

# Attend Student Body Meet Today!

## President To Speak At Opening Meet; Attendance Urged

All students are urged to attend the opening student body meeting today, at 10:30 a. m., at the College Elementary School. A. S. B. President Merwyn Rickety will open the meeting with a welcome to the students. President Cornelius Siemens will give his first address to the entire student body, and will also present the new faculty members. Although attendance is not required it has been recommended by school officials that all students attend this assembly.

## Teaching In Burma

HARRY GRIFFITH

Dr. Harry Griffith, professor of education and principal of the College Elementary School, left last week for Rangoon, Burma, where he will be a visiting professor of education at Burma State Teachers College for the school year 1950-51.

Dr. Griffith went to Burma under an award from the Fullbright Act which made possible the sale of surplus war goods of the United States to the government of the countries in which the goods were located. The proceeds of the sales of such goods provides for student exchanges and the sending of professional people in agriculture, science, medicine, and education to Burma. Dr. Griffith will return to his duties here in the fall of 1951.

Kasper I. Ingebritson, assistant professor of education is acting-principal of the CES in Dr. Griffith's absence. Ingebritson joined the HSC faculty in February 1950. He will receive his doctor of education degree from Stanford this fall.

## 2 REPRESENTATIVES TO COUNCIL G. L'S

Two representatives from the State Department of Veterans affairs will be on campus Thursday, Sept. 28, from 9 a. m. to 12 noon.

At 9 a. m. in room 200 they will address the veterans as a group concerning their rights under State laws and means whereby they can conserve Public Law entitlement to their advantage.

From 10 a. m. to 12 noon they will be in the Social Unit to discuss individual problems with interested veterans.

All veterans who are under California Veterans Law or are eligible to be, are urged to attend this meeting.

Mrs. Harper from the office of the Registrar will be present to answer questions of students under P. L. 16.

# HUMBOLDT LUMBERJACK

Wednesday, September 20, 1950

## Buy Student Body Cards Today!

### Student Body Cards Though Optional Are Necessary To Humboldt's Progress

Why should you buy a student body card?

Have you ever wondered what sort of a school Humboldt State College would be without its athletic program, without its play productions, without its choir and orchestra, without its school paper, without its social affairs?

It does not take much imagination to envision that it would be a scholastic sweatshop, where social life, with all its conveniences, would be minimized to a point of maddening monotony.

Most of all, there would be no student body organization, for it is the revenue from student body cards that provides a financial basis for the democratic government of the student body. In so much as every student benefits from that democratic government, it is only just and fair that each student contribute his or her share to the common welfare. Therefore, it is the duty of every student to be the possessor of a student body card.

Also, aside from benefiting from the sources mentioned above, the holder of a student body card benefits personally by gaining free admission to all intercollegiate athletic events, including basketball, football, and baseball games.

### Have You The Urge?

All students interested in recreational singing should enroll for Music 60 or 160, College Chorus. According to Charlie Fulkerson, assistant professor of music, no ability or experience is necessary, only the urge to sing. It is a help, he adds, to be able to carry a tune. The course carries a half unit of credit, either lower or upper division. Women will meet at noon on Mondays and Thursdays. Men will meet on Wednesdays and Thursdays. The chorus meets in Room. K.

### New Distribution For School Paper

The Humboldt Lumberjack will be distributed to various parts of Humboldt County, as well as colleges out of Humboldt County, starting with this first issue.

The Eureka, Arcata, Ferndale and Fortuna high schools will all receive a limited supply for distribution. Copies will also be available at the various news stands in Arcata and Eureka.

Through this wider circulation it is hoped to make the people of Humboldt more aware of the College in their midst.

### HSC Art Student Wins Art Prize

Competing with entries from 200 colleges and universities, Luard Stebbins, Humboldt State graduate student, won second prize in the California State Fair Student Art Exhibit with his water color of the Gunther House.

With the red ribbon came a \$100 cash prize. Stebbins is a 22 year old graduate student working for his masters degree in Education. He graduated from Humboldt in 1949 with a major in art.

An informal reception honoring the freshmen of Humboldt State will be given by the faculty on Thursday evening, Sept. 28, from 7:30 to 9:30 p. m. in Nelson hall. All freshmen students are urged to attend.

### Miss Kay Gott New Instructor In Girls' P. E.

New to Humboldt State college and to teaching is Miss Kay Gott, women's physical activity instructor. She also teaches classes in bowling, singing and folk dancing, and tennis.

Miss Gott received her masters degree last year from the University of Oregon at Eugene. She previously attended the College of Idaho where she was awarded a bachelor of arts degree.

Originally from Nampa, Idaho, the young teacher says she likes Humboldt.

### SCHOLARSHIP AWARDED

The California Congress of Parents and Teachers awarded this week a scholarship of \$300 to HSC seniors, Lois Carlson and Norbert Paynter. In order to qualify for the scholarship, students must be seniors majoring in elementary education.

## NEW VICE PRESIDENT APPOINTED; BUDGET APPROVED BY ASB COUNCIL, RICKEY NAMES 2 COUNCIL MEMBERS

Don Hosterman was appointed to replace Dick West as vice-president of the Associated Student Body of Humboldt State at the meeting of the student council Monday evening.

Hosterman is a Wildlife major and is in his senior year at Humboldt. A newcomer to the political scene at HSC, Hosterman plans to support the policies of Merwyn Rickey, student body president. The new V. P. stated that Humboldt's most urgent problem is the need of student cooperation and spirit, and that plans were being formulated to alleviate this situation.

### NEW COUNCIL MEMBERS

President Rickey appointed two council members to fill vacancies in the council. The new members are Gerardo P. Zattola and Carl Jensen.

After a few changes in the re-

### FALL PRODUCTION TRYOUTS PLANNED

Tryouts for the fall production will be held today and tomorrow from 4 p. m. to 6 p. m. in the CES auditorium.

In the new radio studios Monday afternoon Anne Kavanaugh, Warren Bullis, Kent Merrill and Bill Dunlap read and reviewed the following plays: Laura, An Inspector Calls, John Loves Mary, and All My Sons.

### 589 Students At Humboldt State; Low Registration

Five hundred and 89 students had registered for the fall semester by Thursday of last week, according to an announcement made by Registrar Myrtle McKittrick. If as many late registrations are made as were made last year, at this time, it will bring the total to approximately 740. Mrs. McKittrick said.

This semester's record is not the largest, however. Last spring there were 756 students enrolled at HSC, the largest number ever recorded.

The number of veterans attending college has diminished from last year's 274 to a total of 169 who have registered to date. The veterans make up 29 per cent of the enrollment as compared to the 37 per cent recorded last year. 1947 is the year which has the greatest group of veterans recorded in attendance, 382, which was 52 per cent of the school population.

### NEW SENIOR LIBRARIAN

Mrs. Miriam Malloy has replaced Wallace Look as senior librarian in the HSC library. Mrs. Malloy was formerly a librarian at the University of California and was later head cataloguer at the state library in Sacramento. Look will do graduate work at the University of Chicago on a year's leave of absence.

## New H. S. C. Prexy

CORNELIUS SIEMENS

Cornelius Siemens, freshman president of Humboldt State College, gave a welcoming address to the freshman class of 1951 last week, an event which occurs but once in every two decades according to statistics.

Siemens succeeds Arthur S. Gist, who served as head of the college from 1929 to 1950. Gist submitted his resignation after his long term of service on the grounds of ill health.

The new president was born in Russia in January, 1911. His family moved to the United States when he was eight years old.

He is an alumnus of the University of California at Berkeley where he was elected to Phi Beta Kappa. He holds M. A. and Ph. D. degrees from the university. His doctorate was awarded in mathematics and education.

His professional experience includes positions as director of Compton College, which serves the final two grades of high school and junior college, member of the University of California School of Education faculty and San Diego State College faculty. He was also an instructor in physics for two years at Kern County High School and Junior College and served as teacher of science and supervisor in Berkeley public schools.

### Parking Rules Now In Effect

Dr. Burton Henry, dean of men, urges all students to cooperate with the Intercollegiate Knights who are managing the safety and traffic control in conjunction with the Dean's Office.

All cars should be registered at the Dean's Office as part of school registration in the spring and fall.

Student officers will enforce the parking regulations and any offender will be fined after appearing before the Board of Control.

### Knights To Back New Youth Center

Slated for October 10, at the Firemen's Hall in Arcata is a regular meeting of the Arcata Youth Center coordinating committee which all interested students have been urged to attend. During the meeting plans will be laid for the raising of funds and for the actual construction of the Youth Center.

The H. S. C. Knights club has already indicated that it will be active in the committee's program this year.

Meat represents 2.7 per cent of the world's food supply.

## Humboldt Has To Make The Choice!

The advent of this semester brings new students, new faculty members, a new administrator and new administration . . . all with new ideas.

From these ideas, we, the students, profit most. Yet they must be assimilated before the desired end is achieved.

Tradition and progress are oftentimes incompatible. Now is the time to push tradition out of the picture and replace it with progress. To accomplish this purpose and to make it effective we must be objective, factual and realistic.

Naught comes to the slaggard! Humboldt offers to all students the opportunity to become an integral part of student affairs. Opportunity is the constant; interest, the variable.

Over a period of time Humboldt has incurred the tradition, as well as the reputation, of being an institution sans school spirit, or student cooperation.

At the moment, the sore spot in Humboldt's side is the student body card situation. ONLY ONE HALF OF THE STUDENT REGISTERED HAVE PURCHASED STUDENT BODY CARDS! We must decide now whether it is necessary to have a student body organization. A school with sloppy student organization is comparable to a school with none.

The absence of student organization would drastically affect . . . student athletics . . . student play productions . . . the student choir . . . the student orchestra . . . the student paper . . . student social affairs . . . the student wildlife group . . . student conferences!!!

Student social affairs include . . . WORK DAY . . . THE ASSOCIATED STUDENTS PICNIC . . . HOMECOMING DAY . . . AND THE ASSEMBLY AND RALLY COMMITTEES.

Student enrollment has dropped since last semester. Without activities, Humboldt State College need not hold another registration!

Only the students can make Humboldt great, and therefore it is up to all of us to work for ourselves, through Humboldt State.

H. S. C. is unique in its opportunity of being a college located in the midst of the most rapidly advancing area of the United States. It is our obligation to see that this college not only keeps abreast of, but leads the progress of this area.

Being the only actual five year accredited institution between Berkeley and Corvallis, Oregon, it is our duty to make known our existence in the collegiate world, as well as in our communities. We have the backing . . . what we need is the guts!

We don't want Humboldt to be on the map: we want it to be the focal point.

## To All Students From The President

As your new president I am as busy as a freshman becoming acquainted with the practices and traditions of Humboldt State College. I am anxious that every new student feel welcome and become oriented to the work and student life of the campus as soon as possible.

Humboldt State College has a great year before it, calling for the full energies of every one on the campus. With a new administration we have the opportunity and the challenge of making changes and improvements which will benefit the students, the faculty, and the College. There is much to be done, but I believe we have the will power and manpower to get the job done through cooperative effort and positive action.

One part of our program will depend upon a strong student-body organization. We should not be satisfied until 95 per cent of the students are active members. We should not be satisfied until we have a modernized, functional, revised student-body constitution which gives the student council full power and responsibility to represent its membership with action. We should not be satisfied until we have a well-balanced group of student activities financed by a centrally controlled, unified, and balanced budget. We should not be satisfied until every student-body member feels that he is getting his money's worth, until he is proud of his membership, and until he is willing to support the entire student body program morally, physically, and financially.

Whether or not Humboldt has a strong active student-body program will depend directly upon its membership, upon you and the fellow student next to you.

Let us then all work toward the goal of a more united, a stronger, and a more balanced student activity program under a practical and streamlined student body organization.

Strength and esprit de corps develop from following the motto: "One for all and all for one."

Cornelius H. Siemens, President.

## Greetings From Your Fairy Queen

Being forewarned that my humble welcoming would be surrounded by many other sincere articles, each designed to greet the student, I will consider the older group satisfied and direct a few lines to the Freshmen in particular.

You, Frosh, have an important responsibility to your upper classmen and to yourselves. Your strength in numbers, your identity as a young, growing generation and your unchallenged vitality and enthusiasm for all that's exciting and different, will be observed by us and perhaps looked for and leaned on by us in our desire to see a success story written down in the pages of "student body functions of 1950-51." I wish you good luck and have extreme confidence in your ability to fulfill out every expectation.

M. S. Rickey  
 ASB President

## Frosh Initiation; "Fall Ball" Set In Soph Meeting

Combining all of the color and amusement of the annual frosh initiation with the glamour of the year's first semi-formal dance, the Humboldt State soph. class has Humboldt State sophomore class has proclaimed freshman week as Sept. 27, 28 and 29, sophomore president Leonard Cook announced today.

The semi-formal dance, named the "Fal Ball" by the enterprising sophs, will be held from 9 to 12 on Friday, September 29.

Friday, September 29. Committee heads include Helen Gross, publicity, Jim Westberg, refreshments and Bob Titlow, decorations.

Another group of committeemen, headed by Gene Gosselin, will devise this year's version of the initiation rites, to be announced in the near future. Acting in a group meeting, the sophomores decided to concentrate the initiation into three days, and intensify the initiation procedure.

## Christian Roundup To Hold Meeting

Rev. George E. Fort, Arcata Methodist minister, will act as moderator tomorrow night at the first meeting of the Christian Roundup, a discussion group for college students.

The discussion will be held from 6 p. m. to 7:30 p. m. in the little dining room at Nelson Hall. Those who attend will eat supper during the meeting.

The subjects to be discussed will center around the ethical social and religious problems confronting college students and college age youth. All students are invited to attend the meetings and to bring friends who may not attend Humboldt State but who are of college age.

## Faculty Members Tell Summer Trips

Returning to Humboldt State college this fall from a summer filled with activity away from this locale are many of the faculty members, some of whom have traveled abroad since the close of school last June.

Assistant Professor Melvin Schuler returned recently from a trip to Norway and Associate Professor John Van Duzer toured Europe with a group of theatre enthusiasts.

Miss Hazel Hagne of the College Elementary School received her master of arts degree this summer at Columbia University in New York. Dr. Kasper Ingebritson was awarded a doctorate at Stanford University.

Dr. Burton Henry vacationed in Mexico and then taught the summer session at the University of Southern California. Dr. Albert Graves taught at the Stanford summer school. Bruce Roberts, accompanied by his family took a trip to Camas, Washington, and Sarah Cornelius spent sometime in Canada.

Sugar consumption in the United States is 96 pounds per capita annually.

## SOCIAL NOTES

By JACKIE STONE

Among those Humboldt Staters who did summer middle-aisling (a la Winchell) were Alice Chegwid-den and Rodger Smith, Janice Clark and Elio Bartolini, Edwina Jamison and Tom Hannah, Margaret Collison and Don Chestnut.

Nelson Hall co-eds who got their MRS. during the summer include Alice Crane Verret, Nina Corbett Brown, Carla Peterson Isberg, and Carol McKeown Hindley. The elopement to Reno of Joy McLoed and the Reno marriage of Jackie Hiles and Bob Stone — the day on which they had planned to announce their engagement — subtracted two more Nelson Hallites.

Other to try the two-can-live-as-cheaply-as-one theory include Grace Luther and Doug Keith, Gene Cosgrave and Gloria Womack.

While not a Humbolter, Joan Telonicher, the daughter of a Humboldt faculty member, added Bill Caligari's name to hers during the summer. Other name-adders were Doreen Shannon Lucas and Mary Cerny Brown. And Duane Gurney no longer has to do his own cooking either — he and his new Mrs. are head residents on the West Wing of Nelson Hall.

### Zattola Named Block H Officer

Jerry Zattola, Crescent City's contribution to the Humboldt State basketball team, was elected secretary of the Humboldt Block H society in their first meeting of the year last Friday. Zattola replaced Dick Oliver, the regularly elected secretary who has dropped out of school.

The Block H society planned to enforce the regulation against wearing high school, javee and other college letters on the Humboldt campus. Kenny Dunaway was appointed chairman of the committee in charge. Award sweaters, may be worn only with the letter removed, or inside out, according to Dunaway.

### Yearbook Editor Announce Staff

Work has begun on the "Sempervirens 1951", yearbook of the Associated Students of HSC, according to John McMurrin, editor. The 1951 staff will include Jackie Stone, assistant editor; Martha Lynn and Mary Rowe, associate editors; James Conner, photography editor; Carol Beck, literary editor; Janice Bertolini, layout editor; Virginia Nelson, activities editor; Warren Bullis, sports editor; Nancy Jacobson, snap editor; and Virginia Anderson and Lenore Cady, staff artists. Eight staff assistants will be appointed from the freshman class, and a number of positions in the photography staff are yet to be filled.

### Fulkerson Back From Year's Study At Columbia U.

**CHARLES FULKERSON**

Charles Fulkerson, assistant professor of music, after a year's sabbatical leave, has returned to his duties at HSC. Fulkerson who was director of the Humboldt Little Symphony, spent the past year in New York doing advanced study at Columbia University, Juillard School of Music, and Union Theological Seminary. While in New York, Fulkerson was a member of the Collegiate Chorale, which was founded by Robert Shaw. Fulkerson also studied piano during the year under Abby Whiteside, widely-known teacher of piano. Fulkerson, who was accompanied to New York by Mrs. Fulkerson, returned to Carmel in July where he served as assistant director in the annual Bach Festival.

### James Mearns Is New Music Prof

Newest addition to Humboldt State's Music department of the division of Fine and Applied Arts is Professor James Thom Mearns. Professor Mearns came to Humboldt from the University of Michigan, where he was assistant to the Director of the University Choirs.

A graduate of Oberlin College and the University of Michigan, Mearns holds a Master of Music degree from the latter school. He also studied with the Christiansen Choral school, the University of Louisville, and privately with Thor Johnson and Joseph Bonnet of Grand Rapids, Michigan.

He has played and directed with many vocal and instrumental groups and has taught in several colleges and high schools.

He is a member of several professional organizations including the American Guild of Organists, Music Library Association, Music Teachers National Association and the Phi Mu Alpha Sinfonia.

### College Growth Talk Topic at Chamber Session

Growth of Humboldt State College, its building program for the future and the prediction that the enrollment would be 1600 by 1965, were among the features reported by Dr. C. H. Siemens, president of the college, when he addressed the Arcata Chamber of Commerce Wednesday night at the Bella Vista Inn.

He said over one million dollars is now set aside for buildings at the college.

Among the projects now underway, completed or scheduled in the near future are: new approach to campus, industrial arts building, new library, new science building, new co-op building and yard, purchase of land to the south of the campus, and improvements to the main building including a \$60,000 electric system, \$23,000 water system, improved heating system and new painting throughout.

San Francisco is the only city in the United States which includes an item in its tax rate for support of its symphony orchestra.

# Staters Open Grid Practice

Three of Humboldt's toughest performers during the 1949 season, the three linemen pictured above have a total of eight years of collegiate eligibility left among them as they enter the 1950 season. Center Caesar Fiamma (center) will be playing his second year, as will rough and ready guard Alme Allen, while tackle Chuck Martzell is the old timer of the crew, a junior with two more years of eligibility. All three are probably starters October 1 when the Lumberjacks open against the Cal Poly Mustangs in Eureka.

Flying footballs are filling the air of the Redwood Bowl this week as the Humboldt State college football Lumberjacks go to work in earnest in preparation for the 1950 football season. The Lumberjacks open their season October first against the Mustangs of Cal Poly of San Dimas in Eureka's Albee Stadium.

Thirty two young aspirants, for the most part short on experience, but willing and spirited, are working out under the tutelage of Coach Ted Staffler, back at the helm for the second consecutive year.

Last week's dummy scrimmage unofficially unveiled the 1950 Lumberjack offense, a loose double wing with passing the main object of attention so far.

And with at least half a dozen candidates tossing the pigskin around with ease, the passing attack is beginning to shape up.

Kenny Dunaway, the all around star with more letters than alphabet soup, is the big tossing choice at the moment but breathing hard on his neck are other candidates, both for the all-important fullback spot, and the quarterback position.

Staffler's big problem, from standpoint of experienced vets, is the receiving end of the passing attack. Of half a dozen ends, only one has played any collegiate time at the position, although high school stars are available for the wings.

Red Wright, a highly respective wingman during the 1949 season, leads the parade, but he's getting a rough tussle by Ray Lorenzon, from Southern Cal by way of the Marines, Bill Ecklund, heftiest of the ends, Hank Mosier, former Hoopa high star; "Pic" Gipson, all county fullback for Arcata high in 47 and Bob Matthews, a converted tosser who could fill either position with ability.

Tackle, a pre-season sore spot, is beginning to round out into the season's playing form, with vet Chuck Martzell back for his third year. George Eue, Oceanside transfer, and the weightiest of the tackle aspirants will battle jayvee vet Dave Dana and former Eureka high star Wes Willits and Martzell for the starting posts.

Of all the positions on the team, guard is the deepest, the roughest, and the most hotly contested. No less than eight guards, six with game experience were avail-

able before Coach Staffler sent Walt Greene to center to back up "Iron Man" Caesar Fiamma. That still leaves Alme Allen, stellar '49 vet, Bob Syvertson, a '48 varsity guard Lee Cochrum, another '49 regular to fight it out with Bill Rall, Herb Rogers and George Wurtz for the starting berths. Rall showed up well in the latter part of the '49 season.

The backfield still lacks weight, although the scales have been weighted down with the arrival of a number of new backs. In the number one spot, Kenny Dunaway will battle Norm Disher, Ketrig and Dennis Kinser for a starting berth.

Veterans Wally Landis and Fuzz Lampella will hold down the QB blocking and passing spot. A host of halfbacks will compete for the two wingback positions, including Les Ivancich, Johnnie McNaughton, Reily Morse, Harley Felure, Jim Collins, Joe Black.

The Lumberjacks open their season on October 1st on a Sunday afternoon in Eureka's Albee Stadium against the Cal Poly Mustangs of San Dimas. Six games, with an open date sandwiched in, have been scheduled for this season. The complete 1950 schedule includes; October 1, Cal Poly of San Dimas in Albee Stadium; October 7, Chico State college in the Redwood Bowl (night); Friday, October 13, Cal Aggies at Davis California; Friday, October 20 San Francisco State college in S. F. Saturday October 28, open date; Saturday, November 4, Homecoming Redwood Bowl (day); Saturday November 11, Cal Ramblers, in the Redwood Bowl, 2 p. m.

An important use of tungsten is in manufacture of filaments in incandescent electric lamps and radio tubes.

## Intramural BB To Begin Monday

An intensive intramural basketball program will get under way next Monday noon with a meeting of all interested players and captains. Intramural director Jack Whetstone announced today. The program will run up until the opening of the regular basketball season, with a playoff for the championship to be slated at that time.

Varsity basketball players will be allowed to compete for the first time, but will be limited to one on each team, Whetstone stated. Each candidate for the varsity will be called a varsity player to keep the intramural season from being swept by a "loaded" group of varsity players.

In many instances, varsity players will act as captains of the teams, although no specific ruling has been made to that effect.

"We'd like to have two leagues of ten teams each for the intramural program," Whetstone said. Teams will probably be limited to seven or eight players.

San Francisco's first public exhibition of electric light occurred July 4, 1876.

## IT SAYS HERE

..... in fine print

By CRAIG STARK, Lumberjack Sports Editor

Well, Whaddaya know, here we go again. Another athletic beginning and already the rumors begin to fly. One rumor that Humboldt was definitely dropping football, another that the basketball varsity was already picked and practicing as a unit.

First, let us assure you that neither of the above are true. Neither Coach Staffler nor anyone else connected with the athletic program is considering dropping football this year; on the contrary, the talk is all toward the enthusiastic side, despite the greenness of Staffler's charges.

As to the rumor of a basketball varsity imported as a unit, they're so absurd as to be hardly worth mentioning. Transfers there are, and some of them were asked to come to Humboldt, but last year's vets are far from out in the cold, and any promising undiscovered talent that comes from the local high schools or from the Humboldt State student body will be promptly utilized.

It is true that competition will be terrific for the basketball varsity and well it might. Although unannounced, the basketball schedule is in the process of being completed and includes several "name schools" from the Pacific Coast conference and the top California independents, as well as the Harlem Globetrotters and the Oakland Blue 'N Gold, not exactly second rate ball clubs by any means.

Yes, and even though baseball season is a chilly nine months away, the diamond sport is already being talked of by athletes. If our eyes didn't deceive us, we spotted at least four would-be baseballers playing catch in the Redwood Bowl recently. Well, we knew of spring football practice, but fall baseball practice is a new stunt, even at Humboldt.
