

# NAME JACKIE AMBROSINI SEMPERVIRENS '52 QUEEN

Jackie Ambrosini

## Linda MacMillan Wins In Second Runoff Vote

After two runoff elections Linda MacMillan, junior coed majoring in education, triumphed with a count of 116 to 108 over freshman Blanche Evans for a berth on the 1952 student council. In the first runoff election the two women tied. This completes the roster of newly elected council members who are Miss MacMillan, Betty Walter, Al Braud, and Bob Titlow.

### Regains Post

Linda MacMillan, in winning the runoff election, resumes the position to which she was appointed by last year's ASB President Merwyn Rickey. Last spring she acted as secretary to the council, becoming a regular member upon the election of Alice Stockoff as secretary in last year's spring election. Miss (Continued on Page Two)

## Exams Blues To Get Airing All Day Next Sunday

Sunday, Jan. 20, will be a big day for patrons of the Student Union Co-op.

"Brunch" consisting of eggs, bacon, toast or hotcakes with coffee will be served from 10 a. m. to 12 noon.

In the evening that same day the lights will be turned dim and the fire will be turned high for the "Rathskeller" get-together from 7:30 p. m. to 10:30 p. m. The HSC gang is being invited by the Student Union committee of the Student Council to take advantage of this new policy, which is on a trial run.

Also immediately following exams the gym will be open every day between semesters from 2 to 4 p. m.

## Burma Visitor On Campus

Dr. Harry Griffith, elementary school supervisor, had a visitor from Rangoon, Burma, on the campus last week. He was U Ba Bwa, principal of the State Teachers College in Burma, with whom Mr. Griffith worked during his leave of absence to that country last year. The visitor is on a short tour of U. S. schools.

## JOBS NEED QUALIFIED MEN

For students who are considering their future vocations "California Notes," published by the University of California reports that there is a critical shortage in such fields as public health statisticians, engineers and librarians.

Miss Jacqueline Ambrosini was crowned Sempervirens Sweetheart at the Coronation assembly last Friday. Jackie is a freshman majoring in speech-drama. Her royal court consisted of Claudia Pedrotti, Jane Beidleman, Rita Lou Bertain, Shirley Pitlock, Marilyn Eshleman, Diane Goodrich, Rae Dixon, JoAnn Jacobson, Verdine Waight, Patricia Spellenberg, Thelma Moore.

### Conover Selects

Mr. Harry Conover of Conovers Model Agency in New York chose the queen through photographs submitted by John McMurran, editor.

Meri Monroe and Vera Mathews were the general chairmen of the assembly and Kent Merrill was Master of Ceremonies. A program was presented with Darlene Peterson singing "All The Things You Are," accompanied by Charles Fulkerson. Mr. Charles Fulkerson then played two piano selections and Carol Braun rendered a comedy monologue.

### Arcata Choir Sings

The feature presentation of the day was the Arcata Union High School choir directed by Miss Ruth Carroll. They sang "Emitte Spiritum Tuum" by Schwetkey, "Holy, Holy, Holy" by Dykes, and "Poor Man Lazarus" by Hairston.

Dr. Homer Balabanis crowned the queen. Miss Kristine Brown, last year's queen, presented the royal boquet to Miss Ambrosini. Dr. Lawrence Turner presented Joan Palmer and Adrian Mendes as Woman and Man of the year. Claire Valentine received the award for being the senior who has done the most for an organization in her years at HSC. Mr. Justin McIntyre presented the honorary memberships in the Sempervirens to Mrs. Myrtle McKittrick and Miss Delta Hogue.

The assembly ended with Mr. Leland Barlow leading the group in singing the Alma Mater.

### Wildlife Club Elects Leaders

Newly elected officers for the Conservation Unlimited Club for the spring semester are Arnold Torrigino, president; Neil Patterson, vice-president; John DeMartini, recording secretary; Don Ransome, corresponding secretary; Ralph Pickens, treasurer and Don Grider, sergeant-at-arms.

### Lots Doing at College

## HSC HEADLINES IN 1951

Shall we reminisce about some of the more important events that happened at HSC last year?

Remember?? . . . President Arthur S. Gist retired after 20 years of service to HSC . . . The inauguration of the new president, Dr. Cornelius H. Siemens in June . . . The Humboldt State choir presented the gala road show in which various students traveled all over California . . . This type of show was the first in the history of HSC.

### Politico Toads

Chosen by the students, "Toads" Stebbins and Millicent McVay were typical HSC students donning the titles of "Joe College" and "Betty Co-ed" . . . The old co-op with all its traditions was torn down and a new structure dedicated to the students in the name of the Student Union . . . Carol Beck Braun and Carl Jensen represented the

Woman and Man of the year and Kristine Brown was chosen Sempervirens Sweetheart.

Senior Day, beginning a new tradition, was held with high schools from all over Humboldt County participating. . . "HMS Pinafore" staged by Drama group . . . The "T" party, sponsoring Toads Stebbins for president, made a clean sweep in the council election with the exception of one member . . . End of spring semester, 1951 . . .

### 11 New Faculty

Fall semester begins with new instructors on the faculty . . . New grid coach Phil Sarboe named . . . Shirley Pitlock, Homecoming queen . . . Business Manager, Mrs. Jessie Woodcock, retires after 31 years at college . . . New Business Manager, Frank Devery assumes duties. HSC football team gets axe from Chico by 36-0 win . . . Suc-

## COUNCIL TO ENFORCE ASB CARDS

THIS TYPICAL SCENE above will be reenacted beginning tomorrow with the start of the final examination period ending the first semester. The tests end Tuesday. Registration for the new semester is Tuesday, Jan. 29. The following day classes reconvene.

## FINAL EXAM SCHEDULE

Hour that classes met during the semester	Time that final examination is to be given	Course	Room for Final
MWF 8 and MTuWThF 8	Saturday 11:00 to 1:00	Bot 110A	116
MWF 9 and MTuWThF 9	Friday 2:00 to 4:00	Chem 1A	Aud.
MWF 10 and MTuWThF 10	Thursday 8:00 to 10:00	Educ or Psych 112	Aud.
MWF 11 and MTuWThF 11	Thursday 2:00 to 4:00	Educ 153	Aud.
MWF 1	Friday 8:00 to 10:00	Educ or Psych 212	134
MWF 2	Monday 11:00 to 1:00	Educ 230	DHR
MWF 3	To be arranged	Engl 112 or Spch 170	101
MWF 4	Tuesday 11:00 to 1:00	French 110A	DHR
TuTh 8	Saturday 2:00 to 4:00	H&H 1, sec 1	Aud.
TuTh 9	Friday 11:00 to 1:00	H&H 1, sec 2	CES Aud.
TuTh 10	Monday 8:00 to 10:00	Hist. 4A	136
TuTh 11	Thursday 11:00 to 1:00	Hist 70, sec 1	CES Aud.
TuTh 1	Saturday 8:00 to 10:00	Hist 70, sec 2	Aud.
TuTh 2	Tuesday 2:00 to 4:00	Phil 6A	Aud.
TuTh 3	Tuesday 8:00 to 10:00	PhSci 5A	Aud.
TuTh 4	Monday 2:00 to 4:00	Phyx 150	H5
Course		Soc 1A	Aud.
Biol 10A		Subj A, sec 1	116
		Subj A, sec 2	200
		WM 2	116
		WM 150	H8
		Zool 1A	CES Aud.
		Music 70-170, Fulkerson, will meet Monday at 4:00 in M 1.	

### GETS PURPLE HEART

Pfc. Charles A. Dory, a former HSC student, has received the purple heart for shoulder injuries sustained in action with the U. S. forces in Korea.

Charles, son of Mr. and Mrs. Russell E. Norberry of Korb, graduated from Arcata Union High School and attended HSC prior to induction.

### PIANO INSTRUCTION

Piano class instruction will be offered for one credit the second semester for beginning students or for those wishing to continue their piano training.

Successful football season ends with new found spirit as Jacks have four wins, three losses, and one tie . . . Alf Braun directs student play "Hedda Gabler" . . . Students vote on important bill requiring student body cards; loses by 18 votes . . . Fall semester, 1951, concludes with final examinations January 17-22.

## 10% Plan Due For College Book Store

A precedent was set by the Associated Student Body Council at its meeting Monday evening: The passing of legislation requiring all students who participate in any activity receiving financial assistance from the student body treasury to own student body cards. This measure includes service in the Student Union fountain and bookstore.

### Explain "Plan"

Councilman Dick Harmer introduced his "Ten Percent Plan" for use in the book store. The measure was passed by the council. Students who have ASB cards will buy books at the regular price, but non-student body members will pay a ten-per cent price charge, which is to be considered a "service fee." Cards will also be necessary for patrons of the "Co-op" fountain.

The proposal was taken to give impetus to the spring semester student body card sale and to "demonstrate the many benefits of a card to the student body." Cards will be sold at second semester registration. The price is \$9.

### Constitution Says

The council found its authority to make this law in Article 1, Section 2, of the Constitution of the Associated Students of HSC, which states:

"All students of Humboldt State College are eligible to membership in this Association, and become such upon payment of all fees. Only members of this Association shall be entitled to vote, to hold any office in the Association or any class office, to receive any benefits or emblems given by the Associated Students, or other activity over which the authority or supervision of the Association extends."

The council interpreted the last phrase to include the Student fountain and book store which are sponsored by the student body. This ruling has not been enforced previously.

### List Card Benefits

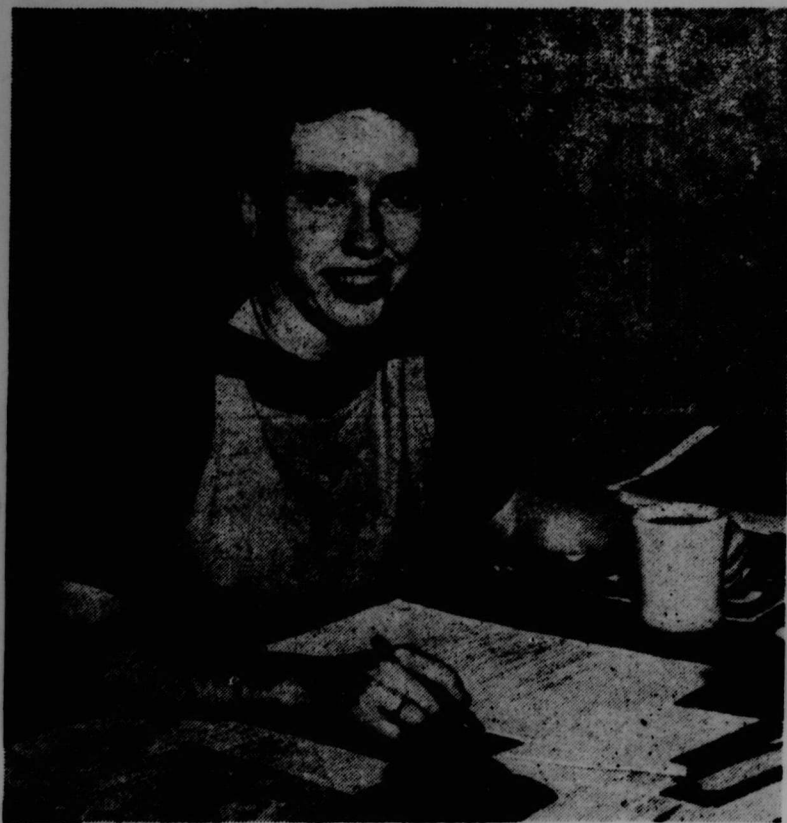

Other benefits to which non-ASB members will be excluded are:

Reductions at college-sponsored athletic contests and social activities; membership in on-campus organizations; participation in intercollegiate sports; medications in the Health Unit except in case of emergency; voting, participation in extra-curricular activity trips financed by the ASB; receiving the yearbook and student paper free of charge. To receive the Sempervirens, HSC yearbook, a student must be a ASB member both semesters.

### To Add Benefits

In its campaign to sell student body cards the council will also attempt to increase the benefits now received by soliciting discounts at local business establishments, it was decided at the last fall meeting.

**STAUNCH BOOSTER** for Humboldt State College, Claire Valentine, closes her academic career with her graduation this month. Active on the Rally Committee Claire was prominent in the renewed spirit at the college this year. At the Sempervirens assembly Friday she received an award for her contributions as the student most active in school organizational work.

#### Every Day's Valentine's Day

## SENIOR GIRL HAS SEEN BIG CHANGE FOR BETTER IN NEW SCHOOL SPIRIT

The heart-shaped rock resting in the quad fish pond has the words "To Claire Valentine." Students who haven't had the opportunity to meet Claire, want to, and those who know this senior girl wonder what it's all about.

Now it can be told. Some art students who found the stone painted those words in red on the heart rock and gave it to Clair. Then she contributed it to the school.

Commenting on the change in student spirit here since her arrival some years ago, Claire said there was formerly a spirit of a "different kind." She remembers when veterans refused to wear their freshman dinks.

#### Likes Activities

She cites the new organizations, students wearing school colors again, and the increase in student cooperation in activities.

Claire, throughout her college career, has been the guiding light and most active worker for the Rally Committee. She has held the offices of secretary, vice president, treasurer, chairman, and is currently co-chairman and secretary-treasurer of the committee. About the Rally Committee she says:

#### Never Dull Moment

"It's a wonderful committee to work on for anyone interested in meeting people and doing things worthwhile for the school.

I'll never forget the rally, and neither will the people of Arcata, I know, which was the Noise Parade of which all the organizations on campus made such a huge success. It's an example of what I mean about the new cooperation here." The Noise Parade was held this fall in connection with Homecoming Week-end.

Other organizations in which she has taken an active part are the A Capella Choir, Mu Epsilon Psi (the music society), and CSTA.

#### To Graduate This Month

Claire will receive her AB degree in secretarial science with a minor in music this month. After graduation she hopes to be a junior management assistant for the federal government. She recently took the Civil Service test for the position and will know the results soon. "If I didn't pass the test," she says with her characteristic never-say-die attitude, I will try again next year."

People in general interest this brunette, grey-eyed coed "beyond words." She also likes all kinds of music—"even western." Although an admitted amateur, Claire enjoys skating, tennis and bowling.

Students who eat in the Nelson Hall cafeteria know her mother, Mrs. Josie Valentine, who works in the kitchen there.

## Inquiring Reporter Little Man On Campus

by Bibler

The query posed this week by the Inquiring Reporter is appropriate for the season: "Would you deem it advisable for HSC to adopt the practice of San Francisco State College which does not require finals for its education courses?"

Dallas Kelsey answered: "Yes. I don't see much value in the long two and three hour examination. I would rather have period exams during the semester, which are of more value because they help you to gauge your progress."

Verner Larson said "Yes. Because a final can't cover all of the material that you have learned during the year. Also knowledge is a lot of knowing where to look for it."

Claire Edwards also replied affirmatively, adding: "You learn just as much during the class. If you want to learn it, you learn during class."

"No," replied Pat Avilla. "In general, in education courses I believe the finals are necessary to determine the accumulated gain in knowledge of the student through the entire course."

#### RUNOFF VOTE

(Continued from Page One)

MacMillan is also an Arcata high alumni where she was a student body vice president, and is majoring in education with a minor in history.

Betty Walter is a junior majoring in art. A graduate of Arcata High school, she is also the vice present of the Dramatics Club. Her mother, Mrs. Vera Walter, supervises the Student Union fountain.

Another council appointee who retains his position as a result of this election is Al Braid, who is a junior wildlife major. He is a former Rally Committee chairman and is also a member of Conservation Unlimited and the Intercollegiate Knights.

#### Newcomer To Council

Bob Titlow comes to the council for the first time. He is a junior and a graduate of Arcata High school, where he once served as vice president of the student body. Titlow, a speech major, has been active in dramatics at HSC. He is affiliated with the Intercollegiate Knights, Alpha Psi Omega, the honorary dramatics society, the Band, the Choir and is an officer of the junior class.

The new members will be installed in the student council at its first meeting in the second semester.

Dear Mr. Sarboe:

On behalf of the Ivancich family I would like to take this opportunity to thank you for dedicating the Humboldt State vs. University of Oregon football game to our beloved brother, Lester Ivancich, who was killed in action in Korea.

We appreciate the honor and high regard extended to him by your gesture.

Sincerely yours,  
Mary E. Ivancich.

LUMBERJACK

WEDNESDAY, JAN. 16, 1952

Page 2

### THE RIGHT CHOICE

At registration for second semester student body cards will once again be offered for sale to students. The LUMBERJACK editorial policy has been, and will be, that any student who believes in student government, and who enjoys the benefits derived from the sale of cards, SHOULD OWN ONE.

The choice of whether or not to purchase student body membership still rests with you as a result of the recent compulsory cards vote. Some people have interpreted this outcome to mean that the students who voted negatively did not want to buy ASB cards. This is not true. Even the leaders of this faction can be quoted as having said that they are perennial owners of cards, but that they wish to retain the right of choice.

The benefits of student government listed here numerous times are once again enumerated in another column of this paper.

Now that your right of choice has not been altered, our motto is "Make the right choice." Your student government is spending \$20,885.00 for your benefit and pleasure this year. In return you are asked to spend \$9. Is that unfair?

We have a moral obligation and we can afford to support our government. Let's do it!

**LIGHT SENSITIVE PHOTO PAPER** is being put on the recording drum of the HSC seismograph by Gordon MacGinitie. At right is shown part of the photographic record of a recent earthquake. The faint, erratic vertical lines are the record of the shock waves of the quake. The heavy lines are called microseisms and are the record of constant vibrations occurring within the earth's crust.

**SEISMOMETER IS EXPLAINED** to student reporters by Gordon MacGinitie. This instrument registers the earth's vibrations and transmits them to a galvanometer which by means of a controlled light beam records the shock waves on photographic paper.

## HSC Coeds Reveal Engagements

Miss Peggy You Hunt, daughter of Mr. and Mrs. Vinal Hunt; Miss Patricia Spellenberg, daughter of Mr. and Mrs. Frank Gianoni; and Miss Mary Jane Dana, daughter of Mr. and Mrs. Alex Dana of Eureka, popular co-eds at HSC, announced their engagements over the Christmas holidays.

### Fiance Teaching

Miss Hunt's fiance is Laureld Stebbins, grandson of Mr. and Mrs. Frank Sundberg of Arcata. Laureld graduated from Humboldt State in June with a Master's Degree and is now teaching at McKinleyville. Carol Powell, son of Mrs. Marion Powell of Oklahoma City, is Miss Spellenberg's fiance. Carol attended Humboldt State and is now serving in the navy.

Miss Dana is engaged to Nick Grediagin, son of Mr. and Mrs.

William Grediagin of Eureka. He is attending Humboldt State. Peggy Lou is a sophomore majoring in art, Patricia, a senior majoring in primary education, and Mary Jane, a sophomore majoring in physical education.

### Holiday Wedding

Former student, Evelyn Grow, now Mrs. Hall, was married in Reno on December 27th. Mrs. Hall was a sophomore at Humboldt State majoring in speech. She is the daughter of Mr. and Mrs. C. E. Grow of Eureka.

Millicent McVay, daughter of Mr. and Mrs. Milton McVay of Crescent City, announced her engagement to Dick Lawitzke at a Nelson Hall house meeting January 10. Millicent is a senior at HSC majoring in education.

Dick, her fiance, graduated from Humboldt State.

### Different in the Field

## TEACHING PROBLEMS DISCUSSED BY RECENT HUMBOLDT GRADUATES

By Eugene Evans

What are some of the problems that recent Humboldt State College teacher graduates are encountering? And what do those people think of Humboldt State College now that they are teaching? In a survey recently conducted in the area in which twelve teachers from five different public schools were contacted, the chief comments were:

1. The most frequent criticism of the present HSC educational program was that the teachers felt as though there had been too much theory, and not enough practical know-how given. The practice teaching that they had received had been very beneficial, but they felt as though they had not had enough of it. Every teacher made a statement similar to this.

2. Students should get a broad background in all fields of education. Many students have trained in the secondary level and then went to work in the elementary field. With a broad background, the students felt they would have been better prepared.

3. In the field the teacher generally does not instruct under the ideal setup as outlined in college.

The courses could help them to prepare for the overcrowded classrooms in which they will teach.

4. Some teachers said that they found it hard to support a family on their salaries.

5. Graduate teachers warned that new graduates in education might not get to teach exactly as they want to because of community pressure or a shortage of teachers. Other than this, the teachers all felt as they could teach as they wanted to. Many said that being on the job was much easier than practice teaching.

6. Some of the former Humboldters thought that more courses dealing with personalities and how to analyze the problems would have helped them.

They would rather teach in a small school in rural areas, as the opportunity were greater.

Most of the people thought the Humboldt State College was a good school and had given them much of the material they needed, but that some of the "dead-wood" could be taken out of the education courses.

### GALVANATOR DOES HULA DANCE

## EARTH SHATTERING DEVELOPMENTS

By Dan White

Just behind the east bleachers in Redwood Bowl there stands a small unobtrusive white stucco building. Upon careful examination one finds that it has no windows and only one door, which is always locked. It could be a tool shed or a storehouse, but it isn't. For earth shattering developments are recorded in that little building.

Inside there are two small rooms with their walls and ceilings all painted black. Small red light globes hang from above. When they are turned on, they cast an eerie glow.

### Serves as Key

To all appearances this building and its contents are the center of some mysterious labor. But on the contrary it is better described as one of a series of keys that is being used by man to unlock the walls of mystery which surround one of nature's most destructive forces—the earthquake.

The building is one of a series of seismograph stations located in California and neighboring states owned and operated by the University of California.

The station at Humboldt was built three years ago and has been operating under the supervision of Dr. Harry D. MacGinitie, chairman of the natural science division.

There are three seismometers in the station. These delicate instruments are used to measure movements in the earth's crust. These movements are the direct result of an earthquake and not the cause as commonly believed. Two of the seismometers react to horizontal movements of the earth's crust. One measuring the north-south movements and the other east-west. The third registers the vertical movements.

### Seismograph

Each seismometer is connected to a galvanometer, which by the aid of a mirror reflects a small pinpoint of light on a recording drum. If any movements are detected by the seismometers the small shaft of light is moved back and forth in direct proportion to the intensity.

The light shafts are cast upon light sensitive (photographic) paper which is mounted on a recording drum. The recording drum revolves and moves toward the left of the machine at the same time. The photographic record then looks somewhat like

a barber pole. The drum revolves one centimeter every ten seconds, which allows for a very accurate time record of the duration of and between the shocks. Collectively, the instruments are called a seismograph.

### Radio Time Signals

All of the instruments are regulated by radio time signals transmitted by the United States Naval Observatory Time Signal Station in San Francisco. This measure is extremely important in that the exact time and duration of the shock is required in making accurate calculations.

Gordon reported that a few weeks ago the instruments recorded a quake of a higher intensity than has ever been recorded at the Humboldt station. The initial shock was so great that it jarred the galvanometers from their stands and an accurate record was not established.

The photo papers are sent undeveloped to the University of California once each week where they are processed and filed, except in the case of very strong quakes when the newspapers request immediate information. Then the papers are developed at the end of the day and the information is forwarded to the local news agencies.

# SPORTS

LUMBERJACK WEDNESDAY, JAN. 16, 1952 Page 4

## JACKS HOME FOR SOC TILTS FRIDAY, SATURDAY NIGHTS

Humboldt State's Basketball schedule steps up its pace with the Jacks return from Davis.

They play a two game series with Southern Oregon here the 18th and 19th of January. This is the second Far Western Conference series.

This season the league has changed so that each team will play a home-and-home series, four games against each opponent.

January 25th and 26th the Camp Beal service men from Marysville, Calif., invade the Humboldt campus for a two-game series.

The next evening the famous Harlem Globe Trotters tangle with the college five.

The Globe Trotters have downed the Harlem Clowns who in turn nosed out Humboldt State earlier in the season. The game will be played in the Eureka high school gym.

The first and second of February Chico State will be here for a two-game series.

Remember the Humboldt Jayvees play all preliminary games. They are well worth seeing . . .

## Coach Calls Men For Glove Tryouts

Help wanted, men — "Sturdi" Sturdivant, the new boxing and wrestling coach, is putting out a call for approximately 20 good men. "Sturdi" is to teach boxing and wrestling from 10 to 11 o'clock two days a week and Intercollegiate Boxing from 10 to 12 five days a week.

Scheduled are two meets with Southern Oregon, one here and one there, as well as one meet at Chico. The meet at Chico is the Far-Western Conference meet and if one or more of the boys show enough ability, they will go to the Pacific Coast Conference meet.

In order to field a team we must have at least one boxer in each of the eight weight divisions. If this can not be accomplished, there will only be intramural boxing.

The team will turn out daily until the beginning of next semester from 3 to 5 p. m. This is a test; there must be interest to continue the program. Anyone who is interested in learning more about the program may do so by contacting Coach Sturdivant.

## Cal Aggies Tall; Jacks Lose Pair

By Bill Holbrook

Running out of gas in the second half spelled defeat for the Lumberjacks in two games with the Cal Aggies. Last Friday night the Jacks lost 53-37 and Saturday night 64-44.

It was that old thing of height again that caused the Jacks so much trouble. Keeping on even terms in the first half, the Jacks let the taller Mustangs break loose in the second to take command of the game and win.

In Friday night's game Dick Stacey was high point man with 13 while Saturday Ray Mechals was high with 12.

Tonight the Southern Oregon five and the Jacks will see who will take over the cellar spot, because they both have yet to win a league game. While the Jacks were losing two to Cal Aggies SOC lost two to Chico.

## Jayvees Win Two, Lose One

The Jayvees fared a little better than the Varsity since the vacation by scoring two victories and only losing one.

The first game they won was with the college all stars, which was made up of Humboldt students, by the score of 45-34.

Then came defeat at the hands of the undefeated Fortuna high school varsity 50-30. The last victory came last Saturday night when they beat the Eureka high school Varsity 34-27.

## Scoring Leaders

Still leading the scoring parade is Glenn Wallace for the Varsity and Jerry Smith for the Jayvees. Here is a rundown of the scoring so far this year.

## VARSITY SCORING

Player	GP	TP	APG
Glenn Wallace	9	89	9.9
Bob Dunaway	9	66	7.3
Dick Stacy	9	81	9.0
Don Flemming	9	47	5.2
Jerry Anderson	9	38	4.2
Ray Mechals	9	51	5.6
Dan Wilson	9	15	1.6
Bob Eggers	9	3	.3
Bob Matthews	9	8	.9
Leland Randle	9	3	.3
Eldon Watts	9	11	1.2
Dick Oliver	3	13	4.3
Dick Trone	1	1	.1
Season Total	9	426	47.3

## JAYVEES SCORING

Player	GP	TP	APG
Smith	9	108	12.0
Corrigan	8	47	5.9
Trone	8	38	4.7
Bennett	8	24	3.0
Kramer	8	23	2.9
Thomas	8	24	3.0
Walker	7	16	2.2
Estrada	3	11	3.6
Sorenson	8	8	1.0
"Cap" Joely	3	1	.3

## Side-Lines on Sports

More than half of the 15-man cage squad this year are yearlings at Humboldt. Eight are freshmen, five are juniors and two list themselves as seniors. Of interest and value to the Bunyan supporters is the fact that forward Dan Wilson is a two-year letterman in basketball at Northern Idaho College of Education.

## Faculty Tops Volley Ball Unbeaten In Five Starts

At the end of the intramural volleyball season, we find the Faculty, with an undefeated record, wearing the league crown. In second place is the Conservation Unlimited team followed by the Intercollegiate Knights.

Looking into the future, we see more action each Tuesday and Thursday evening as inter-mural basketball gets underway. Organizations of the players were handed into Mr. Sturdivant before Thursday evening.

These teams have been turned in: Nelson Hall, Redwood Hall, Humboldt Village, Intercollegiate Knights and Kinser's Rockets. Be sure to get your team entered.

"Korral Kapers" is the first social event scheduled for the new semester on Feb. 1.

## Auto Bugs Drive Out For Driving Skill Test

The Auto Enthusiasts of HSC held their first activity since organizing their club recently when a small group journeyed to Prairie Creek Elk Refuge.

Assembling at 9:30 a. m. on the campus, the men drove to Prairie Creek where the members exhibited their driving skill. The contests included driving in and around markers and line stopping events. Following the men's show the women took over the wheel.

Tom Bacome's Ford A was the winning car. The second highest point car, a light blue Ford A, became confused in the middle of an obstacle course and blazed a trail through the brush.

This group hopes to include the student body in later contests.
