

LIBRARY, SCIENCE BUILDINGS PLANNED

Plans are now being drawn up for the new Library and Biological Science buildings which are to be constructed under the new master plan for Humboldt State College, according to Arthur Gist, president of H.S.C.

The Library which is to cost approximately 400,000 dollars is to have the latest equipment. Rooms to be included in the new building are a main reading room, a reserve book room, projection room, audio-visual room, library, catalogue and delivery room, and stacks to accommodate 90,000 volumes. The building is to be located where the present industrial arts classes are held. Plans are also being made to provide temporary quarters for the co-op, bookstore, and music rooms.

The Biological Science Building is to be located in the area east of the present industrial art buildings. The building will cost approximately 300,000 dollars. This building will contain a large lecture room, and labs to accommodate physics, botany, physiology, zoology, anatomy & physiology. Other rooms will be a herb-arium, a culture room, a media room, a green house, and various other utility rooms.

Book Prices Cut At HSC Bookstore

Drastic reductions in the prices of many books in the book store have been ordered, according to the student body office. All books which are displayed on the counter in the bookstore have been lowered in price. Some books have been cut in price from \$4.00 to \$1.00 per copy. These large reductions in price are being made because of an over stock of certain books.

MOTHER'S DAY TEA SLATED FOR MAY 6

The mothers of the students of Humboldt State will be feted at the Annual Mothers' Day Tea which will be held on May 6, from 2 until 4 p. m. in the social unit of Nelson Hall, when the Associated Women Students of the college present this annual affair.

"Spring Flowers" will be the theme of the event. A fashion show will be included in the program, featuring clothes made by the girls in the clothing class at the college.

Invitations have been sent to all mothers of HSC students.

June Pond is president of the Associated Women Students, and Jean Heise is general chairman of the Mothers' Day Tea. Committee chairmen are: Martha Lynn, decorations; Dorothy Campbell, refreshments; Carol Beck, publicity; Fay Felker, receptionist; and Dorothea Dunn, invitations.

Fraternities believe that if fraternity men go out for extra-curricular activities, they will be more well-rounded.

SAUNDERS IN O'NEILL PLAY; "ILE" TO BE GIVEN IN CES FRIDAY

Janie Saunders will appear in the role of Mrs. Keeney, the captain's wife, in "ILE", a one-act play by Eugene O'Neill, when it is presented in the CES Auditorium, Friday, 10 a. m., April 28.

Miss Saunders graduated from Monrovia High School in Arcadia, Calif., in 1946. Her parents are Mr. and Mrs. E. O. Saunders of Arcadia.

She is a senior and will graduate in June with an elementary credential, majoring in English and minoring in Speech. A member of Alpha Psi Omega, Miss Saunders has appeared in "The Man Who Came To Dinner", "Cyrano de Bergerac", "The Sound and the Fury", and, last Spring was the student director of "Ar-

HUMBOLDT LUMBERJACK

DREAM OF "POP" JENKINS REALIZED IN INDUSTRIAL ARTS BUILDING

HORACE "POP" JENKINS

By JIM CONNER

A thirty-five year old dream came true this week.

When Horace L. Jenkins, known to everyone as "Pop", came to Humboldt in the summer of 1915, the buildings we know as HSC did not exist. HSC was then the "State Normal" and was housed in "temporary" quarters where Hammond Lumber Co. is now located. When the college moved to its permanent location, Pop moved into the "temporary classrooms". Students took their classes in the "temporary classrooms". The college went through two world wars; the temporary quarters withstood them and Humboldt wind and rain and continued to look like temporary buildings, low and ugly against the main building.

But the word "temporary" retained its definition, for this week Jenkins Hall, the new industrial arts building, Pop's thirty-five year old dream, was completed.

The first building to be completed under the new master plan for the HSC campus, Pop's dream cost 210,000 dollars including

equipment. It will house classes in woodwork, metal work, drafting, crafts, and pottery. It is equipped with the most modern equipment and will be ready for use before the opening of summer school.

It is proper that this building be Pop's building. Long beloved by all his students, Pop had this to say:

"It's a combination of many years of hope and dreams. I wish to thank all my kind friends for the things they have done for me".

President Arthur Gist probably has the best answer to Pop's statement. He stated:

"Pop is one of the best and one of the most versatile industrial arts teachers I've seen. His work has always been carried on under serious handicaps. He has taught in temporary quarters, and until three years ago he always had inadequate equipment, yet the quality of this work has always been superior. Pop has always had the interests of the college and the students at heart".

The senior class will present a suitable plaque to the college which will record the dedication of the new building in honor of Pop Jenkins.

Statement by Homer P. Balabanis
The completion of the new industrial Arts Building marks the fulfillment of the hopes and aspirations of President Gist and "Pop" Jenkins and rewards their years of planning. All of us rejoice in this.

There is no one on the faculty who deserves greater recognition for outstanding service to the institution than Professor Horace Jenkins, affectionately known as "Pop". In spite of inadequate building facilities and primitive implements, he carried for over thirty years a varied and efficient program of industrial education which has accrued to the benefit not only of the hundreds of student-teachers trained under "Pop" but also of the thousands of children taught by these teachers in the public schools. It is fitting that the building be dedicated to the honor of Horace Jenkins.

Coming Events

- April 28 — Alpha Psi Omega Play "ILE".
- May 5 — "POPERA" (Civic Aud., Eureka).
- May 12 — Conservation Unlimited Clam Bake
- May 13 — Rhodendron Ball (Eureka Inn).
- May 15 — Spring Concert (Eureka Jr. High Aud.).
- May 17 — Work-Play Day.
- May 19- 20, 21 — "Accent on Youth" Spring Play.
- May 19 — Nelson Hall Formal.
- May 22 — Mu Epsilon Psi Recital (CES Aud.).

KHSC Building Ready In Fortnight

In approximately two weeks the new radio studio will be completed and KHSC will again be broadcasting.

The building consists of a main studio, a smaller studio, the master studio, combination lobby and interview studio, and a repair workshop downstairs.

Acoustic-tile is used for sound-proofing, glass panels are between all rooms; each is equipped with audition speakers.

Faculty Members Discuss Problems

Forty members of the HSC faculty met Wednesday, April 12, in the College Elementary School cafeteria to discuss problems concerning scholarship, instruction, and student needs.

A panel composed of Mrs. Myrtle McKittrick, Dr. William Lamphere, Miss Imogene Platt, Dr. Reginald White, and Dr. Burton Henry discussed distribution of grades, improvement of instruction, meeting the needs of students, and probation and disqualification rules.

Following the panel presentation, Dr. Homer Balabanis lead the entire group in a discussion of the items presented by the panel.

She was a short stout woman with twenty years of teaching behind her.

Laugh, Food, Fun Planned for May 17

"Enjoy Yourself, It's Later Than You Think" has been chosen as the theme of the Work and Play Day, May 17, to which all Humboldt State College faculty members and students, as well as their wives, husbands, and children, are invited, according to Martha Lynn, publicity chairman for the affair.

Plans for the all-day event include a double performance of the faculty show to be held first thing in the morning, to be followed by cleanup work about the campus. Camp Bauer will be the scene of the rest of the day's activities, starting with lunch at noon, to be followed in the afternoon with swimming, class competition in games, field and track events, and directed activities for the children. Faculty-student games are also being planned.

Committees for the day have been appointed by Dick West chairman, and will be headed by Donna Sherman, food; Dick Oliver, entertainment; Don Bouey, work day; Martha Lynn, publicity.

Barn Dance, Bar-B-Q Held at Camp Bauer

Over one hundred students attended the Dance of the Wild Goose Saturday night and the Barbecue Sunday, both sponsored by Conservation Unlimited.

Saturday night's Barn Dance featured square dances called by Lee Mongold, folk dances, and a community sing. Hot dogs, French fries, and coffee were served around a bonfire.

The barbecue began with baseball and football. Following the dinner was the annual badger fight, shaving contest and folk dances.

The danger had passed, and so I settled back to enjoy the wind and weather, but not my wife.

Elmhurst is a city of sixteen thousand people lying fifteen miles.

Student Art Exhibit Features Watercolors, Ink Sketches, Sculptures

By JACK STOOPS

Five of the upper division art majors presented one of the most varied and interesting water-color exhibits yet to come out of the Humboldt State Art Department. The exhibit, held in the college social unit between April 14 and 21, represented recent work by Lenore Cady, Betty Everett, Charles Anderson, Don Williams and Laurald Stebbins.

The work of Don Williams was a varied show in its self. His painting, "Rubbish Pile", though not quite falling in the category of fine art, was so realistic that one could almost smell the rotten oranges and the stench of smoke. In all of his paintings his advanced technical skill and understanding of the water-color medium was quite evident and in that respect excelled that of the other students. Though much of Don's work tends toward the professional or illustrative arts he also seems to have the ability to simplify and bring out the more lasting qualities such as those in his painting, "Red Barn".

Laurald Stebbins, leaning strongly on color and varied line value rather than realism, for the body of his abstracts in open color painting, created the largest disturbance among the patronizing students. His work showed complete freedom in thought and independence from the usual inhibitions most students struggle under.

H.S.C. CHOIR MAKES ANNUAL TOUR OF CALIFORNIA

Again this year the Humboldt State College Choir is making its annual tour to other schools in the state. The choir left last Sunday by bus and will return next Sunday. According to Leland Barlow, assistant professor of music at HSC, the schedule will be as follows:

Sunday, April 23 — Ukiah.
Monday, April 24 — Santa Rosa Jr. College and College of the Marin.

Tuesday, April 25 — College of Arts and Crafts (Oakland)

Wednesday, April 26 — KFRB Broadcast in San Francisco 12:45-1:00.

Thursday, April 27, — KSFO Broadcast in San Francisco 6:30 - 7:00.

Friday, April 28 — Garberville and South Fork Union High School.

The HSC Choir, a group of 40 unaccompanied voices, offers a varied program of representative selections from the greatest schools of choral composition.

A special feature on the program to be presented by the choir on their trip will be a group of selections by the Madrigal singers. This ensemble of nine voices sits formally about a candle-lit table and sings the delightful part-songs of the 16th century.

A Cappella music is a tradition at HSC. The choir tours Northwestern California each year and annually sings for the Sunrise Service on Trinidad Head. The group has the distinction of being the first choir to make a personal appearance on a television program in San Francisco.

History, Poli Sci Exams Rescheduled

The following is a correction of information given in the last issue of the Lumberjack:

Two examinations, one in U. S. Constitution and one in U. S. History, will be given at HSC on Tuesday, May 16, from 4 to 6 P. M., according to Dr. Hyman Palais, professor of history.

These examinations, if successfully passed, satisfy the state's requirement for graduation in U. S. History and Constitution. Teachers who plan to renew their credentials and who have not satisfied this requirement may take these examinations.

The strong paintings, large in feeling and expression, exhibited by Charles Anderson represented another type of the water-color medium. Anderson's greatest difficulty seems to be that of knowing WHEN to stop painting. He has a tendency to "over work" or "scrub in". In my opinion his paintings, "Roof Tops" and "Sheep Barn" were his most successful work.

Lenore Cady exhibited some very colorful and interesting paintings employing the water-color wash and wet paper techniques. Her still lifes rated over her landscapes, in my opinion, due to the expression of a better understanding of the subject matter.

Betty Everett's paintings seemed to me weak in the fundamentals of drawing, yet strong in the color feeling. Though most of Betty's exhibits were pen and ink sketches with water-color washes, I believe her most successful painting was, "Still life with Lamp". In it she seemed to overcome many of her difficulties in showing form yet retaining her feeling for color.

Also included in the exhibit were some examples of modern sculpture and pictures of modern sculpture exhibited by the San Francisco Museum of Art.

Plans are now being formulated to send the student exhibit on a tour of other California colleges.

Top Movies Planned for Arcata

We are fortunate in this community to have a theatre that brings first rate movies to this area. Unfortunately many of the finest movies are not good box office attractions.

The management of the Minor Theatre is making an effort to bring to this community pictures of high artistic value. Such a picture was "Hamlet".

On May 3 and 4, "Henry V" will be shown at the Minor Theatre. It is not necessary to describe it as one of the great motion pictures of all time. Its reputation is already established.

It is necessary, however, if the college and the community wish to bring "Henry V" and other worthwhile movies to this area, the movies ATOFFiawhCBn movies to this area, that the movies be attended. Those of you who have seen "Henry V" will want to see it again; those of you who haven't, will be missing a truly rich experience if you don't see it.

On May 31 and June 1 there is showing a double feature that will interest college people, "Arrowsmith" and "That Hamilton Woman". The manager of the Minor Theatre invites suggestions from the community for pictures. Let us support a business that occasionally consults its patrons' wishes.

H.S.C. Auditorium To Be Remodeled

Plans for the remodeling of the auditorium have been revealed, according to George Kneppler, acting supervisor of all construction at HSC, although no definite date has been set for when construction will begin.

Some of the features planned include:
A new fireproof proscenium arch.

Rewiring of stage, new outlets for lights, new switch panels and control set-up for lights.

Plaster ceiling above the stage to conform with the state fire-code.

Another set of fire-escape doors upstairs in the balcony.

Replacement of glass doors on the main floor with approved crash-doors.

Installation of an accoustical tile ceiling, and repainting where it is necessary.

The day begins at 7:00 a. m. when revelry blows.

Buggy Cosmetics

In the spring a young man's fancy turns to insects. Yes, insects! Little does the unsuspecting male realize that when he kisses his girl he does not kiss HER, but he does kiss cochineal, a scale insect from Central America. The dry body of this insect forms a fire-red substance that is used for coloring lipstick and other cosmetics.

Although many of the fairer sex are frightened at the sight of an insect in reality, they wouldn't dream of going to class without a good supply of the little cochineal in their purse, on their lips and all over their face!

Can this be a good bit of proof that where there is a lack of knowledge there is a lack of fear?

Hermie Kroeger To Marry In June

Miss Hermie Kroger, P. E. instructor at H.S.C. and Berger Johnson, associate professor of P. E. at New Mexico Teachers College, will be married June 4. Both will teach at Humboldt during the summer session. Their plans for next year are indefinite.

Professors Discuss Current Affairs

Current political and economic problems were reviewed at a round table discussion by Dr. Hyman Palais, William Hickman, Dr. Stanley Spaid and Dr. Homer Balabanis, economic professors.

Dr. Palais pointed out in the discussion of the Marshall Plan and its effectiveness in staving off communism in Europe, that friends cannot be bought, and that the money currently being spent in Europe is "money poured down a rat-hole". He stated that Russia and the United States are already engaged in an armament race and as far as preventing communism in Europe, the Marshall Plan is useless. Western Europe could not stand against Russia without extensive and immediate military aid.

Opposing Dr. Palais' idea, Dr. Balabanis said that the only way to bring back prosperity and rebuild Europe was to restore European industry through the Marshall Plan.

Dr. Spaid stated that the United Nations had been oversold to the American public at first, and as a result, did not live up to expectations. He stated that it will take the UN fifty years to bring economic prosperity and political peace, given the opportunity, but the United States could do the job sooner.

Class Estimates Fish Population

The game-fish management class, under the direction of John DeWitt, assistant professor of biological sciences, adjourned one afternoon to the Arcata water supply reservoir to estimate the pond's fish population.

This is done by a pre-determined formula set up as a ratio of the fish tagged and released, to the total fish population in the reservoir, as the number of tagged fish caught the second trip to the total number of fish caught the second trip.

This was their first visit in which the caught, tagged and released the fish.

Average size of the fish were eight inches, standard length, and the largest fish caught was 13½ inches, over all length.

The fish were rainbow and cut-throat trout. Each was tagged, measured, then released back into the reservoir: Thirty-one fish were caught.

European Schools Open to Americans

Applications are being received for summer sessions for American students abroad. June 26 to August 5 are the term dates for the 250 American students admitted to the University of Oslo in Norway.

The courses, to be taught in the English language, are open to all American students who have completed at least two college years by June of this year. The main emphasis this summer will be on courses pertaining to Norwegian culture including courses in geography, history, language, literature, music, and art. A total of six semester credits may be earned during the six-weeks course. Application blanks can be obtained from the Oslo Summer School Admission office, St. Alaf College, Northfield, Minn.

The Castle Hollenfels, located in the center of Western Europe, has been made available to Youth Argosy for the summer of 1950. The Ministry of Education of Luxembourg has set up a committee to assist Youth Argosy in conducting the Center's educational program. Surveys of Europe's history and art will be offered. Language and discussion groups will be scheduled. Folk dances and songs of many countries will be featured, and sight-seeing tours will be led by European student guides.

The Center will be open from June 1 to September 9. Application can be made to Youth Argosy International Headquarters, Northfield, Massachusetts.

Dr. Palais Speaker At Eureka Forum

Dr. Hyman Palais, professor of history and chairman of the division of social sciences at Humboldt State College, was the speaker at the fourth in a series of lectures sponsored by the Eureka Community Forum. The topic for the evening was "Proposed Programs for World Cooperation".

Palais pointed out the development of international thought, discussed the Hague Conference, the League of Nations, the United Nations, and proposed plans for systems beyond the United Nations.

California is the only state in the nation in which iodine is produced.

Exchanges

The Golden Gater: An instructor in an American Lit. class had the student- annoying habit of talking some 10 minutes overtime each period. One of the "wiser- acres" of the class put an alarm clock in his desk, set for the exact time the class was supposed to leave. It rang, the instructor took the hint, and left. The class has been getting out on time ever since!

Cal Aggie:
The school gets the benefit,
The school gets the fame,
The printer gets the money,
But the staff gets the blame;
The paper shows poor management.

The jokes they say are stale,
The committee officers holler,
The students, how they wail;
But when the papers printed,
And the issue is on file,
If someone misses his copy,
You can hear his yell a mile.

San Francisco Foghorn: "I met him at a masquerade. I was dressed as Carmen, and tossed him the rose between my teeth".

The Bulldog, Redlands: Modern architecture and U. R. cleanliness led to a strange accident when a guest walked through a full length window of new Cortner hall.

Thinking it was a door, the young man avoided the doors and crashed into the glass. He came out with only minor injuries and a splitting headache.

Hornet - Sacramento: Senior: "How about a battle of wits?" Soph: "Sorry, I never attack an unarmed man".

The cake for the most impatient man of the moment goes to the midget who, tired of having doctors rub their chins over him, jumped from his bed, stepped on his hand with his foot, tugged, popped his dislocated shoulder back into place, and huffed off for home.

Schuler Goes South For Art Conference

Melvin Schuler, assistant professor of art at Humboldt State College, attended the annual meeting of the Western Association of College Art Instructors at Occidental College on April 22. include discussion

The agenda for the meeting included discussion of standards for hiring art teachers, the use of "pass" and "fail" grading in creative fields, proposals for teacher loads of twenty student-contact hours to allow teachers time to continue their creative work and the problem of economically routing and shipping circuit art exhibits among the western colleges.

HUMBOLDT'S FIRST ARENA PLAY TO BE DIRECTED by LEON PIKE

LEON PIKE

Humboldt State College's first full-length Arena Studio Production, "Accent on Youth", under the direction of Leon Pike, will be produced in the little gymnasium on the Humboldt State College Campus May 18, 19, and 20.

The arena method of production entails seating the audience in about three rows of seats completely around the acting area. This style of production was started by Glenn Hughes in 1932 at the University of Washington, in Seattle. Since then, it has spread throughout the United States, using various names but remaining essentially the same in methods of production.

An infinitive is "to" plus a "verb". Example: He "to was" a great fighter.

ANNE KAUNAUGH

Anne Kavanaugh will play "Genevieve Lang" in Samson Raphaelson's comedy, "Accent on Youth", which is to be presented May 18, 19, 20 as Humboldt's first three-act Arena Studio Production.

The little gymnasium, located at the south side of Redwood Bowl has been chosen as the most suitable place for the play.

All tickets will go on sale May 8 at the reduced studio-production rates and may be reserved at the Associated Students' office.

Shoe Shine Boys Invade Campus

The College Elementary School sixth grade room under the directorship of Miss Helen McPherson invaded the campus in the form of shoe-shine boys last Tuesday and Wednesday to raise money for CARE packages.

These packages, costing three dollars apiece, are to be sent to Greece, Yugoslavia and one other European country. The money is to be raised through various projects. One of the shoe-shine stands was in front of the co-op, and the other was in front of the college entrance.

M. Schuler Plans European Tour

Melvin Schuler, assistant professor of art at Humboldt State College, will take an extensive tour of Europe during the summer vacation months. Schuler will sail from New York on June 27, on the Oslofjord and arrive in Norway on July 4. He will travel through Norway, Sweden, Denmark, Germany, Holland, Belgium, and France. While abroad Schuler will paint and do research on art. He plans to leave Paris for New York around September 1, flying home via the Belgium Airlines.

Engineer Exams To Be Given Here

President Arthur S. Gist announced today that qualifying examinations for students planning to enter the College of Engineering, University of California, at Berkeley or Los Angeles, in September, 1950 will be given at Humboldt State College on May 6, 1950, at 8 a. m.

Persons who plan to take one of these examinations should apply by application form or letter to the College of Engineering, University of California, Berkeley 4, California, or to the College of Engineering, University of California, Los Angeles 24, California. In making the application, Humboldt State College should be listed as the examination center.

The Freshman Status Engineering Examination is required for entering freshmen and sophomores and the Junior Status Engineering Examination is required for entering juniors and seniors. Each of these examinations requires the entire day and it is suggested that applicants bring their lunches. All necessary materials will be furnished, although students taking the Junior Status Examinations must have slide rules. The fee for the examination is \$5, to be paid at the time of the test.

The examinations will be given by R. E. Piethman and Charles Roscoe, engineering instructors at the college, either of whom may be contacted if further information is desired.

Wildlife Students Lecture To Scouts

Conservation Unlimited is working with the Boy Scout, Troop 9 of Arcata, under the direction of John Ham, committeeman. The wildlifers are presenting weekly programs of conservation and wildlife techniques. The program includes demonstration and instruction in Bird Study by Gene Evans and Vern King, Principles of Predation by Wes Fleming, Angling and Fly Tying by Dr. Glover and Jim Richards, Fire Arms by Gordo Millar and Wait Landgrebe, Taxidermy by Jim Yoakum and Don Nead, Birds of Prey by Joe Mullis.

The last meeting was conducted by Gene Evans and Vern King who presented the boys with slides of game and protected birds along with mounted specimens.

The purpose of this project is to teach the younger generation principles of conservation while helping to present interesting meetings. These programs also provide the scouts with the opportunity to obtain merit badges in this field.

247 RECEIVE CINCH NOTICES

Thirty-two percent of H.S.C.'s 756 students, or 247 people, divided up 395 cinch notices. Those students receiving cinch notices should see either the teacher of the class they received the warning in, Dr. Burton Henry, Dean of Men or Miss Kate Buchanan, Dean of Women, immediately, if they have not done so yet.

Staters Meet Aggies Today

Scotia Blasts Lumberjacks 16 - 5

Landing on four Humboldt State pitchers for 12 hits, the Scotia Lumberjacks blasted out a 16 to 5 verdict over a game college crew at Scotia Saturday.

The Scotians enjoyed an eight run uprising in the second inning off Don Barkhurst to earn their margin of victory. The other Humboldt pitchers were effective in quelling the booming bats of the Scotia team.

Extra base hits were plentiful in the tilt, as twelve of the twenty hits recorded in the game went for extra bases. Bob Thompson, with two doubles in four trips, and Cliff Prelow, with a double and two singles in five tries, led the Humboldt hitters.

Big Russ Vatsndal followed Barkhurst to the mound, stayed there for two innings, and then gave way to Bob Mathews.

Kenny Dunaway tried his hand at pitching for the last three innings, and showed an amazing amount of "stuff". His performance was enough to gain him a place on the Humboldt State mound corps. Lack of control cost him three runs, but only one hit was registered off of him in those three innings.

Stalers Lose To Crescent City

Despite six innings of brilliant hurling by Wally Maciel, the Crescent City Merchants came from behind in the ninth inning to take a 9 to 8 victory over Humboldt State's win-hungry Lumberjacks in Crescent City last weekend.

Diminutive Wally turned in a superb pitching job against his home town team. Originally scheduled to pitch only three innings of the practice tilt, he allowed just one hit and one run in six innings of hurling.

While Maciel was blanking the northerners, his mates jumped aboard Crescent City hurler Henneback for eight runs, including a double, homer and single by Kenny Dunaway, and a triple by Dale Sorenson.

When Coach Ted Staffler lifted Maciel in the seventh inning, to save him for a start against the Cal Aggies this afternoon, he still had the Crescent City team eating out of his hand. Maciel struck out eight hitters in six innings of near-perfect hurling.

With Maciel out of the game, Crescent City exploded however. They clubbed Russ Vatsndal for six runs in the eighth, after which Staffler inserted Bob Matthews, who put the fire out, but weakened the next inning. Chuck D'Autremont batted in the tying run on a double to left, then the winning tally on a bad-hop single over Kenny Dunaway's head.

Jerry Zattola, another Humboldtler from Crescent City, helped the Lumberjack cause with three hits in five trips to the plate.

Tour Offered To Mexico, Guatemala

An educational tour of Mexico and Guatemala will be conducted this summer by Dr. Juan B. Rael of 574 Lasuen St., Stanford University. The tour will include Acapulco, Cordoba, Cuernavaca, Fortin, Guadalupe, Mexico City, Morelia, Orizaba, Patzcuaro, Puebla, Taxco, Tehuacan, Toluca, Uruapan and the new volcano of Paricutin. Cost from Los Angeles and return: July 14-30, \$350; July 14 - Aug 11, \$520; Automobile tour from Mexico City to Guatemala and return, Aug. 7-30, \$325. For details, write or phone Professor Juan B. Rael.

Chico Takes Twin Bill From State

Chico State's defending Far Western Baseball champs used loaded bats and unerring fielding accuracy to pound out a pair of wins, 14 to 2, and 9 to 3, over Humboldt State's baseball nine.

Chico had played fourteen games before tackling Humboldt, and the practice showed in their sharp fielding and heavy hitting.

Wally Maciel received both losses in the doubleheader, played in the Arcata Ball Park on April 17. Maciel started the first game, but was lifted in the third inning in favor of Russ Vatsndal, who turned in a creditable performance. In the second game, Maciel turned in a courageous comeback, allowing 12 hits, but scattering them. In one inning, he struck out the side.

Little Cliff Prelow was a continual fly in the molasses for the Chico pitchers. He was walked no less than five times in fourteen innings, and scored Humboldt's only two runs in the first game.

Kenny Dunaway, Bob Richmond, and pitcher Maciel took hitting honors for Humboldt. Richmond and Dunaway went two for three at the plate in the first game. Maciel helped his own cause along with two singles in the second tilt, aided by Dunaway's towering double to left field.

Basketball Team Holds Banquet

Humboldt State Athletic Director and basketball coach Jack Whetstone will get to his classes on time, from now on, thanks to his 1949-50 Basketball team.

At their post-season banquet, held last Thursday night at the Bella Vista, members of his basketball team presented Whetstone with an engraved wrist watch, as well as a card suitably inscribed with their sympathies on the 1949-50 basketball season.

Trainer Hal Harshman, and Bob "Little Fella" Oliver carded a Scotch Foursome total of 50 on nine holes to win the basketball team's golf tournament, held the afternoon before the banquet.

John "Pop" Klingenspor and Caesar Fiamma finished a strong second, with 53.

Solution For Flunked Exams

Australia is encouraging and subsidizing the passage of immigrants of a type whose skills will contribute to the building of a bigger Australia. Most American veterans are particularly welcome especially those who served in Australia during the war, many of whom married Australians. All American veterans seriously interested in working in Australia are welcome if they meet requirements.

The state capitols of Massachusetts and Maryland antedate the American revolution.

Defeated in their first two conference tries, the Humboldt State baseball team goes after another Far Western Conference foe this afternoon, meeting the tough Cal Aggies in the Arcata Ball Park. The doubleheader will start at 1 o'clock.

The Aggies, while not rated as highly as Chico in Far Western conference play, are touted as a possible pennant contender, and the farmhands need this win to stay in the chase. They've already dropped one tilt to San Francisco State.

Sadly handicapped by lack of practice, the Lumberjacks profited greatly by the added practice time and the exhibition tilts they have played since their last conference game. Chico had played fourteen games going into the Humboldt series, whereas Humboldt had nary a one.

The Humboldt lineup will not vary from the Chico starting team, but the pitching scene may be changed, as Coach Ted Staffler continues his search for starting chuckers.

Wally Maciel, the ace of the mound corps, will draw one starting assignment. Russ Vatsndal, who looked good in relief against Chico, will probably follow, although Staffler may pick a swirler from among Bob Thompson, Bob Matthews, Don Barkhurst or Ken Dunaway.

The Humboldt State team goes on its first road trip of the year Sunday, traveling to Crescent City to meet Southern Oregon in another doubleheader. No pushovers, the Oregonites are pushing the Cal Aggies and Chico State for conference honors.

Faculty Show-Extravaganza, Picnic Looms

PLAYDAY U-NO-WHOS!!

EVERYONE'S IN THE ACT-
ON TO CAMP BAUER!

"Enjoy yourself". It might be "later than you think" but it isn't too late to join in the fun at the 'All College Picnic' at Camp Bauer today. Everyone is invited. Faculty! Student! (Their wives, husbands and children too). What more it is free to student body card holders and only twenty-five cents to others.

Beginning the day's activities, the faculty show this morning is under the direction of William Jackson. As all plans are "hush hush" a preview is impossible. A review might be less possible.

No one need stay behind for lack of transportation. Rod Shepherd has arranged for a bus and any other transportation that might be necessary. So on to Camp Bauer!

Free coffee will be served at noon, although everyone is to bring his own lunch. Donna Sherman and Emily Whalen are the chairmen in charge of the food. Members of Mrs. Gayle Merklin's food classes will do the brewing.

Field and track events are next on the agenda. At 2 o'clock class competition will get under way in these activities with a beautiful trophy offered as prize to the winning team. Directing these contests will be the members of the P. E. department under the leadership of coaches Jack Whetstone, Jack Norton, Ted Staffler, and Joe Forbes.

Baseball enthusiasts will be interested in the baseball game to be held from 3 until 5. Those not interested in baseball may participate in the swimming (for which a licensed life guard will be on hand), volleyball, or tug-o-war programs. This entertainment as well as that for the rest of the day is being handled by Dick Oliver and Gordon Byers.

Parents need not stay home either. Mem-

bers of the C.S.T.A. will be there to baby sit with the student teachers as sitters. A treasure hunt and games have been planned for the children's enjoyment.

So that no one goes hungry during the day there will be concessions managed by student organizations on the campus. Some of the booths now planned are the ice cream bars which the Knights will have, candy and punch being sold by the Home Ec. Club, the Conservation Unlimited's coke stand, and the Rally Committee's ever popular pop corn.

The break between 5 o'clock and dinner will find a combo providing music from the dance pavilion. Those that care to may dance during this time.

Dinner, free dinner, will be served at 6 by the Home Ec. food classes. During and immediately following dinner there will be group singing, led by Leland Barlow and Jim Roscoe, and stunts and feature entertainment.

Climaxing the day will be a dance from 7:30 to 9 on the pavilion with music furnished by the Studio Band under the direction of Jack Weeks.

The gate will be handled by the Block H Society with help from the Rally Committee. On hand to administer first aid should it be needed will Mrs. Beverly Griffith, college nurse.

The ALL SCHOOL PICNIC is being planned by the new student body officers with Dick West, vice-president, as chairman. Members of the committee, under the guidance of Miss Kate Buchanan and Dr. Leonard Christensen, are Donna Sherman, "Toad" Stebbins, Dick Oliver, Martha Lynn, Don Bouey, Marlene Commons, and Merwyn Rick-ey.

NEW INDUSTRIAL ARTS BUILDING TO BE DEDICATED MAY 24

Dedication and open house of Jenkins Hall, the recently completed industrial arts building at Humboldt, will be held on Wednesday, May 24. This was announced by Harry Wolverton and Homer Harlan, students in charge of the program.

Jenkins Hall has been named in honor of Horace "Pop" Jenkins, professor of industrial arts, who has been at H. S. C. since 1915. The new building will be formally dedicated at 2 p. m. Open house will be held from 1 to 8 p. m. The public is invited to come to both the open house and the dedication ceremony.

Coming Events

- May 18-19—"Accent On Youth" (Studio Production)
- 19 — Spring Formal (Nelson Hall)
- 21 — Alumni Tea.
- 22 — Mu Epsilon Psi Concert.
- 29 — Finals Begin
- 30 — Memorial Day
- 31 — Finals Continue
- June 4-9 — Senior Week.
- 7 — Graduation.

Wildlife Clambake At Camp Bauer; Best Liar Chosen

The annual Wildlife Clam Bake was held at Moonstone Beach this year with barrels of "chowder". Seth Buck, a veteran of last year, wielded the big spoon and brewed the chowder. Gordo Miller, Bud Rienecker, Walt Langrebe, and Ray Baxter with shovels in hand took over the job of getting the clams.

The clam bake was stag for wildlifers and associates on the evening of May 12, loiter into the 13th.

During the course of the evening the beards you have been wondering about on wildlifers around the campus were judged, and the winner received a (censored). Also the winner of the liars contest was determined, and his name was carved in the Championship Belt. This was followed by singing and story-telling; pertinent to wildlife, of course, what else?

Children need models more than they need critics. — Joseph Joubert

CES PRINCIPLE TO TEACH IN BURMA

HARRY GRIFFITH

Harry E. Griffith, professor of education at HSC and principal of the CES, will be a visiting professor of education at Burma State Teachers College in Rangoon, Burma, during the school year 1950-51.

Griffith, taking a year's leave of absence from his position here, will be gone about ten months, from September, 1950, to mid-June, 1951. Mrs. Griffith and daughters, Dolores and Susan will accompany him.

Griffith will go under an award of the Fulbright Act which made possible the sale of surplus war goods of the United States to the government of the countries in which the goods were located.

The proceeds of the sales of such goods provides for student exchanges, and the sending of professional people in agriculture, science, medicine, and education to Burma.

Burma received dominion status in 1947 from Great Britain, and shortly thereafter instituted a system of compulsory education.

The way to learn to use words is to read some good literature often.

\$400,000 LIBRARY SLATED FOR HSC; CONSTRUCTION TO BEGIN IN FALL

Rickey To Attend PSPA Convention

The student council has decided to send President Merwyn Rickey to the Pacific Student Presidents Association convention at Yosemite National Park, May 24, 25, 26. Rickey who will stay at the Ahwahnee Hotel will meet with student leaders from other colleges on the west coast to discuss mutual problems, and procedures in solving them. The agenda of the convention will include discussion groups, and bull sessions. In addition the student leaders will attend a get-acquainted party, a showing of 1950 Rose Bowl Movies, a banquet, and a farewell dance.

HUMBOLDT MUSIC AT CES, FRIDAY

The assembly being held this Friday in the CES auditorium will consist of a musical program presented by the Musical Organizations of Humboldt county.

Duane Gurnee and Bill Woods will open the program with Jack Weeks' Clarinet Sonata. Following this, Wilbur Pursley will direct the Humboldt Little Symphony, which is composed of 35 student and professional musicians of Humboldt State and the surrounding area.

The brass quartet: Wilbur Pursley, Woody Thompson, trombones, and Laurald Stebbins, and Bill Crane trumpets, will play modern chamber music.

The program will close with numbers from the Madrigal Singers.

Entrance Exams Slated For May 27

Dr. Leonard Christensen, dean of students, has announced that high school seniors and other persons planning to attend Humboldt State College the fall semester of 1950 may take regular entrance examinations on May 27, 1950.

Students and other persons planning to take this examination should report to Dr. Burton Henry at 9 a. m. in the social unit of Nelson Hall on Saturday May 27.

Don't marry for money — you can borrow it cheaper.

Preliminary sketches of the new Humboldt library were presented to President Gist last week by Ruel Taylor of the Schoolhouse Planning Division, State Department of Education.

Money for the 400,000 dollar structure has been appropriated by the State legislature and construction is expected to begin in the fall or next spring.

Taylor and Gist also discussed a new heating plant, and a corporation house for the college. Money has already been appropriated for both projects. Plans for temporary housing for the student Co-op, bookstore, and music room were discussed since these are now housed in the temporary buildings located on the new library site.

200 Guests Attend Mother's Day Tea

Over 200 guests attended the Associated Women Students' Mother's Day Tea and Fashion Show at Nelson Hall from 2 to 4 p. m., Saturday, May 6. Greeting the guests at the door were Kate Buchanan, dean of women, Mrs. Arthur S. Gist, Mrs. June Pond, president of the AWS, and Jean Heise, president-elect of the AWS.

The guests, mothers of HSC students, were presented corsages as they entered by Katie Anderson and Charlotte Marks. Presiding at the tea table were June Harville and Marlene Commons. The table was decorated with yellow and white.

At the close of the show Zatha Tallman sang "That Wonderful Mother of Mine", and concluding the program for the day was "Song of the Islands", a piano selection by Beverly Mathews.

June Pond Wins Homemaking Job

Ms. June Jorgenson Pond, Humboldt State College senior in home economics, was recently selected from more than 300 candidates for the job in teaching homemaking at the new James Lick High School in East San Jose.

Mrs. Pond will graduate in June from HSC with an A. B. degree in home economics and a special secondary credential in homemaking.

HUMBOLDT LUMBERJACK

WEDNESDAY, MAY 17, 1950

JEAN HEISE A. W. S. Prexy

Associated Women Students of Humboldt State College recently elected officers for next year. Newly elected president, Jean Heise will be assisted by Nancy Crichton, corresponding secretary; Marianne Merrick, treasurer; and Martha Lynn, publicity chairman. A run-off election will be held between Betty Walters and Glau-dine Gasser to decide who shall fill the office of recording secretary.

State To Widen College Approach

Bids for widening Plaza Avenue, the approach to Humboldt State from Highway 101, will be advertised soon, according to information received by President Gist from Sacramento.

Specifications call for a street 40 feet wide with curbs and sidewalks, and will extend from Highway 101 to Sequoia Avenue one block west of the college.

Funds for widening the approach to the college, Gist stated, were secured by a special appropriation from the legislature, mainly through the efforts of the late Assemblyman Mike Burns, and ex-Senator Irwin T. Quinn.

Co-op To Be Moved From Present Spot

Ruel Taylor of the Schoolhouse Planning Division of the State Department of Education visited the HSC campus recently. He conferred with President Arthur Gist about temporary housing for the co-op, since the temporary building housing the co-op and bookstore must be torn down soon to make way for the new library.

Taylor suggested that the new corporation building, which will be built south of Jenkins hall, be used as a co-op until better quarters are available.

Taylor discussed with President Gist the feasibility of using the present library as permanent quarters for the co-op and bookstore.

Responsible for the success of this year's Play Day are the above pictured students and faculty members. As heads of Playday committees, they have laid the plans for today's event. From left to right are: Francis Stebbins, Donna Sherman, Don Bouey, Dr. Leonard Christensen, Dick Oliver, Dean Buchanan, Dick West, and Martha Lynn.

ALL - COLLEGE PICNIC DAY AGENDA

- 10:00 a. m. — Faculty Show CES Auditorium.
- 10:45 — Faculty Show CES Auditorium
- 11:30 — Transportation To Camp Bauer (A scheduled bus and private cars) Car caravan forms in parking lot.
- 12:00 Noon — Lunch
- 2:00 p. m. — Field and Track Events Class competition for beautiful trophy.
- 3 — 5 — Baseball.
- 3 — 5 — Swimming - Volleyball - Tug O' War - Music On Pavilion. Children Entertained
- 5 — 6 — Combo on pavilion (Dancing)
- 6:00 — Free Dinner
- Stunts and feature entertainment Marshmallows - Pop Corn
- 9:00 — "Good Night, Sweetheart"

Former HSC Coach Heads Summer Camp

Warren Conrad, on the HSC coaching staff in 1947-48, and now assistant professor of physical education at Sacramento State College, is director of Camp Tah-Lah-Wit, a summer day camp for boys and girls, near Carmichael, California. The camp is open from June 19 to August 25.

ATTENTION VETS!!

A representative of the State Division of Educational Assistance will be on campus today to interview veterans in regard to their educational benefits for the summer session at HSC.

According to a letter received by the LUMBERJACKS from Robert L. Sanders, representative, all veterans who plan to use Public Law 346 entitlement should see the representative between 9:30 and 11:30 a. m.
