New Prices In Fountain Favor ASB's

The Associated Student Council has announced a new price list, for ASB members, pertaining to fountain service. This new policy went into effect March 3.

Non-ASB card holders will have to pay on the average of 10 per cent increase over ASB members. Just a few of the price changes are:

	ASB members' prices	Regular Prices
Coffee	.07	.10
Milk Shakes	.25	.35
Hamburgers	.25	.30
Ham Sandwich	.30	.45
Potato Salad	.15	.35

Coffee prices under the new plan will be 7 cents for ASB members and 10 cents for non-ASB members.

Non-ASB members will pay a higher price, which will be no higher than prevailing market prices at neighboring fountains.

Committee Rules

Duties of the Student Union committee as outlined by some of the committee members are to serve as an advisory and policy formulating board, and to present these policies in the form of recommendations to the Student Executive Council for action.

On The Spotters

Committee members are Jim Yokum, chairman, Mrs. Margaret Brookins, secretary, Pat Ball, "Toads" Stebbins, Mr. Frank Stegall, Mr. William Jackson, and Dr. Leonard Christensen.

Other items should also have a differential price. At no time should the price to non-card holders be greater than prevailing retail prices at other fountains in the area.

ASB Card Value

By establishing a variable price differential the committee hopes to make the students cognizant of the values of an Associated Student Body membership.

"All books are sold at list price," stated Mrs. Brookins. She also stated that the book store must pay freight charges in addition to the 80 per cent of the list price.

MUSICAL COMEDY IS SCHEDULE FOR MAY

Sing Out Sweet Land, a musical comedy written by Walter Kerr, is to be presented May 8, 9, 10 in the college auditorium.

A top favorite during its run on Broadway, Sing Out Sweet Land is sure to please Humboldt audiences as it chronologically steps through the history of American folk music.

Co-directed by Leland Barlow and Walter Beaver, this production will include the choir as well as a large number of students interested in dramatics.

MAKING LOVE IN the good old "Shakespearian style" seems to be the keynote in the above scene adapted from the play "Midsummer Night's Dream." This is one of acts that will be presented in the annual Road Show by the Drama department. Characters, left to right, are: Tom Turner, Kent Merrill, and Gene Marks.

Road Show Readies For New Travel Production

On the road to Mandalay? No, but HSC is on the road to Leggett Valley, Ukiah, Lower Lake, St. Helena, Napa, Healdsburg, Cloverdale and all points between. Tour leaves March 28.

Dr. Don Karshner announced that the annual road show, sponsored by the Greater Humboldt Committee, is in the final stages of rehearsal.

Touring the high schools and junior colleges of Northern California the show presents variety acts and skits while spreading good will and the name of Humboldt State to students in the northern part of the state.

Accompanying the 19 students, who comprise the cast, will be Dr. Lawrence E. Turner, executive dean and Miss Martha Lynn, representing the administration and the student body respectively. They will deliver short talks and answer questions concerning the college.

Bells For Veterans Object Of Drive

A War Memorial Carillon to be installed in the tower of the Administration building of the college is the goal of a local fund-raising drive, according to word from Executive Dean Lawrence E. Turner. Current plans are for the bells to be installed Memorial Day. Cost of the set of fixed bells, to be operated mechanically, is estimated at \$4,000.

The idea originated with a group of veteran students. Louis Cimini is the chairman of the committee from the Associated Student Body. Other members of the student committee are Leonard Cook, Dick Harmer, Nancy Jacobsen, Ann Colosimo, Nancy Earle, and Danforth White.

Sweetheart Ball On Tap Friday

Five candidates were chosen last Friday by freshmen class members to be voted on by the student body for the sweetheart of the Sweetheart Ball March 28.

Candidates are Jane Beidleman, Blanche Evans, Jo Anne Jacobsen, Claudia Pedrotti, and Angela Warren. Voting will take place at the College Thursday or Friday of next week.

An annual affair, the dance is sponsored by the freshman class. Time of the dancing in Nelson Hall is 9 a. m. to midnight. Music will be furnished by Eddie Clay and his orchestra. Admission with an ASB card will be \$1.25 couples; 75 cents singles; with cards it will be \$1.50 for couples, and \$1 for singles.

Marketing Course Due In Fall, Dr. Strand Says

Beginning next fall a new two-year course in marketing (merchandise) will be offered to students of Humboldt State College.

"The final okay by the Sacramento State Board seems certain," stated Dr. Carl B. Strand, coordinator of terminal education, and assistant professor of business administration.

Purpose of these courses is to provide students with the information and skills which will constitute a desirable background for employment in the fields of retailing, selling and advertising. It also teaches one the know-how in managing a small business enterprise, Dr. Strand said.

New Athletic Conference Recommends 1953 Policies

Art Estrada Dies In Auto Accident

Arthur Estrada, prominent freshman athlete and a popular student on the campus, was killed instantly in an auto accident early last Sunday morning.

Returning to Eureka following a dance at Loleta, Estrada was a passenger with a girl from Eureka in a car driven by Tom Viracola. Viracola is a graduate of Humboldt and has refereed basketball games on the campus this winter. Both Estrada and the girl fell from the car when it swung out of control on the highway. The Humboldt student was killed instantly.

The accident victim was 23 years of age and a veteran of World War II, in which he survived a plane crash. His parents make their home in Layton, where, according to plans, he would be buried this week.

The student body sent flowers to the funeral.

Williams New Dorm Head For Redwood Hall Men

"Alvin E. Williams, who is doing graduate work in education, was recently appointed head resident at Redwood Hall," declared Dr. Christensen.

Al's home town is Crescent City. Here at Humboldt he is a science major and hopes some day to enter dental school.

Louis Cimini will assist as student aide and dormitory president.

STEGALL IN SAN DIEGO

Mr. Frank Stegall, student executive business manager, left Wednesday morning for San Diego to attend the Graduate Managers' conference. An annual event, the conference will be held Thursday, Friday, and Saturday, March 20, 21, and 22.

Aimed primarily at the control of football and its "big business" problems, a new conference of State Colleges was approved last week by representatives of ten California State Colleges.

The new league, named the California College Conference, or Triple-C, permits no grants for tuition, books, room and board, no training table, no athletic scholarships, nor gifts in money or in kind to be paid to any athlete.

Triple C

The CCC is split into two divisions—the Northern to include San Francisco State, San Jose State, Fresno State, Chico State, Humboldt State and Sacramento State. In the Southern Division are Cal Poly (San Luis Obispo), Los Angeles, Long Beach and San Diego States.

However, Dr. Cornelius Siemens, president of Humboldt State and chairman of the State College Athletic Council that drew up the plan, said that the league is not limited to its present membership. The Southern Division must be strengthened beyond four schools and any application for membership would be welcomed and considered.

This would include bids by USF and St. Mary's, if they so desired.

Earliest possible date for the conference to go into effect would be the baseball and track seasons of 1953, Dr. Siemens said. Thereafter it would include all sports.

Not Minor Sports

It was tacitly admitted that exceptions to many of the rules would be made for several less-emphasized sports. Under the strict letter of the code, San Francisco State, for example, would be unable to play California in baseball, track or parchese, which the Gators do now.

But the full, stern code will be enforced in football.

Who's Eligible?

All regularly enrolled students are eligible if they maintain a C average in three-fourths of their work. Also entering freshmen and junior college transfers would be immediately eligible upon entrance, and transfers from four-year colleges would be eligible after one semester (or quarter) instead of a full year.

No mention was made of recommended penalties for violators.

Dr. Cornelius Siemens, chairman of the proposed conference organizing committee, said his committee's recommendations will be forwarded to the College President's Council meeting at San Diego April 23 and 24. Approval is expected.

Internat'l Flavor Liven's Registrar's Dull Routine

By ED HANSEN

It is often said that the sum total of qualities in a thing which gives pleasure to the senses is only epidermal in depth. In other words, beauty is only skin deep.

Perhaps this proverb may be applied to a certain office on campus. The door of this office is painted with the stock you-name-it color and has typical brass numerals near the top.

Upon opening this uninteresting slab of wood we receive the impression of a room which needs a face-lifting and one which should have its interior expanded umpteen feet in all directions.

But lo and behold, the quality of the workmanship there is incomparable to these dull, cluttered external appearances.

For this is the registrar's office whose principal function is that of maintaining accurate scholastic records of all students who attend HSC. Grades once recorded never find their way to "file 13." Transcripts may be obtained here also.

Mrs. McKittrick in Charge

The work of the registrar is becoming more and more technical and involved. In order to keep abreast with improved practices and new standardization, Mrs. Myrtle McKittrick, registrar, keeps in close contact with the Registrar's Association.

Mrs. McKittrick has been handling ABC's at Humboldt for almost 14 years. Her previous experiences include principal of several high schools, secretary at Arcata High School, and several years of teaching.

As a result of going further than F in the alphabet, she has created such published works as Vallejo, Son of California, and a Biographical Sketch of Salvador (brother of Vallejo).

Besides work in her swivel chair in Room 125, Mrs. McKittrick is on six faculty committees and is sponsor of the Spokes, women's service organization. She finds herself so busy that a full-time vacation is practically unknown to her!

Assisting Staff

Mrs. Evelyn Plunkett ably handles admissions and supervises recording. Mrs. Plunkett is an enthusiastic Humboldtter and boasts of her farm at Bayside which is a Mecca for her Los Angeles friends.

Records of the veterans are maintained by Mrs. Mary Ann Smith. On her shoulders falls the job of untangling the red

tape (or should it be adhesive tape?) involved in the government regulations.

Mrs. Virginia Rumble divides her time between general registrar work and the college mimeograph machine. It is quite obvious that she is an expert at the inked drum.

Foreign Correspondence

The interesting job of corresponding with new students is managed by Nona Hogg. Letters are received from such places as Bethlehem, Hong Kong, Nigeria, and Greece. Characteristic of these letters is the overwhelming desire to set foot on U. S. soil. These foreign inquirers believe that needs are non-existent in Uncle Sam's territory. Miss Hogg attends college on a half-time basis.

Betty Reynolds is a student assistant learning the ropes. The counter is a bit too high for her to reach comfortably but what she lacks in height is gained in seriousness and accuracy.

Cooperation Needed

Service for others is the motto these workers live by. They realize the importance of their job to every person who attends a class. It is up to each student, however, to do his part in order to complete the work cycle by following various rules which come from the registrar's office. These rules do not exist for the sake of themselves but for the final aim of accurate records.

Other headache-tasks include scheduling of classes and finals, supervising registration, checking on graduation eligibility, maintaining statistical records for use in Sacramento, and ad infinitum.

Plans have been made to enlarge the office in the direction of the social unit. This extra space is essential as the number of records have greatly increased over the years.

"I have the undesirable job of disqualifying persons, refusing admissions, and informing students that they failed to graduate," stated Mrs. McKittrick. "It is at times like these that I would prefer to be a garbage collector."

WILDLIFE GRADUATES

Don Beauchamp is a conservation aid with California Fish and Game at Grey Lodge Waterfowl Refuge.

Elton Bailey is fisheries biologist for California Fish and Game in Eureka. His brother, Bill Bailey, is assistant game manager at Sacramento Game Farm.

From the Files of the Lumberjack

March 15, 1939

"The word 'sitzmark' is a new member of an alarming number of Humboldt student vocabularies. It has made its debut via student ski enthusiasts and seems to be quite popular. The word is strictly a ski term and should be taken absolutely literally. It is a noun used to denote the impressions left in the snow by falling skiers."

In the March 6 issue, 1942, Laurald Stebbins and Kenny Liscom report that "The basketball team didn't do so well either, but Humboldt State had the most 'offensive' team in the league (the suits haven't been cleaned for a year)."

March 12, 1947

"Lighting engineers from the Westinghouse corporation were here last week to look over the possibility of lighting the stadium and to give an estimate of the cost."

March 2, 1949

William C. Himstreet is the new assistant in the Commerce Department. A graduate of San Jose State College he is reported to enjoy his shorthand classes most. He married the former Maxine Toft, a HSC student.

Did You Know . . .

That John DeMartin was president of the Sonoma High School chapter of the California Scholastic Federation and head of the honor society? That Georgia Dyhrberg played tennis on the Eureka High School team.

That Henry Bettiga is president of the Newman Club on the campus?

That Rita Colivas was a member of the Zeta Chi Sorority at the City College of San Francisco.

That Dick Harmer was Student Body president of Del Norte High School? That Beverly Anderson hails from Kennewick, Wisconsin.

That Joe Cranic was ASB president of San Diego Junior College.

That Mary Romera attended the University of California in Los Angeles prior to coming to Humboldt.

CONSTITUTION NEEDS AMENDMENT

If a democratic government is to be workable and function in behalf of the people, it must first have a constitution or some authority for regulating and delegating powers and duties.

Secondly it must be manned by competent people, who are interested in carrying out their duties to the best of their ability.

Student government at HSC does not completely fulfill these requisites.

The constitution that is now in effect has proven clumsy and non-inclusive. It calls for a form of bi-cameral government, the Executive Council composed of the Student Body Officers and the duly-elected Councilmen and a Board of Control headed by the Vice-President and comprised of the same Councilmen as are on the Executive Council.

Responsibility of Representatives

A small group of representatives such as the Council should contain people that are willing to represent their electors by voting wisely and with due consideration. By all means they should at least be attentive when measures that affect the entire student body are being discussed.

The majority of the Council is proving to be conscientious. However, there are some that do not seem to be aware of the trust and responsibility that has been vested in them by the students.

This could be remedied if the students would attend the Council meetings and either stir them to a greater consciousness of their duties or if the students will place a little more thought on the elections this April.

Board of Control Lacking

In an effort to facilitate the operation of the student government, past and present, student administrations have not functioned in accordance to the constitution.

The Board of Control has not been functioning in over two years. It is quite true that the present delegation of members to the Board imposes a hardship on the Council, but if we are to have a democratic government backed by a constitution we must abide by it. If it proves to be ineffectual then it should be amended, but not discarded without approval of the students.

Amendments to the constitution must be passed by the student body in an election. The council has been laboring over amendments since the beginning of last semester, but as yet nothing has materialized.

Get in touch with your councilmen and let them know that you want your government run in accordance with a workable constitution.

BASEBALL VETERANS from the '51 campaign look over the damp situation before a recent workout. Standing from the left, is Dale Sorenson, outfielder; Jack Fiskness, first baseman and south-paw pitcher; and Al Braud, catcher. Kneeling is Dick Harmer, utility infielder. These lettermen will be pushed for the starting berths by other fine talent on the squad.

FISH, FIN 'N' FEATHERS

By Ed Hansen

Some men never die. Their ideals, thoughts, and struggles will drift in the ether for all time to come. Memorials are erected for these men that refuse to quit, so that a more material form of their worthwhileness will be ever present before the eyes of succeeding generations.

This campus will soon see the construction of a memorial to Mr. John H. Lewis who was in charge of the wildlife management program until his death by accident in 1949.

"John was a likeable and energetic person and was a real go-getter in all phases of conservation," says Gordon Malar, a wildlife student who studied under Mr. Lewis.

His memorial, therefore, should be a symbol of the conservation ideals that Mr. Lewis held and a constant reminder that a continual effort is necessary to preserve our natural resources.

The monument will be in the form of a bird-feeding station with benches in the immediate area. Here we may sit and enjoy the one cause that John devoted his life to—conservation.

So, keep an eye open for some activity just north of the main parking area.

HSC BASKETBALL SCORING

Matthews	18	53	2.94
Joy	10	27	2.70
Watts	18	22	1.22
Eggers	17	11	.65
Randall	10	5	.50
Greene	13	2	.15

Deadline Today For Badminton

Today, March 21, is the final day for entry into the men's badminton tournament. Entry lists are posted on bulletin boards at the Co-op, in the administration and at the gymnasium. The intramural tourney will begin March 25.

Men can sign up for the singles or the doubles competition or both, according to E. I. Sturdivant, director of intramural athletics.

The HSC champion will be decided later in a best two out of three match between the Women's Athletic Association winners and men's intramural winners.

Sorenson Returns as MVP

The outfield seems in doubt except for one position held down by Dale Sorenson, who last year was voted by his teammates as most valuable player. Just what position he'll play is uncertain.

Other candidates are Dick Trone, Tim Corrigan, Dick Meneke, Keith Darling plus leftovers from other positions.

Weather Shackles Baseball Squad

RUN A MILE DAILY; TEN PITCHERS THROWING

Whether or not old man weather releases his grip determines the immediate fate of the Humboldt State varsity baseball team.

Till now the practices have been confined to the inside of the gymnasium. With not much room to stretch those eager arms and legs, the Humboldt horse-hiders are at a distinct disadvantage relative to conference foes.

Reports from Chico and Cal Aggies state that their baseball machinery is in full gear, with several practice games under their belts.

Run, Sammy, Run

So far this season, the some 25 HSC baseball hopefuls have participated in only pepper-ball, playing catch, and running laps.

Speaking of running, Coach Sarboe has inaugurated a new policy at the hilltop school. Each man on the squad will run a mile a day as a minimum and must do it under six minutes.

Count Ten Hurlers

Positions on the team are still wide open, but little by little the team is coming into form. Humboldt has a total of no less than 10 pitchers on the present roster. Heading the list is veteran Bob (I tink) Kezsely.

He will be ably backed up by Bob Matthews, another block "H" winner, Bill Selsor who will pitch and play in the infield. Other green and gold chuckers who are impressing Sarboe are Gene McKamey, Bob Dunaway, Larry Paynter, Jack Fiskness, Glenn Wallace, Steve Kezsely, and Bill Petrie.

Catching should not serve to be too much of a problem except in one respect, that is, who will be the number one receiver. Sarboe has four first-rate catchers to choose from in Al Braud, who is a letter winner, Bill Joy, Art Perra and Mel Hurd. All four have an abundance of experience and know-how.

Catchers in Outfield

"Undoubtedly, when the season open, you will find at least one or two of these men in the outfield," declared Sarboe.

The infield will have three award winners back from last year to form the backbone. Second baseman Jim "Glug" Gillogly, first baseman Jack Fiskness and utility infielder Dick Harmer.

Bill Selsor has a big edge over the field at shortstop. Bill is a smooth fielder and a long ball hitter.

At third base Jerry Garcea and Ray Mechals are battling it out for the starting call. The "scooter" Garcea at this time looks to have the slight edge with his excellent fielding and hitting.

FORMER COACH DIES: WAS POPULAR FIGURE

By DON RATZLAFF

The recent death of Charlie Erb, head football coach during Humboldt's Golden Era of football, has saddened all who knew this great and wonderful fellow. During Charlie's short stay here at Humboldt State (1935-1937), he was probably the most beloved man on the faculty, according to Dr. Homer Bala-banis.

Charlie always thought first of the other guy. Because of this he was always broke and in debt. The San Jose tangle was to be the big grid game of 1935 and the student body was going south by the way of a chartered train.

For this occasion Charlie thought something new would be fitting for the players; so, from out of his own pocket, he purchased a pair of loud pajamas for each member of the squad. After the game, a hard-fought victory for San Jose 24-0, he took the entire team at his own expense to see the Cal-Stanford game. Fred Telonicher was assistant football coach under Erb.

Erb's personality was such that the auditorium was always packed when he was to take part to any degree in the assembly.

His greatest and life-long ambition which was never realized was to be head coach (not an assistant coach for he was not second in anything) at his alma mater, California, where he had made earlier fame playing quarterback. Legend is that he never called a bad game during his playing day 1920-21-22 on Cal's Wonder Teams.

YEARBOOK MEETS DEADLINE; EDITOR BEGINS 1953 BOOK

For the staff of Sempervirens the school year is over—over to the extent that the March 15 deadline has come and gone for the submission of pictures and copy material. The presses are rolling out all but one section of Sempervirens '52, HSC College annual, in Berkeley.

Sweetheart Pix

With the exception of the Sweetheart Ball, set for March 28, all news of college activities and accomplishments have gone to the printer, Lederer, Street and Zeus Co. The selection of the freshman sweetheart and doings of the big social event of the spring semester will close activity for this year's book.

Editor John McMurran, who graduated in January, is handling final details of the book from his post in San Francisco.

The yearbook will be in the hands of the students about the first week of May, McMurran says.

Waight Plans Book

The Ides of March also marked the beginning of Sempervirens '53. Next year's editor, Miss Verdine Waight, is now planning the layout of the new book, having just returned from a conference with other college yearbook editors at Long Beach.

Students interested in finding a place on the staff of next year's Sempervirens are urged to see Editor Waight. Among posts that have to be filled are Sports Editor.

P. E. Leaders Coming To Campus Convention

Dr. Ernst Jokl of South Africa will be the featured speaker on the program at the convention of Physical Educators to be held on the Humboldt State College campus March 31.

Some 40 to 50 physical education instructors from high schools in Humboldt, Mendocino, and Del Norte counties are expected to attend the meeting. It is scheduled for 7:30 p. m. in the college auditorium.

Dr. Joseph Forbes, chairman of the division of physical education at HSC, states that Dr. Jokl is one of the outstanding authorities in the world on sports medicine, physiology of exercise, and many theoretical aspects of physical education.

Seven Spokes Initiated At Eureka Dinner Ceremony

Seven girls were initiated into the Spokes, a girls' service organization, Feb. 17, at the York Club in Eureka. The ceremony followed dinner.

The girls initiated were Marylin Eshlemen, Joan Palmer, Joanne Pellegrini, Arlis Oman, Louise Owens, Mary Ellen Rogers, and Darlene Taylor.

Nona Hogg was in charge of the first Spokes initiation since its organization last spring. The Spokes are the girl affiliates of the Intercollegiate Knights, and at present there are 23 members.

Tennis Team To Berkeley For Collegiate Tournament

Winners in two recent matches with Eureka High School, the HSC tennis team journeyed to Berkeley yesterday for the Northern California Collegiate Tennis Association tournament over the weekend.

The Jack netmen will play six matches. Jack Geary, Buzz Lincoln, Paul Hartloff and Chris Colegrove will play singles matches. Later Geary will team with Lincoln and Hartloff will pair with Colegrove for doubles competition with college opposition. Coach Elwood L. Sturdivant will accompany the quartet in their trip by auto.

THREE HSC STUDENTS JOIN MARINE PROGRAM

A trio of Humboldt athletes enlisted in the U. S. Marines last week. They are Ray Mechals, football, basketball, and baseball star; Dick Johnson, first semester freshman student and football player from Spokane; and Gene Marks, football reserve from Ferndale.

March 13 these three were sworn into the Marine Corps Reserve, Platoon Leaders Class, at San Francisco, which enables them to finish their four years of college while taking Marine training during the summer.

After receiving their degree from college and completing two summer training periods, they will be commissioned second lieutenants in the Marines.

Another group expected to leave for San Francisco to sign up for the program in the near future includes Bill Joy and Don Ericksen and Bob Kezely.

STILL LEAP YEAR

WOMEN WON'T KEEP QUIET

The question posed this week by the Inquiring Reporter was appropriate for this year. "Do you plan to propose to anyone this year and why?" was tossed out to the college women, whose turn it is to do the asking, because it is Leap Year.

Liz Martinelli's surprise answer was "Gee Whiz, crimony, what are you talking about." After due explanation she decided, "I don't want to get married."

Pat Ball had little to say except "No." When asked why not, she stated, "I haven't got the courage."

Arlis Oman when confronted, came up with the reply, "I can't afford to support a husband." Someone ought to set her straight.

Barbara Andrews has the right idea with the answer, "Well, no, I don't find it necessary."

Joan Palmer's answer came last but not least. "No, because I hear footsteps approaching on horseback and I want to be alone." You try to figure that one out; your reporter can't.

It looks like bad news for the fellows unless this reporter failed to look under a stone or two. No proposals are in sight; so it's still up to the men—at HSC.

TOPONTO, Feb. 29 — Four woman undergraduates at the University of Toronto put tongues in cheek and told the editor of the Varsity, under-graduate daily, they want the university annexed at once to the United States.

Their letter to the editor said

that as the "University of Northern New York" the U. of T. could have:

1. A subsidized football team and courses which are not unreasonably difficult for it, such as knitting or needlework, so that the players could do their homework while warming the bench.

2. Professors like the ones in the American movies, i. e., unmarried, uninhibited and under 30.

3. As part of the United States, a bigger voice in the United Nations and perhaps even a university representative on the cultural committee.

4. All undesirable males on the campus drafted for active service in Korea.

5. Slacks worn to classes in winter and shorts in the summer.

6. A vote on the personalities and teaching ability of professors.

A man who is busy, has time for everything.

A man who is not busy, has no time for anything.
