ROCHA, KNIGHT, AXE HIGHLIGHT HOMECOMING

By JOYCE WEAVER

Even the weather was on Humboldt State College's side as students enjoyed one of the best Homecomings in recent years. The program began on Thursday with the Alumni Banquet where Billy Lee was honored. Dr. Lee was this year's Hall of Fame nominee.

Friday started off with the coronation assembly where Tonya Rocha was crowned Homecoming Queen for 1956. At the assembly new Green and Gold Key members were introduced and some alumni spoke.

KNIGHT SPEAKS

Before the parade Governor Knight spoke to the Associated Students and then the floats assembled and the queen and her court started on the parade route. Billy Lee and Governor Knight led the parade. Intercollegiate Knights captured first place with their float. It was a horse and knight in armour to carry out the theme of the IK's. The float was designed by Jim Callison and Jim Barnes. There were over 60,000 holes of chicken wire that were stuffed with napkin flowers. Block H took second place with Redwood Hall receiving honorable mention.

BEANFEED & VARIETY SHOW

Following the parade was the Beanfeed which was held in Nelson Hall. Then came the Variety Show, with Homer Ratliff as master of ceremonies, which included singing and dancing, monologues, and a singing contest. The contest was won by Gayle Reynolds, one of the queen's court, and Jere Buck. When the Variety Show was over everyone formed a serpentine to the Bonfire Rally which was held in a secret place.

TRADITIONAL GAME

Saturday was the highlight of Homecoming with the HSC-Chico football game. The queen and her court were presented during half-time ceremonies. When the game was over H.S.C. was on top 7-6 and was awarded the traditional Homecoming Axe. Gil Jones, Chico President made the presentation to Mike Fielding in front of a very excited H.S.C. rooting section.

DANCE & GREEN-GOLD KEY

Following the game was the big Homecoming Dance with Eddy Kenan and his band. The queen and her court were again presented and led everyone in a dance. Queen Tonya Rocha was escorted by Billy Lee while

Traditional Axe Returns to HSC

At last the traditional H.S.C.-Chico Axe has come home for a visit. H.S.C. won possession of the axe last Saturday by defeating the Chico Wildcats in an exciting game 7-6.

Gil Jones, the Associated Student President of Chico, arrived with the axe and at the conclusion of the game turned it over to Mike Fielding. The ceremony took place in front of a very excited H.S.C. rooting section.

The traditional axe was made in 1946 by the Intercollegiate Knights. The group melted pots and pans to make the head. The handle is 9 feet long and made of redwood. The score of each game is burned into the handle.

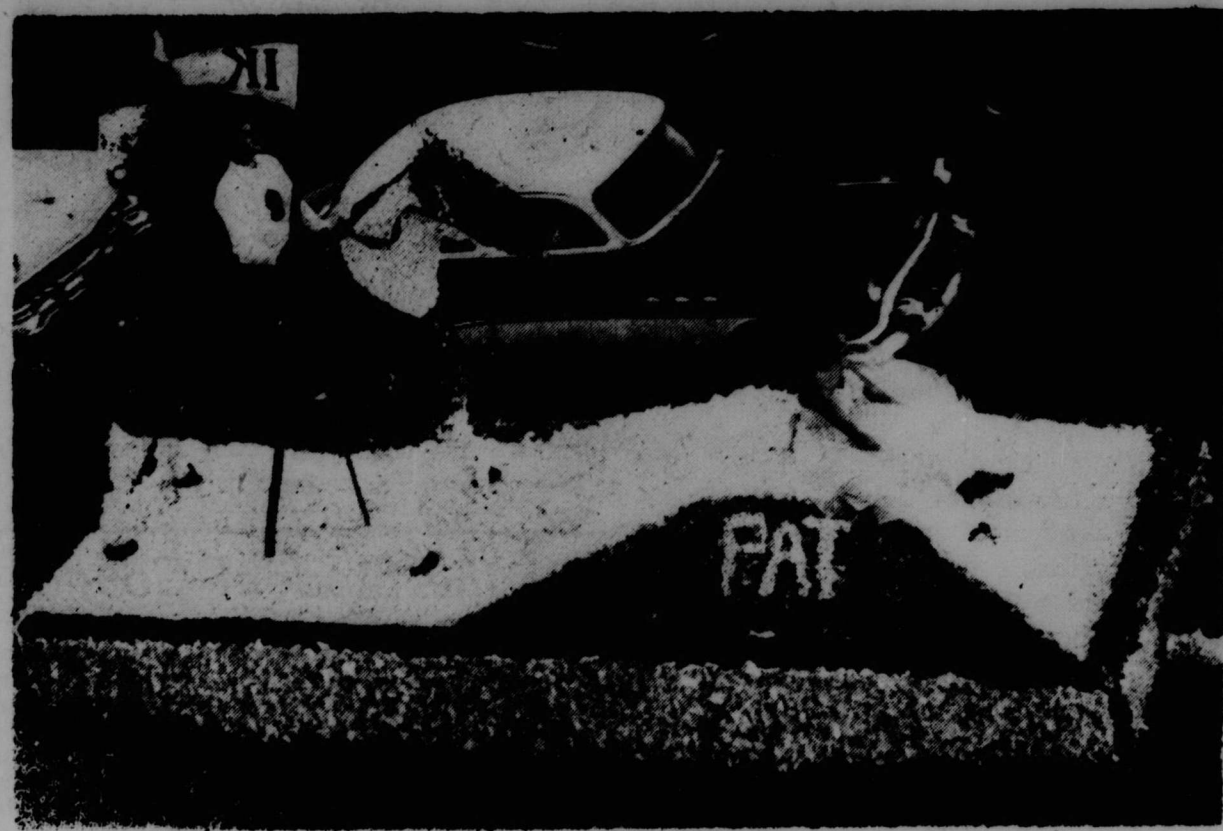

H.S.C. last possessed the axe in 1952 and Chico State has held it ever since. Of the eleven games played H.S.C. has had the axe 5 times while Chico has had it six. In 1949 the game ended in a 0-0 tie, so Chico remained possessor of the axe.

Current plans are for the axe to be bolted to the wall of the Coop. By bolting it to the wall it is hoped that any attempt to steal it will be discouraged. Last year some Gamma House men

(Continued on Page 8)

Mr. Tom Rocha escorted Mrs. Billy Lee.

Bringing Homecoming 1956 to a close once again was the Green and Gold Key breakfast which was held at the Eureka Inn. In the afternoon there was a concert and an Alumni Reception.

Patty Hutchens, Queen candidate, rides the winning float of the Homecoming parade with John Marcus riding the Intercollegiate Knight's Charger right behind her. The parade started

last Friday in Arcata and proceeded to Eureka headed by Governor Knight, who spoke to the students here before traveling to Eureka.

Six More Seniors Now Members Of Green, Gold Key

Six seniors were named to Green Key and Gold Key, the senior honoraries, last Friday at the Homecoming assembly in the auditorium. New members of Gold Key are Joy Parlato and Anne Hitt. New Green Key members are Herb McLellan, Hank Cooper, Jim Westman and Larry Mitchell.

An elementary education major from Fortuna, Joy Parlato also has the distinction of being one of 12 Sigma House coeds. She is active in CSTA and was a member of the Homecoming Queen's court.

Anne Hitt, a physical education major from Arcata, is president of the Women's Athletic Association. She has been a member of band, orchestra and choir and also belongs to CSTA.

No stranger to many is Herb McLellan, who has appeared in several of HSC's major play productions. He is a speech-drama major from Eureka, and is active in Alpha Psi Omega. Last summer it was his privilege to attend Mexico City College in Mexico.

Sports-minded Hank Cooper, who is active in football, basketball and track, is physical education major. He is also president of Block "H" and is ASB Awards Commissioner.

Jim Westman of Eureka is majoring in music. Every year since he entered HSC in 1953 he has been a member of the band, orchestra and choir. He has also been a student council member and was chairman of ICS for 1955-56.

CSTA president Larry Mitchell is majoring in elementary education. He has been president of band, Popera chairman, and is now a Circle K member and president of the senior class.

The selection of the members is determined by a secret faculty committee and approved by a

STEWART TOPS HSC IN NCFA SPEECH WIN

Norman O. Stewart, senior, took top honors and the HSC debate squad placed fourth over 13 competing colleges and universities when they attended the recent Northern California Forensic Association fall tournament on the St. Mary's College campus.

The Lumberjack speakers, paced by Stewart's first place award in the extemporaneous speaking division, were bested only by the University of San Francisco, Stanford and the College of Pacific; and scored higher than the University of California, Chico State, San Francisco State, Sacramento State, Santa Clara, St. Mary's, Stockton College, Modesto College and San Francisco City College.

Bob Chegwidan and Norm Stewart, were awarded certificates of special distinction, Bob for placing fourth in the interpretative speaking and Norm for his first place in extemporaneous speaking.

Other members of the forensic team who contributed valued points to the sweepstakes total included the debate team of Jim Arnot and John Mayfield, Norm Stewart and Bob Chegwidan in debate; Chegwidan and Herb McLellan, interpretation; Cathy Davis and Sally Conklin, impromptu speaking; Ed Spencer, discussion; Jim Arnot, extemporaneous speaking.

The month of November will continue to be a busy one for the Humboldt forensic squad according to Milton Dobkin, assistant professor of speech and debate coach, with installation of the local chapter of Pi Kappa Delta, National Forensic Honorary society, on Nov. 16; and a public debate with a touring team from Oxford University of Great Britain on Nov. 26. The Fall Championship Western Speech Association tournament at College of Pacific Nov. 28 through Dec. 1 involves competition against 60 colleges and universities from the 11 western states.

AWS Planning Fashion Show

At a recent Associated Women's Students meeting preliminary plans were made for the coming Fashion Show

It will have the theme of White Christmas and will take place Dec. 5 at 8 p.m. The CES auditorium will be used if possible and the HSC auditorium if the other is being used.

The clothes that the models will wear for the Fashion Show will be donated by Kents and the formals by Iones.

The committee for the Fashion Show will be Fran Singleton, general chairman; Sandi Wahlund is in charge of the models; Kay Killinger, tickets and programs; Joyce Weaver, publicity; Elvera Ryerson, posters; Marilee Ammer, refreshments; Pat Hodges and Barbara Brown, music and entertainment; JoAnn Beer, decorations and Harriett Jo Marsh, clean-up.

Another meeting is planned to make further arrangements.

KILLINGER, NAMETH NAMED WINNERS OF STANDARD OIL SCHOLARSHIPS

Joyce Kay Killinger and James John Nameth, two outstanding Humboldt State College students, are recipients of the Standard Oil Company of California Leadership Scholarships of \$400 each, according to announcement by G. D. Whybark, Standard's district wholesale sales manager in Eureka.

Official presentation of the scholarship awards was made to the students this week by Whybark in an official ceremony on campus which was attended by Dr. Cornelius H. Siemens, college president, and Mr. F. T. Garesche, regional public relations representative from San Francisco.

"Kay" and "Jim," as they are known to classmates and faculty, were selected by the scholarship committee on the basis of character, leadership qualities, financial need and scholarship. All undergraduates are eligible and may pursue any course of study they choose.

Miss Killinger, in her junior year, is majoring in social science with a music minor. She is a member of Mu Epsilon, music and madrigal singers. At present, Kay is vice president of Associated Women Students; and has participated in several drama productions on campus.

Jim Nameth, who comes from Medina, Ohio, is not only well known as a drum-major, but one

A Cappella Choir Appears On TV

The HSC Choir will perform on KIEM TV Monday at 8 p.m. on the Redwood Spotlight program.

After the performance the Choir will have a social hour in the Coop. The choir has new officers who are: Jim Westman, President; Pat Remolif, Vice-president and ICS representative; Jean Richards, Secretary; Gwen Fernleaf, Music Librarian; Kay Nielson and Bob Crichton as Wardrobe Custodians.

of Humboldt's campus leaders. A senior this year, he was general chairman of last week's Homecoming celebration. Jim is a four year member of the Drama Club and was vice-president in his third year; he is secretary of Alpha Psi Omega; was Freshman class president; and a member of the rally committee, student council; secretary of Intercollegiate Knights; and rally commissioner.

These awards are administered each year by one-third of the 77 participating colleges in the seven western states, Alaska and Hawaii, and are awarded annually to a total of 55 students.

"Imaginary Invalid" Opens Here Nov. 30

When Moliere's great comedy "The Imaginary Invalid" opens on Friday, November 30, at Humboldt State College, theatre-goers will be treated to a hilarious evening of down-to-earth fun and clever situation as they have seen in a long time.

Moliere pokes fun at the foibles of mankind and in this particular play, hypochondriacs and medical quacks are satirized. In addition, the vanity and self-indulgence of Argan, the imaginary invalid, played by Herb McLellan, bring about complications solved only by farcical horseplay and uninhibited ribaldry.

Others in the cast are: Joline Killinger, Louise Lawrence, Robert F. Pepper, Wallace Sinclair, Jeanette Dick, Phil Swartzell, Homer Ratliff, Bob Maupin, Gene Clausen, Dion Wright and Claudine Ray.

Dr. Stanley R. Glenn is directing the play, the first of the 1956-57 season. Performances will be Nov. 30, Dec. 1, 7 and 8 at 8:15 p.m. in the college auditorium. Season tickets may still be purchased by calling or writing Room 121, Humboldt State College.

FRESHMEN, ATTENTION...

Last Wednesday the Freshman Class membership drive began with membership cards being sold for a \$1 apiece. The first thing that pops into many of your minds is the question, "Why part with a dollar?" There are several reasons, but first and foremost is that virtually the whole future of the class depends upon the sale of the cards.

At present the class has absolutely no money in its treasury, and it has even incurred a few minor debts. Besides being the most convenient way, selling membership cards is really the only profitable means for raising money. Without money the class can not function properly; money is needed to support the activities of the class.

Annually the Freshman Class sponsors the Sweetheart Ball held in the Spring. Sponsoring such an event takes a great deal of money. The student body provides some funds for this, but the rest (and a large portion at that) has to be raised by the class itself.

The money paid out for the cards may well be considered as dues. All the classes sell membership cards, and technically one is not a member of the class unless he is the holder of a card. As a rule they, too, charge \$1.

Buying the \$1 membership card could just as easily have been made compulsory, but it wasn't. You aren't being told to buy a card. It is strictly on a voluntary basis. But each freshman should have some pride in his class, enough pride as to want to make his class successful. How many freshmen would like to be remembered as being a member of a class that was a disinterested "do-nothing" one, one that was a failure? Who wants this to happen? This class can go down in the annals of HSC history as one overflowing with spirit, pride and determination. But it depends upon how the members support the class.

To some the fate of the class may not be important. You may ask, "If I buy a membership card, what's in it for me? What are the advantages?" One of the main items is that a card allows the holder a discount on admission to the Sweetheart Ball. It also assures the opportunity of participation in all class meetings and tentative activities. As an added incentive the possibility of a class party may be in the offing; however, this hinges on the success or failure of the membership drive. As now conceived the party would more than likely be during the fall semester and be for freshmen and their guests. But here is the big "if" again: definite plans cannot be made, or the idea cannot even hope to become a reality, unless enough money is obtained through the sale of membership cards.

Freshmen, it's up to you. Remember not buying a card can make you a member of a dull, inert class, a class of stagnation!

LITTLE MAN ON CAMPUS

by Dick Bibler

"... Well, did you see that silly ad I put in yesterday's newspaper for a roommate?"

Minutes of the Student Council

STUDENT COUNCIL
November 1, 1956

The meeting was called to order by President Mike Fielding, on the above date. Those present were Roland Atterbury, Jim Barnes, John Marcus, Keith Barnhill, Fern Fowler, Pat Miller, Joe Chappelle, Hank Cooper, Jack Sears, and Roberta Johnson.

The minutes from the previous meeting were approved as read.

OLD BUSINESS

It was reported that the High School Inter Association will hold a leadership conference on campus. The executive council members will head the different discussion groups for this conference.

Keith Barnhill reported that the Semperviren staff will be able to finance the record of campus sounds.

The recommendation made by the student council concerning reserved parking for football games was approved by Dr. Siemmens and will go into effect November 3rd.

It was moved, seconded, and passed to hand out a written ex-

planation of the parking situation to the people parking in the reserved sections on campus during the football game.

Hank Cooper was appointed to investigate the possibilities of ordering student council awards.

NEW BUSINESS

It was reported that the P. S. P. A. Regional Convention is to be held on December 1 at Mills College.

It was moved, seconded, and passed to accept the recommendation from the Activities Commission that Sandi Wahlund be appointed Chairman of the Sno Ball Dance to be held on December 14th at the Eureka Inn.

It was moved, seconded, and passed to keep the present policy of high school students paying 50c admission to Humboldt State College Basketball games.

COMMITTEE REPORTS

Co-op Committee reported that a questionnaire is being composed to be sent to the Saturday classes.

Chapel Committee reported that the sub committees are working on construction forms.

American Heritage Week members reported that there will be an evening program on Wednesday, February 13th; a Folk Singer will present an evening performance on Thursday evening, February 14th; and a speaker will be presented at an assembly at 11 a.m. on Friday, February 15th.

COMMISSIONER REPORTS

Activities Commissioner reported that Gary Mead, a yell leader, met with I.C.S. last week. Dr. Turner will speak on the parking situation at I.C.S. on November 12.

Rally Commissioner reported that there will be a Pep Rally at 9 o'clock at the bonfire on Friday, November 2nd.

Graduate Manager reported that the bookstore will soon have Christmas Cards, stuffed animals and shirts with H.S.C. on the backs.

Respectfully submitted,
Mike Fielding, President.
Roberta Johnson, Secretary.

Mrs. Wolfer Heads HSC Desk Force

Mrs. Netty Wolfer, evacuations technician in the registrar's office, has been elected president of the Desk Force, organization of the college clerical staff.

Other officers are Mrs. Barbara McCabe, secretary to the business manager, club vice president; Mrs. Betty Burke, secretary to the head of the division of natural resources, secretary, and Mrs. Doris Peters, PBX operator, treasurer.

Mrs. Wolfer succeeds Mrs. Virginia Rumble, secretary to the executive dean.

WE ASSIGN THE PROF!

To: Dr. William Ladd, assistant professor, Speech-Radio.
Question: What shocks you most about radio students?

FOR READING OUT LOUD!

by
Dr. William Ladd
Assistant Professor, Speech-Radio.

College professors, for the most part, have few illusions. It is a little startling, however, illusions or not, to ask a student to read an assigned paragraph "out loud" and to find that the student cannot read it to himself, not to mention his ability to read it to others.

There was a time, not so many years ago, when the public schools and colleges gave a good deal of attention to oral reading. Effective oral reading was considered to be a legitimate communicative skill. With the passage of time, the educational pendulum swung in the other direction and training in oral reading received less and less attention.

Our grandfathers put great faith in the tonic powers of brimstone and treacle—sulphur and molasses. Their faith was not altogether ill-founded, because the conscientious administering of the frightful dose was frequently followed by the desired result. They didn't know that the treacle without the brimstone would have done quite as well, and it would have been much easier to take. To-day, an enlightened few enjoy old-fashioned molasses—unspoiled by

distasteful and useless sulphur—understanding full well the tonic value of its iron and copper.

Training in oral reading has by no means completely emerged from the brimstone-and-treacle era. "Rules for reading," when oral reading is approached at all, are still more sulphur than molasses. Go into any average classroom, high school or college, and ask the questions, "What do you do at a comma?" and "What do you do at a question mark?" You will be answered in almost unanimous chorus, "Pause" and "Raise Your Voice." Both notions are more than fifty per cent false—more sulphur than molasses.

Having learned our letters, satisfactorily passed examinations, and joined the Book-of-the-Month Club, we call ourselves literate. But the average student (and adult, too!) reads poorly, even wretchedly. This is not a matter of opinion; it is a sober and easily demonstrable fact.

Reading, basically, is a speech function. It was preceded by and grew out of speaking. Speech is the basic of human communication. Communication depends upon proper manipulation of known symbols. Reading is a problem in communication. Training in reading, then, is training, first in recognition of symbols and, second, in the proper manipulation of those symbols. The belief that learning to recognize printed words

'Mike & Gary' Show Fetes Progressive TO KHSC Listeners

Something new for all you KHSC radio broadcast listeners. It's the "Mike and Gary" show every Tuesday evening from 10 to 11. Mike Stone and Gary Mead are the producers of the show.

It is a completely un-rehearsed program and made up strictly of jazz-modern and progressive. As Mead puts it, "real crazy."

"The 'Mike and Gary show' is one of the more popular broadcasts being put on at the present time," said Jean Sylva, KHSC student director.

This is the first time a program of this type has been produced and it is being received quite enthusiastically by those who listen to the KHSC broadcasts.

Mike Stone is a junior majoring in Radio and Speech. He is a member of the Intercollegiate Knights and has just become the father of a baby girl. Mike's wife, Karen, has been quite ill, but is on the way to recovery.

Gary Mead is a freshman also majoring in Radio and Speech. Gary is one of the yell leaders for this year and is a pledge of IK.

So, for something new in KHSC radio listening turn your dial to 70 Tuesday evenings for a full hour of jazz.

and their meaning is learning to read is a great mistake. As necessary as such recognition and understanding are, they are but a preliminary step in learning to read.

The job of the reader is to give MEANING to the symbols the writer has used. The reader must tell the listener what he, the reader, thinks the writer meant by the symbols—the little black marks on the printed page.

It is ironical that now, when the twin electronic monsters of radio and television haunt every living room, that skill in oral reading should be in such low repute. A vast majority of what is heard on radio or television is being READ—and some of it read wretchedly!

CLUB OF THE WEEK

There are many intriguing aspects of Physics which are not brought out in the class room. For this reason a Physics Club was organized during the 1955 fall semester by Physics majors at Humboldt State College. The purposes of the club are to cultivate the attitude of a professional scientist, to promote interest in research, to hold seminars, and to discuss current scientific topics.

Some of the topics of seminars held last semester included: publication of scientific articles; the electro-chemical nature of the nervous system; the theory and operation of the seismograph; the history of the National Bureau of Standards; and the experimental techniques employed at the Shell research laboratory. The highlight of last semester's activities was a field trip to Palo Alto to see the linear accelerator at Stanford. While there the group attended a meeting of the American Association of Physics Teachers.

At the first meeting this semester the following new officers

When it sounds like it's being read—it's poor reading and poor communication.

When a driver fails to properly read a traffic sign—he may wind up as a statistic. When a student fails to read a set of symbols correctly, he might well,

(continued on page 8)

were elected: Steve Fountain, president; Jerry Anderson, vice president; Mike Nordstrand, secretary; and George Jacobson, treasurer. Dr. Barnes is the club's faculty adviser. Included in plans for this semester is a field trip to the U.S. Naval Radiological Defense Laboratory and other research facilities in the San Francisco area.

The Physics Club meets in Room 110 at noon on the second and fourth Tuesdays of each month. All interested Physics students are invited to attend the meetings and become a member of the club.

A Leader's Portrait

Karshner, Dean of Students, Adviser, Educator, Veteran

A versatile man with a wide and varied background is our Dean of Students, Dr. Don W. Karshner. Since graduating from Washington State College in 1932 Dr. Karshner has had a variety of experiences in the educational field. In four years he made the transition from a junior high school teacher to the position of a teaching fellow at Stanford University.

The summer of 1936 it was his privilege to be co-director of a European tour, taking six boys abroad. They also went to the Olympic games.

"From 1937 to 1940 I taught in Menlo School which was affiliated with Stanford, taught in the University itself, and went to Stanford as a student, all at once," Dr. Karshner remarked.

At Menlo School he was head of a speech correction clinic. In 1940 he taught at both Menlo College and Menlo High School.

"In 1941 I came to Humboldt as assistant professor of speech and drama," he stated. What did he do? "I directed plays, introduced the radio program, and started the speech correction program."

In 1943 he went into the Seabees as a teacher. Besides his regular teaching he also taught illiterates. "During the war my wife took my job on a part-time basis," he remarked with a twinkle in his eye. "In those 2 1/4 years she also became Dean of Women."

Dr. Karshner met his wife-to-be, Gayle, at Stanford where in 1938-39 she was assistant to the

Dean of Women. She is the sister of Kate Buchanan, HSC dean of women. Mrs. Karshner graduated from the University of Oregon.

The year 1946 saw Dr. Karshner being made chairman of the Division of Fine and Applied Arts, and in the summer of 1954 he attained the position he now holds, Dean of Students.

On the lighter side, he enjoys fishing and camping with his family. The Karshners have two boys, Gary, 13, and Warnie, 10.

"I still have a terrific interest in dramatics," he said. "My wife is also active in the Arcata Community Players."

As Dean of Students Dr. Karshner works with counseling and testing, activities, placement, admission and registration, health services, housing and student body and its various enterprises. He is also "pleased to be" the adviser to Green Key and Gold Key, Student Council and ICS. Outside of school he is busy in Rotary and Chamber of Commerce affairs.

One can draw his own conclusions, but in this reporter's estimation, Dr. Karshner is one of the busiest and most active men on the Humboldt campus.

Yearbook Editor Reorganizes Staff

Reorganization of the Semper-virens staff is moving briskly and the 1957 yearbook is well on its way it was announced this week by John Thomas, newly appointed editor.

Thomas announced the appointment of Joyce Weaver as copy editor; Kay Price and Sandra Aycock as organizations editors and Don Harris as sports editor.

Kay and Sandra will be in charge of scheduling all club and organization pictures, most of which will be taken this month.

Other staff members are Jeanette Ragsdale, Marilyn Wright, Sandi Wahlund, Dathene Gammon, Laurence Beebe, Joe Romero, John Burger, John Johnson, Paul Groves, Robert E. Ray and

PROP. #3 PASSES BY BIG MAJORITY

WHOOPEE!!! FOR No. 3. This week saw the citizens of California pass by a large majority the \$200,000,000 bond issue for the furtherance of the Master Plan of College construction for the state in the next five years.

Due to the heavy support of the proposition at the polls our assemblymen and state senators can proceed with confidence to build the necessary buildings and facilities needed on our college campus.

The figures for Humboldt County, as released yesterday, show 22,561 Yes votes and only 6147 No votes, a 3-1 margin for victory. Del Norte County also passed the proposition by a solid 3-1 margin.

Rella Hammond. Additional editorships will be announced soon, Thomas said.

Milhaus Attends Dean's Conference

Dr. Ivan C. Milhaus, dean of educational services and summer session, recently attended the Fall Conference of the Deans of Educational Services and Summer Sessions held in Fresno.

This group meets twice each year to discuss and exchange information on problems related to summer sessions and extension programs in the state colleges. Dr. James B. Enochs, consultant in higher education from the State Department of Education, met with the group.

Question: What's funny, honey? Answer:

Sticklers!

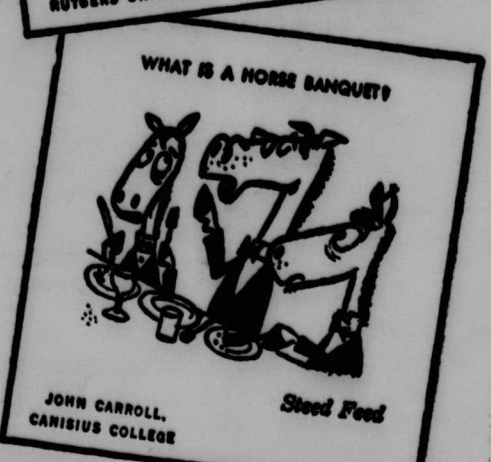

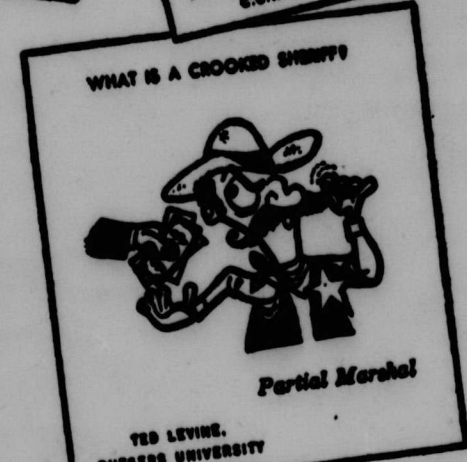

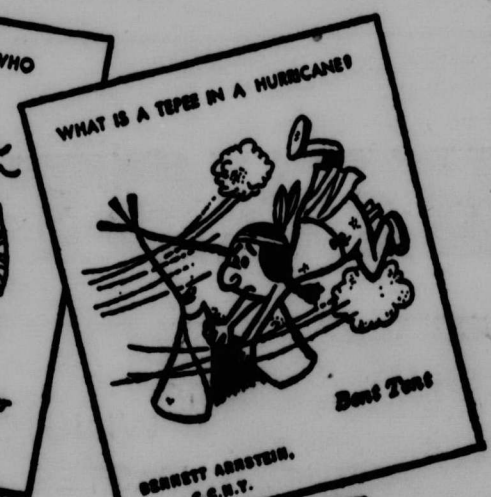

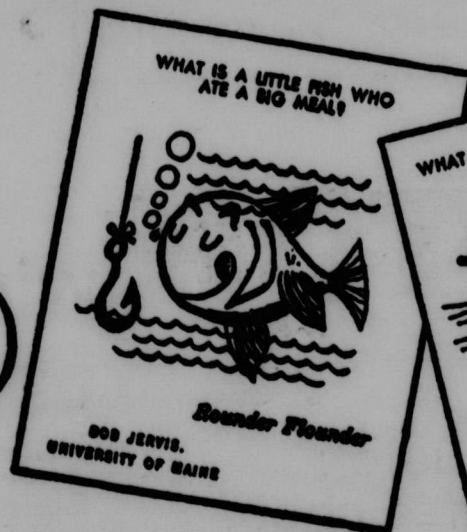

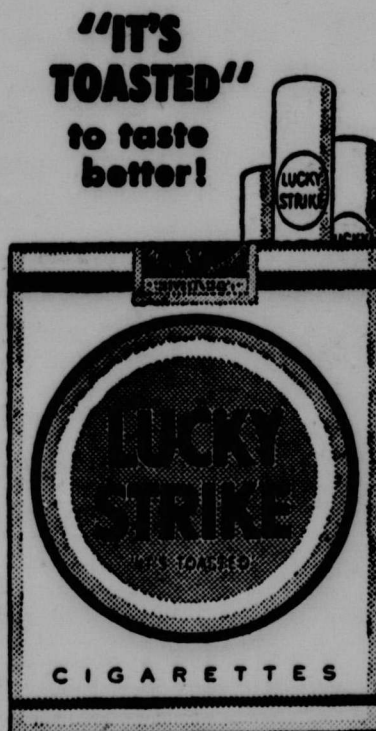

IF YOU'RE A SMOKER who's never tried a smoke ring, get in there and start puffing. While you're at it, remember: Lucky smoke rings come from fine tobacco. This makes no difference to the smoke ring, but it does to you. You see, fine tobacco means good taste, and Luckies' fine, naturally good-tasting tobacco is TOASTED to taste even better. So make your next cigarette a Lucky, and call your first smoke ring a Proud Cloud.

STUCK FOR DOUGH?
START STICKLING!
MAKE \$25

We'll pay \$25 for every Stickler we print—and for hundreds more that never get used! So start Stickling—they're so easy you can think of dozens in seconds! Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send 'em all with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

Forestry Expose', Tree Measurement

The Forestry Club recently took a trip to Dyerville to see if they could find a tree that is taller than the "Founders Tree" at South Fork. Last year the Forestry Club measured this tree with a surveyor's transit and found it to be only 347 feet tall instead of the reputed 364 feet.

The club measured the "Giant Tree" in Bull Creek Flat and discovered it to be 354 feet tall instead of the advertised 245. This tree is seven feet taller than the "Founders Tree". They also measured an unknown tree in Bull Creek Flat and found it to be 268.7 feet tall. This tree is 21.7 feet taller than the "world's tallest" tree.

Those participating in the trip were Mr. Gerald Partain, adviser; Dave Flohr, club president; Dave Sturdyvin, Doug Fisher, Jim Winfrey, Bob Archibald, Neil Babcock, Frank James and Dean Jennings. All felt that the trip was a success.

Former Student Receives Honors

Graduating as an honor student at Keesler AFB, Miss. in training as an Aircraft Control and Warning operator is A/3c William A. Shields, son of Mr. and Mrs. George W. Shields, Box 85, Willow Creek.

The 19 year old student, who attended Humboldt State before enlisting in the United States Air Force, has been assigned to duty at an overseas site.

Mrs. Everett Back From College Library Meet

Mrs. Helen Everett, Humboldt State College Librarian, attended an Oct. 30th meeting of California State College Librarians at San Diego and reports a very enjoyable and enlightening trip. The council discussed problems that are common to college libraries and worked on the development of policies and standards for state college library service.

Mrs. Everett was named chairman for the coming year and Harold Wells who is the librarian of Kellogg Voorhis campus of California State Polytechnic college was named secretary.

From Oct. 31st through Nov. 2nd Mrs. Everett attended the annual conference of California Library Association. During the conference she attended morning, afternoon and evening sessions on various aspects of library work.

Mrs. Everett states that a very interesting talk was given by a librarian over here from a London Library who spoke on the functions and standards of English libraries.

Of particular interest to Mrs. Everett was a talk presented by a group of librarians from Mexico concerning the library systems and problems of Mexico. Mrs. Everett has traveled quite extensively in Mexico and also has a fluent understanding of the language.

COMUS SAYS

CONGRATULATIONS TONI! Your brilliant reign over the homecoming activities this past weekend reflected admirably the royal trust placed in you by the whole student body. The Club personally thanks you for the honor you placed upon us when accepting to be our candidate. We feel that you, your court, and all the homecoming committees have given HSC one of the brightest displays of student activity in recent years. While we will sponsor more candidates and perhaps more queens, Toni, you will always be remembered as our first!

Fellow Comus's! Happy days are here again, and with happy days there are naturally happy hours. Watch the bulletin, the paper, or Snuffy; each has an equal facility for spreading the word.

Good old HSC may soon be on receiving end of another Comus Club promotion. A committee reports having broken down the last opposition to its problems, and only a few formalities stands between the College on the Hill and something which we feel the students will get a 'bang out of, which will grow in value in the years ahead. WATCH THE COMUS CLUB, WHERE SURPRISES ARE IN STORE FOR YOU!

Bistrin Speaks To Business Club

Herman Bistrin, marketing graduate of the University of California, and manager of Bistrin's Department Store in Fortuna, spoke at the first meeting of the Business Club recently at Redwood Park in Arcata.

Mr. Bistrin stressed the need for a business organization on campus to develop cooperation between local business men and business students.

Officers elected for the new term were John Mayfield, president; Diane Johnson, vice president; Freda Wood, secretary-treasurer; Bill Nowlan, ICS representative and also department representative to the Executive Council.

SANDRA WAHLUND HEADS SNO-BALL

Sandra Wahlund, junior, has been named chairman of the Sno Ball committee, according to Miss Kate Buchanan, dean of women.

Sandra, a Eureka High School graduate, has many accomplishments to her record. Sponsored by Conservation Unlimited, she was recently a member of the Homecoming Queen's court. She has served on the rally committee, Sempervirens staff, and has been a member of Spokes and the AWS cabinet. A kindergarten primary education major, she is also a CSTA member.

The Sno Ball is a formal dance which, according to many, is the big social event of the winter. It was previously announced to take place Dec. 15, but the date has been moved back a day, making this year's dance on Friday, Dec. 14. It will be held in the Eureka Inn.

Forestry Research To Make Report On Tree Species

Members of the Forestry Research Committee for the Redwood Region met recently on the Humboldt State college campus to draw up a report outlining the need for further research of the species of trees in the redwood region.

The report will be submitted at the December meeting of the Northern California section of the Society of the American Foresters in San Francisco.

Committee members of the regional group of the Society of American Foresters are Myron Krueger, chairman, professor emeritus from the University of California; Waldron Hyatt, general manager of Hammond California Co.; Russell Johnson, vice-president of Union Lumber Co.; Fort Bragg; C. W. Fairbank, deputy state forester; W. W. Spinney, supervisor of Six Rivers National Forest; Forrest C. Reed, forester, Saga Land and Lumber Co.; and Edwin Pierson, assistant professor of forestry at Humboldt State college.

Mrs. Barlow Sets Speech Title

"An Amateur In International Relations" is the title set by Mrs. Katherine Barlow for her speech Monday at noon in the little dining room before members of the International Relations Club.

She will describe her experiences and the events of the European trip she and Professor Barlow took last spring.

A special invitation to attend this session and future meetings is issued to foreign students and all others interested in international relations.

The department of Audio-Visual Communications at Cal Poly is currently embarking on a program to provide students the opportunity to gain experience in all forms of modern communication.

POLYVIEWS, California Polytechnic College.

FIN AND FUR

By Dick Laurson

Skulling has been the order of the day as far as duck shooting is concerned. Skullers have been doing pretty well on the lagoons and the bay. It isn't a necessity to have a skull boat to get ducks as Dan Citshall proved last weekend. He got a near limit of blue bills on the Big Lagoon spit.

Lots of mud hens have come into the area but so far the ducks are still limited. Guess we need some cold, bitter weather in the northern states and Canada.

The rivers were still high at this publication deadline but are rapidly clearing up. If no more rain comes for awhile, the fishing is certainly going to be great. The Smith River is already fishable and many good fish are being taken from that stream. Wayne Salmon is working weekends on the Smith River for the Fish and Game Department checking fish for marks or tags, and he reported that a 47 pound Chinook was taken at the mouth of the river last Sunday. This reporter took a chub and lost a couple more in the South Fork of the Smith last Sunday. The water is high but plenty clear enough to fish, but most important, the fish are there.

A couple of days after the rains last week, Sweasey dam had a rush of salmon and steelhead through the ladder. These fish must have been pretty ripe to travel upstream as rapidly as they did. Usually it takes from four to ten days to make the journey.

Haven't heard of anybody doing anything in the way of quail shooting. Several coveys have been seen on the Fieldbrook road and along Mad river toward

Blue Lake. These birds must be educated as they are only seen on posted property. Guess we will have to work on the farmer-hunter relations a little harder.

Speaking of scatter gun shooting, has any one seen any snipe so far this year? The season opens sometime in December and a lot of fun can be had trying to down one of these zig-zagging birds.

Let's be sportsmen! Ask permission to hunt on private property and respect that property and the privilege of using it. Perhaps if the sportsmen would show more courtesy to the farmer or rancher, they would retaliate and show more courtesy to the sportsmen. Its worth a try, anyway.

NEVER CROSS A FENCE WITH A LOADED GUN.

TRAVELING JUNIOR JACKS END SEASON WITH 1-4 MARK

Victims of a schedule that saw them play all but one game on the road the Humboldt State Junior Jacks wound up their season last week with a 1-4-0 record as they lost to the Chico Wildkittens 28-12.

Although the Jayvees had it kind of rough with the win loss record a great deal of valuable experience was undoubtedly gained by the squad.

Coach Bob Doornink stated, "The season wasn't too good as far as the win loss record is concerned but I think the kids learned a lot and are good varsity prospects for next year."

Doornink said that many of the players could have been on the Varsity but it was felt that

they would gain more valuable experience by clocking more playing time on the Junior Jacks. He added that at least 15 players on this year's team are top flight prospects for the 1957 Lumberjacks.

Drawing special praise were guards Pete Carpino and Dick Donley and halfbacks Miron Robb and Terry Simpson. According to Doornink this quartet is a good bet to give the first stringers on the Jacks a real battle for their starting berth come next fall.

In the season finale last Saturday evening at Weaverville the Junior Jacks made two early game miscues that spotted the Chico Jayvees the two touchdowns they needed for victory as the Wildkittens intercepted a pass and recovered a fumble deep in Junior Jacks territory and went on the score.

It must be noted however that the Junior Jacks were playing without the services of Fullback Larry Westlake and guard Donley.

The Jayvees lone win of the year was a 14-0 triumph over the Cal Aggie JV's a month ago. They lost to the Southern Oregon Jayvees, Oregon Tech and to Shasta in addition to the Chico defeat.

VARSITY STANDOUTS

Gordon Moore in his first year at Humboldt State has broken into the Lumberjacks starting lineup at a guard position and has played outstanding ball throughout the season.

Moore, who is a sophomore, attended Boise Junior College for three semesters before coming to Humboldt. Gordon, who graduated from Colwell High School in Idaho, is a Physical Education major with a minor in Industrial arts.

Twenty years old, 6 feet tall and weighing in at 190, Moore is still single and lists his home in Arcata.

Watch for that number 65 out there on the field. He makes his presence known.

One of the youngest and newest members of the Lumberjacks, freshman halfback flash Marion Mayes is well known for his crowd pleasing runs.

Mayes is 18 years old and this spring graduated from Elcinal High in Alameda, where he participated in football and track and was President of the Student Body as well as holding other offices.

Drafting is Marion's major at Humboldt, and

he now lives at Redwood Hall. He is 5' 7", weighs 160 pounds and lists Oakland as the home of his parents.

Although Mayes has gained most of his fame for his running speed and swiftness performance, he is a very fine defensive halfback also and plays well both ways.

Now in his third year of valuable play for the Humboldt State College Lumberjacks is Center Jim Evans.

Evans, who is now a senior, entered Humboldt State in the spring of 1954 after attending Stockton College for two years and has been a reliable player for the Jacks since 1954.

Jim, who is now married and makes his home in Eureka, graduated from Stockton High School in 1952. He has as his major on campus Game Management.

Evans stands 6 feet tall, weighs 190 pounds and is 22 years of age.

Watch for Jim when he's in there - he plays outstanding ball and is one of those fellows who seldom receives credit when it is due.

FAR WESTERN GRID ROUNDUP

CAL AGGIES

Davis - No longer undefeated and now in a virtual three way tie for the FWC league lead, the Aggies wind up their conference year tomorrow when they tangle with rugged Chico State Wildcats on Chico's home field.

San Francisco State last week handed the Mustangs their first defeat in seven starts by a 10-0 count. The Aggies went down fighting, however, as they launched drives that ended on the Gators 12, 15 and 16 yard lines but lost the ball on downs each time.

SAN FRANCISCO STATE

San Francisco - Fresh from their triumph over the Aggies which kept their hopes for part of the Conference crown alive, the Golden Gators this week tangle with the Sacramento State Hornets before they wind up their season next Friday with a crucial contest with the defending champion Chico Wildcats.

Fullback Bob Rodrigo's toe played a major roll in the upset of the Aggies as he kicked a field goal and a point after touchdown. Halfback Sanford Malnick capped off a 64 yard touchdown drive with an 11 yard run to provide the only six-pointer for the winners.

UNIVERSITY OF NEVADA

Reno - The last remaining obstacle in the path of the Humboldt State Lumberjacks on their road to conference laurels is the Wolfpack of the University of Nevada, who despite their 0-3-1 league record and last place standings, may give the Jacks quite a battle tomorrow afternoon.

Last week the Wolfpack lost another close 21-20 to the Hornets of Sacramento and they will

be out to gain their first FWC win this year at the expense of the Lumberjacks, who need a win to gain a tie for the league crown.

SACRAMENTO STATE

Sacramento - It took three long years but the Hornets of Sacramento finally won their first Far Western Conference

game in the school's history as they edged the Nevada eleven 21-20, and thus escaped at least temporarily the conference cellar.

This week they draw a real tough one as they take on the San Francisco Golden Gators, who are virtually in a tie for the league lead with Humboldt and the Aggies but who trail the other two schools because they have played one less conference game.

"I feel like a Coke.
Do you?"

Of course. Most everyone does - often. Because a few moments over ice-cold Coca-Cola refresh you so. It's sparkling with natural goodness, pure and wholesome - and naturally friendly to your figure. Feel like having a Coke?

JACKS vs. NEVADA, FWC FINAL

Cleat Marks

By Don Harris

The time has come for Humboldt State Lumberjacks fans to root and root hard for — of all people — the Chico Wildcats. For it is Chico, you see, who could do the most towards giving the Lumberjacks an undisputed Far Western Conference Championship.

That is of course provided the Hilltoppers can get by their last league opponent, the University of Nevada Wolfpack in Reno tomorrow. The job of polishing off the Wolfpack may be no small task in itself but provided the Sarboemen clear this last hurdle, at least a tie for the Far Western Conference crown is in the bag.

Assuming that the Jacks come through with a victory then it is possible that the Wildcats could hand Humboldt undisputed laurels. The same team that gave the Jacks such a scare last week in the Homecoming tilt still has left to play on its schedule the Cal Aggies and the San Francisco State Golden Gators, the two teams who by winning the remainder of their games would throw first spot into a three way tie.

Chico this week hosts the Aggies in the conference finale for the Mustangs. If the Wildcats were to rise to the occasion and dump the favored men from Davis, it would give the Aggies two losses which would probably put them out of the picture.

By the same token the Wildcats tangle with the Golden Gators next Friday in San Francisco, and if they were to come out on top that would finish off the hopes of the Bay City eleven.

The present conference records for the three contenders are:

	W	L	T
Humboldt	3	1	0
Cal Aggies	3	1	0
San Francisco	2	1	0

So keep your fingers crossed that the Wildcats come through with wins over the Aggies and the Gators. It is quite possible as Chico is a strong team that cannot be underrated, as any Lumberjack fan will attest to after Humboldt's 7-6 victory last Saturday.

SPORTS

Fri., Nov. 9, 1956

LUMBERJACK

Page 5

End Chuck McAninch attempts to shake off Quarterback Carl Bloss and another unidentified Chico tackler after taking a pass from Lumberjacks Quarterback Warren Baker. Humboldt won the important Homecoming game 7-6 before a packed house last week.

JACKS WIN ANOTHER CLOSE ONE; TAKE CHICO AND AXE

Humboldt State's Lumberjacks gained their second single-point victory in four league games as they edged the Chico State Wildcats 7-6 last Saturday night in a Homecoming victory that returned the famed Lumberjack Axe to the hilltop campus for the first time in four years.

More important, the win, coupled with the Cal Aggies 10-0 loss, put the Jacks back into a first place tie again with the Mustangs setting them in a position where a victory over the University of Nevada Wolfpack in their final game tomorrow afternoon in Reno will give Humboldt no worse than a tie for first place in the final standings.

Humboldt State found they had their hands full and then some trying to stop the running of no less than five capable ball carriers who perform for the defending champion Wildcats as Chico virtually ran the Jacks into the ground and posed practically no threat through the air to the Humboldt cause.

Ralph Mayo sparked the Lumberjack ground game as he was instrumental in the scoring drive, scored the only Humboldt touchdown and ran well all evening.

It was Mayo who plunged over from two yards out in the second period to cap a drive that had gone 58 yards in a dozen plays.

And it was end Chuck McAninch who booted the extra point, as he kicked it straight and true through the uprights.

in the play that eventually decided the game.

Guard Ron Gallino of the Wildcats set up the Chico tally in the final period when he snared a pass that lost its way and returned it 44 yards to the Humboldt 30. A few plays later Quarterback Don Ray scored as he swept his own left end for 12 yards.

Halfback Bud Westlake's conversion attempt that could have tied up the game went astray, going low and to the left of the straight and narrow.

From that point the Lumberjacks took the kickoff, ran out part of the remaining four minutes, punted, recovered a fumble on the Chico 19 and were threatening again when the game ended.

WIN FOR HILLTOPPERS MEANS AT LEAST A TIE FOR CROWN

With no worse than a tie for the 1956 Far Western Conference Championship the reward for victory, the Humboldt State Lumberjacks conclude their league year against the not-to-be underrated University of Nevada Wolfpack tomorrow afternoon in Reno.

A win for the Jacks would give them a final 4-1 league record. Since the Cal Aggies lost their first game of the year last week, no team has a perfect record, so if they take it, Humboldt gets a share of league laurels at least.

If Chico's Wildcats, now that the Jacks have beaten them, would turn into the toughest team in the league and come through with wins over the Aggies and the San Francisco State eleven, which also has only one loss, the Jacks with a win over the Wolfpack could walk away with all the marbles.

At the same time Humboldt may have more of a battle than one would normally expect from a team that is last place with an 0-3-1 mark. Humboldt will have to be on its toes or it could find itself much deeper than first place in the final arrangement, if it stumbles against the Wolfpack.

Coach Phil Sarboe stated, "They tied Chico and they lost to Sacramento by one point after we beat them by one point. We'll have to play our very best ball because on any given day any team can knock over any other. Then, too, look out when you are playing away from home. It seems that this year the home team usually wins."

Needless to say the Jacks will be favored, as would be expected when a first-place team meets a cellar-dweller, but still Humboldt will have to play heads-up ball.

Intramural Council Meets Here Today

The Intramural Council will meet this afternoon at 4 p.m. in the Science building. All members are urged to be there as activities will be starting very soon.

Five hundred intramural handbooks will be released next week. They will contain the rosters of each team plus all the league's by-laws and the constitution. Also, a scoreboard is being completed and will be ready for the league opening.

A meeting was held by the Intramural Director Jack Netcher, and the council members where they discussed the first sports — volleyball and badminton — and plans were laid accordingly. Activities will start around Dec. 1.

Block "H" To Sponsor Dance

Block "H" club members in cooperation with the alumni association members will sponsor the fifth annual Sadie Hawkins Day Dance Saturday, Nov. 17, at 9 p. m. in the Municipal Auditorium in Eureka.

Proceeds from the dance will go towards the college awards system.

"Wearing costumes are optional," said Harman Bonnicksen, dance chairman. The feature for the evening will be the Daisy Mae contest in which each local high school will enter a candidate.

Claude Gribble's orchestra will play for the dance.

Assisting Bonnicksen are Ralph Johnson, Bill Wilbur, Bob Lawson, Jim Knox, Jim Richardson.

In 1934 a freshman social dancing class was offered at HSC from 8 to 9 a. m. on Tuesdays and Thursdays.

Wildlife Releases 132 Pheasants

Humboldt State College Wildlife Department announces the recent release of 132 pheasants in the Mad River Slough area. Persons are asked to watch for the birds, each of which is marked on the wing with a plastic buff-colored band two inches long and one inch wide and numbered with black numerals from one to 132. Anyone recognizing any of these pheasants is asked to contact Dr. Richard Genelly, assistant professor of wildlife at the college.

When the whereabouts of each bird is known, wildlife students will be able to check the number of young produced this year. This is to be an annual class problem for wildlife students.

The birds were raised last year by the Upland Game class and this year are the special project

JULIE ANDREWS says:

"Verily, a Professor 'Iggins among magazines!"

Julie Andrews, twenty-one-year-old British girl, plays Eliza Doolittle in the sensational Broadway success "My Fair Lady" — a musical adaptation of George Bernard Shaw's "Pygmalion."

Q. Miss Andrews, had you ever been away from your family before you arrived in this country two years ago?

A. Never, and I still become dreadfully homesick. But I do talk with them several times a week.

Q. By phone?

A. No—by phonograph. We talk into recording machines, and airmail the records. They are so clear I can even hear my brothers arguing in the background about whose turn is next. It is as if we were all in one room.

Q. You never exchange the usual kind of letter?

A. Very seldom, I'm afraid. But we post back and forth bits of particular interest—like newspaper reviews, and favorite articles from The Reader's Digest.

Q. Just the Digest?

A. Oh, no, there are others sometimes—but the Digest is our magazine. Mummy and Daddy have always read it, and I began when I was twelve, playing music halls. I had to miss school, and my teaching governess went through every issue with me on the run. It was part of my lessons.

Q. Do you still read it on the run?

A. Oh, yes—waiting for assignments, waiting for buses, even waiting for curtain cues. I hope I never have to be without it. When I wish to be amused, the Digest amuses me; and when I need to be scolded or instructed, I can always find an article that talks to me like—

Q. Like a Dutch uncle?

A. No, much more delightfully—more like Professor 'Iggins in "My Fair Lady" showing a new world to Eliza Doolittle.

In November Reader's Digest don't miss:

CONDENSATION FROM FORTHCOMING BOOK: "THE ONE THAT GOT AWAY." The all but incredible story of Nazi fighter pilot Franz von Werra—how he broke out of a British prison camp, audaciously attempted to steal a plane . . . and finally did escape.

REBELLION AT POZNAN. Here are eyewitness accounts of the June uprisings that may be a preview of the eventual end of the Communist empire.

TWO-EDGED DAGGER OF YUSOF HUSSEIN. Eerie experiences of a British officer in the Red-infested jungles of Malaya.

THE ANDREA DORIA'S UNTOLD STORY. Heart-rending drama of Dr. Peterson's futile 5-hour struggle to save his wife—pinned under wreckage in their stateroom—as the giant liner slowly sank.

ARE YOU A BORE? I. A. R. Wylie shows ways we unwittingly bore others, and how to make yourself more interesting.

WHY THERE CANNOT BE ANOTHER WAR. Pulitzer Prize-winner William L. Laurence tells why, in the awesome light of an exploding H-bomb, one thing stands clear: thermonuclear war means certain suicide to the aggressor.
