BUY A STUDENT BODY CARD

Verle Gaddy, Emery Ringstad Elected Hilarities Managers

VERLE GADDY

Verle Gaddy and Emery Ringstad have been named senior managers of the forthcoming Hilarities of 1948, which are slated for March 11-13 and will be based on a College Calvacade theme.

Verle, a speech major, assisted with the Hilarities of 1947, acted as script girl for *Blithe Spirit*, was a prompter for *Joan of Lorraine*, is publicity chairman for the Associated Women Students, a member of Mu Epsilon Psi, and a yell leader.

Verle will supervise a group of junior managers, including Jackie Jordan, costumes; Phil Perry, Charlotte Marks, Jean Heise, and Al Rosenfeld, properties; Marie Weil, and Courtland Mudge, front house; Pat Clark and Jackie Wood, wardrobe; and Loretta Allen, make-up.

Emery, who played the role of *Dunois* in the fall play, *Joan of Lorraine*, is also publicity chairman for the Sweetheart Ball. As senior manager of the Hilarities, he will have the assistance of the following junior managers; publicity, Bob Lindstad, Mary Dolf, and Don Chamberlain; dance, Mary Hull; music, Elmer Haskins; program, Frances Brizard, Fern Stahl; stage force, Joe Barkdull, Ed Quill, and Leon Pike.

REHEARSALS SLATED

As there are only four and one

EMERY RINGSTAD

half weeks left before the Hilarities will be presented to the public in their polished form, Don Karshner, director of the productions, has announced that tryouts will be conducted on Thursday and Friday, February 5 and 6, followed immediately by rehearsals which will get underway as soon as all participants for the various acts are selected.

The schedule of tryouts will be posted on the Hilarities Bulletin Board, along with the site of each individual tryout.

Procedue To Add Or Drop A Course

Any program changes to be made after registration will follow the established routine which is as follows:

TO ADD A COURSE: Obtain a permit to enter the new course from the Registrar, have it signed by your adviser, return it to the Registrar, and obtain a new course card, which will be given to the instructor.

TO DROP A COURSE: Obtain the course card from the course to be dropped from the instructor, have it signed by your adviser, and turn it in at the office of the Registrar.

Art Festival Here This Month

Increasing interest and appreciation of recent art exhibits at Humboldt State College have resulted in the Regional Art Festival to be held here February 24, 25, 26, and 27.

The four-day exhibition, under the direction of Newell R. Bullen and Melvin A. Schuler of the art department, is the first step towards the creation of a program bringing to this area outstanding exhibitions in the field of art.

Well known local artists will exhibit, along with such outstanding western painters as Hamilton Wolff, George Post, and Alexander Nepote. Along with these bay area painters, the works of college faculty members, students, and the students and teachers of Humboldt and Del Norte County high schools and elementary schools will be brought together for showing at the regional festival.

FEBRUARY EVENTS

Feb. 5 — John Crown; piano concert; College Auditorium; sponsored by Mu Epsilon Psi.

Feb. 6 — Newman Club Bingo Game; Danish Hall; sponsored by the Newman Club.

Feb. 7 — Sweetheart Ball; Eureka Municipal Auditorium; sponsored by the Freshman Class.

Feb. 9 — Humboldt State vs. Cal Aggies; basketball; College Gym; sponsored by the Student Body.

Feb. 10 — Humboldt State vs. Cal Aggies; second game.

Feb. 13 — Humboldt State vs. Southern Oregon; basketball; sponsored by the Student Body.

Feb. 14 — Humboldt State vs. Southern Oregon; second game.

Feb. 21 - 28 — Art Festival; Social Unit; sponsored by the Art Department.

VETS NOTE

J. D. Murchison of the Department of Veterans' Affairs, State of California, will be at Humboldt on February 3. He will remain here until noon, February 4. Any veteran having a problem to discuss with him is invited to do so.

Do Not Be Unfair to Organized Students of Humboldt State

By DARREL BROWN, President,

Associated Students, Humboldt State College

Why should you buy a Student Body Card?

Have you ever wondered what sort of a school Humboldt State College would be without its athletic program, without its Co-op, without its student bookstore, without its annual musical and dramatic events, without its social affairs and campus organizations?

It does not take much imagination to envision that it would be a scholastic sweatshop, where social life, with all its conveniences, would be minimized to a point of maddening monotony. There would be no coffee between classes, no books purchased by students at an appreciable discount, and there would be no equipment for "play night" and intra-mural sports.

NOTICE!

All students of Humboldt State College, including all those previously registered here and all those registering for the first time, are hereby invited to offer their services to this publication.

The LUMBERJACK needs, among other things, many reporters. Previous newswriting experience is not necessary. The only requirement to be fulfilled to become a member of the paper's reporting staff is that you be able to write intelligently in the English language.

The LUMBERJACK needs a circulation manager. The person qualifying for the job will have to be the type of individual who can meet the public, as plans are afoot to sell the paper to outside subscribers. Among the jobs to be performed by the circulation manager and his staff is to see that the paper receives complete distribution to the student body and faculty.

The LUMBERJACK needs a circulation staff, which will work under the circulation manager. Those applying should be willing to exert some of their own time to pushing the paper toward becoming a medium of disseminating college information to all those interested.

The LUMBERJACK needs "rewrite" personnel, consisting of students who can and will take badly written stories submitted to the paper and rewrite them. The only requirement to be fulfilled for this job, other than being able to correct badly written stories, is that you be able to type.

The LUMBERJACK needs most of all the BACKING OF THE STUDENT BODY AND OF THE FACULTY. For too long the paper has been written, edited, and produced by too few. For too long now the paper has been read by only a few. For too long now the LUMBERJACK has been SECOND-RATE.

It is about time something was done about it! DON'T YOU THINK SO?

THE LUMBERJACK STAFF

LOST

A portable typewriter in a black case, belonging to Mr. Bullen of the Art Department, has been misplaced somewhere in the college administration building.

The finder may collect an ample award by contacting Mr. Bullen.

Student - Teachers, join the California Student Teachers' Assn.

But most important of all, there would be no student body organization, for it is the revenue from Student Body Cards that provides a financial basis for the democratic government of the student body. In so much as every student benefits from that democratic government, it is only just and fair that each student contribute his or her share to the common welfare. Therefore, it is the duty of every student to be the possessor of a Student Body Card.

Also, aside from benefiting from the sources mentioned above, the holder of a Student Body Card benefits personally by gaining free admission to all intercollegian athletic events, including basketball, football, and baseball games.

Although the purchase of a Student Body Card is not compulsory at Humboldt State College, a student not holding a card could, technically, be excluded from student body activities, including use of the Co-op and exclusion from participating in intercollegian athletics.

Perhaps you do not wish to purchase a Student Body Card because you feel that the student body organization is lacking in attributes. If that is the reason that you do not wish to purchase a card, remember that while you are outside the student body organization, you are of no assistance whatever to righting whatever wrongs you believe to exist. You can improve the organization only by being a part of it.

By purchasing a Student Body Card you will become a part of Humboldt State College. By staying outside the student body group you become an individualist.

And an individualist is a pretty lonesome guy!

Schedule For Spring Semester

REGISTRATION PERIOD

Tuesday, Wednesday, February 3rd and 4th.

INSTRUCTION BEGINS

Thursday, February 5th.

LAST DAY FOR

PROGRAM CHANGES

Friday, February 28th.

MID-TERM WARNING NOTICES

Friday, April 9th.

SPRING RECESS

Saturday, March 20th to Sunday, March 28th.

MEMORIAL DAY

Monday, May 31st.

SEMESTER EXAMINATIONS

Monday, June 7th, through Friday, June 11th.

COMMENCEMENT

Friday, June 11th.

C.S.T.A. To Have Booth in Registration Line; All Student-Teachers Urged to Join

By BOB THOMAN

Many people have asked where they may join the C.S.T. (California Student Teachers Association). Here's the answer . . .

The booth at the end of the registration line with the sign "All Education Majors Report here" is the C.S.T.A. booth. There will be one or two of the members on duty at all times to enlighten you with the purpose and benefits of the organization. Membership will

be for the calendar year (1948), and costs \$2.00 (\$1.50 to the state and 50c to the local chapter). Let's make it a 100 percent membership of the School of Education.

The C.S.T.A. is getting off to a flying start this spring semester, having already arranged to have the first guest speaker of the season appear here.

The speaker, Mary Ball, state secretary of the California Teachers Association, will arrive here on

February 9, but the time of the meeting before which she will appear has not, as yet, been set. However, all education majors will receive notice of the specific time.

Put this memo in your date book. It is just the first of many well-known speakers who will appear before the local chapter of the C.S.T.A. Other future speakers and guests will be announced in the LUMBERJACK.

 BUSINESS MANAGER Jerry Falor
 ASSISTANT Ted Guenther
 FACULTY ADVISOR Mr. Alward

Published weekly during the school year, except during vacations and examination periods, by the student body of Humboldt State College, Arcata, California.

The student body takes pleasure in utilizing this space to welcome all new students to Humboldt State College. We hope your stay here will be as pleasant and enjoyable as ours is and has been.

Here at Humboldt State you will find the faculty learned, fair, and democratic, and the student body energetic and kind.

Here there prevails a "small town" atmosphere. Here everyone comes to know everybody else and is proud of the fact.

The social activities of the campus are open to you, and because Humboldt State College is small, you do not have to wait until your senior year to gain recognition. You become a part of Humboldt State College the moment you register.

We know that we are going to like you. We hope that you will like us.

Again, WE WELCOME YOU TO HUMBOLDT STATE COLLEGE!

OLD FRIENDS

This semester the names of many old friends will not appear on the list of students registered at Humboldt State College.

Many of these old friends have moved on to larger schools to pursue work which Humboldt does not offer. Others have dropped out of school for one reason or another.

Whatever their reasons for not returning to Humboldt, the students body wishes them luck in whatever new adventure they are undertaking.

We will miss them, and have a suspicion that they will miss Humboldt State College, too - at least a little.

Students Urged To Be Active in Class Affairs

By HAROLD TUPPER

At the beginning of each semester the presidents of the four classes, Freshman, Sophomore, Junior, and Senior exert a great deal of effort in an attempt to bring all those qualifying into the fold of their particular class. However, very often they are very unsuccessful. This should not be.

It is to the benefit of every student in Humboldt State College to be an active member of his class organization. It is the means of the student becoming acquainted with his classmates. Also, without class organization a class cannot add to the tradition of college life, and tradition is as important to the social life of Humboldt State as learning is to the academic life.

In order that each student will know exactly in which class he or she belongs, we publish the following information:

Anyone having less than 30 units is a FRESHMAN.

Anyone having more than 30 units, but less than 60, is a SOPHOMORE.

Anyone having 60 units, but less than 90, is a JUNIOR.

Anyone having 90 units or more is a SENIOR.

Each class has an organization, headed by a class president, and each class organization holds periodic meetings throughout the school year, as well as tradition social affairs. In order that your college life may be a full life, you owe it to yourself—and to your school—to participate in all of the functions of your class.

DON'T BE AN OUTSIDER!

Alumni Offers Life Membership By Installment

At the end of four eventful years at Humboldt you not only have the chance to secure a degree but you also have the chance to have presented to you a lifetime membership card to the H.S.C. Alumni Association.

By paying a total of \$2.00 a year, in four years the total sum of eight dollars will have been paid and you automatically become a lifetime member.

As a member of the Association, you will receive the following benefits:

1. Receive the "Alumnus," the official publication of the Association.
2. Your name will be placed on mailing list in order that you will be informed of all activities sponsored by the Association.
3. You will thereby be able to maintain contact with your college friend and associates.
4. You will have the voting privileges, along with the right to participate in all activities.
5. You will be a part of the future Humboldt State through your participation in scholarships sponsored by the Association.

With all this offered, how can you loose????

San Bernardino County, with an area of 20,160 square miles, is the largest county in California and in the United States as well.

RADIO RAMBLINGS

By Don Chamberlain

HENRY MORGAN, who developed a marvelous following in such a short time, but who lost his sponsor despite his popularity, has found a new sponsor and will take to the airwaves henceforth each Thursday at 7:30 p. m. over ABC.

JACK PARR, who subbed for J. BENNY during the warm months last season, also lost his sponsor. However, he has not been as fortunate as HENRY. Parr is still on the street, and is reported to be holding out for 7,500 weekly green lettuce leaves.

Those of you who has journeyed into the depths of KHSC may have noticed blankets gracing the walls of Studio B. No, chum! That is not for a new style blanket-party. Through radio's short life, it has become evident that broadcasted sounds do not sound right when they bounce off the studio walls, so a few bright boys doled out the fact that drapes and porous materials absorb most of the sounds, giving a speakers voice that clear quality that can be achieved no other way. Learn something new every day, don't we?

I tuned in on lil' ole crystal set the other morning. (No classes) and what did I hear but two lovely "ladies' programs" on both the local stations. That's what I like about this area. If you don't like to listen to a thrilling show like "Queen For A Day," then you can just twist the dial and hear a fine airing known as "Heart's Desire." There oughta be a law!

Don't know whether you've heard or not, but ye thriving met. of Arcata is due to have a commercial station of its own. Then our odds of getting the shows we want will be better than present.

KIEM has a new schmo as announcer. At least according to some standards he's an announcer. By my standards the kid, as an announcer, makes a muchos good plumber. You may have heard him. Really a red-hot. That constitutes another finis for today.

DISCOGRAPHY

By BOB CRITTENDEN

King Cole Trio;
 "What'll I Do" and "I Feel So Smoochie."

"Listen, my children, and you will hear, a top-notch Cole record to start the new year."

Chalk up another for the glee-some treesome. Leader vocalizing per usual, with the per usual results. Record shines. A certain moosic rag's readers seem to think so, too, as he topped their poll for the second year in a row. In doing so, the "King Cole King Pins" nosed out the frenetic Charlie Ventura group by a clear 692 votes.

Congrats Nat . . .

Jo Stafford;

"The Best Things In Life Are Free" and "I never Loved Anyone."

Jo Stafford, Jo Stafford! Will that monotonous voice ever change? "Best Things," being a bit better than the previous Stafford offerings. However, after listening to Peter Lawford struggle and grunt through tune in "Good News," anything would sound good.

What happened to Jo after "The Gentleman Is A Dope," the nice "Allegro" opus she did so well? Once more in the "rut," I say. Good backing by "Lloydie" Schaffer helps a lot. Same goes for the flipper; "Anyone." Etching slightly bettering the former.

Spike Jones;
 "My Old Flame" and "People Are Funnier Than Anybody." Speaking of "Flames," somebody ought to light one . . . to Spike Jones' band books. Besides your own personal satisfaction, you would be doing humanity a great deed. Spike fights a losing battle as he once more attempts to be funny. And, oh my! Goodie Goodie Gumdrops, another imita-shunn,

Clifford Mitchell Scores In Reading of "Cyrano"

By PAUL GELFMAN

Clifford Mitchell proved again in the reading of Edmund Ros-tand's *Cyrano de Bergerac* he is still one of Humboldt's best actors. However, Mitchell at his best (and he did slip a few times) could not save the reading from being rather undistinguished.

Hampered first by a bad nar-ration—a number of important points in the story that were not brought to light easily could have been—the reading suffered mostly by different performances, with the exception of Jane Saunders, who, after a nervous start, created a Roxane that could compare with any college performance of the role. It also suffered by occasional torrents of words that tumbled out so fast that many of them were not understandable. Even Mr. Mitchell was guilty of this. Blank verse is different than prose!

In the third lead, Bob Wasson tended to broaden his character to such an extent that he lost it more than once. He needed a better understanding of the role and more direction.

Dick Sierka and Darrell Al-timus played their numerous "voices" in the same voices and succeeded only in confusing the audience.

Zatha Tallman's reading of the narration, although clear and clean, was a little too crisp and cold. A warmer and more sincere reading would have established a stronger transition from one emotional scene to the other and would have given the reading some of the tightening it needed.

As for Mary Meyers, I hope that before the play is given again, if it ever is given again, she will spend more time on interpretation. I also hope that she will not do things like coughing into her handkerchief during the most powerful scene. Although this may seem to be picayunish, it is not when one realizes the handicaps a reading has to overcome to be effective and how easily it can be ruined by little distracting nuisances on the part of the performers, as well as the audience.

From this review, the reader who did not see the reading, might label it as a dismal failure. It was not. I believe that if these criticisms were corrected and the entire show given a more sensitive direction it could easily be one of the best of its kind. Even with its faults, it managed, from time to time, to hold the audience in its spell. A polished performance might even become a tradition.

Whee! It's Peter Lorre.

There may be three or four people left in "Burly-cue" houses from National City (hmm-m) to No'th of the Klamath who haven't used this ancientite at one time or another. I doubt it.

Suggest he return Peter to the "Liberty."

Stan started something with his; "Feets Too Big Fo' De Bed" stuff. The Jones Boys' pick it up for "People Are," and aren't able to apply the correct "finish."

Calypso isn't for you, Sweet-heart . . . leave it alone. Made won beeg meestake in last issue with apologies to Cir John Dizwold Gillespie. Spelled name GELLESPIE instead of GILLESPIE. (Meakly) sorry, Diz, my left hand slipped.

New Withdrawal Regulations Now In Effect

All students entering or re-entering Humboldt State College this semester should make known to themselves the new regulations now in effect concerning withdrawal from school. The new regulations are stated in the following paragraphs.

Upon petition, an honorable dismissal may be granted to any student in good standing, provided arrangements have been made with the Registrar.

Students who withdraw after the first four weeks of any semester shall be given "W's" (meaning "withdrawn") or "F's" (meaning "failed"), depending on the quality of their work. During the last four weeks of the semester, students who, because of illness or other unavoidable causes, have to drop out of college may petition for "Incomplete" grades. This privilege shall be granted only to those whose work is of passing grade at the time of withdrawal.

Students who neglect to comply with these regulations shall have their courses automatically reported as Failures, it has been announced by Myrtle M. McKittrick, Registrar.

EDUCATION

CALIFORNIA STUDENT TEACHERS' ASSOCIATION should interest all students following a teacher-training program. The aim of the organization is to stimulate the highest ideals of professional ethics and attitudes; to promote the social, professional, and economic welfare of teachers; to improve educational services in general; to foster active cooperation between the student-groups of teacher-training institutions; and to develop professional attitudes among student-teachers.

Future plans of the association include having guest speakers appear before CSTA members to discuss professional growth, relations, and organization.

Membership is open to all education majors and minors. Meetings are held monthly during the school year in the college auditorium.

Bob Thoman of Humboldt State was recently elected state president of the organization.

Advantages derived from membership in the CSTA include placement service, legal advisory service, welfare service, and many others.

DELTA KAPPA ALPHA was organized for the purpose of furthering student acquaintance with the field of social work and to provide better knowledge of some of the problems which arise in the field. All students majoring or minoring in social service are eligible for membership. A number of impressive speakers scheduled to give talks on local conditions which are of importance to you as an individual interested in this kind of work.

Meetings are set for the first and third Monday of each month at the home of Mrs. Simmons, or the home of one of the members.

HOME ECONOMICS CLUB will be of definite interest to all women majoring or minoring in Home Economics. Membership is open to all who are interested in the program which this organization offers. The present agenda is to have a number of outside speakers, along with movies and several demonstrations. The club also plans to be host to the Northwest Home Economics High School Conference to be held here in the spring.

The ultimate purpose of the club is to sponsor such activities as teas, luncheons, dinners, progressive dinners by itself and in conjunction with other organizations. Meetings are held the first Thursday of each month of the College Elementary School in the Home Economics Department.

STUDENT FEDERALISTS is a national organization which has bound itself to working for world government.

"... While endorsing the efforts of the United Nations to bring about a world government favorable to peace," says the organization's laws, "we will work primarily to strengthen the United Nations into a world government of limited powers, adequate to prevent war and having direct jurisdiction over the individuals in those matters within his competence..."

This is a club which should interest all students, and all students should be willing to work within its scope. It is dealing with a problem which concerns all people of the world, and it will have a hand in shaping the policies of the world to come.

Membership is open to all students who are interested in world government and its problems, all of which each individual is duty bound to help solve.

Future plans of the Federalists include debates and open forums which will provide first-hand information about things which will govern our future life.

At

Humboldt State College

JOIN THEM

ART

ART CLUB is under the direction of Mr. Bullen, who heads the art department. For further information concerning the club, contact him.

ATHLETICS

HUMBOLDT STATE SKI CLUB was organized to promote interest in skiing. This sport is now being encouraged through free ski lessons.

The club maintains its own ski lodge on Berry Summit, and has regular weekend outings during skiing season. It also maintains its own ski tow, and equipment.

Any member of the student body is eligible for membership until the maximum of seventy members is reached.

Plans are now in progress for enlargement of the lodge, and for the creation of an over-all council to regulate future plans for the club.

Dues are now five dollars a year.

WOMEN'S ATHLETIC ASSOCIATION

better known as the W.A.A., has in the past been a leading sponsor of the social and recreational activities on the campus.

This organization serves a dual purpose: (1) to stimulate an interest in women's athletics; (2) to further the social relationship of college students through co-recreational activities.

The W.A.A. among other activities, plans to offer a general sports night which everyone is invited to attend. This activity will offer volleyball, hockey, and many other sports.

Last semester the W.A.A. did a fine job on a student directory.

PRESIDENT GIST

ARTHUR S. GIST

The Administration believes in student organizations and plans to support them as much as possible. We believe that these organizations have definite educational values, often providing opportunities for planning, for cooperation, and for leadership not always possible in the classroom. The participation in many of the activities of these student groups brings the students close to life situations.

May I ask you to support your student organizations.

ARTHUR S. GIST,
President,
Humboldt State College.

HONOR SOCIETIES

CHI SIGMA EPSILON is the upper division honor society, which elects members during the first part of each semester. High scholastic attainment, qualities of leadership, and high ideals of character form the basis of selection. This organization sponsors the Chi Sigma Epsilon Scholarship. This scholarship, which covers the general student fees for the fall semester of the freshman year, is donated by Chi Sigma Epsilon to a high school graduate of Humboldt or Del Norte County on the basis of scholarship, character, and participation in activities while in high school.

This honor society also awards the Chi Sigma Epsilon Freshman Award, which is presented each spring to the student who has made the highest scholastic record in the freshman class at Humboldt State.

RHO SIGMA is a sophomore honor society, sponsored by Chi Sigma Epsilon, whose active members select members for Rho Sigma each semester from the sophomore class on the same basis as election to Chi Sigma Epsilon.

MUSIC

HUMBOLDT COLLEGIANS DANCE BAND—No school is complete without its dance band and the same can be said about H.S.C. To all incoming students who are musicians here is an ample outlet for your ability. Every year some outstanding musician takes the initiative and forms a dance band for the jive and jazz-happy musicians on the campus. This year it happens to be Clay Carley.

All incoming students who love

SOCIAL

ASSOCIATED WOMEN STUDENTS OF HUMBOLDT STATE COLLEGE is an organization which provides an opportunity for every girl in school to have a closer contact with college, and one of its aims is to improve personal manners and habits.

The active members in A.W.S. include all girls in school who pay the twenty-five cents a semester dues.

The organizations sponsors an annual Mother's Day Tea, fashion show, and a picnic. This year plans have been made for a Sock Dance... Also, an activity chart is being constructed which lists the girls' talents.

G. I. WIVES CLUB, although relatively new on the campus, already has shown that it has a definite place at Humboldt.

The club is primarily social, but it has introduced to the college an annual Christmas party, and also has plans for a Spring dance to be given this semester. The club's meetings are informal and their prime aim is to get the wives of veterans acquainted with one another. All G.I. Wives are automatically members. There are no initiation fees.

The club has a number of speakers scheduled for its Spring meetings who will talk on art, music, etc. Also, there is a movie scheduled for April 13 on the subject of home planning. This semester will also witness a potluck dinner given by the group.

MEN'S ASSOCIATION is Humboldt State's largest club and one of its most popular. Every male student is invited to join the organization and, thereby, become a worker at spreading good-fellowship.

The Men's Association is a club where students, instructors, and "scholars" mingle on an equal footing.

Primarily an organization devoted to pursuit of entertainment, the association collects its dues during registration. The table in the registration line which is marked "men only" will identify the place where the fees are payable.

Officers for the Men's Association will be elected the second week of school.

MEN OF REDWOOD HALL is the student government of the men's dorm. This club should be participated in by all men living on the campus.

NEWMAN CLUB, a Catholic organization, is open to all students interested in the Catholic religion.

The club meets in the college social unit on the third Monday of each month. The business of the meetings is followed by a round-table discussion of a current problem.

In the past the Newman Club has sponsored social functions designed to further acquaint members with one another.

Future plans of the group includes the raffle of a console radio in conjunction with an organization connected with the local Catholic church. All members of the student body are invited to attend the affair.

SOCIAL SERVICE CLUB is under the direction of Mrs. Simmons. For information concerning the organization, see her.

(Continued on page 4)

first male chorus to be organized here.

It was organized to provide recreation for the men in college who like to sing, and are ready, able, and eager to do so.

The group selects and buys its own music from a club fund.

Plans are now being made for participation in the Hilarities, and in various other musical presentations during the year.

REASONS FOR JOINING

NOW!

BECAUSE school organizations are created for the following purposes and objectives:

1. To provide opportunities for student leadership and participation.
2. To plan policies and procedures of the organizations in line with the Administration and faculty policies.
3. To further the scholastic and social aims of the college.
4. To develop well-rounded, wholesome personalities capable of adjustment to life.

BECAUSE student participation in extra-curricula is an important aspect of college life:

1. Every student should participate in some student group.
2. Leadership is distributed among the students as much as possible.

to hit the hot licks are urged to look up Clay Carley and become members of the Humboldt Collegians Dance Band.

MU EPSILON PSI has been on the campus for many years and has shown great strides in furthering the musical activities of the college.

The function of this club is to promote a series of concerts which will supplement the Community Concert Series which is held in Eureka. In the past there has been two concerts each school year. For the Spring semester there are scheduled three concert recitals, including John Crown, pianist, and Carla Peterson, vocalist.

Membership to the club is open to all music majors and minors, as well as to all students who have an interest in music. Meetings are held once monthly, on the first Monday of each month, in the college social unit.

Another future plan of this group is to present to the student body a student recital produced by student talent.

TROUBADORS is one of the newest organizations in the school, and it is unique in that it is the

More College Organizations

(Continued from page 3)

WOMEN OF NELSON HALL is an organization which will interest women students living on the campus. This club is the student government of the girl's dormitory. The dorm is divided into two wings and each wing has its own governing body.

DRAMATIC

ALPHA PSI OMEGA has long been one of the most important clubs on the campus so far as furthering dramatic activities around the college is concerned. In the past it has been responsible for several one act plays which were presented to the student body during assembly hours. Let us hope there will be more of them in the future. They will be greatly appreciated by the student body. Another Alpha Psi Omega activity is the annual Dramatic Festival which is held at the college, honoring all of the high schols of the Northwestern area.

Meetings of the organization are held twice a month in room 104. This spring Alpha Psi Omega is going to sponsor a series of movies which will be of great interest to the student body. They are revivals of old historical novels and should prove to be very entertaining.

SERVICE

CO-ORDINATING COUNCIL is an organization formed to increase harmony on the campus by creating cooperation between the various organizations and clubs. It keeps a file on school functions, so that the efforts of one organization will not conflict with those of any other organization.

Membership consists of the presidents or heads of all active organizations and clubs on the campus.

The council is the "clearing house" of Humboldt State. All functions planned by organizations must pass through it to be entered on the school calendar. In the future it plans to publish a college handbook.

KNIGHTS were organized a year and a half ago, and since have become one of the strongest groups on the campus. During the past 18 months, this club has made a reputation for itself of which it should be proud. Its members, with their sweaters—marked by their green Knight's head have achieved great heights by their unlimited cooperation and dependable service.

Students will find the Knights on hand at most school functions. They are the guardians of the Axe, ushers at football and basketball games and at concerts. The organization is doing much toward formulating school tradition.

Although the Knights is the most undemocratic organization on the campus, it is as successful as any. Members are chosen for their ability to lead and their willingness to attend meetings and participate in the club's activities. To become a member, the aspirant must be voted in by present members via a secret ballot.

Plans of the Knights for the Spring semester include a dance, a ski party at the Humboldt Ski Lodge, the completion of the walk leading from the radio work shop, and the installation of a new, adequate bulletin board in the front hall.

LUMBERJACK is dear ole H. S. C.'s weekly paper and to the old students it is known as the "sheets" (four, that is). The Lumberjack is published weekly to enlighten, entertain, and inform the student body on a variety of subjects.

To become a member of this highly disorganized unit, you need only be able and willing to work. During the Spring semester the publication will be undergoing re-

Report Shows Many Cinch Notices Given

The following is a report on interviews with students who received Cinch Notices at midterm, Fall, 1947, as compiled by Harry E. Griffith, Dean of Students.

1. 189 men received 304 cinch notices or 1.6 cinch notices per man.
2. 35 percent of all men received cinch notices.
3. 31 percent of total number of courses taken by men received cinch notices.
4. 56 women received 77 cinch notices or 1.4 cinch notices per woman.
5. 28 percent of all women received cinch notices.
6. 26 percent of total number of courses taken by women received cinch notices.

The most frequent comment by the faculty indicated they felt absence was the chief factor in student failure. Students readily admitted to poor attendance, giving as their reason a lack of interest in the course. Conferences with students disclosed that many of them felt that they were in "beyond their depth" in some courses. Among the veterans and students who have been out of school for sometime, there is a feeling that they are simply having difficulty budgeting time and developing study habits. Many students indicated that they were aware of having difficulties in particular courses, but had made no attempt to discuss these difficulties with faculty members concerned or with their individual advisers. The excessive demands of extra-curricular activities was given by some students as a reason for failure.

WILDLIFE

CONSERVATION UNLIMITED (Poachers) is an organization open to those taking Wildlife Management at Humboldt. The club works toward a solution of problems having to do with conservation of America's wildlife.

Meetings are held every two weeks in the evening in Hut No. 3. Several speakers have appeared before the organization, and the presentation of many more is planned.

organization, and there are many openings for all types of journalistic workmen.

RALLY COMMITTEE. This organization is the nucleus of the school spirit of Humboldt State. It promotes activities during football, basketball, baseball, and other athletic seasons, gives dances, etc.

Membership of the Rally Committee is composed of fifteen block members who are voted in after they have completed a semester's work as a pledge in the organization. The reason for doing this is to determine those who will be of value to the group and who will work in the interest of all those concerned.

Meetings are held every Tuesday at 12:15 in room 103 and anyone interested should attend the first meeting of the spring semester.

SEMPERVIRENS STAFF is the organization which writes, photographs, and edits the contents of the college yearbook, which is published in the Spring.

STUDENT COUNCIL is the executive council of the Associated Students of Humboldt State College. It consists of the president, vice-president, secretary, and treasurer of the student body, and six board members. The council's faculty advisor is appointed by the president of the college.

Colfax, in Placer County, is not only an old mining center, but is a shipping point for Bartlett pears.

State Rates Second High In Enrollment

California, by no stretch of the imagination the second-most populated state in the U. S., has the second highest college enrollment for the current school year, says the Federal Security Agency.

New York has the highest student total, 280,874, followed by the Golden Bear State (that's California!) with 178,663.

Gee, ain't we educated!

Letters May Be Valuable To Vets

Disabled veterans who are experiencing difficulty in proving their disabilities are service-connected often find suitable evidence in old letters and V-mail they sent home while in the service. Such letters may be valuable proof to be presented to VA rating boards to establish service-connection of illness.

In some cases the records of servicemen fail to show hospitalization or treatment while in service. Oftentimes the veteran's letter home described the symptoms and treatment and clearly identify the disability or disease and name the hospital where the serviceman was treated.

Margaret Fleming Resigns To Wed

Miss Margaret Fleming, who last year was supervisor of the upper grades at the college elementary school and an assistant professor of education, resigned from the faculty at the end of last semester, and has proceeded to Honolulu where she will marry Harry Fox, chief draftsman for the Hawaiian Dole Pineapple company. The couple will make their home in the islands.

Lewis Tells of Southern Tour

Professor John Lewis, head of the wild-life department at Humboldt State, returned recently from visiting the office of the California Division of Fish and Game, in San Francisco, and the United States Fish and Wildlife Service, at Stanford University. The purpose of his visit was to acquaint the wild life administration with the training program being conducted at Stanford, and to obtain information that will help in opening job-opportunities for graduating students.

While on tour, Mr. Lewis received many valuable suggestions for improving the wild life training program at HSC. He said at least 22 seasonal and permanent jobs would be opened in the near future. Mr. Lewis stated also that the State and Federal Administrators were very enthusiastic about the training program being conducted here at Humboldt, especially the plans for the new course in Game Law Enforcement that will

G. I. INSURANCE

Extension until August 1 of the "easy reinstatement" provisions for veterans who have allowed their GI insurance to lapse was announced recently by the Veterans' Administration.

SWEETHEART BALL TO BE SATURDAY NIGHT

Art Scholarship To Be Awarded Each Year

The Zeta Chapter of Beta Sigma Phi has announced that each year it will award one scholarship to one woman student registered at Humboldt State College.

The award will not be confined to women students who are graduates from a Humboldt County high school. Nor need the winner be a bona fide Humboldt County resident. The scholarship will be open to one woman sophomore student who attended Humboldt during her freshman year. It will carry a stipend of \$60, one-half payable at the beginning of each semester. The deciding factor in awarding the scholarship will be the student's whole scholastic record. To be eligible a record must show a scholastic index of two or better (B average or better), but other things being equal, the award will be made to a student in financial need.

Only persons of good moral character will be eligible, such eligibility to be determined by the Humboldt State College Faculty Committee on Scholarship Awards and the College Art Department. The scholarship will be paid by Zeta Eta Chapter of Beta Sigma Phi each semester by check, which will be turned over directly to the student.

Your trip by air completely arranged

Everyone knows that flying is the fastest, most convenient way to travel. But here's something you may not know: we'll handle your reservations on all airlines to all domestic and foreign points at no extra charge, and make all other arrangements for your trip. Simply call and tell us where and when you want to go.

New Social Science Courses Now Offered

There are at least four new courses being offered this spring to upper division students in the field of Social Sciences, and one which is open to both upper and lower division students.

The course which will be open to all is Free Speech and Economic Reform. The study will cover capitalistic, socialistic, and communistic economic systems. Mr. Knowles is the instructor.

Mrs. Simmons and Mr. Anderson will divide a course in Social Psychology, which will be of value to students working for a teaching minor in psychology.

Dr. Bailey and Mr. Alward are splitting a course in Public Opinion and Propaganda. Economic History of the United States will be divided also. Dr. Bailey will take the first three weeks, Dr. Balabanis will take the next seven weeks, and Dr. Bailey will return to take the remainder of the semester.

Dr. Palais and Dr. Bailey will divide the instruction of Aids to Historical Research.

Plans Announced For New Reading Study Service

Dr. Eugenia Loder, Dean of Women, has announced plans for a new course to be given at Humboldt during the Spring semester. It is listed as Reading Study Service (Psychology 80), and the class will be devoted entirely to the improvement of reading, study abilities, and the raising of scholarship records. The study characteristics and fields of interest reflected by each student pursuing the course will be analyzed by their advisor through the use of standardized tests and an individual guidance program.

Current text books and pertinent materials, such as the "Magazine Digest," will be used to improve the student's ability in specific fields of study with emphasis on the following four points:

1. Learning how to improve skills and prepare for examinations.

2. Learning how to read faster and with better comprehension.

3. Learning how to analyze critically what has been read.

4. Formation of individual plans for further development growth.

Psychology 80 is offered entirely for the benefit of the student. All interested students should speak to their advisors regarding the course. The class is scheduled to meet twice a week and is offered for 1/2 to 1 unit for credit.

College Chorus Time Changed

Those who enjoy singing for pleasure will be interested to note that College Chorus (Music 60) will meet during the noon hour on Tuesday and Thursday this semester.

Rehearsals on the cantata, "I Hear America Singing," will start soon. This work, by George Kleinsinger, is based on the poems of Walt Whitman and is scored for chorus, orchestra and baritone solo.

Leland Barlow, a member of the music department faculty, will sing the solo part of the Humboldt Little Symphony will play the orchestra score this season.

Chorus offers one-half unit of credit—if you can carry a tune, come and join.

Affair Given by Freshman For Students and Alumni

Edwina Jamieson, Betty Guthridge, and Eleanor Lorenzo have been nominated as candidates for the "Queen of the Ball" contest to be held during the festivities of the Sweetheart Ball next Saturday night, February 7, in the Eureka Municipal Auditorium.

The ball, an annual affair promoted last year by Harold Tupper, then president of the Freshman class, is given by the Freshman class for students and alumni of Humboldt State College.

The most colorful feature of the evening will be the crowning of the lucky freshman girl—one of those above—who will be designated as the Sweetheart of the affair and who will reign as "Queen of the Ball."

Dancing will be from 9 p. m. to 1 a. m., with the coronation at 10 p. m. Admission is \$2.50 per couple. Original bids, designed by Flora Pinochi, will be presented to each couple.

Due to the incomplete list of Alumni and former students, they could not all be contacted by mail. Therefore, bids have been put on sale at Bistrin's Men's Wear in Fortuna; Barnes' Drug Store in Arcata; and the Bon Bonniere in Eureka.

Don't forget... February 7... Sweetheart Ball... Get your tickets early. They will not be sold at the door.

George Murphy Pens Article

Dr. George E. Murphy, formerly Dean of Students at Humboldt State, and now Director of the Reading Clinic, Pennsylvania State College, State College, Pa., is the author of an article in the December issue of Elementary English magazine.

The article, entitled, "Johnny Lives and Reads," delves deeply in the reasons why reading is so important in life. But more important than that, the article reflects the Murphy philosophy which was so well loved by all of the students at Humboldt who were fortunate enough to cross paths with Dr. George.

The magazine which carries the article is now in the college library.

Jenkins' Book Printed Again

J. Horace Jenkins, "Pop" to Humboldt students, announced recently that his book, "Practical Pottery," is now in its fourth printing.

"Pop" compiled the book several years ago to help beginners over the difficult places in pottery making. The publication is filled with many of the details of pottery and is well illustrated.

Student - Teachers, join the C.S.T.A.

Expand HSC Wild Life Department

The Wildlife Department has obtained materials to expand the training program here at Humboldt so that students can obtain first hand knowledge in understanding the various problems of Wildlife Management, it was announced recently by Professor John Lewis, head of the Wildlife department.

Electricity will soon be installed in the college fish hatchery and arrangements have been made for a good supply of fish eggs and fry to keep students busy during the spring semester. Chick pheasant will arrive shortly from the Yountsville Game Farm and will be reared to liberation size by Wildlife students. Captain Lahr of the Fish and Game Patrol, and other wardens in this vicinity, will conduct a new course, Game Law Enforcement, during the spring semester. Thirty-five students have already signed up. This course will provide students with a better understanding of Wildlife Management, and will strengthen their opportunities for employment.

JOHN CROWN HERE THURSDAY NIGHT

"Cowboy" Joe Resigns Athletic Director Post

JOE FORBES

Joe Forbes, Director of Athletics at Humboldt for the past several semesters, resigned his post at the end of the Fall semester, it has been announced by President Gist, and his duties have been taken over by Harold A. Bishop, Director of the Division of Health and Physical Education. However, Mr. Forbes will remain in his present capacity as football coach.

The reason that "Cowboy" Joe resigned his position is that he is under the "pressure of other business," including doing graduate work.

Mr. Bishop, who previously held the Director of Athletics position at Southern Oregon College, came to Humboldt last semester because he is interested in the large teach-

Brown Returns To Action As Humboldt Upsets Gators 49-46

Last Friday night the Humboldt Lumberjacks did a fine job of upsetting the San Francisco State Golden Gators in a "spare" minute at the end of the game. The "spare" minute came about as the crowd began streaming out of the gym, thinking the game was all but over, and that Humboldt had barely won 45 to 44. However, at that moment the officials signalled frantically that the clock was fast, and the two teams played an anti-climatic extra minute, which saw Humboldt score four more points to the Gator's single free throw, and the game ended 49 to 46 with Humboldt out in front.

The game Friday night witnessed the return of Darrel Brown (pictured above with Coach Conrad), ace Humboldt scorer, who has been out of action several weeks due to an army injury. Although used sparingly in the game, Brown scored six points.

Saturday night the two teams played a second game, in which Humboldt did not fare so well. The Lumberjacks ended the evening at the short end of a 61 to 43 score.

Both games were played at Humboldt.

Humboldt Eleven Remembers Horn

Humboldt's grid team of last season should not feel badly about that thumping it took from Pepperdine, because the Waves of Pepperdine were considered as one of the best teams in the country last season.

Darwin Horn, the Pepperdine full-back, tied with Chuck Schenerr of Weaton college for top scoring honors of the nation, and was unanimous choice of the Associated Press for the full-back

er training program in physical education here.

HSC Gets Funds For Playfields

Funds totaling \$200,000 for sites for playfields at Humboldt State will be included in the state budget for 1948-49, according to James S. Dean, state director of finance.

The money will be used to expand the present inadequate practice fields and intramural sports, President Arthur Gist has announced.

SMALL SPORTS PAGE

Due to the fact that the Sports staff was indisposed during the period between semesters, the LUMBERJACK sports page has been condensed for this issue. Next issue, however, it will be its usual size.

position on the Little-All-American team. Last season was the second straight year that Horn was so honored.

Mu Epsilon Phi Sponsors Pianist In Third Concert Of Series

Thursday evening, February 5, John Crown will again be heard in his second piano recital in the College Auditorium. This is the third concert in the current Mu Epsilon Psi Recital Series and Mr. Crown's second appearance in Humboldt.

BORN IN ENGLAND

Crown was born in England of American parentage and has done most of his studying in Europe. He is a graduate of the State Academy of Music in Vienna and a student of Moriz Rosenthal. In 1933 he was awarded the diploma of the International Competition for pianists, held in Vienna—the first American ever to receive this distinguished honor. He has done extensive concertizing in Europe, Australia, and the United States.

ACTIVE IN SOLO WORK

Mr. Crown's current activities are quite extensive—He is active in chamber music and solo work,

and has done a great deal of recording of modern music for Co-Art recording company. In January he gave a concert in the Bouvard Auditorium at U.S.C., where he is professor of Music in the School of Music. In November he presented the Los Angeles premier of Beethoven's Phantasy for piano, orchestra, and chorus. The Lizzt's Second Hungarian Rhapsodie was played by Crown in M.G.M.s Academy Award cartoon, "Cat's Concerto," one of the Tom and Jerry series. He has done some work with the movie studios, including the current RKO picture, "Night Song," in which he appeared and played. Among his extensive list of activities he has also done a great deal of concertizing in Utah and Los Angeles.

Tickets for the concert may be secured from club members or by calling the Associated Student Body office.

CARLA PETERSON NEXT

Mu Epsilon also wishes to announce their fourth artist of the current series. Carla Peterson, soprano, will appear March first in the College Auditorium.

Teacher Shortage Grows More Acute In U. S.

The worse is yet to come in the nation's teacher shortage, say two of America's leading educators.

The crisis may come before 1955, warn Earl R. Douglas, Director of the school of education at the University of Colorado, and Lloyd H. Elliott, his assistant.

The two men say, in an article appearing in the Elementary Journal of the University of Chicago press, that the increased need for teachers, plus the decreased supply, may "be the final straw which will break down the whole American education system" within the next eight years.

They claim that an increasing population will necessitate by 1955 143,000 more teachers than now exist, and not enough teachers are being trained.

"Fully trained teachers must occupy all positions in order to insure fulfillment of the purpose of public education," say Douglas and Elliott.

The solution, as they see it, is: "Either persons who have left the profession must be enticed to return in large numbers or many young people must be trained in the teaching field."

The above facts should impress education majors at Humboldt State with the importance of the career which they are about to undertake. Its importance is especially reflected here in California.

Waters off the coast of San Diego county produced 83,000,000 pounds of tuna in 1940 and 823,455 pounds of spiny lobster.
