

# President Arthur Gist Retiring

**HUMBOLDT'S THIRD ADMINISTRATOR  
TO LEAVE AFTER 20 YEARS SERVICE**

"Few people contribute more to humanity than those who lay the foundations for institutions which serve the welfare of future generations. It is not what we do to improve our own lives that builds a civilization so much as it is what we do for posterity. All honor, therefore, to the splendid men and women who worked energetically and unselfishly for the establishment of Humboldt. Let us not forget them. Let us justify the confidence which they have placed in us to carry on what they so wisely started". This quotation was taken from President Gist's address on Founder's Day, April 6, 1934. The philosophy expressed is one that President Gist has truly lived by in his twenty years of administration. In 1930 HSC had 324 students; today it has 760. In 1930 HSC had 24 faculty members; today it has 48. The college has increased in acreage from 58 acres to 78 acres. Jenkins Hall is ready for occupancy. Construction on the new library will begin in the fall. A new science building is being planned. The man who has played an important part in this growth is President Arthur Gist.

Humboldt's third president, Arthur Stanley Gist, already a California educator, was appointed president of the college on July 1, 1930. His unusually fine qualities as a leader and administrator made him well fitted for the position as head of a teacher-training institution.

President Gist is an Iowan by birth and early education. His father was a minister in the Congregational Church, and a faculty member of Iowa State College for many years. His mother has received various scholastic honors, including an honorary doctor's degree conferred by MacMurray College.

President Gist received his bachelor's degree at Iowa State Teacher's College, and his master's degree at the University of Washington. He has served as an elementary school teacher, and has held administrative posts in the Seattle and Oakland elementary schools. He is the author of a number of education books and has edited five yearbooks of the NEA Department of Elementary School Principals.

President Gist, in his belief in a high degree of democracy and freedom, instituted the practice of rotating chairmanships of departments, the free expression of ideas from the faculty, and the making of policies and rules by members of the teaching staff. He encouraged from the beginning of his administration the pursuit of the doctorate, broad community contacts and service, as well as recreation and travel. It has been his policy from the first to promote

attendance and participation in professional conferences, exchanges of instructorships with other colleges, and the stimulation of professional improvement through reading and study.

During the first fall term of President Gist's administration, the Northern California Guidance Association was formed largely through his efforts. He also took a keen interest in cultural aspects of Humboldt County, and became one of the organizers of the Community Concert Association. Later, he served as president of the Association.

President Gist encouraged students to achieve a reputation for thorough work and to learn a greater appreciation for the best in life. In the spring of 1933 President and Mrs. Gist announced an award to be given to the piece of creative writing which was judged the best. The award was made the first time at commencement, and each year since then it has served as a source of stimulation for Humboldt's English classes.

Humboldt State College is greatly indebted to President Gist for his twenty years of contribution to its growth and welfare. We offer him our sincere thanks.

## New Housing Plan For Fall Semester

A new system governing off campus housing for Humboldt State students will be started for the fall semester, according to Miss Kate Buchanan, Dean of Women at Humboldt State College.

It will be appreciated if those intending to rent to students next fall will notify the office early in the summer, as many requests are received for off-campus housing. The college will send a housing representative to confer with the householder regarding regulations applying to off-campus residents.

## Rickey Attends PSPA Convention

Merwyn Rickey, student body president attended the 25th annual convention of the Pacific Student Presidents' Association which was held May 24, 25, and 26 in the Yosemite National Park.

The student leaders took part in discussing problems of student government with campus leaders from 11 western states, British Columbia, Hawaii, Alaska, and Mexico.

General topic of the meeting this year was "The role of Student Government in Democracy." Governor Warren was present to welcome the delegates.

## Sempervirens To Berkeley Dump!

The staff of the Sempervirens 1950, announced that due to circumstances beyond the control of either staff, printers, or engravers, the Sempervirens 1950, will be several days late.

Over one half of all engravings for the 1950 book have ended up burned and discarded at the Berkeley City Dump due to an error on the part of the junk man. The box of Sempervirens engravings was near a shipment destined for the scrap-pile. The junk man took the box along with the shipment by mistake!

This is about four months of engraving work that cannot be replaced in a matter of days. Therefore, the staff of the year book will mail all copies of the Sempervirens 1950 directly to all subscribers from the printing plant, approximately a week and half after school is out.

Notices have been placed in all student mail boxes, so that the staff can collect the necessary correct addresses. Subscribers will be notified as to how much they still owe, if any, and the money will be payable to the Student Body Office.

## H.S.C. ART STUDENTS TO ENTER CONTEST AT STATE FAIR

Art student of Humboldt State are planning to enter the California Fair Student Art Contest July 17, 1950. According to Melvin Schuler, Humboldt art instructor, members of both the advanced and beginning classes are preparing entries.

Subject matter must be based on the history and romance of California. In this centennial year of California's statehood this regulation will include the celebration of the lives of our people, their culture and their heritage. Students must meet the minimum full-time requirements of this college, and will compete in the college competitions at the level in which they are eligible.

The classes in both freshman-sophomore and junior-senior divisions will be in oils, watercolors, pastels, tempa, gouache and black and white media. Most of

## RETIRING PRESIDENT GIST HONORED AT FINAL ASSEMBLY OF YEAR IN CES

Humboldt State college students and faculty paid a final farewell to retiring President Arthur S. Gist, at an assembly held in the CES auditorium last Friday.

Feature event of the program was the showing of movies made during the school years of 1936, 37 and 38. The movies were scenes of school activities and football games during the three year period.

Speakers on the farewell program included Dick West, master

## HUMBOLDT LUMBERJACK

Wednesday, May 31, 1950

## INDUSTRIAL ARTS BUILDING IS NAMED "JENKINS HALL"

Speakers at the Jenkins Hall Dedication were Mayor Allen M. Ham, President Arthur S. Gist, "Pop" Jenkins, Homer Harlan, Harrie Wolverton.

At 2 p. m. last Wednesday, Jenkins Hall, the newly-completed 210,000 dollar Humboldt State industrial arts building, was dedicated in honor of Horace Jenkins, professor of industrial arts.

The dedication of the building marks the culmination of a thirty five year old dream. Professor Jenkins came to HSC when it was still the Normal School and was located where Hammond's Lumber Company is now. He has held classes and conducted shopwork in temporary buildings for thirty-five years.

The student sponsored dedication showed in a stirring way the respect and admiration that is felt by the student body for the innumerable contributions "Pop" Jenkins has made both to the school and to the community.

The program of the dedication The study of the influence of earth's surfaces upon life is the ample definition I find for geography. H. S. Canby.

Learning without thought it is labor lost; thought without learning is the death of the mind. Confucius.

Humboldt's entries will be in watercolors.

All award winners will be placed on exhibit at the fair, and scholarships from \$60 to \$125 will be awarded to first, second and third place winners.

consisted of two selections by the Humboldt State A Cappella Choir, under the direction of Leland Barlow, two addresses of thanks and appreciation by student speakers Harrie E. Wolverton and Homer Harlan, a review of "Pop" Jenkins' active interest in civic and youth affairs through the years, by Mayor Allen M. Ham. President Arthur S. Gist, gave an explanation of why the Alumni originally asked that the building be named Jenkins Hall.

We of the LUMBERJACK staff, representing the feelings of all the student body, wish to add to the already impressive list of congratulations and thanks to you, "Pop", for your thirty-five years of unselfish service and counsel to the student-body of Humboldt State College.

## Arrangements Made To Mail Grades

Students wishing to receive copies of their academic record at the close of the current semester must leave a stamped, self-addressed envelope in the office of the Registrar. Photostatic copies will not be made up unless the envelope has been left for mailing. In past years photostatic copies of all students grades were made; many were never called for. This practice caused an extra expense to the school and much extra work for those people who were helping to put out the grades.

Faculty members indicate a willingness to adopt the policy recommended in the LUMBERJACK editorial suggesting that students leave a self-addressed postcard with each instructor in order that they may be able to get their grades sooner. It is suggested that students check with their instructors to find out if this method will be agreeable to them. The postcards should have the name of the course on it and a space provided for the course grade. Cards should be turned in with the students' final paper.

## Dr. Graves Gives 'Grass Roots' Plan

An article entitled "Secondary Teacher Education, A 'Grass-roots' Plan," by Dr. Albert Graves, professor of secondary education at Humboldt, appeared in the April, 1950, issue of the "California Journal of Secondary Education."

The article described the program at HSC for educating prospective high school teachers.

## Council Plans For 1950-51

By EMILY WHALEN

The Coordinating Council feels that there should be more overall planning of the social calendar. As it is, too many activities are crowded together resulting in poor attendance. The Council feels that, with a planned program comprised of fewer but better activities, the attendance and quality would be better, and also that there would not be a lowering of grades due to attending these functions.

The Council would appreciate knowing the reactions of the various organizations to this suggestion. Why couldn't several clubs collaborate on some activities? Why couldn't some spring function be moved to the fall and ease the burden at finals time? Could the Faculty Show, perhaps, be held in the Fall?

With the coming year, the council would like to help plan and integrate such a program. Student chairmen, think about this problem and let's plan a balanced social calendar for 1950-51.

You pass through the revolving door and are met by one of the armed guards who hastily scans faces and official passes as streams of diplomats clutching briefcases and office girls greeting each other enter.

## Home Ec Club Goes To Whalens

The old and new officers of the Humboldt State College Home Economics Club met at the home of Emily Whalen in Eureka on Thursday evening, May 18.

Officers are Emily Whalen, president; Betty Tyler, secretary; Alice Crane, treasurer. Officers for the coming year are Betty Tyler, president; Pat McKinnon, vice-president; Wanda Bartoli, secretary; and Louise Saatjean, treasurer.

Mrs. Gayle Merklin, assistant professor of home economics, adviser to the club, was present at the meeting.

## HSC Employees Have Salmon Feed

A "Salmon Bake" was featured at the Humboldt State College Employee's Picnic, Potlatch and Pow Wow last Sunday afternoon, May 21, at Warren Creek, where 85 picnickers consumed 49 pounds of salmon.

The fish (eight of them) were baked Indian-style by Bill Lanphere, who was in charge of the cooking at last year's "Salmon Bake". The remainder of the menu included roasted supps, salad, coffee, milk, buns, cokes, and ice cream.

## C. S. T. A. Honors Pres. and Mrs. Gist

The C.S.T.A. sponsored a luncheon on Thursday, May 25, in the College Elementary School dining room to honor President and Mrs. Gist.

Luncheon was served to approximately 50 members of the C.S.T.A. and after the diners finished their meal, Doris Westberg presented President Gist with a book of testimonial letters from representatives of each of the classes at Humboldt State College for the past twenty years.

## Choir Commended After State Tour

Dr. Balabanis recently received a very cordial and appreciative letter from Carol Purdie, Chairman Extra Curricular Activities, at California College of Arts and Crafts, regarding the appearances of the Humboldt State Choir at that school. Purdie's letter was filled with such remarks as "Excellent Singing" and "Superb Performances". Good work choir and Mr. Barlow.

I fear to commit the error . . . tediousness. John Lyly

## "17 to 1"

Signs in the halls bearing the numbers "17" and "1" have aroused many questions this past week. Guesses as to just what "17" to "1" is, range from a drama Club production to a "last-of-school dance". It is neither; "17 to 1" is the ratio here at Humboldt State that governs the size of our faculty. That is, for every 17 new full-time students (a student taking 15 units or more) we are entitled to one more new professor.

This year, we had money enough in our college budget to pay the salary of one more professor, but because we did not have enough students to fulfill the ratio, we did not get the professor. This then, is the situation; if we increase the ratio, we increase our faculty and we also increase our chances for more facilities on the campus in the form of new buildings, newer and better equipment, and better housing. Improvements in our college will naturally tend to draw more and more students also and this brings us back to our goal.

There is a definite need for more instructors and professors here at H.S.C. There is a definite need for more instructors and professors here at H.S.C. If we have a larger faculty, we will have more diversified courses and more and better departments. We now have a new Industrial Arts building which could accommodate at least two more instructors. Work will begin soon on a new library and a new science building, and these improvements will make possible the expansion of our program and our faculty.

To bring in new students a recruitment campaign is now underway. This campaign is based upon the idea of each present student becoming an "ambassador" this summer to interest possible new students in Humboldt State College. Several plans have already been set up for doing this; (1) talking to high school graduates this summer in your own home town, and telling them just exactly what H. S. C. has to offer and (2) a staff will be set up here in the college to write letters to interested students and to interest students.

Below are a number of talking points in the recruitment campaign; answers to questions you will be asked this summer about Humboldt State. Study this list and then let's all get to work and improve our college and our educational opportunities by each bringing back a new student to school here in the fall.

### HUMBOLDT STATE COLLEGE STUDENT RECRUITMENT PROGRAM

1. WHO ARE ELIGIBLE?
  - a. Any high school graduate (No foreign language required).
  - b. Any veteran even though he has never attended high school. Some of these men are succeeding wonderfully here.
  - c. Any person over 21 even though he has never gone to high school. Again some of these have done well at H. S. C.
2. FEES
  - a. There is NO OUT OF STATE fee at HSC.
  - b. Tuition and Books cost \$30.00 to \$40.00 per semester.
  - c. Veterans and some students may spend as much as \$50.00 per semester.
3. HOUSING
  - a. GIRLS — Nelson Hall \$75.00 per semester.
  - b. MEN — Redwood Hall \$60.00 per semester.
  - c. Apartments — vary in cost according to number of students living together.
4. MEALS
 

These vary from \$1.50 to \$2.00 per day depending upon the person's appetite.

Those students cooking their own meals in apartments do live cheaper in some cases.
5. TOTAL COST PER YEAR FOR BOARDING STUDENT
 

This ranges from \$700.00 to \$1,000.00 per student depending upon his wealth.

This includes food, laundry, books, club dues, social program, etc.
6. OPPORTUNITIES FOR WORK
 

A large number of students work part-time to help defray their expenses.

It is wise to come early if one wishes to get a job.
7. SPECIAL ADVANTAGES OF A SMALL COLLEGE
  - a. Student Activities — there is unlimited opportunity for a new student to participate in plays, musical programs, athletics, clubs, school newspaper, etc.
  - b. Faculty Contacts — each student has ample opportunity to become well acquainted with the members of the faculty. Most classes are small in size.
  - c. H. S. C. is on the same level of education as the other 10 state colleges, ex. San Jose, San Francisco, Fresno, San Diego, etc.
  - d. H. S. C. is proud of its friendliness and its democratic spirit.
  - e. H. S. C. is relatively inexpensive when it comes to recreation and social life.
  - f. H. S. C. is "in the heart of the Redwoods" which offer unlimited outdoor recreation.

CAUTION: Please do not promise anything more than we really have to offer a new student.

## A LETTER TO THE EDITOR

Norman Disher has written a reply to the last issue's editorial "Library Books". Due to the length of his letter and the lack of space in this issue of the LUMBERJACK, Disher's letter has been posted on the bulletin board in the main hall. We suggest everyone read this letter.

## Who's "Sleepwalking"?

I'm afraid that the greater part of the difficulty in finding social activities in various college organizations lies in the lack of interest and initiative on the part of most of the reporters who are supposed to be covering the activities. How is it possible for anyone to say that only two clubs are holding meetings in the open, etc. On the daily bulletins, and on posters all over school, Mu Epsilon Psi meetings and concerts have been advertised. Can it be that people are always sleep-walking at the times when our activities are being advertised.

"This semester, (Mr. Crane went on to relate the different school programs that Mu Epsilon Psi sponsored during the semester which all of us have heard of and HAVE been covered by the Lumberjack).

"You have had three slips in your box during the year which were put in all boxes advertising for the club. It's true that we could have given you more information directly, but when the most public announcements aren't enough to even be noticed by the reporters, we doubt their interest in getting the news. It was the personal interest that Coblenz showed by asking for more details on things he had seen advertised that got him several stories from me. What kind of a reporter sits back in a little office and begs for people to come to him and tell him what's going on?

Signed: Bill Crane, Pres. Mu Epsilon Psi

My Dear Mr. Crane:

I want to thank you very much for a reply to the editorial in the last issue of the LUMBERJACK. Despite your display of ignorance as to newspaper procedure (Over eighty-five percent of all social news and club meetings ap-

## Wildlife, Fisheries Students Placed

A survey of the Humboldt State Wildlifers and Fisheries students found the men working in several states and Alaska. Placement of them is facilitated by Dr. Fred Glover, assistant professor of biological sciences, and John DeWitt, assistant professor of biological sciences.

Ken Sadler, a wildlifer and graduating senior, has obtained a permanent position in his home state with the Missouri State Game Commission. He will deal with cover restoration and demonstration plantings.

Walt Weaver, a wildlifer and graduating senior, has obtained a permanent position in his home state with the Tennessee Division of Game and Fish.

Lee Mongold has a summer job with the division of fisheries in Kodiak, Alaska.

Rowland Desrosiers is at Cold Bay, Alaska, with the U. S. Fish and Wildlife Service.

Walt Landgrebe, Gordo Millar, and Joe Mullis are going to work for the U. S. Forest Service in Six Rivers National Forest.

Ed Hamacker is going back to his job in Sequoia National Park.

Gene Kaufman, Morris Anderson, and Don Beauchamp have summer positions with the Department of Fish and Game constructing gallianaceous guzzlers for quail.

Ken Teberg is returning to his job in Yosemite.

Joe Verret will work for the California State Fish and Game as a student biologist in Red Bluff, Calif.

Bob Thompson, Wes Fleming, Jack Spruill, Jim Richards, Rae Baxter, and Bud Reincher will work with the Fish and Game at Madeline Plains, Calif.

Earl Lauppe and Bert Collins will work with the Fish and Game at Honey Lake, Calif.

John Reed has a job with the Kern hatchery in Kern County California.

Jim Yoakum and Bryan Trunnell will return to their jobs with the U. S. Forest Service at King City, Calif.

Cliff Middleton is going back to work with the Idaho Fish and Game.

Verne King has a position with the Fish and Game at the Tahoe hatchery.

John Le Donne will be with the U. S. Fish and Wildlife Service at Tule Lake National Wildlife Refuge.

Virgil Mullis will take care of the Humboldt State Pheasant pens and be in charge of distribution and release.

pearing in daily newspapers is contributed by the people involved and in many cases paid for) I must commend you for at least having the energy to reply, which is more than I can say for any of the other organizations. Possibly our original request and my editorial on the lack of replies to that request were not clearly interpreted. Our original aims were to encourage student body participation in the publishing of YOUR LUMBERJACK and possibly generate a little interest in school clubs by letting the rest of the student body in on the more personal happenings at the club meetings.

I am trying not to degenerate to the trite process of name calling which you did but as to the remark about "sitting back in a little office" I can't help wonderin gwich is worse that of sitting back and waiting for news after it has been requested or like yourself sitting back and refusing to reply to that request.

Thanks again Mr. Crain for coming out of your "sleep-walking" long enough to write us.

## Eureka Swim Party Draws 104 Students Faculty, Friends

Approximately 104 students from the college and their friends attended the swimming party at the Eureka High Plunge last Wednesday night. Lifeguards for the evening were Mel Klein and George Wildridge. The party was sponsored by the Rally Committee.

## HSC Alumni Tea To Honor Gists

A tea in honor of President and Mrs. Gist is to be given Sunday, June 4, by the HSC Alumni Association in the College Social Unit. All friends of President and Mrs. Gist are invited to attend.

## JIM YOAKUM NEW C. U. PREXY

Conservation Unlimited officers were chosen last week for the fall semester. Jim Yoakum was elected president replacing Virgil Mullis; Ned Dallahide, vice-president; Ken Teberg, recording secretary; Don Nead, corresponding secretary; Rowland Desrosiers, treasurer; Virgil Mullis, Historian; Walt Langrebe, sergeant-at-arms.

Following the election, Jim Yoakum presented his plans for club activities for next semester.

## Article By Schuler Published In S. F.

"Theme of An Artist," an article on Melvin A. Schuler, Jr., assistant professor of art at Humboldt State College, appears in the May, 1950, issue of "The Trumpeteer," a bay area magazine devoted to the arts.

Accompanying the article are pictures of two of Schuler's paintings, one of a Humboldt County scene and one of a Sutter County scene.

Socrates. I mean an intelligent word graven in the soul of the learner, which can defend itself, and knows when to speak and when to be silent.

Phaedrus. You mean the living word of knowledge which has a soul, and which the written word is properly no more than an image?

Socrates. Yes, of course that is what I mean. — Plato.

## Lettermen Form Block H Society

Formed to enable more athletes to participate in school activities, the Humboldt State Block H society has become the latest member of Humboldt State's growing list of clubs.

Wally Landis, popular football fullback, was elected as the first president of the newly organized club. Monthly meetings are planned for next year, the first full year of operations for the infant organization.

First activity of the society was to handle the gate during the all-college picnic. A schedule was set up, and gate-watchers relieved periodically, so that an efficient job was done, while the members still enjoyed themselves.

Members of the club voted Fred Telonicher, assistant professor of science, as their advisor. Telonicher is also Humboldt's faculty representative to the Far Western Conference.

Other officers elected by the club include, veep Caesar Fiamma, secretary Dick "Little Fella" Oliver, treasurer Jerry Schroeder, program chairman Joe Oppenheimer.

That book is good in vain which the reader throws away. Samuel Johnson.

## Fisheries Students Do Rescue Work On Mad River

The fisheries students of Humboldt State College, under the direction of John DeWitt, assistant professor of biological sciences, have rescued over 600 young salmon and steelhead from pot holes that are drying up along Mad River.

The fish ranged from two to nine inches in length and were captured by use of seines and nets. They were then transported to the main river and released.

In the early summer months the water recedes rapidly and the young fish become trapped in the down stream migration to the ocean, when they rest in the shallow areas and pools. These then become isolated from the main river by the dropping water level.

Unless these fish are rescued in some way they fall prey to such predators as snakes, raccoons, cats, herons, and others or will die when the isolated area dries up completely.

Fish rescue work such as this is one of the important phases of management where migratory fish are concerned. This work is not limited to technical groups and should be encouraged in sportsmen's organizations and clubs to increase the fish in our streams and rivers.

## Library Offers

Unknown to many students is the fact that in the HSC library are complete copies of the works of Beethoven, Bach, and Brahms. These books, which are very costly, may be borrowed from the library, according to the librarian.

## Fifty Six Letters Awarded During 49-50 School Year

Fifty-six letters were awarded to Humboldt State college athletes for three major sports during the school year 1949-50, according to the Humboldt State student body comptrollers office.

Football naturally led all sports in number of letters issued. Thirty one emblems were issued in the pigskin sport, while baseball players gathered fourteen, and basketballers eleven.

Cloutin' Kenny Dunaway, star Humboldt footballer, basketballer and baseballer, led the parade with a perfect record, three letters in three attempts. Dunaway was the only three letter winner for the year, although many won two letters.

The complete list of winners for the 1949-50 school year:

Football — Ralph Goldsmith, Dennis Kinser, Lewis Manville, Eddie Oliveira, Kenny Dunaway, Dwayne Wright, Bob Matthews, Gene Goselin, Les Ivancich, Wally Landis, Bernie Bisnar, Johnny Adams, Roland Lampella, Milt Warren, Jack Stoops, Bob Bell, Jerry Schroeder, Caesar Fiamma, Bill McKenzie, Alme Allen, LeRoy Cochrum, Walt Greene, Rich Harris, Chuck Martzall, Mel Klein, Tom Seufert, Ric Warner, Dick Lawitzke, Alton Ellison, Tom Viracola, and manager Tom Laughran.

In basketball, Kenny Dunaway, Caesar Fiamma, Ron Fredricks, Bill Goetz, Mel Klein, John Klingenspor, Bob Marsh, Ed Oliveria, Dick Oliver, Ric Warner, and George Wildridge.

Baseball letter winners were: Bill Bailey, Dave Dana, Allen Davis, Kenny Dunaway, Gene Kauffman, Wally Maciel, Dick Oliver, Cliff Prelow, Bob Richmond, Dale Sorenson, Bob Thompson, Russ Vatsdal, Jerry Zattola, and Manager George Wildridge.

## Education Majors Offered Positions

Harry Griffith, associate professor of Education, has released a list of the teaching positions offered to this spring's graduating seniors in the education field: They are as follows:

Francis Brizard: kindergarten at Fairfield.  
Ada Bartlett: kindergarten at Rohnerville.  
George Cornwell: School dist. B grades 1-8 at Fall River Mills.  
Clyde Johnston: Principalship at Freshwater (and grades 5 and 6)  
William B. Martin: Fairfield Elementary School.  
Douglas Nitsch: Cutten School.  
Dorothy Simmons: Stockton City School.

HUMBOLDT LUMBERJACK

# SPORTS

## IT SAYS HERE

..... in fine print

By CRAIG STARK, Lumberjack Sports Editor

This, the final issue of the Humboldt State Lumberjack, means more than just the closing of another school year.

For with graduation night, more than just the passing of two semesters will be written into the record books. This marks the passing of a number of seniors, some of them very good athletes. It also is the end of President Arthur S. Gist's twenty year term as president of Humboldt State College.

Both of these endings will mean a loss to Humboldt State college athletics. Gist, through twenty years a friend to Humboldt State athletics, and the Humboldt State senior athletes, many of them mainstays of HSC athletic teams for the past four years.

Throughout most of the 1949 football season, President Gist's black overcoat was a familiar sight, standing in the background in the Redwood Bowl, seated in the empty stands, or watching the day's practice from high atop the rim of the bowl. During the middle of the season, Gist was watching practice over the warnings of his doctor.

He insisted on attending many football games, despite another warning by his doctor. Although he knew that his physical condition was such that he should rest, President Gist still maintained the active interest in sports that he always had, even though the team was losing games, and had lost some of its fair weather supporters.

When President Gist was struck by a severe heart attack, he was prevented from following his team's activities only by strict orders.

Hoping to help both Gist and themselves, the Humboldt State football team dedicated a game to him. It was the San Francisco State game, and the Lumberjacks played one of their best games of the season. San Francisco won, 26 to 20, in a thriller which saw Humboldt on the march in the closing minutes of the game.

Humboldt couldn't win the game for Gist, but the Lumberjacks never came closer without turning the trick. All this in superfluous. The main fact is that President Arthur S. Gist, who has seen Humboldt football grow from nothing to the 1947 powerhouse in his tenure at Humboldt, is leaving.

Humboldt State's seniors know, far better than any sportswriter can word it, how good a friend Gist has been to athletics. The only thing we can add is—we hope the next president is as friendly to athletics as President Gist has been.

Few of Humboldt's athletes from 1949-50 are seniors but those members of the senior class who were active in athletics last year, made such an impression that they will be sorely missed in next year's games.

In football, for instance, Tom Viracola was all conference tackle for the third successive year. Dick Lawitzke played a terrific game at center. Tom Seufert was probably Humboldt's toughest lineman, playing almost 60 minute ball in many games. Ralph Goldsmith played football for the first time in college last year, and made up for his lack of stature with speed and spirit. Mel Klein's pass snaring accounted for many gains during the season.

In basketball, John "Spider" Klingenspor added more nicknames to his already impressive string as he led a green team through a tough season. At various times he was called Spider, Pop, Dad, Papa, and Iron Man. The last title he really earned. So completely did Spider dominate the guard spots that only three guards lettered, Spider and two guards for the other position. Mel Klein in his second year of basketball, came off the bench to star against Chico, and was valuable for relief work all season. Bob Marsh, the sharpshooting forward, led the Far Western Conference in scoring, while Ready Eddie Oliveira over came a series of injuries to star in late games. Although the baseball team was the most successful of any Humboldt team, from the won-lost stand point, it had the fewest seniors. Only Bill Bailey, Gene Kauffman and Wally Maciel depart via graduation, leaving a sizable number of returning veterans.

## Coffee Pots Missing

Two large coffee pots which belong to the Social Unit are missing! It is suggested that sponsors and organizations presidents check to see if their group has borrowed them and failed to return them.

A sentence should read as if its author, had he held a plough instead of a pen could have drawn a furrow deep and straight to the end. Thoreau.

## Lettermen Form Block H Society

Formed to enable more athletes to participate in school activities, the Humboldt State Block H society has become the latest member of Humboldt State's growing list of clubs.

Wally Landis, popular football fullback, was elected as the first president of the newly organized club. Monthly meetings are planned for next year, the first full year of operations for the infant organization.

First activity of the society was to handle the gate during the all-college picnic. A schedule was set up, and gate-watchers relieved periodically, so that an efficient job was done, while the members still enjoyed themselves.

Members of the club voted Fred Telonicher, assistant professor of science, as their advisor. Telonicher is also Humboldt's faculty representative to the Far Western Conference.

Other officers elected by the club include, veep Caesar Fiamma, secretary Dick "Little Fella" Oliver, treasurer Jerry Schroeder, program chairman Joe Oppenheimer.

That book is good in vain which the reader throws away. Samuel Johnson.

Outfielder Bill Bailey, and Shortstop Kenny Dunaway were named as captain and most valuable player recently, when Humboldt State baseball players voted for the honorary positions at their annual baseball banquet at the Big Four Inn.

## Fisheries Students Do Rescue Work On Mad River

The fisheries students of Humboldt State College, under the direction of John DeWitt, assistant professor of biological sciences, have rescued over 600 young salmon and steelhead from pot holes that are drying up along Mad River.

The fish ranged from two to nine inches in length and were captured by use of seines and nets. They were then transported to the main river and released.

In the early summer months the water recedes rapidly and the young fish become trapped in the down stream migration to the ocean, when they rest in the shallow areas and pools. These then become isolated from the main river by the dropping water level.

Unless these fish are rescued in some way they fall prey to such predators as snakes, raccoons, cats, herons, and others or will die when the isolated area dries up completely.

Fish rescue work such as this is one of the important phases of management where migratory fish are concerned. This work is not limited to technical groups and should be encouraged in sportsmen's organizations and clubs to increase the fish in our streams and rivers.
