

HUMBOLDT LUMBERJACK

WEDNESDAY, OCTOBER 4, 1950 #2

New Leaders For HSC Rooters

Three yell leaders and four song queens were elected by the student body at a rally assembly held Wednesday in the gymnasium. Millicent McVay, newly appointed rally chairman, was master of ceremonies.

Joan Meyerhoffer, Pat Shaffer and John Romandy were chosen to be cheerleaders and Helen Gross, Bernice Helm, Donna Cole and Kristine Brown will be the new song queens. They triumphed over three other candidates for yell leader and two candidates for the song queen position.

Speakers at the meeting were Coaches Jack Whetstone and Ted Staffler who introduced members of the football squad.

19 HSC Students Practice Teach In Local Schools

Nineteen HSC students are doing directed teaching this semester, it has been announced by Dr. Albert Graves, director of secondary education, and Dr. Kaspar Ingebritson, acting director of elementary education.

Six student-teachers are teaching in the College Elementary School. The remaining thirteen are teaching in the high schools of the area.

Students teaching at the elementary school are Grady Lawrence, Lee Hawkins, Don Chestnut, Norbert Paynter, Jean Heise, and Betty Tyler. Teaching in the Arcata High School are Malcolm Buchanan, Frank Gruhn, Carol Hindley, Melvin Klein, Evelyn Kohler, Jane Martin and Robert Walker.

Lois Carr and Melvin Thompson are student-teaching in Eureka High School, while William Thomsen and Byron Wilson are teaching both the Eureka High School and the Eureka Junior High School. Others teaching in the junior high school are William Howard and Elizabeth Rice.

Scholarship Contest To Be Held Tomorrow

The annual music scholarship contest sponsored by the Humboldt County Federation of Women's Club, will be held in the College Elementary School Auditorium October 5 at 2:30 p. m.

The contest is open to anyone interested in a music scholarship. Mr. Fulkerson and Mr. Barlow are in charge of signing up the students for the contest. Mr. Barlow stated that anyone is welcome to come and listen to the contest.

WAA HOLD ELECTION

A combined picnic and installation of new Women's Athletic Association officers will be held today at 4 p. m. on Council Street, behind the college.

This year, Miss Kay Gott, women's physical education teacher from Idaho, will be the W. A. A. advisor. New officers are as follows: president, Irma Watts; vice president, Katherine Walsh; secretary, Missy Owens; treasurer, Pat Ball.

Miss Gott says all girls are welcome to play volleyball with the group in the gym on Tuesdays at noon and later to participate in games or serve on committees for earning points and working for an award.

Many a gal will yell she sees a mouse, but think nothing of getting into a car with a wolf.

Rally Committee Plans Dance To Welcome Chico

Discussing the coming dance, rallies and games the Rally Committee, with newly appointed hairchariman Milly McVay, held their first Meeting of the year at Nelson Hall September 26.

Chico State will be honored with the dance held at Nelson Hall October 7 from 10 p. m. to 1 a. m. with music by Ray Bullock's Orchestra. Admission will be 50 cents without a student body card. 25 cents with one and all players admitted free.

An election was held September 27 to find the typical Joe College and Betty Co-ed to reign over the dance. Their names will be disclosed during the evening of the dance.

Students Entertain At Home Ec Dance

South Pacific entertainment highlighted the Sock Hop, sponsored by the Home Economics club, held at Nelson Hall on Sept. 15. Ripine ("Rip") Ripine. Samoan art major, sang a song of his native Islands, accompanying himself on the guitar, then joined Harriet Sakai, freshman from Hawaii, in singing "Song of the Islands". Miss Sakai sang a Japanese song, and she and "Rip" blended voices again in singing "Aloha Oe".

Other intermission entertainment included several folk songs sung by Joan Palmer, and a pantomime on make-up procedure given by Mary Ellen Rodgers.

Nelson Hall Holds First House Meet

An informal house meeting of the Nelson Hall women was recently called by president Carol Beck. The purpose of the meeting was to introduce the cabinet and acquaint the new residents with some important rules of the Hall.

The cabinet includes, vice president, Millicent McVay; secretary, Julia Williams; treasurer, Jackie Loeb; and proctors, Virginia Williams and Claudine Gasser. House mothers of Nelson Hall are Anne Kavanaugh, a junior at Humboldt State College, majoring in Education, and Mrs. Duane Gurnee, a graduate of Maryland State Teachers College at Tweson, Maryland.

DEADLINE IN CHANGES FOR CLASS PROGRAM

All program changes must be made by Friday, October 6, according to Myrtle McKittrick, registrar. To make a change, it is necessary to obtain the green enrollment card from an instructor. A new enrollment card must be taken to the instructor of any course added. The registrar urges that all changes be indicated on the pink official study list.

SENIORS TO FILE

Seniors who plan to graduate in January or June 1951 must file candidacy for graduation forms in the registrar's office. This application is necessary for ordering diplomas and planning the commencement program.

LITTLE SYMPHONY

Tonight at 7:30 in the CES auditorium the Humboldt Little Symphony, Humboldt County's community orchestra, will hold its third rehearsal.

Its conductor, Charles Fulkerson, pointed out that anyone who wishes to visit rehearsals is welcome.

Convenient Hours For HSC Library

The college library will be open longer in the evenings than heretofore, will open ten minutes earlier in the morning, and students may take books from the reserve library for overnight use at 2:45 p. m., instead of 3 p. m. it has been announced by Mrs. Helen Everett, college librarian.

The new evening hours are from 7 p. m. to 10 p. m. These hours will be in effect so long as use of the library warrants them, Mrs. Everett said.

The new opening time, 7:50 a. m. has been put into effect to allow students to use the library prior to the 8 o'clock class, while the new regulation for the reserve library is for the purpose of allowing students to borrow reserve for overnight use before going to the 3 o'clock class.

Frosh - Faculty Reception Held At Nelson Hall

A huge punch bowl, square and ballroom dancing were features of the well-attended Freshman-Faculty reception last Wednesday evening. An extensive program was presented by the freshmen.

Ella Guthridge gave a vocal solo accompanied by freshman faculty member James Mearns. Tapuni Ioelu, Ripine Ripine and Harriet Sakai sang native songs.

Caricatures of Deans Kate Buchanan and Burton Henry and Dr. Cornelius Siemens were presented by Pat Quackenbush, Warren Bullis and Jim Conner respectively.

In the receiving line were President and Mrs. Siemens, Dean and Mrs. Leonard Christensen, Dean and Mrs. Burton Henry, Dean Kate Buchanan, President of the Student Body and Mrs. Merwyn Rickey, Sophomore Class President Leonard Cook, President of the Freshman Class Bob Waters and Mr. and Mrs. James Mearns.

Testing Program Discussed At CES

Seventy-five teachers of the northern area of Humboldt County and several members of the staff of the County Superintendent of Schools office met recently in the College Elementary School auditorium for the purpose of discussing the county testing program.

Led by Oliver L. Tanquary, county supervisor of guidance services, the group explored the testing program for its use during the coming year.

WITHDRAWAL RULES

Withdrawal regulations provide that students who withdraw from school during the first four weeks of a semester receive a "W" in all courses, according to Mrs. Myrtle McKittrick, registrar. After the first four weeks, a student receives a "W" or "F" depending upon the quality of the work at the time of withdrawal.

FACULTY RECEPTION

The faculty reception honoring President and Mrs. Cornelius Siemens and the new members of the faculty will be held at Nelson Hall, Oct. 15. Mrs. Gail Merklin is serving as general chairman.

DR. SIEMENS IN SAN DIEGO

Dr. Cornelius Siemens will attend the California Association of School Administrators convention in San Diego, Oct. 3-6.

Jensen Appointed Co-Editor Of HSC Lumberjack

Carl Jensen was appointed co-editor of the Humboldt State Lumberjack at the Tuesday meeting of the student council. Jensen was recommended for appointment by Thurston Womack, Lumberjack advisor, and Charlotte Marks, editor.

Jensen, now a senior, gained experience on the Lumberjack staff during his first two years of attendance at Humboldt. He spent his junior year at Columbia University where he was active on the Columbia Spectator, the college daily paper.

Majoring in English, Jensen plans to graduate in June. He then expects to do graduate work at the School of Journalism at Columbia University in New York City.

Wildifers Hear President Siemens At First CU Meet

Basic plans for the new fisheries and wildlife building to be added to the campus were presented at the first meeting of Conservation Unlimited held recently at Nelson Hall.

President Siemens was guest speaker at this get-together for faculty, old members and new students as well as local sportsmen. Refreshments were served as hunting and fishing stories were passed around.

The second club executive council was held at the House of Rice on October 1. The second club meeting will be held in the Social Unit of Nelson Hall on October 4 at 7:30 p. m. At this time new members will be welcomed into the club and the revised constitution will be presented for adoption.

Local Federalists Ponder Problem Of International Tie

Should the H. S. C. chapter of United World Federalists continue to be affiliated with the international organization, or should the chapter withdraw from the parent organization and become a discussion group is the problem facing the college chapter of U.W.F., according to Anne Kavanaugh, acting chairman of the organization.

Members of the organization and all other interested persons have met weekly since the opening of school for the purpose of allowing as many people as possible to voice an opinion on the subject, Miss Kavanaugh stated.

The organization, which advocates world government, will continue to meet in Nelson Hall on Mondays, at noon, until the question is decided. Once the issue is decided, Miss Kavanaugh said, an organization, whether it be affiliated with U.W.F., or otherwise, can settle down to the task of doing its share toward averting war through world government.

Work Renews On New Buildings

Dr. Cornelius Siemens, president of Humboldt State College, announced that he has received word from Sacramento that the state college building program, which was temporarily suspended a short time ago, will recommence immediately.

Dr. Siemens stated that this action affects the new library and biological science buildings for H. S. C., plans for which will be completed very soon.

Of all men, Adam was the happiest; he had no mother-in-law.

Bob Waters Heads Freshman Class

Officers for the large freshman class were chosen in an election last week. The results were Bob Waters as president, Doug Carter, vice-president, Pat Quackenbush, secretary and Kris Brown, treasurer. All four, already active in various projects throughout the school, have pledged themselves to making this year's freshman class "the best ever".

New Clock System Installed In HSC Building

BY RICK ANDERSON

For several years students had a standing excuse if they were late for class. Their instructor had held the class overtime. It's in the past now, for a new Stromberg clock and bell system has been installed in all administration building classrooms and permanent adjoining ones.

All most people see is a clock on the wall; however, behind it lies an interesting story and a costly job. In the first place, the pendulum invented by Galileo some 300 years ago plays an important part in this modern piece of equipment. Electric power causes the pendulum to swing but the regularity of its swing is what keeps the correct time. Small electrically operated instruments help to keep the clock functioning perfectly by compensating for heat, cold, and damp weather.

It can be, and is adjusted to ring different hours on different days. On Monday and Tuesday, regular classes are dismissed by it, but on Wednesday, and without being touched by human hands, it automatically rings ten minutes earlier each period, making classes only forty minutes long and thereby giving us time to fit an assembly in with our day.

The system then by itself reverts back to the regular class times. The installation of the clock was no easy task. The administration building had to be completely rewired, cement walls gone through, new conduits and transformers installed. Along with the new fluorescent lighting system, the total cost amounted to \$60,000.

This is part of a general rehabilitation and remodeling program for the administration building. Soon we will have a new heating and water system, and it is hoped that next summer new or repaired lockers for all students will be available.

CSTA To Hold Meet Tomorrow

The H. S. C. chapter of the California Student Teachers' Association will hold its first meeting tomorrow night, October 5, at 7:30 p. m., in the College Elementary School Library, it has been announced by Ken Laudenschlager, C. S. T. A. president. There is to be a short business meeting, a program, and a guest speaker.

Refreshments will be served.

Cramblett-Jensen Head Homecoming

The student council appointed Howard Cramblett and Carl Jensen as co-chairmen of the Homecoming celebration slated for the November 4 weekend. The Homecoming game will see the Lumberjack squad vie with Southern Oregon for top honors. Jensen announced that plans are already underway for the festive weekend. Correspondence should be addressed to Bpx 237, C-O Jensen at Humboldt State College.

Jim Palmer, who attended Humboldt State College last semester, is starting his senior year at the University of California.

TO: All Lumberjacks

FROM: President's Office

RE: SCHOOL SPIRIT

Before school opened a few students and faculty were worried about the SCHOOL SPIRIT. In fact one person referred to it as if it were a tangible and permanent part of the campus such as the football field.

SCHOOL SPIRIT is an intangible, ever changing basic element of any college student body. The SCHOOL SPIRIT is a RESULT not a CAUSE; it is something that is developed not inherited.

HUMBOLDT STATE'S SCHOOL SPIRIT will be as good or bad as the students desire it to be. If it is poor the student and only the student can make it better. The factors involved in this endless chain that result in SCHOOL SPIRIT are desire for group action, participation (belonging), loyalty, action and confidence.

An honest desire on the part of more and more students for a better school and a better student body program is the first and most important element that will lead to a great SCHOOL SPIRIT. From such a desire will come participation which in turn will mean better leadership followed by better organization and bigger and better programs. Out of participation comes loyalty and group action. Good leadership and action develop more loyalty, greater confidence and in turn improved student activity. The result unquestionably will be a better SCHOOL SPIRIT. The circle then is completed with the result that a greater desire for improvement is created which becomes the driving force for an even greater SCHOOL SPIRIT.

This then is the formula. If enough students desire it, Humboldt State can develop the best SCHOOL SPIRIT within the semester that it has ever enjoyed.

"The only thing we have to fear is fear itself".

Cornelius H. Siemens
 President

The official government bank of Brazil, according to a recent news story, has banned all barter deals in which nuts figure. This is no doubt just another move to deprive the common man of his rights.

Frosh Exhibit Sophistication In New Fall Wear

By DONNA SLATER

Did you wonder what that horrible "thing" was which you passed in the hall Friday? Did you choke on your lunch after glimpsing that "thing" in the cafeteria? No, you're not having hallucinations, it was only a freshman participating in the "Frosh Frolic" -- one day each year when the freshmen see who can look the funniest, (with the aid of the sophomores.)

Initiation came to a grand climax September 29 when all freshmen came to classes in gaudy combinations such as pig tails, high heels and bobby socks for the girls and unshaven faces with ears bearing rings for the fellas.

Other rules made by the sophomore class were: girls must wear no make-up, carry their books in a cloth sack, wear a dink hat, sweaters and skirts. Boys wore a dink hat, shoes minus laces and no socks. Any infraction of these rules meant punishment!!

The freshman girls of Nelson Hall worked hard all week making beds, polishing shoes, carrying trays and wearing the "Royal Shield." Also, when asked, they had to recite a short poem and then sprayed with a pleasant smelling (?) potion.

All the fun and jesting is over Frosh ... just wait ... your turns comes next year to inflict initiation.

Six Graduate With Masters Degree

The following HSC graduates received advanced degrees from the University of Southern California at its 67th annual commencement on June 17.

William Thomas Daly, M. S. in Education.

Albert Anthony Simay, M. S. in Education.

Charles H. Waters, M. S. in Education.

Richard Dean Galloway, M. S. in Library Science.

Galloway returned to his position July 1 as junior librarian in the HSC library.

At the College of Pacific on June 11, Earl Biehn received an M. A. degree in Zoology, and Martin A. Cabalzar received an M.A. in Education.

New Housing Plan For Dorm Students

A new housing and meal plan for the students' benefit has been made this year by the housing office under the direction of R. W. Spurling, new student housing manager.

All students living on campus are required to purchase a meal ticket in either one or four payments which cost \$140 a semester. Breakfast, lunch and dinner are served 84 days during the semester which comes to \$1.66 per day. No refunds can be made on any meals and the only meal on week-ends will be breakfast on Saturday, which is not included on the meal ticket.

Room rent can also be paid for by the semester or in four equal payments on dates shown on the calendar of meals. Housing bills must be paid in advance for one month, according to state regulations.

William Beebe, Colleen Murray, Doris Swenson, Woodrow Thompson and Helen Womack are teaching at the Eureka Junior High School.

editor of the school paper for two years, a member of the annual staff and a varsity soft ball player.

WHERE'S THE SUN
 When asked what the greatest change they found was in coming to Humboldt the boys stated that they missed the sun most. The usual temperature in Samoa was from 80 to 90 degrees daily.

Assembly Periods Wed. Morning

Regular assembly periods have been scheduled for the school year. These periods will be on Wednesday mornings from 10:30 to 11:10. To allow for this period the following schedule of classes has been established for Wednesday mornings:

8:00 - 8:45 first period.

8:50 - 9:30 second period.

9:40 - 10:20 third period.

10:30 - 11:10 Assembly hour.

11:20 - 12:00 fourth period.

In the main building the bell system will be adjusted to ring in accordance with the new schedule. In the other buildings instructors will observe the schedule.

Funds Delegated For Fish Hatchery And Pheasant Pens

The Humboldt County Board of Supervisors has appropriated funds totalling \$925 for the operation of the college fish hatchery and the pheasant rearing pens during the fiscal year 1950-51. The funds available are taken from money collected by the county from fines levied on violators of fish and game laws, according to John DeWitt, of the fisheries department.

\$425 has been set aside for increased production of salmon and trout in the hatchery. Production will be increased from 5,000 to about 40,000 fish beginning in the spring of 1951. This is the first county assistance received for this activity and the benefit to the college will be largely in the form of additional practical experience of students majoring in Fisheries or in Wildlife Management.

For pheasant rearing activities, a sum of \$500 has again been approved by the county. This sum has been provided yearly for several years for the rearing of baby pheasants for release in this area. Hunters have been provided with some additional birds for targets during the hunting season and students are able to obtain practical experience in artificial propagation.

POETRY ASSOCIATION SEEKS LOCAL TALENT

The National Poetry Association competition of college students announces the seventh annual poetry contest. The closing date for the submission of manuscripts by all students is November 5.

Manuscripts should be sent to the offices of the National Poetry Association, 3210 Selby Ave., Los Angeles 34, California.

SUMMER STUDIES IN EUROPE FOR ART PROFESSOR

Humboldt State art professor Melvin Schuler has returned to Arcata after a summer of studying and painting in the 900 year old city of Bergen, Norway.

Leaving New York June 10 aboard the Oslofjord, Schuler spent the summer visiting relatives and painting around Bergen and nearby Akrehamn and on the small island of Bouskoy.

While in Norway, Schuler studied the Norwegian Education system. The Norwegian government has a student financial aid system set up whereby poorer students are enabled to attend the universities. "Language is the basic course, since the country does a lot of trading with other nations," Schuler said.

There is only one thing more exasperating than a wife who can cook and won't, and that is the wife who can't cook and will.

John Van Duzer Back From Tour

John Van Duzer, associate professor of speech and drama at Humboldt State College, returned September 1 from a two months conducted tour of the theaters of England and European countries. The group, which was composed of individuals interested in drama, sailed from Quebec the last of June. They went to plays, concerts and operas, visited famous historical theatres, museums, churches, and works of art.

They went to England, France, Switzerland, Italy, Austria, Germany, Holland, and Scotland. Van Duzer was particularly impressed by the beauty of the country in Switzerland.

Considered among the high lights of his trip Van Duzer visited the famed Shakespearean Memorial Theater Stratford-on-Avon, Drury Lane Theater, Paris Opera, William Tell outdoor mountain play in Switzerland, ancient Roman and Renaissance theaters, Salzburg Festival, Passion Play at Oberammergau, and the Edinburgh Festival in Scotland conducted by the Old Vic Company.

Among the plays seen in London were the Shakespeare play, "Measure For Measure", starring John Gielgud; "Venus Observed", starring Laurence Olivier; and a Noel Coward musical.

"All My Sons" Chosen For Fall Production

Twenty interested drama students met recently in the KHSC radio studio of Humboldt State College to choose the play for their fall production, according to Rod Shepherd, play director.

"ALL MY SONS"

"All My Sons", by Arthur Miller, was the play chosen by the group for the fall play. Shepherd stated that in choosing the play the students considered whether it would uphold the high standards of former HSC productions, and whether the actors would gain useful experience from the presentation.

CHOICE OF FOUR

Miller's hit play was one of the four modern plays reviewed at the meeting. "All my Sons" was reviewed by William Dunlap. The other plays and their readers were: "Jhon Loves Mary", read by Coleman Bullis; "An Inspector Calls", read by Kent Merrill; "Laura", read by AnAne Kavanaugh.

Wildlifers Plan Water Fowl Trap To Band Ducks

Forty new students have entered the Wildlife department at Humboldt State College, making it one of the fastest advancing groups on the campus, according to Dr. Glover, head of the group.

DUCK BANDING

Dr. Glover stated that work is underway for the wildlifers to establish two water fowl traps in the Humboldt Bay area for duck banding purposes. This is the first time that a large scale water operation, such as this, has been undertaken in this area.

The water fowl traps, being built and run by H. S. C. wildlife students, will catch the birds so that the students may band them. A small numbered metal band is attached to the birds' leg and then the fowl is released.

The purpose of banding birds is

Cast Chosen For "All My Sons"

Cast members of the three act play, "All My Sons", by Arthur Miller, which will be presented late in the fall semester, were announced last week by the director, Rod Shepherd.

The cast line up is: Kent Merrill, Joe Keller; Carol Beck, Kate Keller; Jim Edwards, Chris Keller; Pat Quackenbush, Ann Dever; Warren Bullis, George Deever; Bill Dunlap, Dr. Jim Bayliss; Mary Ellen Roger, Sue Bayliss; Homer Harlin, Frank Lubey; Ann Loeb, Lydia Bube. They were selected from 22 students who tried out for the 9 parts.

Carol Beck and Homer Harlin, are members of the honorary dramatic society, Alpha Psi Omega. Miss Beck has appeared in "Arsenic and Old Lace" and the "Adding Machine" and Harlin was seen in "The Devil and Daniel Webster". Pat Quackenbush, a freshman, participated in dramatics at Del Norte high school last year.

'Dr. Balabanis Speaks At Lassen

Dr. Homer P. Balabanis, dean of arts and sciences and professor of economics, recently delivered two addresses to the Lassen County Teachers' Institute, held at Susanville. The first talk, "United States and the World Crisis," dealt with the basic factors in the world conflict, the prerequisites to world peace, and the role of the U. S. in the world political and economic arena.

The second address, "Your Part and Mine", treated the impact of the world crisis upon the economy of the U. S., and explained the role of the teacher in the present emergency.

Following each lecture, Dr. Balabanis conducted a discussion period.

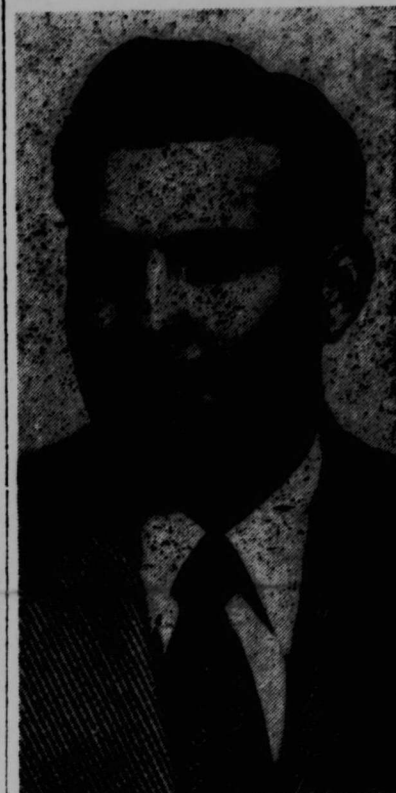

to learn of the migratory habits of those waterfowl. The results are apt to influence hunting regulations in a certain area.

All students, and other persons, are urged to turn in the bands, are urged to turn in the bands shot or caught in this area, to the United States Fish and Wildlife Service.

Humboldt State College is one of the few colleges in the U. S. that has facilities to undertake the duck banding operation. This is a type of laboratory work which enables the students to participate in practical field work which is sometimes not possible in other courses, according to Dr. Glover.

Lumberjacks Clash With Chico

SPORTS

He missed his chance to be a hero by fumbling an almost-intercepted pass last Sunday, but Bob "Porky" Syvertson will be in the starting lineup for the second straight game come next Saturday night and the Chico State game. Chunky 175 pound guard, Syvertson is a defensive linebacker, and almost made his first ball-carrying effort last Sunday, on a Cal Poly pass attempt. A sophomore, Syvertson played on the 1948 varsity and looks like one of many Humboldt "iron men" in the line this season.

Harriet Sakai Comes To HSC From The Islands

BY JACKIE STONE

Room six at Nelson hall, east wing, is occupied by Harriet Sakai, freshman from the Hawaiian Islands, who was surprised to see so many sunny days after having been told of Humboldt's fog and rain. Another surprise came when Miss Sakai discovered akulekule growing by the steps that lead to the main building, and her first thought was "I wish they had more so that I could make a lei."

Miss Sakai chose to study at

Humboldt State to become a laboratory technician after "Dolly" Dunn, former pre-nursing student here, told the speech class of Lahainaluna high about her experiences on the campus.

Although she cannot do the hula, Miss Sakai has conversed in Japanese with Dr. Leonard Christensen, Dean of Students, and Mr. Sperling, Housing Director. She can play the ukulele, and is learning to play the guitar. She finds people in the States just as friendly as those in the Islands, and has become a member of Humboldt's A Capella Choir, Chorus, Rally Committee, and Christian Roundtable.

What Miss Sakai misses most are the beaches of the Islands—at her home in Lahaina, Maui, the Pacific is only about twenty feet

Humboldt State's Lumberjacks fresh from a 13 to 13 tie with Cal Poly, will open their conference schedule Saturday night, meeting Chico State's Wildcats in an arc tilt in the Redwood Bowl.

First conference foe for the Lumberjacks, the Wildcats are reportedly one of the teams to beat in the Far Western Conference. Last week, they gave highly rated Pacific University a tremendous tussle before losing by a close score.

The Lumberjacks looked impressive last week, knocking on the Cal Poly door at least four times without scoring. The tie may have been an expensive one for the Lumberjacks, since fullback star Ken Dunaway injured his ankle, perhaps seriously enough to keep him out of Saturday night's tilt.

Rivalry in the game, always high when Chico meets Humboldt will be intensified this time, because both teams are opening their conference schedule. This will be the "rubber game" of Humboldt's games with Chico since the war. Each team has one win and two ties have been racked up in the last four years.

Last year, the Lumberjacks battled Chico to a 0-0 tie at Chico. The largest point spread in the war history of the series has been Chico's seven point victory in 1948.

Probable starting lineup for the Lumberjacks will be; Ray Lorenzen, right end; Dave Dana, right tackle; Alme Allen, right guard; Caesar Fiamma, center; Bob Syvertson, left guard; Chuck Martzall, left tackle; Bob Matthews, left end; Wally Landis, quarterback; Ken Gipson, right half; Les Ivancich, left half; and either Ken Dunaway or Denny Kinser, fullback.

FROSH ORIENTATION

There will be a Freshman orientation and meeting 10:30 Wednesday at CES auditorium. All freshman are requested to attend. ROLL CALL WILL BE TAKEN.

PARKING NOTICE

Dr. Burton Henry, dean of men, announced recently that there will be no parking in front of the stairway leading to the radio studio. Violators will be subject to fines.

away, and, although she admits that she is not good swimming, she does have a large collection of sea shells.

Nelson Hall freshmen Pat Lee, from Fortuna, and Joyce Flynton, from Laytonville want to return to the Islands with Miss Sakai when she goes home after finishing her two-year pre-professional course at Humboldt.

THE HUMBOLDT LUMBERJACK WEDNESDAY, OCTOBER 4, 1950

Humboldt Stopped At Goal; Staters Tie Cal Poly 13-13

By SWEDE JENSEN

Before a large, enthusiastic throng, the Humboldt State College Lumberjacks opened their 1950 grid season with a well deserved 13-13 tie with the Broncos of Cal Poly in Albee Stadium.

Outplaying the Broncos throughout most of the game, H. S. C. scored twice in the first half to take an early lead.

The Lumberjacks scored first in the second quarter on a pass from Felure to Kinser. A well executed play, Kinser delayed a second behind the line of scrimmage and then raced into the end-zone where he stood all alone waiting for the pass from Felure.

Felure kicked the extra point and H. S. C. led 7-0.

LANDIS SCORES TD.
Again in the second quarter Captain Wally Landis picked off a Bronco pass and raced some 30 yards for the second Lumberjack score.

Felure missed the extra point and H. S. C. led 13-0.

BRONCO'S COME ALIVE

Late in the second quarter the Broncos, ripping through the right side of the Lumberjack line, drove into H. S. C. territory. They took to the air to score their first TD., but the conversion attempt was blocked, and H. S. C. led at half time 13-6.

The Bronco's came right back after the intermission to put together another drive, and on a beautiful pass and running play scored the tying TD., and kicked

the extra point to notch the score at 13-13.

Pass interceptions and fumbles ruined scoring opportunities for both teams. H. S. C. had several chances to win the game, but after driving down field were unable to score the touchdowns.

Kid Dunaway proved to be the big offensive star of the afternoon. Time after time he ground out spectacular gains, and two occasions almost broke away for pay dirt. Just as spectacular was the passing and running of Felure, Kinser, Ivancich, and Landis.

Mighty Caesar Fiamma and Alme Allen, shining like two stars in a night sky, played nearly 60 minutes of tremendous ball in the line. George Eue, a transfer from Oceanside J. C. played a great game of defensive ball at the right tackle slot. Wurst, Cockrum, Syvertson, Martzall and Matthews all proved their worth against the heavier Cal Poly eleven.
