

... Sweetheart ...

BING CROSBY chose Patricia Dawn French, frosh major in sociology, as Sempervirens Sweetheart last Friday morning at the College assembly. The yearbook beauty from Eureka topped a field of 13 candidates for the honor in the fifth annual Sempervirens Sweetheart contest. The yearbook staff chose Earl Rumble and Joan Flockhart as "Man and Woman of the Year." Jerry Beck was announced as "Most Outstanding Senior" by vote of the class of 1954.

Improvements Planned: Bells And Phones

Class hours will be softened in all buildings, according to a master clock and signal system to be completed later this spring, according to an announcement by Mr. Frank Devery, college business manager.

The master clock will be located in the new science building and will control bells and clocks electronically in the library, gym, industrial arts, CES, and the science building. The main administration and classroom building will continue to operate on an independent system, Devery reports.

Devery also reports that bids for contracts to install acoustical tile in all corridors of the main building will be opened January 27. The improvement contemplated by President Siemens for over two years will cut down noise in the halls for the benefit of classroom instructors and students in particular, it was declared.

For the faculty and College staff an improvement in intra-college telephone communications is expected to be completed April 1, Devery says.

A 50 per cent increase in the number of telephone lines will better the extension system within the college, the business manager says, and will make all faculty available to the switchboard. The HSC contract is on a rental basis for five years.

Also it was reported that additional trunk lines will improve service to points outside Arcata.

Women Name Dorm Head

Nelson Hall Women held their spring semester election on Thursday, January 7. The officers elected were: Marcia Bartlett, president; Barbara McClaskey, secretary; Barbara Drivell, treasurer; and Donna Martin, fire chief.

Sweetheart Ball Set February 13

The crowning of the Freshman Sweetheart will be the main feature of the annual "Sweetheart Ball," Saturday night, February 13.

The dance is an annual affair sponsored by the freshman class, and this year is directed by Chairman Jim Nameth and freshman class advisors, Dr. Arthur Smith and Dr. Dan Brandt. The Freshman Sweetheart is chosen each year by the entire student body from among five nominees chosen by the freshman class. Last year's Queen was Nadine Lozensky Mechals.

No definite plans have been made concerning the location of the dance or the orchestra, although Jim Nameth says that they "hope to get the Masonic Temple in Eureka," and Dr. Smith promises "... a good orchestra." The dance will last from 10 until 1:30, and the price will be \$1.25 per couple with ASB cards, and \$1.75 without.

Operetta Cast For February

With the selection of the cast, "Iolanthe," a delightful Gilbert and Sullivan operetta, has begun rehearsal for performances on February 25, 26 and 27, and March 5 and 6.

Soloists in the production will be: Jerry Beck, Lord Chancellor; Less Cannon, Earl of Mountararat; Bob Allender, Earl of Tolloller; Hal Seiber, Private Willis; Ed Solenberger, Strephon; Queen of the Fairies is Phyllis Robertson; Celia, Pat Hammond.

Leila, Nancy Prater; Fleeta, Marilyn Raglin; and Phyllis, Joline Benites. The part of Iolanthe has not yet been assigned. The rest of the choir will participate as fairies, petunias, or peers. Pat Flocchini will do the entire accompaniment on the piano.

Tuesday Students to Elect Four Reps - at - Large

Final Exams Start Wednesday; New Registration for Spring

Once again students' thoughts turn from the more pleasant things in life to the vast unknown reaches of that dark subject, final exams!

As this semester draws to a close, examining will begin on Wednesday, January 20, and continue through Saturday, January 23. But a brighter day looms ahead as students venture forth into a new semester January 27.

This year registration is being handled on a somewhat different basis than it previously has. Instead of waiting in the usual lengthy lines, students may complete registration at their own free time. Today is the last day for advance registration, however, late students registering on January 25 or 26 without penalty, after which date a late fee will be charged.

New Courses

The registrar's office announces a number of new courses to be added to the spring semester. These include: Engl. 109, Report Writing, which is to be of a scientific nature and which is being

offered especially to Wildlife Management and Fishery students; Psych. 140, Psychology of Individual Differences, which will enable HSC students the opportunity of an excellent psychology minor.

Engl. 188, Principles and Practices of Literary Criticism, an evening class; Spch. 7, Radio and TV Speech; Chem. 100A, Biochemistry; H. Ec. 102, Children's Clothing.

Jn. 122, Copyreading; Sp. 1A, Beginning Spanish, and H. Ec. 11; Meal Planning and Serving, offered to both men and women students.

Again this Spring Semester, the Home Economics Department is offering a Foods course for men students, H. Ec. 11, Meal Planning and Serving, Sec. 2, meeting on Tuesday and Thursday afternoons.

A similar course is available for women students, Sec. I, on Mondays and Wednesdays. There are no prerequisites. The course includes basic food preparation and

(CONTINUED ON PAGE THREE)

Voting in Lobby; Urge Vote Turnout

Students will elect four representatives-at-large for the executive council next Tuesday, January 19, two men and two women. Voting will be in the main hall of the Administration Building from 8 a. m. to 4 p. m.

Three co-eds are vying for the two positions to serve during the calendar year 1954: Frances Davis, Leana Hemenway and Joyce Jacobs. The three men candidates are Larry Mitchell, Dwain Haines and John Dufour.

Haines is seeking to succeed himself in the student government post, but the three retiring legislators are Gerry Baker, Nancy Grediagin and Ken Gelatt.

Miss Davis is a pre-nursing freshman. Miss Hemenway is a freshman chemistry major, and Miss Jacobs a sophomore majoring in education.

Mitchell is a freshman education major, Haines a junior majoring in business education, and Dufour a business administration freshman.

Representatives-at-large serve on various committees appointed by the ASB President Earl Rumble to administer student government.

FINAL EXAM SCHEDULE

Hour that classes met during the semester	Time that final examination is to be given
MWF 8 and MTuWThF 8	Wednesday, 3:30 p. m. to 5:30 p. m.
MWF 9 and MTuWThF 9	Friday, 8:00 a. m. to 10:00 a. m.

Dancing Thru Finals

You don't often hear anyone say that he danced through the final exam, so, when the entire class of P. E. 31 made statements to that effect, it seemed to bear investigation. Turns out it's true, as true! Miss Kay Gott's Beginning Ballroom Dance club had for its "ordeal" the planning of a "Final Fling." They came through with flying colors.

Carnival-Ball At Mardi Gras

Plans for the spring Mardi Gras to be held February 26, are well underway, according to General Chairman Russ Murphy.

The carnival followed by a costume ball will be held in the gym for the first time. The Newman Club, sponsors of the gala affair, is allotting booth space to the various clubs on campus "first come, first served," Murphy said.

The carnival, complete with colored paper and hot dogs, will start at 8 p. m. The dance will be from 9 until 1 p. m. with Eddie Clay furnishing the music. Gate admission, which includes the carnival and the dance, will be 75c. Playing prices at the booths will be set by the clubs running them.

The booths will include games of skill and chance and refreshments.

"Costumes are preferred at the dance though they are not necessary," Murphy stated. Prizes will be given for the best costume, both man and woman, who will reign as King and Queen, for the best costumed couple, and one prize for the best booth. Virginia Barker is in charge of the prizes.

A SPECIAL survey and review of the Humboldt State College master building plan was held in the offices of President C. H. Siemens last week with several state officials in attendance.

Editorial Page

Page 2 LUMBERJACK FRIDAY, JAN. 15, 1954

THE PRESS TAKES A STAND

It seems that whenever anyone on campus puts himself out on a limb by voicing an opinion in the Lumberjack, whether it be on world experts or just a difference of opinion, he gets the old guillotine dropped around his neck before he can say "freedom of the press."

Twice now, since Norton has been editor of the Lumberjack, students have been criticized and reprimanded so severely that they no longer have the courage to put their opinions in print again.

Whether or not this intimidation on the part of a small minority of the professorship on campus, is doing this without forethought of consequence, or whether it is merely a means of grinding their own axe, is a question this editorial leaves to ponder.

In the beginning it was difficult enough to get student opinion in the Lumberjack, and now thanks partially to one professor in particular, it is nearing impossibility.

When professors deliberately take it upon themselves to reprimand a student publicly because the student's opinions are contrary to his own, then it is time that this editor along with everyone else who still believes in freedom of speech and of the press, took a stand.

Many students have the absurd idea that if they should question the methods of any professor with whom they have a class, their grade index will suffer consequently. This is not true.

This should not continue, because democracy does not adhere to conformity through indoctrination. And to all students on campus, if you have an opinion on anything, don't hesitate to see this editor. The majority still rules—J. A. N.

Frosh Thespian Gets Realism

Freshman Ardelle Lamm and everyone else is very glad that there was a slight "change of script" last week.

Ardelle, cast in the part of a young girl killed in an auto accident in the one-act play "C'est La Vie," by Pat Pratt, was on her way to play practice last week when she was involved in a three-car crash just this side of Eureka. She suffered a badly cut forehead when a truck coming towards her made a left turn right in front of her and the car behind her rammed into the back of her car.

Despite her accident, Ardelle seems to have been inspired with the saying, "The show must go on," and appeared with the rest of the cast Tuesday night.

Really Busy Student Late College Starter

One of the interesting, older students on campus for the first time is MYRLE KRAUSE, 25 years old. Myrle is married and the mother of three children: Clara, nine; Charlie, six; and Rachel, five. In addition to being a busy housewife, mother, and full-time student, Myrle also works as a nurse's aid in the County Hospital every day from 3:00 p. m. until 11 p. m.

Myrle's goal is to become a public health nurse, and she was quick to say: "I wish I had started Humboldt State College four years ago." Her hobbies include bee-keeping, reading and music. She also likes to attend and listen to football games.

PIERRE The Legionnaire JOHN VAL JOHN

The Lumberjack went broke. Frenchie went on relief. Hard times are here to stay, like television. Just ask Bill, he bought the set.

To the critics: Bon Bon Pierre will be here until animal crackers stampede over the Oregon trail. When the revolution comes, the caviar kid will get a haircut and take his column with him. St. George will never make it that far.

Howdy legionnaires in Brigham Young out Provo way—more fan mail, please. Saw your salt flats last summer—mighty fine. Kinda made Pierre wonder though, what would have become of Utah had Mr. Young made Reno?

... Wonder how the chow is down Nelson way? After the dietician turned up missing late last year nobody's been talking. If you want to know why the Lumberjack's broke... we ain't talking either. See you at Bucks.

In the coop, coffee used to crawl out and struggle a little when it hit the cup. Lately it's been staggering out, and when it hits the cup it doesn't seem to care any more. (Bye)

Alumni Issues Annual Report

The HSC student loan fund received a good workout, according to the annual alumni report of Treasurer Mrs. Jessie Woodcock. Her reports indicate that 59 students took out loans from the fund which totals \$1160.72 as of November 12.

The Alumni Association has 262 Life Members, new President Mrs. Robert McDowell reports, and 12 annual memberships were added during the year.

Activities which the association sponsors include the Bunny Hop which netted the Knights \$200. Publication of the Alumnus, a Christmas party, scholarships, and other affairs round out association activities.

CANNON ELECTED DRAMA PRESIDENT

Les Cannon was elected Drama Club president last week by a unanimous vote. John Norton was elected vice-president.

A committee was appointed to bring a movie to the campus for a fund raising campaign.

Pat Hammond, Ralf Luce and Charles Coon comprised the committee which will consider motion picture possibilities for trip funds.

It was also decided to hold meetings on the first Monday of every month.

car. "It keeps me broke, but it runs," comments the frosh history-education major. She's one gal who actually enjoyed writing her English 1A term paper. The subject was History of Jazz. Could be... Senior History-Music Major MARILYN RAGLIN owns a matched pair of Siamese cats. They're the kind with Rohrzhak faces and charcoal stick tails... SEE YOU NEXT SEMESTER!

COOP SNOOP

JACK CHIPMAN, wildlife soph, spent his freshman year at Cal Poly in San Dimas, "but you'd better not mention that, because Humboldt beat them last year 72-0." We forgive you, Jack... Freshman NAOMI COTTELL, the speech major who was student director of "Twelfth Night," has a vocation and avocation that take plenty of energy—raising children of seven, eight, 11 and 14. A job, that!...

Student Body President EARL RUMBLE has a seven-year-old son who has classes in Coopology from 8:00 to 8:30 each morning. Perhaps, when he's a bit older he'll be a senior education major just like daddy.

JACKIE SINTIC has her first

Choir Gets \$348 in Magazine Drive

The HSC A Cappella Choir wishes to express their sincere thanks to all who contributed to the success of their drive by buying subscriptions to magazines, or by making outright donations, which brought a total profit of \$348.37.

Under the influence of the hard work of Chairman Dwain Haines, who sold \$106.50 worth of subscriptions, and the outstanding efforts of Dotty Wilkenloh, \$114.50, Lee Ann Jennings, \$102.50, and Leonard Cook, \$82.50, the choir sold over \$1000 worth of subscriptions in November.

The \$348 will be used for the purchase of badly needed choir robes and risers, and for them, the choir again extends its warmest thanks.

Science Professor Publishes Book

Dr. Harry D. MacGinitie, professor of physical science at Humboldt State, recently had a book published by Carnegie Institution of Washington, D. C.

The book, entitled "Fossil Plants of the Florissant Beds, Colorado," is the first comprehensive study of Florissant flora since 1883. It consists of 263 pages of scientific classifications and photographic plates.

Dr. MacGinitie began work on this project 17 years ago, and has spent three summers studying the Tertiary beds of Florissant, Colorado.

The plastic cast representations on either side of the main hall of the administration buildings are Assyrian Warriors.

No More 'Jack' For Lumberjack

After this issue the Lumberjack will have only enough money for three more issues as a result of its effort to comply with the wishes of the ASB Council, it was disclosed by Mr. J. N. McIntyre, publications advisor for the Lumberjack.

At present the paper has only \$487.14, to the red, it was pointed out by the publications advisor.

At the start of the college year the ASB Council urged the Lumberjack to publish once very week, rather than on a bi-weekly basis as was the paper's previous policy. Council's idea was to better publicize football games as well as other activities.

Mr. McIntyre also disclosed that he had asked the Student Council for \$647.50 to publish a weekly the rest of the year, but the measure is as yet still under consideration. In the event that the measure is not approved, the Lumberjack will be forced to publish on a monthly basis until June.

Bruce Sweet, ASB treasurer, disclosed that only two departments this year have been allotted funds exceeding their original appropriation. The Drama Department and the varsity basketball team.

By way of pointing out that the Lumberjack is in a position to meet the Student Body more than half way on its finances, Doug Carter, advertising manager for the "Jack," said, "There is enough advertisements available for a four-page weekly until June, to pay for at least 55 per cent of the Lumberjack's bill."

TUITION CHARGE!

The weird pieces of metal located on the roof of the radio studio are nothing more than a television antenna. Also for those of you who like to watch television, drop by Mel Oliver's dorm room, you will find a bunch of fellows studying Western History via the Western Theatre. He and Roommate Jerry Paul charge 25 cents for "guests" on wrestling nights.

Yearbook Deadline Late This Month

Another deadline for copy and pictures for the yearbook is set for January 29, Co-Editors Joan Flockhart and Gerry Hagelskamp report.

"Fall activities at HSC will be chronicled and will bring the book to approximately two-thirds state of completion," the editors report.

Word has it from Los Angeles that the Sempervirens '54 cover, in light blue with an embossed figure of the ocean, has been completed and shipped to Berkeley for assembly in the yearbook.

"Beauty of Northwestern California" is the theme of the yearbook this year," the co-editors state, "with many pages in color. Five colors will be used to brighten up the book this year illustrating the mountains, beaches, trees and other scenic beauty that make up the environs of the College.

HSC-Y Students At Conference

Four HSC "Y" members, Sally Fotens, Mickie Frazier, Pat Johnson and "Birdie" Unutoa, attended the Southwest Pacific YMCA-YWCA conference at Asilomar, California, during the Christmas vacation. The conference lasted from December 25 to January 2.

Each of these students were sponsored by service clubs at school and in Arcata, including the "Spokes," the Rotary International, the Lions International, the Kiwanis International, and the Arcata Baptist Church.

The delegates attended platform speeches each morning which were delivered by Dr. William Hawley, dean of students in the Divinity School at the University of Chicago and member of the National Advisory Council of the Student YMCA. These speeches dealt with the theme of the convention, "Finding Meaning in the Midst of Confusion."

The delegates also attended two-hour seminars each day in which problems of sociological, religious, and educational natures, pertinent to college, community, national, and international life, were introduced and discussed.

There were over 350 delegates from colleges and junior colleges in Arizona, Nevada, Hawaii and California, as well as students from many foreign countries.

Bing Crosby, who has had the most beautiful women of Hollywood as his leading ladies, was the judge for the fifth annual "Sempervirens Sweetheart" contest at Humboldt State College Jan. 8.

Cupid Reports HSC Marriages

Several of HSC misses returned from Christmas vacation as "Mrs." They are:

Sophomore Education Major **MARY BAIR**, who became **MRS. JACK OLSEN** on December 27.

PAT MATTOX, former coed of HSC, who became espoused to Junior P. E. Major Jim Ingram.

Nona Hogg, who works in the registrar's office, is Mrs. Ralph Kraus. Her husband, a graduate, is now teaching at Trinidad Elementary School.

The men of our campus who tied the knot include: Dick Stacy, senior psychology major, whose bride is **CAROL MYERS**, of Myers Flat. They were married January 9.

Redwood Bowl was dedicated October 5, 1946, for the first season of football play.

Final Exams Start

(CONTINUED FROM PAGE 1)
practice in preparing and serving meals.

Piano classes from beginning to advanced instruction are available with credits (one unit) without charge to anyone wishing to learn to play the piano or to carry on with previous study.

Second semester, intermediate and advanced classes are DHR and the first meeting will be Wednesday noon, January 27, to divide the group into various sections.

Reduce Changes

Last year there were more than 1500 program changes made after registration. Mrs. Myrtle McKittrick, College registrar, urges all students to plan their study programs carefully and definitely and to avoid making changes after enrolling in a class unless absolutely necessary. If this is done, it will relieve a great burden from the registration department, she said.

Band Prepares for Spring Activities

Lumberjack Symphonic Band is now preparing for a long list of spring engagements.

Arrangements are being made with local high schools for the band to appear in concert at their own auditoriums, at which time the organization will play a varied program of classics and jazz, featuring several soloists and ensembles to be selected soon.

Students are encouraged to register for one unit of credit, however they may participate in band as an activity without credit. The band rehearsals at the College Elementary School on Tuesday and Thursday noon. Anyone interested in joining is encouraged to attend.

NEW HSC SONGS

Humboldt has two new songs. A school march and a waltz, composed by Leonard Cook, music major and member of the composition class. The march and the waltz will be presented at the POPERA in the spring. Leonard has written his own words for the waltz and they may prove to be a song hit.

HSC Cagers Visit Reno For FWC Tilts

The Lumberjack cagers are spending tonight and tomorrow night in Reno, Nevada, and it's strictly a business trip. The Jacks will pit their slow moving, deliberate type offense against the fast-moving, hard-driving offense that the Wolf Pack of Nevada University uses.

In this contest the Jacks will have one good advantage in that the tallest starter for the Wolf Pack is 6-foot, 2-inch center, Reg DePaoli. Both Jack starters, Joe Myers and Bob Pelleberg, are a shade under the 6-foot, 5-inch mark. This will be one of the few games where the Jacks will have a height advantage.

Coach Glenn "Jake" Lawlor has six returning lettermen. At the top of the list is Senior DePaoli, who was last year's third highest scorer behind two boys who graduated and one of whom was the school's all-time great and record holder.

The fourth highest scorer was Bob Wilcox, now a senior forward rated as a very dependable ball player. At the other forward spot will be either Roger Murdock or Ray Pastorino with Murdock having the slight advantage because he is the taller of the two.

Guard Bill Cooper is the team's sparkplug while at the other guard job is John Legarza, a first class sharpshooter. Chuck Handley, former all-stater, may also get the nod from Coach Lawlor though he is only a freshman.

The two games are conference affairs and both clubs, though predicted as non-title contenders, will try to stay in the first division.

SPORTS

Page 4 LUMBERJACK FRIDAY, JAN. 15, 1954

SWINGING THE AXE

By MURL HARPHAM

With the beginning of a new year sportsmen across the nation look back over the sports headlines of the old year. It was truly a year of great athletes and sports thrills, but what does the new year hold in store? Maybe the free substitution rule in football will come back. Will the Yankees repeat? Can the United States win back the Davis Cup? What basketball rules will be changed?

Great Sports Stories?

Certainly 1954 will have HSC sport thrills and quarrels, but will it equal those of 1953? The other day we were asked what the greatest sport story was in 1953. That would be hard to say, and besides people of the different sports would favor their own love. Perhaps it was the inspiring Ben Hogan comeback story, or the New York Yankees winning the world series for the fifth straight year, or Rock Marciano's climb to fame or perhaps to some people it happened right here in Humboldt.

Each town or city in each state had its own great sport thrill or heart-warming story. It doesn't matter what the large newspapers say is the great sports story of the year, because each one only affects a small portion of our vast population. In every town different sport thrills will remain in the hearts and memories of those who either participated or witnessed them, whether it was the small boy who caught his first fish with a homemade pole or a rookie hitting his first home run in the big leagues.

Flying Chips

Before Christmas vacation the HSC Lumberjack basketball team got off to a bad start losing three out of four games on a road trip to Oregon. They opened the season against the Oregon Tech Owls and lost 57-75. The following night against the same team they lost 70-78 in an overtime thriller. They then traveled to Ashland and split with SOCE 65-72 and 53-51.

It was recently learned that former Humboldt State Coach Lou Tsoutsouvas coached Santa Barbara High School to an undefeated 1953 football season. Tsoutsouvas coached the Jack football squad to an impressive 6-3 record in 1948.

Footballer in Far East

Many football fans well remember Bruce Freeman. He was a big rugged linebacker in 1952 on the first Humboldt FWC championship team. Bruce, too, will remember HSC, not only for football, but because this is where he met the girl, Barbara Anderson, who later became his wife. Bruce recently sent a letter of thanks for the school papers which are being sent to him at Cubi Point in the Philippines where he is working for our rich uncle—Uncle Sam.

Larry Amos will leave next week to become one of Ike's aids and a few other HSC athletes are planning on leaving also.

Knights and Ski Club Lead Murals

With three rounds remaining to be played in the intramural volleyball league, two undefeated teams, the Knights and the Ski Club, are tied for top position. Conservation Unlimited is in third place.

The complete standings are listed below:

Team	W	L	Avg.
Ski Club	2	0	1.000
Knights	2	0	1.000
CU	1	1	.500
Redwood Hall	0	2	.000
Faculty	0	2	.000
White House	0	2	.000

There are more losses than wins in the league because a team automatically receives a defeat if the required amount of players fail to appear for a contest.

When HSC opened its door for first classes in April, 1914, 78 students and six faculty were on hand. All but 15 were women, most trainees.

Jacks Score Well But Kirby's Win

The Kirby's Shoes basketball team from Los Angeles won easily from College Five, 87 to 56, before a small crowd in the Eureka High School Gymnasium Wednesday night.

It was simply a case of too much talent and experience for the Lumberjacks to handle. Humboldt took a short-lived

JACKS DROP 2 CONFERENCE GAMES TO SACRAMENTO

Junior Jacks Boasts Impressive Record

The JV's have continued from where they left off last year by winning seven of their first eight games of the 1953-54 basketball season. The only loss the JV's suffered last year was in the final game of the season when the Eureka High School Varsity set the Junior Jacks down and so far this season they have been the only team to find the range of the hoop more times than the Little Jacks have. This was the first game of the season and since then the Jacks have won seven straight.

When the Junior Jacks went into battle Tuesday night they were without the services of three outstanding players, Ray Mechals, Bob Eggers and Bob Kezelsy. The reason for their absence, it was learned, was due to the new policy of the JV's. Says Athletic Director Phil Sarboe, "the purpose of the JV's is to promote good public relations and since the JV's games are mostly with high school teams, it was felt that the JV's should be devoted to the development of material for the varsity."

Sarboe said that Mechals was varsity material and that Mechals' work schedule was preventing him from turning out with the varsity. The loss of these three players cuts Coach Ced Kinzer's team down to eight men. Cliff Reed, Bill Tuttle, Alan Hendrickson, Pete Linden, Jerry Paul, Ray Marks, George Psaros and Marvin Bertelsen.

The record of the JV's to date is as follows:

Date	HSC	Opponent
Dec. 1...33	Eureka High 51
Dec. 2...56	Arcata High 31
Dec. 11...68	Geo. Ratzlaffs Team 39
Dec. 15...42	Eureka High
Dec. 16...46	Arcata High 39
Jan. 5...52	PSEA 38
Jan. 8...48	PSEA 36
Jan. 9...46	Eureka High 32

All JV games start at 6:15 and the incomplete schedule of games to come are printed below.

Jan. 12—Arcata High
Jan. 13—Conservation Unlimited
Jan. 15—PSEA
Feb. 1—Ferndale High
Feb. 2—Arcata High
Feb. 6—Arcata High
Feb. 12—Ferndale High
Feb. 13—Eureka High
Feb. 20—Arcata High

Coach Kinzer said, "Any freshman or sophomore students wanting to come out for the JV's next semester are urged to do so."

lead at the beginning of the contest, but saw it dwindle to a 15-10 deficit at the end of the first quarter.

Kirby's fast break tactics and deadly shooting ability supplied the few fans present with plenty of action and a multitude of scores as they increased their lead to 39 to 25 by halftime.

"Jumpin' Joe" Myers turned in his usual fine performance in spite of the opposition, and was high scorer for the evening with 20 points. Erv Pigg gave evidence of his continually improving ability by tanking nine for the Jacks.

Kirby's scoring was well distributed among the members of the team, but Shoeman Don Johnson and Grover Luchsinger were high for their squad with 15 tallies each.

Christening the new Far Western Conference last week-end, the Lumberjacks got off on the wrong foot losing a pair of games to the Sacramento State Hornets 53-48 and 42-26. However, it was no disgrace to lose to the Hornets who can easily hold their own in big time competition and have already proved it. They lost by a small margin to the University of Oregon and beat the Washington State Cougars.

In the first game, the Hornets were either playing under par or the Jacks are a better team than rated. In the first period the Sac's surged ahead by a 20-11 count then the Hilltoppers cut the lead down to 26-23 by the end of the half.

In the final half the visiting Hornets outscored the Jacks by only two points as they went on to win. Georgis led the winners with 16 while Myers was high for the losers with 12 followed by Taylor and Dunaway who each hit for 11.

Second Game Oddity

The second game found an oddity in college basketball when the Jacks only scored 26 points and 14 of them on foul shots. Ibarreta was high for the locals with six points, all of them on free throws.

The first quarter ended in an 8-8 tie with neither team being able to buy a field goal. Then in the second quarter the lid was removed from the all-senior veteran team's basket as they poured on the steam to take a 25-10 halftime lead.

From there on out the game was in Sacramento's hands when the Jacks acquired basket fever, taking only a small number of shots.

In a return engagement with the St. Mary's Gaels the Cal Aggies were downed 57-36. The Gaels' Clarence Crew besides scoring 10 points held big Bill Rahn to only six points.
