ARCATA, CALIF., FRIDAY, MAY 18, 1956

No. 31

TWO-CARD ASB SYSTEM APPROVED

HSC students Monday approved by the scant two-thirds vote required a new system of student body memberships. The vote was 284 yes to 120 no.

Under the proposal accepted in the day-long vote, all students attending Humboldt State will be required to become members of the Associated Student Body. A membership fee will be assessed as part of the college materials and service fee.

This membership will entitle the student to some of the privileges of study body members, such as voting in ASB elections and belonging to campus clubs.

A second card will be optional. It will entitle the student to participate in student body sponsored activities, such as dramatics and athletics and to free admission to student body activities. The activities card will be required of participants in student body activities.

The proposal was a compromise in a long-standing dispute over whether purchase of the student body card should be made mandatory.

Recommendations on how to implement the vote already have been made to Dr. Cornelius H. Siemens, college president, by the student council. These recommendations will be submitted to the state director of education, who will set the membership fee.

Summer Session To Begin June 18

The HSC regular six-week summer session will be held June 18 through July 27 and the four-week post session July 30 to August 24, Dr. Cornelius H. Siemens, college president, announced this week.

A record enrollment of more than 500 students is expected in the regular session. Last year the college enrolled students from 32 counties, 13 other states and two foreign countries.

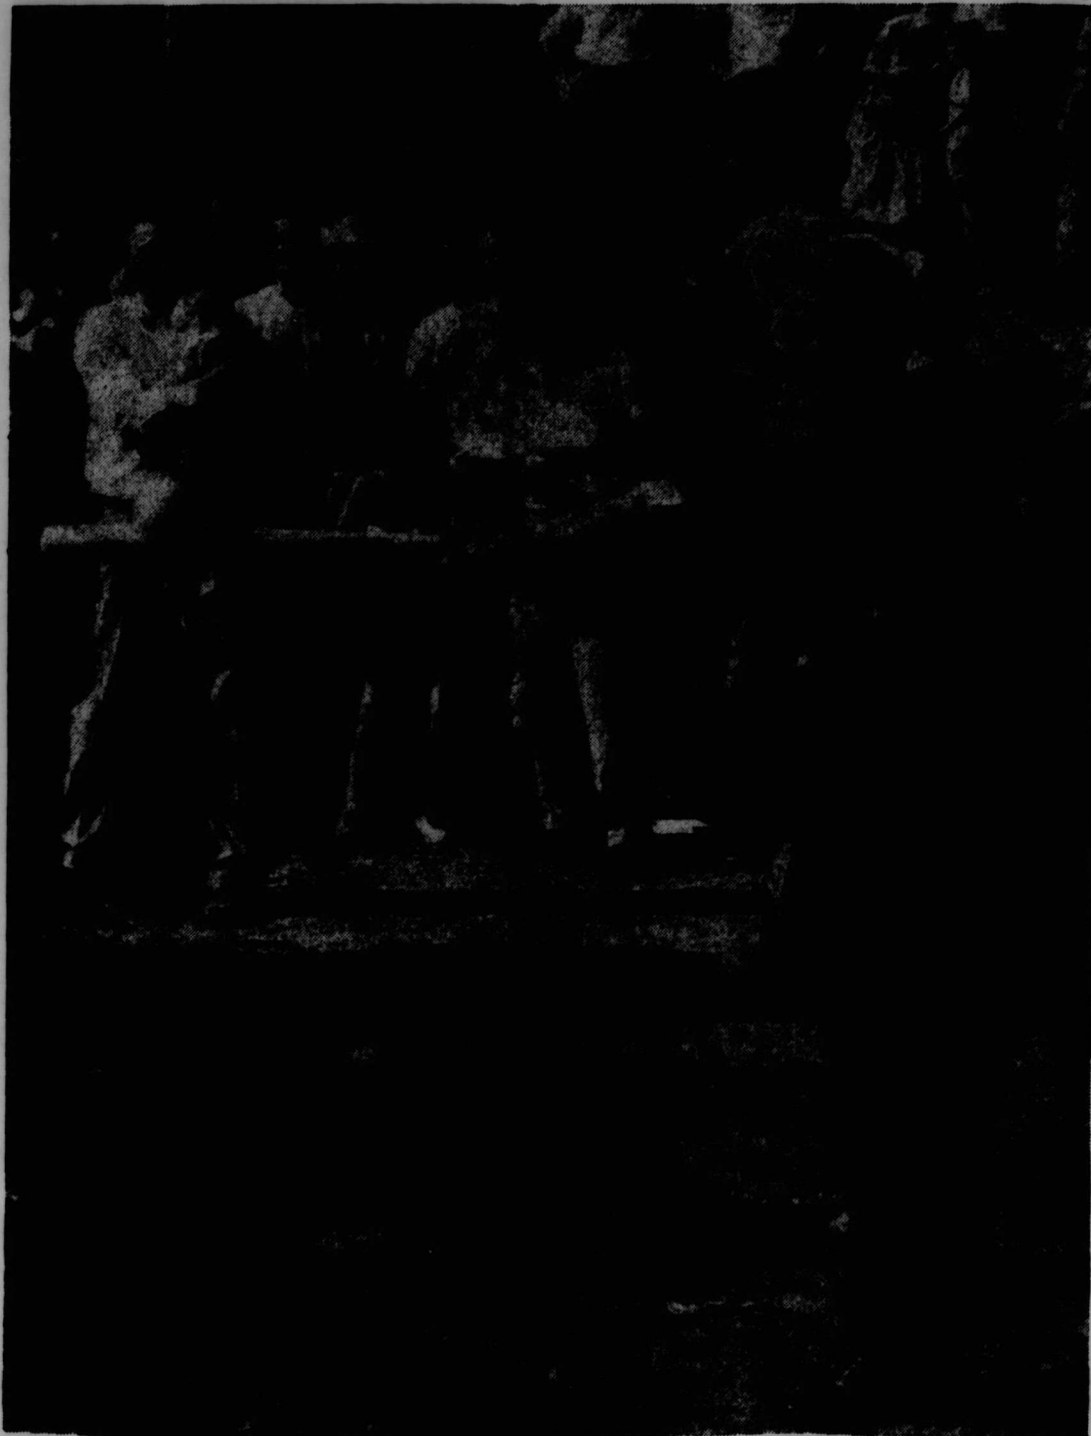

Course offerings are planned to meet the needs of a wide variety of students, including beginning freshmen, teachers and administrators and regular students seeking additional work, said Dr. Ivan C. Milhous, dean of educational services and summer session.

Again this year the summer sessions will offer a strong program in the liberal arts, in education and in psychology leading to both the bachelor's and master's degrees and to teaching credentials. Special attention is given in the summer terms to the needs of holders of provisional teaching credentials for meeting renewal requirements.

Post session courses will include workshops in elementary and secondary curriculum, elementary methods in primary education, language arts and reading, and required courses in U.S. history and constitution.

Registration for the regular six-week session is June 18 and for the post session July 30. Six units of credit may be earned in the regular session and four in the post session. Tuition is \$8.50 a unit.

For the summer session catalog and other information prospective students may contact Dr. Milhous at the college.

Adlai Stevenson shows off his Sunday swing at the HSC annual picnic at Camp Bauer Wednesday. Above, the 1952 standard bearer of the Democratic party connects with softball to the

great delight of onlookers. The hefty effort went for naught, however. The presidential candidate popped out to the shortstop on an infield fly ball. (Photo by Buster DeBrunner)

42ND ANNUAL COMMENCEMENT EXERCISES TO BE HELD JUNE 2 FOR LARGEST GRAD CLASS

The 42nd annual commencement exercises for HSC will be held Sunday, June 3, for the largest graduating class in the history of the college. President Cornelius H. Siemens has announced.

Symphony Concert To Be Presented May 24, 8:15 p.m.

The Humboldt Little Symphony will present its annual spring concert in the Eureka Junior High School Auditorium, Thursday, May 24 at 8:15 p.m.

The program will include three works, the Overture to "II Seraglio" by Mozart, the Symphony in E-flat Major by Robert Schumann, and the fairytale, "Peter and the Wolf" by Prokofieff. Frank Bettendorf will be narrator for the Prokofieff work.

The concert is free and the public is invited.

Conducted by Prof. Charles Fulkerson of the Humboldt State college music faculty, the symphony orchestra is composed of more than fifty musicians drawn from all walks of life in northwestern California. The symphony has appeared in such programs as the Arcata community Christmas program and at the Popera, the annual HSC spring music extravaganza. The group's midwinter concert was presented in February.

The baccalaureate service will be held in the court of the Administration building at 11 a.m. that day, and the commencement exercises will be held in the college gymnasium at 3 p.m., as customary in recent years.

Of the 154 students to be awarded degrees and certificates, 132 will receive bachelor's degrees, 13 will receive master's degrees, and 9 will receive two-year certificates. Last year's graduating class included 116 for the bachelor's degree, 14 master's degrees and 10 two-year awards.

The graduates and the entire HSC faculty will attend both the baccalaureate and commencement ceremonies in academic dress, with Dr. Hyman Palais, professor of history, as grand marshal of the academic procession. Friends and relatives of the graduates and the public are invited to both ceremonies.

HARMER RESIGNS

Dick Harmer, Graduate Manager for several years since his graduation from HSC, officially submitted his resignation at the May 10 student council meeting. His future plans may include an administrative position with one of the lumber concerns, he says.

STEVENSON URGES FEDERAL AID IN ADDRESS AT WEDNESDAY PICNIC

Adlai Stevenson, speaking to HSC students at their Wednesday All-School picnic at Camp Bauer, advocated federal aid for education through help in construction, financial supplements to teachers' salaries, and scholarships for prospective teachers.

The 1952 Democratic presidential candidate and candidate for this year's nomination spoke before about 500 persons, students,

families, faculty and visitors to discuss the obvious and hidden crises in education.

"The obvious ones are the shortages in class rooms and buildings which become progressively more apparent with each year of high birth rate and which could have been readily foreseen," Stevenson stated.

"For its first two years the present administration did nothing about the problem," he declared. "Then a year ago it appropriated a very inadequate \$50,000,000 to help relieve class room shortages. Now this year an appropriation of \$250,000,000 shows that the administration is aware of the problem."

The hidden crisis in education is the shortage of teachers," Stevenson said. "I am alarmed at what is happening to education and the shortage of all talents in this country, most of all the shortage of teachers." He contrasted the number of engineers graduated yearly in the Soviet Union with the lesser number produced by U. S. colleges.

Stevenson then proposed an annual federal appropriation of \$50,000,000 to be suitably matched by state and local funds for improvement in teachers salaries in order to attract the most suitable people to the profession and retain capable teachers in the schools.

Stevenson appeared at the picnic in response to an invitation from the HHS Young Democratic club. Changes in plans over the weekend permitted him to leave Portland early by chartered plane, stop in Coos Bay, Ore., and land at Arcata airport at 4:12 p.m.

He was met at the airport by Dr. William Wasserman, faculty sponsor of the Young Democratic club. Craig Stark, president of the club, Democratic leaders, and chiefs of local labor unions, many showing Stevenson pins left over from 1952.

A cavaran of automobiles escorted Stevenson and his party to Camp Bauer where the speakers arrival broke up the soft ball game then in progress.

Stevenson apologized for having broken up the ball game just for a politician's speech and forced the game's resumption by participating in it at the end of the talk. He batted out a pitched ball with a fly to shortstop before getting in his car for the drive back to the airport.

Master of Ceremonies Dean McColum got his tongue twisted introducing Governor Stevenson to President Cornelius Siemens and succeeded in presenting President Stevenson to Governor Siemens.

"The introduction promoted me more rapidly than I expected," Stevenson said in acknowledging McColum's remarks. "But I have been working for some time to earn the right to be addressed as president, though I didn't think it would come so soon."

Annual Salmon Bake Scheduled June 2

Full time employees of Humboldt State and their families will gather at Camp Bauer Saturday, June 2, for the annual salmon bake.

A tradition for the staff, the salmon bake is highlighted by the dinner, which will be served at 1 p.m. Dr. William Lanphere as usual will bake the salmon in a rock lined pit.

The day's events begin with the gathering of phyllospadix (seaweed) by a committee headed by Dr. Raymond Dasmann and Prof. Fred Telonicher. William Johnson, Jake Relac and Dr. Mark B. Hhea will assist with digging the pit, building the fire and preparing fish.

TO THE SEMPERVIRENS STAFF . . . For A Job Well Done

The 1956 Sempervirens has arrived and the yearbook staffers can breathe once again. In fact, they may throw out their chests with some pride.

The 1956 Sempervirens is a departure from past yearbooks. This year there is complete freedom of form throughout and a seemingly unlimited amount of art work. Page size and page number are larger. The cover is an original done by the editor, "Sharky" Walsh, and the modernistic division pages were done by Shirley Mace, staff artist. Helping with other phases of the art work were Syd Stibbard, and Anne Johannson. Anne also worked hard in doing page layouts and cartoon work. This year the staff placed emphasis not only on the art work, but also on copywriting, especially on the clever photo captions and club write-ups.

It was a lot of hard work getting the 1956 Sempervirens on the presses and credit must be given where credit is due. The major burden of course fell on Sharky's able shoulders. Tom Freeman was the general "do-everything" man and helped make the books organization run smoothly. Sandy Wahlund did a fine job on picture scheduling. Fran Stark, Jan Smeltzer, and Sharky handled the photography. Carolyn Goldsmith and Don Leach were successful in turning in good sports copy. And Lou Cimini (who could sell anyone the Ryan Slough Bridge) was the business manager and sold all of the ads. The remainder of the staff worked very hard in making the 1956 Sempervirens a reality. The Lumberjack takes pride in congratulating its sister publication on a job well done.

LITTLE MAN ON CAMPUS

by Dick Bibler

Editor Gerald (Sharky) Walsh, left, shows a first copy of the 1956 Sempervirens to Dr. Cornelius H. Siemens at a yearbook preview in the

president's office. Distribution of the yearbooks to the student body began yesterday.

ADLAI APPEARANCE HIGHLIGHTS HSC ALL-SCHOOL PICNIC

Adlai Stevenson, candidate for the Democratic presidential nomination, spoke Wednesday afternoon to HSC students, faculty, and friends at the annual All-School picnic at Camp Bauer.

The brief stop was, for Stevenson, part of a campaign tour of the Pacific Northwest. He arrived at McKinleyville airport at 4:30 p.m., 20 minutes behind schedule, in his chartered plane, and was met by representatives of the area and of the college.

A caravan escorted the campaigner to Camp Bauer where he spoke to the picnickers, and later joined them briefly in a softball game.

The picnic began Wednesday morning with the annual faculty show, emceed this year by Jerry Partain, assistant forestry professor. College president Dr. Cornelius Siemens took a major part in the show, which was themed "Sempervirens, Eight Episodes of College Life." The show was performed twice in the college auditorium, with about thirty faculty members participating.

Highlight of the ceremonies was the presentation to Miss Kate Buchanan, associate dean of students for guidance, of a Lumberjack green and gold hatchet for "outstanding service" to the student body.

The senior class won the sports trophy and Dick Laursen, senior wildlife management student, won the award for outstanding athlete.

Cited for "outstanding performance in the faculty show" was Mrs. Raphaella Kingsbury of the library staff. She appeared in the crystal ball act in the library staff's sketch, "The Chasers and the Chased or Just 'The Chase'".

Jon Lawrence won a set of cuff links from Graves Department Store and Jim Sullivan a tube of tennis balls donated by Malm and Murray Sporting Goods for loudest sports shirts worn at the picnic.

Following the faculty show was a motor cavalcade to Camp Bauer where the picnic was held. Featured throughout the day

were baseball, soccer, and various other games, contests, and entertainment, a picnic dinner, and evening dancing.

"CARE" Campaign

A campaign to feed, clothe and rehabilitate the more than 5 million refugees in the world today is CARE's newest project in relief aid. Packages will be distributed to refugees in the Gaza Strip, Hong Kong, Indo-China, Korea and Germany. Donations may be sent to CARE, 444 Market street, San Francisco 11.

On July 30 the WAVES will observe their 14th anniversary.

REGISTRATION PLANS FOR FALL COMPLETED, SAYS REGISTRAR

Plans have been completed for the fall semester registration, according to an announcement from Mrs. Myrtle McKittrick, registrar and admissions officer. The plans have been worked out in cooperation with the Testing Officer, Dr. E. Nedd Girard, the council of the personnel division, the academic council, and the business office.

The registration card system will again be employed. Advisers will be in their offices for program counselling for old students

on Tuesday and Wednesday, September 4 and 5. Registration will be held in the Library on Thursday and Friday, September 6 and 7. Thursday will be reserved for old students, while the new students will register on Friday. Re-entrants (i. e., students previously enrolled at Humboldt, but not enrolled during the preceding semester) are included with the old student group. The scheduled hours for Thursday and Friday are as follows:

Initials	
A-F	8:30-10:00
G-L	10:00-12:00
M-R	1:00-2:30
S-Z	2:30-4:30
Misc.	3:30-4:30

Included in the miscellaneous group are those who are unable to register at the scheduled hour. Any returning students who are unable to register on Thursday may report at 3:30 on Friday, or register the following week, paying the late registration fee.

On Saturday morning, "limited" students, registering for six or less units will be given an opportunity to register. They may also register at the designated periods as given above. Limited students must pay the late registration fee if they do not register on or before the September 8 date.

It is important for students to assume the responsibility for planning their own programs. As in January, students will not be admitted to the library unless they bring with them a proposed program of courses. It is the student's responsibility to inform himself concerning the requirements and to see that he takes the courses that fulfill those requirements. The adviser is there to serve as a consultant, to answer questions, and to assist the student to plan his program advantageously, Mrs. McKittrick pointed out.

Any student or faculty groups or individuals who wish to have questionnaires filled out by students during registration week must submit the questionnaire to Dr. Girard. An effort will be made to synchronize the questionnaires to avoid duplication of information.

Minutes Of The Student Council

The meeting was called May 10, 1956 by Frank Bettendorf. Regular members present were: Robert Furber, Fern Fowler, Pat Heney, Bob Jacobson, Lewis Sbrana, Jim Westman, Don Karshner, Dick Harmer, and Joan Guyn. Guests were: Roberta Johnson, Jim Barnes, Jean Sylva, Ben Zlatoff, John Dufour.

A correction in last week's minutes was noted. The yell-leader tryouts will be held May 23 rather than May 16.

The Board of Control met and selected Pat Hammond as chairman and Jim Nameth as secretary, it was reported.

It was decided that the selection of song queens for next year will be May 23.

Frank presented the tentative schedule for the Retreat at Benbow May 19 and 20. A motion was made, seconded and passed to have Sunday breakfast from 8:30 to 9:30 and the general meeting from 10 a.m. to 12 noon. Arrangements for any additional meeting time after lunch may be made, if necessary, at the close of this general meeting.

Bob Furber, in behalf of the Board of Finance, announced that Dick Harmer has presented his resignation as Graduate Manager, to be effective June 1. A motion was made, seconded, and passed to accept this resignation.

Bob reported that Dr. Siemens has made the necessary revisions on the A.S.B. budget. Copies of the budget will be put in the

EUROPEAN SUMMER

Adventure On A Bike

BY SHERRY O. HESSLER
Swarthmore College

Once in Europe, the available means of travel all allow for a certain amount of fantasy. A bicycle keeps you pretty much out of the big cities and on the county roads. Railroads, busses, and hitching leaves the door wide open for bumping into the most fascinating characters.

Only if you are hardy and well in trim, are you likely to start off cycling. By all means, buy your bicycle in Europe. It's a fine plan if you want to be on your own: you can take full advantage of hostel accommodations and inexpensive inns off the beaten track. You'll get to a great many scattered and suburban points of interest that the mainline tourist doesn't have a chance to see. Certainly one doesn't get a full picture of local life if he's tied to a railroad track.

On the other hand, ideal as cycling is for really seeing a small area, it's less satisfactory if you're out to cover ground. students have criss-crossed

Europe in a summer on bikes, but some have complained since that they spent most of their time traveling instead of sight-seeing, digesting culture, and reading up to get into the spirit of all these quick changes of mental climate.

Naturally, a motorbike makes Council Members' boxes, and they are requested to read and become familiar with the budget. Bob Furber will explain the budget at the next meeting and answer any questions which the members may have.

A subject brought up at this meeting is to be discussed at the A.S.B. Retreat. This is the matter of what is to be done next year to improve attendance at assemblies.

There being no further business, the meeting was adjourned. Respectfully submitted, Joan Guyn, A.S.B. Secretary, Frank Bettendorf, Chairman Pro Tem.

SPRING CHORAL CONCERT TO BE HEARD MAY 20

Presenting a cross-section of choral literature, the HSC A Cappella choir will give its first spring concert Sunday, May 20, at 3 p. m. in the college auditorium.

In three groups of compositions, the choir will present selections from important sacred and secular music arranged for choral polyphony, which consists of two or more melodies sung simultaneously. Samplings of music from the sixteenth and seventeenth centuries through the baroque era of Bach and Handel to the romantic nineteenth century and contemporary pieces will be on the program. In addition, the choir will present a group of folk songs from four countries.

Also on the program will be the Madrigal singers, eight voices composing four vocal parts, and a male quartet.

Directed this year by Dr. Leon Wagner, assistant professor of music at the college, the HSC choir has participated in numerous musical activities in the community, but has not presented a full-length program.

Tickets for the concert are available, at \$1 for adults and 50 cents for high school students and children, at the college fine arts office.

The first group of compositions on the program will be of a sacred nature, including, "Jesu Dulcis Memoria" by the sixteenth century composer, Vittoria; "Jesu, Priceless Treasure", a Bach chorale; "When Jesus Wept", an unusual round by the American Revolutionary War composer, William Billings; "Go Not Far From Me, O God", an anthem by Zingarelli.

The second group will be secular, chosen from classical and romantic periods and will include two amusing pieces by Haydn and works by Brahms and Tschalkowsky.

The choir's third group will be two contemporary pieces by Dickenson and the leading contemporary British composer, Benjamin Britten, and a group of folk songs arranged by Dr. Wagner.

College choir members are Joline Benites, Patricia Hall, Lou Hill, Kay Nielsen, Bobbie McCrory, Kathryn Payne, Dorothy Sousa, Sylvia Harris, sopranos; Melrene Hinch, Helen Olson, Jean

Richards, Berniece Scheppeler, Panny Dawson, Kay Killinger, altos; Gerald Anderson, Joseph Cuny, John Gilchrist, Dale Ingvarsen, Stephen Mento, Howard Filson, tenors; William Busch, T. J. Collins, Louis Davis, Robert Lloyd, Tom Roval and Frank Spald, basses.

Madrigal Singers includes Mrs. Benites and Miss Payne, sopranos; Miss Killinger and Miss Richards, altos; Mr. Gilchrist and Dr. Wagner, tenors, and Mr. Spald and Mr. Davis, basses.

The male quartet is composed of Mr. Gilchrist and Mr. Mento, tenors; Mr. Lloyd, baritone, and Mr. Davis, bass.

29 Spurs Initiated

Spurs, national women's service organization, was formally originated on the HSC campus with 29 freshman women as charter members.

The new organization replaces Spokes, which has existed since October 1950.

Fern Fowler, president of Spokes, and Mrs. Myrtle McKittrick, faculty sponsor, conducted formal initiation ceremonies at a smorgasbord dinner Sunday afternoon at the Eureka Inn. Blue and gold table streamers announced adoption of new colors for the service group, replacing the Spokes' green and white. Individual carnation corsages, Spur mugs and membership scrolls for the initiates were complemented by bouquets of rhododendrons on the piano.

Becoming active next fall, the Spur membership will be limited to 30 sophomore women, with one junior woman as adviser. With the motto, "At your service," the

group must remain a probationary chapter for one year. The majority of college Spur chapters are in the western U.S.

The purpose of Spurs is: "to promote school spirit and support all activities in which the study body participates, to foster among the women of the college a spirit of loyalty and helpfulness, and to uphold all the traditions of the college."

New Spur members are: Joanne Beer, Mary Jean Bertrand, Joy Branaman, Pat Clark, Kay Carlson, Sue Crichton, Sally Conklin, Cathy Davis, Penny Dawson, Jo Ann DeFino, Judy Ferguson, Sylvia Graham, Sharon Harper, Erlene Hemenway, Barbara Hellberg, Evelyn Horn, Pat Hodges, Jackie McCleod, Harriet Marsh,

Joan Mattson, Eleanor Nelson, Helen Olson, Sandra Peretoo, Edith Sater, Judy Shaw, Arlene Sterner, Ruth Susmilch, Carol Torrence and Irene Van Horn.

A non-rigid U. S. Navy dirigible became the first balloon in the world to be filled with helium gas as a substitute for hydrogen. It was the C7 and sailed from Hampton Roads, Virginia, to Washington, D. C. and back. It contained 181,000 cubic feet of gas.

PHYSICS CONVENTION TO BE HELD MAY 26 AT STANFORD

Physics teachers from throughout northern California have been invited to Stanford University Saturday, May 26, for the second meeting of the Northern California Association of Physics teachers.

About 80 teachers from high schools, junior colleges, colleges and universities, and research physicists, are expected to attend. Activities will start with 9 a. m. registration and continue until late afternoon.

At the initial meeting last February at San Francisco State College, thirty teachers who belong to the national American Association of Physics Teachers convened to form the new group, voting unanimously to apply for status as a section of the national organization next January.

The purpose of the AAPT is to advance the teaching of physics and to further the appreciation of the role of physics in our culture.

Ten prominent Western physicists will present the May program, according to Dr. George Barnes, assistant professor of physical science at Humboldt State College, Arcata. Dr. Barnes was elected temporary executive officer at the first meeting.

"A look at High School Physics" will be the topic of Dr. Paul De H. Hurd, professor of education at Stanford University.

In "Reminiscences of the Early Years of the AAPT", Dr. David L. Webster, professor emeritus of physics at Stanford University, will tell of his experiences as a founder of national AAPT in 1931.

"Reed College and the Portland Program for Superior Students" will be discussed by Dr. Kenneth Davis, professor of physics at Reed College, Portland, Ore., who was recently elected chairman of the AAPT membership committee for Western states.

"Further Comments on the Physicist Shortage" will be a talk by Dr. C. Sharp Cook, head of the Nuclear Radiation Branch of the U. S. Navy Radiological Defense Laboratory, San Francisco, who also addressed the group last month.

A series of lecture demonstrations which have been given to the elementary physics classes at Stanford will be presented by Dr. Paul Kirkpatrick, professor of physics at Stanford and former chairman of the physics department.

"Measurement of High Resistance" will be discussed by Dr. S. W. Liefson, chairman of the physics department of the University of Nevada, Reno, Nev.

"Optical Analog of Quantum-Mechanical Barrier Penetration" will be the topic of Dr. Leonard I. Schiff, chairman of the physics department, Stanford University.

"Inductive Use of a Laboratory in College Physical Science" will be explained by Dr. James Perlman, assistant professor of physical science, San Francisco State College.

"Scientific Writing" will be discussed by R. R. Newell, M. D., of the Stanford University School of Medicine.

Dr. Burr G. Burbank, associate professor of physical science at San Francisco State College, will

be the tenth program participant.

The group will hear a report by the constitution committee, headed by Dr. Kirkpatrick. Serving with him are Dr. Burbank, Dr. Harvey White, U of C-Berkeley, and Walton Wickett, Menlo Junior College.

Represented at the earlier meeting were Chico State College, Humboldt State College, Coalinga College, College of the Pacific, Sacramento State College, San Francisco State College, Stanford University, Sierra College, University of California, University of Nevada, University of San Francisco and the U. S. Naval Radiological Defense Laboratory in San Francisco.

Dr. Barnes Gives Address In Oregon

Recently addressing Oregon college physics teachers on a scientific instrument, the hack-saw blade planimeter, was Dr. George Barnes, assistant professor of physics at HSC.

Dr. Barnes addressed members of the Oregon section of the American Association of Physics Teachers 72nd meeting at the University of Oregon in Eugene. The little-known, low-cost planimeter is an instrument which computes the area within any closed curve, regular or irregular. The conventional planimeter is too expensive for use by schools and is used commercially in the fields of electricity and magnetism. The theory of how and why the low-cost instrument works has been developed by Dr. Barnes. His article explains the theory and shows how he derived the equation which proves the instrument's accuracy.

Other speakers at the all-day meeting included faculty members from Reed College in Portland; Washington State College in Pullman, Washington; and Linfield College in McMinnville, Oregon.

The Editors Mail

May 17, 1956

Dear Editor:

Upon his departure Wednesday afternoon, Governor Stevenson asked me to thank President Siemens, the faculty, staff and student body for the enthusiastic reception he was given at the All Day Picnic. He wanted to stay and meet everyone but as it was he was an hour late in leaving for Redding.

He was very favorably impressed by Humboldt County, both from the air and ground and hopes to return here in the near future, preferably as the 1956 Democratic Presidential nominee.

He especially wanted to thank Dean McColum and his capable Picnic committee for their assistance. I would like to add the thanks of HSC Young Democrats.

Sincerely,
William J. Wasserman

FOOTBALL ELIGIBILITY RULES AMENDED BY FWC

Revision of football eligibility rules was the main topic at the annual meeting of the Far Western Conference coaches last weekend in Sacramento corresponding to the track, tennis and golf meets held at the same time.

Athletic Director Phil Sarboe announced that a committee was appointed at the meeting to study the existing transfer and eligibility rules and to make proposed changes in the system.

As it is now, said Sarboe, some players are allowed to play six years of college, while others play only four. This arises from the fact that after a student has played a year of football at one college, and transfers to another school, he is not allowed to play varsity football until he has attended the new school at least a year.

However after transferring he is able to play Junior Varsity football and therefore still has four years of varsity eligibility left, even though he has already played two years of college football.

Sarboe said that the committee will set a four year maximum and with all football, Junior Varsity and Varsity, being included in the four year period. The committee will also recommend that all state colleges adopt a uniform setup for eligibility.

Next season's basketball schedule was also made up at the Conference meeting.

TENNISMEN LOSE AT SAC MEET

The Humboldt State College tennis team was defeated in the Far Western Conference tennis matches held in Sacramento last Saturday afternoon.

In the singles competition Bob Agnew was downed 6-0 and 6-1. In the doubles contest Bill Williams and John Marcuz were beaten 6-0 and 6-0.

The Jack netters finished their 1956 season against Southern Oregon last week by losing all matches to the Red Raiders.

JACKS TAKE TWO FROM GATORS

The surging Humboldt State baseball Jacks won their eighth and ninth straight games over San Francisco State last weekend and stayed in contention for the Far Western Conference crown by virtue of those wins.

Humboldt won the first game 5-2 behind six hit pitching by Jim Richardson. The Jacks got off to a flying start in the first inning, as they erupted for four big runs. Humboldt added one more in the bottom of the second.

San Francisco got both of their runs in the fourth inning on four hits. Losing pitcher for the Gators was Powers.

Humboldt took the second game, 9-6, with Gary Mauney receiving the win for Humboldt. He allowed six hits.

The Jacks got 11 hits, six of them being extra base blows. The big inning for Humboldt was the fourth when they exploded for five runs to ice the game. The Gators got one run in the first, two in the fourth, two in the sixth and one in the seventh.

Cindermen Finish Fourth At League Meet

The Lumberjack track team officially ended their 1956 season with a fourth place finish at the Far Western track meet in Sacramento last weekend.

The pre-meet favorite, San Francisco, took top honors quite handily, as they outclassed their competition in all but a few events and racked up a total of 703 1/2 points. Chico followed with 293 1/2 points, while Nevada was third with 26 1/2. Humboldt was close behind with 223 1/2 markers.

The Jacks were followed by Sacramento State with 91 1/10 and the Cl Aggies collected a total of 63 1/5 points for last place.

Earl Barnum nabbed the only first place for Humboldt, as he broke the school record in the broad jump with a leap of 23' 1 1/4". Terry Wallace of Humboldt surprised many people by gaining a tie with Ken Piercy of Chico in the high jump, with a jump of 6' 2".

100—Elmore, SF; West, C; Kelly, SF; Bonniksen, H. :9.7.

120 HH—Potts, N; Ulrey, C; Harris, N; Perry, SF. :14.9.

880—Ellison, SF; Timmons, N; Leonard, SF; Bledsoe, C. :1:59.6.

Broad jump—Barnum, H; Williams, H; Piercy, S; Perry, SF. :23' 1 1/4".

Doe Season Favored By Dr. Dasman At Natural Sciences Seminar

The proposal for a doe season in Humboldt county probably is too sudden and premature for most people, however, a doe harvest would not be harmful to deer herds.

This was the message left by Dr. Raymond Rasmann, assistant professor of wildlife management and an expert in deer and other big game at the last natural science seminar.

Dr. Dasman asked a dispassionate view of the department of fish and game's proposal that large sections of the state, including Humboldt county, be opened to the taking of antlerless deer during the last three days of both the early and late hunting seasons.

He pointed out that most of

HUMBOLDT MUST WIN BOTH GAMES OF TWIN BILL

A do or die effort will be put forth by the Lumberjack baseball squad tomorrow when they engage their rivals from Chico in a must series to be held on the Wildcat home diamond. The first game starts at 1 p.m.

The Jacks must win both of these games to stay even with Sacramento State, who downed Nevada last Tuesday in both games. This left the Hornets with a nine win and one loss conference record while Humboldt has won seven and lost one and cannot afford to lose another game.

Sacramento's only loss this season was to Humboldt while the Jacks lone blemish was administered by the defending champions from Sacramento.

Chico State has a strong, well balanced club this year and could prove to be more than Humboldt can handle. The Wildcats have won four and lost four so far this year with a couple of their losses being very close contests.

The Wildcats have looked like champions in some games, however in others their hitting and pitching just wouldn't register together. They gave a great display of power in whipping Nevada 12-0 and 8-0.

Last year Chico split with Humboldt, winning the first game 15-0 behind the brilliant pitching of Bob Stockton who completely handcuffed the Jacks hitters. The same Stockton will hurl one of the games tomorrow and might give Humboldt a little trouble before the afternoon is over. Other chuckers for Chico are Gene Terry and Walker Vick.

Coach Ced Kinzer will call on Jim Richardson to pitch the first game and Gary Mauney to throw the second. Richardson has won four straight in the conference and Mauney has won three straight, having lost only to Sacramento. Warren Baker, Gerald Carison, and Bill Wilbur will be in reserve.

Other travelers will be catcher Al Schrader, first baseman and captain Phil Huff, second baseman Dick Dudley, shortstop Bob Lawson, third baseman Jerry Garcea, outfielders Larry Taylor, Al Deniz and Ralph Mayo with Carl Carlson as utility. The team left Arcata today and returns immediately after the Beale game Sunday.

Jacks Meet Beale In Final Game

The Lumberjack baseball squad finish their 1956 season on Sunday, as they meet the Camp Beale Flyers in Marysville for a single game.

Earlier this year Humboldt defeated the Flyers in Arcata by the score of 13-3 behind the steady pitching of Gerry Carlson. The Jacks bombed three Beale pitchers for fourteen hits, including Phil Huff's booming home run.

Pitcher for Sunday's contest will be either Carlson or Bill Wilbur, who has shown constant improvement all season. This game will not affect the Jacks Conference standing, but a win for Humboldt would improve the overall season record of the Jacks.

Coach Ced Kinzer will use about the same lineup for Beale as he announced for Chico with the exception of pitcher.

RAIDERS DEFEAT JACK NETTERS

The Lumberjack tennismen were defeated 7-0 by Southern Oregon this week in meet held at the Eureka tennis courts.

This was a return meet with SOCE who defeated the Jacks by the same score in Ashland several weeks ago. The Red Raiders took second in the Oregon Intercollegiate Tournament last week.

Singles	
Bill Crawford, SO, def. Bob Agnew, HSC, 6-2, 6-2.	
Jim Stuckey, SO, def. Bill Williams, HSC, 6-4, 3-6, 6-4.

Stuckey-Stuckey, SO, def. Williams-Marcuz, HSC, 4-6, 6-4, 8-6.	
Crawford - Purdin, SO, def. Fielding-Agnew, HSC, 10-8, 7-5.	

posed to gain the harvest that wildlife managers know the deer population can sustain. The kill safely can run to 30%, whereas the current kill runs only 7 to 9%, he said.
