2100 Students Expected

Largest Enrollment In 46-Year HSC History

Predictions of an enrollment of 2100 — largest in the 47-year history of Humboldt State — were today coupled with offers of assistance in any and all types of problems by administration officials as the 1960-61 school year began.

Starry-eyed freshmen, Blase sophomores and "old pro" upperclassmen successfully navigated the breakers of registration in late-week workouts and were expected to hit the beach of first classes Monday.

Some new things and many of the old will greet the flood of students. The administration has taken the "shifting of gears" into a bigger-than-ever enrollment in stride, and is eager to help.

From the placement office to the activities center, through the housing office, registrar, counseling and Dean of Students facilities, to the registrar and all the others in the Ad Building—everyone is ready to help HSC students, both new and old.

Perhaps the office most frequently visited in the early days of school is the registrar's. The long working area, fronted by a row of glass windows, is usually one of the busiest spots on campus.

Registrar Mary Ann Smith and her staff have not let the 2100 student prediction scare them. In outlining several things for students to be aware of, Mrs. Smith had indicated that her office is capable of handling almost anything.

"We won't think about the problems that might happen to students in the first weeks," Mrs. Smith says. "We'll merely plan

ahead to encounter them before they come up."

Class Problems

Areas pointed to by the registrar as most important now include adding and dropping classes and making it official.

Classes may be added for the first week of instruction, if both professor and advisor give approval and the proper card is submitted at the registrar's office. Two weeks are allowed for dropping classes, with the advisor and professor again the "men to see."

After the allotted periods of time for adding and dropping, a student may conceivably still "make it." A petition must be submitted to the Academic Regulations Committee, however, increasing the difficulty of a change.

In the third week of classes the official study lists will be mailed out, according to Mrs. Smith. The pink slips are a set statement of the registrar's records of what classes the students are enrolled in.

If a student is erroneously entered in a class and receives a grade of "F", the grade stands unless the student clears up the discrepancy as soon as the study lists are sent out.

Blind Student

Dr. Chester Collins, associate dean of admissions and records, has issued information helpful to

(CONTINUED ON PAGE 4)

Casting Starts Today for 'Death Of A Salesman'

Tryouts for the fall production, "Death of a Salesman," have been set today, and Monday, September 19, at 4 p.m. in the Studio Theater according to Dr. Jerry Turner, director of the Sequoia Theater.

The Pulitzer prize winning modern tragedy which was first produced in 1949, was written by Arthur Miller, who is probably better known as the husband of glamorous star Marilyn Monroe.

Directing the production is John McElhane, a new member of the Speech Department. McElhane comes from the San Mateo College and Millbrae Community Players and received his education both at Stanford and Northwestern Universities.

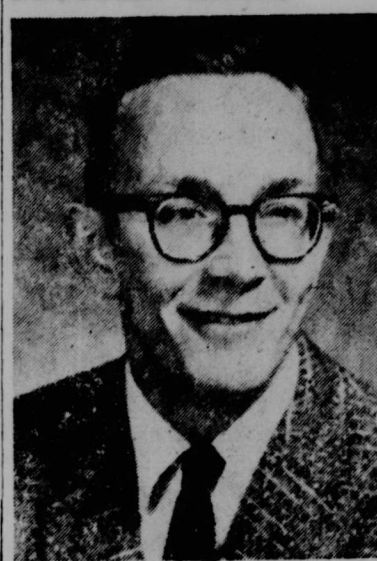

In December the Sequoia Masque will present Oscar Wilde's "Importance of Being Earnest," which is a high artificial-type comedy.

During the spring semester, Bernard Shaw's "Androcles and the Lion" will be presented. This production is a fantasy fable on Christianity.

A student directed play, "Mandrill," will be presented in March. The play, which was written by Nicolo Machiavelli, author of "Prince," is a sweet little show dealing with sex on the caliber of "Playboy" classics.

Lynn Riggs' production of "Roadside" will be the final appearance of the year for the players. Riggs, who is the author of Oklahoma, depicts another western folk play in this production.

ASP Temporary Treasurer; Merritt Quits

PAUL ASP

Paul Asp has been temporarily appointed ASB treasurer by president Dennis Cahill. Ratification of Asp's nomination will be asked at the September 22 meeting of the executive council.

Bob Merritt, elected to the post in spring elections, resigned in order to attend Sacramento State because of a severe family illness.

Asp, a senior political science major, was the presidential candidate of the Lumberjack Leaders last spring.

HOWDY DOODY HOP

Final plans are being made by the sophomore class for the annual ASB sponsored Howdy Doody dance slated next Saturday, September 24. The Melodjers will play from 9 p.m. to 1 a.m. in the women's gym.

The Humboldt State Lumberjacks, coming back from a brilliant and tremendous 9-1 1959 season, open their 1960 version of football tomorrow night against the rugged Linfield College Wildcats of Oregon, at Eureka High's Albee Stadium, starting at 8 p. m.

Twenty seven returning Lumberjacks from that most successful team in history plus a vanguard of promising transfers and freshmen, give the green 'n gold locals an even chance against the equally experienced and talented Wildcats.

Linfield has 23 returning lettermen plus several outstanding freshmen. "We'll give anyone a battle," Coach Paul Burham said.

The Lumberjacks will have a slight edge in condition, having opened practice September 1, drilling twice daily until last Wednesday. The Wildcats began practice September 5. However, they have played a game with their Alumni.

Both teams have explosive backs. (Continued on Page 4)

Calendar of Events

Saturday, Sept. 17
HSC - Linfield game at Albee Stadium in Eureka. Free with ASB cards.
After game dance in women's gym.

Sunday, Sept. 18
President's reception honoring new faculty from 3 to 5 in the cafeteria.
Student activities sponsored movie.

Monday, Sept. 19
Instruction begins.

Wednesday, Sept. 21
AWS Coketail party, 7:30 p. m. in the Green and Gold room. Big sisters assigned.

Friday, Sept. 23
All church square dance party.

Saturday, Sept. 24
HSC - Eastern Washington game there.
ASB Howdy Doody dance.

Incoming Freshmen Load Bus for Frosh Picnic

Humboldt State freshmen load a picnic during the three-day old on campus last weekend.

Orientation by camp leaders, veteran HSC students and professors, highlighted the annual affair.

President Siemens' Welcome

"Welcome one and all to the 1960-61 academic year! Even though we dedicated seven new buildings last May, you will witness the construction starts of four additional buildings during the coming year. Please translate the inconveniences into pride over a bigger and better campus. Increases have also been made in our staff with 24 new professors and other professional appointments. The coming year promises to be a good one for many reasons

"All our efforts are bent toward making this a worthwhile college year for each of you. We ask only that you take advantage of the many opportunities provided for your intellectual and personal growth.

"Please accept my personal wishes for a successful year."

/s/ Dr. C. H. Siemens, President

After all, We're All New

About this time of year a great emphasis is placed on the "newness" of incoming freshmen. However, it comes to mind that almost every one of us at HSC is new at something we're doing this year.

ASB president, Dennis Cahill, has never been president of a college student body before. The members of his cabinet—the secretary, rally commissioner, cheerleaders and representatives—are all new to the offices they hold.

To be sure, they are all leaders, and probably have been since junior high school days, but they are still just a bit green in their positions and have to orient themselves.

Every student and teacher will probably be doing something foreign to them this fall. If not, someone has stopped his growing process. The sophomores who went through the torments last year, and many upperclassmen and graduate students, will have different or new classes, jobs and responsibilities.

There are nearly 20 new instructors on campus this term and things are new to them too: new buildings — classroom or faculty procedures — HSC traditions.

So you see, we're all new, from the professor, perhaps with his doctorate, through the ASB president and the Lumberjack editor. You're new at being college students and we're new at our classes, jobs, offices or what have you.

We extend to you a great big hand of welcome and assistance if you need it. Hope you'll do the same.

24 New Members Added To Humboldt Faculty, Staff

(NEWS SERVICE) — President Cornelius Siemens has announced the addition of 24 new faculty and staff members who will serve the college for the 1960-61 school year.

In a general faculty meeting Monday morning, Dr. Siemens also marked the return of four faculty members who have been absent on exchange or study leaves. They include Mrs. Helen Grilley, Dr. Arthur Smith, Prof. Reese Bullen and Prof. Linwood Carranco; and recognized two faculty members, Thomas J. Clark, chemistry and Richard Day, English, who completed work for and obtained doctorate degrees this summer.

Two extra divisions begin functioning this fall, with the creation of the division of biological sciences, Dr. William Lanphere, chairman, and the division of physical sciences, Dr. Roscoe Peithman, chairman. The two divisions were created from a separation of the division of Natural science, and makes a total of nine divisions of study now being offered by the college. New courses to be offered for the first time this fall include

a four year degree program in civil engineering, a master degree program in psychology, and a minor in public relations.

New appointments by division as announced by the president include: division of biological sciences, Helen Allen, coordinator, nursing education; and Barbara Palmerton, nursing education; division of business, Dr. Lincoln Chao, business management; Russell R. Connett, business administration; and Dr. Braxton Henderson, business education.

Division of education and psychology Dr. Betty Stewart, psychology. Division of fine and applied arts, William Thonson, art; and Charles Bleything, musicology; health and physical education: Dr. Ralph Hassman; division of language arts: George Abbott, journalism; John McElhane, speech; natural resources: and Dr. Rudolph Becking, forestry.

Cahill Issues Welcome To Old, New Students

"It is a pleasure to have this opportunity to welcome every student, both old and new, to Humboldt State College for the 1960-61 school year.

"Despite a few inconveniences, such as the destruction of the Coop and the playing of the football games in Eureka, this should be a most enjoyable year. The activities and assemblies calendars have something for everyone. This year's athletic teams should be among Humboldt's greatest.

"Let us continue to better Humboldt's friendly spirit. Take pride in our reputation for friendliness; take pride in attending Humboldt State college.

"Your Executive Council would like to encourage each of you to be active in your student government and it invites you to attend their meetings. These meetings will be held every Thursday at 4:00 in a site to be announced in next week's edition of the Lumberjack.

"Again, welcome to Humboldt State College. If I can help you in any way, please let me know. My office will soon be located in the new Campus Activities Center in old Nelson Hall. Until then, feel free to approach me anytime on the campus or call me at my home.

"I sincerely wish each of you the best of everything for the entire school year."

/s/ DENNIS CAHILL

Annual Coketail Party Scheduled Wednesday Night

The annual AWS coketail party welcoming freshmen and new students has been slated Wednesday at 7:30 p. m. in the Green and Gold room of Founders Hall.

A special feature will be a fashion show and commentary "What to Wear When" by Daly's college board, made up of prominent HSC women.

Freshmen will be assigned big sisters if they applied for admission before August. Big Sisters are sophomore, junior and senior women attending HSC.

Holmes Endorses Elementary Math Changes

(NEWS SERVICE) —Returning recently from a two week summer conference in arithmetic and mathematics for college teachers of arithmetic curriculum and methods, and supervisors of elementary arithmetic held at the University of California at Berkeley, Dr. LaMar L. Holmes heartily endorses the proposed changes in the mathematics program of the elementary schools of the nation.

Holmes is assistant professor of education and psychology at Humboldt State College. The conference was sponsored by Sacramento State College and the University of California through a National Science Foundation grant.

Fifty-eight participants came from every part of the United States and represented college and university departments of education, departments of mathematics, and supervision of elementary education in public school districts.

The conference was addressed by thirteen outstanding leaders in the field of mathematics and mathematics education. They included the following: Dr. Howard F. Fehr, Columbia University; Dr. Izaak Wirszup, University of Chicago; Dr. E. G. Begle, Yale University; Dr. Warwick W. Sawyer, Wesleyan University; Dr. Maurice R. Ahrens, University of Florida; Dr. Francis J. Mueller, University of Rhode Island; and Dr. Carl B. Allendoeffer, University of Washington.

The purposes of the conference were to examine the teaching of arithmetic in the elementary school, and to review the preparation of elementary school teachers in the light of their changing role.

The consensus of the participants at the conference was that changes are needed in the mathematics program of the elementary school to keep pace with the rapid technological development of our society.

The idea of experimental programs was approved, but final recommendations must await thorough evaluation.

The key to improvement in the elementary curriculum, according to Dr. Holmes, and to the greater effectiveness of the elementary arithmetic teacher lies in the inclusion of increased mathematical content in the curriculum of teacher education, both at the pre-service and inservice levels. This should lead to the alteration of the arithmetic program in the elementary schools in the direction of greater mathematical understanding, developed through a discovery approach so that it may be more universally applicable, both to life situations and to further mathematical study. More effective presentation of mathematics to children is predicted on the assumption that teachers are well versed in the most efficient instructional procedures.

Frosh Camp Described By Incoming HSC Freshman

By SHELLY GRUSLIN

With booster caps firmly planted on our heads and suitcases in our hands, about one hundred and fifty future Humboldt Stater's began annual Frosh Camp last weekend. The Camp was held September 9 and 10 and was designed as sort of a welcome aboard for all interested incoming Freshmen.

Our first assignment was to get settled and to report to an assembly where we were given the cheery news that approximately one third of us would not be around very long. According to Dr. Girard the mortality rate is very high after the first semester exams and many of us might soon be getting a friendly but firm goodbye.

One of the most valuable parts of the Camp was the discussion groups. The campers were divided into several small groups, each headed by two counselors. In these groups any questions concerning college life were asked. Advice was given on everything from what to wear to how to get served at the Keg without showing your I.D. card.

Our counselors, all student body leaders, quickly demonstrated the sophistication and maturity of upper classmen by drenching everyone within range with water from their genuine Lone Ranger squirt guns.

Two picnics were held, one at Hammond's Grove and the other at Patrick's Point, where the Freshmen consumed an amazing amount of potato salad, hot dogs, and sandwiches. Great games like "Throw the raw egg at your buddy" were played. This proved to be a very popular game, especially when those who missed the egg got to rub their noses in the mess.

Traditional yells of Humboldt State were learned by the Freshman. Every Frosh Camper now has memorized such inspiring yells as "Regurgitate, regurgitate, throw up all the food you ate."

As a climax to the activities of Frosh Camp a banquet was held in the cafeteria, featuring the talents of Dennis Cahill and his pappy, plus a real wild chorus line. Speeches were given by President Siemens and Dr. Girard, followed by community singing.

TEKE Welcome Party

Theta Epsilon chapter of the Tau Kappa Epsilon fraternity will hold a welcome party for members tomorrow night at the fraternity house following the Humboldt State-Linfield football game.

Health Service Serving HSC On Full Scale

The Health Center will be serving the students of HSC again this year. The Center, which was completed last year, now has three doctors, two registered nurses, a laboratory technician and a secretary on its staff.

The center is responsible for giving physical examinations to freshmen, transfer students, and athletes. In addition to these duties, the center is open from 10 a. m. to 12:30 p. m. and from 2 p. m. to 4 p. m. daily for any health problems a student have. In case of an emergency, calls will be made to dorms, but no off campus calls will be made.

An X-ray unit has been added to the facilities this year. The Health Center now houses five examination rooms, an emergency room, a four bed day ward for women, a two bed day ward for men, plus a large reception room.

Excuses from class cannot be issued in case of illness. A statement of illness slip may be secured, however, if a student has been treated at the Health Center or has a note of verification from a private physician. Each instructor will decide whether to accept these statements.

Lumberjack Staff Meets Tuesday

Humboldt State College's weekly newspaper publication, the Lumberjack, will hold a staff meeting Tuesday at 10 a.m. announced new Journalism instructor George Abbott. Abbott is replacing Dr. Milton Holstein, who is on sabbatical leave in Burma.

Halls Organize; Men Overflow To Women's Dorm

The Humboldt State Resident Halls are in the process of organization this week along with the remainder of the campus. The officers for the Halls were elected last semester and activities started Wednesday with an inter-dorm dance.

Men's hall officers are president, John Rawlinton; vice president, Chuck Bender; treasurer, Marion Brooks; fire marshal, Marve Burgoyne; and secretary who will be elected due to illness that prevented the secretary elect from returning to school. These offices will govern Redwood Hall, Nelson Hall, and the men's housing in Sunset Hall.

Officers for Sunset are the following: president, Judy Warren; vice president, Kay Gerdes; secretary, Pat Laws; treasurer, Carolyn Doyle; Fire Marshal, Susan Messner; and AWUS representative Kitty Hemingway.

The halls will be filled to capacity as approximately 270 men, twenty four of which will be housed temporarily in Sunset, while 170 women are expected to reside in Sunset.

Hall organization will be aided by two returning head residents, Mrs. Avis Passie, who is head resident of Sunset, and Mrs. Neva Slacks, who will head all men's housing. Mrs. Passie will be assisted by resident assistant Mig Smith and Kay Gerdes. Helping Mrs. Slacks will be Dick Maynard and Doug Huston in Redwood, Marve Freggi in Sunset, and Dave Fulton in Nelson.

The course may be taken for one or two units. Anyone interested should contact editor Hugh Clark or Mr. Abbott who is in room 20 of the Language Arts building. Work on the paper varies from reporting, photography, feature writing, sports, and advertising. The staff is in need of a business manager.

Working with Clark on this issue was assistant editor Vickie Williams, Larry Wingfield, Tom Sheppard, Duane Oneto, Cliff Hawthorne, Dennis Giuntini, Aline Greer, Shelly Gruslin, Don Carlton and Ron Kunstal, serving as sports editor.

HSC's Circle K Club honored Robert W. Matthews, advisory board member, as Man of the Year in 1959.

CASUAL CAMPUS

By DONNA

Welcome back old faces! Greetings new frosh and transfers! Here's hoping everyone is all prepared for Monday classes and the ensuing months of (oh joy!) study and "No Doze."

Frosh Camp was a real success this year despite the 2-1 girl-boy ratio, and, as per usual the counselors joined in a goodly part of the revelry. A highlight of the Saturday outing to Patrick's Point was an impromptu pie fight whereby John Rawlinton, Sharon Canapa, Judy Warren and Mary Lou Robertson were set upon by fellow fun-loving counselors with several meringue covered pans of goo.

Congratulations to Jim Cauffield and Carolyn Herriot, new freshmen, who were named by the counselors to be "Freddie and Frieda Frosh" for 1960.

Registration ends today (whoosh, at last!) and in addition to providing me with a ghastly new schedule, it afforded me the opportunity to observe the latest in girl-type fashions for fall. Looking campus smart, IBM cards in hand, was Judy Warren wearing one of the new "Knee Tickler" skirts from DALY'S Junior Deb Shop. Short skirts are all the rage this year and Mur's makes 'em in wool and cotton flared styles (wool \$9.98, cotton \$5.98) and fall-right colors such as autumn red, topaz, stone green, black and brown (just to name a few!) Come in and see 'em at DALY'S in Eureka. Dyed to match sweaters too!

Co-ed dormitories?? They said it couldn't be done, but somehow, somehow, that seems to be the present situation at Sunset Hall. This dorm, formerly exclusively for young maidens, is now in addition, accommodating no less than twenty-four men students. Sounds a bit unorthodox, but never fear, the housing co-ordinator has the 24 chained, locked and bolted away in the lower north bell tower with naught but one rear entrance to call their own.

The favorite local pastime for campus bachelors seems to be waiting around the lounge at Sunset for glimpses of the beautiful new crop of freshman girls. In addition to Steve Shirk, who practically lives in the lounge anyway, a frequent visitor of late has been John "Big Zeke" Pinto, who has been drawing many admiring glances from the frosh femmes in his charcoal tweed Bulky Sweater by Pebble Beach. DALY'S, Eureka's leading department store, stocks these bulkies in three popular styles: Boat Neck, Shawl Collar and Zipper Cardigan. Colors are popular charcoal, olive and brown tweeds. Sizes are from 38-46 and economically priced too!

Don't forget the game with Linfield tomorrow night, Albee Stadium. See you there.

21 Lettermen To Start On Offense, Defense

Continued from Page 1)

fields that have returned intact. For the homestanding eleven, there's quarterback Fred Whitmyre, two-year veteran, swift running Cecil Stephens and bruising Frank Aeillo at halfback and Ed White at fullback.

Linfield is anchored by its well experienced backfield. All members have two-years of playing experience, including quarterback Bill Parish, halfbacks Al Leopold and Bill Dressel and fullback Hugh Yoshida. Leopold is the hardest runner on the team while Leopold is probably the fastest.

Head coach Phil Sarboe who will direct his Lumberjacks through their rugged 10-game campaign this fall feels the team has a long way to go, and must play as inspired ball as last year, if they are to finish anywhere near last year.

The offensive line has three new starting faces in center Parker Polluck, end Joe Siino, brother of defensive leader and middle guard Sal Siino, and tackle Bill Kuhlman, a reserve last season.

Veteran linemen are sophomore end Drew Roberts, HSC's number one receiving threat, tackle Vester Flanagan, a 6' 6" 240-pounder, and guards Al Frakes and Pete Carpio.

The "Green Chain" defensive unit will have nine veteran starters on hand. Besides Siino, there's end Matt Kelley, tackles Manuel Simas (270) and Dan Herrera (210), linebackers Jim Barker and Jim Walker and secondaries Ike Petterson, Ron Petterson and Dennis Giuntini.

Earl Love has been switched from reserve fullback to an outside linebacking spot where he'll replace graduate Joey Beeson and Vic Hietala is taking the defensive end spot vacated by Jerry Flynn who tried his hand at professional grid this summer.

Although Durham has 23 returning lettermen, the veteran Linfield coach says he will start seven freshmen on the two starting units. This should indicate how strong the new group will be.

Humboldt is not without some promising freshmen, however. Crescent City has supplied two

top-notch prospects in center and linebacker Frank Sperry and pass happy Danny Sousa.

There is also Dennis Grotting, a good sized 210-ound tackle, and halfback Frank Buda from Eureka. Dodd Frasier, an offensive back from Washington, will more than likely play.

Two veterans, tackles Jack Moore and Bill Nichols, will see plenty of action this week. Bill Love, Dave Littleton and Manuel Vasquez are also veterans who should help the cause.

Defensive coach Ralph Hassman, in his first year at Humboldt, has worked with headman Sarboe in developing the rough and tough defensive unit which did more than its share in giving HSC its highly successful year in 1959.

However, Bob Doornink and volunteer mentor Art Stegman have been rounding well oiled offensive crew into shape. There is only one member on the starting team who doesn't have at least a year's experience.

Tickets for the game may be obtained at the gate or through Howard Goodwin, graduate man-

'60 Grid Schedule Slated in Eureka

Tomorrow — Linfield, here Sept. 24 — Eastern Washington at Cheney

Oct. 1 — Univ. of San Diego, here

*Oct. 8 — San Francisco State, here

*Oct. 15 — Sacramento State, here

*Oct. 21 — Cal Aggies, there

Oct. 28 — Univ. of Hawaii, there

*Nov. 5 — Chico State, here

*Nov. 12 — Univ. of Nevada, there

Nov. 24 — Lewis & Clark, here

*FWC Game

Note All home games will be played in Eureka High's Albee Stadium, starting at 8 p.m. Nevada and Lewis and Clark are afternoon games.

ager, at the College Book Store prior to the game. Season tickets are also still available.

The new Lumberjack home field, Albee Stadium, is located in Eureka at Del Norte and J streets. HSC will play there while the home field — Redwood Bowl — is being renovated. Action will resume here next fall.

PATRONIZE OUR ADVERTISERS . . . THEY PATRONIZE US!

Good Turnout Expected For Junior Jack Team Monday

A good turnout of HSC Junior Jack football players are expected at the first call Monday as new head coach Lee Marvel gets his program underway.

Humboldt Lists Seven-Meet FWC Harrier Schedule

Humboldt State's Cross Country track team opens its 1960 season against the San Francisco State Gators here October 1.

A new addition to the team from Chula Vista and recently out of the service is Larry Williams, a fine distance runner who has a 4:10 clocking in the mile. Other lettermen returning for the season are Dale Kohinka, Bob Smith, Clarence Sousa, and Rick Scott, who holds the HSC record in the mile with a 4:33 timing.

The rest of the season is as follows:

Oct. 8—Sacramento State Invitational.

Oct. 5—Open.

Oct. 21—Cal Aggies, Davis (night).

The team, composed mostly of freshmen, will play a five-game schedule this fall, including one home game and four away.

The campaign gets under way October 1 when the Jacks face Shasta Junior College. The following weekend, the Chico State Wildkittens meet the Humboldt 11 in the start of a home and home series. San Quentin appears next in the third annual game with the 'Jacks at the opposition's home field, of course.

The Jacks close out the season with the Cal Aggie jayvees at Laytonville.

A good crew of incoming freshmen plus six or seven players who were trimmed from the varsity for lack of experience are expected to form a solid unit, one stronger than last year's 0-5 club.

Oct. 29—Sacramento State HSC.

Nov. 5—Chico State, HSC.

Nov. 12—Nevada, Reno.

Nov. 19—Chico State, Chico (conference meet).

Advice Offered By Registrar To Record Number

Continued from Page 1)

students in another way.

Marilyn Becksmith, a sociology major who will live in Sunset hall this semester, is blind. Dr. Collins, in a general appeal to the student body, asks that Mrs. Becksmith's guide dog be allowed to do his own job.

"Often people will try to help the blind person, and only confuse the dog," Dr. Collins warns. "The animal is trained to do the job better than any person could."

Students may wish to obtain some advice pertaining to their purpose in college, their social, moral or physical condition, or some other phase of their complex lives.

Dr. E. Nedd Girard, the associate dean of counseling and testing, is the man to see. Dr. Girard takes a direct interest in the affairs of every student who visits his office, and is eager to aid anyone.

Dr. Girard draws from a wide field of experience in his counseling. He conducts the college testing program as well, giving his office a "one-two" punch in the area that is unequalled.

The activities office has expanded its scope from last year's duties. It is covered in another story in the Lumberjack.

It's what's up front that counts

Up front is **FILTER-BLEND** and only Winston has it! Rich, golden tobaccos specially selected and specially processed for full flavor in filter smoking.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

WINSTON TASTES GOOD like a cigarette should!

What's What!

by Hugh Clark

It was almost a year ago when we last issued our annual "welcome back and here we go with football theme." That was a bleak day for us. You see, Humboldt's Lumberjacks had lost many players through graduation and because of several other reasons and it appeared that it would be a long cold season.

The next week we were really sad following San Francisco's 28-9 win, a victory earned in the second half over the 'Jacks. The Gators looked to have wrapped up a conference crown in their first game.

Despite the fumbling beginning, the 'Jacks began playing inspired ball and they won game after game until they had a 8-1 record and were playing Whittier College, Southern California small college king pin. They whipped the Poets, 39-28, for the most successful season in history.

Some 27 lettermen are back from that same story book club this fall. They are spearheading the HSC grid hopes this fall along with many newcomers. The combination could prove the best in history, which, of course, would be an undefeated record.

This kind of talk is frowned upon, though. It's like talking about the no-hitter in the eighth inning. The players and coaches seem to be of the opinion, "We'll be tough, but so will they and so we'll just take them one at a time."

Tomorrow is the first of many tests for the HSC eleven. Linfield has 24 lettermen and boasts more than an ample supply of grid talent.

The opener will certainly be tough but the following games will be no easier. Eastern Washington is next and University of San Diego follows. The titanic with last year's undefeated and untied San Francisco State Gators will be staged the next week.

After games with improved Sacramento and Cal Aggies, the HSC squad makes a trip to the Hawaiian Islands where they'll meet the Rainbows of the University of Hawaii in Honolulu. Humboldt clipped the Bows last time and the island school is burning with revenge.

Two weeks later Chico State will be in town for the traditional Axe game and homecoming weekend and the Wildcats are better than last year when HSC downed them, 13-12.

University of Nevada is in a building up program at the gambling city and will host the 'Jacks in the next to the last one. Then it's Lewis and Clark in a return engagement for the annual Turkey Day game. The Northwest Conference leader is the only team which has beaten HSC since the game was started.

We can see from here that it's going to be a rugged campaign.

The breathers don't exist and there are no less than five rugged ones. A national magazine picked Nevada and San Francisco ahead of Humboldt. Almost every football annual put the Gators on top.

But only the final scores makeup the conference standings and won-loss schedule. Linfield downed Oregon College by five or six touchdowns in its opener last fall and Humboldt did well to squeeze a hard-fought 18-7 decision from OCE in its second outing last fall.

Tomorrow night the Lumberjacks make their first appearance of the season before many old fans and what will probably be an enthusiastic and large group of new ones.

HSC students will see their squad play home games away from home with games slated for Albee Stadium in Eureka.

However, this arrangement is only temporary while Redwood Bowl is under construction. While the games may not feel the same in another stadium, we'll bet the grade of football will be just as good.

Besides, when the 'Jacks do return home, it will be to a better stadium which will hold more fans. The sacrifice will be well worth the trouble.

In form of welcoming we can only say sports is a great meeting place. It's better when your team wins and we think with some good breaks, the Lumberjacks will afford its supporters the best meeting place available.

Campus Pepsters Ready

Campus pepsters are in the process this week of readying themselves for the coming months of HSC football.

Because of the fine performance of the Jacks during last year's grid season, the grandstands of Eureka's Albee stadium are expected to overflow and the HSC yell leaders and song queens have

been preparing for the challenge.

HSC yell leaders for the year are Bill Turner, head yell leader, Ross Stromberg, Bud Kolding, Donna Cleveland and Betty Bird.

Head song queen Mary Lou Robertson is assisted by Joanie Rasmussen, Carmen West, Sharon Canepa, Karen McDonald.

Lumberjacks Receive Nighttime Instruction

Defensive players listen as head coach Phil Sarboe gives them some last minute instructions this week as they drill for tomorrow night's opener with tough Linfield College of the Northwest Conference. The

club has drilled twice a day since practice opened September 1. The team will work each evening in the field house starting Monday.
