

Season's Greetings

HUMBOLDT LUMBERJACK

WEDNESDAY, DEC. 13, 1950

"All My Sons" Here Jan. 4, 5, 6

Van Duzer Heads Technical Staff

John Van Duzer, assistant professor of speech and drama, is technical director of "All My Sons", a three-act play by Arthur Miller, which will be presented early in January by the Humboldt Players in the HSC auditorium.

Van Duzer supervises constructions and operations of all settings and has charge of all technical aspects of the production such as lighting and equipment. He is also the backstage efficiency engineer.

He has been the technical director for plays produced here for several years including "A Midsummer Night's Dream," "Arsenic and Old Lace," "The Adding Machine" and "The Man Who Came to Dinner." He is also known for his work with the Community Concert series.

SEVEN STUDENTS ASSIST

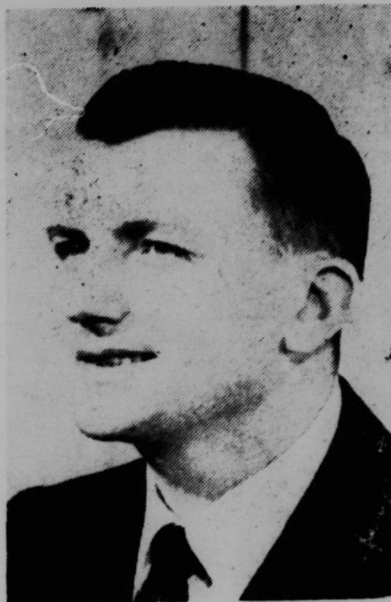

Students assisting Van Duzer in the set construction for "All My Sons" are Gordon Byers, Don Stevens, Carol Beck, Alfred Braun, Merwyn Rickey, Leslie Jones and Jean Masters.

Lenore Cady Designs SEMPERVIRENS Cover

The cover of the 1951 Sempervirens as designed by art editor Lenore Cady is one of the best ever received by S. K. Smith Co., according to the yearbook company representative Jim Mapes. Mrs. Cady also designed the opening, closing and end pages of the annual.

Art classes, under Melvin Schuler, created spot designs featuring campus buildings and scenery and places of interest throughout Humboldt County for use in the layout, which was done by Janice Bertolini, and which features an extremely modern approach.

Division pages are being handled by a committee: Virginia Anderson, Fidel Caliesh, John Grisham, Wayne McLean, and Laural Stebbins, under the direction of Lenore Cady.

KENT MERRILL

To portray Joe Keller, the central figure in the HSC play "All My Sons" is Kent Merrill, a sophomore majoring in Social Science and minoring in speech.

This is Merrill's first appearance on the stage although he is interested in drama and other extra-curricular activities, having been recently appointed head of the Coordinating Committee of Student Activities. He plans to enter law school upon completion of his work at Humboldt.

He is the son of Mr. and Mrs. Robert D. Merrill of Evanston, Illinois, and graduated from high school in Omaha. In 1942 he entered the U. S. Air Force, received his commission as second lieutenant and was assigned to duty as a fighter pilot. After his retirement from duty in January 1945, he represented the California Association of Employers in Fresno and San Raphael.

His wife is the former Barbara Bird, an HSC graduate.

GRAVES PARTICIPATES

Dr. Albert Graves, director of secondary education, participated recently as a panel member in a panel discussion held in the Fernald High School. The recent "school" issue of Life Magazine was the topic of discussion.

CAROL BECK

Carol Beck will be seen as Kate Keller, Joe Keller's faithful wife, in the college production of "All My Sons", which will be presented January 4, 5 and 6 in the college auditorium.

The daughter of Mr. and Mrs. Everett G. Beck of Hydesville, Miss Beck is a graduate of Fortuna High school. She is a junior majoring in speech drama with a minor in English.

Her stage career started when she was in grammar school where she took part in several operettas and school programs. At high school she acted in several three-act dramas as well as many one-act plays, among which were "The Barretts of Wimpole Street" and "Papa Is All". Her collegiate drama experiences include roles in "The Adding Machine", "Once Upon A Clothesline", "Arsenic and Old Lace", "A Midsummer Night's Dream", and "A Marriage Proposal".

As well as participating with the Humboldt Players, she is president of Nelson Hall, an active member of Alpha Psi Omega, the honorary dramatic society, on the Sempervirens staff, Stage and Studio, the drama publication, and is also a member of the California Student Teachers Association. She is the past president of the Women's Athletic Association.

JIM EDWARDS

The role of Chris Keller, the idealistic son of Joe Keller in the forthcoming HSC production "All My Sons", will be played by Jim Edwards, a junior. Edwards' first college drama appearance was in "Joan of Lorraine." He was also in the "Hilarities of 1948" and "The Man Who Came To Dinner." He had the lead part in "Candida" last year.

A graduate of Eureka High school, Edwards was active in dramatics, student body affairs, was a Junior Statesman, a member of the California Scholarship Federation and participated in debating.

He is majoring in economics and minoring in political science and French. He is working for a teaching credential and plans to do graduate work at Stanford University.

He is a member of the national college dramatic society, Alpha Psi Omega, Rho Sigma honor society, and the Business Careers club.

After his first year of college Edwards enlisted in the Army and served with the Second Infantry Division stationed at Fort Lewis, Washington. Released to inactive status in 1949, he is now serving reserve duty as a sergeant in the local national guard unit.

HSC Changes To Liberal Arts

A summary of the classification of enrollment on the basis of the students' objectives, that Mrs. Myrtle McKittrick, Registrar, has made, shows a trend to more liberal arts objective courses at Humboldt State College. In 1940, according to the figures of the summary, out of 426 students enrolled at HSC, 44% were taking credential courses for teaching and 10% were taking liberal arts courses. In 1950 out of 636 student enrolled, 34% are taking credential courses and 35% taking liberal arts courses. This change in percentages, Mrs. McKittrick said, is due to the fact that many new courses in liberal arts are now being offered.

DORMS TO CLOSE

Nelson and Redwood Halls will be closed during the Christmas holidays from December 16 to noon, January 1, according to W. Spurling, Housing manager.

Arthur Miller Play To Be Presented In Auditorium

Shepherd Directs

Arthur Miller's hit play a few seasons ago will be presented by the Humboldt Players, under the direction of Rod Shepherd, assistant professor of speech arts, Jan. 4, 5 and 6 in the HSC auditorium. The three-act play won the New York Critics' Circle Award as the best play of 1947.

The plot of the play concerns the fortunes of the Keller and Deever families. During the war Joe Keller and Herbert Deever ran a successful machine shop which manufactured airplane parts. Deever was sent to prison because the firm turned out defective parts which caused the death of many men. For his part Keller went free and amassed a small fortune. Later the younger Keller son is reported missing during the war. The love affair of Chris Keller and Ann Deever and the bitterness of George Deever who returns from the war to find his father imprisoned add to the complication.

STARS MERRILL, BECK, EDWARDS

Kent Merrill will be seen as Joe Keller, the manufacturer. Chris Keller, his son, will be portrayed by Jim Edwards. Pat Quackenbush will be Chris' fiancée, Ann Deever. The role of Kate, the mother, will be enacted by Carol Beck. Others in the cast include Bill Dunlap, Mary Ellen Rogers, Tom Turner, Coleman Bullis and Ann Loeb.

Alfred Braun, is a senior majoring in speech and drama, is the student director and John Van Duzer, assistant professor of speech and drama, is technical director.

Reserved seats for all performances may be obtained by telephoning Arcata 46-J on week days.

WHITCOMB ACCEPTS JUDGING POSITION FOR ANNUAL QUEEN

Jon Whitcomb, renowned painter of glamour girls and author of a column, "Jon Whitcomb's Parge", in the Cosmopolitan magazine, recently sent the Sempervirens staff a letter accepting their offer to judge the "Sempervirens Sweetheart" contest.

The letter, postmarked from Whitcomb's Darien, Conn. home, stated he would be "happy to act as judge" and "looked forward to receiving the photographs from which to make a choice."

The thirteen queen contestants are having their portraits made by the Redwood Studios in Arcata. Whitcomb will choose one to be queen; the remaining twelve will compose her court. The famous artist has also been asked to make a drawing of the girl he selects for queen. The picture and sketch will appear in the 1951 Sempervirens.

CSTA To Sponsor H.S.C. Teacher Education Panel Tonight in CE Auditorium

A panel discussion on the topic, "Teacher Education at Humboldt State College," will be held tonight at 7:30 in the College Elementary School Auditorium under the sponsorship of the HSC chapter of the California Student Teachers Association.

The panel will be comprised of HSC faculty members and former HSC students, who are now teaching. The faculty will be represented by Dr. Burton Henry, dean of men; Dr. Kasper Ingebritson, director of elementary education and principal of the CES; and Dr. Albert Graves, director of

secondary education.

Former HSC students will be represented on the panel by Charles Reid, Eureka High School biology instructor; Charles McDermid, CES eighth grade teacher; Leland Morrison, Loleta Elementary School teacher; Ward Melendy, general supervisor, Humboldt County Schools; and Mary Dawn Cunningham, Freshwater Elementary School teacher.

Vernon Whalen, HSC student, will act as moderator.

The public is invited. Refreshments will be served when the panel discussion is completed.

Faculty Art Show Closes Tomorrow

The annual faculty art exhibit in the HSC social unit closes tomorrow night at its evening showing from 7 to 9 p. m. The exhibit features the past year's work of Professors Reese Bullen and Melvin Schuler. Bullen's work uses many local subjects and are painted in watercolor. Schuler's paintings are mainly work completed last summer during his visit to Norway. Schuler's media are watercolor and opaque watercolor.

An examination of our population by age groups shows that two groups, the under-ten and over-sixty, have increased more than others during the past ten years.

Twice as much money is spent every year for tobacco products as is used to pay all the school teachers in the United States.

Wildlife Tribute

All too often outstanding work done by organizations is unrecognized at Humboldt State. We take this opportunity to bring well warranted credit to Conservation Unlimited for their fine achievements during Wildlife Week. The exhibits... assembly... banquet combined to open Humboldt's eyes to the strength and purposefulness of the entire program of the nation's conservation.

We heartily agree with Dr. Leonard Christensen, dean of students, when he stated, "The club member's loyalty and service to both the organization and to the school can only be rated as superior".

CONSERVATION PLEDGE: I give my pledge as an American to save and faithfully to defend from waste the natural resources of my country - its soil and minerals, its forests, waters and wildlife.

If the people of the United States and the rest of the world could work as hard to conserve HUMAN RESOURCES as Conservation Unlimited and similar groups do to conserve NATURAL RESOURCES, the world would not be in its present tragic condition.

 FROM: PRESIDENT'S OFFICE

A CHRISTMAS MESSAGE

At this Mid-Twentieth Century Christmas season mankind's hopes for "Peace on Earth, Good Will Toward Men" seems farther from realization than ever. For this reason alone, it behooves each of us to remember and to dwell upon the significance of Christmas.

The advent of Christ's birth brought to earth a new teaching, a new way of life, a new philosophy to live and, yes, to die by. Christmas signifies the spirit of the brotherhood of man and the dignity of the individual - the basis of our democratic form of government. Christmas stands for Christ and his teachings - the Sermon on the Mount, the Golden Rule, and the sacrifice on the Cross - pillars supporting the Christian Faith.

A more constant practice of the true Christmas spirit would help us all to follow the national motto "In God We Trust" instead of acting like the motto read "In The Dollar We Trust". Let us rejoice this Christmas season not so much for our material blessings as for the spiritual truths for which Christmas stands.

My personal best wishes to each student and college employee for a restful, thoughtful, and happy Christmas vacation!

Cornelius H. Siemens
 President

ON THE SHELVES

By VERNON WHALEN

THE OTHER FATHER

By Laura Z. Hobson

Written by the author of GENTLEMEN'S AGREEMENT, this novel explores the hidden relationship between a father and daughter. Although Andrew Dynes and his family are normal, good, decent people, there lies beneath the surface of their lives a darkness. This story reveals that darkness.

WORLD ENOUGH AND TIME

By Robert Penn Warren

Authored by the creator of the novel, ALL THE KING'S MEN, this is a story in which a young man falls in love with a woman he has never seen, a woman who has been betrayed by his benefactor and friend. The young man takes it upon himself to execute his lady's vengeance.

STANFORD SHORT STORIES

Edited by Wallace Stegner

Each year at Stanford University, Wallace Stegner, professor of English, who teaches creative writing, edits a collection of the best stories turned out by his students. This is the 1950 collection. There are eighteen stories in all, and all of them have been

published before in the "better" magazines.

THE OLD MAN OF THE MOUNTAIN

By Allan Seager

Here is the first collection of the short stories of Allan Seager, author of the novels EQUINOX and THE INHERITANCE. Eighteen in number, these stories are Mr. Seager's own favorites from among those he has written during the past fifteen years.

This collection won for its author, who teaches at the University of Michigan, the 1947 five thousand dollar first prize in the College Faculty Short Story Contest.

OUT OF THE EARTH

By Louis Bromfield

The name Louis Bromfield, more than likely, has a familiar ring to most novel readers, and the title of this work would indicate that Mr. Bromfield has produced another novel. But such is not the case. OUT OF THE EARTH is about the new agriculture and the incredible worlds which have opened up with the scientific discoveries of the past few years. This is a book, perhaps, that anyone interested in farming should investigate.

Ted Staffler Resigns As Head Football Coach

The resignation of Ted Staffler, head football coach at Humboldt State College, effective at the end of the spring semester, was announced last week by Dr. Cornelius H. Siemens, college president.

Dr. Siemens stated that Mr. Staffler had submitted a letter of resignation and that the position of head football coach would now be considered as being open.

"Beginning immediately, every effort will be made to obtain, as soon as possible, the appointment of a new football coach, so that plans for next year can be formulated in advance for the 1951 season," stated Dr. Siemens.

EXCHANGE STUDENT FROM GERMANY ATTENDS HUMBOLDT

Attending Humboldt State College now as a result of participation in the Farm Youth Exchange program is Hans Rubner, an 18-year-old German youth. Hans, a freshman, is one of the 150 boys and 40 girls who were brought to the United States through the exchange program sponsored by the National Grange.

He will be at HSC next semester. His year's program expires next July when he must go back to Europe, although he says he would rather complete his studies and settle down in California.

Commenting on his voyage across the Atlantic last summer, the tall, blond boy stated it took him nine days by boat in rough weather. He arrived in New York June 19. He traveled from Washington D. C. to Loomis, Calif., by Greyhound bus. In Loomis he attended Placer Junior College for a while. Transferred from the junior college, he is now living on the Fieldbrook ranch of Mr. and Mrs. Jess Luster, whose daughter, Carol, also is enrolled at HSC.

The care with which teachers treat students and "the attitude of the majority of the students to their studies" were listed by him as the things which impressed him most about Humboldt State.

Hans was born in Tetschen, Czechoslovakia. His parents are Mr. and Mrs. George Rubner. He has a sister.

Other young Germans who received the year of study in America are living in farm homes scattered throughout the country.

Business Careers Club To Discuss Stock Exchange

Such questions as, How do you play the stock market and make a fortune? What do you know about the operation of an organized security market? How does a brokerage firm function in channeling savings into the money market? What service does such a firm offer to the general public? are going to be answered by Mr. Thor Johnson of Dean Witter & Company, Investment Brokers and members of the San Francisco Stock Exchange at the meeting of the Business Careers Club, to be held Wednesday, December 13 at 8 p. m. in the HSC Social Unit.

All the students who are interested are urged by the club members to attend this meeting.

A person whose head is always in the clouds is usually all wet.

U. C. Prof Speaks On Deer Study In Tuolumne Co.

At the Wildlife assembly last Wednesday Dr. Starker Leopold spoke on the population dynamics of deer herds in Tuolumne County. His lecture was illustrated with lantern slides of maps, graphs and photographs showing deer movements, population fluctuations and general range and animal conditions.

His talk summarized a study which he conducted for three years starting in the fall of 1947. The purpose of his study was to determine the number of deer which the range could support and if the herd could be increased.

The methods used in the study to determine individual deer movements was trapping and tagging, sight records of these tagged animals, observations of migratory routes and hunter kill records. Pellet count analysis determined the density of deer on the range.

Siemens Addresses University Women

Dr. Cornelius H. Siemens, addressed the Humboldt County American Association of University Women at their regular meeting held at the Women's Club, in Eureka on Tuesday evening December 5. Master Development Plans for the Humboldt State College Campus was the general topic of Dr. Siemens address and slides of the various buildings were shown. The contemplated completion of the campus should be about 1960, Dr. Siemens stated.

Chemical analysis and utilization of food plants gave insight into the nutrition-deficiency problems of the deer herd.

The recommendation which Dr. Leopold made to the California division of Fish and Game were controlled burning of undesirable range to permit high-quality forage food plants to predominate, and to permit the taking of deer of both sexes to attain better utilization of the animals.

Master Plan Received By President's Office

A copy of the Master Development Plan which incorporates the latest ideas on the enlargement of the campus and the placement of the building was received recently by the President's office.

The new plan shows the hill behind Redwood Hall cut back to provide space for about four tennis courts. It also contemplates the acquisition of land bordered by 19th Street and Union Street, the one-half block lying south of Sequoia Street and north of Plaza Avenue, where additional dormitories will be built and the purchase of the block immediately south of the training school for an additional playground.

A mountain range is a cooking stove used at high altitudes.

Ski Club Holds Open House For Members

An open house was held by the Ski Club in the Social Unit of Nelson Hall Nov. 30 at 7:30 p. m., during which movies on skiing were shown and refreshments were served to prospective club members.

President Al Braud introduced the advisor, Dr. W. Lanphere, professor of biological science, who talked on the history of the ski lodge located on Berry Summit off highway 299. President Braud spoke about learning to ski, buying equipment and joining the club.

Membership fees are \$10 the first year and \$5 each year thereafter. This includes use of the lodge, initiation fees and use of the ski tow. New members will be taken in before Dec. 15 by Art Piercy, club member in charge of membership.

Anyone wishing to ski without joining the club may use the lodge for \$.50 per night and \$1.00 for use of the ski tow.

Jackson Elected President of CSTA

William F. Jackson, assistant professor of business administration at Humboldt State College, was elected president of the Redwood Empire Chapter of the California State Employee's Association. Jackson will be officially installed tonight at the Moose Hall in Eureka.

Other officers elected are Martha F. Hunt, Division of Highways vice-president; Alva J. Shailer, Board of Equalization, secretary-treasurer. Delegates to the State General Assembly are Charles W.

Home Ec Holds Cake Giveaway

Several cakes will be raffled by the Home Economics Club at the assembly held Dec. 13 in the HSC auditorium, announced Betty Tyler, president of the Home Ec Club.

Tickets are being sold by club members for 10 cents each or three for 25 cents. It is necessary to be present in order to win a cake.

Junior-Senior Pictures To Be Taken Soon

Mary Rowe, associate editor of the 1951 Sempervirens, has announced that individual appointments for junior-senior pictures for the annual will be given out following Christmas vacation. The pictures will be taken by Redwood Studios, Arcata, where a standard charge of \$2 will be payable upon arrival.

Student Council Holds Meet For Frosh Assembly

To show freshmen and new students how the student council functions, a demonstration meeting was conducted at an orientation assembly held recently in the CES auditorium with ten student council members, ASB president Merwyn Rickey and William Hickman, advisor, participating.

The special meeting was held

Crescent City Wins

Paced by Humboldt's old nemesis, Chuck De Autremont, the McNamara and Peeke team of Crescent City took a 47 to 38 victory over Humboldt to hand the Lumberjacks their first defeat of the year in the Humboldt gym December 1.

De Autremont racked up 14 points, as did the towering lumberman center, Bob Headrick, controlled both backboards throughout the game.

Coach Jack Whetstone used every man on his 15 man varsity squad in the game. Kenny Dunaway was high point man for Humboldt with 11 points.

"Campus Day" Planned For Hi School Seniors

Plans to hold an assembly early next semester, to sponsor a radio program, hold a "Campus Day" for high school seniors to visit the HSC campus and to produce a motion picture were discussed at a recent meeting of the Greater Humboldt Committee.

Jim Conner and Jack Sears are in charge of the committee's plan to broadcast a bi-weekly radio program through a Eureka station. They are making arrangements for and planning the programs. It is the Greater Humboldt group's plan to make local people "Humboldt State conscious" through this and other devices, according to committee chairman Pat Roscoe.

An assembly planned by Dr. Don Kahshner, associate professor of speech, will be presented to high schools in this area next semester. The assembly will be given for HSC students during February before it is taken on the road.

"CAMPUS DAY"

Local high schools have been sent questionnaires concerning the proposed "Campus Day" in which seniors will come to Humboldt State and participate in some college activities. High schools that have reported back have indicated they are willing to cooperate

on the stage. Regular council problems were discussed. Council members present for the meeting were Don Hosterman, Jerry Zattola, Martha Lynn, Donna Cole, Francis Stebbins, Doris Westberg, Donna Sherman, Carl Jensen, Roland Choate and Don Bouey. Charlotte Marks, editor, represented the Lumberjack.

Also discussed was the possibility of filming Humboldt State activities and campus scenes and making a motion picture which would be shown at local high schools and civic organizations.

HSC students who are interested in the work of the "Greater Humboldt committee are urged to attend the weekly Friday noon meetings in the social unit, the chairman announced.

HSC Meets Pasadena Thursday

Cagers Leave On Road Trip Friday Morning

Humboldt State college's hard working basketballers hit the highway for their 1950 road trip at 6 a. m. in the morning immediately following the Pasadena Nazarene college game, with at least six games in ten days scheduled for the barnstorming Lumberjacks.

IT SAYS HERE

In Fine Print

By Craig Stark

Lumberjack Sports Editor

Win, lose or draw, Humboldt State's varsity basketball team will be one of the most colorful, and certainly the youngest, squad to grace the green and gold for many a year.

Look over that varsity roster. Ken Dunaway is the ONLY man with over one year of varsity experience on the squad. There are other seniors, but last year was the first of basketball for some of them, and for others, this will be their first season.

Dick Oliver, a lightweight in high school, didn't bother to come out for varsity ball his first two years. Last year, he saw some action, enough to earn a letter. This season, the little fella will probably see a lot of action, despite his lack of height and experience.

There's a little experience floating around. Ric Warner and Caesar Fiamma saw a lot of action last year on the varsity, Ron Fredericks was used in enough sports to earn a letter and improve himself immensely.

And there you have the extent of the returning vets with experience. Others, such as Bob Allen, Bob Matthews, Wally Maciel, and Goony Neville, saw some action last season, but not enough to earn letters.

There are some promising newcomers, most of whom will stay on the frosh squad, but no one promises to be another Darrell

Feature event of the trip will be the Los Angeles State College tourney, from December 19 to 21. Humboldt will open the tourney in the feature 8:30 game against Warren. Conrad's Sacramento State team, stop seeded in the tournament. Sacramento State almost beat the University of California recently, only to lose in the final minutes.

First game for the Lumberjacks will be with Cal Poly of San Dimas in a Saturday night and Sunday afternoon series in San Dimas. On Monday afternoon, the Lumberjacks play the Clifton Cafeteria team of the National Industrial league. Other entries in the powerful AAU circuit include the Phillips 66 Oilers and the Oakland Blue NGold. John "Spider" Klingenspor, 1959-50 Humboldt guard, is a reserve guard with the Clifton Cafeteria team.

On Tuesday night, the Lumberjacks open tournament play against Sacramento State. The Lumberjacks will play again Wednesday win or lose. If the Humboldters lose both of its first two games, they'll watch the final game.

Whitter's Poets will provide the opposition for Humboldt on Friday night, while the Lumberjacks end their against Chapman college in Los Angeles on Saturday night and return home on Christmas Day.

Brown overnight. Bill Harshman, Bob Miranda, Doug Carter and Bob Lockhart appear to top the list as of now, but all need smoothing and experience to play top-flight college basketball.

With an almost total lack of experience prevailing, it would be extremely optimistic to expect an outstanding season. Nevertheless, these green and inexperienced players have come a long way already, and under Jack Whetstone's driving system of coaching, they will probably go a long ways more before the end of this season.

Leslie McCord, a former student at Humboldt State College is now starting his junior year at Cal Poly of San Luis Obispo.

Lumberjacks Meet Nazarene College In Season Opener

Humboldt State's basketballing Lumberjacks open their season against one of the toughest teams on their schedule tomorrow night, meeting Pasadena Nazarene college in the Humboldt gym at 8 o'clock.

Pasadena, rated one of the top teams in the LA area, already boasts a win over Pepperdine, perennial powerhouse, in early season play, and is rated the best small college team in the area.

For Humboldt this is the first collegiate test of a young and extremely unexpected team. Of the entire Lumberjacks varsity only one player has more than one year of college experience. Many of the rest have no experience, while a few saw little action and three played enough varsity ball to earn a letter.

In practice games thus far, the Lumberjacks have shown flashes of brilliance, but haven't been able to keep up their scoring very long.

Top scorers for the Lumberjacks in the season thus far have been Rod Fredricks and Kenny Dunaway, both scooters. Dunaway hit 25 points against Uptown while Fredricks netted 21 against the Alumni. Both have shown good consistency in hitting the hoop.

Caesar Fiamma, after a slow start due to a football injury, has rapidly advanced to his normal playing form. Against the Uptown Market, Fiamma hit his season's high of 17 points.

Other Lumberjacks to watch in their first 1950 college games will be guard Bob Miranda, giant center Ric Warner, scooter Dick Oliver.

Arcata Hi Stops Frosh Team For First Loss

Arcata high school's heavy-weight basketballers handed the Humboldt frosh their first defeat of the year in the preliminary to the McNamara and Peeke-varsity game, taking a 35 to 30 victory over the Lumberjacks.

The high schoolers took an early lead and were never headed, sparked by Al Deniz, who racked up 16 points, and Bob Allord, giant sophomore center. Doug Carter led for the freshies with eight points.

WAA Girls Squad To Play Volleyball Gam

Volleyball games are played by the WAA in the gym each Tuesday noon. Several games have been played against the boys' physical education class. The club also challenged and played the Arcata high school GAA with the girls coming out on top by a few points.

The WAA has been invited to play volleyball at the AHS gym and at Fortuna high school sometime during December. The next sport planned by the group will be field hockey - weather permitting. Another Co-Rec may be planned at the first of the year.

THE HUMBOLDT LUMBERJACK WEDNESDAY, DEC. 13, 1950

SPORTS

STATERS SMASH UPTOWN MARKET

Smashing a star-studded Uptown Market team with almost the aplomb of veterans, the Humboldt State basketball team ran up its highest score of the season December 5, racking up an 80 to 64 victory.

Among the marketeers were Eddie Oliveira, former Humboldt star, Bob Marsh, FWC leader last year for Humboldt, Ernie Cunningham, another ex Lumberjack, Carl Del Grande, Jim Carvell, former Idaho all-star, and many others, but the Lumberjack poured on the coal in the third quarter to win going away.

After piling up a lopsided advantage in the third quarter, Humboldt slowed the ball game down, and forced the Eurekans to foul to regain possession of the ball. The Lumberjacks piled up 20 points on free throws alone, with Ken Dunaway notching seven.

Dunaway led the scoring in the game with 25 points, high for the Humboldt season thus far, Ron Fredericks racked up 18, despite fouling out in the third quarter, and Caesar Fiamma netted 17.

Eddie Oliveira led the scoring for Uptown with 15 points, followed by Bob Marsh with 14 and Carl Del Grande with 14.

Teacher Placement Response High

Response to the recent call for registration in the placement office has been very good, with the result that more than half of the HSC credential candidates have obtained blanks, it has been announced by Dr. Milhous, director of teacher placement.

"Students should be reminded that calls for teachers will increase after the first of the year," Dr. Milhous stated. "Therefore, it would be to their advantage to obtain their registration materials before Dec. 15, so that they may be able to fill them out during the Christmas vacation."

Alme Allen, HSC football guard, was chosen All Far Western Conference guard on the second team.

Frosh Team Takes Win Over South Fork High

Taking their second victory of the year over South Fork high, Humboldt's frosh team decided a game Cub team 34 to 30 at Miranda on December 2. South Fork took an early lead in the game, holding a 20-17 halftime edge, but the Lumberjacks came back strong in the second half to win.

Bill Harshman, with 11 points, and Doug Carter, with 10, led the Humboldt scoring. Jim Knox led the high schoolers with eight points.

According to the 1950 census, the biggest gains in population have been made by west coast states.
