Dunaway Leads '53 Senior Class; Beck Heads Junior

Bob Dunaway was named to head the senior class next year, at an election held May 19. Ken Gipson was elected to be his right hand man; Jackie Stein will uphold the pen and ink duties. Keeper of the funds will be Howard Corbin, while Billie Hall will be keeper of the peace.

The new president is a graduate of Fortuna High school and attended St. Mary's College before coming to HSC. This year he played end on the football team and forward on the cage quintet.

Jerry Beck was elected president of the junior class for next year, at the class election held during their meeting May 9. Other officers are Marcia Bartlett, secretary; Earl Rumble, vice president; and Dwain Haines, treasurer. These officers will start their term in the fall.

The new class president is prominent in drama activities on the campus. He is a member of the A Cappella Choir, Alpha Psi Omega, the Madrigal Singers and the Intercollegiate Knights. Beck was 1952 president of the HSC Drama Club. He had one of the leads in this spring's musical, "Sing Out Sweet Land."

SENIOR DINNER-DANCE AT CLUB

The dinner-dance will be held at Club Humboldt if 60 more people sign up at the student body office; 80 persons are necessary; thus far only twenty people have registered.

The faculty, graduate students, all seniors, and people finishing one or two year terminal courses are invited. The affair is scheduled for Friday, May 30.

Sempervirens Yearbook Is Available At ASB Office

Free copies of Sempervirens 52 may be obtained at the Associated Student Body office from Mrs. Margaret Brookins by those students who have ASB cards for both semesters.

Students who were at HSC for only one semester, the fall or spring semester, may obtain a book upon payment of \$2.00 if they have an ASB card.

Those students who have made a down payment on their cards may obtain their copy from the ASB office upon full payment of the fee.

Books are available for sale to the public at \$5.00.

ASB CARD BENEFIT

Effective March 3 the Student Union fountain resumed service to student guests. The new plan, based on differential prices, replaced the one in effect which provided service to Associated Student Body members only.

Under the differential price schedule ASB members will pay reduced prices.

FINAL EXAMINATION SCHEDULE

Spring Semester 1952

Saturday, Monday, Tuesday, Wednesday, Thursday, May 24, 26, 27, 28, 29, 1952

Hour that classes meet	Time of final examination
MWF 8 and MTuWThF 8	Tuesday, 11:00 a. m. to 1:00 p. m.
MWF 9 and MTuWThF 9	Saturday, 8:00 a. m. to 10:00 a. m.
MWF 10 and MTuWThF 10	Saturday, 2:00 p. m. to 4:00 p. m.
MWF 11 and MTuWThF 11	Monday, 8:00 a. m. to 10:00 a. m.
MWF 12	Thursday, 8:00 a. m. to 10:00 a. m.
MWF 1 and MTuWThF 1	Monday, 2:00 p. m. to 4:00 p. m.
MWF 2 and MTuWThF 2	Wednesday, 8:00 a. m. to 10:00 a. m.
MWF 3	Wednesday, 2:00 p. m. to 4:00 p. m.
MWF 4	Thursday, 2:00 p. m. to 4:00 p. m.
TuTh 8	Monday, 11:00 a. m. to 1:00 p. m.
TuTh 9	Tuesday, 2:00 p. m. to 4:00 p. m.

COOP PROFITS ALMOST \$5,000 DURING SEVEN MONTHS PERIOD

Fountain and bookstore of the College Student Union reported a combined profit of \$4,951.86 for the seventh month period from Sept. 1, 1951, to March 31, 1952. That is the report of Mr. William Jackson, professor in accounting, who is on the SU committee, and Mrs. Margaret Brookins, comptroller of student funds.

The food and fountain showed a net profit of \$1,710.65 for the period and the bookstore tallied \$3,241.21 profit.

Net Worth Listed

The statement lists \$9,732.86 cash on hand and in the bank; \$7,410.63 accounts receivable and \$9,095.64 in merchandise. Total current assets are \$26,239.13 plus \$5,298.79 in equipment. Net worth of the Student Union operation is \$31,537.92.

FINANCIAL POSITION OF BOOKSTORE AND FOUNTAIN

3/31/52 Assets	
Current	
Cash in Bank and on Hand	\$9,732.86
Accounts Receivable	7,410.63
Merchandise	9,095.64
Total Current	\$26,239.13
Equipment	5,298.79
Total Assets	\$31,537.92
Liabilities and Net Worth	
Current Liabilities	\$ 3,286.20
Net Worth	\$28,251.72
	\$31,537.92

In comparing actual operating ratios with standard ratios, it is noted that both the bookstore and fountain result in much higher profit per sales dollar than the standard. Mr. Jackson says the principal reason for this difference lies in the exclusion of certain items of operating expenses from the fountain and bookstore totals.

For example the fountain and bookstore do not at present show any allocation for the administrative salaries of Mr. Frank Stegall, student executive manager, and Mrs. Margaret Brookins.

State Owns Building

Also Jackson pointed out since the State of California owns the building, there are certain expenses not incurred by the students, such as depreciation of building, janitorial expenses, some utilities, etc., that would, of course, be included in standard ratios.

Jackson concluded that the relatively poor showing of the gross profit margin in the bookstore can be principally explained by the relatively small volume and inability to dispose of over-ordered textbooks.

PROFIT AND LOSS STATEMENT Period 9/1/51 - 3/31/52 (Seven Months)

Description	Food & Fountain	Bookstore	Total
Sales of Merchandise	\$14,852.22	\$24,186.10	\$39,038.32
Less Cost of Merchandise	8,434.65	19,008.84	27,443.49
Gross Profit on Merchandise Sales	6,417.57	5,177.26	11,594.83
Less Operating Expenses:			
Salaries of Sales Clerks	3,672.05	503.70	4,175.75
Salary of Office Clerk	456.00	907.75	1,363.75

Add Service charge for handling veterans' accts.		630.20	630.20
Net Profit	\$ 1,710.65	\$ 3,241.21	\$ 4,951.86

COLLEGE TO GRADUATE 119 IN 38TH ANNUAL EXERCISES Baccalaureate Set For Court June 1

Dr. Tully C. Knoles, noted western educator and speaker, will give the commencement address at the graduation ceremony Monday evening, June 2, in the college gym at 8:15. It will be the 38th commencement exercises for Humboldt State College.

Dr. Knoles is in his fourth year as Chancellor of the College of the Pacific after having been president of the institution for twenty-six years. He is widely known as a lecturer in California. He was also heard in a weekly radio commentary, "The World Today" for some 21 years. Rev. Carl Allen from the Methodist Church in Arcata will give the invocation and benediction.

Symphony To Play

The Little Symphony Orchestra, under the direction of Charles Fulkerson, will play for the processional, "Pomp and Circumstance" by Elgar and "March from 'Atlanta'" by Mendelssohn for the recessional.

Special music will be heard from the Humboldt State College a cappella choir with Leland Barlow directing.

Dr. Hyman Palais is marshal for the academic procession.

This year's graduating class is one of the largest in the history of HSC with 119 students receiving diplomas. The graduates include the students finishing their requirements from the 1951 summer session, the January graduates and the June graduates.

Seniors Wear Robes

Setting a new precedent, the Class of 1952 will attend the Baccalaureate Service, June 1, at 3 o'clock in the court of the administration building in their black robes, which have previously been worn only for the commencement exercises. The faculty will also be present in full dress.

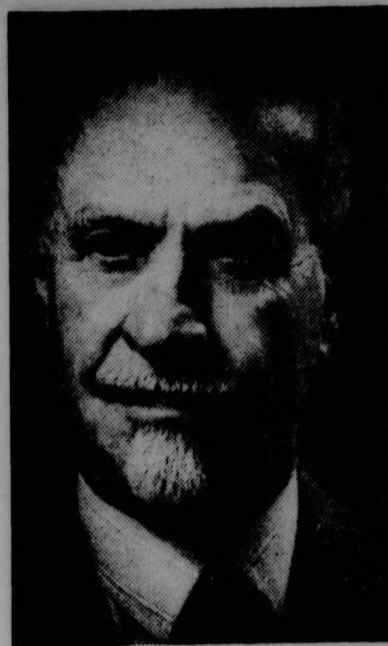

"Take or Risk" is the topic of the sermon to be given by Rev. Lester F. Eisel, pastor of the First Presbyterian Church in Eureka.

Father Cornelius O'Connor, from St. Mary's Catholic Church in Arcata, will read the invocation.

The Call to Worship, a chorale by Mendelssohn, will be sung by the Humboldt State College a cappella choir. Later the choir, under the direction of Leland Barlow, will sing "God So Loved the World" by Stainer and "Let All The Heavens Adore Thee" by Bach. They will also sing the benediction, "The Lord Bless You And Keep You" by Lutlin.

James Palmer, class president, will read the scripture.

Music for the processional and recessional will be played by an

Dr. Tully C. Knoles

instrumental ensemble under the direction of Charles Fulkerson.

Dr. Lawrence E. Turner, executive dean, will preside during the ceremony.

"Alumni, parents and friends of the graduates and the public are cordially invited to attend these exercises," President C. H. Siemens urges.

Commencement exercises will be followed by a reception by the Alumni Association in Nelson hall. Refreshments will be served.

Report Success For C. U. Bar-B-Q

Conservation Unlimited held their annual Bar-B-Q Sunday, May 11, at Camp Bauer and reported a howling success. Mr. John Dewitt, Fisheries professor, won a log chopping contest while Arnie Torrigino got his ax stuck in the log and couldn't pull it out.

Big Jerry Wetmore volunteered to hold the Badger in the Badger-Dog fight. When the "fight" was over Jerry threatened to throw Gebe Landgrebe in the river but settled with a good mauling. It was not determined who won the "fight," the Badger, the dog or Jerry.

Other field events were log bucking, won by John DeMartini and Mr. Elwood Sturdivant, and bait-casting by Bob Bentz. The Fisheries men whupped the Wildlifers in softball 17-3.

December 8, 1932

A new regulation at HSC: "... students may participate in one extra-curricular activity during the same semester in which they are doing their student teaching at CES.

Sale of ASB cards this year has totaled 98.2 per cent of regularly registered students, Frank Stegall announced.

LET THEM ACCEPT

"With the authority vested in me by the State Director of Education, I confer on you the Degree of . . ." With the sound of these words echoing in their ears qualified seniors will graduate from Humboldt State on June 2.

Many of them plan to continue their education in quest of higher degrees, but for others it will be the last page in a chapter of their lives. A chapter written by four years of study, of making friends, of participating in activities, of social gatherings, of learning to get along with the other fellow.

As these graduates assume their duties in society, we must implore them to justify the education they have received. We must be assured that they will develop into well-rounded citizens, through continued study, acceptance of their duties as a member of society, and by striving to bring their fellow-men together in peace that united they may build a better world for their children.

Let the graduate accept these creeds, and his education will have been justified. Let him accept them, and his life as well as that of others will have been made more worthwhile.

WHAT'S THE TROUBLE

During the first part of this semester, "Toads" Stebbins and Jim Yoakum, ASB president and vice-president, came to the realization that many college activities fell between the realm of Administration and Student Body functions. Within this realization they saw need for a group of students and administrators who could discuss and clarify these boundary issues, as well as indicating appropriate methods of solving the problems.

From this need was born the Student Body-Administration Clarification Committee composed of four administrators and four students. At present the committee members are Dr. Lawrence E. Turner, chairman; "Toads" Stebbins, vice-chairman; Danforth White, secretary; Dr. Cornelius H. Siemens, Dr. Leonard C. Christensen, Mr. Frank Devery, Jim Yoakum, and Leonard Cook.

Discuss Varied Problems

Since the first meeting of the group they have discussed and made recommendations on questions concerning the Universal Student Body Card issue, student recruitment, improvements in the cafeteria, editorial policies of the Lumberjack, and many other problems.

At the last meeting of the committee the question of foreign students at HSC arose. To all reports the committee found that there will probably be ten foreign students enrolling at Humboldt next fall. The group came to the conclusion that these students, who will be newly arrived in a strange country, surrounded by unfamiliar people and customs, will need the help and understanding of every student at the college.

Hospitality the Goal

It is the hope of the committee that by bringing this matter to the attention of the students before the new students arrive they will have an opportunity to discuss the situation and determine what they can do to make the foreign group feel they are a part of the college.

The students must remember that as well as trying to make the new students feel at home they will be acting as salesmen and sales women, selling our way of life in a democracy to the foreign students.

cently established a scholarship for students interested in the field of merchandising.

Also of interest in the business field is the offering of a new course in filing for one unit.

New Marketing Course Revamps Subjects At State

A two-year marketing (merchandising) curriculum is to begin in the fall semester. The purpose of this curriculum is to provide the students with information and skills which constitute a desirable background for employment in the fields of retailing, selling, and advertising, or for management of a small enterprise.

Courses for the new curriculum were selected with careful thought and recommendations from business men of the surrounding vicinity. Classes being offered have been revamped to place them in line with the new objective.

Supervised apprenticeship in local retail stores will be an integral part of the training program. Through this new program it is hoped that the needs of those going into the merchandising world will be better met.

Mr. Abrahamsen, owner of the White House in Eureka, has re-

Vets Advised On Summer Session

In order to be eligible for continued educational benefits under Public Law 346 (G.I. Bill), the veteran who is employed in teaching during the regular academic year must meet certain conditions. A list is available at the registrar's office.

Curricula leading to general and special credentials, refresher course, advance work and workshop approaches to practical learning will be given at Humboldt State College.

Visiting Faculty

Dr. Ivan C. Milhous, director of the summer session, reports that 18 visiting faculty members will join ten regular faculty members for the session.

"This year's summer session will include many new courses and instructors," stated Dr. Ivan C. Milhous, director of the summer educational program. The session extends from June 16 to July 25. Subjects of interest will be offered to visiting teachers, freshmen, and other people interested in education and liberal arts at Humboldt State College.

Curricula lead to general and special credentials, refresher courses, advanced work and workshop approaches to practical learning will be given. Liberal arts courses will be taught for students working for B. E., B. S., B. A. degrees. These courses are also planned to enable freshmen to begin during the summer.

Curricula leading to M. A. degrees, secondary credentials, and credentials in administration and supervision will be offered during this period, according to Dr. Milhous.

Ten of the 28 instructors for this summer session are now engaged in teaching at the college. The remainder will be made up of competent and well trained teachers, each well advised in many fields.

During the post session, July 28 to August 22, courses in education, history, and political science will be given. Teaching the classes will be Miss Sarah Cornelius and Dr. Hyman Palais.

TRACK COMPETITORS for the Jacks this spring have included the cindermen above. Left to right, back row, Jim Ingram, Don Ratzlaff, Capple Ioslu, Ken Gipson. Front row, Dick March, Bill Petrie, Hank Yamagata, and Bruce Johnson.

Jacks Total Points C.I.F. Track Meet In Field Event At At HSC Saturday Conference Meet

The annual Humboldt-Del Norte C. I. F. Track Meet will be held tomorrow, May 24, in Redwood Bowl. The schools participating are: Eureka High, Arcata Union High, Fortuna Union High, Del Norte High, South Fork Union High, and Hoopa High.

Qualifying trials will start at 10 a. m. At this time the 75, 100, 150, 220, 330, and 440 yard dashes will be run, in addition to the high hurdles and the pole vault.

Finals in all track and field events will begin at 4:30 p. m.

A yearly event at HSC, the meet is managed by Birger Johnson, an instructor in the department of health and physical education at HSC, with the assistance of Mel Klein, track coach at Arcata Union High School. Art Stegman, instructor in industrial education at HSC, will probably be the official starter. P. E. majors at HSC will help.

Judging by the season's results, says Birger Johnson, the pre-meet favorites are Arcata to take first place with Fortuna a close contender.

Instructors To Leave; One Hired

Five instructors at HSC have announced recently that they will not return to HSC next semester.

Mrs. Gayle C. Merklin, assistant professor of home economics and Miss Mell Trump, instructor in home economics, have indicated they will not return for the fall semester.

Mr. Walter Beaver, instructor in speech and radio, stated that his plans are to move to Santa Monica and try his hand as a novelist. Whether he succeeds at the fiction medium or not, he reported, he does plan to eventually return to the teaching profession.

Assistant Professor of Economics Howard V. Finston is leaving to enter the business world in Los Angeles.

The CES Librarian, Mr. Robert Freeman, has also announced that he will not return next semester.

A leave of absence has been granted to Mr. Charles Roscoe, assistant professor of physical sciences. Mr. Roscoe expects to use his leave to complete the requirements for State Engineer.

In addition to the five vacated positions two new professorial posts have been established for the fall semester. The new two-year dairy agriculture course has created one opening and the other is in the biological sciences.

Mr. Danial Brant of the University of California has been named to fill the post in the Division of Natural Sciences, according to Dr. Harry D. MacGinitie, chairman of the division.

Draft Boards Plan To Check College Deferrals

Draft boards are due to open all cases of students with educational deferments according to the officials at the National Selective Service Headquarters.

This will involve 230,000 young men, probably all 19-year-olds and older. A deferment cannot be granted until the youth receives notice of induction.

According to the present draft law, the local board cannot grant deferments for more than one year. "Regulations specifically require the reopening of cases at the end of the academic year for all youths granted educational deferments to attend college. As of Feb. 29 there were 209,810 in this category.

Under law a student not previously granted an educational deferment is entitled to one, upon his request, to finish an academic year he has started in

Wildlife Students Find Employment

Each summer many of the wildlife students find employment with various governmental agencies. It is during this period that much practical knowledge is gained.

The following is a partial list of the wildlifers and where they will work: Arnold Torrigino and Glen Griffith—Sheldon Antelope Refuge in Nevada; Vic Oglesby—Tule Lake Waterfowl Refuge; George Wurst, Don McIntosh, and Bob Kirkpatrick—Honey Lake Waterfowl Refuge.

Jim Yoakum—Antelope and Sagehen range in Modoc and Lassen counties; Joe Mullis—Stream survey in California; Bill Heins and Frank Toon—Alaska with Fish and Wildlife Service; Carl Marlow—Predator work in Modoc county; Don Gastineau—Porterville game farm.

Joe Eakins and Frank Schobel—Yountville game farm; Les Lahr—Fort Bragg sampling commercial salmon catches; Vernon Hennessey—Sequoia National Park; Dan White and Ray Johnson—Crystal Lake Recreation Area.

Don Gridder, wildlife graduate, plans to work at Gray Lodge Waterfowl Refuge. Another graduate, Walt Landgrebe, will work on deer management at Lakeport, Calif. Jack Spruill is also graduating this semester but has not made up his mind as to a permanent job.

Ralph Pickens, fisheries graduate, has been offered a scholarship at the University of Hawaii. Jack Sheridan, also a fisheries graduate, is to take graduate work in fisheries at the University of Alabama through a scholarship.

Coeds At Oakland For Home Ec

Five college coeds attended a three-day home economics workshop at Mills College in Oakland, Feb. 8-10.

President Joan Orland, Jo Ann Pellegrini, Dorothy Anderson, and Donna and Dolores Pope of the local college Home Economics Club were the college delegates.

Conference workshop sessions focused principally on career opportunities in the home economics field.

college, provided he maintains a satisfactory class standing. There were 17,287 such "statutory deferments" on Feb. 29.

Little Man On Campus

by Bibler

"The professor likes students to be on time for final exams."

Fisherman Has Troubles With Prodigious Fish

By ED HANSEN

Blackened faces are no longer in style for the wildlifer. The annual clam-bake, which tradition dictates must be attended with whiskers, is now history.

Long will the taste of clam chowder and tap-foam last in the wildmen's mouths. As well, minds will never forget the tall tales spun that evening. A new name is added each year to the liars' belt which hangs in hut 3.

It's a Whopper

This year Glen Griffith's name will be carved on the belt for all men to see. His lie (truth he says) went something like this:

"While fishing on a nearby river (the name of which he would not expose) with a fly rod, I hooked onto one of the largest fish I've ever seen. My line broke immediately. Hurriedly I ran for a heavy surf rod and hooked him up again. This time the fight lasted a few seconds and then the line snapped. In disgust I ran for a heavy cable and winch.

"After some time I finally enticed this huge denizen of the water for the third time. The battle was on. We both pulled so hard that the two banks of the river came together and buried this prize fish of mine.

Need Big Equipment

"In hopes of taking him home, I got a bull-dozer and steam shovel and proceeded to move dirt from around his beautiful form. Eventually my prize was completely uncovered. I then wrapped huge cables around him with the thought in mind of placing him on a flat car. The cable broke, however, due to the excess strain.

"I tried everything but to no avail. Finally, in desperation, I took a colored picture of him with a 35 mm camera. No one would believe how large that fish was without a picture. Do you know he weighed so much that the finished colored slide weighed seven pounds."

Construction Money Here For College Improvements

The State Public Works Board on April 28 approved funds totaling \$175,900 for equipment and minor construction improvements for Humboldt State College, according to President C. H. Siemens.

Of this amount, \$52,500 will be applied to complete the equipment and furniture required for the new Science and Library buildings. The remaining \$123,400 will finance 19 improvement projects throughout the campus, including the correction of heating and drainage problems at the College Elementary school, and a new roof for the gymnasium.

Other work will include remodeling and painting of various offices and classrooms, a west entry into the football stadium, a new access road, a major landscape project and other improvements.

Dr. Siemens pointed out that these funds will make it possible to put the campus into excellent condition for the first time in many years.

DIVIDE WITH TOWNIES

Humboldt State played two cage games against a pair of city league teams from Eureka. One was with the Bucksport Merchants and the other with the City League All-Stars.

The Jacks came out on the short end of a 55-50 score against the Merchants but came back strong to defeat the All-Stars 62-55.

High point honors for the Jacks went to Glenn Wallace and Bob Dunaway with 14 and 15 points, respectively.

ROUNDUP OF GOLF - TENNIS

By Jackie Loeb

May 3 was the date of the first Far Western Conference meet, held at Chico. Both golf and tennis teams participated there.

The golf consisted of medal play (total team strokes), Humboldt going down to defeat on all counts. The Chico golf team all shot 80 or under and several played par golf. Chico's team is undefeated as a golf team with much experience under their clubs. Humboldt's golf team is of freshman status.

Tennis Brighter

Tennis had a little brighter outlook at the meet. Geary and Lincoln won their doubles match and Geary a singles to give us a 2 out of 9 count. Chico had a senior undefeated team in dual match play. Chico shut out such schools as Sacramento State, Fresno State, and Nevada as well as the FWC.

Ashland, May 10 was the date and place of the second FWC meet. Geary and Lincoln won the doubles, and both won a singles game to give us a 3 out of 6 count.

May 16-17 were the days of the Far West Conference meet, held at Chico. In golf we were completely outclassed by Chico and the Aggies as both schools have a senior golf squad.

In tennis in dual play Geary and Lincoln are undefeated. In the FWC meet they were shut out in the finals 3-2, with a two game tie which Chico broke with a 7-5 set.

Jacks Young Teams

Our tennis team is composed of all freshmen except for Walt Greene and we should have a strong team next year.

A week from Saturday the golf team has a match with the faculty.

Elwood Sturdivant, coach of golf and tennis stated that "We are the only teams in these sports that are virtually untouched by graduation."

Junior Top Field In Playday Games

When the scores of the various games played at Camp Bauer on Play Day, May 14, had been tallied, it was discovered that the juniors had won, with a score of 28 points, eight points more than the second place freshmen class. The same class that won last year had retained the winning spirit and won this year's contest.

The sophomore class placed third with a score of 19. The senior class had to do all the clean-

GRID JACKS RETREAT TO WILDS SEPT. 1

FUR, FIN 'N' FEATHERS

By Ed Hansen

Peeps of ringneck pheasants may now be heard streaming from the area just north of Nelson Hall. Each year around 200 chicks are reared by the upland game birds class.

It is the job of each member of the class to feed, water, check air temperature, and dispose of dead birds at varying intervals during the semester. By taking part in this rearing program the wildlifer adds that much more to his practical knowledge.

During the latter part of the summer these birds will be released in areas surrounding Arcata. They are not turned loose with the idea of greatly increasing the breeding population because this area is not suited for wild production. However, these birds will provide some hunting for local residents.

A recent occurrence stressed the fact that close observation of the chicks is necessary at all times. Sometime during the middle of the night two weeks ago, the power going into the brooder was interrupted due to a short in the wiring. As a result over 50 chicks were lost by chilling. Happenings like this is but another problem which the wildlifer must cope with.

From 8 Hi Schools Girls Enjoy Playday

High school girls from eight schools in the area attended the Girls' Annual Play Day Saturday, May 17.

Sponsored by the Women's Athletic Association of the College, the program for the day consisted of play periods in the morning of volleyball, basketball, softball and track and field events.

Lunch was served followed by a dance routine.

Jacks Drop To Merchant Nine
Don held the vaunted Humboldt battling power to a scratch in-field single as he and his mates played heads-up ball to gain a 4-2 decision.

ing up because they came out on the bottom of the score list with a total of 15 points.

We might as well forget the faculty's score . . . three points.

Play First Game In Eureka Sept. 13

Head football coach Phil Sarboe, recently announced that tentative plans have been drawn up allowing the football team to have a training site away from school next fall.

If the few last remaining problems are ironed out, 40 football hopefuls will journey to Garberville and from there to the Y. M. C. A. camp which is located just outside the town about September 1.

Sarboe's main object in training his men is that it is much warmer in that area and getting in shape is much easier. Besides this fact, there is also morale to contend with; this, Phil feels, will be ably handled as the squad will be one big group. The camp will last seven days starting Sept. 1. Two workouts will be held daily during this period.

The two main problems confronting Sarboe and his staff at this time are first, hiring a cook to feed the ball players, and secondly, how are they going to get the equipment down there. Sarboe seemed quit confident that these problems could be worked out.

23 Lettermen

Returning lettermen to greet the coaching staff of Humboldt are: Centers Gene McKamey and Steve Kezely; Guards, Bob Syvertson, Gene Marks, John DeMartini; Tackles, "Red" Peterson, Wes Willits, Don Ratzlaff; Ends, Glenn Wallace, Bob Eggers, Bob Dunaway; Halfbacks, Jerry Garcea, Ray Kozluk, Eldon Watts, Hank Yamagata, Dick Stacy, Ken Gipson, Tim Corrigan; Quarterbacks, Dennis Kinser, Bob Kezely, Ray Mechals; Fullbacks, Bob Girsback, Keith Darling.

The loss of such grid standouts as Walt Greene, Jerry Schroeder, Chuck Martzall, Fuzzy Lampela, and LeRoy Cockrum, will be greatly felt by the "52" edition of the fighting "Jacks."

Game At Albee

"Our first game of the season will be Sept. 13, with Oregon Tech at Albee Stadium," stated Coach Sarboe. The reason for the game being played in Eureka is because of construction going on around the campus coupled with the fact that a game in Eureka may possibly stir up more interest in Humboldt's athletic program.

Fiskness To Play For Crabs Club

The Humboldt Crabs solved a big problem last week by signing Jack Fiskness, Humboldt States' sensational first baseman. Jack played great ball for the college this year and is expected to carry on with the local semi-pro club.

"Fish," as Jack is called by his teammates, stands six foot two and weighs one-hundred and eighty-five pounds. He hails from Spokane, Wash.

As far as covering the initial sack the Crabs won't have to worry, and at the plate Jack will come through when the chips are down.

STUDENT WIVES' PICNIC

The Student Wives' Club held a picnic at Humboldt Village last Sunday, May 18. Every family attending brought at least one dish and there was chow and kids all over the place. Volley ball and softball were played after the eating was over.

Jacks Divide Bill With Oregon Owls

Humboldt State and Oregon Tech divided two lopsely played ball games recently at Klamath Falls. The Jacks won the first game 9 - 8. Graduate Wally Maciel pitched four hit ball, but his mates committed several crucial errors in the field.

Humboldt garnered sixteen bingles. Bill Joy, Jacks' catcher, lead the barrage with a single, a double and a triple in four trips.

The Owls jumped on starter Bob Matthews in the third inning of the second game and turned it into a wild affair. Two Owls hit round-trippers.

The Hilltoppers could'nt do anything right and the Owls were magnificent both at the plate and in the field. Southpaw pitcher Bob Tykeson pitched three hit ball for the victories.

REDWOOD HALL LEADS

The Intramural League standing so far shows Redwood Hall in first place with a total of 400 points. The Independents follow a close second with 350 points. Nelson Hall and Conservation Unlimited are tied for third with 300 apiece. The faculty holds fourth berth with 150, and the Knights and W.A.A. are tied for

Coop To Sport Intramural Cups

Winners of the 16-inch trophies to be placed in the Coop showcase are: Teams: Volleyball, Faculty; Baseball, Nelson Hall. For individual trophies to date are: Badminton singles, Jerry Zattola; Badminton doubles, Jerry Zattola and Wally Maciel.

Redwood Hall and Independents lead softball in the home-stretch, while tennis singles are between Jack Braun and Allan Berg. The doubles are yet to be played.

Next year's intramural program, for which trophies will be awarded, include, for team awards, football, volleyball, basketball, and softball. For individual awards, tennis, ping pong, badminton, and bowling.

These trophies are 16 inches and will remain in the Coop showcase. They will have name listings for approximately ten years.

To be included in the trophy presentations, a 20-inch trophy will be awarded to an "outstanding intramural athlete," either a man or woman who accumulates the highest number of points in the school year, 1952-53.

Girls may enter into the intramural activities such as tennis, badminton, table tennis, bowling and softball.

A 16" trophy will be displayed in the Co-op, following the competition, with the names of the winners for 1952 enscribed thereon.

cellar honors with 100 points.

There are eight more games to be played in softball play.

INTRAMURAL SPORTS are taking an increasingly important place in the HSC sports picture. The new trophies for the between-the-classes program are pictured here in the Coop. They will be encased there, duly engraved with the names of the sports winners. With the inanimates are two animates, Adrian Mendes and Pauline Domagalla.
