Harmer Elected ASB President As 315 Students Cast Votes

MAPPING PLANS for the next academic year is the work of this quartet of newly elected officers of the HSC Associated Student Body. In the May 5 balloting Adrian Mendes (left) polled the most votes in his successful bid for vice-president; Pat Crowe, a returnee to the campus this semester is the new secretary; Tom Turner will supervise finances as treasurer; and Dick Harmer (right) will direct the work of the work of the Executive Council as ASB president.

350 High Schoolers Enjoy 'Senior Day'

Under the direction of Marylin Eshleman and Dr. Stanley Spaid of the Greater Humboldt Committee, the second annual Senior Day, April 19, proved to be a big success.

The purpose of Senior Day was to introduce HSC and college life in general to those who are potential college freshmen.

It is estimated that 350 seniors from eight different high schools in Humboldt, Del Norte, and Mendocino counties attended the activities which included tours of the campus, which were conducted by members of the Spokes and the Knights. These activities also included visits to the various classes of their choice, free lunch, an entertainment program which included tumbling and parts of the road show, and a short rally featuring the college choir, which ended the day.

Schools attending the Senior Day festivities included Del Norte, Arcata, Eureka, Ferndale, Fortuna, Leggett Valley, Fort Bragg, and Laytonville.

Yearbook on the Way
Sempervirens '52, the HSC yearbook, is due to arrive on the campus for distribution to students either Friday of this week or early next week.

ASB card-holders will receive free copies in the lobby of the administration building. Watch the Daily Bulletin for the D-Day (Distribution Day). Copies number 700.

April 5, 1934

"Garff Bell Wilson will be the main speaker at the program for the Senior Banquet and Ball which will be held at the Eureka Inn May 11."

Schedule For Final Exams Released By Registrar

Exam time once again rolls around to the Humboldt State campus. The finals begin this year May 24, and continue through May 29.

For June and January graduates, baccalaureate services will be held June 1, graduation exercises will follow on the evening of June 2.

Bells Will Ring, Fund Drive Shows

College Memorial Carillon came one step nearer to reality with the presentation to the fund of a check for \$1,000 from the Associated Students.

This raises the fund to approximately one-half of the total amount required to purchase the Deagan Celeste-Chime.

The donation was approved by the student body by a vote of 179 to 132, to be taken from the reserve fund.

The electronic instrument will be located in the main building of the College with the speakers located in the tower.

"Because of the electronic nature of the instrument it will be possible to hear the bells all over Arcata without having them be too loud in the immediate vicinity of the college," reports Executive Dean Lawrence E. Turner.

Dr. Turner is acting in an advisory capacity to the student committee.

HSC SUMMER SCHOOL

Veterans who plan to pursue teacher training courses during the 1952 Summer Session at Humboldt State College from June 16 to July 25 are being advised by the Veterans Administration to acquaint themselves with VA regulations.

Cross Party Lines; TMT Takes 5 Posts

Dick Harmer, a junior majoring in business administration, was elected president of the Associated Student Body in the spring election May 5.

Party lines were split in the balloting which saw three members of the TMT (Titlow-Mendes Ticket) take officer posts. Adrian Mendes was named to vice-president, Pat Crowe, secretary and Tom Turner, treasurer. Harmer carried the banner of the Best party to the polls.

In the fall President-elect Harmer will take over for Francis "Toads" Stebbins, who will return to the campus as a senior, free of political duties. Other retiring officers are Vice-president Jim Yoakum, Secretary Alice Stockhoff, and Treasurer Pat Ball.

New President Speaks

New President Dick Harmer feels no qualms about his new assignment. "The responsibility is nothing new to me. I have assumed quite a few previous responsibilities, although not to this extent. I place a lot of confidence in the officers that I have to work with next year. They are hard workers, ambitious and intelligent." Dick was formerly the president of the student body of his high school at Crescent City, about half the size of HSC.

Two council-women elected are freshman Jackie Ambrosini, education major; and Blanche Evans, majoring in journalism. Ambrosini had 216, Evans 197.

Watts and Smith

In a close runoff race for the men's council position Eldon Watts with 179 votes and Jerry Smith with 165 topped Bob Matthew's 142.

(Continued on Page Three)

On To Camp Bauer; "Graduation" Over

Now that the seniors have seen themselves graduate from Humboldt State in this year's Faculty Show held this morning, they will climb into cars to join the Caravan for the All-College Picnic at Camp Bauer. The program today will last beyond night-fall.

If It Rains

In the event of rain at noon-time, the time of departure for Camp Bauer, Miss Kate Buchanan, dean of women, says the picnic will be called off until a later date. Classes will be resumed for the day, if the festivities are dampened.

A varied program of eating, sports, contests, and class competition will precede the free dinner at 5:30 p. m. and the evening dancing 7:30 to 10 p. m. Dick Harmer, chairman of the annual event of the Lumberjack campus, is urging students to bring their families as well as their lunch.

Mock Ceremony

In a mock commencement exercise in the College auditorium the faculty portrayed senior students accepting the coveted sheepskin. Softball pitcher Kay Walsh and "Miss Eureka" Beryl Sannazzari were among graduates who received special honors.

Commencement speaker was Baron von Humboldt who paid a return exploring visit to the Bay area and college named after him. The faculty show had two performances at 9 a. m. and 10 a. m. Admission was 10 cents, to augment the emergency fund.

Despite the "graduation," seniors still must take final exams May 24 to 29, before the real commencement ceremony June 2 on the campus. No carryover in the mood of the ceremony is anticipated.

Bonfire Singing

On the program at Camp Bauer later in the day bonfire-singing will accompany the free dinner, which is being financed from student body funds. Eddie Clay's combo will probably be the music for dancing.

So it's no classes today in these intellectual circles as members of the faculty and student body join in all-campus playday festivities. On to Camp Bauer!

College Donates 90 Pints In Campus Blood Drive

Ninety-three pints of blood were donated April 30, by students and faculty in the College Blood Drive at the Student Union building. A mobile unit of the Northern California Community Blood Bank was stationed on the campus from 11 a. m. until 6 p. m. Several nurses were in attendance and coffee, fruit juices and doughnuts were served donors. The pre-drive goal was 75 pints.

The blood donated will be assigned our fighting forces overseas in Korea, according to Louis Cimini, student organizer and chairman of the blood drive.

CAMPUS CALENDAR

Today—Faculty Show, 9, 10 A. M., All-College Picnic
May 15—Little Symphony Concert (College Auditorium)
May 24—High School Track Meet and Barbecue
May 24-29—Final Exams
June 1—Baccalaureate Services
June 2—Commencement

Spring Concert, Little Symphony Set For Thursday

Final rehearsals are underway at Humboldt State College for the annual Spring Concert of the Little Symphony Orchestra, to be held in the College Auditorium Thursday evening at 8:30 p. m.

Under the direction of Mr. Charles Fulkerson, who is in his seventh year as head of the orchestra, the program will include selections of Mozart, Haydn, Handel, Schubert and Bartok. Shirley Pitlock will be the featured soprano soloist in Mozart's "Alleluia."

Many members of the community have places in the orchestra as well as 43 college students, both men and women.

Tickets will be on sale at the door.

DAIRYING COURSE DUE IN THE FALL

Next fall a two-year curriculum in dairying is to begin at HSC. At the present time there is a search for an instructor to handle the specialized courses involved. Such classes as soil and pasture management, dairy herd management, farm mechanics, and animal diseases and physiology will be offered.

The purpose of the curriculum is to provide opportunity for advanced training in the applied aspects of dairy farming, and to develop certain phases of general education.

With the addition of this new curriculum HSC is broadening its service to the community. It is hoped that through this program dairy students will be better equipped to meet the various problems that will confront them when engaged in the industry.

Questionnaires were sent to high schools in the surrounding areas in an effort to find out how many students would be interested in such a program. So far, a total of 18 high school seniors have shown a desire to enroll in the dairy curriculum in September.

New College Presidents

Two new presidents have been appointed for California State colleges recently. Dr. John T. Wahlquist is the new head of San Jose State College and Dr. Malcolm A. Love will direct San Diego State College.

BALCONY SEAT

By Blanche Evans

A joyous happy-go-lucky feeling enveloped the audience during the run of the "Sing Out Sweet Land" as its light rollicking folk songs, mournful love songs and rhythmic melodies were sung against the ever-changing scenes. The HSC music and drama department production was sold out for all three nights, May 8, 9, 10.

The setting of the story begins in a Puritan village and continues on through the years with scenes from Colonial Virginia, the Illinois Frontier, the Western Trail, the Mississippi River Boat Days, the Civil War, the Iron Horse days, and on into the Gay Nineties and Roaring Twenties.

The plot centers around a fun-loving irresponsible boy, Barnaby Goodchild and his adventures. In most musicals the plot is secondary and so some critics felt that the beginning and ending of this musical was weak. The middle section was rated as excellent.

Scenes Kept Moving

The pace of the changing scenes was described as "superb" with the exception of the first two or three which were felt to be a little slow by some students.

The costumes were exceptionally good as they appeared to be realistic to the least detail of the era in which they were used.

One critic described the scenery as "simple but effective." The props and lighting were suggestive of different periods and set off the players.

The entire cast deserves congratulations on their display of talent. Particularly outstanding were Bob Titlow, Shirley Pitlock and Jerry Beck.

Outstanding Players

Titlow as Barnaby Goodchild, an irresponsible, fun-loving, singing and dancing enthusiast, unified the show. Although he appeared in almost all twenty scenes, Titlow kept his audience with him as he sang and danced his way over the United States through the pages of history. Here and there he brightened the life of some group with his songs or nearly lost his life, only to be saved by a woman.

Titlow managed to be, not only a comedienne, but also capable of serious acting such as in the tender love scene with the Little Mohee, Shirley Pitlock.

The heroine of the play was Shirley Pitlock, who, although she changed names and costumes, was recognized by her golden voice. Shirley first appears as the Puritan maiden. She is seen in a very touching love scene with Titlow as the Little Mohee later. Students

Letter To Editor

There was once a family who lived in a house made of cardboard, scrap lumber, and tin cans. They saved \$5500 and bought a new car. Their house was crowded—they had six children—but they had a big new car which impressed their neighbors.

This situation seems comparable to the present one at Humboldt State College.

Sincerely yours,
Irene Culver.

liked her, also, in the Gay Nineties act in which she sang "Heaven Will Protect The Working Girl."

Jerry Beck was the villain of the play, sometimes in costume, sometimes in manner, but always yelling at the top of his voice. He is the Parson Kiljoy who first sends Goodchild on his way.

Critics were particularly taken with him as Big Bear, who cried into his Kleenex, drowning out Titlow's song, "Clementine." In the Gay Nineties he was the typical melodramatic villain after the unsuspecting country girl.

Voice Rated High

A great many compliments were handed to Ed Solenberger as another outstanding player. One critic felt that Solenberger's voice rated next to Shirley Pitlock's in quality.

Jackie Ambrosini captured her audience with her version of "Frankie, whose man had done her wrong." The suggestive rhythmic movement in this scene was unusual as well as good. Jackie was also seen in the Iron Horse days as the widow of Casey Jones.

Another voice which deserves mention is that of Marilyn Raglin. Yvonne Morrison and Darlene Peterson added to the score of good solos.

Working with the students in making the musical a success was Mr. Walter Beaver, stage manager; Mr. Leland Barlow, musical director; Mr. John Van Duzer, technical director; Mr. Charles Fulkerson, pianist; and Mrs. Hermie Johnson, special choreography. These advisors along with the entire cast put on a show that will not be forgotten soon.

Dr. Siemens To Give Commencement Address

President C. H. Siemens will give the commencement address at the Southern Oregon College of Education June 1 in Ashland. "Democracy's Greatest Challenge" is the subject of his talk. Dr. Elmo Stephenson, president of SOCE, extended the invitation to Dr. Siemens.

The Humboldt State College president will return to the campus for commencement exercises here June 2.

CHANGE DUE FOR DORM CONDITION

Something new might be added for next year, according to Dr. Leonard Christensen, dean of students. This something new is the possible remodeling of one of the college-owned houses, which skirt the campus, for use as a dorm for either men or women.

The reason of this possible change in housing arrangements would be to relieve the crowded conditions that exist in the west wing of Nelson Hall at the present time.

If this step is taken, it will be because there is a large number of students registering for on-campus housing. Whether men or women get into the new house (if it is set up) depends on the percentage of men and women wishing housing.

Such a house would be set up in the style much as the dorms are run with a married couple as house mother and father. This move is not definite and won't be until the number of students registering for on campus housing is determined.

The Dean of Students says it would be a wise move on the part of the students who are returning next fall to reserve their present room with their dormitory head resident, if they want to insure their having it next fall.

CAMPUS IMPROVEMENTS

Paving the parking lots behind Nelson Hall and the Co-op will be one of several improvements to be undertaken during the summer vacation, stated Dr. Cornelius H. Siemens, president of the college.

Other projects to be completed on the summer work schedule, reported Dr. Siemens, are a new access road to the gym area, west entry gates to Redwood Bowl, a new roof on the gym, the painting of several structures, and the beginning work on major landscaping operations.

May 14, 1952

SUMMER—YOU NAME IT

Summer with its leaf green cloak trimmed in yellow grass; reaching with slender fingers to stroke a virgin seedling; giving it light and life with one moment only to suck the needed moisture from its very roots the next.

Summer, heralded by spring and singing birds, carpets of color and delicate petals.

Summer, beckoning the young of Nature's creatures to leave the security of their mother's breasts, yet lighting their way as they glide over field and forest or make their way down unknown trails.

Summer and the sun playing hide and seek with the shadows.

Summer, calling children and their elders to play in its brightness, yet punishing them if they linger too long.

Summer, luring students away from their books while teachers caution them. Take care, beware. And yet while the teacher speaks, his thoughts are of a singing brook or with the blossoms in a garden or in a strange and faraway land.

Summer, when thoughts too soon wander from the text to dwell with the ancient sun god, when thoughts are jarred to awareness by "final, tomorrow."

An attempt to release this pent up wanderlust takes place today when students and faculty meet with two summer gods, sun and play, at Camp Bauer. It is hoped that the students will use this day to spend their outdoor energies with the thought of returning to classes refreshed and ready to do glorious battle against the texts and tests.

Summer when grades of A through F are received by anxious students.

Summer when promises that next year will be different are solemnly spoken.

Dan White

New Athletic League

The presidents would have final authority on all conference matters although the loop would be governed by chairmen of the physical education departments of the member schools.

BASEBALL

Last year in conference play the Green and Gold won three games and lost five. That season's record showed 10 wins and nine losses for a respectable .529 percentage. Previous to the Southern Oregon game this year's team was hitting .333 in league play .245 for the season.

BASEBALL SQUAD looked like this at the start of the season. Coach Phil Sarboe's men have played fine ball this spring. From the left, first row, L. Paynter, A. Perra, A. Braud, D. Harmer, J. Garcea, J. Gillogly, B. Selsor. Second row, R. Pryor, D. Sorenson, D. Trone, M. Hurd, K. Darling, B. Kessely, B. Petrie. Third row, G. Wallace, J. Fiskness, G. McKamey, B. Matthews, B. Joy, B. Dunaway, S. Kessely, A. Menke.

FUR, FIN 'N' FEATHERS

By Ed Hansen

There are two kinds of fishermen—those who fish for sport and those who catch something.

For years doctors have prescribed fishing when ever a patient fails to respond to the latest "pink pill." It's really strange what effect fishing has on man. All cares and worries cease to exist when rod and reel are in hand. Only the thought of that tug on the rod-tip and the line zig-zagging through the water fills the head of the mighty fisherman.

Carefree Optimist

Besides the development of a carefree attitude, the mere act of fishing develops a healthy mental attitude. For who can deny that a fisherman immediately becomes an optimist whenever he buys all the necessary equipment, travels long distances, and with eagerness drops a fly or salmon egg in the water. Yes, it is surely true, all fishermen are optimists—at least for the beginning of each fishing day!

Now let's get down to actual fishing facts. On May 3 the fishing season in the lagoons opened up. It is interesting to note that enthusiasm for fishing these waters has been increasing the past few years. The great horde of fishermen showing up at the lagoons did a fair job of filling their creels. Ford fenders with worms or fly trailing and orange flatfish seemed to be the most productive lures.

More unspawned trout were seemingly caught in Stone Lagoon than at Big Lagoon. Due to lack of spawning, Clam Beach lagoons offered mostly large-sized fish.

The \$3 Slip

The rest of Humboldt county will open on May 30. If you are around this summer or have time before finals begin, why don't you try wetting a line or two. Let me warn you, just in case you've never fished before, that it's a disease—an incurable one. Oh, by the way, don't forget that little \$3 slip of paper that the state issues to all fishermen on request.

In the Far Western Conference selections in basketball last year the Jacks could not place a man on the first team or the second team. Almie Allen earned honorable mention for his play on the all-star selections. Verne Butler, Chico State basketballer was a first team selection for the second time last year. He returned this year, holding several scoring records in the conference.

Miss America Candidates

Darlene Peterson and Shirley Pitlock have been chosen to contend in the Miss Eureka contest. The contest will be held on May 23, in the Eureka Junior High School auditorium. The winning contestant will represent Eureka in the Miss California contest at Santa Cruz. Miss California goes to Atlantic City for the Miss America contest.

Miss Peterson is being sponsored by Brizard's, and Miss Pitlock's sponsor is Daly's.

The judges will base their decisions on talent as well as beauty.

ELECTION RESULTS

(Continued from Page One)

The vote was high among over 300 ASB members as Harmer topped Bob Titlow, 186-121; Mendes headed Al Braud 213-102, Pat Crowe won 175-131 over Nelcyne Smith; and Tom Turner took Ed Hansen for the treasurer post, 164-146.

\$1000 For Bells

One measure on the ballot which passed the approval of the student body was the Memorial Carillon, approved by a vote of 192 to 137. The approval provides that the ASB give the Carillon Committee \$1000 donation from the ASB reserve fund for the purchase of bells for Humboldt.

The revision of the ASB constitution was approved by the collegians by a wide margin of 255 to 39. In effect, it has rewritten the old law and streamlined student government operation. Many proposals of the new measure will not be carried out until next year, Stebbins pointed out, such as commissioners for committees and the recommended inter-club council.

Concerning the current discussion of an inter-club council, Dick says,

"I would like to see organizations brought closer together by the use of an inter-club council. This would mean a more democratic government through more representation."

Harmer Has Plans

Concerning the plans for next year, Dick intends to organize the sale of student body cards. He says that this is the first big headache and that in reality it is a job and a half; it takes a lot of time and energy. The rule about using facilities and participation in school activities derived from the ownership of a student body card will be strictly enforced. He hopes there will be more student reduction prices at local stores and theaters. When asked about the possibility of Universal ASB cards he said that it would be brought up if there were enough students who wanted to vote on it.

When the subject of the lack

BEAT AGGIES TWICE

The strong finishing Humboldt State baseball team added two more victories by downing California Aggies, 11 to 0 and 8 to 0 April 30 at Albee Stadium in Eureka.

Bob Kessely turned in a brilliant pitching performance for the Lumberjacks, as he was credited with both victories. In the first game Kessely did not give up a walk and allowed only two hits. He threw only 63 pitches.

The second game again saw iron-man Kessely starting for the Jacks on the mound. He went four innings allowing only one run and five hits before being relieved by righthander Larry Paynter.

Paynter went the final three innings pitching shutout ball. Defensively the Jacks could not be topped. In the two games the Lumberjacks committed only one error.

Like Di Maggio

Keith Darling made the fielding gem of the day. He turned at the crack of the bat with his back to the ball and leaped in the air to make a backhand stab of a long drive to centerfield.

Dale Sorenson had three for three at the plate in the first game for batting honors, while Jerry Garcea and Darling teamed up to lead the Jacks in the second game.

Lose To Scotia, 4-3

Humboldt State traveled to Scotia Sunday to lose a close ballgame 4 to 3.

Jerry Nelson was the winning pitcher for Scotia, while Bob Matthews was the loser. The ballgame was well played and was not decided until the last inning.

The big blow of the day came when Jack Fiskness blasted a tremendous home run to left-center.

Faculty Golfers Lose Match To Student Sharpshooters

Members of the HSC golf team walloped the brave of the faculty Saturday morning in four matches played.

Keith Sharpe took Bill Himstreet; Frank Pike topped C. H. Siemens; Fuzz Lampela won over J. N. McIntyre; and Whitey Hytonen was victor over Ivan C. Milhous.

Sharpe with 79 and Himstreet's 82 were the best rounds of the day.

of participation in school affairs by many students was brought up by your reporter, Dick advanced the opinion, "I would like to see a great number of students take part in a few activities rather than to see a few students take part in a great many organizations."

SOCE TAKES TWIN BILL; LEAVES JACKS IN 2nd

The HSC Lumberjack finished up the 1952 Far Western Conference season last weekend on the short end of a double-header against the Southern Oregon Red Raiders, 2-6, and 5-6. The team made the trip minus three key players, Gillogly, Hurd and Selsor. Coach Sarboe barred the trio for breaking training rules. The three missing regulars were the difference that dropped the Jacks firmly entrenched in second place.

Bob Losing Hurler

Bob Kessely, who two weeks ago received credit for winning a twinbill from the Cal Aggie Mustangs, was charged with both a 6-2 defeat in the first game and a 6-5 loss in the nightcap at bats of the Raiders.

Humboldt trailed throughout the first game as the Raiders collected six safeties off Kessely. Larry Paynter started the second and the Lumberjacks spotted him to a 5-1 lead in the early innings but the Raiders whittled it down and finally tied it up at five all, scoring the winning run in the last of the seventh when a runner was caught between third and home in a run down but was hit by the ball and he checked in to end the contest.

The Far Western Conference game scores for Humboldt add up to a 5 win, 5 loss column. Individual Conference game scores are Chico, there, 7-8, 2-13; SOC, here, 19-5, 8-1; Chico State, here, 6-9, 5-4; Cal Aggies, here, 11-0, 8-1; SOCE, there, 2-6, 5-6.

Hurd Leads Hitters

Averages compiled by the team's statistician revealed

that catcher Mel Hurd is setting the batting pace for the "Jacks" in conference games as well as all contests played to date, with a .385 clip.

Second baseman Jim Gillogly is right behind Hurd in the conference averages with .323, and leads in the most hits department with 14 against league teams and 20 against all comers.

Dale For Extra Bases

Long ball hitting honors go to outfielder Dale Sorenson who bashed out four doubles, three triples, and a home run this season. By an odd coincidence, first baseman Jack Fiskness and Bill Joy have racked up identical batting marks in both the conference games and season's contests.

CLOAK AND DAGGER MAN

Student Activities Coordinator
Frank Stegall's Work

In the fall of 1951 a new job was created at HSC. Mr. Frank Stegall filled this position of Student Executive Manager.

Why was this position set up? In reality the creating of this job was but another step forward at Humboldt State. It was felt that a coordinator of student body activities was necessary for efficient functioning.

What are the duties of the SEM? One of Mr. Stegall's main jobs is to see that the policies formulated by the ASB executive council are put into effect as efficiently as possible. He also acts in an advisory capacity to the council, working with the Dean of Students.

Promotion of student body activities also enters into the picture as a major job. For example, the task of promoting the sale of season football tickets is to be carried out by Mr. Stegall during the summer. Previously this task fell upon students. With this new arrangement students can concentrate on rallies and game problems.

Coordinates Affairs

The SEM also acts as a link in binding together school years. Plans and activities formulated in the spring semester must be carried over to the following fall semester. This can be facilitated through the files of the SEM.

Working with the ASB budget is another major task. The student executive manager must

prepare, present for approval, and supervise the operations of the budget.

Last year the Advisory Board felt a need for a coordinator of student body activities. To encourage the obtaining of a SEM they offered \$100 a month towards his salary. The remainder comes from ASB funds.

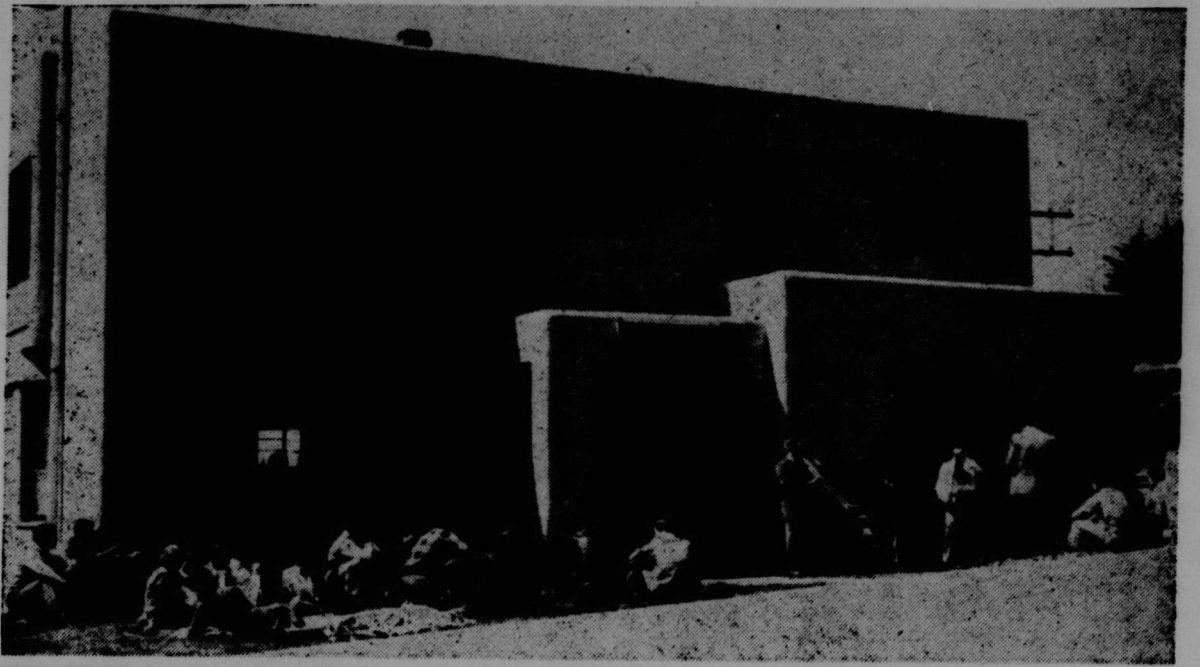

In the future it will be necessary for the salary to be paid fully by student body funds. Increased income from the Coop will probably make this possible.

Graduates in Law

In 1941 Frank graduated from the National University Law School in Washington, D. C. Upon graduation he became a Special Agent in the FBI for eight years. After the war he resigned from the FBI and secured a position in the Trust Department of the Bank of America. While still employed with the Bank of America, Frank read the advertisement for the SEM job at HSC.

He believes that colleges are making the biggest contributions to the greatness of the U. S. Thus he feels his greatest contribution to his country can be realized through the kind of job he now holds.

It can not be denied at the present time that the position of SEM is a great "efficiency factor" in our student body affairs. Certain jobs previously done by students, deans, and coaches are now being handled by Frank. This alone is a major justification for the position of student executive manager.

THE COOP became the official name for the Student Union on 97-Day with the dedication of the name sign. Appropriately it hangs on chicken wire. The SU houses the fountain, ASB offices, student publication rooms and the student bookstore. Before purchase by the State it was an apartment house. (Photo by Sam Chaney)

College Combo
Gets Recognition

A minor success story is that of the College Combo, a musical group which was part of the Humboldt Hilarities, the '52 roadshow. Out of 16 schools who witnessed the show, four have written and requested that the Combo play for their Senior Balls.

Most attractive offer received was the one from Ukiah High School. They offered to pay transportation expenses and union wages, but unfortunately, due to the Commencement Exercises on our own campus, they will be unable to make this engagement.

Members of the "Combo" are Charles Bleything, Bernie Johnson, Glenn Skelton, Jerry Moore, and "Squeaky" Dixon.

Engaged Couples Tell
Wedding Plans

Ah, Yes. Now that spring is here and the young man's fancy has turned to thoughts of some of the couples around our campus plan to tie that knot in June; Pauline Domogalla and Jack Braun, who have set the date as June 1. Carol Dam and Walt Houde, who have set the 14th as their big day; Joanne Pellegrini and Barney Elking, Peggy Hunt and Laurald Stebbins, and Mary Jo Dunlap and Leonard Cook, who are all taking the big step June 8.

A few plan to be wed in this fair autumn, picking August as their month. Fern Stahl and Bill Wilkins, Mary Ellen Rogers and Tom Turner, Barbara Andrews and Bob McKee, Betty Masten and Kenneth Roberts.

Other engaged couples around campus are Donna Cole and Charles Martzall, Pat Spellenberg and Carroll Powell, Darlene Peterson and Bud Miller, June Stewart and Gary Attaway, Madge Buck and Jim Conley, Verdine Waight and Bob Matthews, Shirley Pitlock and Bob Dick.

BUDGET REQUEST DUE
FROM STUDENT GROUPS
FOR ACADEMIC YEAR

Preparation of the Associated Student Body budget for the school year, 1952-1953, is now underway. Any department, organization, club, or activity wishing to be included in the budget is requested to submit its request to Frank Stegall, student executive manager.

The estimates should be itemized and should also include an estimate of all income expected to be derived from any activities.

College Wives' Club Uses
Faculty For Speakers

Dr. Stanley Spaid spoke to the College Wives' Club March 11 on the U. S. Constitution, political party make-up, and voting.

Miss Mell Trump of the Home Economics Department spoke on March 25. She discussed short-cuts to expanding the wardrobe. Miss Kate Buchanan was the guest speaker on April 22. Her subject was building a home library.

Dewey Dolf, Kay Anderson and Bob Dick.
