

# STUDENT BODY ELECTION MONDAY

STUDENT BODY ELECTIONS WILL BE HELD NEXT  
MONDAY.  
THE POLLS WILL BE LOCATED IN THE SOCIAL UNIT  
AND WILL BE OPEN FROM 8 A. M. TO 4 P. M.

ALL STUDENT BODY MEMBERS ARE URGED TO VOTE  
IN ORDER TO INSURE A TRUE REPRESENTATION OF THE  
WISHES OF THE STUDENTS IN GENERAL.  
YOUR DUTY IS TO VOTE!

## POLITICS

### Progressive

Students of H. S. C., you are having an election for Student Body offices on the 19th of April. It is your duty to go to the polls and vote for your representatives, who will guide the student body and its policies in accord with the constitution. This is the way that you, the students, run the student body.

When you go to the polls, discriminate between the candidates and select those that will do the best job. We offer you food for serious thought with the following list of candidates:

Pres.—Brian Shieman.  
Vice-Pres.—James Carvel.  
Secretary—Pat Lauritzen.  
Treasurer—Des Shanahan.

#### STUDENT COUNCIL

Jack Smith.  
Ed Olivera.  
Eldridge "Red" Hunt.  
Lee Hawkins.  
Janet Oppenheimer.  
Marilyn Brizard.  
Chris Nelson.

It is your job to study this list and see if they are not qualified to take over the reins of student government. They are all capable of mature logical thought and action. REMEMBER TO VOTE.

### Peck Appointed AMS Advisor

President Gist recently announced the appointment of Mr. A. D. Peck, Professor of Mathematics at Humboldt, an advisor for the Associated Men Students. Mr. Peck was selected from nominations made by the Association.

The new advisor joined the Humboldt faculty at the start of the fall semester, coming here from Chico State College. He was active in both participating and advising capacities, demonstration his versatility by being an enthusiastic sports follower as well as the author of several musicals and plays. He was associated with the Chico State radio shows for a year and a half.

At Humboldt State, his activities have so far been confined to his teaching schedule, but with this appointment, the Men's Association can look forward to a very promising future.

### WAA Announces Play Day

The Women's Athletic Association of Humboldt State College recently announced that the 20th annual Play Day, regularly sponsored by the group, will take place this year on Saturday, May 1. The theme of the day which features sports, singing, and getting acquainted, is "Spring Fling." Further plans are under way to insure success of the yearly get-together which is attended by girls from Humboldt and Del Norte high schools.

#### NEWS STORY CONTEST

The 1948 Scoop, annual publication of the Press Club of San Francisco is offering a \$250 cash prize for the best original story with "an authentic newspaper background."

Anyone is eligible to compete. The manuscripts, from 1200 to 3000 words, must be received by the Scoop editor, William Flynn, 2480 Howard Avenue, San Carlos, before June 1.

### Your Party

#### THE SOAPBOX TICKET

These are the plants and party platform of the Soapbox Ticket, which YOUR CONGRESS will endeavor to uphold. These are of vital interest to all of you, and weigh them carefully when election time comes.

I. An expansion of all student body activities which can be financed, and a continued policy of economy.

II. A yearly program for student body activities planned in advance by cooperation between clubs and Co-ordinating Committee.

III. A yearly program for assemblies planned in advance and under the direction of an assembly committee.

IV. To formulate a method whereby we can get student opinion on Student Body matters.

V. To publicize the minutes of the Student Council by the mediums of the radio and press.

VI. To make investigations into the financial policies of other State colleges to see if there is a way in which we can improve upon our own fiscal policies.

VII. To make known the status of known the projects for improving the looks and efficiency of the school plant.

Vote the **YOUR CONGRESS** ticket. These are in full accord with the above platform.

#### THE TICKET:

President—John Gassar.  
V. President—Cameron Woods.  
Secretary—June Jorgensen  
Treas.—Des Shanahan

#### COUNCIL:

Pat Hofferbert  
Wayne Heuer  
Jim Palmer  
Hal Harshman  
Irma Ball  
Viola Batt  
Phil Perry  
Zatha Tallman

### Most HSC Students Make College Grade

Since the end of the war Humboldt State College has admitted 59 students who had not graduated from High School, according to Mrs. Myrtle McKittrick, Registrar. Of these students, 19 per cent withdrew without completing any work, 10 per cent were disqualified, and 44 per cent have a current index of 1.00 or better. Of 217 Freshman students registered in Fall semester, 8 per cent withdrew without completing any work, 8 per cent disqualified, and 75 per cent have a current index of 1.00 or better.

### Conservation Unlimited On Air

The official wildlife department club, Conservation Unlimited, will sponsor a series of radio programs, beginning this week. The exact time and date will be announced later, but the programs will be both educational and entertaining. In designing this series, the club hopes to better acquaint the people of the radio audience with the purpose and the work now being done in Humboldt State Colleges Wildlife department.

It is estimated that California will have a population of 15,000,000 by 1965.

### Humboldt Behind Times, Says Writer

By PETER ANDERSON

Once again it appears that Humboldt State is sadly behind other colleges in school spirit. While other colleges have live mascots for athletic contests this school is far behind. **The Pony Express**, the rag put out by Sacramento College, reports that their school may soon have a live panther as a mascot. The city has cooperated by offering housing in the City Zoo.

Here is the chance for Humboldt to equal other schools. Sacramento has a panther in view, California has a live bear, while the Army mule and Navy goat are ancient traditions. But, few schools have a live lumberjack to exhibit. A committee should be appointed to rectify this error.

Now that the rainy season has nearly ended, lumberjacks are beginning to appear in large numbers again. A hunting party should flush several within a few miles of the college. Although they are sometimes put up a spirited resistance, a suitable lure might be found on the campus. Once we have secured our mascot, we should expect the aid of the city officials in giving it a place of lodging between games.

It is time for the student body officials to wake up to their plain duty. This inefficiency in high places must cease, so that Humboldt State may be known from coast to coast.

### "Keep Studying" Says School Commission

A ten man commission which looked over the public school system for the American Association of School Administrators recently reported that the time may come when the law makes people from six to sixty do school work, because a good education is the world's best defense against war.

They reported that the U. S. should be spending \$8,000,000,000 a year on public schools, whereas it now spends about \$3,000,000,000.

The commission said grownups should continue studying so they can keep up with "the new era of world events which suddenly has been shored in."

### Classified

FOR SALE—1 portable typewriter; Magnavox Webster record changer, brand new, \$35; 1 RCA Phono-radio combination; 1 tennis racquet. Inquire Charles Fulkerson, phone 736-J.

Ether was first used as an anesthetic during surgical operations in 1846.

The first correspondence school was founded in England in 1860.

## Humboldt Lumberjack

WEDNESDAY, APRIL 14, 1948

### Young Peoples' Concert Set for May 4 In Junior High Aud.

By CHARLES FULKERSON

The second annual Young Peoples' Concert has been set for May 4th at the Eureka Junior High School auditorium. The Humboldt Little Symphony which now numbers 45 members will be heard in its second performance this season. The college chorus and choir will join the orchestra in a performance of the cantata "I Hear America Singing" by the young American George Kleinsinger. Leland Barlow will be the Baritone soloist in the work.

One of the high points of the program will be the suite *Carnival of the Animals* by Saint Saens. This has a very interesting orchestration calling for two pianos, clarinet, flute, xylophone, harmonica, and the usual strings. Some selections from this suite offer enticing titles — The Royal March of the Lions, Personages With Long Ears, Kangaroos, Fossils, Cuckoo in the Woods, Aquarium, Dance of the Elephants.

### Honor Assembly Awards Made

At an Honor Assembly held recently and sponsored by Chi Sigma Epsilon, many students were pledged into Theta Sigma and Chi Sigma Epsilon.

New members of Chi Sigma Epsilon, upper division scholastic honor society were: Donald Cunningham, pre-engineering major; Leon Dillon, business administration major; John Gordon, pre-medical major; Noel Harris, history and economics major; Jene Lucas, business administration and economics major; Robert Oliveira, music major; Walter Shepard, pre-dentistry major.

New members of Rho Sigma, Sophomore scholastic honor society are: William Mailey, Wildlife major; Ralph Patterson, business education major; Phil Simon, political science major; and Ernest Theuerkauf, pre-engineering major.

The House Trophy presented by Walter Sweet to the members of the house that received the highest scholastic average was given this year for the third consecutive time to Humboldt Village.

A list of students on the Honor Roll is posted in the hall. The Freshman and Sophomore classes placed 49 each on the list while the Juniors 34, and the Seniors 26. William Wegner and Donald Cunningham both had an index of 3.00.

The old members of Chi Sigma Epsilon are: Mary Dolf, Francis Brizard, Annie Babler, Paul Hendrickson, Walter Sweet, Peter Anderson, Francis Damgard, Eal Biehn, Fred Hagerman, Harold Gallaher, William McAllister, and Eldrid Spinass.

Old members of Rho Sigma: Donald Dickinson, Jacqueline Anderson, Leland Crane, Paul Bruns, Paul Gelman, Jerry Cerny, Ronald Smith, and Frank Prindle.

Nearly 30 per cent of the farms in the U. S. are rented and operated by tenants.

Final rehearsals indicate the orchestra and chorus will establish new and higher standards of performance. The orchestra is achieving a sonority and richness of sound which will repay its members for the tiring rehearsals undergone in approaching such momentous undertaking.

The Young Peoples' Concert will start at 1 p. m., and the program will be repeated the same evening at 8:15 p. m. Tickets are on sale at the Associated Students office and from members of the performing groups.

### Bookstore To Hold Sales

The student bookstore will hold a sale of slow-moving items beginning tomorrow, April 15. Certain items of jewelry and clothing have been beyond the reach of the pocketbooks of most students on campus and will be offered at drastic reductions. The purpose of the sale has also a secondary nature: to relieve the student body budget of a theoretical liability.

As an inducement for students to help clear the bookstore of this stock, there will be given away with each fifty cent purchase from the sale list, a Reynolds Rocket ball-point pen valued at \$3.50. There are 157 such pens, so first come first served. The list of salable items is posted on various campus bulletin boards and in the bookstore.

### Coming Events

April 20—College Choir and Madrigal Concert

May 4—Spring Concert: Orchestra and Chorus

May 6—Motion Picture Series: "Cheers for Miss Bishop"

May 13, 14, 15—Spring Play

May 27—Leland Barlow, Esther Griffith, Jean Fulkerson and Charles Fulkerson—Mu Epsilon Psi Recital

## EDITORIAL

Last Tuesday evening at 7:30 P. M., William Shakespeare's famous comedy, "As You Like It," came to life on the screen of the Elementary School Auditorium. It was a thrilling experience for those present; it was an even bigger thrill for the members of Alpha Psi Omega who organized the series known under the pretentious title of **Movie Appreciation Series**; it was thrilling because, in spite of the single fluff by Mr. Paul Gelfman in its projection "As You Like It" proved to be the high spot in the present series, the high spot from the entertaining and interesting talk by Mr. Hicklin to the epilogue spoken by Miss Bergner.

The next attraction of the series is "Cheers For Miss Bishop." After that, it is up to the school to see that this series lives on next year and the year after that. The series has had its problems, but they are being ironed out now. Next year, it should be easy. Next year, we should have movies twice, even three times a month free for students and friends of the college.

It is up to you. You must see that enough money is set aside in the budget for the films. You must show that you want the series by attending all the performances that you can. You can help by appearing at the last performances of the series, "Cheers For Miss Bishop" on May 11th.

Let's do it. Let's get behind something that will help and entertain us all.

## Radio Ramblings

by Don Chamberlain

One of the biggest items to come out of "radio" in quite some time concerns a dozen million dollars ad account, with AMERICAN TOBACCO COMPANY on the check-signing end.

"FOOTE, CONE & BELDING, national ad. agency, dropped the \$12,000,000 billing following a long period of what EMERSON FOOTE, F-C-B head, described as "disagreements."

In the meantime, BATTEN, BARTON, DURSTINE & OSBORNE, another agency, nabbed A-T-C's LUCKY STRIKE account, worth somewhere around the rather trifling figure of \$10,000,000, while SULLIVAN, STAUFFER, COLWELL & BAYLES got the remaining \$2,000,000 devoted

to "king size" PALL MALL.

There is some speculation as to how A-T-C's main show "JACK BENNY" will be affected. If commercial technique is changed, then there may be a bit of a squabble because Benny is very definitely in favor of his "kid the commercial" slant now being used on his show. Time will tell.

Many of you are probably wondering just what program is first. After reading the following ratings, a better question might be, "Why" Here are the top six. Winchell, I'm told, is in first slot because of the growing interest in international conditions.

## DISCOGRAPHY

STAN KENTON:

"Thermopolae";

An original composition written for the Kenton band by new-ite Bob Graettinger, who incidentally arranged side, too. Work is an extreme example of the "Kings" progressive jazz series. At the start, it gives one more than a hint of "Things To Come"—you see rocket ships taking off for the moon—exploding atoms—plus Little Orphan Annie downing a shot of rye. You might say it was weird, then again you might not. At any rate the piece is in the "you-have-to-hear-it-a-few-times-to-appreciate-it" class, there being too many things going on at once to hear the complete scoring the first time through . . . lovely!

"Peanut Vendor"  
 The Peanut Vendor hitches his wagon to the Kenton menagerie and is taken to the "cleaners" for an altogether "New Look." Starts with great latin beat that would "out-latin-beat" anything Xavier Cugat could possibly offer, and is picked up shortly by the sliding of Milt Bertharts' fine horn. His work in this sounds a little weak compared to Kai, but he seems to gain confidence in himself and gets stronger only to fluff a note half-way through his solo. He 'comes back' again, however, and makes amends for his crudism. Like to hear Bill Harris in there. Brass section work, along with the rythm, being particularly outstanding.

Admittedly, the melody becomes lost somewhere between the start and the finish of the three-minute-er, but the results are pleasing, which, after all, is what counts.

Song to watch for:

Billy Eckstein's; "True". (In a very wonderful true-blue mood.)

Song to watch out for:

Un-funnyman Art Godfrey's; "By the River St. Laawr-ah-ha-o-ho-he-he-ence." (Listen my children and you shall hear--Godfrey sounds like he just downed a beach! Or, how silly can you get?)

## Two Comedies In Rehearsals

Two three-act plays went into casting rehearsal recently at HSC. "Out of the Frying Pan," under direction of Alene Beers, met at the CES Auditorium for casting, with ADAM'S APPLE, headed by Pat Hofferbert, going into first reading in the College Auditorium. Both plays met with huge casting success, but at the time of this writing, neither had reported a definite selection for parts.

Both plays are comedies, and both have met with huge acclaims on Broadway. "Out of the Frying Pan" depicts the lives of three girls and boys living together in New York awaiting their "big break" in show business, and it is built around the drastic and hilarious antics of the kids when one of the girls' father arrives rather unexpectedly. ADAM'S APPLE is centered around a fictitious uncle who finally appears on scene.

In the days of sailing ships sailors commonly believed that the best way of starting a wind was to whistle for it. Very often today when a sailor whistles he receives a blow.

Humboldt State College is located in one of the finest summer recreation areas in the country.

## Viewing The Exchanges

by P. L.

**YUBA "49er"** — A new idea in marital customs in N. Y. provides husbands with duplicates of bridal rings to put in their wives' ears. "Jealous husbands seem to like this additional way of telling predatory males hands off." What won't they think of next ? ? ?

**NAPA "JAY SEER"** — A new idea in dances, "Who is the Walking Girl of N.J.C.? The identity is known only to the Dean of Women. The girl was picked through a drawing from the entire roster of woman students. All students are given a chance to try to identify her by submitting their guesses at the dance at the slight charge of one cent per guess.

**S. F. "GOLDEN GATER"** — Since the raise in prices in haircuts, a sharp increase has been detected in the sale of violins. The "Hollywood Haircut" is also anticipated for a comeback run.

**UNIV. OF S. F. "FOGHORN"** — Realizing the need for educated leaders in the field of Labor Management, U.S.F. has opened its first classes in a new Labor Management School.

**UNIV. OF REDLANDS "BULL-DOG"** — Homer Richards, number one U.R. singles man, came back after a one set deficit to post an astounding 7-9, 8-6, 6-0 upset victory over Bob Falkenburg, 5th ranked nationally, in a torrid tennis duel last week.

**SAN JOSE "SPARTAN"** — Seniors, class of 1948, have proposed three possible gifts to be given to the college graduation. They are: A senior quad, a public address system, or the money earmarks for the Memorial Chapel which has been long thought of.

# CHOIR NOW ON ANNUAL STATE TOUR

## WILL SING FOR CALIFORNIA AUDIENCES

First row, left to right, Joyce Cousins, Fern Stahl, Betty Tyler, Sally Babcock, Betty Everett, Mr. Leland Barlow, director, Mary Hull, Jacqueline Woody, Esther Marvel, Maxine Bosch, and Elma May Drouet.

Second row, left to right, Norma Conti, June Gassaway, Lois Winslow, Virginia Young, Elaine Haas, Ted Lanthear, Wiley Cousins, Thomas Hodge, Margaret Wurche, Loa Kingston, Mary Lee Carroll, and Katherine Miller.

Third row, left to right, Joseph Barkdull, Gene Orlandi, Jack Craft, Robert Oliveira, John Gasser, Chester Bosch, Sidney Smith, Charles Willcox, William Wilkins, Donald Stephen and Charles Roscoe.

Paul Green is not pictured.

The Humboldt State College Choir and Madrigal singers directed by Leland Barlow left Monday on its annual tour of Area. This organization provides

an interesting program of choral music which includes a group of selections by the Madrigal Singers. In 1945, the choir received much favorable recognition for its coast-

to-coast broadcast in connection with the first post-war lighting of the world's largest Christmas tree near Dyerville.

This year, the Humboldt State Choir is presenting the following concerts: April 12, the first day of the tour, the group will stop at Fortuna, Ferndale, South Fork, Willits. April 13, Ukiah and Santa Rosa. April 14, College of Marin in Kentfield and Petaluma. April 15, San Mateo Junior College and Mission High School in San Francisco. They will also sing at the California College of Arts and Crafts in Oakland.

On April 16, the choir will broadcast over state KSFO in San Francisco from 7 to 7:30 p. m.

## V. A. Releases New Payment Information

Approximately 125,000 veterans in the Veterans Administration Branch 12 area (California, Arizona, Nevada, and Hawaii), who are pursuing full time courses in schools, colleges, and universities, will be entitled to increased subsistence allowances, Colonel Thomas J. Cross, Branch 12 VA chief, announced recently.

Only veterans pursuing full-time educational courses will be entitled to the increased subsistence allowances under the new law signed by President Truman, which amended both the Servicemen's Readjustment Act (G. I. Bill) and the Vocational Rehabilitation Act for disabled veterans.

Part-time students will not be entitled to the increases, Colonel Cross said.

The new payments will be made at the monthly rate of \$75 for a veteran without dependents, \$105 for a veteran with one dependent, and \$120 for a veteran with more than one dependent. The higher rates are applicable to periods of training on and after April 1. However, since subsistence checks are not due until the end of the month in which the veteran is in training, most of the eligible veteran-students will receive their first checks at the higher rates on or shortly after May 1.

The Registrar's Office Guidance Center office in Hut 1 has the forms necessary for veterans with more than one dependent. In order to make payments to them effective April 1, veterans with more than one dependent must complete these forms before July 1.

Veterans with no dependents or with only one dependent will receive their raises automatically, since existing applications for benefits will supply all the necessary information.

It is estimated that in the VA Branch 12 area, the number of eligible veterans with one or more

dependents totals approximately 35,000.

In many cases the VA in the Branch 12 area, because of information already compiled, has evidence that the veteran-student has more than one dependent. In such cases the increase to \$120 a month will be automatic, Colonel Cross said.

Veterans are urged not to write VA at the present time concerning their increases, since most of them are automatic and processing of the increases will be speeded if VA is not flooded with unnecessary inquiries.

Veterans with more than one dependent will be informed by VA if additional information is needed and when to submit it. In the case of dependent children, photostats or certified copies of the children's birth certificates will be necessary. In the case of dependent parents, evidence of actual dependency must be submitted.

If veterans now in training submit evidence of dependency prior to July 1, 1948, they will receive retroactive payments at the new rates back to April 1, 1948.

### WHO'S SANE ?

Present day college students were described recently by Martin B. Dickson of Kansas City, chairman of the National Delta Tau Delta Fraternity Committee on Chapters and Charters, as the "soberest, sanest, hardest-working bunch of kids ever to attend college."

Nearly all the airplanes used by the U. S. Postal Department are mail planes.

## Station KHSC Wire Strung

A week ago last Saturday, a very good beginning was made at stringing the wire for KHSC.

Some of the men who contributed the utmost in this fascinating representation of manual labor were: Bill Blackford, Pat Hofferbert, Ted Lanthear, Bob Wasson, Chuck Willcox, Bib Linstadt, Don Chhamberlain, and Leon Pike.

Lines were strung, the men disregarding the downpour of rain in their utter blind devotion to duty, from the Radio Hut to the Co-Op, Nelson Hall, and the Redwood hall.

At present the lines will carry the programming of KHSC only from 12 til 1, but later this time will be expanded extensively.

If you have any suggestions or criticisms, please contact any member of the Radio Workshop class.

## Over Million Dollars Available For HSC

Humboldt State College now has available for the purchase of additional lands and construction of buildings an amount of more than \$1,220,000, it was stated by Senator Irwin T. Quinn upon his return from the state legislature.

This sum includes \$95,000 which was included in the budget at the recent session for the purchase of lands, and the definite promise and agreement for \$125,000 more at the next regular legislative session in 1949.

In addition to this, the senator pointed out, there is still more than \$1,000,000 in the postwar employment fund voted by a former legislative session for the construction of three new buildings at Humboldt State, an arts and science building, a new gymnasium, and a laboratory building.

This postwar fund has never been drawn and is still available, the senator said. Also, the \$125,000 promised at the next session can

be made available now, if necessary, to purchase lands without delay, through a provision that it can be taken from the state's emergency fund.

## My Greatest Sports Thrill

BY FRED ITEN

It is virtually impossible for me to choose my greatest sports thrill. Therefore, I would rather tell about the two that I cannot decide between.

The first one occurred in my freshman year at H. S. C. I had never played football before, but Coach Herbert Hart needed players badly. He worked hard with me for about a month trying to teach me the position of right end. He had patience and I was willing to work hard. The first game of the season found me keeping the water boy warm on the bench, but in the second things changed. Three ends were off the active playing list. One had gone to a tuberculosis sanitarium, and the other two had injured their knees in the second quarter. In the third quarter, my 155 pound timid frame was pushed onto the playing field to oppose a 265 pound tackle. Though I was nervous, I managed to dodge him most of the time. The score was 7 to 7. Lee called No. 58 pass. The ball was snapped and I tottered downfield thinking of the battered knees of the players I was replacing. Longholm, like a fool, threw the ball to me. It wobbled downfield and I staggered towards it, and as I tried to ward it off it stuck to my hands. I wandered goalward amazed and puzzled as to what I should do. A Cal Poly back, not quite so puzzled, tackled me on about the fifteen yard line. From there we managed to score and win the game.

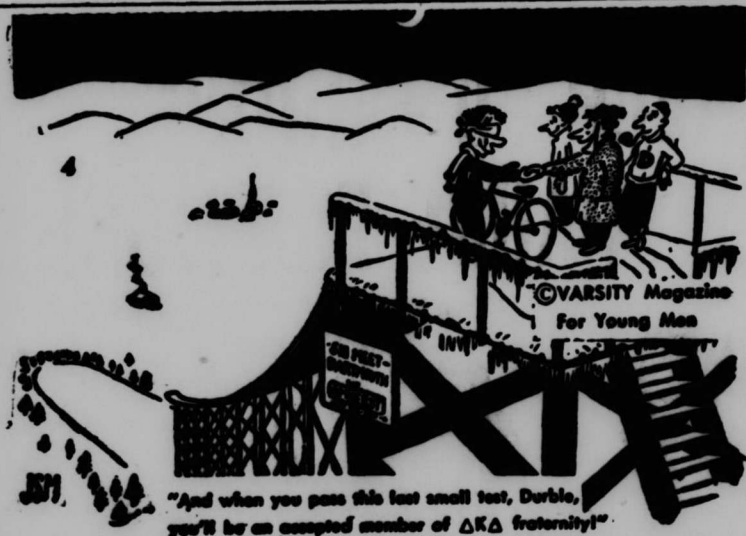

The second was as a halfback in a game between St. Marys Pre Flight and the Coast Guard; score 6-6. Substituting for Post who was out with injuries, I got into a game for the first time since I had ruined Coach Nelson's pet play in scrimmage three weeks before. Sixty thousand fans seemed like the whole State of California. Mc-

Carthy faked the ball to Bruce Smith and gave it to me in what was to be an end sweep. The end floated and I cut inside, faked out

FRED ITEN

the half and sprinted downfield with the safety cutting across to head me off. There was one hell of a roar from the crowd which scared me and doubled my speed. The safety looked like he was waiting for autographs. Sixty five yards I traveled and crossed the goal line untouched by human hands. The score was 6-6. Someone in a striped shirt had dropped his hanky. Dale Gentry off-side, five yard penalty.

## SPORTS SPIEL

By DON TERBUSH

By Don Terbush

ATTENTION: Hen-pecked married men who have been awaiting the day when they can lift up their heads and bray at the sun; men eligible for Uncle Sam's beckoning call to change clothes, shoulder rifles, and start singing "Oh how I hate to get up in the morning;" men who have sorrows to drown but thus far have been unable to afford it, and just plain "C" average men who love a good time with plenty of food and drink. May 28th is YOUR day. No longer must you sit idly by and dream about what it would be like to be "king for a day. One dollar. Imagine! One ld soiled, wrinkled greenback makes this dream a reality. One dollar makes you a member of the Men's Association, and also pays your admission to the biggest, gayest, merriest event on the school calendar, the Men's Association Picnic. If you miss it, shoot yourself.

Coach Conrad and his high-flying baseballers trek north this weekend to cross bats with the Southern Oregon horsehiders. Inasmuch as Linfield dumped the Sons in an early season tilt, the Lumberjacks will go into the fray slightly favored to take their hosts into camp an dthus partly avenge State defeats in football and basketball earlier this year. However, a home team always has an advantage earlier this year. However, a home team always has an advantage, so before the local diamond artists start expanding their "T" shirts and patting each other throwing arms, maybe they'd better win first. It is safe to say that they are not making the trip merely to check the size of the Oregon raindrops.

Footballers who intend to participate in spring training will do well to start slacking up on those wild weekend orgies. April 29th, acting Coach Jack Findlay will start handing out the moleskins and around May 1st the actual huffing and puffing starts. Present plans call for reseeding the field prior to that date, but if everything goes along in the normal vein the actual reseeding won't take place before May 1st thus fouling up the spring drills. Lack of foresight has previously resulted in such incidents as the lights in the Redwood Bowl being tested the night before they were to be used, the lights in the gym being installed two nights before they were to be used, remnants of last fall's bonfire still lying on the baseball practice field, etc. If labor is too high let's have another workday or two. Somebody do something.

Did you know that: FRED ITEN, who has an article elsewhere on this page was chosen second string Far Western Conference end the second year that he ever played football? That BRICK BRALICH and MIKE WHALEN were two of the most widely known and best publicized athletes ever to attend Santa Rosa J. C.? That AD HOLDEN has run a 48.7 quarter mile? That Coach WARREN CONRAD once played basketball against Humboldt State in a tournament held at San Jose? That JACK NEWMAN ran a 4.28 mile while still in high school? That CHUCK GORDET once played on a football team that defeated Joe Forbes-coached team 85 to 0? That SERGE STASHUK sank the winning basket against Chico State in 1941 that gave Humboldt State its first Far Western Conference basketball title? That Dean of Students HARRY GRIFFITH coached that same team? That "SPIDER" KLINGENSPOR isn't really a spider? That MARTY "HOW'S YOUR DELTOLD" CAPLAN shimmys up and down redwood trees on weekends to keep in shape? That TOM "WHAT'S THE MATTER WITH BALD HEADS" Viracola uses a concoction of mashed meat balls, ground grass, and liquified "cinch"

## HSC Hoopsters Win Over Henderson 5

Leapin' Darrel Brown and his Casaba cohorts possessed too much finesse and basketball savvy for the Henderson Center five as they outshot, outpassed, and outsped the independent league champs to end their season with a 61-37 win Monday night, April 5th in a benefit game at the Eureka High gymnasium. "Brownie" made his last game for Humboldt State an auspicious one as he took scoring honors with fifteen points and again proved himself to be one of the great basketball players in Humboldt State court history.

Halftime found the Lumberjacks holding a 24-16 lead as Coach Conrad inserted his second string to start the second half. Parker Johnston found the range for six quick points, and aided by Dunaway, Lawitzke and Smith, put the green and gold into a commanding 40-22 lead going into the final quarter. Brown and company reentered the contest and the wives of the Henderson Center men started warming up the rolling pins in anticipation of their husbands return home. Oliveira and Moses each tallied fourteen points apiece for the winners, while Bob Brambani was high for Henderson Center.

notices to keep his hair from falling out? That this thing has gone far enough? 'Bye Sports!

## Baseballers Travel To Meet So. Oregon

Coach Warren Conrad and a nineteen man baseball squad head north Friday morning, April 16, to engage the Southern Oregon horsehiders in a two game series at Ashland. Little is known of the Oregonians, other than they lost a 14-8 decision earlier in the season to Linfield College.

Squad members making the trip are as follows: Barnum, Lima, Hunt, Peterson, Carlson, Anvik, Stebbins, Klingenspor, Bell, Oliver, Oliveira, Renworth, Carranco, Dunaway, Whalen, Bailey, Newman, Wilson, Kiskila, and team manager, John McDonald.

"Red" Hunt is expected to be on the mound throwing to Lima in the Friday game, while Carlson and Barnum will probably get the nod in the Saturday clash.
