

Merry Christmas - Happy New Year

Council Votes To Continue Assembly Hour

The ASB executive council, after lengthy debate last Thursday evening, voted to recommend that the assembly hour be kept at once a week for the spring semester.

Present as guests of the council were Larry Flammer, Homer Ratcliff, Wayne Reed, Spencer Thure, Joe Trainer and Eldon Watts, who were present at the bull session held at Miss Buchanan's home Tuesday, concerning assemblies. Larry Flammer summarized for the council the points that had been brought out at this meeting. It was clarified that the purposes of assemblies are educational, cultural, entertainment, training and variety.

In the following discussion these and other ideas were brought forth: monthly assemblies would fill the auditorium beyond capacity, the faculty could set a rule of no late entrance in Friday morning classes, monthly assemblies would limit student participation in assemblies. Monthly assemblies on a floating basis would result in greater confusion because no two assemblies would be held at the same hour and the same day.

Rally Commissioner Jim Nameth submitted a proposed awards system for the Rally Committee. This year it is planned to purchase as many awards for next year as the finances of the committee will allow. The proposal was approved.

Dr. Karshner announced that a new schedule for distributing the daily bulletins in conjunction with the mailing system would be instituted after Christmas.

Plans were made for a short Christmas party to be held after the next meeting and Jim Nameth was named as chairman for the project.

Poem by Humboldt Freshman Chosen For Poetry Annual

Carol Harris, freshman from Eureka, has had her poem, "The Audience," accepted for publication in the Annual Anthology of College Poetry.

The Anthology is a compilation of the finest poetry written by college students. Selections were made from thousands of poems submitted from all over the United States.

Miss Harris is majoring in liberal arts and her specific field is speech-radio. A graduate of Eureka High School, she was active in four school plays and participated in a speech contest. Miss Harris also played a part in the Humboldt Players production of "The Madwoman of Chailot."

Humboldt-Chico Axe Turns Up on Wildcat Campus

The missing element in the Humboldt-Chico "stolen axe" case was reported uncovered last week when the mud-scarred, nine-foot blade was found abandoned in a parking lot near the Chico State campus.

The axe had mysteriously disappeared from its trophy case at Chico State shortly after the Wildcats had taken possession of the blade legally, by emerging victorious in the 1953 gridiron classic. The theft was not revealed until a few days before Chico was to

invade Humboldt in a current campaign clash October 30, when it was to be brought here for presentation to the winning school.

Last week the Wildcat, a student body publication at Chico, reported, "the double-edged blade was found covered with red mud in an abandoned parking lot, giving rise to the idea that it was buried."

It may have been, the publication speculated, that the individuals, whose identity is not known, in possession of the axe decided

that it was too "hot" to keep in hiding any longer.

Molded from aluminum pots and pans by a group of Humboldt State students who later formed the Intercollegiate Knights, the huge axe had been the spark of a fiery rivalry between the two schools since 1946.

It now hangs on the wall of the rotunda with a large lock placed in one of the shackles to discourage any future misplacements and the Humboldt-Chico game scores, burned into the handle since 1946, remain intact.

Committee OK's Funds

Humboldt Would Receive Seven Million Dollars

Humboldt State College's giant expansion program received a big boost last week when some \$7,881,000 of a proposed \$111,080,790 fund for construction in the state colleges were earmarked for additions to HSC facilities.

A special committee on capital outlay of the state legislature made the recommendation, which will include 11 buildings and two dormitories for Humboldt State within the next five years.

Planned for construction in the 1955-56 school year if the legislature goes along with its committee's recommendations will be further additions to the Wildlife and Fisheries plant now under construction, a men's gym and swimming pool to cost \$1,150,000, \$250,000 for a further 10-acre addition to the campus, and a \$725,000 art and music building.

Other projects in excess of \$500,000, in order of their priority, will include an administration building at a cost of \$624,000, a cafeteria to cost \$973,000, a science building costing \$1,052,000 and two residence halls costing \$697,000 apiece.

The dormitories were part of a separate recommendation made by the committee totaling \$22,490,870. The bulk of the appropriation would go to Humboldt, San Jose State, Chico and the Maritime Academy.

Leana Hemenway Wins Frosh Medal

Sophomore Leana Hemenway, laboratory science major, was presented with the Chi Sigma Epsilon freshman scholarship medal at the recent annual awards assembly. Miss Hemenway maintained in her freshman year a near-perfect grade-point average of 2.81.

The award was presented to the sophomore, who is student body secretary this year, by William Papke, president of the honor society.

SEMPERVIRENS SWEETHEART—Pat Flocchini, sophomore music major, was crowned "Sempervirens Sweetheart" before a large crowd at the annual Christmas formal, the Sno-Ball, last Friday night in the Eureka Inn. Doing the honors is Harold "Sparky" Robinson of the Advisory Board. Max Factor, Jr., president of the famous Hollywood cosmetics concern, selected Miss Flocchini from 13 candidates.

Entrance Requirements for State Colleges Hiked by State Board

High school graduates seeking admission to Humboldt State College may find entrance requirements much stiffer under new regulations adopted by the State Board of Education meeting in joint session with the Council of State college presidents last Friday, President Cornelius H. Siemens reported this week after returning from the Sacramento meeting.

Emergency regulations hiking entrance requirements were adopted to meet the booming increase in enrollment in state colleges, which threatened in many cases to outgrow the school's facilities.

The new regulations will require

the prospective entrant to meet requirements of "A" or "B" grades in 50 semester periods (or 10 courses) of course work during his 150-odd semester periods of high school studies, and also a passing grade in the entrance examination. Physical education and military science will no longer be counted for admission purposes.

Previously, students had only to show passing marks in 10 standard courses taken in the 10th, 11th or 12th grades, or pass a standard entrance examination.

The entrance examination may be waived for students maintaining "A" or "B" grades in 70 semester periods.

The State Board of Education retained in the law the so-called "justice clause," which reads "an applicant who fails to meet these standards may be admitted if, in the judgment of the appropriate college authorities, he gives a

Assembly To End Campus Fests; Vacation Begins

With only the Christmas assembly remaining of a week-long observation of the holiday spirit, Humboldt State College students and faculty prepared to scatter to the four winds this afternoon when the long anticipated Christmas holidays begin.

Beginning with the annual Community concert given by college and community musicians before a standing-room-only audience in the gym last Saturday night, and con-

LIBRARY OPEN

Students wishing to study over the Christmas holidays will find the Library open to accommodate them, Mrs. Helen Everett, librarian, reported this week. The Library will be open from 8 a. m. to 5 p. m. on Monday, Tuesday and Wednesday of the first week, and every day except Friday of the final week of the vacation.

tinuing through today's assembly, students, faculty and staff have all participated in celebrations of the Christmas spirit.

The A Capella Choir, under the direction of Leland Barlow, Brass Choir of The Humboldt Little Symphony, directed by Charles Fulkerson, the Madrigal Singers and Dean Kate Buchanan will all participate in the final campus observance of Christmas today.

The Choir will sing "Oh Come All Ye Faithful," and "Jesus, Priceless Treasure." The Madrigal Singers will present "Oh Little Town of Bethlehem" and "Was-sail Song."

Miss Buchanan will give a reading, "How Come Christmas?" and the Choir will return to sing "Adoramus Te" and "Only Begotten Son." The program will close with "Silent Night."

Both the Little Symphony and the Choir were among Humboldt State participants in the annual Community Concert which opened Christmas festivities Sunday night. Also participating in the concert were the Arcata Union High School Band and Chorus, and the Arcata Community Singers.

Cast Is Chosen For Reading Of 'Sondelis'

The cast for the January 10 reading presentation of Sondelis has been selected and rehearsal has already begun, announces Dr. John F. Pauley, director and author of the fantasy.

The part of Ira Mulford was awarded to Homer Ratcliff, Nicky will be played by Les Cannon, Dr. Jules Martaine by Dr. Ned Girard, and Celeste by Joan Gowell.

Other parts were assigned as follows: J. P. Parrish, Pete Linden; Kate St. Claire, Lou Hill; Willie Pironsky, Frank Betten-dorf; Beautiful Lisa, Pat Hammond; Mr. Meek, Gene Marks; Blooie, Bob Pepper; The Judge, Craig Stark; The Train Dispatcher, Lee Morrison; Amelia, Joline Benites; The Old Man, Bill Busch.

Columbine will be played by Nancy Prater, Doodle by Kay Killinger, and narrator, Naomi Cottrell. Frances Stark has been named assistant director.

Coop or Casino?

At a time of the year when the school calendar is more than ordinarily crowded, with students and teachers attempting to get work cleaned up before the Christmas holidays, it would hardly seem likely that students would have so much time on their hands that card playing in the coop would be a problem. This seems to be the case, however.

The problem, although seemingly a small one, has been important enough to warrant attention by the Student Council, and rightly so, since the student body's business enterprise, the coop, is losing money because customers are simply crowded out, and students are being deprived of their share of a student-operated building.

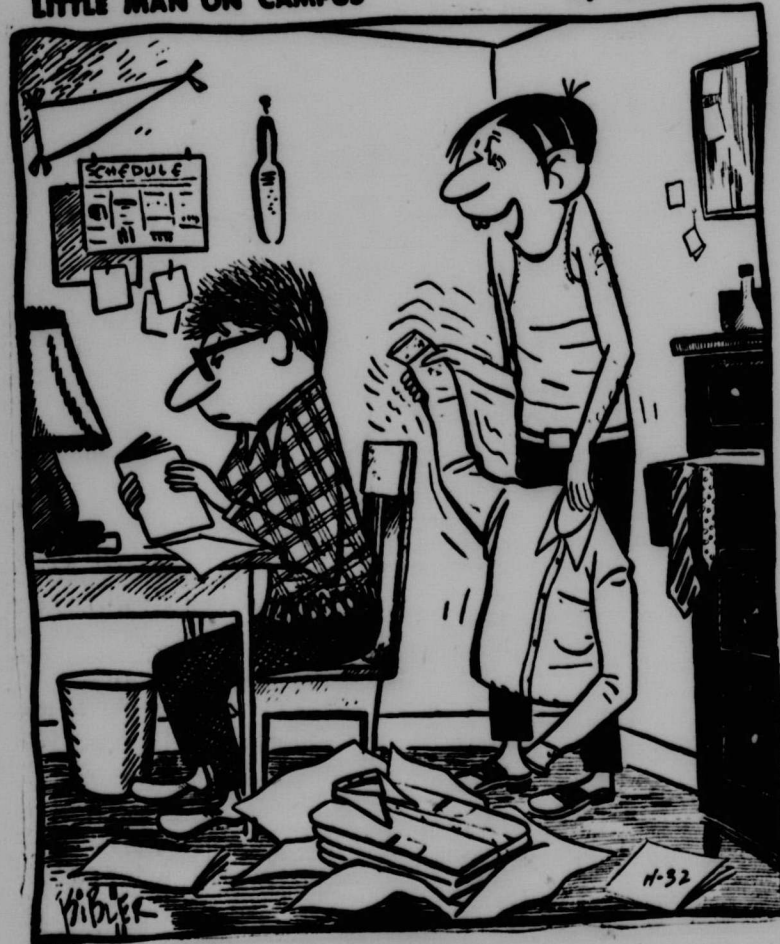

At a random count, taken by the writer last week, thirteen of the eighteen tables in the coop were occupied by card-players, ensconced, seemingly, for the duration of the noon-hour to the total exclusion of anyone else who might have liked to use them. Probably every one of the card players would have been happy to give up his seat to someone in more urgent need of it if asked personally. Nevertheless, thoughtlessness has grown to the point where more than two-thirds of the space available is being used for a purpose other than that intended.

A partial solution for this would be the re-opening of the recreation room in the basement of the student union building. This was taken over for use as a bookstore "temporarily," last September and is now evidently being used as a store-room. Storage space may be a problem on this campus, but not so great a problem as to warrant taking a necessary student recreation area out of service for months at a time, if not indefinitely.

The same problem came up in years gone by in the old coop which stood on the area where the library now stands. It was solved then simply by a mutual agreement on the part of the students not to impose on one another in this fashion. A similar agreement now would be entirely in order.

LITTLE MAN ON CAMPUS

by Dick Bibler

"That dang laundry has fouled-up again—I don't take chemistry."

Of All Things

By SYD STIBBARD

O Progress, O Enlightenment.
I used to look at the old tired jukebox last year in desperation. I used to look at the students in desperation, too.

O students of the world—plenty of nickels—and faced with the dilemma of an insufficient noise machine. A higher form of education coupled with a lower form of music results in neurosis, as explained in the Fitzgerald Report to the Nation, circa 1950.

Night after night and even as the morning wore on into afternoon the same two or three selections would be revolving—just a minority of the possible choices. Being careful of my nickels, I couldn't remedy the situation myself.

But then came to day. O Progress.

The new juke box has one hundred selections. One hundred! Count 'em! Beautiful music... an endless variety. We not only get noise, but a Sultan's choice besides!

And still, we hear, day or night, rain or shine, the student's nickel choices... just two or three over and over again.

O Progress.
O Brother.

Club Capers

Plans for the cake sale of today were discussed at last Friday's meeting of Tri-Sigma. Cake, cookies and candy will be sold in the main entrance of the Administration building from 11 a. m. to 1 p. m., proceeds will go to buy pins for the organization.

Bill Grediagin, John Degen and Pat Magnuson of the Ski Club spent last Sunday helping the County Ski Club prepare facilities at New Prairie ski area. The rope tows are now in good running order and a foot of snow already adorns the slopes.

The Happy Wanderers—(Such a delightful gypsyish name for a hiking club!)—had the biggest turn-out yet for their Prairie Creek outing last Sunday, reports John Voris. The next meeting will be announced in the daily bulletin and notices will be posted in each member's box. This will be sometime in January.

Bull sessions sponsored by the discussion group of the College "Y" are now being held on alternate Monday and Tuesday evenings to make it more convenient for those who want to attend. The recent session at the home of Mr. John Van Duzer dealt with whether or not the Friday assemblies should be continued. The purposes of the assemblies were determined as follows: To educate, to bring students closer together, to entertain, to provide variety from routine school activities. Another question discussed was to have or not to have a "floating assembly hour"—one each month. This matter was brought before the student council, but no more information was available at press time. No Bull Session was held this week due to pre-Christmas exams.

The religious commission of the College "Y" has written inviting Chief Justice Earl Warren of the U. S. Supreme Court to give an address during Religious Emphasis Week in February, reports Jack Legate.

The executive council of W.A.A. now meets at 8 p. m. on the first Monday of each month. Its purpose is to iron out any differences and difficulties which might arise within W.A.A., and discuss past and present activities and measures which might be adopted to improve them. The organization is, at present, running half of the basketball concessions.

Faculty Forum . . .

By DR. STANLEY SPAID
Chairman, Division of Social Science

What to talk about is always a problem; what not to is probably more to the point. Let's raise a few questions; in this case no answers will be recorded. There is the perennial question of faculty-student relationships. I am quite sure that my students, if they were given a chance, which they aren't, could put forward many sound arguments against my policy of not admitting students late to class, especially to 8:00 o'clock classes! And again, at this time there is that hoary question of assemblies. Enough said! (I believe that is a "fragment," Mr. Hicklin). We might get a little more general in our discussion.

Why does the legislature make it mandatory that students review material in American history, the United States constitution, state and local government? We'll leave that one there. However, we are really getting closer to what I have in mind. What is a college education? Is it, as many believe, a bread-and-butter affair, that is, simply training to admit those to enter a chosen field after fulfilling a prescribed course of study? Or is it, as the other extreme seems to indicate, a search for knowledge only for the sake of knowledge? I merely state the questions. I cannot answer them. What I am interested in at this point is more easily answered. What do you expect to get out of college? (Among the girls, I realize, this question is already answered).

The American tradition stresses the need for education in a democracy. Our ancestors have completely driven home in the minds of the American people the idea of public education. Every American has the right to see if he can take advantage of that opportunity. The American taxpayer has been generous in providing the opportunities, more so than any other people in recorded history. Many parents often make financial sacrifices in order to keep their children in college. Students themselves, earn all or part of their expenses. Yet all too many times those same students are all too willing not to make the most of this vast expenditure.

At the point of being cynical: How many students complete all assignments conscientiously? How many student are satisfied with just meeting the minimum requirements? How many students rejoice when the instructor fails to meet a class? How many students are willing to postpone all studying until the night before an examination and then wonder why they didn't do so well? (I probably should have said "good.") How many students try to rationalize their own academic shortcomings by claiming that the prof was unreasonable in his demands? Faculty can give the benefit of their knowledge, their experience; they can advise and counsel; they can not do your learning.

And what about extra-curricular activities? They, too, are an have spent one year, two years, three years, four years without participating in one activity? Some, to be sure, have gone off the deep-end in the opposite direction.

Let's sum it up. What you get out of college is exactly what you, yourself, put into it.

I hope I have made you boil. I really don't mean a word of it, or do I? This, I'll really have to admit is the biased, exaggerated and warped view of an academic old fogey, but even so, isn't there a wee little bit of truth in it?

Spokes Lauded For Ushering

At the close of the football season, the Spokes were recognized by Dr. Karshner for their handling of the ushering and sale of programs.

Mr. Bloom, who worked closely with the girls on ushering, also complimented them on how well they did the ushering. The Spokes also wish to express their appreciation to Mr. Bloom for his assistance during the ushering.

Poly Sci Major To Be Offered

A major in political science, latest addition to the Humboldt State catalogue, will be offered starting with the Spring semester, it was announced this week by Dr. John Baker, assistant professor of political science, and Dr. Stanley Spaid, chairman of the division of social science.

The major is primarily intended for pre-legal students, students interested in government employment and in politics in general.

Annual Art Sale Held Successful

The second annual Christmas Art Exhibit and Sale was held Monday through Friday in the Art Gallery. The purpose of the sale was to raise funds for an art scholarship, and, according to Associate Professor Mel Schuler, it was very successful.

The special showing included pottery, drawings, watercolors, oil paintings, toys, silk screen prints, and Christmas decorations. Within the first two hours of the sale the goal of \$100 was reached. By Tuesday morning the art department had received \$150. Any amount over \$100 taken in will be put in the Art fund and if the exhibit is as successful next year they will award two \$100 scholarships.

President Chosen On Accreditation Group for Cal

Humboldt State College president Cornelius H. Siemens will be one of nine Western educators who will take part in a Western College Association accreditation committee which will survey the program at the University of California at Berkeley.

The committee, first of its kind from the Association to visit the University, will be on the Berkeley campus from January 10 through the 13th. The program will follow much the same pattern as that followed by members of the association's re-accreditation committee which visited the Humboldt State campus this fall.

Entrance Hiked

(CONTINUED FROM PAGE 1)
promise of being able to succeed in college."

This will take care of special and deserving cases, such as foreign students and students over 21 years of age, according to President Siemens.

Because of the absence of a junior college in the area, the board also retained the provision permitting Humboldt State and Chico State College to admit students to the two-year program on the same basis as junior colleges admit students, which is satisfactory graduation from high school.

These students may transfer to a four-year program at the college if they achieve a "C" average in their first year of work.

Madrigals Sing First of Year

The Madrigal Singers, traditional Humboldt State musical organization, will make their first appearance of the year today as part of the Christmas assembly program.

Patterned after a tradition begun in 16th century England, the Madrigals have been a popular part of the HSC music department's public offerings in the past. They will also appear Saturday night at the Arcata Redwood Company party.

Highlight of the organization's schedule, as well as that of the choir, will be the annual trip with the choir, scheduled from February 13-20.

Members of the organization include adviser Lee Barlow, Jerry Chase, Bob Allender, Jim Ely, Patty Hartley, Jackie Sintic, Janell Linderman, Kay Killinger, Susan Speidel, Kay Lawson, Joline Benites, Jean Richards, Bob Ennes and Bob Harris.

Assembly To End

(CONTINUED FROM PAGE 1)

Art Department opened Monday to the jingle of cash registers totaling up another art scholarship to be awarded by the department.

CES pupils held their annual Christmas program Wednesday afternoon and evening.

The Associated Student Body honored students, faculty and staff at a Thursday morning coffee hour in the main hall of the Administration building. Miss Kate Buchanan, dean of student activities, arranged the reception.

Faculty and staff of the college were honored by the Home Economics department Thursday afternoon under the direction of Mrs. Mary Farr. Students in the foods and home furnishings class, and members of the Home Economics Club assisted in the reception.

Humboldt Vocalist Enjoys Singing; Wants To Sing For 'Fun of It'

By FRANCES DAVIS STARK

Those who saw the Homecoming Varieties will surely remember a forlorn miss dressed in jeans, a hunting shirt, and a sad hat, who listlessly dragged a .22 to center stage and promptly won the audience with "You Can't Get a Man With a Gun."

Wedding Bells Ring During Vacation

By JOAN MILLIS

The holiday season is once again budding forth with engagements and marriages, and Humboldt State seems to have been hit with full force and thoroughly bitten by the bug.

December 19 is the date Avis Hansen of Glendale and Ron Fredericks of HSC will exchange vows. They will be married in Glendale.

Jo Eisen of Fortuna and Dale Gipson of Arcata will be married at St. Mary's Catholic Church in Arcata on December 18. Both are HSC students.

Dawn English and Bill Jones were married last night in the Seventh Day Adventist Church at 7:30. Both Dawn and Bill are attending school.

Barbara Schnauer and Don Ratzlaff will be married December 30, in Santa Cruz.

Lewis Memorial Work Continues

Under the direction of Ken Gelatt, the site for the John Lewis Memorial was readied for the finishing concrete forms.

Bill Johnson, chief of maintenance, promised assistance to C.U. in an advisory capacity for completing the project. Mr. Johnson is making the center circle form and under his direction the form stakes and remaining forms are being constructed.

John Degen, Roy Magnuson, Jean Sylva, Frank Hirtleman and Ken Gelatt were the members of the last Lewis work party. These fellows share the rest of the club's hope for completion of the project before the annual C.U. banquet during Conservation Week.

SWINGING THE AXE

By MURL HARPHAM

A few Humboldt State footballers were downright robbed in the All-Star selection for the Far-Western Conference. The reason for this treason was because Coach Phil Sarboe was unable to attend the coaches conference when the selections were made.

Sarboe openly stated his displeasure and those "teachers of fair play, honor and sportsmanship" must surely be ashamed and embarrassed by now for their underhandedness in Sarboe's absence.

We wonder how they explain the fact that Ray Mechals was overlooked completely in their selection after he had made the all-conference first team three previous years, was on the little all-coast third team and honorable mention on little all-American. To top that off Ray was again named to the little all-coast team this year over most of their selections.

Then of course there was center Jim McAuley who has been chosen on almost everybody's all-opponent team as Ray and who for two years was first team FWC.

Jim Ingram and George Psaros were two all-conference selections but this year were moved down to the second team. There are others who were "robbed" like Fred Yost and Jug Davis, but it's over and done with and all we can do is cry and go out next year to earn back these deserved berths.

A Salute to Basketball

When the HSC basketball squad won its fourth straight win in as many starts last Saturday they tied last year's win record. It took them all year to win four of their 20 games last year and from these indications it looks as though the Givins coached boys could go all the way and become the greatest team in HSC's history. At least we of the sports staff hope so, then we can have something sensational to write about.

Sorry!

In this issue there is not a complete coverage of the basketball game played Thursday. As LUMBERJACK news stories must meet an early deadline we are unable to have the proper coverage, but we will try to have the story in the following issue.

Congratulations

To Chico State and their fine end-linebacker George Maderos we send hearty congratulations on his selection to the East-West Shrine game to be played in San Francisco New Year's Day.

Doesn't Count

Although the Lumberjack eagles lost to the Harlem Clowns early this week they made a fine showing in holding the exhibition experts to narrow wins. These games are unofficial because they are strictly exhibitions put on by professionals and will not be counted in HSC's loss ledger.

Watch California Grow

A host of HSC athletes are getting married over the Christmas vacation. Most of them are marrying local co-eds. The next issue of the Lumberjack will carry a full account.

Gridders Awarded Jackets at Annual Assembly

Jim McAuley, student body awards commissioner, recently presented 32 football players and two manager's letter awards at the annual awards assembly.

First-year awards went to Russ Ashburn, Jerry Bartlett, Jim Evans, Ozzie Gooden, Merle Hagbo, Bill Hicks, Ralph Mayo, Jack Menzia, Jack Retzliff, Bob Stevenson and managers Don Miller and Paul Williams.

Second-year awards went to Jug Davis, Jim Joseph, Happy Haft and Fred Yost.

Third-year awards were given to Bob Hanson, Joe Myers, George Psaros, Jerry Smith, Dale Thomas, Red Wright and Jim McAuley.

Fourth-year awards were won by Keith Darling, Bob Eggers, Jim Ingram, Ray Mechals, Red Petterson and Hank Yamagata.

Phil Huff and Bob Hughes lettered in other sports this calendar year and so received only letters since they already had won packets. Three reserve players, Larry Russell, Walt Vom Steeg and Ken Yamamoto also won letters but no jackets.

HSC Footballers Select Best From Opposition

An all-opponent football team for the Far-Western Conference has been named by Humboldt State College's gridiron players.

The Lumberjacks selected 14 players from conference teams whom they believed would make the best opponent squad. Six players were from Chico State, five from San Francisco State, and one each from Sacramento State, Cal Aggies and Nevada. Six backs and three ends were picked because of ties in the balloting.

Squad included: Ends, Mose Mastelotto and George Maderos of Chico State; George Wehner of San Francisco State; tackles, Gene Vander Leun of Chico and Floyd Peters of San Francisco State; center, Larry Conover of San Francisco State; guards, Fred George of Chico and Dick Herringer of Cal Aggies; backs, Ed Jesse of Nevada, Ernest Matlock and Frank Ferraiuolo of Chico, Harry Bremond and Bob Rodrigo of San Francisco State and Cleo Lewis of Sacramento State.

Five Straight For 'Jacks

Staters Down Westmount Squad, 57-45

Humboldt State's Lumberjacks ran their season-opening win streak to five straight games Wednesday night by downing Westmount College of Santa Barbara easily, 57-45, in the college gym.

Surpassing last season's total win output only twelve days after the season opened, the Lumberjacks had an easy time of it in rolling to a 55-30 lead over the Warriors before Coach Franny Givins cleared the bench in the final quarter.

The Lumberjacks raced to a 14-6 lead with ten minutes of play gone, added more points for a 28-15 halftime edge and held a 45-26 lead with ten minutes left in the game. The Warriors recouped some of their pride against the reserves late in the game.

Jumpin' Joe Myers and guard Paul Shields paced the Humboldtters with 17 and 13 points, respectively. Center Tine Hardeman scored 10 for the losers.

The Junior Jacks saw their three-game winning streak go out the window in the preliminary game when they succumbed to a veteran Arcata High School team, 46-43, after a see-saw battle which saw the Humboldtters hold a 26-24 edge at halftime.

Lumberjacks To Torrid Start In Cage Season

The Humboldt State basketballers are making it known that they're going to be top contenders for the FWC championship by drubbing non-conference opponents at random.

Clark College of Vancouver, Wash., paid a visit to Jackville that saw the Hilltoppers open the season in a 58-42 runaway win. George Ibaretta led the scoring for the Jacks with 14 points while Larry Taylor and Paul Shields hit for 10 apiece. Joe Myers added nine in addition to an excellent floor game.

The next victims of the locals was Southern Oregon College who bowed to the Jacks twice: 78-55 and 61-58.

In the first game Ibaretta again copped scoring honors as he pumped a grand total of 25 points through the hoop. Taylor added 16 while Myers added 11.

The following night the Lumberjacks had a tougher time in downing the Raiders. After taking an early 22-4 lead, SOCE cut it down to 35-22 by halftime and kept bounding back to hold the Jacks to a narrow three-point win. Taylor led the scoring for the Jacks with 13 followed by Shields with 12, Ibaretta with 11, and Myers with 10.

In their fourth outing and fourth win the Lumberjacks surely erased lingering doubts whether they had just been "lucky" or extra "hot," when they rolled over Cal Poly of San Dimas who plays in a highly rated class.

The Green and Gold hoopsters took a quick lead and rolled on to a 32-22 halftime lead. In the second half the buckets came easy for the Jacks as they went on to win 64-46. Taylor led the Jacks with 17 points followed closely by Shields and Ibaretta who collected 16 and 15 respectively. Myers was indispensable on both backboards and added 10 points to the cause.

Southern Oregon To Invade HSC For Monday, Tuesday Contests

Southern Oregon College will invade the HSC gym next Monday and Tuesday evenings in an attempt to avenge two earlier losses handed to them by the Lumberjacks. The Jacks beat SOCE 78-65 and 61-58 on the Raiders court in Ashland.

Football coach Dr. Alexander Peterson, Jr., has taken over the coaching chores this season and was greeted with a host of returning veterans. Only one starter was lost through graduation and that was their all-conference star Kim Kimura.

Leading the SOCE attack will be Hoffine, Johnson, Lillebo and Springer. In the games played last week Johnson hit for 12 points the first night and 16 the second. Hoffine collected 14 in the first game while Lillebo hit a grand total of 22 points in the second game. Springer, a dependable play-maker, had a total of 16 points for the two nights.

Coach Franny Givins' high-scoring Jack quintet will be without Ron Fredericks who will be getting married during the holidays.

Southern Oregon is Humboldt's oldest rival in the cage sport. The rivalry dates back to 1928 and in that time 61 games have been played with SOCE winning 34 of them while HSC has copped only 27. Last year in the four games played between the two schools, the series ended even with each team winning two.

Other members of the SOCE team who will make the trip to Arcata are Smith, Perkins, Titus, Love and Myrick.

Probable starters for the Jacks are Joe Myers, George Ibaretta, Larry Taylor, Paul Shields and Jerry Smith. Game time is 8 p. m. with the Junior Jacks starting at 6:15.

Mechals Named For 2 Awards At Banquet

The annual Kiwanis banquet for the HSC football squad was held last Tuesday at the Lafayette School. Presentations of awards were made to the deserving men and speakers rose to the occasion to add life to the turkey dinner.

The team voted Ray Mechals as honorary captain with Coach Phil Sarboe presenting the award. Mechals was also named to the Mr. Tackler award which he has won for four years. Ex-HSC athlete Gordon Schroeder was on hand to present the trophy.

Hank Yamagata was presented the inspirational award by Ced Kinzer followed by Franny Givins who presented the Mr. Hustle emblem to Harmon Bonnicksen. The Mr. Blocker trophy went to end Bob Hughes with Bob Doornik making the presentation.

Richard Petterson received the coaches scholarship award which Fred Telonicher presented.

At the close of the banquet the team presented a gift to Trainer Ced Kinzer in appreciation of his fine job.

JV's Continue In Win Ranks

As of early this week the junior varsity were still following in their big brothers' footsteps, having won three games in as many attempts.

First victim of Coach Ced Kinzer's high-flying five was Broadway Center of Eureka who bowed to the tune of 55-28 with Joe Miller and Jug Davis strumming the strings with 19 and 16 points respectively.

One of the top ranked high schools in the country was the next to topple before Kinzer's Hatchets as they again ran up 55 points to Ferndale's 48. Miller repeated as high scorer putting 21 tallies through the hoop.

Then next Saturday night the Junior Jacks proved they were the better club by drubbing the Ferndale High five 63-53. This time Davis stole the show with his 14 counters while Miller was runner-up with 10.

Next Monday night the Junior Jacks match baskets with the Arcata High Tigers in the preliminary contest then close off the va-

Meet Planned For Swimmers

A meet with Eureka High School is now in the offing for the recently formed HSC Swim Team. Phil Sarboe, athletic director, announced this week.

Sarboe also said that there is a possibility of arranging meets with Cal Aggies and San Francisco State next semester.

Farrell Purcell, Eureka High School swim instructor, is coaching the aquatic team. They meet Monday, Wednesday and Friday from 4-6 p. m. at the EHS pool.

Four names have been added to the team. They are Geary Holmes, Dan Trump, Bill Papke and Roy Baxter. Anyone interested may contact John C. Adams through Box 595, Sarboe or Purcell.

cation period the following night against the Eureka High Loggers. Game time is 6:15.
