

# Imaginary Invalid Review (SEE PAGE 3)

These nine HSC co-eds are vying for the title of "Sempervirens Queen". The winner, to be chosen by Governor Goodwin J. Knight, will be announced at the annual Sno Ball, a formal dance, on Dec. 14 at the Eureka Inn. A full page photograph of the Queen will appear in the yearbook.

The contest is unique this year in that seven of the girls are freshmen. And four of these seven are graduates of Arcata Union High School. They are (top row, l to r) Mary Molles, Ruth Susmilch, Barbara Souligny, Delores Dahlen; (bottom row, l to r), Rosalind Evans, Yvonne Papini, Denise Moore, Barbara Urkov, DeAnne Brown.

### George C. Jacobs Scholarship Bequest Largest In Humboldt State History

Special recognition of the George C. Jacobs bequest of a scholarship endowment in the amount of \$30,000 for Humboldt County High School graduates attending Humboldt State College was given by members of the College Advisory Board when they met this week.

Advisory Board members noted that this is the largest trust fund received during the history of the college and is capable of providing six or more \$200 perpetual annual scholarships. The trust fund, to be known as the Emily Poindexter Jacobs Scholarship, will be administered by the Bank of America. Scholarship awards will be made by the College Scholarship Committee through the College Coordinator Albert Blood.

Dr. Cornelius H. Siemens, college president and executive secretary of the Board, stated that members recounted and especially recognized the deep and sympathetic concern for the welfare of our youth by the late Mayor George C. Jacobs; and expressed the feeling that a permanent scholarship trust in memory of his wife, Emily Poindexter Jacobs, was a most fitting tribute.

Dr. Siemens added that the college will do its part to select the best possible candidates as recipients for the Jacobs' scholarships, with the hope that these students will be assisted through their higher education opportunity to become more worthy parents, citizens and community leaders in Humboldt County. It was felt by Board members that these memorial scholarships would go far to establish the memory and ideals of Mayor and Mrs. George C. Jacobs for countless generations yet to come.

Advisory Board members are Don O'Kane, chairman, G. Edward Goodwin, Cornelius H. Siemens, Chester W. Connick, Kirk Cooper, Edwin Fraser, Frank Gianoni, Waldron Hyatt, J. J. Krohn, William E. Lawson, Gordon Manary, Robert W. Matthews, William Patton and Harold O. Robertson.

### "Starlighting" Set For Sunday Eve

A huge star above the entrance of the Administration Building will be lit in the annual "Starlighting" ceremony to take place Sunday, Dec. 9 at 7 p. m. The event is sponsored by the Spurs, HSC sophomore girls service organization.

At the program the Humboldt State College choir, under the direction of Dr. Leon Wagner, will sing. The College Elementary School choir directed by Mrs. Eikenberry will also perform. Sophomore student Harriet Jo Marsh will give a reading of the "Littlest Angel."

The Spurs especially wish to extend an invitation to the faculty and their families to attend the event. HSC students and the public are welcome.

Spurs "Starlighting" chairman is Joan Scott. The Spurs say "this is an annual HSC event, and we hope it will remain a tradition in the years to come."

### HSC Bookstore Holds Formal Grand Opening

Free coffee and doughnuts will be served all day today at the college bookstore's formal grand opening celebration.

A gigantic Christmas sale, featuring books and color prints and portfolios at reductions of up to 80 per cent off the regular price, will also start today. It will last through Dec. 19, the last day of school before Christmas vacation.

Mrs. Geneva Kinzer, assistant book store manager, and Mrs. Frances Christian will conduct the sale with an increased staff of temporary workers. "We expect our grand opening and the start of this sale will bring the largest number of students, faculty and townspeople to the store since the beginning of fall term," Mrs. Kinzer said.

A listing of some of the books and prints is carried in a full-page advertisement in this issue of the Lumberjack.

Humboldt's student book store is owned and operated by the student body and profits go to the support of student activities. For many years the book store was housed in the basement of the Co-op. It was moved to the metal building on one of the old tennis courts southwest of the Administration building at the start of fall term. Besides books, magazines, art supplies, stationery, toiletries and sundry articles are now stocked.

**15TH ANNIVERSARY**  
Today is the 15th anniversary of PEARL HARBOR... Remember? ... Ed.

### NINE VIEING FOR QUEEN TITLE; WINNER TO BE NAMED AT SNO BALL

Nine co-eds, seven of them freshmen, are vying for the title of "Sempervirens Queen", with the winner to be announced at the annual Sno Ball, Dec. 14 at the Eureka Inn.

Those competing are sophomores DeAnne Brown and Ruth

Susmilch, and freshmen Mary Molles, Barbara Urkov, Denise Moore, Rosalind Evans, Yvonne Papini, Delores Dahlen and Barbara Souligny. The girls were selected by the Sempervirens staff on the basis of beauty and charm.

Because of his popular visit to the HSC campus, the Honorable Goodwin J. Knight, governor of California, has been asked to choose the queen. Each year a celebrity is selected to pick the queen. Last year it was George Petty, creator of the famous Petty girl, and two years ago Max Factor, the cosmetic manufacturer, chose the winner.

#### Queen Candidates

DeAnne Brown from Garberville is a physical education major. She is well known in this area for her dancing ability. She has made numerous local television appearances. Last spring the honor of being "Miss Eureka" was bestowed upon her.

Ruth Susmilch is another physical education major. She graduated from North Salem High in Salem, Oregon, but now makes her home in Arcata. As a freshman she belonged to WAA.

Mary Molles is a Fortuna High graduate from Rio Dell. She is taking a two-year secretarial training course. While at Fortuna she was a member of GAA, A Capella choir and California Scholarship Federation. She held various offices and appeared in a student body play.

Barbara Urkov graduated from Pacific High in San Bernardino, California. She is majoring in education. While in high school she was student body vice president, football queen, head cheerleader and swimming team secretary. She was also a member of a YWCA organization, a service club and a sorority.

A Eureka High graduate, Denise Moore is majoring in education. While at EHS she served on various committees and was active in Girls' League affairs and drama.

Radio-TV major Rosalind Evans graduated from Arcata

High School. Rosalind was year book business manager and a student broadcaster on "Students 20 Best" on KHUM radio for Arcata. She also held various homeroom offices.

Yvonne Papini another AUHS graduate, is taking a two-year secretarial course. She held many homeroom offices all through high school.

Arcatan Delores Dahlen is majoring in Art. She has been student body secretary and treasurer of Bachelorettes.

Barbara Souligny, another Arcatan, is a home economics major. She lists her minor as music. While at AUHS she was a CSF member and belonged to the madrigal singers group, Glee club and conservation club.

#### OTHER ANNOUNCEMENTS

The "man and woman of the year" will also be announced at the intermission of the Sno Ball. These two students are selected by the Sempervirens staff by activity records.

The Sno Ball, highlight of the winter's social events, is a formal dance free to student body card holders. Sandi Wahlund, junior, is general chairman of the event.

### Alumni To Hold Christmas Party

Humboldt State college alumni will get together for their annual Christmas party from 4 to 7 p.m., Saturday, Dec. 15, in room 161 of the Eureka Inn.

Richard Blackburn is the general chairman of the traditional affair, and Mrs. James Cady will have charge of the decorations. Mrs. Fred Telonicher is Alumni Association president.

Tickets, on sale for 75 cents, may be purchased from alumni members Francis Stebbins, Richard Blackburn, Earl Rumble and Bob Goss; Dr. Don Karshner, Dean of Students at Humboldt State college Freddie Slack, 637 5th St., Eureka, and Malm & Murray in Arcata will also offer tickets for sale.

## A LEADER'S PORTRAIT

### MISS KATE BUCHANAN KEPT BUSY WITH HER MANY DUTIES

This is the fifth in a series of articles on deans and division heads.

Miss Kate Buchanan is the Associate Dean of Students here at Humboldt State College. She first came here in 1947 and was an assistant professor in English.

Miss Buchanan received her BA from the University of Oregon, majoring in speech and minoring in English. From Washington State she received her master in speech and did some graduate work at Columbia.

Upon graduation from college she was head of the English department at Roseburg High School in Oregon. From there she became head resident at Oregon. Her first assignment as a Dean was at Lewis and Clark where she was Dean of Women.

During the war Miss Buchanan worked with the Duponts and their project which later was revealed to be the atom bomb project. She was the supervisor of womens housing, having 5000 women under her. She also acted as counselor for the group.

Now at Humboldt State her job as Associate Dean of Students gives her plenty of work. She works in the capacity of a Dean of Women although that title is not used anymore. Miss Buchanan is the counselor for all the women students, supervisor of

KATE BUCHANAN

womens housing, in charge of the social calendar and the major activities calendar as well as being in charge of the clubs and organizations.

"It is very gratifying to see the students assume the leadership in the different activities," she said.

Miss Buchanan hopes to one day buy a new car and tour the United States. Her first love is American Literature and she would like to particularly visit the New England states, where much of the literature comes from.

## WE ASSIGN THE PROF!

To: Music Professor James Mearns.

**Assignment:** Someone once expressed the fear that composers will some day run out of things to compose. If this ever should happen, how could we keep the "Hit Parade" going, and, with nothing new to "dig", what would happen to the morale of the teenage "cats"???

**TEENS, THEORIES AND TUNES**  
This is a very interesting questions. And I mean questions . . . plural.

Now let's take the morale of teenagers for example. There's something we will probably never have to worry about. Teenagers are chronically optimistic. I remember when I was a teenager. I was optimistic, too. I bought an old 1924 Oakland Brougham Coach for \$5 and got it running and it took me back and forth to good old Oberlin for three semesters before it finally broke down. It had a thermometer on the radiator cap so you could tell when it was getting too hot. It ran fine under forty-five but over that it would boil over and rusty water would spray over the windshield. Lots of times being later than I should for an eight o'clock I'd push it up to fifty and get a rusty shower on the windshield which always took time to clean up so that I'd be late anyway. It was a real excitement to see how close I could come to fifty without boiling over. Well, teenagers haven't changed much; I guess they are still optimistic and I notice quite a few of them drive cars of all kinds. Now that I've answered that part of the question let's go on to another part such as "how could we keep the hit parade going?"

### SECRET FORMULA

I have devised a formula, as yet secret, for keeping the hit parade going. This formula is so good that it will be able to keep the hit parade going long after everyone has lost interest in it and there is no longer any need to keep it going. Frankly, though, I must say that there are a few kinks in my formula that need ironing out and some further tests that need to be made but as soon as I have it all set, and I'm supremely confident that in the long run it is going to work, I will let the Lumberjack readers have the honor of being the first to learn

it in all its intricate and fascinating detail. Just to reassure you that I'm not spoofing on this, I might drop a gentle hint that it is connected with thalamic response micro-volt impedance in inverse reaction to the electrostatic properties of negatively charged iso-topes of anti-neutron bombarded amino acids. Anyone can see where a theory like this would be inclined to have a slight kink or two in it. Let me just remind you that all great discoveries take time. Let's all wait and give this formula a chance. The startling results will be well worth the time.

### BE CONFIDENT

Having answered the questions you ask, I would like to make one small comment about one aspect of the question. Namely, "someone once expressed the fear that composers will, some day, run out of things to compose. . . ." We should never get in a condition of this kind where our fears run loose. We should be confident that composers will always have something to compose. Why, I read recently about a composer who had set the Golden Gate Bridge fog-horn tones to music and about another who had composed a concerto for Fire-Engine sirens and drums. Think what a hey-day composers would have up here in the redwoods with all the sawmill noises, the splash of logs in the pond and the roar of lumber trucks. . . Well my two o'clock class is beginning to assemble. . . Bye.—Jim Mearns.

## 3000 HS Graduates Expected In 1971

The number of high school graduates in the Humboldt State College regional area will increase nearly two and one half times in the next fifteen years.

This was shown in a report on "projected enrollment in California's schools" released recently by the State Department of Finance. According to college president, Dr. C. H. Siemens, the statistics predict that by 1971 the

high schools of Del Norte, Humboldt and Trinity county will be graduating some 3,000 students as compared to the present 1,000 in 1956.

Dr. Siemens points out that Humboldt State draws over 79 percent of its freshman enrollment from these three counties and that ranked in order of magnitude of 1970-1971 high school College area will move from

## Jo Anne McAllister And Henry Cooper Married Recently

Jo Anne Eleanor McAllister and Henry Clay Cooper, Jr., both students at Humboldt State college, were married in Christ Episcopal church in Eureka at 2 p.m. on Friday, November 23. The Rev. J. Thomas Lewis officiated.

The bride is the daughter of Mr. and Mrs. Harold C. Smith of Garberville and the groom is the son of Mrs. Elizabeth Cooper, 5544 Spring street.

The bride is taking post graduate work at HSC, majoring in general education. The groom, a senior, is majoring in physical education. Widely known as a star in basketball, football and track, Cooper is president of Block H, a member of the Green Key club and is awards commissioner for the Associated Student Body.

The maid of honor was Miss Carol Kelly of Sebastopol and the other bridal attendants were Gerri Finn of Eureka and Yvonne McAllister, sister of the bride, from Garberville.

Charles Murphy of Daly City was best man and the ushers were Earl Barnum and James Richardson, both of Eureka. Miss Claudine Ray was soloist and Dr. Robert Glover, organist.

Following their return from a wedding trip to San Francisco, Mr. and Mrs. Cooper plan to reside at 2544 Spring street in Eureka.

graduates, the Humboldt State 22nd to 15th place. Growth in this region during the next 15 years represents a 230 per cent increase, as compared to the 162 per cent growth of the entire state. Only three other areas in California show a greater growth than the Redwood region.

Jeanette Dick and Phil Swartzell, portraying characters in the "Imaginary Invalid," secretly exchange vows of everlasting love under the

cover of an operetta. Looking on are (l to r) Herb McLellan, Bob Pepper and Wallace Sinclair.

## "Imaginary Invalid" Called A "Kind of Crazy" Play

By FRAN STARK

Each situation in the HSC Players' production of Moliere's play, "The Imaginary Invalid" is "kind of crazy" (to quote one of the characters) but sanity or reasonable facsimile seems finally to prevail as the curtain goes down.

Two performances of the French comedy were given Friday and Saturday evenings in the College auditorium, and two more remain to be seen by HSC drama fans. Tickets for tonight's and tomorrow's performances may be reserved by phoning College extension 63.

The plot of the farce involves the efforts of hypochondriac Argan, played by Herb McLellan, to (a) marry his daughter Angelique (Jeanette Dick) to a budding medical youth (Wally Sinclair) in order to assure himself free doctoring in his old age, and (b) to be as much of a nuisance as

he possibly can. Any proper play must have conflict, so say the authorities, as it seems quite logical that the daughter is in love with another (Phillip Swartzell), Cleante, and if he can't marry him, she simply doesn't want to marry.

The invalid's young and beautiful wife (Louise Lawrence), "shedding tears" as she forces herself to the realization that the Grim Reaper must eventually take hubby from her, brings in a sneaky if emotional notary (Leighton Claussen) to advise her husband how to arrange things so as to disinherit his rebellious daughter and leave all to his "loving" wife.

Go-between and general peace-maker throughout the action is Toinette, (Joline Betterndorf, tiny dynamo of a nurse-servant, who is both saucy and soothing to the imaginary invalid. Explosive Dr. Purgon (Homer Ratcliff) appears on the scene only briefly to (one is thankful) terminate his professional relationship with Argan, but his influence is felt and spoken of throughout the scenes. Apothecary Fleurant (Dion

Wright) ministers to Argan's complaints with "injections" and treatments.

More or less an on-looker to the excitement is Beralde (Bob Maupin) a brother, while sleek, stuffy, and correct Doctor Diafoirus (Robert Pepper) appears only to accompany his eager and scholarly son, the rejected bridegroom.

The invalid's small daughter Louison (Claudine Ray) is a ray of sunshine in her one and only scene, in which she is interrogated by her father as to "secret goings on."

Sets for "Invalid" were designed by John Van Duzer, costumes by Mrs. Ethlyn Pauley. Director is Dr. Stanley Glenn. Admission is free with student body card, and one dollar otherwise.

## Circle K Members Attend Convention

Five Circle K members recently attended the California-Nevada-Hawaii district convention at Pacific Grove, California. Representing HSC were Jim Ely, local Circle K president; Jon Mitts, vice-president; Carl Wolters, treasurer and Norm Eaton and Jack Johnson. Ely was elected by the convention delegate as Lt. Governor for Division 5, with Mitts serving as his corresponding secretary. Wolters was elected treasurer of the CNH Circle K district. Humboldt's delegates attended all of the sessions and workshops. They were the only group at the convention appearing in uniform. "The white trousers and blue Circle K jackets made quite a hit," said Eaton. Before returning the group visited Monterey, the original capital city of California, and took the 17 mile drive on the Monterey Peninsula.

## VET'S CORNER

Faced with a possible 49 per cent loss of its top executives during the next five years through retirement alone, Veterans Administration today announced a management development program to select and train its future executives at all levels.

Harvey V. Higley, Administrator of Veterans Affairs, said the program is designed to maintain and improve the already high calibre of the agency's personnel. Civil Service Commission has characterized the program as one of the broadest and most forward-looking yet introduced in Government for the development of management personnel.

Willis O. Underwood, former manager of the VA hospital at Sunmount, N. Y., is director of the program under Vincent W. Powers, assistant administrator for personnel.

After many months of development, the first phase of the program now is being introduced for the positions centralized to the Administrator for appointment, such as managers and assistant managers of field stations and, in general, all key officials in Central office at Washington.

Mr. Underwood said the second and third phases, when instituted, will involve (1) executive positions centralized to VA's three big operating departments, such as division and service directors in field stations, and (2) those decentralized supervisory positions under the control of field stations.

While no definite dates have been set as yet for the inauguration of the second and third phases, Mr. Underwood said, he expects them to be underway on a gradual basis in the next few months. The objectives for all three phases of the program are the same, Mr. Underwood said, but the procedures will differ.

**FIRST STEP**

The first step, he said, is to survey the executive positions involved so as to inventory their requirements. The second step is to rate all eligible personnel so that a demand-supply balance sheet may be projected for five years in advance. Based on the needs of the agency and the training required by available personnel, adequate training programs may be established, he said.

In that manner, Mr. Underwood added, a reservoir of high grade personnel will be developed from which selection and placement may be made as required.

Mr. Powers said the very nature of the program will provide a powerful incentive for VA employees to improve their day-to-day job performance, their abilities, and their knowledge of VA. He said another advantage will be that responsibility is placed on management to plan for the future while operating today.

**BIGGEST ADVANTAGE**

Mr. Higley said he believes the biggest advantage will be the accent that the program places on the development of people as

These five boys attended the Circle K convention. They are (l to r) Jack Johnson, Carl Wolters, Jim Ely, Jon Mitts and Norm Eaton.

## Minutes of the Student Council

**Nov. 29, 1956**

The meeting was called to order by President Mike Fielding on the above date. Those present were Frank Bettendorf, Jim Barnes, Joe Chappelle, Hank Cooper, Pat Miller, Roland Atterbury, Keith Barnhill, Fern Fowler and Roberta Johnson.

The minutes of the previous meeting were approved as submitted.

**OLD BUSINESS**

It was moved, seconded and passed to disband the Downstairs Coop Committee and disband the proposal of buying four booths.

Frank Bettendorf was appointed to see about borrowing tables and chairs from the state to be put in the upstairs room.

Pat Miller reported on the lost and found articles. It was moved, seconded and passed to give the clothes to needy families, books to the Bookstore and the knick-knacks to the Popera. The lost and found articles will be given to the above after Jan. 15.

The Inter-School Council meeting was held on Tuesday night, Nov. 27, at the Coop. This committee decided that on Feb. 12, 20 students from each high school will come to the HSC campus for a meeting. The meeting will be broken down into groups and the council members and others will head each group.

It was decided that alternate clubs welcome the referees. It was then turned over to ICS to handle the details.

**NEW BUSINESS**

It was moved, seconded and passed to appoint Sandra Aycock and Kay Price as Co-editors of the Sempervirens; Keith Barnhill as Editor in Chief of the Lumberjack; and Jewell Hyman as Managing Editor of the Lumberjack.

It was moved, seconded and passed to accept Jon Mitts' petition for Representative at Large.

**COMMITTEE REPORTS**

The Chapel Committee has been adjourned until a later date.

VA's most important executive responsibility.

"Of the many problems continually facing executives," Mr. Higley said, "none is of greater importance than the development of the personnel for whom they are responsible."

The forms for the building has been compiled and turned in to President Seimens.

The questionnaire to obtain information for the Coop's opening on Saturday will go out on Dec. 1.

Mike, Fern and Frank are to see about serving food in the Coop at night.

**COMMISSIONER REPORTS**

It was moved, seconded and passed to transfer \$15 from the Unallocated to the ASB Executive Council for the typewriter.

AWS Fashion Show will charge 25 cents admission to be put into a fund for Homecoming Queen Cloak and Crown, and \$119 for expenses to send Jack Sears to the convention for College Stores to be held in Los Angeles to come out of operating expenses of the bookstore was approved.

Two letters were read from Milton Hollstein stating that the Lumberjack and the Football Programs expenses have reached a figure greater than the budgeted amount. However due to increased sales and advertising these figures will be offset.

Respectfully submitted,  
Mike Fielding,  
ASB President.  
Roberta Johnson,  
ASB Secretary.

## FIN AND FUR

**By DICK LAURSEN**

Snipe season opened with a bang for some Humboldt nimmers last Saturday. Dan Gotshall, Dick Pangburn, Jack Woody and Lyle Ingold got eight birds apiece in about two hours Saturday morning in the area near KENL broadcasting station. Many snipe have been seen in the Arcata bottoms also. They seem to hang around marshy lands or pasture land soft enough for them to stick their bill into and feed.

Haven't heard of any one doing much on the quail. They are pretty hard to find and even harder to shoot after being found. Woody Sexton, '52 grad, got some shooting over a dog a couple of weeks ago. He said the dog was the only reason he was able to get any birds. Without the dog, the birds scatter too quickly.

The steelhead fishing is starting to pick up. The Eel river seems to be the hottest prospect, although this writer and Jack Legate gave it the old college try Sunday afternoon without even getting a bump. Mad river gave up several nice fish. Otis Skaggs and Emil Slatik took several home from that river.

Just got word from my old fishing buddy, Jack Legate, that he had a fabulous day on the Trinity river in the Hoopa area. Seems he hooked into about six or eight steelhead, with two of them breaking his eight pound test line. The lure that the fish were susceptible to was the time tested RED RAG.

Christmas time is almost upon us. Only 18 more days to make up your mind just what to give that hunting or fishing companion.

ion. Perhaps you would like to give him (or her, as the case may be), something more than just a greeting card but can't think of anything economically appropriate. Why not give him a subscription to "Outdoor California", a Department of Fish and Game publication! This publication gives the latest news and developments in the department, along with helpful hunting and fishing tips for the expert as well as the novice. The price is only one dollar per year. The address is: Documents Section, Printing Division, Sacramento, California. Ask for "Outdoor California."

This is a good way to spread conservation to people who are willing to accept new ideas. It will also give them an inside look at the Fish and Game department and the answers to why certain regulations are made. It certainly sounds like a good deal to this writer, and certainly a good conservation measure.

## CARVIL ROST CONVERTS PICKUP INTO LIVING QUARTERS; NO RENT PROBLEM

If you have been wondering what's behind the gray door to the inclosure on Carvil Rost's yellow Ford pickup, we have the answer to that after considerable effort.

Rost has shown considerable ingenuity in rigging this compact space into very liveable quarters, solving the semester's rent problem and also used while in the hills chasing uranium ores.

Rost's pick-up home includes a hot water heater, heater, sink, refrigerator, cook stove, table, bed and a small but efficient storage space.

The ideas for such a novel dwelling germinated during six years as an aviation machinist during the second world war, the Korean war and a hitch with the maritime service as an electrician.

Rost's home is in Ashland, Oregon, where he attended Southern Oregon College of Education for two years. Then he transferred to Humboldt State College a year

ago and is now working towards a teaching credential in industrial art in order that he may make the best possible use of his service background and his natural bent towards things mechanical.

Rost is an active member of the Veteran's Club and the representative of the industrial arts club to the interclub council which keeps him busy on the campus. He also manages to work weekends doing wiring on different construction jobs in the community.

## Drs. Ladd, Pauley To Attend Confab

Drs. William Ladd and John F. Pauley of the Language-Arts division will leave Sunday for San Francisco State College to attend a three-day convention of committee members of both Closed Circuit TV and Occupational Curricula on Radio-TV.

Purpose of the joint meeting of the two committees is the planning of what the State College program should be for the immediate future and in years ahead with regard to television. Major discussion topics will be the scope agreed upon, facility and space needs, and equipment needs.

In addition to the committee work, the assembly of one or more representatives from each of the State Colleges will have the opportunity to watch the operation of closed circuit television at San Francisco State College, as well as view, on a monitor-system, a series of television lectures.

The two Humboldt State representatives plan to be back from the conference on Thursday.

## COMUS SAYS

The Humboldt State College Comus Club who sponsored homecoming queen, Tonya Rocha, wish to extend a vote of thanks to the many people who assisted in the selection of Tonya as the Campus queen.

The campus vets, though a little uneasy about rumors of thirty day alerts, for those still in reserve status, imminent war, wives and kids down with the flu, small pox, scarlet fever and an uncommon amount of common colds are keeping pace with the speed age of the twentieth century, with a number of projects. Most of them worthy.

One particular project in action by the vets club is the selling of the student directories. Tom Rocha, a vet, worked long hours, day and night, compiling list after list of names, phone numbers, addresses marital status and dimensions, of the students of HSC. When he wasn't working nights on this project he was working days, and when he wasn't working days he was working nights. He ended up working nights in a daze and ended up with an excellent student directory.

They are on sale right now inside the main entrance to the administrative building and are selling like Elvis the Pelvis records and are only 50 cents.

While you are standing in line the vets club members will also serve coffee and cookies, at the nominal fee of 33 1/2 cents apiece. It pays to buy quality goods.

One more word about the student directories. Tom is the fairly new (and first) husband of Tonya Rocha, who is our homecoming queen. What homecoming queen would dare appear in public on homecoming day with anything on but a brand new gownless evening strap. Good grief, Tom has to get these student directories sold.

The Vets had a meeting last Tuesday at 12 noon and everyone wondered why Gordon insisted on standing throughout the hour. Guess you can get away with being eccentric if you have piles of money.

## POLIO VACCINE TO BE GIVEN MONDAY

The first in a series of polio immunization shots will be given in the Health Cottage Monday morning, Dec. 10. Dr. George C. Scheppeler, college physician, will be in attendance at all times.

One hundred and forty four students have volunteered for the inoculations. Only the students who have already signed up are eligible for the shot because the vaccine has already been ordered. There is a possibility that those who haven't indicated they want the inoculations can receive their first shot in January when the regular second shots will be given.

All persons are urged to follow the alphabetical arrangement and to be on time. Following is the schedule for the inoculations:

A-D 8 to 8:30 a.m.  
E-H 8:30 to 9 a.m.  
I-L 9 to 9:30 a.m.  
M-P 9:30 to 10 a.m.  
Q-V 10 to 10:30 a.m.  
W-Z 10:30 to 11 a.m.

The second shot in the series of three — the number needed for immunization — is scheduled to be given in January with the third to follow in September 1957.

## LITTLE MAN ON CAMPUS

by Dick Bibler

"How's about delivering your speech at the level of the college freshman, Senator --- then perhaps some of the professors would enjoy it."

## A STUDENT PORTRAIT

### MISS PIALORSI PLANS TEACHING CAREER IN ELEMENTARY EDUCATION

By RUTH HOLMES

The friendly "how are you" of the American customs official caused the young college student to turn to her companion in despair. Quickly the friend translated the brief greeting into Italian. For, although 20 years old Sylvia Pialorsi was an American citizen, she had spent those 20 years in Italy and could not understand her "native" tongue.

Today Miss Pialorsi laughs as she recalls those first few moments on American soil. That was January, 1955, and she now commands a working knowledge of everyday English. Never to be completely discarded, however, is the accent which sets Miss Pialorsi apart from most Humboldt State students.

Like many another Humboldt student, Miss Pialorsi plans to be an elementary school teacher. Unlike other prospective teachers, the local of her first education was Brecia, a town of 40,000 in northern Italy. She was born in a small village near Brecia; her father was an American citizen and her mother Italian. By coming to America Miss Pialorsi legally claimed American citizenship.

Miss Pialorsi lived in a boarding home for girls while attending the state high school and college.

#### HIGH SCHOOL AT AGE 12

"Brecia suffered much bombardment during the war," she said, "so I could not start high school until I was 14." Normally Italian students go to high school at the age of 12 for three years before entering college. Studies are formal and highly competitive. "Our professors could do anything they wanted in the classroom," said Miss Pialorsi. "They were very strict, and could expel us for minor details."

Although the school was co-educational, classes were not. Nor were there any school extra-curricular activities. Classes began at 8 a.m. and ended at 5 p.m. with a two hour break for lunch.

The elementary school teach-

ers curriculum included a final series of written and oral examinations. Professors from various sections of Italy administered the tests.

"The student had to have a well-rounded liberal education in order to pass these state elementary school requirements," said Miss Pialorsi. "There would be a theme in Latin, a problem in mathematics and an oral test in history included in the examinations."

Miss Pialorsi was in the process of taking these examinations when her plans were disrupted to come to America. In 1950 American relatives visited the Pialorsi's in Italy. They broached the subject of Sylvia and her brother coming to America to make their home. Thus it to Rome in January, 1955, by her was that Miss Pialorsi traveled self and there boarded a large transatlantic plane. Her brother would follow later.

"I was not afraid," said Miss Pialorsi, "I wanted to travel and see new places."

#### LANGUAGE HANDICAP

The language barrier was a real handicap in her first months in America. She attended several classes at Arcata High School while she learned English. She had previously had two years of English during high school in Italy but, like many another student, she found that reading and writing were much easier than everyday, conversational use of English.

Miss Pialorsi now lives in Arcata with relatives. She would like to visit Italy again.

"I want to see Rome," she said. "Because of the war and then school I did not travel much in Italy. My flight to America was the first time I visited Rome."

## Dobkin, Glenn To Attend Conference In Chicago Soon

Milton Dobkin and Dr. Stanley Glenn of Humboldt State College speech and drama department will take part in the national Speech and Theatre Conference to be held Dec. 27 through Dec. 30 at the Conrad Hilton Hotel in Chicago, Ill.

As a member of the Speech Association of American panel, Dobkin will speak on "Group Discussion" as one of the methods of teaching speech in high school. Dobkin heads the forensic program on the Humboldt State campus.

Glenn will act as secretary of the panel division on "Theatre Versus Therapy" or "How Therapeutic Can the Educational Theatre Get?" for members of the American Education Theatre Association.

Other organizations taking part are the National Society for the Study of Communication, National University Extension Association and American Forensic Association.

## LITTLE MAN ON CAMPUS

by Dick Bibler

"If ya ask me, all that test will ever measure is FRUSTRATION."

## Former Student Earns Top TWA Post

Karen Krestensen Hicks, former Humboldt State student from Arcata, has scored higher than five New York trained women in a competitive exam for a top position with Trans World Airlines, according to word received here.

Karen, who was here in 1954-

55, works at La Guardia Field in the division that trains pilots in new developments in airplanes. She also goes to Idlewild airfield for a special assignment once a week.

Karen and Bill Hicks, HSC student in 1954 and also an Arcatan, were married in June of this year. They are now living in Long Island, New York.

Bill is a corporal in the Army, and he was recently honored as being chosen "soldier of the month" from 300 competing for the honor. This entitled him to try for "Post Soldier" which he missed by failing one question in the competitive quiz given.

Karen's parents, Mr. and Mrs. Krestensen of Arcata, have been given a free pass by TWA to visit their daughter. Karen will be given a week's vacation in order to be with them while they are in New York.

Karen was an English major while she was here. She was also on the Lumberjack staff and held various chairmanships. Bill was also active in school affairs. He listed his major as Business.

## 400 STUDENTS 'OVER 25' DRAWN BY HSC'S BROAD RANGE OF SUBJECTS

Among the 1400 students on the Humboldt State College campus there are over 400 whose ages range from 25 to 65.

These figures, points out Mrs. Myrtle McKittrick, college registrar, are dramatic evidence of the many local businessmen and housewives who are taking advantage of the wide range of subjects and courses available to both the regular and limited student. Almost every class at Humboldt State includes an older member of the community, with several mother-daughter combinations working together toward their degrees.

Also unique to the Humboldt campus of today, according to Miss Kate Buchanan, faculty adviser, is the Phoenix Club, made up entirely of women whose education had been interrupted to bring up a family and who are now returning to complete their degree requirements. An active campus group, they include Lois Kauffman, Harmony Moreland, Rozella Brewer, Clara Byers, Shirley Christy, Karla Conner, Isabelle Denman, Helen Dunning, Dorothy Handley, Maybelle Luther, Thelma Porter, Esther Reed, Irene Riley, Carol Robinson, Marie Siesser, Mary Spalding, Geraldine Stephens, Irma Sundquist, Naomi Cottrell and Virginia Gilhousen.

### WIDE INTEREST

A wide variety of interest among the older students is shown in the diversified choice of courses in which they are enrolled. In the business field of accounting and income tax can be found Mrs. Gertrude Penicks, Eugene E. Caukin, Rollin N. Wilson and Mr. and Mrs. John Barkle. Studying principles of advertising is Mrs. John Lo Buono, and C. H. Unger is enrolled in a salesmanship class.

Enjoying a class in second year French are Mr. and Mrs. Charles Daly; and among students of The Novel are Mr. and Mrs. Harry Bistrin. Mrs. Shirley Riecke, Robert McKee and Mrs. Geraldine Myers.

Businessman Art W. Ostenson and Rev. Ernest Quaintance are keeping up with events in a current history class. E. A. "Pat" Patchen and Ken Stodder find time to do student teaching in

addition to earning a living. Taking organ lessons is Mrs. Sibyl Jamieson and the piano and chamber music classes include Dr. Marselle Spetz, Paul Johnson, Mrs. Mary Anne Pinches and Mrs. Nora Teasley.

### ART CLASSES

Among those in art classes are Mrs. Ralph Bull, Mrs. Dorothy Brown, Ann and Josephine Madson, Fern Morris and her father Lloyd Morris. Others are Mrs. Alma Leamy, Mrs. Mable Swanson, Wayne McLean, Mrs. Virginia Costello, Mrs. Carol Robinson, Mrs. Verda Ahnderson, Mrs. Lorna Dodge.

## Arcata Community Christmas Concert Scheduled For Sunday In HSC Gym

Yuletide season songs and music of the ninth annual Arcata Community Christmas Concert will once again fill the Humboldt State College gymnasium at 8 p. m. Sunday, Dec. 9.

Several hundred performers make up the six choral groups, the Humboldt Little Symphony, and the Humboldt State and Arcata High School bands presenting the program of traditional Christmas music.

Soloists for the presentation of Bach's cantata, "To Us A Child Is Born", are Shirley Sare, soprano; Leon Wagner, tenor; Shirley Barnhart, contralto; and Gene Orlandi, bass, to be directed by Leland Barlow and accompanied by James Mearns at the organ.

Combined choral groups who will sing portions of Handel's Messiah are the Arcata Community Singers, the Arcata Union High School Jay-Vee and Madrigal Choirs, the High School Chorus; and the Humboldt State College chorus and choir, with music by the Humboldt Little Symphony under the direction of Floyd Glende.

Barlow of the college music staff, will also direct the Arcata Community Singers, accompanied by Mrs. Earle V. Smith. Directors of the Arcata High School chorus will be Hal Sieber, accompanied by Mrs. Kay Richards. Daniel Backman will lead the College Band; and conductor of the Arcata High band will be

## Choir To Sing At Christmas Program

Christmas may come but once a year but when it does it comes with songs and singing. The HSC Choir will add their share of the pre-season festivities on several occasions. Sunday the choir will participate in the annual Community Christmas Program that will be presented in the HSC gym, and the Starlighting Ceremony, that will take place on the Administration steps. They will sing several familiar carols.

Next Wednesday the Choir will sing on KIEM TV at 6:30 p. m. This program will be recorded for radio broadcast on Christmas week.

The final pre-Christmas offering will feature the Choir singing, under the direction of Dr. Leon Wagner, in the annual College Christmas Assembly to be held Tuesday, Dec. 18 at 12 noon in the College auditorium. The program will include a variety of carols, from the familiar "Deck the Halls" and "Joy to the World," to several less familiar French and German carols.

## Game Management Students Using Plane For Project

Two Game Management students, Wallace Bentley and Roy Christianson, are using an airplane to do their special project of taking census of the waterfowl in the Humboldt area.

Once a week Bentley takes his Piper super cruiser and with Christianson as observer, cruises the area between Eel river bottoms and Stone Lagoon. Many back and forth flights must be taken to find the birds and get a count on them. With the plane traveling about 90 miles per hour when taking census and cruising at about 120, the trip takes about one and a half hours to complete.

Besides taking census counts, the project is to determine when each species of waterfowl arrives in the area, how long they stay and how many in the flocks. In conjunction with these counts, they will be taking some aerial photographs which will be used in mapping the area as well as in the counting of the waterfowl.

So, if you see a low-flying, red and white Piper super cruiser zooming low over the bay and adjoining lands, it isn't a stunt flyer, its Wally and Roy working on their project.

## Jones To Talk On "The New Israel"

Dr. Archie Jones, assistant professor of history at Humboldt State College, will read a paper at the annual meeting of the Pacific Coast Branch of the American Historical Association which will be held this year at the University of Oregon in Eugene, Oregon, on Dec. 27-29. His paper is titled "The New Israel: New England Nationalism in the Middle Years of the Nineteenth Century."

Dr. Jones, a specialist in the field of intellectual history, states that "Nationalism has always been intimately related to religion, but in America there can be no correction between state and an established religion. Consequently, Americans have developed a generalized religious nationalism which all religious groups can accept."

"The New Israel faith served this purpose," its tenants avowed "somehow God had chosen America as the special vehicle for the revelation of his truth."

In the paper Dr. Jones will analyze and trace this faith in the thoughts of George Bancroft, Horace Bushnell, Orestes Brownson, Ralph Waldo Emerson and Horace Mann.

## ZOOLOGY SEMINAR

Robert Beeman, a graduate student in education and zoology, will discuss "The Effect of Salting on Elk Migrations" at the monthly natural sciences - natural resources seminar Tuesday at 4 p. m. in the Wildlife Auditorium.

All students and faculty members and the general public is invited.

## DRAMA FESTIVAL

The eleventh annual Northwestern California Drama Festival will be presented Friday, Dec. 14-15 in the HSC auditorium. Friday night's production of the "Imaginary Invalid" will be presented at 7:30 p. m. One-act plays from high schools in the northwestern parts of California will be presented Saturday.

## ELVA'S CAFE "DINNER"

Hot & Cold Sandwiches  
Soda Fountain

OPEN 24 HOURS EVERY DAY

1618 G Street Arcata

## Christmas Seals To Go On Sale

Christmas seals will go on sale Monday, Dec. 10 in the Main Hall, sponsored by the Spurs and Tri Sigma, marking the 50th anniversary of the tuberculosis seal.

The money will go towards Humboldt County's TB program which includes the educating of people in the prevention and control of tuberculosis, taking care of TB patient's personal problems and for publicity.

Currently the County is buying a mini-film portable X-ray machine that will make available free chest X-rays for any Humboldt County resident at any time. Miss Kate Buchanan, associate dean of students, says that very few counties offer such a service as this.

## Student Directory Sale In Progress

Have you bought your Student Directory yet? They are on sale now in both the book store and the Main Hall for only 5 cents.

For the first time the putting together of the directory was opened to bids. After giving their specifications the bid was turned over to Tom and Tonya Rocha.

All the material was compiled from the files in the guidance office. It was an 18 day project that took many hours of hard labor on the part of Tom and Tonya. It took 79 reams of paper and over \$160 to put the book together. All the work was done on a mimeograph machine that was done by hand - 59,487 turns to be exact.

The directory contains the name, college year, major, local address and phone number and permanent address of each student. Only one address has been listed if the local and permanent addresses were the same. An asterisk (\*) before a student's name indicates that the student is married. Pages 46, 47, 98 and 99 have been left blank for additions and memos. Room numbers of instructor's offices begin on page 135.

There is a choice in color binding of yellow, gray, two shades of blue, red, two shades of green, maroon, brown, black and pink.

The directory will come in handy for many reasons. The pertinent one now is for addressing your Christmas cards. Also in the book are all the college phone numbers.

## Petitions Available For ASB Office

Petitions are now available at the graduate managers office or at the Associated Student Body office in the Coop for those interested in running for the office of Representative-at-large.

The deadline for returning petitions is Jan. 7. All petitions should be turned in to the graduate manager's office or the ASB office.

The election will be held Jan. 9. Those elected to office will hold the position for one year. This year the representatives have been Roland Atterbury, John Marcuz, Fern Fowler and Pat Miller.

The position of representative-at-large is one with a great deal of importance as they are serving the needs of the students. Each member does a lot of committee work. The members will serve as voting members of the Student Council. The constitution states that "the major duties of the representative-at-large shall be determined by the Executive Council."

The election on Jan. 9 will be the first ASB election of the year. Remember to get your petition today.

## Owens Is Director Of Church Choir

The Christmas portion of Handel's Messiah will be presented by the 35-voice choir of the First Baptist Church of Arcata at 7:30 p. m., Sunday, Dec. 16 in the Church.

Fred Owens of the Humboldt State College music faculty is choir director. Soloists will be Mrs. Joyce Wakeman, Mrs. Don Williams, Walter Freisen and Dr. Lawrence E. Turner. Mrs. Louise Hazard is organist.

## "DESIRE AND SPIRIT" SPELL CO-CHAMPS, SAYS FOOTBALL MENTOR PHIL SARBOE

By PHIL SARBOE

Before a Lumberjack football game, the band marches onto the field, the teams enter and practice, yell leaders and song girls arrive, the electrician has checked the lights, scoreboard and team telephones. The public address system with Dr. William Ladd in charge has arrived and plays host to visiting radio station personnel. The three local radio stations take their spots in the booths and check the line-ups as does our own KHSC radio team. The visiting scouts are greeted and escorted to the choice spots available above the west stands. The officials and visiting team are housed and given every courtesy. Let us not forget the preparations made by the Conservation Unlimited in the necessary field concessions (dogs & coffee etc.), Bill Johnson's maintenance crew preparing the fields and cleaning the stands before and after plus the "comfort station" problem for one and all. Now we are getting closer to the kickoff. There are parking attendants, ticket salesmen and takers plus ushers who are essential to the game and season's success.

Then to the dressing room of the Lumberjack warriors—our managers Mike Ladd, Ben Crabb, and Bill Caldwell—and next—probably the most important "last minute man" in our "pre-game lives" is Cedric Kinzer and his assistants. Prior to this the pre-game build-up by the Eureka Newspapers, Milt Hollstein, and his assistants is as important a maneuver as getting across the goal line with the ball. So to that ever helpful crew our hearts are always grateful. May I back up a bit further and remind you, one and all, of the "extra effort" tossed in our direction by Mrs. Russell and her thoughtful team—the pre-game meal (always the best) and their special calorie diet we enjoy each practice day for lunch. To all of these wonderful peo-

ple, organizations, and our own students, understanding faculty, and local Lumberjack Coaches Inc., our top administration, the alumni and to the best fans in the Far Western Conference the football coaches and players say "without you—each one of you—it could not have been done—a million thanks to the local business houses and corporations who have gone out of their way to help our boys 'earn their way' through college with jobs—legitimate jobs—none of this 'free ride business etc.' Our students can and will always feel proud of our honest 'Job-Scholarship system' with each student earning his way. For all of these 'All-American' details and assistance we humbly give you our heartfelt thanks.

We want you to know that we realize our successes could not have been what they are—had Y.O.U not helped us. This has given our Humboldt State what many schools would like to have—"Desire

and Spirit." These two words spell out our Co-championship season—and as spokesman for this "tremendous gang of Humboldt Staters let us join together and toss a large banquet to those 'six seniors'—co-captains, Caesar Flamma and Henry Cooper; Gerry Kilduff, Phil Huff, Jim Evans and Warren Smith. These gentlemen were the most co-operative and sincere football players any school, squad or coaches could enjoy working and playing with anywhere. They are the ones who led us to our successes this enjoyable 1956 season of football upsets. Their names will always live in H.S.C.'s Football Hall of Fame.

The final H.S.C. scoreboard showed nine wins and two losses—a "co-championship team" (all 45 of them). Before signing a (30) for this eventful season, I publicly offer a toast to those "Super Six Seniors". May they enjoy success and happiness in their well planned futures".

### Sarboe Returns From Meetings

Humboldt State College Football Coach and Athletic Director Phil Sarboe recently returned from a week-long series of meetings in Southern California where he represented the NAIA.

Upon his return Sarboe reported that he felt that progress had been made towards setting up a uniform set of rules for high schools, small colleges, and junior colleges.

The HSC mentor has been battling for years to get the uniform set of rules in operation. First real headway in the battle came last March at the NAIA meeting in Kansas City.

Sarboe stated that he will carry recommendations to the meetings this year to be held in conjunction with the first Aluminum Bowl game at Little Rock, Ark., Dec. 22.

## Humboldt Faces Eight Games During The Next Nine Days

An energetic eight-game schedule faces the Humboldt State basketball Lumberjacks between now and next weekend as they play every night of the week except Sunday.

Tonight and tomorrow night the Jacks get their first taste of college competition this season as they take on the Oregon Tech Owls in Klamath Falls.

Monday and Tuesday nights Humboldt State's quintet take on the strong Southern Oregon Red Raiders in another inter-sectional battle at Ashland.

The busy team will just have time to come home following that to play a pair of exhibition games against the always-entertaining Harlem Clowns. Wednesday evening they play at Arcata High and the following night the two teams meet at Fortuna.

Then the usual weekend schedule starts again as the Jacks host the Moffett Field Flyers in a practice game at the HSC gymnasium next Friday and Saturday.

To date the Jacks have a 2-0 mark, winning last week's contest against the Alumni and Shasta Plywood by ten point margins. Coach Franny Givins stated that all starting berths on the squad are still wide open and some of the reserves are threatening to take over a position on the first five.

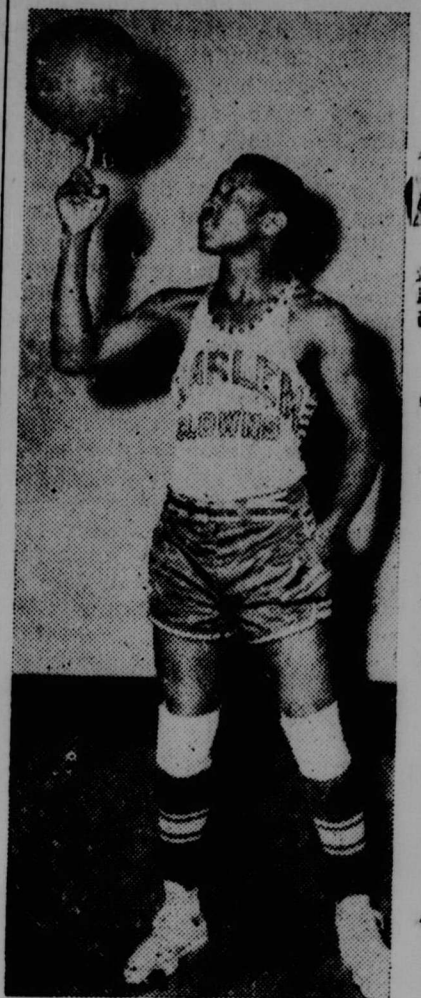

Concerning last week's action, Givins stated, "I was very happy with the results. We've got a long way to go, of course, but defensively we did very well and when we get our offense polished up we'll be in pretty good shape."

Before the opener last week Givins made a final squad cut and moved two freshmen, Don Robinson of Fortuna and Joe Johnson of Oakland up to the

### W.A.A.

The WAA will be playing table tennis, badminton and archery until Christmas vacation.

After the Christmas holidays the WAA will be starting basketball. Any girl who would be interested in playing basketball should come to the gym at 7 p. m. on the Monday after the Christmas vacation.

Emory Luck of the Harlem Clowns spins a basketball on the tip of a finger. Emory and the famed Negro hoop comics will play against the Humboldt State College varsity twice next week, meeting them at Arcata High School gymnasium on Wednesday night, December 12 and at Fortuna High School on Thursday night, December 13. The HSC Fresh plays the high school varsities in the 7 o'clock preliminaries of each contest.

varsity with excellent results. Both looked outstanding and both at 6' 4", add needed height to the Varsity.

# Humboldt Scores Wins In Openers

## SPORTS

### JACKS BEGIN SEASON WITH ALUMNI, SHASTA TRIUMPHS

The Humboldt State Lumberjacks, defending Co-champions of the Far Western Conference, got their hoop season off and rolling last weekend as they scored twin wins over the Alumni and Shasta Plywood in a pair of hard-fought contests at the HSC gymnasium.

The Hilltoppers began by trimming a star-studded Alumni group 57 to 47 and followed with a 47-37 victory over the highly-touted semi-pro five from Redding.

Center Warren Baker paced the scoring attack for the Jacks as he dumped in 16 points for the victors. Transfer guard Jack Evans made his debut a good one as he hit for 10 points, most of them on a wickedly accurate set shot.

Jumping Joe Meyers showed the same form in the Alumni contest that had won him All-League honors last year. He was the big gun for the Alums with 14 points and got more than his share of rebounds on both backboards. George Ibarreta, another FWC pick last season, showed well as he scored 10 points.

#### FRESHMEN TAKE OVER

The contest was a nip-and-tuck battle during most of the first half until the freshman trio of Don Robinson, Joe Johnson and Grant Erhart came in to take over the backboards. Robinson hit for four quick buckets and from there on in the Jacks were in no real trouble.

Saturday night the Humboldt five found the range in the final seven minutes to pull away to victory. Prior to that the sparse crowd had witnessed a contest that saw neither team gain more than a four point advantage at any one time.

Baker took high point honors once again as he made 14 points to just shade former All-American Doug McClary, as the Shasta 6 foot 8 inch center scored 12 points.

Again Coach Franny Givins sent in the Frosh trio of Erhart, Robinson and Johnson to take over the boards and they came through once more as the three combined to offset McClary's terrific height advantage.

#### THOMAS SCORES

In the final seven minutes tiny guard Ed Thomas came in to score on a pair of 25 foot set shots to give the Jacks a six point edge and from there on out the Hilltopper's took control. Thomas, who was second high for the Jacks, scored all ten of his points in the closing minutes.

Humboldt employed a deliberate ball control style of play in both games, meeting with good success. Nearly everyone on the

squad saw action both nights.

#### BLOOD ATTENDS MEETINGS

Albert W. Blood, college placement officer, attended the Western Institutional Teacher Placement Association meeting at the University of San Francisco.

He was on a panel discussing teacher recruitment problems. He also attended the California Association of School Administrators meeting.

Tryouts for "The Caine Mutiny Court Martial", an all male cast, were held Tuesday and Wednesday in the auditorium from 3-5 p.m. Results were not known at press time.

### Give Awards To Grid Standouts At Annual Banquet

The entire 1956 Co-championship Humboldt State football team was honored and awards to outstanding performers were presented at the annual HSC Awards Banquet held Wednesday at the Bayside Grange Hall.

Silver football watch fobs were presented to the players voted by their teammates as the top players in the various arts of the sport.

Seniors Henry Cooper and Caesar Flamma received double honors. They were elected season co-captains prior to the final game and also tied for the most inspirational Player awards.

Sophomore speedster Earl Barnum walked away with the Most Valuable Player award. The fleet halfback will be long remembered by Jacks rooters for the many thrilling long runs he made this season.

Rego Piva, Freshman backfield man, was named by his team as Mr. Hustle on the 1956 squad.

Mr. Tackler for the Lumberjacks for the year was Junior Fullback Ralph Mayo.

Senior guard Gerry Kilduff was honored as Mr. Blocker by team vote.

The highest ranking scholar from the 1955 team, Upton Henderson, received the Mr. Scholar award.

At press time the winner of the Sportsmanship trophy had not yet been determined.

### Jayvees Score Three Wins, To Meet Shasta JC

The Humboldt State frosh squad, having one of its strongest teams in recent years, has won their first three games up to this date.

The Jr. Jacks opened their season with a easy victory over Fortuna High School, on Fortuna's home court, by a score of 52 to 28. The Jacks were led by Jerry Hathaway center who donated 16 points to the Jack cause. The Jacks were never in trouble throughout the entire game, as they proved to be too powerful for their opponents.

The score was 52 to 13 as the Jacks captured their second victory over South Fork in a preliminary game played on the home court. Again being led by center Hathaway, with 15 points the Jr-Jacks had little or no trouble in downing their out classed opponents.

Ft. Bragg, proved to be tough as the Jr. Jacks ran into trouble before they captured a close 43 to 40 victory over Ft. Bragg on the losers home court. Coach Netcher's Jacks had to come from behind to emerge victorious against this determined team. Veteran center Hathaway paced the Jacks by scoring 24 tallies for the Jacks and he was also a rough man on the boards.

The Jr. Jacks travel to Shasta this weekend to take on Shasta JC in a double header Friday and Saturday night. The team will leave sometime Friday morning and return late Sunday evening.
