ARCATA, CALIF., FRIDAY, APRIL 6, 1956

No. 25

There's no time to spare, in spite of the Ingersol in Roberta Johnson's hand. She and Jim Barnes, pictured sorting the White Elephants which will be given out to every tenth or twentieth person entering the door of the Municipal Auditorium Thursday evening, April 12, to attend the sixth annual HSC Popera, will need more of the puzzling items to fill the bill. There's no need to label the contributions and give directions as to their use, of course; just keep 'em guessing. Is that Fido's dish in Jim's hand? And what collegiate can't use a book containing plenty of facts?

POPERA SLATED FOR THURS., MUNICIPAL AUDITORIUM

The sixth annual Popera, HSC's musical extravaganza of "Classical Music For Those Who Hate Classical Music" will take place next Thursday, April 12, at 8:30 p.m. in the Eureka Municipal Auditorium.

The first part of this year's Popera will, as in the past, consist of a concert presented by the College's four major performing groups: Choir, Chorus, Band and Little Symphony. The vocal groups are under direction of Dr. Leon Wagner, the band under Daniel Backman, and the symphony under the baton of Charles Fulkerson.

James T. Mearns will be master of ceremonies as he was last year, and the entire music department faculty will be featured at intermission as "The Faculty Six." Others to take part in the concert program are soloists Dale Ingvarsen, a accordionist; Jim Nameth, baton twirler extraordinaire.

After the pop concert an all-star band composed of musicians from throughout Humboldt county, organized by Jerry Moore, will play for dancing.

The Popera is being sponsored by the music department with the assistance of Local 333, American Federation of Musicians.

A highlight of the evening will be the crowning of the King of the Popera. He will have been selected by students in balloting this Tuesday. King candidates are Larry Flammer, sponsored by the Spurs; Mike Fielding, candidate of Band; Richard Laursen, Conservation Unlimited; Dale Ingvarsen, Choir; Happy Haft, CSTA; Jim Arnot, International Relations Club; Henry Cooper, Circle "K"; and Frank Betten-dorf, Drama Club and Alpha Psi Omega.

Among those paying homage to the Popera King with gifts will be Jerome's Studios, Daly Broth-

ers and Danielson's. Hornbrooks will present the King with a pair of shoes of his choice from their stock; Brizard's will give him a lambs wool sweater; Ben Franklin's will present him with a students desk lamp for kingly comfort at his studies; Bistrin's of Arcata will provide a dress shirt; and the royal chariot of the Popera King will be given free lubrication and a fill of oil by the Mobil Gas Station at 8th and G streets, Eureka.

Services Held For Mrs. Marx

Funeral services were conducted Tuesday for Mrs. Marian Boardman Marx wife of Dr. Lawrence N. Marx, assistant professor of psychology. Mrs. Marx died Sunday morning of a lingering illness. Burial was in Greenwood Cemetery, Arcata.

Mrs. Marx counseled hundreds of Arcata Union High School students during her work as public health nurse there until last November. A memorial project to assist students with special health needs at the high school is being created through Mrs. Myrtle McKittrick, HSC registrar.

Surviving besides Dr. Marx are a daughter, Janet, a brother and a sister.

STODDER TO JOIN EHS FACULTY

Post-graduate HSC education major Ken Stodder was, this week, awarded a part-time speech teaching post at Eureka High school, to begin in the fall.

Stodder, whose wife, Lil, is also an HSC student, is Sports Director at radio station KHUM, Eureka, and has broadcast Humboldt and other games for the past 16 months.

Fina Contracted For Spring Prom

Jack Fina, known throughout the country as a band leader, pianist, and composer of hits including "Bumble Boogie," will provide music for this year's Junior Prom.

Often referred to as "The man with the ten most talented fingers in radio," he and his orchestra have played on many Coast to Coast Network broadcasts emanating from the best known hotels throughout the states.

The Spring Prom will be held at the Home Economics Pavilion, Redwood Acres, Eureka. Dancing will be from 9:00 p.m. to 1:30 p.m.

Sponsored by the Class of 1957, the Prom will be one of the biggest and the most costly dances ever to be held at Humboldt. Yet the cost of admission will only be \$1.50 per person with ASB card and \$1.75 without. This low price is possible because the Class of 1957 is paying \$350.00 of the expenses out of the proceeds of the Saint Patrick's Day Dance and their treasury. The admission price includes: free parking with parking service up to 11:00 p.m., free checking service, free re-

(Continued On Page 2.)

HEY! "HAY HOP!"

The first annual "Hay Hop" will be held Saturday, April 7, at the Arcata Labor Temple from 9 until 1. Everyone is invited to come stag, and in his best cotton pickin' outfit. The Dale Ingvarsen Quartet will provide the music, and there will be a lot of mixers and novelty tunes in the program.

Admission to the "Hay Hop" is 50 cents with an ASB card, and 75 cents without. The cider will be provided by the Redwood Hall men and the Nelson Hall women, who are sponsoring the whole affair. They would like to invite everyone on campus to come and have a ball, at the "Hay Hop."

MARRIAGE EDUCATION WEEK COMING NEXT FOR HSC

The third annual Marriage Education Week, planned by and for the students, will be held at Humboldt State College next week, Tuesday through Friday, April 10 - 13.

NOMINATIONS OPEN FOR APRIL 23 ELECTION

Nominations for the coming ASB elections, biggest of the school year, are now open, vice-president Mike Fielding announced this week.

All elective student body offices except those of the four representatives-at-large will be filled at that time, Fielding said, including the newly-created office of Assembly Commissioner. The office was created in the recently-approved ASB constitution, under whose terms the election will be held.

Nominations can be made by securing the signatures of 25 members of the associated students. Petitions for the purpose can be obtained in the office of Richard E. Harmer, graduate manager.

Nominating petitions must be filed by Monday, April 16, Fielding said. The elections will be held Monday, April 23.

Offices to be filled include president, vice-president, secretary, treasurer, and the commissioners for Awards, Activities, rally, publications and assemblies.

PARTY TO HOLD CONVENTION HERE TONIGHT

With a five-point platform already formulated, Humboldt State's newest political party will open its campaign for victory in the April 23 student elections with a nomination convention tonight at 7:30 p. m. in the Coop.

Backed by several campus organizations, the RIGHT party will be campaigning for several drastic revisions of student government at Humboldt. All nominations will be made in open convention tonight, an innovation in student politics, although a standing procedure in national politics.

The party will base its campaign on five main points, a party spokesman said. Main campaign planks will include a move to give ICS greater power and to institute a two-card system of ASB membership.

The reorganization of student government would require amendment of the newly approved ASB constitution. The move would put the Inter-Club Senate, made up of elected representatives of individual clubs, on an equal footing with the ASB executive council.

The card proposal would provide a basic membership card, which would entitle the bearer to belong to clubs, participate in student elections, a subscription to the Lumberjack, and a discount at student activities. A second card would entitle the bearer to participate in activities supported by ASB funds, free admission to ASB events, a discount on the Sempervirens. The system would eliminate the present need of forcing students to pay for activities of which they are not able to take advantage.

Other platform planks include incorporation of the student body, and greater emphasis on social activities.

Dr. Judson Taylor Landis, associate professor of family sociology at the University of California, Davis campus, and nationally known authority in the fields of marriage and family relations, will be on campus Thursday and Friday, and will climax the week of discussion programs with an address in the college auditorium at 11 a. m. Friday, April 13, in the College Auditorium.

Six group discussions on specific topics have been scheduled for the early part of the week, with Dr. Landis to appear for question and answer sessions Thursday evening from 7 to 9 and Friday morning from 9 to 10:30, before his Assembly talk. The public is invited.

Appointed to the UC faculty in 1950, Dr. Landis organized the university's first courses of study in marriage and family relations. Two of his major published works are the textbooks "Building a Successful Marriage," used by more than 200 colleges, and "Personal Adjustment, Marriage and Family Living," approved as a text for California high schools.

His research has primarily concerned the development of healthy attitudes on courtship, marriage and family living.

The week's program will begin on Tuesday, April 10, with a panel discussion on "Interfaith Marriages" from 1 to 2:30 in the College Auditorium. Panel members will include the Reverend John Diebels of St. Bernard's Parish Church in Eureka, Dr. Leon Wagner, HSC assistant professor of music; the Reverend Hubert Huntley of First Baptist Church, Arcata; and Mrs. George Cooper of the Church of Jesus Church of Latter Day Saints, Arcata. Each will give his own views on the topic, then the discussion will be opened for audience participation.

Tuesday evening from 7 to 8:30, two "bull sessions" will be held in the dormitories on the topic of "Pre-Marital Sex Relations." Dr. George Scheppeler, HSC physician, will talk to the men in Red-

(Continued on page 5)

Anniversary Fete Set By HSC Alumni

Homer L. Arnold and Maurice Hicklin, instructors at Humboldt State College for more than one third of a century, will be honored April 6 at a Founders Day buffet supper and dance.

The HSC alumni are arranging the affair in observance of the beginning of class instruction at the college. The first instruction was conducted April 6, 1914, in the Arcata Grammar school about ten months after the legislature passed the bill making formation of the state normal school possible.

The buffet supper will begin at 7 p.m. in Nelson Hall on the college campus with Earl Behn performing master of ceremonies duties.

Dr. Homer Balabanis, dean of instruction, will present the history of the college from its first day.

Charles M. "Jim" Roscoe of Eureka will pay tribute to the work of Arnold. Roscoe was a student of Arnold's as well as, a fellow instructor for some five years.

Gordon Hadley, publisher of the Arcata Union, will talk on Hicklin's past experience. Hadley also attended Humboldt State college.

Closing remarks will be made by Dr. Homer P. Balabanis, dean of instruction at HSC, with Charles Fulkerson, HSC music instructor, leading guests in community singing. Dancing will follow.

NEW CAMPUS 'RIGHT PARTY' STATES ITS PLATFORM

Opinions expressed in the following column do not necessarily represent those of the Lumberjack staff, although the staff believes that each campus party planning participation in the forthcoming student body election should have an opportunity to present its platform. Equal space will be given any other party wishing it, provided the typed copy is in the editor's box, Lumberjack office, by Tuesday noon of the week of publication.

Every once in a while somebody gets a new idea. Big Deal. Once in a great while some people will get some ideas together. Bigger Deal. So if everybody gets an idea, maybe something might just actually happen. Who knows? So give a listen and let's see what you think.

First, what do you think of an organization trying to handle the affairs of a thousand students with the equipment which was fine for a hundred? That's what your overworked and undernourished Executive Council is trying to do.

Second, how about the same group trying to build a Student Union out of a petty cash box? Wouldn't an incorporated student body do the job much better?

And of course there's the same old weary hassle over money. Should we lay out twenty dollars for an ASB card of our own free will, or should we have it extracted as we enter? Neither setup is very satisfactory, so what about a compromise, say a two-card system so you can get what you want and nobody need be a Barb.

With Humboldt growing as it is, we, the students, need a constant say in our student government, and our government itself needs balance. The whole thing needs a fresh look. That's where this **RIGHT PARTY** comes in. These kids feel that something has to be decided, so they got together and drew up the answers to these questions and problems and are presenting them to the rest of the student body for consideration. Here's the pitch:

REORGANIZATION: This is the purpose of the **RIGHT PARTY**. The party would never have been organized had it not been felt that the following improvements were absolutely needed for the correct administration of an expanding student body.

INCORPORATION: Only an incorporated student body can adequately do the job of erecting, administering and paying for our new Student Union Building. This is just another step in giving them in student government the equipment to do their job properly. Incorporation is a must; let's have it.

GREATER SEPARATION OF POWERS: The Executive Council needs a balance. That balance will be you. The Inter-Club Senate will be given equal legislative power, guaranteeing the student a permanent voice in his own government. As it is now, the students say is finished as soon as he drops his ballot in the box. With this Senate, the student can get done what he thinks needs to be done, even over the head of the Executive Council if necessary. And that's the way it should be.

HEAT UP THE SOCIAL CALENDAR: All work and no play makes lots of jack. (Oops, wrong cliché) Anyway, the **RIGHT PARTY** feels that the social calendar can stand some improvements. They want to do it in two ways. First, open up the calendar to the clubs on a bid system, so that while there will be the same annual events, they will have new flavor with new groups working on them. Second, more big-name entertainment like Nelson Riddle, Gene Krupa, those two lovable brothers in entertainment Liberace and Okie Paul. You get the idea.

TWO CARD SYSTEM: Something as important as this would naturally have to come before the students again, but the **RIGHT PARTY** wants to work on it. Somewhere there is a solution to the ASB card problem acceptable to nearly everyone, and those of the **RIGHT PARTY** feel they have at the least, an idea, and they do have the drive to work on it until they come up with something you, the students, want.

This then is the **RIGHT PARTY** platform in a nutshell. (Cocoanut species). Look it over closely. Think about it. And if you like what you see, give them a hand. They can't do it without you.

SIGNED,

Crusader for the **RIGHT**

8 Humboldters In Debate Tourney

College of the Pacific is host to a speech tournament at Stockton, Thursday through Saturday, April 5-7.

Eight Humboldt State students, accompanied by Dr. John F. Pauley and Debate Coach Milton Dobkin, have entered the Pacific Province tournament.

Twelve colleges and universities in California, Arizona and Nevada are entered in the tourney. Most of the participants are members of Pi Kappa Delta, national speech honor society. HSC is now petitioning for membership.

Students from Eureka entered in the contests are Evelyn Penfold and Jim Arnot. Others include John Mayfield, Ukiah; Norm Stewart, Fortuna; Bill Busch, San Leandro; Jim Shaver, Pacific Palisades; Pete Mathiesen, Sunnyvale, and Cathy Davis, Seattle, Washington.

Dance Forms From Ballet To Bop Demonstrated By Loring Troupe

Presenting a program designed to demonstrate dance forms, ranging from ballet to free style to bop, Eugene Loring and students from his American School of Dance in Hollywood, played to capacity audiences on the college stage this past week.

Acting as a narrator who could be induced to dance, Mr. Loring began the well balanced program with a mock ballet class, complete with relaxation exercises, barre work and leaps. Then the talented young troupe toed, swayed, Charleston, and bopped their way through dances choreographed by Mr. Loring, Madam Azuma, formerly of the Kabuki dancers, and themselves.

The manner in which they moved through the varying patterns and movements characteristic of other cultures as well as our own, had a professional appearance, but at the same time had the spontaneity and sincerity of an amateur group.

Humboldt marks the first stop on a month long tour for the dancers, which will take them as far east as Iowa, where they will perform at Laurence College in Duluth.

Well known for his choreography in Hollywood films, such as "Meet Me In Las Vegas," Mr.

Loring co-founded the now famous Ballet Theatre, whose repertoire contains several of his works, including "Capitol of the World."

—Lynn Pryer

Dr. Palais Joins NCCCH Council

A new group organized at Stanford University to stimulate student interests in political affairs includes Dr. Hyman Palais of Humboldt State College on the advisory council.

Called the Northern California Citizenship Clearing House, the non-partisan group, the twenty-second to be organized in the U.S., gives equal attention to the two major parties. The organization, affiliated with the Law Center of New York University, is partly financed by the Falk Foundation, a non-profit organization interested in citizenship and social sciences.

The Northern California unit's first project will be to help sponsor the annual Northern California Political Science association conference at Stanford May 5 on the subject, "The 1956 Campaign." Director of the NCCCH is Professor Robert A. Horn of the political science department at Stanford.

SPRING PROM

(Continued from page 1)

freshments, and dancing to the music of the one and only Jack Fina and his Orchestra.

Reservation forms for the Spring Prom will be sent to everyone at HSC during the latter part of next week. Make your plans now so you can turn in your reservations early. You pay no money until the night of the Prom. Remember, the Spring Prom is for everyone at HSC and of course you may bring as many guests as you choose.

WE ASSIGN THE PROF!

Along with the preoccupation for production that supposedly characterizes our country, there is the growing need for nice inventions of a destructive nature.

Henry Ford found this out long before anyone else, and quit making the Model T and the Model A which shows no signs of ever really wearing out. Now the new cars are almost self-destructive with their blown-up fenders and smaller and smaller windows and lower seats and bigger motors. This makes way for the new cars next year.

But some things are just thrown away. Popcorn bags cry for theater seats to hide under. Gum is attracted to the underpart of seats and tables. Dixie cups cluster fairly close to a trash can, and up to a few years ago, old razor blades spent their purgatory up on the dusty top of the medicine cabinet. But now someone has designed a medicine cabinet with a small slit in the back. You push your old razor blades through this and they fall down between the studs in the wall, safely out of the way. But what of the one thing that is being thrown away constantly, day and night, in sickness and in health? A cigarette is thrown away wherever the smoker happens to be when he finishes with it.

But there are a few places where they are thrown away in unison . . . Right at the entrance to a building. And so we have to have containers. Everyone to their own poison . . . There are boxes, barrels, cement oddities, Greek urns, and Gothic grails and chalices to deposit your cigarette butts in. The next time you go into the library, note those two Jim-dandies on either side of their doors, and then figure out a better way to dispose of butts. If you figure out a good way, the architects will praise you forever.

—Syd Stibbard

HSC COUPLE WED

Two former Humboldt students, Pat Johnson and Fred Doring, were married February 1 in Indio, California.

Word reached the Lumberjack through an announcement sent by the couple to Professor Maurice Hicklin.

Mrs. Doring during her semesters at HSC was exceedingly instrumental in the establishment and strengthening of the College "Y" club, and she served the group as president and as secretary. Her husband majored in pre-physics and was active in the Engineering Club.

The couple are making their home in Austin, Texas. Their mailing address is Box 7954, University Station, Austin.

YOUNG GOP PARTY FOR HSC

The appointment of Norman L. Stewart as temporary chairman of the projected young GOP party was announced today by Mr. Bruce Sweet, vice president, Region I, Young Republicans of California. This group is being organized to enable and encourage all students to actually take part in political activities and give them a better understanding of the issues and candidates involved. Membership is open for men and women between the ages of 18 and 41. Watch the Daily Bulletin for further announcements. All interested students are welcome.

CLUB CORNER

The Newman club is a national organization for Catholic college students, and was initiated at Humboldt several years ago.

The club has been active in several interesting and worthwhile projects; among these are the annual Xmas carolling for hospitals and rest homes in the area; the Mardi Gras, which was one of the most memorable of college dances this year; and the

painting-party for Catholic hall. In addition the group had an entry in the Homecoming parade, have sponsored a cake sale, a swimming party, a beach party, and had several breakfast parties and in addition the Newman club was represented on the committee formulating the program for Religious Emphasis Week.

All Catholic students are eligible for membership.

Bob Jacobson is the president, and Dr. Roske and Mr. Jackson are advisers.

STUDENTS WITH WINGS?

A new flying program for college undergraduates was announced recently by the Marine Corps.

To be known as the Platoon Leaders Class (Aviation), its major features will be that members belong to it at the same time they attend college and are guaranteed flight training as officers immediately upon graduation from college. No Marine Corps training takes place during the college year, however.

College-time training will consist of six-week indoctrination sessions during two summer vacations from school. These will be held at the site of most Marine officer training, the Marine Corps Schools, Quantico, Virginia.

Upon completion of the training and coincident with graduation from college, members will be commissioned as second lieutenants in the Marine Corps Reserve. At this time they will be designated student aviators and immediately begin the 15 to 18 month Flight School at the Naval Air Station, Pensacola, Florida.

This will be the first major change in the Platoon Leaders class since its inception in 1934. The Platoon Leaders Class has been the largest source of Marine officers since that time. About 80 per cent of the officers commissioned from colleges each year are graduates of the program.

The new course will incorporate the methods of the ground Platoon Leaders Class. Members of both programs will attend the same preliminary training at Quantico where they will receive basic Marine Corps training. During the second Quantico sessions, aviation candidates will undergo indoctrination flights and receive the aviation metal and physical examinations.

Although graduates of the ground Platoon Leaders Class are required to attend the Officers' Basic Course upon graduation from college, this requirement will be waived for aviation graduates. They will go directly to flight training.

Upon completion of flight training, assignment will be as a pilot in one of the three Marine aircraft wings or other aviation units, flying jets, helicopters, or other type planes. All training and assignments will be for flying. No non-flying applications will be accepted for this program.

Unlimited quotas has been set. Applicants must be college undergraduates majoring in fields other than art, music, theology and medical and dental subjects. They must be of good moral character, of commissioned officer caliber, and physically and mentally qualified for aviation duty. Candidates must be at least 17 years of age. They must be less than 26 on July 1 of the year in which they will graduate from college. There are no restrictions on marriage.

Applications are being accepted.

Duck Draft By Joining Reserve Says Recruiter

Young men eligible for Army duty may now discharge their military obligations to the nation by enlistment in the Reserve under provisions of the Reserve Forces Act of 1955. Term of enlistment is dependent upon age and the length of time the man wishes to spend in active service.

There are two programs available for fulfilling the military obligation called for in the Reserve Forces Act of 1955, signed by the President on August 9.

The first, for persons who have not been ordered to report for induction, is a six year enlistment in the Army Reserve. During the term of this enlistment, the enlistee must perform two years on active duty in the Army; serve satisfactorily in the Ready Reserve through attendance at 48 weekly drill meetings and a 17-day summer encampment for each of three years, and finally serve one year in the Standby Reserve, which requires no active training.

The second is an eight year enlistment for youths between 17 and 18½. This enlistment offers a deferment from the draft. Under this plan the enlistee will be required to serve six months on active duty and 7½ years in a Ready Reserve Unit. High School students choosing this plan will be deferred from active duty until they graduate, or as long as they show progress toward that goal, or until reaching the age of 20 years.

Selective Service can induct eligible men who do not avail themselves of the enlistment programs of the Army Reserve.

Young men desiring additional information about these programs should contact the local Army Reserve Advisor, 219 Fifth street, Eureka, or phone HI 2-0229.

ed by the Marine Officer Procurement Officers in San Francisco.

Princeton Tests In Medicine This May

PRINCETON, N. J.—Candidates for admission to medical school in the fall of 1957 are advised to take the Medical College Admission Test in May. It was announced today by Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges. These tests, required of applicants by almost every medical college throughout the country, will be given twice during the current calendar year. Candidates taking the May test, however, will be able to furnish scores to institutions in early fall, when many medical colleges begin the selection of their next entering class.

Candidates may take the MCAT on Saturday, May 5, 1956, or on Tuesday, October 30, 1956, at administrations to be held at more than 300 local centers in all parts of the country. The Association of American Medical Colleges recommends that candidates for admission to classes starting in the fall of 1957 take the May test.

Application forms and a Bulletin of Information, which gives details of registration and administration, as well as sample questions, are available from pre-medical advisers or directly from Educational Testing Service, 20 Nassau Street, Princeton, N. J. Completed applications must reach the ETS office by April 21 and October 16, respectively, for the May 5 and October 30 administrations.

WHAT, WHY, IS A FULBRIGHT?

What makes a good Fulbright scholar? What are the gains from a Fulbright year abroad? How are they selected?

The Fulbright program is part of the 'international educational exchange activity of the Department of State. The Fulbright Act authorizes the use of foreign currencies and credits acquired through the sale of surplus property abroad for educational exchange. It makes it possible for American students to study abroad and pays travel for foreign students coming to the United States. In addition to its student provisions, administered by the Institute of International Education, the Fulbright program provides grants for U.S. teachers, professors and lecturers to go abroad.

In "Behind the scenes," an article on selection committee procedures, written for the IIE News Bulletin, Dr. Sims states, "From the point of view of a professional educator perhaps the greatest shock was the discovery that the primary purpose of the Fulbright program is not to help bright students get Ph. D's. What the selection committee seeks are representative young Americans qualified for further study and capable of profiting by study in a foreign university, not necessarily candidates for advanced degrees or committed to an academic career."

Another comment on Fulbright selection and qualifications from researcher Nancy Jane Kenney who says the key to the usefulness

of the whole concept of exchange programs is that much of the success of any exchange student depends on his personal attitude.

"It seems to me that to find acceptance in a country and thus to get to know it and to do this in such a manner as to foster mutual sympathetic understanding, it is essential that the exchange student have a personal attitude that includes among other things an actively positive and, respectful approach to its people, an eagerness to learn rather than to teach, a genuine ability to see and feel beyond the cultural facades, and last but not least, simplicity. Only in so far as a program of student exchange can select people with such an attitude is it likely to be of any real use in promoting better international relations."

S. C. Roberts, Master of Pembroke College, Cambridge University, and a member of the U.S. Educational Commission in the United Kingdom, comments on the value of participation by American Fulbright scholars in British college life. "The process of what Senator Fulbright calls the 'civilizing of international relations' is begun."

A grand total of 5,549 American students have studied in 27 countries since the inception of the Fulbright program, eight years ago.

How to Pay for Your Trip Countless Ways to Raise Money for a Vacation

By Sherry O. Hessler
Swarthmore College

Even with a nearly-empty bank account and only months in which to make plans, you can still go abroad this summer.

It usually requires something between \$500 and \$1,500, but the possibilities of raising it are infinite. A simple solution, of course, is a parental expense account or graduation present. But full or part scholarships are plentiful, and ingenuity is worth a great deal.

When you point out that it costs about half the necessary just to keep you at home, parents begin to look on a summer in Europe for you as part of the four-year education they expect to provide. Not only is it a guarantee of making college studies more valuable (partially indispensable to the fine arts, history and language), but like the college education itself, a trip abroad can be looked on as an investment in a career, especially government or teaching, and as a liberalizing experience essential to the American citizen.

If your parents cannot make a substantial contribution to the cause and your own funds are low, look into the variety of scholarships and work possibilities offered by any number of organizations. The National Student Association, at 701 Seventh Avenue, New York City, publishes a pamphlet, "Work, Study, Travel Abroad . . ." which gives detailed information on costs, travel as part of summer study programs, student tours, and non-denominational work camps.

Don't overlook the work camps of specific denominations, most of which will pay living costs but not transportation. Anything helps.

Scholarships for Travel
Almost all colleges and universities have scholarships for travel to Europe or South America. Language departments are informed of these programs; deans and registrars can advise you on credit courses abroad, either in foreign universities or

in "summer units" of American colleges. Foreign governments, too, award scholarships for study in their countries, and the Consulates or tourist offices will be glad to send you the details.

And it is still possible to "work your way over." One enterprising freshman organized a tour of his own, had a local travel agency make all the arrangements. His efforts resulted in enough money to pay his passage. He went over as guide, agent and general trouble shooter.

The surefire way of raising money for the summer abroad is to do as one hardy soul I met. For a period of months she held down four or five jobs at once, in addition to her college schedule. Besides the usual devices such as college office work, waiting on tables and so on, she sold dresses in the evenings and worked weekends on a tobacco farm. The clincher was her intention of regaining her investment by writing a book about it afterward.

8000 CS Jobs Open

Students who accept Federal civil service jobs, and later leave the Federal service to enter military service, will have job-restoration rights on completion of their military tour of duty, Albert W. Blood, Placement Officer, Humboldt State College, said today. This year, over 8000 Federal jobs throughout the country will be offered to successful candidates in the Federal Service Entrance Examination, including positions in general administration, social security administration, production planning, personnel management, statistics, investigation, agriculture, technology, forestry marketing, and other fields.

Additional thousands of jobs will be offered engineers and scientists in Federal research and development programs, accountants in auditing agencies and government industrial accounting systems, production specialists in large aircraft and shipyard production and maintenance activities, and medical officers in industrial establishments.

Applications are still being accepted for all of these positions. Further information and application forms are available in Room 209 of the Administration Building on the campus of Humboldt State College, or from the U. S. Civil Service Commission's office at 630 Sansome Street, San Francisco 11, California.

LUCKY DROODLES! DO 'EM YOURSELF!

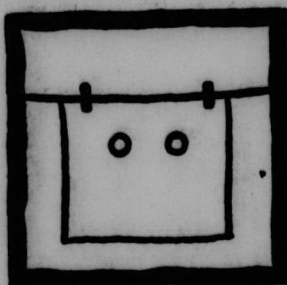

WHAT'S
THIS

For solution see
paragraph below.

LET THIS ONE SINK IN. It's titled: Lucky-smoking golfer lining up putt. He may miss the putt, but he's not missing out on better taste. Luckies give you better taste every time. That's because they're made of fine tobacco—light, mild, naturally good-tasting tobacco that's TOASTED to taste better. So follow through—join the swing to Luckies. Nothing beats better taste—and you'll say Luckies are the best-tasting cigarette you ever smoked!

KENL On 1340 kc.**NEW ARCATA RADIO STATION GOES ON AIR NEXT WEEK**

A new radio station for the Redwood Empire and the first in Arcata will be on the air with the opening next week of KENL. KENL is a 250 watt full-time station on 1340 kc. Hours will be 6 a. m. to 11 p. m. The station is located on south G street, old highway 101, south of Arcata.

Owner and general manager of the station, Vern Emmerson, pointed out that "every effort has been made to have the entire operation of the station sound good. We've purchased the very best equipment. We've obtained the services of the best announcers we were able to find. By going to a music and announcement type of programming we can give the advertiser the greatest possible coverage for his advertising dollar."

The physical plant is located on three acres, with more than four miles of copper wire in the ground system. The 155-foot tower is a non-directional aluminum anodized tower. The station is equipped with the latest RCA radio equipment.

New and designed for this particular operation, the building has 18 by 29 foot main office and reception room.

The news programs will be on the hour every hour for five minutes. Every other newscast will feature national headlines and local news. News service will be by Associated Press, direct wire.

The schedule will consist of a block type of programming, including every type of music. "If you like any type of music, you'll listen to KENL," Mr. Emmerson declared.

Mr. Emmerson has had seven years of radio experience. He worked first as chief announcer and later as production manager for radio KUJ, Walla Walla, Wash., while attending college. While serving as head of the department of speech at Walla Walla College, Emmerson built and managed the first wireless radio station to be installed at the college (KWVC). In his first year in California he was program director of radio station KHUM in Eureka.

Lee Norton will serve as program director and chief copy writer. Mr. Norton has spent some 12 years in the radio field, most recently at KROY, Sacramento. Chief engineer and announcer will be Vince Lambert. He has had 15 years in the radio field, most recently as chief engineer at KCRA, Sacramento. Ted Anderson, from Burlingame, and Ivar Madsen, from Arcata, will

These HSC coeds were photographed as they practiced the right way to service your car tomorrow! The Veterans Club has been given free rein at Clyde and Bill's Mobile service station at Eighth and G streets in Arcata, for all day Saturday, April 7, and all the net proceeds will go to the Veterans' Loan Fund, strictly for student vets.

Starting at the left front, and going around the car, are Vida Harsh, Edith Sater, Bonnie Fleckenstein, Linda Cobb, Pat Duffy, Carol Torrence, Marilyn Wright, and Pat Hutchens. Donna Anderson, Sally Conklin, and Pat Heney were unable to practice that day, but they'll do a good job for you and for the vets too! The lone male, co-owner Bill McKenzie, instructed the gals. Be sure to take your car down tomorrow.

Marriage Education Week

(Continued from page 1)

wood Hall, with Ben Zlataroff, Redwood Hall president, as student chairman. Mrs. Beverly Griffith, HSC nurse, will talk to the girls in Nelson Hall, with Joy Parlato, Nelson Hall president, as student chairman of the session.

Wednesday afternoon from 3 to 4 p. m., a coffee hour will be held in the Little Dining Hall of Nelson Hall, with discussion on the topic of "Religious Attitudes and Family Life." The committee in charge will be Dr. Joseph Trainor, assistant professor of education and psychology, and students Mike Fielding and Mrs. James McFarland.

A "Coop Bull Session" will be held Wednesday night from 9 to 10 in the Coop, on "Campus Marriages." Mike Ladd, freshman from Arcata, will be student chairman for the group discussion, with Mrs. Robert Meeks, a student wife; John Satterthwait, a former student and local teacher; and an HSC faculty member as resource persons to aid the discussion.

The Thursday program will begin with a discussion on "Managing the Family Finances" from 2 to 3 p. m. in the College Auditorium. William Jackson, associate professor of business administration, will moderate the panel discussion, with six married students as panel members. Participating will be Mrs. Marilyn Hardie, Mrs. Mary Kirkpatrick, Mrs. Carol Torrence, James Chezem, George Ibarreta, and Dave Mills. Student chairman is Leslie Holgerson, with Dr. George Barnes, assistant professor of physics, as faculty adviser.

Immediately following, in the auditorium, will be discussion on "Bringing Up Children," from 3 to 4 p. m. The faculty adviser for this discussion will be Franny Givins, assistant professor of physical education and HSC basketball coach, with Pete Pollack, junior from Upland, as student chairman.

An informal coffee hour will be serve on the sales staff.

Announcers will be four network quality announcers from Sacramento and the bay area.

VET'S CORNER

This Corner this week wishes to explain once again about our station-for-a-day project tomorrow.

Owners Bill McKenzie and Clyde Johnson of the Mobil station at 8th and G streets in Arcata, have donated their entire proceeds, less expenses, to the HSC Veterans Club. In return the Veterans' Club is providing the

labor necessary for the car washing and gas pumping. The regular station employees will provide the lubes and oil changes, while eleven of HSC's Loveliest will be providing the windshield wiping in their torreador trousers.

The monies derived from this project will be used to further the Vet's Club Loan Fund, which will be used for loans to Veterans attending HSC. These loans will be without interest and will be made for practically any worthwhile reason.

Towards helping us to build this fund to a workable size we urge all members of the student body and faculty to do their lubricating and gas filling tomorrow at the Mobil station at 8th and G streets in Arcata, between the hours of 7 a.m. and 9 p.m.

Also at this time I want to publicly express our gratitude to the Eureka Newspapers, radio stations KHUM and KIEM, television station KIEM-TV and the Arcata Union.

—Fred Byrd

Indust. Arts Club Project Exhibit April 18 - 20

The Industrial Arts Club of Humboldt State College is presenting its second annual exhibit starting Senior day, Wednesday, April 18, and continuing through Friday, April 20. The exhibit will be held in Jenkins Hall from 8:30 to 4:00 Wednesday, Thursday and Friday, and Wednesday evening from 7 to 9.

The show will feature projects made by industrial arts students of H. S. C. and all high schools in the North Coast Section of California Industrial Education Association.

The high school projects will be judged and awards presented.

The Industrial arts club members are also selling some of their projects to raise a scholarship fund for industrial arts majors.

Refreshments will be served.

held in the Dean of Students office from 4 to 4:30, so that the students may meet Dr. Landis.

Thursday evening from 7 to 9 o'clock, Dr. Landis will conduct an informal group discussion in the Dean of Students office on "Married Students . . . What's On Your Mind?" A similar session, entitled "What's On Your Mind . . . Continued" is planned for Friday morning, 9 to 10:30, preceding Dr. Landis' address climaxing the Marriage Education Week.

Mrs. Kathryn Corbett, assistant professor of sociology at Humboldt State College and instructor for the campus marriage and family education courses, is general chairman of Marriage Education Week.

LUMBERJACK

April 6, 1956

JACK BASEBALLERS BEGIN BUSY ROAD SCHEDULE

The Lumberjack baseballers will try and get back on the win path this weekend, as they leave tomorrow on a road trip that includes a total of five games to be played in three days.

Five games in three days face the Humboldt State baseball squad when it leaves Saturday on its second road trip of the season to meet intercollegiate competition.

Ced Kinzer's Lumberjacks will play Oregon Tech Saturday at 8 p. m. and in a double header Sunday at 1 p. m. at Klamath Falls, then will meet Southern Oregon in a doubleheader Monday at 1 p. m. at Ashland.

A 15-man squad, including six pitchers, will accompany Kinzer, leaving early Saturday morning and returning immediately after the doubleheader Monday.

Kinzer said the squad this week would try to iron out some of the weaknesses that showed up in the team's double loss, 3-1 and 5-2, at Santa Rosa last week.

Lefty Bill Wilber likely will chuck the opening game against the OTI owls, but Kinzer has not yet named hurlers for the doubleheader. Jim Richardson, letterman right hander, and Warren Baker, who is showing up strong as the No. 2 pitcher, are good bets to go against SOCE. Kinzer also will be able to call on Gerald Cameron, Gary Mauney and Tom Retzlaff.

Al Schrader will be at catch, Ralph Mayo at the keystone, Bob captain Phil Huff at first base, Lawson at shortstop, Gerry Garcea at third, Larry Taylor in left field, Al Deniz in center and Dick Dudley in right. Carl Carlson will be used as utility.

The Santa Rosa games unveiled some weaknesses in the pitching squad. Kinzer pointed out that the Jacks outthit their opponents in both games, but the pitching was not strong enough to override the effect of some miscues in the field.

Humboldt does not have a real fast ball pitcher, and the hurlers are relying on the occasional fast ball artfully spotted as a change up from the curves. The Jack pitchers will be working on the breaking stuff all week.

Southern Oregon should show Humboldt one of its better teams in years. The Red Raiders have a veteran squad that won 12 while losing only four last season. The Raider pitching staff is headed by Lloyd Hoffines, senior right hander, who won four and lost only one last year.

JACKS LOSE PAIR TO SANTA ROSA

The Lumberjack diamond nine were downed in both games of a doubleheader with Santa Rosa last weekend by the scores of 3-1 and 5-2.

The first game was a pitchers duel with each team getting but two hits apiece. The Jacks outthit Santa Rosa in the nightcap but were unable to put them together.

Al Deniz was the star for Humboldt, as he scored all the Jack runs in both games and hit two triples besides.

Humboldt Golfers Engage In Meet At Chico

Humboldt State golfers, who lost their opening meet of the season to Portland State March 24, will be facing even stronger competition when they go up against Chico State and San Francisco State in a Far Western Conference Round Robin tomorrow afternoon in Chico.

Both the Wildcats and Gators won over Portland State and will be favored over Humboldt. Coach Franny Givins will take five Lumberjack divotmen to the meet. The squad will be led by Jim Vinum, No. 1 player and the only Jack to win points in the season's opener.

Conference teams are competing in round robin matches for the first time this year, and the matches count toward the conference won-lost record and the league crown. Previously the conference meet alone determined the championship.

Besides Vinum, the traveling squad will consist of Bob Archibald, a sophomore with no experience; Alan Hendrickson, sophomore with one year of experience; Joe Kramer, senior with one year of experience; and Bob Rice, sophomore with one year of college golf.

The remainder of Humboldt's golf schedule is as follows: April 13, Far Western Conference round robin with Sacramento State, San Francisco State and Cal Aggies in San Francisco; and May 11 and 12 the Far Western Conference meet is scheduled to be played in Sacramento.

Jack Golfers Lose To Portland

Humboldt State's golf team engaged in its first meet last Saturday afternoon and were defeated by Portland State's clubmen by the score of 25½ - 1½.

Jim Vinum was the only Jack to garner a win, as he fired a 74 for a 1½-½ victory over Jack Knudson of Portland. Vinum is the only freshman on the golf squad but looks to be one of the top golfers for Humboldt.

In other meetings, Mamil Hval defeated Bob Rice, Dick Hogan downed Joe Kramer, Roger Williamson beat Bob Archibald. King Shanks topped Alan Hendrickson and Dave Yost edged Jim McAuley.

Low score of the day was King Shanks of Portland State with a one over par 73.

SAN FRANCISCO AND CHICO ENGAGE LUMBERJACKS

Humboldt State's improved tracksters have a tough assignment lined up next Saturday afternoon, in the form of the University of San Francisco Dons and Cal Aggies, whom they meet in a three way extravaganza at Davis.

This is the second taste of college competition for the Jack thincads who engaged in a meet with Chico and Nevada last weekend at Chico. The Jacks made a good showing at Chico, finishing second behind Chico, and taking several first places.

Coach Bob Doornink was pleased with the sharp early season form shown at Chico by his much improved squad. Unable to make the trip last weekend because of illness were Larry Amos, sophomore middle distance man and Justin Crosby, sophomore miler who are ready for tomorrow's meet.

Cal Aggies recently met the College of Pacific and Idaho State in a three way meet and finished third. Cal Aggies finished fourth in the conference meet last year

Junior Jacks Win Over Prepsters

The Humboldt State Junior Jacks clubbed out a 12-7 win over a hustling St. Bernards baseball nine last Wednesday at the VFW ball park, in Eureka.

St. Bernards, playing its first season of organized high school league baseball, kept the ball game tight for the first five innings and had the Jacks worried throughout the game.

Humboldt started off the scoring with four quick runs in the top half of the first inning. St. Bernards bounced back for a tally of their own in the bottom of the first.

The Crusaders tied up in the second, as they exploded for four runs while the Jacks got one marker on the score board. The inning ended in a 5-5 deadlock.

It remained a tie until the top of the sixth inning when the Junior Jacks rallied for three more runs and the Crusaders added a marker of their own. However, in the seventh, Humboldt rolled to four runs and clinched the hard fought victory.

Dick Trone lead the Jack attack with three singles in four trips, while pitcher Gary Mauney and catcher Tom March chipped in with two-for-three efforts.

Maze was the winning pitcher for Humboldt. Daly was the loser for the St. Bernards squad.

and defeated Humboldt in another meeting during the 1955 season.

This will be the first meeting between Humboldt and the University of San Francisco, whose biggest claim to fame lies in its unbeatable basketball combine.

Making the trip to Davis will be the following Jack trackmen: Warren Baker, high jump; Harman Bonniksen, sprints; Earl Barnum, high jump and broad jump; Hank Cooper, javelin; Jim Davis, hurdles and broad jump; Bill Henry, 440; Eric Hughes, distance events; Ralph Johnson, hurdles and weights; Harvey Kesterson, distance events; Gordon Moore, weights; Joe Myers, high jump, sprints and 440; Norm Scott, distance events; Warren Smith, 880; Wayne Smith, 880; Kent Stromberg, sprints; Dave Sturdyvin, hurdles; Terry Wallace, hurdles, pole vault and high jump; Paul Williams, 440 and broad jump; Ben Zlatoff, weights; Tony Vasquez, hurdles; Larry Amos, 440 and 880; and Justin Crosby, miler.

JACKS SECOND AT CHICO MEET

The Lumberjack track team garnered second place in the three way meet with Chico and Nevada last weekend at Chico.

Three school records fell at the meet which Chico won. Paul Williams broke his own mark of 51.3 in the 440 with a fast 50 seconds. Williams also shared the broad jump mark of 22 feet nine and a quarter inches with Earl Barnum.

Hank Cooper was the other man, who broke his own javelin record by tossing the spear 174 feet eight inches, bettering the old mark by ten feet. Cooper finished second in the event however.

Other Humboldt Staters finishing first in their respective events were Harman Bonniksen with a swift 10.1 in the hundred; Eric Hughes, 11:24.4 in the two mile; and Jim Davis who turned in a time of 25.2 in the 220 low hurdle.
