2nd Annual Journalism Day Held Today On Humboldt State Campus

High school journalism students and publications staff members from throughout the redwood region will congregate on campus today in the second annual Journalism Day. Students will hear a discussion on good writing, participate in clinics in news papers and yearbook problems, attend a social hour and a luncheon and view exhibits.

Luncheon speaker will be Robert Eunsen, chief of the Associated Press bureau in San Francisco, former war reporter and foreign correspondent.

Registration for the high school seniors will take place at 9:30 a. m. in the lobby of the administration building.

Immediately afterwards panel members will talk on "So You Want To Write?" Moderator will be Dr. Gilles Sinclair of HSC, and panel members will be Andrew M. Gensoli, regional editor and columnist, Humboldt Times; Miss Pearl Degenhart of Arcata Union high school, short story writer; John LoBuono of LoBuono Advertising Agency, Eureka, and Dr. John Pauley, playwright and chairman of the HSC division of fine and applied arts.

Dwight Gabbert of Myers Yearbooks, Inc., will be guest adviser at the yearbook clinic following the luncheon, and Gerald Walsh, editor of the 1956 Sempervirens, HSC yearbook, will be discussion leader.

Gene Smith, publisher of the Eureka Independent, will be guest adviser and Craig Stark, college publications commissioner and former editor of the Lumberjack, will be discussion leader in the clinic on newspaper problems.

Jim Turk, promotion manager of the Eureka Newspapers, Inc., will be toastmaster at the luncheon.

Exhibits will include a graphic arts and historical exhibit in journalism, a Myers Yearbook display, collections of high school yearbooks and newspapers, and the Encyclopedia Britannica collection of the "Best Newspictures of the Year." A teletype printer will be set up in the foyer of the administration building by Pacific Telephone and Telegraph Company.

Editors and publishers of newspapers in northwestern California also are planning to attend the sessions. Journalism Day is sponsored by the college in cooperation with the Eureka Newspapers, Inc.

12 Attend CSTA Meet

Twelve HSC students and sponsor recently returned from the annual executive CSTA convention at Asilomar.

The students attended several meetings and State officers were elected for next year.

Those attending were Harlene Littlefield, president of the local chapter of CSTA; Harriet Hubert, state member at large; Bill Meyer, state ethics chairman; Marilyn Wright, Sandra Wahlund, Joan Flockhart, Barbara Guckeen, Helen Nethaway, Dean McCollum, Jim Ennis, Larry Mitchell, Joe Trainor, and Charles McDermid, advisor and Mrs. McDermid.

Two Card System Goes To Student Vote On Monday

The two-card system of student body membership, a compromise in the longstanding dispute over compulsory student body membership, will go up for student approval Monday in a day-long vote under provisions of California law.

Ballotting will be held from 8 a. m. to 4 p. m. in the main hall of the administration building, under faculty supervision, as the law specifies.

The proposal would divide student body fees into two categories. A minimum fee, which would entitle the bearer to some, but not all of the privileges of current student body members, would be included in the materials and services fees paid by all full-time college students. A second card, the activities fee, would be optional.

The split, which grew out of proposal to enforce the ASB Constitution provision requiring student body membership of all club members, compromises a problem which has been a bone of contention among students for several years.

The membership fee, which would be set at five dollars per semester or \$9.50 per year, would be required of all students. This would enable the holder to vote in all ASB elections, belong to clubs, receive the Lumberjack free of charge, and pay for the student portion of the health service, as well as receive reduced prices at student body functions and on purchase of the Sempervirens.

A second fee, the activities card, would be optional. This would entitle the bearer to participate in student body supported activities, such as publications, dramatics and athletics. Free admission to all student body activities now given to student body card holders would be given, and a more substantial reduction on the Sempervirens would be given. The activities card would be sold at a price of \$10 under the proposal, and would be required of participants in student body activities.

The wording of the measure empowers the state director of education to set the membership fee. In practice, fee is the one proposed by sponsoring college.

The bill represents a compromise between past proposals for

(Continued on page six)

MILHOUS ATTENDS MEETING

Dr. Ivan Milhous this week attended the spring conference of state college deans of educational services and summer sessions in San Francisco. The group meets semi-annually to study common problems.

NEW COLLEGE TV PROGRAM GOES ON AIR MONDAY

A new, commercially sponsored television show written, produced and narrated by Humboldt State radio-TV students and built around campus events, will go on the air Monday at 6:45 p. m. over KIEM-TV.

Titled "Humboldt, '56," the show will occupy 15 minutes of prime evening time sponsored by the Ernest Pierson home construction company of Eureka.

Members of the radio-TV workshop will be engaged in all phases of the show's production. Dr. William Ladd, assistant professor of speech-radio, is acting as producer, with Elmer Haskins, a graduate student and an employee of KIEM-TV, as director.

Louis Davis will be the announcer, Larry Heise will narrate general campus events, Happy Haft will narrate sports and Jean Parker and Pat Hutchens will announce campus social events. Mike Stone is production assistant and Jean Sylva the floor manager.

Some script writing also will be done by the radio-TV writing class.

The format will center on campus events told in words and pictures.

Dr. Ladd pointed out that the show would be one of the few college-produced, but commercially-sponsored television programs in the country. "We're very pleased with the arrangement because it gives our students another excellent means of getting job experience under rigid commercial standards," Dr. Ladd said.

Programs will be presented on the two successive Mondays following the inaugural program. After that the show will be in summer recess, but the Pierson company will maintain the time during the summer and the show will resume in the fall.

Humboldt radio-TV students have appeared on several other shows in the past two years.

HSC Students Aid In Camp Work

Flammer Awarded Assistantship

Larry Flammer, HSC student body president and a senior majoring in zoology, has been awarded a competitive teaching assistantship to do graduate study at the University of Washington.

He will enroll at the Seattle school next September to work toward a Ph. D. degree in invertebrate zoology.

Flammer is the son of Mr. and Mrs. Glenn Buris of Indianola. A 1952 graduate of Eureka high school, he attended the University of Southern California one year before enrolling at Humboldt in September, 1953. He is a member of Chi Sigma, upper division honorary scholastic society, Green Key, senior honorary society, and Circle "K".

ALL SCHOOL PICNIC ACTIVITIES TO BEGIN AT 9 A. M.

Once again Camp Bauer will play mute host to hundreds of Humboldt Staters this Wednesday, May 16, for the annual all school picnic. A holiday for the students and faculty alike, the all day festivities begin at 9 a. m. and will terminate at 9 p. m.

The unpredictable faculty show starts the twelve hours of varied activity at 9 a. m. In order to seat all students, the show will be presented again at 10 a. m. Both performances will be held in the college auditorium.

Leaving the parking lot at high noon, the police escorted, colorfully decorated caravan will follow the Lumberjack axes to Camp Bauer, where the picnic

officially begins at 1 p. m. Each person must provide his own lunch. Students possessing meal tickets must notify the cafeteria that they desire a sack lunch for the picnic.

The freshman-sophomore baseball game will begin the afternoons sports activities, which will include badminton, volleyball and various races. A junior-senior game will follow next on the baseball diamond. The winners of these first two contests will then have a play off to determine which class will challenge the faculty team.

A soccer game is scheduled between The International Relations Club and the Block H. It will be played while the baseball games are in progress.

A free dinner will be served at 5 p. m., to be followed by fire-side entertainment, where prizes will be given to those students wearing the most unusual and colorful sport shirts. An open air dance will end the days activities.

Student Body card holders will be admitted on the picnic grounds free of charge. All other students will be charged \$1 at the gate. Those students who possess meal tickets and do not have Student Body cards will be charged \$.50 at the gate.

Sears Jayne, U. C., To Address Today's Assembly

"Armor for Don Quixote" will be the topic of Dr. Sears Jayne, assistant professor of English at the University of California at Berkeley, when he makes the keynote speech at the spring Chi Sigma Epsilon assembly today at 11 a. m. in the College Auditorium.

The annual assembly honors new initiates to HSC's upper division scholastic honor society, and Dr. Jayne will explore the values of a college education.

Dr. Jayne is widely known in the Bay Area as a dramatic speaker, and is immensely popular with the UC students. His English literature classes have unusually large enrollments and are regularly crowded by more than 200 additional students, who attend as auditors without getting credit.

During the 1954-55 school year, Dr. Jayne and his family lived in England, while Dr. Jayne conducted Research Fellowship. He has been at UC since 1948, after receiving his doctor of philosophy degree from Yale University that year.

KHSC Joins IBS

Humboldt State's campus radio station, KHSC, has been granted a full-membership in the Intercollegiate Broadcasting System.

A letter received last week from IBS President George Abraham disclosed that KHSC's application for full-membership has been approved by the systems board of directors.

The carrier-current station has been affiliated with IBS for some time under a trial membership arrangement. The new full-membership status places KHSC in the select company of 72 other college stations throughout the nation comprising the backbone of IBS, The Intercollegiate Broadcasting System.

KHSC is now broadcasting every weekday from seven a. m. to one p. m.

SEMPERVIRENS IS COMING!!

The new '55-'56 Sempervirens will arrive in about a week, reports editor Sharky Walsh!

This issue is new in several ways, he adds. For one thing, the cover and design is somewhat of a new departure from former HSC yearbook covers, and for another, the layout is, as he puts it, "gone!"

He and Mrs. Anne Johannsen, associate editor, are mainly deserving of the credit for this year's Sempervirens artistry, and ads for the book were collected by Louis Cimini. Others worked with them from time to time, but these three had the deadline pressures to contend with.

This year's Sempervirens, will, as in former years, be free to two-semester student body card holders, two dollars to those who hold a card for one semester, and four dollars to non-card holders.

'57 Class Officers Elected Wednesday

Larry Mitchell was elected president of the 1956-57 senior class Wednesday in a ballot of this year's juniors.

Other officers will be Jim Westman, vice president; Norma Shreve, secretary; Bill Williams, treasurer, and John Marcuz, representative to the Interclub Senate.

Mitchell has been active in campus affairs as band president, business manager of the Sempervirens, a member of Sno-ball committees and as chairman of the 1956 Popera.

Five HSC students returned Monday from a week's camping trip at Camp Cherokee in Santa Cruz. The camp was an educational camp set up by two Freedom Union Elementary School instructors, Robert Clarke and William Webster.

33 seventh grade boys and girls attended. Emphasis was placed on conservation of natural resources, science and social living.

The five counselors attending the first week's session were Harlene Littlefield, May Borel, Barbara Guckeen, Joan Flockhart, and Jere Buck. Other HSC students who are participating this week and next week in the camping program are Barbara Drivell, Joyce VanAlen, Hoben Thomas, Troy Bramlett, Ann Hiitt, Karen Soules, JoAnn McAllister, Norma Shreve, and Ray Caesaretti.

Two-Card System - Degrees Of Fairness

Participation in elections of all degrees is a vital part of democracy in action, political scientists agree. The election on the proposed two-card system of ASB membership Monday, however, is doubly important for every full-time student at Humboldt State college, for this election will bear directly on every student.

The problem of student body membership has been a perennial problem at every American college and university for many years. It has been solved in several ways, usually by simply making the student fee part of the tuition fee.

This, however, involves an injustice, and California legislators have recognized this by leaving the problem to the students to decide for themselves. What of the student who takes little or no interest in student affairs? Under the compulsory system, he pays for student activities whether or not he participates in them.

This is obviously unfair. But optional student body membership poses another, equally unfair problem. It involves endless checking of membership rolls to determine whether a student is paying his share of the cost of the activity. Whenever this checking lags, there are those who will gladly share the benefits of student body membership without paying for them. The problem of "selling" student body membership is an annual headache to student government, and the administrative problems of distributing some student body benefits is such that they are simply thrown open to everyone. The Lumberjack is distributed in this way, and the student health service cannot be denied any student, although the student body pays a small, but substantial, share of the cost of that valuable service.

The fact that some student body activities are necessarily part of the academic program makes division of the financial burden even more difficult. A forensics program without a debate team, a dramatic program without plays, a physical education program without a baseball team would be simply impossible, yet the state will not pay for these activities. These are student body activities, say the legislators. Is it fair, then, that six or eight hundred students pay for the costs of these programs, but that six hundred others pay nothing?

The two-card system represents an admittedly imperfect solution to a problem which is well-nigh insoluble. Under the proposal to be voted on Monday, student body membership will be split two ways. One, the basic fee to be included in the tuition charge, will pay for those portions of the program which affect the entire student body. The second, which will be optional, will be an activities fee, for those who plan to participate directly in student activities. There will still be injustices; there is no practical way of charging each student just what his participation is worth. But this represents a compromise between two extremes of injustices. Your opinion is solicited Monday. —Craig Stark

9 UPPERCLASSMEN ELECTED TO CHI SIGMA EPSILON

Nine HSC juniors and seniors have been elected to membership in Chi Sigma Epsilon, upper division honor society, and will be honored this Friday at 11 a. m. at the spring Chi Sigma Epsilon assembly, according to Dr. Stanley Spaid, faculty advisor.

Students are chosen on basis of scholarship, character, and college activities. They must have a grade point index of 2.30 or better (at least a B plus average) and must have completed 60 units of college credit with 45 of those in residence at HSC.

The new members were initiated Sunday evening, May 6, in the Nelson Hall Lounge, and were honored with a dinner immediately following. Dr. Ralph Roske, assistant professor of history, was dinner speaker.

The new initiates are:

William Glen Bradley, Jr., of Oakland, a senior conservation education major. He has been active in Conservation Unlimited and in the Veterans Club, and was named this spring as one of the two upper division students with the highest scholastic average.

Jack Richard Brewer, junior pre-medical major from Eureka. He transferred to HSC in September, 1954, from Montana State University.

Marion Boyer Halverson, junior English major from Garberville. She has been active on the Lumberjack Staff and as a member of the Explorers Club and the Inter-Club Council.

James G. Joseph, a senior fisheries major from Los Angeles. An Army veteran, Joseph has been active in Conservation Unlimited and Block H, and was elected captain of the 1955 football squad. He received the "Mr. Scholar" award from the football squad following the 1955 season.

Margaret Holmes McFarland, junior education major from Arcata. She was a member of this year's Marriage Education Week committee, and has served as judge for the debating teams.

Ann Davenport Peithman, ju-

nior English major from Arcata. A sophomore transfer from Oregon State College, Ann has been active in Drama Club, Humboldt Players, and California Student Teachers Association. She was inter-club council representative for last year's sophomore class, and a Frosh Camp Councilor this year.

Norman J. Scott, Jr., senior game management major from Arcadia, California, who has been active on the track team and in Conservation Unlimited since he transferred to HSC from Pasadena City College.

Craig Marlowe Stark, a senior social science major from Bay-side. Former editor of the Lumberjack and president of the Press-Radio Club last year, he is ASB publications commissioner this year. He has previously been honored by election to Alpha Phi Gamma, honorary journalism fraternity; Alpha Psi Omega, honorary dramatics society, and Green Key, the HSC activities honor group.

29 SPURS INITIATED

Fern Fowler, president of Spokes, and Mrs. Myrtle McKittrick, faculty sponsor, conducted formal initiation ceremonies for 29 freshmen charter members, Sunday afternoon at the Eureka Inn. Becoming effective next fall, the Spur membership will be limited to 30 sophomore women, with one junior woman as adviser.

Registrar Predicts Enrollment Of 1946 In Two Years

Humboldt State enrollment next fall will soar to 1611 students and the following year to 1946, the registrar's office predicted this week.

Mrs. Myrtle McKittrick, registrar and admissions officer, based her prediction upon the actual and expected number of high school graduates in the college's service area and the average attrition percentages in other classes between 1954 and 1955. Her predictions for previous years have been remarkably accurate.

Humboldt State only two years ago reached the 1000 mark in enrollment for the first time. Registration last fall reached 1295.

Applications for admission are 30 percent ahead of last year's at May 1. Humboldt now has 234 applications for fall, Mrs. McKittrick said, compared with 160 on May 1, 1955.

Of the 1611 students expected in September, 478 will be new freshmen and 177 returning freshmen, for a total of 655. Other expected enrollments by class are 293 sophomores, 240 juniors, 143 seniors, 55 graduates and unclassified and 225 students taking a limited program.

The college expects to enroll 135 graduating seniors from Arcata high school; 150 from Eureka; five from Ferndale; 38 from Fortuna, seven from Hoopa Valley, seven from South Fork and 21 from Del Norte, or 373 of the expected new freshmen from Humboldt and Del Norte high schools.

Speech Students Entertain Rotary

College forensic activities were demonstrated to the Arcata Rotary Club at a luncheon meeting Wednesday at the Big Four Inn.

Beacuse, at a speech tournament, contestants in some events receive a discussion topic shortly before performing. Rotarians selected topics for an impromptu speech by Jim Arnot, HSC pre-law student from Eureka, and for an extemporaneous speech by John Mayfield, business administration student from Ukiah.

Giving humorous readings were Jean Parker, from Eureka, who told about a romance with a surprise ending, taken from "Appointment With Love" by T. Kishor; and Frank Bettendorf, from Arcata, who read a lesson in logic from "Love is a Fallacy" by Max Shulman.

Circle K Circle

The regular Wednesday meeting this week was high lighted by a guest speaker, Dr. Lawrence E. Turner, Executive Dean. Dr. Turner chose a topic of which he is much involved — that of preparing for the future growth of Humboldt State College.

The student body is expected to increase very rapidly within the next few years, and much must be done to provide the necessary facilities at the right time. We were amazed to learn from Dr. Turner, the amount of time spent in preparing reports for the consideration of the state legislature, even years before such a building would be built. Some of the new facilities that have been approved is the field house, and the swimming pool.

The annual baseball game and grounds clean up at Camp Bauer by the I.K. and Circle K members will be this Sunday. Last years baseball winner was I.K., who now hold the trophy (not for long I hope). The grounds clean up is in preparation for the All-School-Picnic, which is the following Wednesday.

Safety belts are still being installed at the Bank of America parking lot on Saturday afternoons, by the North Arcata Kiwanis. Two colorful belts make up a set for which you pay only fifteen dollars. Installation is included and only takes thirty minutes, so you can still get your shopping done.

LITTLE MAN ON CAMPUS

by Dick Bibler

"I'm teaching four different courses in education, but confidentially, I give the same lecture in all of them."

Minutes of the Student Council

May 3, 1956

The meeting was called to order on the above date by Larry Flammer. Those present were: Fern Fowler, Marilyn Wright, Lewis Sbrana, Dick Harmer, and Joan Guyn.

In regards to the Spring Retreat, and for purposes of making plans financially, inquiries are to be made to find out how many of the in-coming council members whose expenses will be paid by the A.S.B., do plan to attend. The new council members are also to be invited to attend the regular student council meetings for the rest of the year.

Bob Fuber, for the Board of Finance, asked the group if they knew whether the Frosh Camp had been set up as self supporting, since they are requesting \$150 for next fall. This information is to be looked up in last year's student council minutes.

Frank Bettendorf, of the A.S.B. Retreat Committee inquired as to what the activities had been in the past at such retreats, in order for plans to be made this year.

May 10 at 11 a.m. there will be an assembly for the promotion of the May 14 election on the A.S.B. dual-card system. Jim Shaver will take the affirmative and Norm Stewart the negative approach in a discussion on the subject of the two-card plan.

Bob Jacobson reported that President Siemens has made his revisions on the maps which Circle K submitted for his approval, and the project is near completion.

A letter was read from Dr. Baker to inform the group that the Board of Control tests had been taken. The letter named the following students as having passed the test: Jon Bertrand, Pat Hammond, Jim Mayo, Jim Nameth, and Norm Stewart. A motion was made, seconded, and passed to accept these students as members of the Board of Control. A motion was made, seconded, and passed to allow this group to choose its own chairman. Larry Flammer is to notify this group and call a meeting for the purpose of making this selection.

George Ibarreta, for Awards, reported that the awards assembly is to be the 25th of May.

For Publications, Craig Stark reported that the Sempervirens will be here around May 15th.

Lewis Sbrana, for Rally, asked the Council to decide upon a date for yell-leader try-outs which would make it possible

for some of the council members to attend. It was agreed that Wednesday, May 16, from 3 to 4 would be the date for the try-outs.

Bob Fuber, for the Board of Finance, said that the Athletics Department requested \$65 for the tennis team to cover transportation expenses. A motion was made, seconded, and passed that this money be allocated to the team.

Bob Fuber reported that the Board of Finance had allocated money to cover the expense of the Gold and Green Key pins, both for this year and next year. This amounted to \$42 plus tax.

A motion was made, seconded, and passed to take \$7.80 out of Unallocated Funds to supplement the amount already provided for the student body president's trip to the PSPA conference.

Announcement is to be made that bids are now acceptable for concessions at the fall football games. They are to be submitted to Dick Harmer's office. A motion was made, seconded, and passed that a minimum percentage basis for football food concessions be 60 percent to the organization and 40 percent (minimum) to the A.S.B. The deadline for the receipt of these bids is May 17.

The graduate manager inquired as to the Council's feelings concerning ordering rooters hats for next fall. Because of some confusion concerning the hats to be issued to freshmen at Frosh Camp, Larry Flammer is to meet with John Dufour to find out what the situation is before an order for hats is placed at the bookstore.

Larry Flammer, Mike Fielding, and Dick Harmer are to meet with Bill Graves, president of the Arcata Chamber of Commerce, to make arrangements for having the HSC plaza sign moved.

A motion was made, seconded, and passed that Frank Bettendorf be chairman of the next council meeting, in the absence of both the A.S.B. president and vice president.

Respectfully submitted, Joan Guyn, Secretary Larry Flammer, A.S.B. President.

CHOIR CONCERT MAY 20

The First annual Choir Concert will take place Sunday, May 20, in the HSC auditorium. The repertoire for the program will be a group of sacred, secular and folk songs sung by the choir, selections by the Madrigal Singers and a male quartet, and a vocal solo by sophomore Lou Hill.

EUROPE A LA CARTE

An Orientation Guide Abroad

BY SHERRY O. HESSLER
Swarthmore College

A recurrent theme of travel news today is, "More Americans have spent more money abroad this summer than ever before." It is just as true to say "More Americans have spent less money abroad this summer than ever before."

American students, going abroad in ever-increasing numbers, form the largest segment of this spend-less-and-see-more type of tourist. And in the last few years they have discovered many agencies, both American and European, that will supply exact information on how a summer's earnings of \$600 can go the farthest abroad. Youth organizations, local Chambers of Commerce, National Tourist Bureaus, all will spell out the details, and do it free of charge.

American Youth Hostels, Inc., with headquarters at 14 West 8th Street, New York City, supplies lists and maps of affiliated hostels in all European countries where they exist. For areas where there are none, the National Student Association, at 701 Seventh Avenue, New York City, provides lists of pensions, student centers and international houses that are easy on the student purse.

Student Lodgings

In Europe, students may find a room through the English Speaking Union, or the Bureau de Tourisme Universitaire, which has a special office on student lodgings at 137 Boulevard St. Michel, in Paris.

Or, one can simply arrive in town and ask for the local Foyer d'Etudiants in France, the Casa de la Studente in Italy, or the Casa de los Estudiantes in Spain. In Yugoslavia, the local branch of the People's Youth Movement will find a room, usually in a Student Reception Center, for \$1.50 to \$2 a night, room and board.

In France, a number of religious orders are willing to house students of a specified sex while their pupils are at home for the summer.

A large body of students who now are old hands at the game, definitely prefer hostels and their variants to hotels, not only because they are cheaper but also because they are more interesting. Hotels in any country tend to look the same. But the

youth hostels even within a single country have local color of their own. The hosteler may spend one night in a castle on the Rhine, the next in an old school building or an almost-private home, but always, as bikers insist, at the top of a hill!

Meeting European Students

Hostelers have, moreover, an excellent opportunity to meet both native and other European students, who use their own hostels extensively. One evening bull session in a Genoa hostel included representatives from eight countries on four continents. A Californian spent an evening with students from Casablanca, the Gold Coast and South Africa.

While another set tends to take advantages of hotels—in tourist nations such as France they are unquestionably more comfortable—a third group favors the cheaper pension, usually a family operation. Treated as guests rather than as room numbers passing through a hotel, take the opportunity to eat native cooking and to make their own schedules conform to the local scheme of things.

The student looking for moderate-priced hotels or pensions can normally rely entirely upon the local Chamber of Commerce or branch of the National Tourist Office, commonly located on the main road between the railroad station and the marketplace or cathedral square in the center of town. The French railroads (SNCF) operate tourist centers in stations of major cities: that at the Gare Saint-Lazare, for instance, found three girls hotel rooms in Paris at 75 cents a night, breakfast included.

Free Information

The Syndicate d'Initiative (Chamber of Commerce) in a French provincial city such as Rouen, Bordeaux, or Lyons, offers free maps, descriptive information on local monuments, hours and fees, and, most useful of all, a price-list of every hotel, pension, and restaurant in town.

The Spanish government, eager to promote the tourist trade, has classified all hotels, pensions, boarding-houses (fondas) in the country according to a standardized system. As the tourist moves from town to town, he picks up the local list and map at the Oficina del Turismo, and knows immediately what he's looking for.

A second-class pension, for example, is a boarding-house with running water, at \$1.25 to \$1.75 a day, full room and board. With a little experience one knows exactly what this means: Either the water runs in and doesn't run out, or it doesn't run in, but would probably run out just fine. A third-class hotel, on the other hand, one grade up, \$2.25 has real running water, and possibly even a bathtub square in the middle of the bedroom.

One advantage of working through Chambers of Commerce or government agencies is the check on the honesty of the hotel. In Toledo, for instance, we arrived, went to a fonda

Physics Instructor Turns Author

Dr. George Barnes, assistant professor of physics, has had an article accepted for publication soon in the American Journal of Physics, the national scholarly periodical for physics teachers and physicists.

Dr. Barnes' article, entitled "The Hacksaw Blade Planimeter," discusses a little-known low-cost planimeter, an instrument which computes the area within any closed curve, regular or irregular. Conventional planimeters are quite expensive and are therefore not available in most school physics laboratories.

The theory of how and why the low-cost planimeter works has been developed by Dr. Barnes. His article explains the theory and shows how he derived the equation which proves the instrument's accuracy. Planimeters are very useful to high school and college students of physics, especially in studying the fields of electricity and magnetism.

Concession Bids Open To Clubs

Bids for football concessions during the 1956 season are now open to Humboldt State college organizations, ASB treasurer Bob Furber announced this week, following action by the student executive council.

Open to bidding by any campus organization are the parking and refreshment concessions at football games. Bids must be received in the office of Graduate Manager Richard E. Harmer before May 21.

A minimum bid of 40 per cent of net profits to go to the student body was set by council action last week. This follows a standing precedent. No minimum is required for the parking concession.

where the price sounded abnormally high; we checked with the Turismo, decided we were being taken, and found ourselves another pension. The first innkeeper just gaped.

Visit To Homes

Students and government groups cater increasingly to the wants of foreign students. Because the typical college student, whether or not he is interested in actually staying in a private home, does wish to visit homes and meet people in a country; they have developed such programs as the Netherlands Student Amateur Guides and the Lucerne Tour Contacts. The contact group in Lucerne, Switzerland, sends representatives to the youth hostels regularly to invite and guide young people to tea or coffee and an evening of discussion in the home of some volunteer. In Denmark the Chamber of Commerce or Tourist Bureau keeps a list of families who will welcome a foreign student for a meal or an evening visit.

Such programs are making it possible for students to get better acquainted with the country they are visiting with a minimum of nuisance and uncertainty about housing and food. Unless you are looking for adventure, you need not depend on the method one boy used, successful as it was for him: He spent a night or a week wherever he could manage to get himself invited. For instance, he spent a week with a young Italian whom he had met in a train; the boy was anxious to improve his English in order to work as an interpreter later on.

Netherlands Study Grants Available

Three fellowships for graduate study in the Netherlands during 1956-57 are available to Americans, it was announced yesterday by Mr. Kenneth Holland, President of the Institute of International Education, 1 East 67th Street, New York City.

The awards, offered by the Netherlands Government, are named by "Hendrik Willem van Loon," "Edward W. Bok," and "Hendrik Anton Goenen Torchiana" fellowships. Each award carries a cash stipend of 2,250 guilders, enough to cover room and board expenses for the academic year. Tuition fees are waived. Grantees should have funds to pay their own travel and incidental expenses. They may, if eligible, apply for Fulbright travel grants to cover the cost of international travel.

The fellowships are open to men and women, preferably under 28 years of age. Eligibility requirements are: United States citizenship; a bachelor's degree by the time of departure; good academic standing and capacity for independent study; good moral character, personality and adaptability; and good health. Some knowledge of the Dutch language is desirable but is not a prerequisite for these awards.

Fields of study open to American students in the Netherlands include Dutch language and linguistics, Dutch history, Sinology, history of art, archaeology, technical and natural sciences economics, business administration, and agriculture. Other fields, such as international law, may be open to students who have an adequate knowledge of the Dutch language.

Institutions at which successful candidates may study include the Universities of Amsterdam, Leyden, Groningen, Utrecht; Free (Calvinist) University, Amsterdam; Roman Catholic University of Nijmegen; Institute of Agriculture, Wageningen; Institute of Technology, Delft; Institute of Commerce and Economics, Rotterdam; Roman Catholic Institute of Commerce and Economics, Tilburg.

Applications may be obtained from the United States Student Department of the Institute of International Education.

BAIR SPEAKS BEFORE YOUNG DEMO GROUP

Arcata's Tom Bair, Democratic candidate for State Assemblyman, from this district, was guest of honor at the organizational meeting of the HSC Young Democrats.

Bair spoke informally to the group of students and faculty when it met Thursday, May 10, at 4 p. m., in the little dining room of Nelson Hall on the campus.

Officers elected at the meeting will be named in the next issue of the Lumberjack.

FREWAY AT SUNSET

VET'S CORNER

New officers were installed at the dinner held at the Big 4 on May 2nd, in honor of the Co-eds who helped on our station-for-a-day project.

The newly installed officers are: president, Jim Mayo; vice president, Angelo Lavagnino; secretary, Bob Parrott, treasurer, Jim Imeson; and I. C. S. representative, Irv Baney.

New business consisted mainly of the proposal for a new name for the club by the past president, Fred Byrd. The name suggested is Comus; (the mythical Greek word which stood for the god of mirth and revelry).

This is the last time we will appear as the Vets' Corner. We hope to start the new semester with our new name in a new spot.

—Bob Parrott

Senior Banquet Set For Friday, June 1

The date for the annual Senior-Faculty Banquet has been set for Friday, June 1st, by a joint committee of seniors and faculty members.

This year's banquet will be informal, with the faculty and seniors each presenting a 25 minute program. Probable site for the big annual affair is the Home Economics Building at Redwood Acres in Eureka.

Seniors on the planning committee are :Lynn Pryer, transportation; Joyce Jacobs, invitations; Harriet Hubert, senior program; George Ibarreta, and Ron Goble. Faculty members assisting the committee are Dr. Turner, Miss Buchanan, and Dr. Houck.

HSC SPEAKER AT SF MEET

Twelve HSC speech students, with instructor Milton Dobkin, will be among 200 from northern California colleges and universities meeting tomorrow in a mock political convention on the San Francisco State campus. Attending from Humboldt will be Jim Arnot, Pete Mathieson, Carol Torrence, Don Filbert, Bob Cheg-widden, Wes Green, Herb McLellan, Norm Stewart, Keith Barnhill, Jim Shaver, Frank Bettendorf, and Carol Molinder.

HUMBOLDT DOWNS WOLFPACK IN WEEKEND SERIES

Humboldt State swept both games of a double header with the University of Nevada by the scores of 12-1 and 5-0 in games played at Arcata last Saturday.

The Jacks banged out 16 hits as they swamped the Wolfpack 12-1 in the first game of the twin bill. The highlight of the contest was Al Schrader's booming three run round tripper in the first inning, when the Jacks scored four runs.

Humboldt got two more in the second frame and exploded for seven big runs in the fourth. Bob Lawson and Ralph Mayo each hit two run doubles in the fourth inning.

Jim Richardson pitched a neat four hit ball game as he struck out two and walked five.

The second game was a pitchers duel between Gary Mauney and Whelan of Nevada. The Jacks got a run in the bottom of the first inning but were unable to dent home plate again until the sixth inning.

In the sixth inning Phil Huff powered a triple to deep right center field with the bases jammed with Jacks to insure the victory.

Mauney gave only three hits, struck out seven and walked two.

Catcher Al Schrader was the man with the big stick in the first game as he got three hits in three attempts, including a single, double and home run.

JACKS TAKE TWO FROM RAIDERS

The Lumberjack baseball team gained revenge on the Southern Oregon Red Raiders as they dumped them in both games of a twin bill 3-2 and 9-2 in a series played at the Arcata Ball Park last Tuesday.

Gerry Carlson pitched a four hitter in the opener which wasn't decided until the last inning. In that final inning, with the score tied at 2-2, Al Schrader singled, Ralph Mayo doubled, Taylor walked and Schrader scored on an infield fly by Carlson that was dropped.

The second encounter began as the other game left off, with the Jacks holding a narrow 3-1 lead going into the bottom half of the fourth. However, in the fourth, Humboldt pushed across five big runs, which were helped along by Al Deniz's double and Bob Lawson's triple.

Bill Wilbur pitched the second game for Humboldt and allowed only two hits, struck out six and walked one.

Golf Tournament To Be Held This Weekend

The Jack golf team enters its final meet of the 1956 season, as it competes in the Far Western Conference tournament which is played today and tomorrow in Sacramento.

Today's meeting will be held at the Haggin Oaks course and tomorrow the competition is scheduled for the Big Maloney course, both in Sacramento.

The rounds will be played by foursomes and twosomes, which will be composed of one golf member from each competing school. Humboldt is represented by Jim Vinum, Joe Kramer, Bob Archibald, Bob Rice and Jim Knox.

Vinum has turned out to be the number one man on the Jack squad and figures to make things interesting at the conference meet. Vinum has turned in consistent scores in the low seventies any may surprise a lot of people at the meet today.

So far this season Humboldt golfers have recorded wins over Crescent City, Southern Oregon and Nevada, but have lost all other conference matches.

Competing at the Sacramento meets will be golfers from Chico State, Sacramento State, San Francisco State, University of Nevada and Cal Aggies.

Jack Grid Agenda Is Changed

Whitman college of Walla Walla, Wash., will be Humboldt State's opponent in the second annual Thanksgiving Day football game in Redwood Bowl, Arcata, November 22, HSC Athletic Director Phil Sarboe announced today.

Sarboe said Humboldt State released Lewis and Clark, the previously scheduled opponent for Thanksgiving Day, from its contract to permit the Pioneers to play Hawaii at Honolulu November 24.

But since Lewis and Clark has agreed to meet Humboldt in the 1957 Thanksgiving Day game, the new arrangement merely means a postponement of the scheduled contest.

Whitman and Lewis and Clark both play in the Northwest conference and Whitman will offer Humboldt competition on par with that expected from the Portland school. Whitman has a great athletic tradition, dating back to the days the Missionaries played Washington, Oregon and other northwestern grid powerhouses, and is embarking on an ambitious athletic development program.

The Thanksgiving Day game will be sponsored again as a charity game by the Kiwanis clubs of northwestern California. The game will climax an 11-game season for the Lumberjacks who won seven, lost three and tied one in the 1955 season.

JACKS DEFEAT SOCE SQUAD IN CINDER MEET HERE

Humboldt State's track squad did not appear hampered by the two day delay in their meet with Southern Oregon last Tuesday, as they dumped the Red Raiders 87-44 in a meet held at the Redwood Bowl.

The Jacks took ten firsts out of 15 events and had little trouble with the much heralded Oregon team. Humboldt broke five meet records and tied another while Southern Oregon set four new meet records.

Jim Davis and Ben Zlateroff won two events apiece for the Jacks. Davis, fully recovered from his pulled leg muscle, copied firsts in the 120 yard high hurdles and the 220 low hurdles which he won in record time. Zlateroff won the shotput and discus events for Humboldt.

Two of the four new records set by Southern Oregon were raked up by James who won both the 440 and 220 in record breaking time. This marked the first time this year that Humboldt's Paul Williams has been defeated in the 440.

Other Jacks to set meet marks were Earl Barnum in the broad jump; Norman Scott, mile run; Harvey Kesterson in the 880; Jim Davis, 220 low hurdles; and the Humboldt relay team of Harmon Bonniksen, Hank Cooper, Terry Wallace and Earl Barnum. Hank Cooper pulled the relay run out of the fire for Humboldt as he overcame a Red Raider lead and set the pace for the following Jack relaymen Wallace, Barnum.

The Red Raiders racked up new marks in the high jump, 440, 220 and two-mile run. Bonniksen of Humboldt tied the 100 yard mark.

Mile — Scott, HSC, Allison, SOC; Olson, SOC. 4:49.6.

440 — James, SOC; Williams, HSC; Gill, SOC. :49.9.

100 — Bonniksen, HSC; Williams, HSC; Bonds, SOC. :10.3.

120 H. H. — Davis, HSC; Vasquez, HSC; Wallace, HSC. :16.7.

880 — Kesterson, HSC; Gill, SOC; Smith, HSC. 2:02.0.

220 — James, SOC; Bonniksen, HSC; Stromberg, HSC. :22.4.

Two Mile — Gustafson, SOC; Hughes, HSC; Scott, HSC. 10:38.0.

220 L. H. — Davis, HSC; Sturdyvin, HSC; Teaney, SOC. :26.2.

Shot Put — Zlateroff, HSC; Hollingsworth, O; Colwell, H. 39' 4".

High Jump — Hollingsworth, SOC; Barnum, HSC; Baker-Wallace, HSC. 6' 10".

Javelin — Cooper, HSC; Emery, HSC; Davis, SOC. 153' 9".

Pole Vault — Hollingsworth, SOC; Wallace, HSC; Tenney, SOC. 11'.

Discus — Zlateroff, HSC; Tenney, SOC; Moore, HSC. 118' 11".

Broad Jump — Barnum, HSC; Williams, HS; Bonds, SOC. 22' 10".

Mile Relay — HSC (Bonnicksen, Cooper, Wallace, Barnum) 3:38.2.

SOCCER SQUAD PLAYS TIE

The I.R.C. soccer team of Humboldt State College played to a hard fought 1-1 deadlock last Sunday with the Humboldt County All Stars.

The All Stars were the first to score as they hit for a goal in the first half and lead the college team by the score of 1-0 beginning the second half.

I.R.C. club bounced back with their only goal in the final half as William Busch passed to Abdul E. Quadi who made the point for the college squad.

The lineup for the I.R.C. was Ed Spencer and Bill Busch, forwards; George Steele and Andy Kalay, backs; and Abdul El Quadi, goaler.

NO INTRAMURAL SOFTBALL

Athletic Director Phil Sarboe announced this week that there will not be an intramural softball program because of the lack of response. However, he also announced that equipment is available for college groups wishing to play softball on the College Elementary School field which is available daily after 5 p.m.

"I originally came from Atlanta"

Conference Meet In Sac

SPORTS

Fri., May 11, 1956

LUMBERJACK

Page 5

CINDERMEN MEET TOMORROW TO END 1956 SEASON

The Lumberjack track squad highlight their successful 1956 season tomorrow with the Far Western Conference meet in Sacramento which is scheduled to start at 2 p.m.

Humboldt will send 12 men to meet the best tracksters in the conference at the big extravaganza. San Francisco, who finished second to Chico last year, is favored in the meet, but will receive some stiff competition from Chico State and Humboldt.

Last year Humboldt finished last in the conference meet, however this year things have looked good for Coach Bob Doornink and his cindermen, and bigger things are expected. Humboldt has beaten Sacramento, Cal Aggies and Nevada, with the Jacks only loss in five meets being administered by Chico.

The Jacks have several men who have turned in consistently fast times throughout the year and are rated among the tops in the league.

Accompanying Doornink will be Harmon Bonnicksen, 100, 220 and relay; Earl Barnum, high jump, broad jump and relay; Hank Cooper, javelin and relay; Harvey Kesterson, 880; Eric Hughes, two mile; Jim Davis, low and high hurdles; Wayne Smith, 880; Norm Scott, mile; Terry Wallace, pole vault, high jump and high hurdles; Paul Williams, 220, 440, broad jump and relay; Ben Zlatetoff, discus and shot put; and Dave Sturdyvin, hurdler.

Final Tennis Meet In Sacramento

Humboldt State's tennis squad completes their 1956 season today and tomorrow in the Conference tournament which is to be held in Sacramento.

This tournament will determine the individual championships, since the team champions were decided last weekend. Hank Yamagata's tennis crew have not had a very successful year on the courts this season but are figured to keep things interesting for the larger and stronger clubs.

Bill Williams and John Marcuz will team in doubles and Bob Agnew will play singles in tennis matches that will determine the individual championships of the 1956 season.

Coaching School June 18-23

University of Nevada's third annual Coaching School on June 18-23 is expected to draw more than 150 western coaches to the Reno campus.

Director G. A. Broten said early responses indicate a record registration of high school, college, university, and service team coaches for the annual clinic.

Sports luminaries chosen to head the school this year are Charles (Bud) Wilkinson, Oklahoma football coach; Adolph Rupp, basketball mentor at Kentucky, and Kicapoo Logan, former West Point trainer.

The week long clinic will offer lecture instruction and practical demonstration in football and basketball techniques, and treatment of athletic injuries. Fees will be \$20 for resident Nevada coaches and \$24 for non-resident coaches.

Rupp, innovator of the controlled-fast-break, is known as the "winningest coach in basketball". He has a record of 519 victories in 604 games for his 25 years at Kentucky. His squads have won 16 southeastern conference titles and three NCAA tournament championships.

An exponent of the split T, Wilkinson is in his eighth year as head grid coach at Oklahoma. His football team was number one in the nation in 1955, and his squads have won the Big Seven conference title every season.

GOLFERS DEFEAT DEL NORTE

Lead by Jim Vinum who fired a 73, the Humboldt State golf team defeated the Del Norte county club in Crescent City last Friday, 8-7.

Vinum defeated Bill Ritchie 3-0; Jim Rice lost to Bill Speer of Del Norte, 1-2; Bill Rool of Del Norte beat Joe Kramer 2-1; Bob Archibald lost to Orval Stump

DIAMOND NINE ENGAGE GATORS HERE

Humboldt State's 1956 baseball season is rapidly coming to a close, as the final home doubleheader will be played tomorrow against the San Francisco State Gators in the Arcata ball park. The first game is scheduled to get underway at 11 a. m.

The Gators are smarting from two stinging defeats handed them by the defending champions from Sacramento last weekend by the scores of 7-2 and 11-9. Earlier this season Humboldt gained a split with the Hornets who are currently leading the league with a seven win and one loss record.

The Jacks are in second place with a five win one loss record and still have a good chance for the title. Only the twin bill with San Francisco and a doubleheader with Chico State remain on the Jacks list of conference opponents for this season.

Last year San Francisco was one of the weaker teams in the Far Western Conference and finished the season near the bottom of the conference. However they are reported to be a big improvement over last season when Humboldt took book games of a doubleheader from the Gators.

Handling the pitching duties for Humboldt will be veteran right hander Jim Richardson and rookie Gary Mauney. Richardson

Jack Tennismen Blanked 7-0

Humboldt State went without winning a single match in being whitewashed by both San Francisco State and Sacramento State in tennis last week in San Francisco.

The Lumberjacks bowed 7-0 to both teams to end the season in fourth place in conference standings. Earlier in the season the Jacks won over Cal Aggies and Chico State and lost to Nevada.

Coach Hank Yamagata paid high praise to San Francisco's Gators, whom he said must be regarded among the best of the nation's college net squads. The Gators won the conference title, followed by Sacramento, Nevada, Humboldt, Aggies and Chico in that order.

Conference matches this week in Sacramento will determine individual championships. Last year Humboldt's doubles combination of Bill Williams and Paul Jensen went to the finals.

School Requests Grid Contest

Lumberjack head football coach Phil Sarboe recently received a request from Hillsdale College, Hillsdale, Michigan, for a football game next season.

Athletic Director Frank Waters of Hillsdale College asked for a game with the Lumberjacks on September 15, in Arcata. The Michigan school is a Baptist College of 700 students, in the Michigan Intercollegiate conference.

Humboldt State is booked up for next fall, Sarboe explained, with the first game with Moffet Air Base on September 15.

3-0; and Jim Knox of Humboldt beat Paul Brunk 3-0.

PATRONIZE OUR

ADVERTISERS . . .

THEY PATRONIZE US!

Harman Bonnicksen, left, and Jim Davis exchange possession of the baton in the mile relay. This has been one of the Jacks strongest events this year and should prove to be a real threat in the conference meet. Members of the present relay team are Hank Cooper, Earl Barnum, Bonnicksen and Paul Williams.

has pitched Humboldt to three of its five conference victories and Mauney worked almost flawlessly in his three hitter against Nevada last weekend.

Also available to Coach Ced Kinzer are rookies Bill Wilbur and Gerald Carlson who quite

capable quieted the powerful bats of Southern Oregon last Tuesday.

After the doubleheader with Chico next weekend, the Jacks end their season with a single game against Beale Air Force Base at Marysville on May 20.

State-PE Bureau Members Visit Here

Impressed with the growth of Humboldt State college physical education facilities, members of the Bureau of Health Education, Physical Education and Recreation of the State Department of Education Friday concluded a two-day visit to HSC.

Visitors were C. Carson Conrad, chief of the bureau, Louis E. Means, consultant in school recreation, and Miss Patricia J. Hill, consultant in school health education, Sacramento.

Mr. Carson said the team was surprised at the tremendous growth of the program at the college since the last visit two years ago. "The program is so much broader and so much more varied," he said.

The group particularly was impressed with the gymnastics program built by Ced Kinzer, assistant professor of physical edu-

cation, and with the way student majors in physical education served as "junior instructors" in class sessions.

Mr. Carson also commented on the school camping and outdoor program, as reflected in the College Elementary school's annual week-long work and fun program at Camp Ravenscliff. "This is one of the practices at Humboldt that we find to be right in line with the very best educational work," Mr. Carson said.

The visitors conferred with Dr. Joseph M. Forbes, chairman of the HSC division of health, physical education and recreation, and with other staff members in addition to visiting classes and observing athletic activities.

OF ALL THINGS

I have often wondered, while cutting through the C.E.S. playground on my way home to Fertile Valley, why there is such an insistence on John L. McAdam's product as a surface upon which to set small children to play. Granted, they no doubt come back into the classroom cleaner than if they had been playing on the moist ground of Humboldt. Everyone appreciates this, except the youngsters, who congregate after hours by the water-filled ditch behind the school.

But aren't there more wounds caused by this unresponsive surface? This blacktop extends to the four corners of the schoolyard, which means under the bars as well. This is probably why very few children plan on the bars. What person in his right mind would balance a brief climb or twirl with a possible broken head?

One day I got an answer to my question. I was told that the blacktop under the bars actually made things SAFER than otherwise! It was explained that the child realized that it was under there and therefore would not essay any more than the most rudimentary actions upon the bars. This sounds terrible, like bows without arrows, or driver training without gas in the tank. It may be safer, but someone is getting cheated.

THE FACULTY CUTS UP...

...THE ALL-SCHOOL PICNIC WEDNESDAY

LEGAL NOTICE

NOTICE ELECTION TO BE HELD

At the suggestion of both non-members and members of the Associated Student Body, an election will be held to determine whether the regularly enrolled students of Humboldt State College wish to install a two-card system of paying student body fees.

WHEN: Monday, May 14, 1956, 8:00 a.m. to 4:00 p.m.

WHERE: Main hall of the Administration Building.

WHO: All Humboldt State College students who are enrolled for 6½ or more units will be eligible to vote.

Further information will appear on the bulletin boards.

Combo Contest

Oh, come, all ye combos! The National Collegiate Jazz Contest is in full swing!

It's a big jamboree of jazz to find the top professional college group in the nation, and is restricted, of course, to college students. There is no entry fee of any kind, and any number of groups from one college may enter, but no more than six instrumentalists may play in any one combo.

All required for the entry is a record of two or three selections of the group's choice on quarter inch tape. See Sharky Walsh or Larry Flammer for application blanks to be filled out by the head of each group.

The jazz group winning first place will appear as guest artists on the Steve Allen "Tonight" TV show May 25, and will receive a jazz record company audition. May 12 is deadline!

Two Card System

(Continued from page 1)

In making student body membership compulsory, and the present system of optional student body membership. Many students, particularly older students, do not have the time or the money to take advantage of full membership, but would support some student body activities, backers of the bill say. Students who are now making full use of their student body cards would continue to pay their full share of the financial burden. The compromise will make it possible to eliminate some free loaders without undue hardship on those students whose interests or time do not permit full participation in student activities, proponents of the bill say.

The compromise has already won the approval of several groups which have opposed the bill in the past. Conservation Unlimited and the veterans' or-

Bullen Pottery In Kansas Exhibit

Two pottery pieces by Reese Bullen, associate professor of art, have been accepted in one of the nation's leading ceramics exhibits, in Wichita, Kan.

Prof. Bullen is displaying a stoneware tricorn bowl and a stoneware bottle in the show, the eleventh national decorative arts-ceramic exhibition of the Wichita Art Association. The judges selected only 226 pieces from among the 1082 submitted and only 74 of 372 ceramics. The show runs until May 15.

The Wichita showing caps an outstanding year for the Humboldt artist. He also is currently showing a stoneware set at the San Francisco Pottery association show at the DeYoung museum.

ganization have gone on record in favor of the new proposition.

U. of Oklahoma

FOLKS WHO KNOW THE SCORE always smoke Luckies. Witness the Doodle above: Smoke blown by Lucky-smoking spectators at tennis match. They're netting themselves plenty of enjoyment, because Luckies taste better. You see, Lucky Strike means fine tobacco—light, mild, good-tasting tobacco that's TOASTED to taste even better. Okay, the ball's in your court. Serve yourself a Lucky—you'll say it's the best-tasting cigarette you ever smoked!

DROODLES, Copyright 1953 by Roger Price

"IT'S TOASTED"
to taste better!

Students! EARN \$25!

Cut yourself in on the Lucky Doodle gold mine. We pay \$25 for all we use—and for a whole raft we don't use! Send your Doodles with descriptive titles. Include your name, address, college and class and the name and address of the dealer in your college town from whom you buy cigarettes most often. Address: Lucky Doodle, Box 67A, Mount Vernon, N. Y.

LUCKIES TASTE BETTER - Cleaner, Fresher, Smoother!
