No. 31

### Executive Council Reviews Election Procedures, Knowledge of Constitution

By HUGH CLARK

The Humboldt State executive council sat back and took a long look at its election procedures, its communication with the Board of Control, and its obvious lack of a working knowledge of the ASB constitution in its regular weekly session last Thursday.

The 45-minute session saw the entire group of 11 members present, voice views on how not "to be embarrassed again."

No action was taken, however, as retreat chairman Ross Stromberg informed the group that the entire problem was to headline this spring's session which started today.

The discussion got underway when John Burger, vice president and presiding officer, suggested that the constitution be amended so that the four top student officers would be required to pass a written examination before appearing on the ballot.

He cited the recent election turmoil which was kicked off by a stuffing of the ballot boxes and carried by illegal action by the student council, regarding the calling of another election which was subsequently declared invalid. The entire situation brought the council in for a proverbial raking over the coals by disgusted and shocked students.

After presenting his views, Burger asked executive members for their's. Mary Lou Barnes said it should be required that all ASB

student office holders know the constitution.

Publications commissioner Ray Smeltzer said he believed that, "We should know it without being forced."

Burger retorted that such was the ideal situation, but not a true one at the present time. Another member said he had never been able to get a copy of the document. Burger told him to see him after the meeting.

Burger then added that the testing of the president, vice president, secretary and treasurer candidates could be given much in the same manner that the Board of Control members is now conducted by its adviser, who is currently a political science instructor. (He may also be an instructor in business law).

Rally commissioner Stromberg questioned the usefulness of the tests, asking whether they actually assured the ASB that students were familiar with the constitution.

Present representative at large and vice president elect Dick Maynard suggested that a parliamentary office be created which would curtail the problems of de-

(CONTINUED ON PAGE 2)

### Mary Ann Miner Named Hilltopper Editor For Next School Year

Mary Ann Miner was named editor of Hilltopper magazine for next year and Sharron Davenport was appointed business manager of the Sempervirens yearbook.

MARY ANN MINER

The appointments were announced by Dr. Milton Hollstein, publications adviser.

Miss Miner, a freshman journalism major, was active in all three journalism publications this year. She served as business manager of the Sempervirens, a contributor to Hilltopper and as a reporter for the Lumberjack.

Active in many student activities, she is on the Student Activities Commission and last February was elected to a one-year term as representative-at-large on the Student Executive Council. She was a member of the Lumberjack Days and Dad's Day Committee, CSTA and Rally Club. She was graduated

from Fort Bragg High School and now lives in Eureka.

A sophomore elementary education major, Miss Davenport has served on the staff of the 1960 Sempervirens and was on the business staff of this semester's Hilltopper. She also has been active in A Cappella choir. She was graduated from Eureka High School in 1958.

The appointments complete the list of editors-in-chief for next year's publications. Two business managers, for the Hilltopper and Lumberjack, are still to be appointed. Dr. Hollstein asked that any interested students see him in Language Arts 20C.

### Hilltopper Still On Sale In College Bookstore

Some copies of Hilltopper magazine were still available late this week in the college bookstore and will be sold there as long as the supply lasts.

Ron Sells, Hilltopper editor, reported excellent responses to this issue, which features articles on college cheating and other pertinent topics, pictures, cartoons, jokes and a cover by Dick Bibler, creator of Little Man on Campus.

### BOOT AND BLISTER HIKE

Tomorrow the Boot and Blister Club holds its last hike of the year. Meet at Nelson Hall at 8:30 a.m. for a trip to New River, near Denny.

### Floral Theme For Affair In Men's Gym

The last social affair of the season—the Junior Prom—is to be held tomorrow night in the Men's Gymnasium from 9 to 1.

Bids for the formal may be obtained today in the activities office or at the door tomorrow night. Prices have been set at \$2 per couple.

Theme of the dance is "Blossoms in the Moonlight" and decorations will follow the spring theme with floral arrangements featured.

Mary Jean Campbell, elementary education major from Eureka, has been named general chairman of the affair. Serving under her are Cathy Cornwell, decorations; Pat Waters, publicity; Arlene Donne, refreshments; Dennis Cahill, chaperones; Jack McHenry, bids; and Ann Swanson, dance committee.

Associate professor of mathematics Dr. Orval M. Klose is the class advisor.

Other members of the dance committee are Delores Azevedo, Linda Guelfo, Barbara Maffia, Carol Johnson, Kathi Katri and Joan Boynton.

### Dedication Notes HSC Expansion

Dedication activities noted a decade of building expansion programs when speeches, awards and praise were given at the Dedication Convocation, Reception and Banquet last week.

Educators representing some 80,000 students were present for the event and for the State Curriculum Commission sessions held in conjunction with the activities.

Some 600 persons were present at the leading activity of the day, the banquet. Humboldt State students participated in the program by presenting speeches on the theme of "A Student Looks at Humboldt." The various phases of campus life were described by Oliver Burris, Billie Frasier, Manuel Simas, John Rawlinson, and Ross Stromberg.

Stromberg dedicated the program to President Cornelius Siemens, master of ceremonies, and presented a "Block H" blanket to him.

Another surprise presentation was the announcement of an honorary Master's Degree award to be made at commencement to Don O'Kane, Eureka Newspapers, Inc., publisher and HSC advisory board and HSC Improvement Foundation president. O'Kane also received on behalf of the college a 310-acre land lease for forestry training from Theodore Carlson of Pacific Lumber Company.

George Eldred Hogan, deputy superintendent of public instruction and chief of the division of departmental education, was awarded Humboldt's first "Who's Who" by Dean Homer P. Balabanis for the Alumni Association.

Prof. Fred Telonicher honored Dr. Harry MacGinitie's retirement with a few words and introduction of Dr. MacGinitie.

The college flag, designed by Roger Cinnamon, was unfurled.

The Convocation saw the guest state college president and educators speak and representatives of the various fazes of HSC life present a talk.

The Dedication performance of Henry IV, Part I concluded the activities following the banquet.

### 600 People Attend Dedication Banquet in Men's Gym

600 people attended the dedication banquet in the men's gymnasium last Thursday night. The banquet was one of the many activities held during the two weeks of dedication ceremonies on campus. Billie Frasier, sophomore from Eureka, who was one of five Humboldt State College students

who spoke before the overflow crowd on campus life. Ross Stromberg, representing the student council, presented Dr. Cornelius H. Siemens, HSC president, with a Block H blanket, and declared the day as "Dr. Siemens' Day" on campus. (—Courtesy of E. N. I.)

## Teke Charter Completes Humboldt State Triangle

By RON KUNSTAL

In engineering, the triangle is the strongest geometric form. Last week a triangle was formed here on the Humboldt State campus.

During the last three years, three national fraternal organizations have shown their faces as social organizations on the HSC campus. The Delta Sigma Phi fraternity was formed in 1957 and was formally chartered in 1959. The Delta Zeta sorority was established and chartered last year.

The third corner of the triangle was officially anchored on Sunday afternoon as the Eta Spilon chapter of Tau Kappa Epsilon was formally chartered.

The road to becoming a chapter had its beginning on October 6, 1958 with seven Humboldt students pledging the Alpha Sigma affiliate of Tau Kappa Epsilon.

During the course of the year the group met regularly as a colony in the organization room of the Coop. With a small group of men leading the initial year activities, the colony soon numbered 20 pledges. The group was still far away from being recognized by the national, but in the fall of 1959 the first big step was taken as a fraternity house was rented.

The fraternity house located at 1030 C street has since undergone a complete refinishing and now houses 14 active members.

Besides the fraternal aspects of the chapter, the group has played an integral part in school athletics, student government, music, publications, and intramural activities.

The Eta Epsilon chapter was recently named the winners of the first intramural trophy at Humboldt State. The chapter earned the trophy by scoring the most number of points throughout the year in all sports.

Last Friday night the group was given the pledge examination on which a 90 per cent grade is

needed in order to be initiated. National Grand Histor Ed Georgeff from Portland, Oregon, was the chief installing officer for the affair.

On Saturday morning the initiates were given lectures on the many areas of fraternity life by members of the Nu Chapter from the University of California. After the discussions, the formal initiation took place with 34 men being admitted into the largest national fraternity.

The first annual Corinthian Ball was held on Saturday night at Shrine Park in Eureka with dancing to the music of the Dennis Sullivan group. The decorations were based on a Greek motif with a life size Apollo statue forming the center of the design.

The presentation of the charter was made on Sunday afternoon at a banquet held at the Eureka Inn. Speaking in behalf of the college were President Cornelius Siemens, Miss Kate Buchanan, Dr. E. Nedd Girard, Dr. Don Karshner, and Dr. Chester Collins, the faculty adviser for the fraternity.

Eta Epsilon officer Rene Vit served as the master of ceremonies which also included speeches by Georgeff, Bill Deade, district supervisor, and the president of the Nu chapter.

The three day affair which was headed by John Lyall had the finishing touches put on it at an informal party held at the Inn following the banquet.

Thus the third corner of the triangle was formed making the basic strong foundation for future national fraternal organizations on the Humboldt State campus.

## College Students SUMMER JOBS

Applications are now being accepted from college students seeking summer employment. Those accepted may work full time summer vacation, then continue on part-time basis while attending school. Full-time earnings average in excess of \$100 per week, part-time over \$60 per week. In addition to earnings, 15 \$1000 scholarships awarded and two one-week paid vacations in Hawaii.

For appointments call HI 3-0096, ext. 103, Eureka

## Letters To The Editor

May 17, 1960

President Art Dalianes  
Associated Students  
Humboldt State College  
Arcata, California

Dear President Dalianes:

This letter has a threefold objective with respect to the campus dedication and Festival of the Arts.

First, I want to express to the Council how proud we all were of every student organization and individual student who participated or assisted with the many programs during the fifteen days of celebration. I haven't heard of a single act for which the college could not be proud. To me, this formed the basis for evidence of our claim that the college has "come of age."

Secondly, I want to have your Council know how very proud we were of the five student speakers who held the big spot-light at the Dedication Banquet. They spoke convincingly, interestingly, and proudly on topics that spelled out the theme, "This is Humboldt." I think the Council might well recognize these students in some way.

Thirdly, I want to thank the Council and each individual member as sincerely as I know how for honoring me by the presentation of the Block H blanket. I want to assure you that the sentiments this award represents is appreciated far more than any of you will ever know. It balances off many of the headaches and "extra hour" problems that inevitably find their way to the President's Office.

A great deal of recognition came to the college during the past two weeks. The student body, its organizations, and government can justifiably take credit for much of it. I salute all of you.

Sincerely yours,

/s/ Cornelius H. Siemens  
President

CHS:sj  
CC—Lumberjack

## Council Vows 'Not To Be Embarrassed'

(Continued from Page 1)

visions not being in the good graces with the constitution.

The testing proposal was tabled with activities commissioner Betty Bird asking, "Why don't Board of Control members attend our meetings?"

She was told that the board now receives copies of the minutes of each meeting from the ASB secretary.

Her question started the discussion of improved council-BOC communication. Stromberg said that there should not be a direct line of communication between the two bodies because of the checks and balances system and the separation of powers doctrine instilled in the constitution which obviously was patterned off the United States constitution itself.

Neal Evans agreed with Stromberg while other members said the bodies should be closed. Burger read from the constitution, the prescribed duties of the BOC.

With the apparent closing of the communication study, Burger threw out an idea to make the BOC an election board to set up, run and tally the votes during the two HSC student body elections each year.

Stromberg immediately returned to his strong feeling of the separation of powers and said, "We would be stepping over the line."

Evans said that the main and principle use of the BOC was judiciary and nothing else. He added that everything in regards to the setup of the BOC should be, "just as it is now. They should not be influenced by the council."

Although it was purely a discussion meeting, the council

## Hilltop Hallucinations

### "Two Weeks Left . . ."

By BILL HAYWARD

I realize that it is hard for all of you to understand that there is a minimum of time left before you are free for the summer. Nevertheless, the fact is that it is later than you think. But don't sweat it, if it isn't handed in by now you might as well forget that it was ever assigned.

## Annual Concert Slated On Campus Today

The Annual Young People's Concert, sponsored by the North Coast Section for the California Music Educator's Association will be held today in the Sequoia Theatre.

The concert will be given by the HSC Band under the direction of Dr. David Smith, assistant professor of music. There will be performances at 9:30 a.m. and 10:45 a.m.

The purpose of the Concert is to give students an opportunity to hear and see like performance of a college band and to hear symphonic band music.

The program will include "cinq-uet, Air and Allegro" from "Watermusic" by Handel; "Dialogue for Four" (flute, oboe, French horn and clarinet) by Hamm-Harding; "Finlandia" by Sibelius; "Flute Cocktail" (flute trio) by Simeone; "Washington Post" by Sousa; "Selection from Rhenish" by Wagner; "Five Miniatures - Dawn, The Sleeping Village, Promenade, The Approaching Soldiers, Fiesta" by Turina-Kranze; and "Finale of Farewell Symphony" by Haydn.

## Jazz Workshop Well Received By HSC Students

The eight new buildings were not the only thing that "Came of Age" as the HSC Studioband and Combo, under the direction of Jerry Moore, put on a performance that equaled any of the "Jazz Concerts at Humboldt" Tuesday night.

The Studio band was an exact duplicate of the Stan Kenton band and at times exceeded Kenton in the quality of sound. Tremendous orchestration was partly responsible for the outstanding performance, along with group cooperation and individuality.

Thirteen numbers by the Studio band, one an encore by the trio, three from the quartet, two by the sextet and a little "Muskrat Rumble" by the Dixieland Band kept the scattered audience in an enjoyable mood all evening.

The hour and one half of very informal jazz pleased all present. Two outstanding numbers that seemed to be the best received were "There's a Lull in My Life", done by the Trio, for an encore on this they did an Andre Previn composition of "On the Street Where You Live". The other well-received number was done by the Studioband. It was a very clever composition by Pete Rugolo of the Stan Kenton band, called "Artistry in Bolero."

The evening closed with a group original called "Blues For Lumberjacks."

### TURN IN EQUIPMENT

Men students are reminded that all physical education material must be turned in by next week or grades will be held up. The equipment should be turned in to George Davis, in the Men's locker room.

brought out that it must become more familiar with the constitution. The group also generally agreed that the formation of an election board is necessary.

In four years of college life at HSC, if it can be called that, I have constantly been amazed by Forestry students. When I started here it was a disgrace for a forestry student to own a suit, and the newly formed Forestry Club was dedicated to the preservation of Levi Strauss Co. Dances were the invention of Communist foreigners trying to defile the clean-living way of life, and student politics was a plague visited upon unsuspecting freshmen incapable of thinking.

Times change, and so has the Forestry student. I have actually seen them at college dances in suits, and this semester they made their maiden voyage into the realm of politics. This phenomenon is of "Believe It Or Not" caliber, and a welcome change on the campus.

Now, I want to turn to SAC, not Sac. State College, but our own Student Activities Commission. Like man, they have big things in the offing, and they have planned it all for little of us. Isn't that sweet of them? Seriously, the plans these people have for that decrepid Nelson Hall amount to nothing less than a spectacular overhaul! A quick, she was running as usual, interview with Betty Bird, head of SAC, brought nothing specific about next year's activities. I caught bits of information that went something like this: "Pop Corn Forums, October 2, films galore, club offices, dances, exhibits, and games."

However, I could not make head nor tails of these bits of information so I tried a flying tackle. I missed. I spent two hours in the Health Center.

At one time I wrote a column, which I now regret, about the similarity between Ron Edwards and myself. I now wish to renounce that column in its entirety. I was sitting in the Lumberjack office trying to write this column and some character walked in and gave me a lecture that would have done a professor credit. He sure looked funny when I told him that I had no beard, and that my name was Bill Hayward and not Ron Edwards. I considered myself lucky to get away without a black eye. Such is life!

The Bookstore is full of No-Doz and midnight oil. Buy your supply before the big rush. Doesn't that give you the "finals jitters"?

## Other Action At Weekly Council Meeting

Besides giving the recent election turmoil a review, discussing why it happened; the council heard reports, accepted a trophy and learned of upcoming cheerleader and song queen tryouts.

Representatives at large Mary Ann Miner and Dick Maynard presented the council with a large trophy, won by Humboldt State in the recent Miss Eureka Parade.

Ross Stromberg told the group the retreat site had been changed from Benbow Inn to the Forest of Arden, north of Garberville. The annual spring get-together of old and new officers will be held today and tomorrow.

Mary Lou Barnes said Collin Fletcher would present a slide show October 5 at a special assembly which was recently arranged by her group. Fletcher is most famous for his long walking hikes, particularly one trek the length of California.

**MOTHER OF THE YEAR**

Mrs. Don Karshner was selected "Mother of the Year" by the Associated Women's Students at the annual Mother's Day Tea held at CES Saturday afternoon. Mrs. Karshner was presented a lovely bouquet of roses by Dolores Azevedo, ASW president.

**Music Groups Conclude Art Festival Here**

By SARA HALLIN

A concert presented by the Humboldt State Orchestra, Choir, and the Humboldt Chorale completed the 15 days of the first Festival of the Arts at Humboldt State College. The concert, held last Sunday, in the Sequoia Theater, climaxed tremendous efforts and hard work of members of the college staff, student body and community.

The program started with Wagner's Overture to "Die Meistersinger" played by the orchestra and conducted by Prof. Charles Fulkerson. The performance seemed to be well coordinated and emotionally balanced.

The second number, "Adagio for Clarinet and Strings" by Wagner featured Carole Cress as clarinet soloist, accompanied by the string orchestra. Miss Cress's tone quality was particularly pleasing to hear and it filled the auditorium quite adequately. Despite her evident nervousness, which showed up as a tremble or an immature tremolo on sustained notes, her delivery was noteworthy. Miss Cress is a sophomore music history major at HSC.

Full orchestra then resumed the program with Mendelssohn's "Symphony No. 1" (Lobgesang). Little was exciting until the Scherzo in which a beautiful lilt was played quite convincingly.

The program concluded with Mendelssohn's "Symphony No. 2" (Lobgesang) for chorus, solo voices and orchestra. The soloists were Ruby Raybourn, Shirley Sare and Barbara Flora, sopranos and Leon Wagner and Donn Stephens, tenors. This was a demanding piece of music, and most of the audience was aware of this fact and was appreciative. However, much of the spine-tingling thrill and volume of the large singing chorus was absorbed into the stage curtains. Even though the sound was big, the emotional ring in the voices did not reach the audience.

Mrs. Flora, one of the talented soprano soloists, deserves a note of praise. Mrs. Flora is a compar-

**Mrs. Karshner Named HSC Mother of Year**

Mrs. Don Karshner, wife of HSC's dean of students, was announced as the Mother of the Year last Saturday as the highlight of the annual Mother's Day Tea sponsored by the Associated Women Students.

Mrs. Karshner was selected by the group for her participation in school affairs and her active interest in Humboldt State. It was noted that when she attended Oregon State College she was the president of the Associated Women Students on campus.

ately new singer, having just recently taken up the study. Unfortunately, the orchestra and chorus drowned her out once or twice during her duet with Mrs. Sare.

The entire orchestra, choir and chorale should be heartily congratulated and thanked for their fine work. It is too bad that a larger audience was not there to enjoy it.

**Judy Warren Elected New Sunset Prexy**

Judy Warren, sophomore chemistry major from Arcata, was elected president of Sunset Hall for the 1960 fall semester.

Other officers elected for next fall are: Jan Reynolds, vice-president; Pat Laws, secretary; Carolyn Doyle, treasurer; Carol Geretz, ICS representative; Susan Messner, AWS representative, and Kitty Hemingway, fire chief.

**Barbara Schneitman Installed As New SCTA President**

Barbara Schneitman of Healdsburg was installed president of California Student Teachers Association in a meeting at Pete's Steak House in Eureka.

Elected to various other offices were: Ken Hinman, vice president; Jo Ann Meussig, secretary; Marilyn Hager, treasurer; Ellen Sebeck, ICS representative.

Adviser to the club is Prof. W. Jean Stradley.

**EUROPE MADE SIMPLE: NO. 2**

Last week we discussed England, the first stop on the tour of Europe that every American college student is going to make this summer. Today we will discuss your next stop, France—or the Pearl of the Pacific, as it is generally called.

To get from England to France, one greases one's body and swims the English Channel. Similarly, to get from France to Spain, one greases one's body and slides down the Pyrenees. As you can see, the most important single item to take to Europe is a valise full of grease.

No, I am wrong. The most important single item to take to Europe is a valise full of Marlboro Cigarettes. Oh, what a piece of work is Marlboro! If you think flavor went out when filters came in, treat yourself to a Marlboro. The filter works perfectly, and yet you get the full, zestful, edifying taste of the choice tobaccos that precede the filter. This remarkable feat of cigarette engineering was achieved by Marlboro's research team—Fred Softpack and Walter Fliptop—and I, for one, am grateful.

But I digress. We were speaking of France—or the Serpent of the Nile, as it is popularly termed.

First let us briefly sum up the history of France. The nation was discovered in 1492 by Madame Guillotine. There followed a series of costly wars with Schleswig-Holstein, the Cleveland Indians, and Captain Dreyfus. Stability finally came to this troubled land with the coronation of Marshal Foch, who married Lorraine Alsace and had three children: Flopsy, Mopsy, and Charlemagne. This later became known as the Petit Trianon.

Most Frenchmen were able to walk under Card Tables...

Marshal Foch—or the Boy Orator of the Platte, as he was affectionately called—was succeeded by Napoleon who introduced shortness to France. Until Napoleon, the French were the tallest nation in Europe. After Napoleon, most Frenchmen were able to walk comfortably under card tables. This later became known as the Hunchback of Notre Dame.

Napoleon was finally exiled to Elba where he made the famous statement, "Able was I ere I saw Elba," which reads the same whether you spell it forwards or backwards. You can also spell Marlboro backwards—Orobilram. Do not, however, try to smoke Marlboro backwards because that undoes all the efficacy of the great Marlboro filter.

After Napoleon's death the French people fell into a great depression, known as the Louisiana Purchase. For over a century everybody sat around moping and refusing his food. This torpor was not lifted until Eiffel built his famous tower, which made everybody giggle so hard that today France is the gayest country in all Europe.

Each night the colorful natives gather at sidewalk cafes and shout "Oo-la-la" as Maurice Chevalier promenades down the Champs Elysees swinging his Malacca cane. Then, tired but happy, everyone goes to the Louvre for bowls of onion soup.

The principal industry of France is cashing travelers checks.

Well sir, I guess that's all you need to know about France. Next week we'll visit the Land of the Midnight Sun—Spain.

©1960 Max Shulman

Next week, this week, every week, the best of the filter cigarettes is Marlboro, the best of the non-filters is Philip Morris; both available in soft pack or flip-top box.

**CASUAL CAMPUS**

By DONNA

One more week until finals, and then it's (hippy hop) homeward bound for three glorious months of sun basking, waterskiing, boating and of course the inevitable summer work (unless you happen to be among the small select group touring Europe or attending full time summer school).

Congratulations to all the newly established Tekes and to Betty Bird and Roger Olson who will become the first Teke couple to be pinned. The Tekes really went all out last weekend to celebrate their newly chartered chapter with a big formal dance, innumerable cocktail parties, banquets and such. Twas a blast they'll not soon forget.

ASB prexy Art Dalianes was really "taken in" by a sharp Mexican swindler on his recent PSPA convention in Arizona and Mexico. It seems that the Mexican fellow tried to sell Art a very expensive looking watch for \$37. Art, shrewd fellow that he is, soon bargained the sale price down to a mere \$5.50. Art got the watch but the Mexican got the last laugh, for apparently the time piece hasn't any internal workings!

Better Art should have added a few farthings to those ill spent dollars and purchased himself a good-looking short sleeve cotton knit sport shirt from DALY'S Men's Store. Said shirts are completely washable, can't possibly shrink out of shape and cost from \$5.98-\$8.98. Summer shades of gold, brown, olive, blue and grey are the featured colors. Come in to DALY'S (where else?) and see 'em today.

Who Dunit? From whence came the eerie screams that wakened Sunset girls at 2 a.m. last Monday morning and had them quaking in their beds. No one seems to know, not even the police who got in on the act and searched the premises for signs of murder and mayhem!

Another mystery around the dorm concerns Belinda and Carol's pet turtle, "Easter", which they kept tied to a bush in the quad. Belinda is quite up-in-arms because some fiend painted t ehtiny terrapin's toenails and decorated his shell with a Nazi swastika and the words 'GOOD LUCK EASTER.'

And it's "Kamehameha" time once again in DALY'S Sportswear Department. Kahehameha at DALY'S means free orchids to you (if they haven't all been grabbed up as yet) and features authentic, imported, Hawaiian print dresses, swimsuits and jackets in several different styles. The prints are bright, exotic and come in almost every color imaginable. Don't miss this once a year chance . . . go native and supplement your wardrobe with authentic (they're for real!) Hawaiian apparel.

I guess this wraps up old Casual Campus for the school year '59-60. Have a wonderful summer, don't take any wooden nickles, and I'll see you next semester.

# 'JACKS DIVIDE WITH HORNETS

## Maze Hurls Humboldt To 6-2 Victory in Opener

The HSC baseballers kept their chances for the 1960 FWC baseball flag alive last weekend, splitting a double-header with the league-leading Sacramento State Hornets.

The 'Jacks won the opener behind the pitching of Jack Maze by a score of 6-2, but the Hornets showed the power that has put them in first place in the conference when they trounced the Jacks 13-1 in the second game.

The Hornets are now 6-1 in conference play while the Jacks are 4-2. The Hornets have three games to play and if they win all three the title will be out of reach of the Jacks. The Jacks must win all their remaining games if they hope to tie the Hornets.

In the opener the Jacks spotted the Hornets to a one run lead and then roared back to take the lead which they never relinquished. Sacramento scored in the first on two singles. The Jacks scored three in the second to go ahead 3-1. Tomasini started the rally when he walked. The Hornet defense then collapsed as they made four straight errors which allowed the Jacks to score the three runs.

Sacramento closed the gap to one, pushing across a run in the fifth on two singles and a walk. The Jacks widened their margin in the sixth when they tallied one in the sixth and two in the seventh. Ron Reynolds doubled, and Dennis Pontoni singled for the Jacks run in the sixth. Monty Feekes' double and Joe Beeson's single plus an infield out scored the final two tallies.

In the night-cap, the Capitol City nine won the game in the third when they scored five times. The big blow of the inning was Bill Key's grand-slam homer. The Jacks never came close after the big uprising.

Humboldt's only run came in the fifth when Pontoni and Ken Matias walked, and Feekes hit his second double of the afternoon. The Hornets kept pouring it on as they scored two in the fifth and sixth, and topped the scoring off with four in the seventh.

Maze stretched his conference record to 3-0 in the Sacramento series. Ike Peterson and Ken Matias both made run saving catches in the double-header.

The two games were played in the hottest weather the Jacks have seen this year.

## HSC to Host Wolfpack

### 'Jacks Continue Drive For Share In FWC Crown

The Humboldt State horsehidiers continue their drive for the FWC baseball championship tomorrow hosting the University of Nevada Wolfpack at 1 p.m. at the Arcata ball park.

The 'Jacks with a record of 4-2 still have an outside chance of pulling the conference title out of the fire if they can sweep their remaining games. However they will need an assist from Chico or San Francisco. Chico has two games with league leading Sacramento and San Francisco has one.

The Jacks will also be forced to keep an eye on San Francisco, since the Gators have lost but one game.

The Jacks should be reaching their peak, and should take two from the winless Wolfpack. The Jacks will be led by hard hitting Ron Reynolds who has taken over behind the plate. Reynolds has led the 'Jacks hitting attack all season long, and the 'Jacks will be looking for him to keep it up during the stretch drive.

Jack Maze will get the starting call in the seven inning opener. Maze has left little to be desired this year as he has not suffered a loss in league play yet, and has won three. In the nightcap freshman Larry Taylor will get the call. Taylor sports a conference record of 1-2.

Dennis Pontoni will get the call at first base, and Bill Perry will start at second. Freshman Rich Tomasini will get the nod at third for his fine hitting in the last two series the Jacks have played. Monty Feekes will get the starting assignment at shortstop. Feekes has started hitting and his defensive play has sharpened up. The outfield will be made up of Ken Matias, Ike Peterson, and captain Joe Beeson.

meeting which is "Father we ask that you help each of us to keep the Scout Oath, live by the Scout Laws, and remember our motto until we are joined together here again. Amen."

The Boondockers also have a troop song which is sung to the tune of "Home Sweet Home".

I am a Big Foot Boon Docker, A pride to the Boy Scouts. I am Honest, Brave, and Loyal Whether in my troop or out.

Because I am a Big Foot, I'll pledge myself to truth And a good deed each day Will help build up our youth.

### What's What!

by Hugh Clark

#### It's the Same Old Song But a Different Team . . . .

What's that again? "Come on you Gators!"

Well, we must admit that's a change. But it's exactly what we've heard the past week from interested baseball fans on campus who would like to see the Lumberjacks stay in the running and get a shot at the Far Western Conference crown.

For once this school year, fans at Humboldt, and we'll have to admit, even we are rooting like heck for San Francisco since the Golden Gators hold the key to Humboldt's chance at the title.

Oh yes, we well remember last football and basketball season when we were all yelling for someone, anyone to get them darn Gators so the 'Jacks could share or get a shot at a play-off. But then the Gators were the top dog, and now its the Sacramento Hornets who always seem to be on top the FWC baseball heap.

Humboldt is 4-2, hopes and is expected to take a pair over Nevada Saturday while Sacramento is 6-1 and plays a pair with Chico before meeting San Francisco in a makeup test. And needless to say not even the monkey in the corner thinks Chico will get as much as a split over the Hornets.

Yep, it's the same old song of "come on and win so Humboldt can get a chance at the championship." Should Sacramento lose another game, Humboldt would then play two makeup games with San Francisco, acting as host at a mid-way point selected by mutual consent.

At that time, it will be put up or shut up for coach Ced Kinzer and his Lumberjacks who have been a spunky bunch on the field when they could get out there.

You see, more ball games have been rained out this spring than have been played. Should the 'Jacks slide past the rugged Gators, then its Sacramento in the playoff and "put it on the table" once again for the Hilltop nine.

So actually despite the shouting, it's going to be a three-team race right down to the wire and the end of the school year.

While on this subject of baseball, we must say that we have been pleasantly surprised by the overall performance of the Lumberjack glovemem this season. They have done far better than we ever dreamed and believe us we dream for the best for Humboldt's athletic teams.

Not even the most optimistic fan would have thought the 'Jacks had a chance after losing two fine front-line pitchers like Alva Kinney and Bill Drabble to the greedy pros.

Kinney was a fledgling freshman with considerable promise and Drabble had two more seasons. The two were expected to do much for the 'Jack bat and ball fortunes in years to come but the "talent" scouts bought 'em up because they showed a little promise for that rookie league and maybe later on the state C or B loops. They were afraid to wait and miss out on the players. Incidentally, that's what we like about football and basketball, (the NFL and the NBA) they leave the athlete alone while he's playing college ball.

Anyway, the 'Jacks also lost a couple of fine relief men, a good third baseman and shortstop and before conference play got started a two-time FWC catcher in Leroy Orosco, who dropped from school.

And with those losses plus the rain wiping out practically the entire slate of non-conference games, we figured it was a second division finish or worse for the 'Jacks. (Of course, we thought as bad about the chances in football and basketball. It was the best football season in history and the 'Jacks were second in basketball.)

To think that the 'Jacks are in the running once again after the outlook appearing dim makes us want to feel that all future teams will be bad, in fact, worse than the previous one.

It would be a fitting ending, though, for the Humboldters to win the baseball laurels. It's been a tough grind with a change here and a change there, using two untried but promising freshmen in the starting slots. Developing almost a new pitching staff which is anchored by a "no-nothing ball" senior Jack Maze who gets them out of there and a freshman who is still learning, is no easy job. They've made it this far, we hope they'll go the distance, even into extra innings, if necessary.

## HSC Students Become 'Bigfoot Boondockers' In Boy Scout Classes

By JIM DIMMICK

### Be Prepared!

For those of you who may have forgotten "Be Prepared" is the motto of the Boy Scouts of America. It may interest you to know that a class is offered at Humboldt every spring to teach men to lead Boy Scouts . . .

P.E. 89 Boy Scout Leadership Class is taught by Phil Sarboe this spring at 2 p.m. on Monday and Wednesday for two units.

The troop, The "Bigfoot Boondockers", as they have named themselves, recently went on an outing at Moonstone Beach. The

Boondockers really had a feed, paid for out of dues charged at each "troop" meeting. Living up to their motto, the scouts were prepared. A photography class with several lovely ladies were snapping a few pictures and were leaving when the instructors realized that the young ladies didn't have a lunch. The Bigfoot Boondockers came to the rescue and provided a very good lunch of weiners, soft drinks, potato chips, olives, and pork 'n beans. Boondocker Roger Biffle even serenaded the ladies with his guitar. The troop has composed a prayer that they use to close each

meeting which is "Father we ask that you help each of us to keep the Scout Oath, live by the Scout Laws, and remember our motto until we are joined together here again. Amen."

The Boondockers also have a troop song which is sung to the tune of "Home Sweet Home".

I am a Big Foot Boon Docker, A pride to the Boy Scouts. I am Honest, Brave, and Loyal Whether in my troop or out.

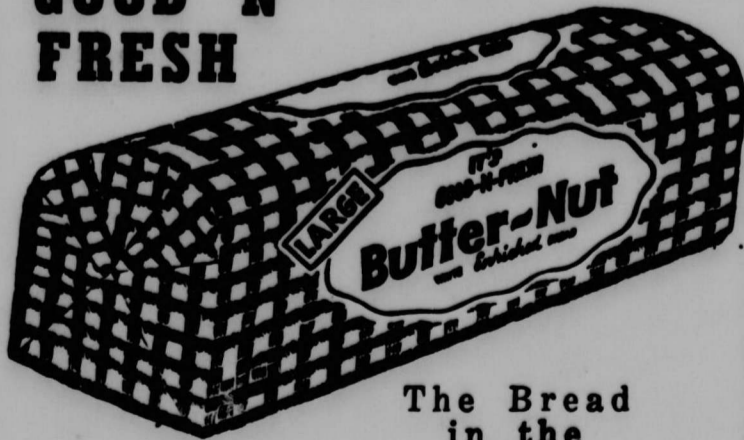

Because I am a Big Foot, I'll pledge myself to truth And a good deed each day Will help build up our youth.

# HSC Places 4th In Cinder Finals

## Netters Fall Early In FWC Championships

The Humboldt State Lumberjacks dropped from the running very early in the Far Western Conference tennis finals last weekend at Chico.

Jim Malone lost to Tom Saha of Cal Aggies, 6-1, 6-1 in the singles. Steve Harrow and Bill Bender, the Lumberjack freshmen duo, lost in the first round doubles to Bob Agnew and Bob Young of Chico.

Sacramento won the honors for upper division singles and doubles and the lower division singles. San Francisco won the lower division doubles.

## Humboldt Women Capture Two Of Three Games

The Women's Athletic Association battled their way to victory in two out of three games played last Saturday in Chico, with 13 schools participating.

The first game was against Nevada and Humboldt's WAA won 9-2, with Shira Noah pitching for the winners.

Oleta Mills shut out College of the Pacific 7-0 for another HSC victory.

The HSC women played a hard third game against Chico, losing it 14-10. Oleta Mills also pitched this game. Chico, who had four of their team members seriously injured in a car accident the night before, were very determined to win the game for them. At the end of two innings HSC was out front 5-0, with a grand slam home run by Vivian Ralston. At the end of the third, the score was tied at 5-5, and then Chico started moving ahead and kept a slight lead to the finish.

The team, who was accompanied by Miss Leela Zion, WAA advisor, included: Shira Noah and Oleta Mills, pitchers; Sandy Abrahamson, catcher; Judy De-Beni, first base; Vivian Ralston, second base; Carolyn Graham, third base; Donna Thompson, shortstop; Bernice Finley, left field; Janice Bryant, center field; Marilyn Sheppard and Jean Findlay, right field.

## Redwood Bowl Construction Changes Outlook

The once green turf of Redwood Bowl now looks like an obstacle course for a military installation. The green is gone along with the reviewing stands which once viewed many combative measures.

The once proud oval now pictures a newly bombed air field with mounds of dirt interlaced with canals of water setting the scene. An ROTC course could put the finishing touches on the battle field.

But by the end of the year the field will once again boast the reviewing stands which will be a far better condition than the ones that were built by students in 1946. The entire field will be enlarged and encircling the field will be the new asphalt and rubber track, believed to be the finest in the world.

Roger Biffle holds the Humboldt State track record in the pole vault with a jump of 14 feet 3 inches. Last year he was rated the second best pole vaulter in the nation in small college competition.

## Weidkamp Breaks FWC Mark

Keith Weidkamp, brilliant sophomore quarter miler lowered the Far Western Conference record with a :48.2 clocking last week at Chico. Weidkamp had lowered the mark three previous times this season.

## FWC Freshman Ruling Goes in Effect in '62

In a Far Western Conference athletic meeting held last weekend in Chico, the first since 1957, coaches, athletic directors, faculty representatives, and college presidents discussed and voted on conference policies.

The most important agreement on the agenda was the deciding by a caucus vote to start the FW Conference freshman teams beginning with the 1962 cage season. There is a possibility that the rule may start during the 1961 grid season.

The group also decided that it would be impossible from the economic standpoint to field freshmen teams in the spring sports of track, baseball, golf, and tennis.

They voted to change the present basketball scheduling to an annual home and home basis. The group felt that the new set-up will allow the home team to see every conference team each season. Previously the teams played two-game series alternating on the home basis every other year. There was no action on the basketball coach's recommendation that a 15 game season be installed with each team playing the other three times a

year.

It was also decided that the new Alameda State College and proposed Sonoma State College be invited into the conference when it is at all possible. Alameda is now holding night classes, but a representative from the school who attended an earlier meeting seemed interested in the decision.

They also talked about the possibility of the Stanislaus County State College of Turlock which is now in the process of being constructed. The president of the new institution was appointed recently. Swimming and wrestling were

## Weidkamp, Biffle, Scott Simmons, Flanagan, Relay Team, Carrier Set Marks

By RICH MACHADO

Despite the breaking of seven school records and the setting of two Far Western Conference all-time marks, the Humboldt State Lumberjacks lost their FWC track crown last weekend to a talent loaded University of Nevada Wolfpack team.

The undefeated Nevadans copied the team crown, scoring 75½ points. San Francisco placed second with a surprise show of strength with Sacramento taking third and Humboldt fourth. Chico and Cal Aggies trailed in that order. The Golden Gators had 43½ points while Sacramento made 37 2/3. Humboldt scored 32.

Roger Biffle and Keith Weidkamp snapped long standing conference marks in winning first places. Vester Flanagan and Larry

Krupka lost their individual crowns and records even though both topped their previous bests.

Biffle climbed 14'2½" in the pole vault to break the existing standard by almost a foot. Weidkamp toured the 440 in :48.2, setting a new school record as well as a conference mark. It was his third record performance this season.

Flanagan tossed the javelin 209'3" for a new school mark and bettered his old conference record by over ten feet. However, Rich Millis of Chico State got off a toss over 220 feet for a new mark and the victory.

The HSC mile relay team came through with an inspired victory which just fell short of another FWC mark. The foursome toppled the school record with a 3:19.5 clocking.

Frank Alden led off with a tremendous :49.4 lap which was considerably under his previous tops. Ron Remington maintained the lead that Alden had built up to give third-man Marshall Stevens a sufficient advantage. Stevens was running on a badly sprained leg muscle which scratched him from the 440 earlier in the meet. Weidkamp romped home for the new mark.

Three other school records were broken by two-miler Ken Simmons, miler Rick Scott and low hurdler Dean Carrier.

Simmons placed third in a record breaking eight-lapper behind Bob Ketrone of Nevada. Simmons, a freshman with considerable promise, recorded a 9:46 clocking. The mark is 44 seconds better than the former record which Simmons has broken three times.

Scott was clocked in 4:27.8 for a new school mark in the mile. The senior distance star placed fifth in the record performance.

Another of the 11 records which fell saw Bob Challenger regain his low hurdle title. Carrier placed fourth in the barriers, posting a :23.3 for another school mark.

## Six Trackmen In NCAA District Meet Tomorrow

Six HSC track men will travel to Chico tomorrow for the NCAA District Eight meet. Keith Weidkamp, fresh from setting a new conference record in the 440 at :48.2 last weekend, goes to Chico to attempt to lower this standard.

Roger Biffle who set a new conference record in the pole vault last week at 14 feet 2½ inches will be trying to top that mark tomorrow. Larry Krupka will also be entered in this meet, as he leaped 6 feet 5 inches last week, but was edged by Jim Brown from S. F. State. Bill Crichton is also to be entered in the high jump.

Dean Carrier is entered in the 400 meter low hurdles. Carrier set a new school record in the low hurdles last week at 23.3. Vester Flanagan, who has thrown the javelin 209 feet 3 inches will be entered in this event at Chico also.

set up on a permissive basis in the Far Western Conference. No school will have to field a team in either sport but if four schools enter teams a championship event will be held.

The FWC officials also drew up schedules for next year's basketball and spring sports programs which will be released sometime in the near future.

A fall meeting date was set for sometime in December which is to be held in Arcata.

## NATIONAL PHOTOGRAPHY WINNERS

Three winners of a recent national photo contest from Humboldt State include (l-r) Larry Holmes, David Maldwin and Jerry Batten. Holmes captured an honorable men-

tion prize, Maldwin took third in creative photography and Batten won two honorable mention awards.

## Husband, Wife Among 11 New Chi Sigma Epsilons

A husband and wife were among 11 students initiated by Chi Sigma Epsilon, upper division scholastic honorary society, Sunday in the Green and Gold room.

They are Stanley and Georgia McDaniel of Arcata. McDaniel is a speech major and Mrs. McDaniel a home economics major. This was the first time a husband and wife have been named to the select group.

Other initiates and their majors are Wendy Alexander, elementary education; Neil Evans, life science; Myrtle Haverstock, elementary education; Charles Hazel, fisheries; Douglas Houston, game management; Carolyn Sander, physical education; Kara Lynn Scott, nursing; Betty Stromland, elementary education; and Dennis Walker, botany.

Chi Sigma Epsilon is the oldest student organization on campus, being organized in December, 1931. In its early days it served not only as a scholastic organization, but also as a service club.

In order to become eligible for membership, a student must have earned 60 units with a cumulative average of 3.3 (a "B" grade rated as a 3.) Forty-five units of the grade index must be earned at HSC. Election to membership in Chi Sigma Epsilon is recorded on the student's permanent record in the Registrar's office.

The Society has three types of members; honorary, faculty-alumni, and students in residence. Honorary members act in the advisory capacity to the society. The present honorary members are Dean Homer P. Balabanis, Dr. Harry D. MacGinitie, Miss Imogene Platt and President Cornelius H. Siemens.

Faculty alumni are members of the faculty who were elected to membership while they were undergraduate members at HSC. These members have active mem-

bership in the society. At the present time, there are ten faculty alumni members in the society.

## Summer Session To Cater To Many Interests

"The Summer Session of 1960 is designed to cater to the interest of a great variety of individuals on various levels," Dr. Ivan Milhous, dean of extended services, said this week. The upcoming summer sessions feature a wide variety of liberal arts courses and professional courses in education and psychology related to a full range of credential programs. Also, entering freshmen may enroll in either of the summer sessions.

Special programs offered this summer include: the National Science Foundation summer institutes for high school teachers and students; Sequoia Music Camp for high school students; workshops in chamber music, art education, conservation, elementary school music, school lunch management, bus driving, marriage and family; clinics in speech correction, reading improvement.

Students who plan to attend either of the sessions are asked to obtain a study list from their current adviser.

A complete schedule of the various courses may be obtained from the office of extended services.

## 5 Photography Students Receive National Honors

Five HSC photography students received six of the top honorable mentions recently at the 15th Annual Kappa Alpha Mu Encyclopedia Britannica, LIFE, National Press Photographers Association and Association of College Unions Picture Competition judged at the University of Missouri. The honorable mentions were awarded in the pictorial, portrait and personality, feature, and creativity divisions.

The winning students and their photographs are Larry Holmes, "Bug" (pictorial); Jerry Batten,

## Semperviren Distribution Set for Thursday, Friday

The 1960 Humboldt State yearbook, the Sempervirens, will be distributed next Thursday and Friday.

Editor Joe Romero said the yearbook printing company, has guaranteed delivery by that date. Distribution will be conducted from room 17, Language Arts Building, from 10 a.m. to 5 p.m. (Most convenient entrance to this room is from the southeast-most door on the bottom floor of the building across the street from College Elementary School).

Every holder of a full year or both semester student body card is entitled to a book by paying an additional \$2 charge. The charge to one-semester card holders is \$4. Extra books, if there are any, will be placed on sale at \$6 after the regular distribution period.

No books will be mailed by the Sempervirens staff. Students who wish to have books sent to their home address must make arrangements with a friend to have the book picked up. In such cases the person who picks up the book must have the appropriate student body card or authorization.

Lists of card holders have been compiled and the student's name will be checked off when he picks up the book. However, students were urged to bring their cards in case of an error in the lists.

No pre-sale of the book was conducted this year. About 800 copies will be placed on sale.

"Robert" (portrait and personality); Robert Jones, "Power Saw" (feature); Cathy Lucich, "Water Slide" (feature); Dave Maldewin, "Depth" (creativity); and Jerry Batten, "Negative Space" (creativity).

The five are students of Tom Knight, HSC instructor of photography.

Five other members of the Art Department took honors in the recently held third annual Redwood Empire Art Show in Eureka.

The prize winners include: Non-realistic, first place, Prof. Max Butler, "Birds and Thorns, oil; third place, Hugh Monda, "Still Life", oil; realistic painting, third place, Prof. Leendert Kamelgren, "Gray Fury", oil; photography-first place, Jack Mays, "Vasquez"; third place, Prof. Tom Knight, "Joseph".

This year's Sempervirens features 208 pages printed on heavy enamel stock. A padded cover is included, making the book by far the largest in both bulk and number of pages.

The book contains handsome photographs of the expanded Humboldt campus and its activities and portraits of some 600 students and faculty members. Romero designed the cover and the division pages, which are done in a rich gold.

Other staff members are Mary Ann Miner and Joan Rasmussen, business managers; Art Dalianes and Jan Reynolds, activities; Barbara Dunn, recognitions; Brad Fry, Ron Peterson, Ralph Perry, organizations; Dennis Giuntini, sports editor, and Fred Whitmire and Tom Waters, sports staff; Julie Gavey, Sandra Fleek, Carol Ayers, Sharron Davenport, Dawn Montelbetti, Pat Soderberg, classes and indexing; Larry Westlake, faculty and administration, and Tom Shepherd and Doug Wilson, photographers.

## Freshman Class Meets In Swimming Pool

A meeting of the freshman class was held last Friday night in the HSC pool.

An amendment to the class constitution was proposed and an election will be held Monday to vote on it. The proposed amendment would reduce the number of class officers to a president, who is also student council representative; a vice president, who is also ICS representative; a combined secretary-treasurer and an appointed historian.
