affair was put in the very capable hands of Leon Pike, who handled the situation adequately.

Dramatic Group Initiation Tonight

Alpha Psi Omega, dramatic society at Humboldt State, is holding its initiation tonight, Wed. May 5, in the college auditorium from 4:30 p.m. to 6 p.m. Members will then journey to Shadow Lodge for an initiation dinner.

New members being inducted into Alpha Psi Omega are; Don Chamberlain, Eddie O'Donnell, Loretta Allen, Verle Gaddy, Janet Oppenheimer, Leon Pike and Mary Ellen Hovey.

The program for the evening will be presented by Alene Beers program chairman.

Million Jobs to Be Available This Summer

Last year a national young man's magazine surveyed the summer job field, and predicted that one million vacation-time positions would be filled by students. A recently published government census reveals that the actual figure came to about 1,001,900.

This year that same magazine, Varsity, has surveyed the field again, and predicts that twice as many jobs will be available during the summer months of 1948.

In an article that tells how and where to get these jobs, Varsity splits the vacation employment field into seven categories: self-employment, governmental work, transportation, sports, and trades.

According to the article, the first two job categories offer some of the best opportunities in summer work. Jobs are open in three branches of the Department of the Interior ... in the Geological Survey division (for field assistants); in the Fish and Wildlife Service (as refuge and hatchery laborers); and in the Bureau of Reclamation (for engineering aids, survey aids, draftsmen and soil specialists.) Numerous other positions are open in the National Park Service, and in hotels, restaurants, and concessions at these parks.

In each of the job divisions listed, Varsity Magazine points up the outstanding positions: in Transportation, for example, there are airline passenger-relations jobs available. In the Summer Camp field, public and settlement camps often give jobs to inexperienced applicants ... although they pay less.

Job counselors interviewed by Varsity Magazine, however, almost unanimously suggested a wide-open field for self-employment: the one or two-man day-camp. As capital is needed -- little practical experience is necessary -- and when the venture is operated intelligently, returns are good.

But jobs in all of the fields are going fast, the article states.

Stanford Prof To Lead Tours

Two thirty-day educational tours of Mexico for students and teachers will be conducted by Professor and Mrs. Juan B. Rael of Stanford University this coming summer. The tentative dates for the two tours are June 29-July 28 and August 24-September 22. The itinerary will include Guatimala, Mexico City, Puebla, Tehuacan, Cordoba, the volcano, Morelia, Cuernavaca, Taxco, and Acapulco. Persons wishing further information about the tour may secure it by writing to Professor Rael, 574 Lasuen St. Stanford University, California. He may be reached by phone at P. A. 4081.

CSTA INSTILLS OFFICERS

At the April meeting of the California Student Teachers Association of Humboldt State College, the following new officers were installed: President, Vernon Whalen; vice-president, Anita Thompson; secretary, Virginia Williams; and treasurer, Carl Jensen.

Season's Closing Recital Stated

The last recital in the season's series will be held at 8:00 p.m. May 26, in the College Auditorium.

Sponsored by Mu Epsilon Psi, this recital will feature on the first half of the program, Mr. Leland Barlow with his vocal rendition of German Leider and Art Songs of the master composers.

The second half will turn the spotlight on the String Trio, consisting of Charles Fulkerson (piano), Jean Fulkerson (cello), and Esther Griffith (violin).

The May 26 program will mark the end of a successful series of presentations which have brought musical enjoyment to many Humboldters and students.

Arcata Chamber To Investigate Council Removal

The Arcata Chamber of Commerce, in a meeting recently, voted to investigate the removal of the veteran's council service at Humboldt State College.

The action followed a talk by Dr. Homer P. Balabanis, college vice-president, who pointed out that veteran students will suffer from the removal of the service.

A two man committee was appointed to confer with veteran authorities in an attempt to keep the service at the college.

State Needs 5,000 Teachers

At least 5,000 additional teachers are needed immediately in the State of California, says Arthur Corey, executive secretary of the California Teachers Association.

Speaking before the Rotary Club of Sacramento, Mr. Corey said only 600 teachers will graduate this year from state teachers training schools, and that at the present time there are 7,000 emergency teachers teaching in California. These teachers, he said, are not adequately trained to teach the children of the state.

Mother's Day Tea Planned

The Association of Women Students, in conjunction with the other women's clubs, including the Women's Athletic Association, Tri Sigma, Social Service Club, and Hohe Economics Club, will have a Mother's Day Tea on Saturday afternoon, May 8, to be held in the social unit of Nelson Hall. The theme of the tea will be June Weddings. The program will include a style show.

All women's organizations are assisting with the tea: The Social workers will handle invitations; Tri Sigma, decorations; while the Home Economics Club will help with the food and the fashion show.

PRE-NURSING GROUP ELECTS

Tri Sigma, Humboldt State College pre-nursing society, recently elected the following officers for the next school year: President, Viola Batt; vice-president, Toni Coletha Webster; publicity chairman, Kathy Stockoff.

Education Has Its Advantages, Says Writer

by Peter Anderson

Once there was a Student named Grind who went to college to get an education. He always got straight A's. Every night he would study until midnight. Every day he went to every class and was awake during the lecture.

Another student, named E. Pluribus Moron, always cut his classes. Every night he would go to the Alibi and drink Beer. Every Day he sat in the Co-op and put Nickles in the juke box. Grind knew he would come to no good.

E. Pluribus flunked all his subjects and left school. His Rich Uncle gave him a job and he was happy.

Grind graduated with highest honors. He went out into life to make his fortune. So did thousands of other college graduates.

Finally he got a job from the rich uncle of E. Pluribus Moron. Now he works hard every day. At night he takes work to his home. E. Pluribus sees him every Morning to give him his orders. Then E. Pluribus plays golf all afternoon and drinks beer every night.

MORAL: Always be born in a family with a rich uncle.

Good-Will Tour To Begin Soon

The Good-Will tour under the auspices of the Public Relations Department, and sponsored by the Men's Association, will be under way May 9 and is to last until May 24. This tour is headed by John Heller, assisted by Des Shanahan and Mr. Albert Peck.

The tour is to better acquaint high school students with the scholastic standing and social activities of Humboldt State. The schools to be visited are; Arcata, Eureka, Ferndale, South Fork, and Del Norte. Letters have been sent to other schools in northern California to determine if they wish to present the Good-Will tour to their students.

The programs for the schools consists of HSC talent and two faculty members to present Humboldt to the future students of the college.

NELSON HALL WOMEN ELECT

The Women of Nelson Hall recently elected the following officer for the next school year: president, Barbara McCarthy; secretary, Pat Van Duzer; treasurer, Verle Gaddy; head proctors, Marie Weil and Zatha Tallman; and fire chief, Pat Blaskovesky.

Coming Events

May 5 — Home Economics Meeting in C.E.S., at 12 p. m.

Mu Epsilon Psi Variety Show in College Auditorium at 1 p. m.

Knights Meeting in Social Unit at 1:15 p. m.

May 7—Nelson Hall Formal in Social Unit at Nelson Hall.

May 8—A.W.S. Mother's Day Tea in the Social Unit of Nelson Hall in the afternoon.

May 10—Coordinating Committee Blo-Out at College Cove at 4:30 p. m.

May 11—Alpha Psi Omega Movie Series picture "Cheers for Miss Bishop," in College Auditorium at 12 p. m. and at 7:30 p. m.

May 19, 20, 21, 22 — Spring Play: "The Man Who Came To Dinner."

May 27—Leland Barlow, Esther Griffith, Jean Fulkerson and Charles Fulkerson—Mu Epsilon Psi Recital

GRIPE BOX

An answer to the answer to the gripe about noise in the library: An obvious answer is that Humboldt needs a large, modern and adequately equipped library, away from the noise of a much-travelled corridor. This will come in time.

A more immediate answer is that HSC students should grow up and assume a little responsibility for their conduct. "In large university libraries you can hear a pin drop, yes," because students come to the library to study or read, and because they have enough courtesy and consideration for other library users to refrain from talking aloud, laughing noisily and making a commotion in the library.

Librarians in large university libraries do not spend their time patrolling the reading rooms making students be quiet and study. A librarian's duty is to select, purchase and prepare books and other library materials for use, and to help people find the books and information that they want. It is not the duty of a professional librarian to act as a monitor or policeman. Even if the Humboldt library staff wished to assume such duties it would be impossible at present. The library staff is too small to do the necessary professional work of the library adequately, and it would be entirely impossible for them to patrol the reading room eleven hours a day. It is up to the students of the college to maintain the kind of order that they want in the library.

Signed,
Helen Everett, Librarian.

DISC-CUSSING

by A. LISTENER

With due respect to the regular editor of this column I wish to Disc-cuss a few people and a few platters that are making the Jute Box industry what at as today.

A little note on the Great Stan Kenton, (sorry to disagree with you, BOB) but there are two sides to the Kenton story, those who like him and those who don't. I fall in the latter bracket. My opinion of the "Great Kenton" can be summed up in two words: "HE STINKS !!!!" More people have spent their hard earned cash on having their radios fixed, when all the time it wasn't their radios fault. It was that Kenton and his gang making with the "static". Can't say as I blame Petrillo doing away with disc-making, that kind anyway. If that's music, I'll take vanilla. What's your opinion?

Whats happened to dear ole Nellie Litcher or Letcher, take your choice. This time last year she was flying high with "Hurry on Down". Could be she lost that touch that she was gifted with. I'd say she had better get hot with some good platters or she'll soon be on top the list of "has beens."

Guess Ernie Felice isn't satisfied with the revival of the accordion, now he has written a book which will hit the stands in mid-summer, on accordion playing. Not that the accordion isn't a clever instrument but who's going to revive "square dancing" to appreciate it?

Peggy Lee's "Talking to Myself About You", is really being "talked" about. Three swell composers, Weston, Stordahl, and Taylor worked hard on this number, but the general opinion of the "nickle-rich" folks is that they are saving their nickles for a sunny day. To bad, its a nice song too. Jo Stafford is trying something

Viewing The Exchanges

by P. L.

"EL MUSTANG" . . . California State Polytechnic College has been named the site for the third annual physical education workshop and coaching clinic sponsored by the California Association for Health, Physical Education and Recreation.

Scheduled for August 16 through 27, the workshop will be headed by some of the Coast's outstanding coaches. "Jeff" Cravath of U.S.C. will direct the football clinic; "Nibs" Price of Cal., will direct cage classic; Robert Strehle of Pomona, track; Jack Gaines, golf; also other instructors picked for their knowledge from the standpoint of activity in the High School and Jr. Colleges will also be there.

The workshop inaugurated in 1940 at Monterey, is for the improvement of the health, physical education and recreation programs in California and gives practical assistance to the men responsible for these activities in the state.

SAN JOSE STATE "SPARTAN" . . . The students of S.J.S. have proposed a Memorial Chapel to honor their war dead. Today, cash donations total \$15,480 and about \$22,000 have been pledged.

COLLEGE OF ALASKA "COLLEGIAN" . . . Although I mentioned this college once before, since then I have ran across an interesting item. The only "out of Alaska" advertisement found in the "Collegian" was an ad from (of all places) Arcata. The ad was for a well known local Auto Court in Arcata. This, I thought was very unusual, what do you think???

new, an album of American Folk Music. That's all we need, that Stafford gal started out with a bang, but what on earth has happened?? Come on girl, get wise, folk music is good but.....

Thanks Crit for the use of your column this week, just had to blow off a little steam.

Falling hair is one of the greatest causes of boldness.

Radio Ramblings

by Don Chamberlain

I thought for a while that it would be rather difficult writing the column this week, but the sun didn't shine Sunday, so I had a wonderful opportunity to listen to the radio and do my homework. (revolting, eh what?)

Quite by accident I heard a show that's been off the air for several years. It used to be known as I LOVES A MYSTERY. At that time it was a fifteen-minuter as well as a continued serial. It's present title is I LOVE ADVENTURE. Just another "cloak and dagger special," but interesting at times. Now a full half-hour show, it may be heard each Sunday evening at 6p.m. over ABC's KHUM.

Missed the "Sportsman" and their comic commercials on JACK BENNY'S Sunday show, but it was alleviated a bit with rotund DON WILSON doing the ad from the floor while flat on his back. Quite an interesting effect, to say the least.

Another show that is rapidly gaining popularity is STOP THE MUSIC, heard over ABC (again KHUM) on Sunday afternoons at 5 p.m. It involves the "give-away" principle, but some of the songs an individual is asked to name are enough to confuse the best of musicians.

Hope you don't take the opinion that I'm biased as far as the two Eureka stations are concerned. It's just that the two shows recommended for listening happened to be products of ABC. What can I do? What can I say? I mean--- Before signing off, just a reminder that two speakers were put up in Nelson Hall chow hall, hope they serve the purpose namely, to let

Probation Rules Published By Registrar

Results of new probation and disqualification rules have now been published in a report to the faculty by Mrs. Myrtle McKittrick, Registrar.

Total registration for Spring Semester 1947 was 654, of whom 39 (6 percent) were placed on probation, 116 (17 percent) were given warnings, and 12 (2 percent) were disqualified.

Total registration for Fall Semester was 739, of whom 46 (6 percent) were placed on probation, 102 (13 percent) were given warnings, and 36 (5 percent) were disqualified.

Warnings were given to those students who had a cumulative index of less than 1.00.

An inspection of the data given shows that the same proportion of students were placed on probation under the new system, a smaller proportion given warnings, and a greater proportion disqualified. Of those disqualified at the end of the last semester, 9 of the 36 withdrew during the semester, and 16 were first semester Freshmen. All of the disqualified Freshmen had received minus indexes.

Coaches Finlay and Young Start Spring Drills

32 Gridders Out; Prospects Bright For Strong Team

Having laid the basic ground work for spring football practice by last week's chalk talks, coaches Jack Finlay, and Phil Young will begin putting their aspirants through contact work and actual scrimmage this week.

A large turnout of thirty-two grid hopefuls have signed up for the spring training session, and twenty-two of these are returning lettermen.

Line prospects for next fall's eleven are very bright with such returning veterans as Captain Gordon Schroeder, Tom Viracola, Dick Lawitzke, and co-captain elect, Sid Cohen. Only a few back-field men have signed up so far, but many more are expected to don their cleats before the practice season is completed.

Men who have signed for the gridiron sessions thus far are: lineman; Rod Stock, Mel Klein, George Wildridge, Bill Horton, Bert Hytomen, Bob Armstrong, Chuck Piper, Gordon, Schroeder, Tom Viracola, Gene Cox, Bill Thayer, Al Tingstrom, Dick Lawitzke, Tom Seufert, Marty Caplan, Dick Grecian, Allen Bartlett, Elmer Has-kins, Louie Manville, Frank Jones, Leroy Cochrum, and Bob Crittenden. Backs include Jack New-

Saturday, May 8 — Golf, Far Western Matches, Davis.
Saturday, May 8—Tennis, Far Western Finals, Davis.
Saturday, May 8 — Swimming, Far Western Meet, Davis.
Monday, May 10—Baseball, HSC vs. S. F. State, Arcata. (Doubleheader at 2:00 and 8:00 p. m.)

W. A. A. ELECTS

The officers for the W.A.A. were elected and are as follows: President, Perky Piper; vice-president, Mary Dawn Melendy; secretary, Donna McCann; treasurer, Lorraine Raviscioni; publicity, Sandy Wyatt; point chairman Lois Carlson; sports chairman, Eleanor Lorenzo. The Social Chairman is to be appointed.

man, Norm Disher, Russ Crosby, Mark Melendy, Don Anderson, Ron Schneider, Darrel Altimus, and Bob Kay.

SPORTS SPIEL

By Don Terbush

Girls girls girls! Have you heard the latest? Mary Dawn Melendy, general chairman of the Women's Athletic Association Play Day activities, has just let me in on one of the juiciest little tidbits you ever glued your ever-listen' pearly ears too. She says, now for heaven sakes keep this under your newly-purchased Easter bonnet, she says that May 15th, May 15th mind you, the Annual Humboldt Del Norte county Play Day for all high school girls will take place here at your own little college with YOU as the sweetest, kindest, most thoughtful little hostesses that ever hosted a Play Day as hostesses. Now if that bit of news isn't hot enough to singe the embroidery on your dainty little lace handkerchiefs I'll eat a raw coffee bean smothered in castor oil. So remember that date May 15th. Oh yes, as one gossip to another don't breathe a word of what I just told you to anyone.

Glad to see that the boxing set-up at H.S.C. is being given an overhaul. In the past whenever there was need of a boxing team to represent the little green college on th hill, some of the boxing recruiters went on a selling tour of the campus and you were liable to find your eighty year old wizened-up chemistry prof fighting fleaweight in the novice division or, the head janitor still carrying his lawn mower in his hip pocket taking on some moose in the heavyweight division. Under the able guidance of Jack Finlay the boxers are now an organized group conditioned and trained before stepping through the ropes into the ring. They may not be future ring kings, but on the other hand they do know that the boxing gloves they are wearing aren't worn to weddings, formal affairs, or teas.

Present methods of handing out athletic awards at this hilltop in stitution of higher mental development are slightly on the pathetic side. When a deserving athlete has won his varsity "H" he is quietly taken aside on a dark night deep in the wilds of a heavily wooded section of the redwood empire and a sleight of hand artist representing the HSC student body pops the well-disguised package bearing his letter into his hand and no one ever guesses that he got it. On the other hand if non-coordinated "Clubfoot" Haggerty was cagey enough to sign up for some sport instead of a gym class, he undoubtedly was presented with new type of letterman's jacket for all the trouble he went through to sign up. He didn't have to play the sport. Oh no. His chances of getting that jacket were much enhanced if he didn't play at least too much. Seriously though, and it is serious, the situation should be remedied. A specific type of jacket should be decided upon as a letterman's a-

My Greatest Sports Thrill

by Gene Moses

When asked to write my greatest sports thrill I did not know what I would consider the top thrill of my athletic career. In thinking back through the years I thought of many thrills that are common to practically everyone who has been active in sports, and these are the ones that stand out in my mind.

While playing basketball at Montebello High School, our team was invited to participate in a tournament. There were sixteen teams in the tournament and we were considered just a fill-in to make it an even sixteen team affair. Our first game was with the top seeded team and we defeated them by a small margin. After winning this game we were inspired and went on to defeat the second seeded team by a fairly

large score in the finals and win the tournament. While in the service I had the privilege of playing on the base team where I was stationed. We scheduled a game with the University of Oklahoma, a team which later that year went to the finals of the Western Division tournament held at Kansas City. It was a great thrill to play against, and to guard such great players as All American Gerald Tucker, Allie Paine, and another great player in the person of Dick Reich. We were defeated, but it was by a very small margin. As a student here at Humboldt State I believe that I enjoyed my greatest sports thrill when we defeated Chico State in the first game of the 1948 season after everyone had picked us to lose by a large score, and the defeating of that same Chico State in the second game played at Chico after having taken a terrific beating the previous night. These will always remain in my memory.

ward. Certain requirements should be set up which must be met before you are eligible to receive that award when the requirements have been satisfied there should be an assembly at which time the award is presented to you and you receive your due recognition. Some such system would certainly shorten the parade of assorted and multi-colored jackets on display about the campus at the present time. It's nice to have variety, but it's nicer and much more impressive to have a lettermens jacket which the wearer is proud of, and which is indicative of the fact that the person wearing it IS an athletic with all the right in the world to be known and looked up to as such.

Ah May! The month of sunshine, romance, blooming flowers, moonlit nights, soft breezes, may-pole dances, singing birds, spooning twosomes, and what do we get in Humboldt county? RAIN RAIN R.A. I N! Potential Warmerdams Tildens, Joneses, and DiMaggios on the Lumberjack campus are tearing wet Kleenex tissues to shreds because they are unable to get outside to loosen up taut muscles and get in some practice on their respective sports. This wet rainy weather is great for ducks but none of our athletic equipment looks good on a duck. On second thought after seeing "Goo Goo Eyes" Caplan in a Humboldt State track suit maybe we'd better turn the stuff over to the quacky little rascals. Speaking of quacky little rascals, don't you think that I have quacked off enough for this week? Nothing like a little yoke between good eggs. 'Bye sports!

No matter what you want most of life—you can be sure it's going to cost you money to get it.

Columbus held an odd view; he though no matter how far a person went on the surface of the earth, he would never fall off.

There are two classes of pedestrians in California, the quick and the dead.

WAA Play Day To Be May 15

The Women's Athletic Association is sponsoring its Twentieth annual Play Day for girls from the high schools of Humboldt and Del Norte counties on Sat., May 15, at Humboldt State College. The theme of this year's events has been titled "Spring Fling."

The events will include sports periods, in which activities such

as volley ball, softball, basketball, relays, and folk dancing will be participated in by those attending.

A luncheon will be served at Council Crest at 12 p.m., followed by a Song Contest, in which each high school will present an original song. This feature is the highlight of this year's Play Day, as it has been the highlight of Play Days of the past.

The date for this event had previously been scheduled for

Scholarships And Contests

SHORT STORY CONTEST

Varsity Magazine will pay \$100 for any story accepted for publication. The offer, growing out of a desire to develop new talent among America's young writers, is open to any student at Humboldt State (and all other colleges).

Submitted stories should be about 1200 words in length, and may be on any subject. It is important to note, however, that Varsity is a young man's magazine, read regularly by hundreds of thousands of male undergraduates. While fiction for this audience can be either serious or humorous, it must be slanted for mass male readership.

Manuscripts should be typed, and mailed, with stamped return envelope, to Short-Short Story Department, Varsity Magazine, 52 Vanderbilt Avenue, New York 17, New York.

STATE FAIR CONTESTS

Increases in both the number and amounts of cash awards for the California State Fair Art Show next September 2 through 12 have been announced.

Open to all living California artists, the list of awards is expected to make this the greatest art exhibit at any State fair and one of the outstanding shows in the nation.

This year, 155 cash awards will be made, more than double the sixth-nine premiums given artists at the 1947 fair. Awards will total \$12,500.

Separate competitions in oil for conservative and modern paintings will be held, identical prizes of \$1,000, \$500, and \$250 being offered in each class.

Hand-woven textiles and cos-

May 1, but due to repairs being made to the gym, the date was changed to May 15.

tume jewelry have been added to last year's classifications, which included oils, water colors, prints, sculpture, ceramics and metal work. Approximately 100 oils and fifty water colors will be selected for exhibition.

Entries in all classes close July 20. Complete information may be obtained by writing to the California State Fair in Sacramento, attention Mr. Duggins. One of the main prizes, open only to first and second year college students of the state, is a \$1,000 Cantennial Arts scholarship for the best work depicting the history and romance of California in one of four media—oils, watercolors, photography, and pen and ink, or other black and white media.

WHY... I smoke Chesterfield

(FROM A SERIES OF STATEMENTS BY PROMINENT TOBACCO FARMERS)

"Liggett & Myers buy the bright, good cigarette tobacco that is mild and ripe, and pay the price to get it. Nobody buys better tobacco."

"I am a Chesterfield smoker. It is a good cigarette and I like it."

Allison B. Farmer
