

Convocation Next Week

New Buildings To Become Official Campus Members

By BARBARA OBERDORF

Eight new buildings - a significant of Humboldt State's coming of age - will be formally dedicated in activities scheduled next Thursday with a special convocation, public banquet, and dedication performance in Sequoia Theater.

State Board of Education members, the presidents and executive deans of the 14 state colleges will all be at HSC for conferences Tuesday through Friday.

The Dedication Convocation will be held in the Sequoia Theater at 11 a. m., with the Health Cottage, Natatorium, Field House, Language Arts Building, Sunset and Redwood Halls, Cafeteria-College Bookstore, and Administration Building formally accepted as "members" of the ever-expanding HSC campus.

In the evening a banquet, preceded by a social hour at 5:30 p. m., will be held in the Men's gym at 6 p. m. Accommodations are being made for 500 faculty members, students, guests of the college, and interested persons of the public. Students and faculty members may receive tickets at a reduced price of \$1.75 by applying at the Business Office, but persons wishing to attend must get reservations early.

Sequoia Theater will be formally dedicated at a special performance of "Henry IV Part I" at 8:30 p. m., under the direction of Dr. Jerry Turner and featuring acting of HSC students, faculty members, and off-campus people.

The buildings recently completed or still under construction as is the cafeteria, are a great asset to the students of the college and to the 3500-6000 expected in the next decade.

The Health Cottage, under the direction of Dr. Donald Bux, college physician, serves students with modern equipment. An X-ray unit, two-day wards, and a Physio-Therapy Department are available at present, and an infirmary to make it possible for students to remain in the Health Cottage overnight, if necessary, will soon be established.

Three doctors may work at the cottage at one time, with each having his own private office and examining rooms.

The introduction of an intramural swimming program, recreation swim nights for both faculty and students, and the possibility of Arcata school children learning to swim, have all been possible since the completion of the Natatorium. This, along with the Field House, was the first building to be completed under the present Master Plan.

Not only has the Field House made it possible for HSC inter-collegiate teams to workout if it is raining, but it has also served as a place where physical education classes may meet. Archery, golf, and team sport classes are just a few of the sections which play in the half-the-size - of-a-football-field building. Made of wood, it is supported by nine laminated wood girders, each weighing 12 tons.

The Language Arts Building houses the Journalism and Forensics laboratories, campus radio and television studios, a Speech Therapy Clinic, and the Studio Theater or "Little Theater." The building also maintains the Sequoia Theater, which is reserved for larger presentations.

The two resident halls - Sunset Hall for women and Redwood Hall for men - are also among the new buildings on the HSC campus. Each houses 200 students and

President Decides on Intervention Measure

'King Henry IV' Opens Tonight In Colorful, Majestic Splendor

By DIANNE ANDERSON

Shakespeare's memorable characters of the Boarshead Tavern and of the Crown will be seen tonight on the stage of the Sequoia Theater as Sequoia Masque presents the long-awaited "King Henry IV, Part 1," in the first of five performances. Under the direction of Dr. Jerry Turner, the play has a cast of approximately 35 characters, ranging from the pomp and dignity of King Henry to the rowdy habits of the Tavern.

Playing the role of young Prince Hal, son of Henry and drinking compadre of Falstaff, is Roger Good, natural science major. Good, who served four years as a hospital corpsman in the U. S. Navy, has appeared in College of the Pacific casts, with the Ocean Beach Community Players, and on a series of tv shows on XETV in Tijuana. As Hal he is a quick-tongued young man who lives it up and who grows up in the process.

Playing Hotspur will be John Brandenburg, who has appeared in four previous HSC plays. Hotspur's name fits his character, and later dies at the hand of Hal. As Hotspur's wife will be Marilyn Kamelgarn, who has seven years of university and semi-professional theatre experience. As Lady Hotspur, she is high-spirited, quick-tempered, and intelligent. In many ways Kate Hotspur resembles the Kate of "Taming of the Shrew."

Tickets for performances tonight and Saturday, and May 13 and 14 may be reserved at the box-office, 10-12 a. m. and 1-3 p. m. Those desiring tickets in connection with the Dedication

performance Thursday should inquire at the Business Office. All seats are reserved at one dollar for adults, and fifty cents for students. ASB card holders will be admitted free.

Pep Aspirants To Attend Workshop

Interested in songleading? Yell leading? Make it a point to attend mandatory song leading and yell leading workshops next Tuesday night in the basement of the Coop. If you plan to run for song queen or yell leader, you MUST be there.

Song Queens meet at 8 p. m.; yell leaders at 8:30 p. m. If, because of a conflicting class or work schedule, you are unable to attend, contact Kay Gerdes, Donna Cleveland or Ross-Stromberg as soon as possible.

TOO MANY LETTERS

A number of letters to the editor were not published this week because of space limitations. It is quite possible that some may be used in next week's edition. The staff welcomes any and all such letters for consideration.

3rd Election May Be Held Today As Bitter Battle Continues Here

BULLETIN

Dennis Cahill signed the petition to make the move unanimous. Dr. Siemens accepted the petition for study and is expected to announce his decision today.

By LUMBERJACK STAFF MEMBERS

At press time late Wednesday afternoon, a decision was expected at any time regarding the latest in a wide-spread series of legal moves in the bitterly contested Humboldt State Associated Student Body elections here.

At noon Wednesday, a group of candidates led by Octagon Volunteer presidential hopeful Joe Mayfield, circulated a petition requesting Dr. C. H. Siemens as president of HSC to exercise his sovereign right and select student officers for the 1960-61 school year.

However, Dr. Siemens, through Dean of Students Dr. Don Karshner, had said he felt a unanimous signing of the petition would be necessary for him to intervene. Dennis Cahill, Independent candidate for president, had not signed the document. However, Cahill, Dr. Siemens and Dr. Karshner were in conference at press time.

Mayfield contended the second election was an honest one and his petition asked that the winners of the second election be declared officers. It also asked that a runoff election be called by Dr. Siemens. Then, it requested authority of student affairs to be returned to the ASB.

Cahill had told a Lumberjack reporter that, "The administration might take control next year. We have a responsibility to the constitution."

Dr. Karshner said that Humboldt State was an educational institution and that mental and physical fatigue was setting in with persons connected with the

Annual Mother's Day Tea To Be Held May 14

The announcement of the "Mother of the Year" will highlight the annual Mother's Day Tea Saturday, May 14, at 2:30 p. m. in the College Elementary School Auditorium, sponsored by the Associated Women Students.

The mothers will be given a tour of the campus by the new Spur tapes, before the tea program.

The entertainment for the program consists of: Joan Iverson, singing two songs; Home Economics Club skit, Third Floor Sunset Hall, Song Fest winners, singing their winnings songs; a dance by Carmen West, and a song entitled, "There's Nothing Like a Male," by a girl's group from Sunset Hall.

Following the entertainment, the Mother of the Year will be named. The mother will be a faculty member, faculty wife, or someone who assisted Humboldt State.

General chairman for the tea is Linda Dolf. Pat Waters is co-chairman.

Three conspirators against the Crown, Mortimer (John Brandenburg), Hotspur (Jack Senteney), and Glendower (Thorwall Proctor), determine on a map of England who will take which part of the country in

a scene from tonight's "King Henry IV, Part 1." The three plan to divide the country and the spoils of war. Curtain time tonight in Sequoia Theater is 8:15 p. m.

Some Good To Come . . .

From a truly optimistic viewpoint, we think some good may come out of the turmoil and confusion that has reigned on campus the past two weeks during the Associated Student Body elections.

People have a tendency to place blame and often this blame is cast on some undeserving soul who has attempted to do his best but has failed or looks radical in the eyes of the majority.

We cannot see how anyone can blame present ASB student officers, the administration, the Board of Control or any of the students who have made sincere efforts to see that the school's constitution was not violated. Everyone had his viewpoint and feeling and acted in good faith with the exception of one — he who touched off the mass confusion by stuffing the ballot box as a joke, virtually laughing at true democratic process.

While we can see no reason for blaming anyone, we do wish to point out that definite steps should be taken to correct HSC's election procedures as well as some glaring student government discrepancies. If these corrections or at least attempts to correct are not made, then we do say someone should shoulder the blame and plenty of it. We learn through experience. And who can say the past two weeks have not been filled with such experience?

The upheaval of personalities, beliefs and policies has caused three elections to be held instead of one shows:

1. There is a definite need for an Election Board composed of disinterested persons to control, handle and police all future student body elections here.
2. The duties of the board members and student officers must be clearly defined, and without reservation must be known by office holders.
3. The constitution must be given a long-hard review by every student and measures must be taken to strengthen this constitution. And it should be followed more closely and interpreted more strictly so that loose policies and decisions will not develop.

Yes, everyone has been blamed by someone else. Everyone concerned has taken a sincere stand and while the stand has not always been right, it was honest and with such a starting point, Humboldt State student government can go nowhere but forward.

It is true that many students have trudged out of their way to vote twice and in many cases three times, including the runoffs that were declared invalid. Interest and feeling have run high in about half of the student body. The other half hasn't even bothered to vote.

The polls opened at eight this morning and will remain open until four. It doesn't matter who you vote for. What does matter is that you do vote!

Letters To The Editor

If there has been one result from the result student body elections, nullifications and re-elections, it has revealed that we have a constitution. Not only do we have a constitution but, in addition, we have a member of the student body who has demonstrated that he is aware of provisions that have escaped our own elected and appointed student body officers and administration. To quote this bearded bard: "If we're going to play government, we've got to play it by the rules." Mr. Ronald Edwards has proven his position on the various issues in this controversy to be corrected. Due to the fact that Mr. Edwards has displayed an astute grasp of the provisions of the Humboldt State Associated Student Body Constitution and the proper roles of the various organs of its government, we would therefore be enthusiastic supporters of a write-in campaign to elect him as A. S. B. president.

This would be a real service to the student body as it would place in a high position the leading opponent to present student body government and would thus eliminate future opposition to functioning of our government and its elections. Mr. Edwards' actions have demonstrated his superiority to the present members of the board of control in the interpretation of the constitution and thus Mr. Edwards could assume a task in student body government that now requires 5 people.

We feel that, because of the many qualifications that he has exhibited, and because he is adept at organizational procedures, he should be the only logical person to assume the job of student body president next year.

/s/ Douglas Kane

Dedication Set For Eight New HSC Buildings

(Continued from Page 1)

serves as a value instructor and home away from home for its residents.

Both buildings are three story and have windows facing a patio in the center, with benches placed around the area.

The Administration Building maintains the Division of Business on the first floor and College Administrative offices on the second. The President's office is in this building, and the 16-foot long conference table designed and built by Dr. Arthur Stegeman with Industrial Arts Department help from a cherrywood and Redwood burl has been placed in the building.

The cafeteria, with a split-level design, will house a snack bar and cafeteria facilities on the main level. The lower level will become permanent quarters for the College Bookstore.

The cafeteria will be able to accommodate about 400 persons at one seating, and will feature the new "scramble" system of serving. This means that counters will be arranged so that persons can move at will from area to area to select his choice of food.

The facilities are adequate for an enlarged cafeteria seating 800 may be constructed when the need arises.

The establishment of these buildings, however, does not mark the end of improvements and advancements for the HSC campus. Only Monday, an all-weather, quarter-mile outdoor running track was started.

Also expected to be started in the near future are a Physical Science Building, a Forestry Building, a Forestry Building and facilities, an Education and psychology Building and a new Library.

Comedy Of Errors Election Is Contested, Reversed As Everyone Gets In On Act

(Continued from Page 1)
election and that studies were obviously slipping. He added he felt he had to take protective measures.

Ron Edwards who also attended a meeting prior to the presidential conference along with Mayfield, Karshner and two Lumberjack staff members, contended that the election should be under the constitutional provisions.

It was brought out at the meeting that some people believed only 150 students would vote in today's scheduled third election. Edwards said this was not so. He requested that he be given until 10 a. m. Thursday to demonstrate that more students would take part in the voting.

Dr. Siemens can appoint student officers under the state education code according to the petition filed by ASB candidates.

If elections are held the polls will be set up in the foyer of Founder's Hall today from 8 a. m. to 4 p. m. A runoff, if necessary, would be held Monday.

The huge flare-up that has engulfed the campus for the past ten days has reached many plateaus only to suddenly erupt anew.

Practically everyone on campus got in on the giant comedy of errors that has included administrative officials, student body officials, faculty advisors, political candidates, Board of Control members and interested Associated Student Body members.

The fireworks got underway at the close of the regularly scheduled election of Friday, April 22, and Monday, April 25. The student council inspected the ballots after a discrepancy had been noted by tally clerks, appointed by the council.

Some 901 ballots were cast while 757 students actually took part in the two-day election. The stuffed ballots were readily distinguishable since one write-in candidate received all the illegal votes, which were written in the same handwriting and by the same pen.

The council then declared the election illegal. Then kindling began to burn and at a very rapid pace. Ron Edwards, who said he was acting as a ASB member, convened the Board of Control, by submitting the first of two written petitions.

The board in one of its infrequent sessions declared that the Executive Council acted unconstitutionally in declaring the elections illegal.

The board made its decision on Section 409 of the ASB constitution which states: "To contest an election, a petition signed by 25 members of the association shall be presented within five school days to the Board of Control which shall rule on the legality of the election. If the Board of Control renders the decision that the election was illegal, it shall call a new election."

After declaring the election unconstitutional, the board ordered a new election for April 28, 29. The board was meeting on the morning of April 28 while elections were in progress.

Edwards, a political science student, submitted a second petition, declaring that the second election was invalid because it was originated under the auspices of the Executive Council rather than the Board of Control.

Dalianes, acting as a member of the ASB, rather than ASB president, directed the Board of Control to review its decision of Edwards' second petition. The board, under Article 164 and 170, reversed its decision and declared that the Executive Council did not have the constitutional right and duty to nullify the first ASB election.

During this session, the polls were closed, but were re-opened after an hour.

Following the board action, Professor Wilmer Bohlmann, political

science instructor and advisor to the board, submitted his resignation to the board.

The board, which did not accept the resignation, asked Professor Bohlmann to reconsider early this week. He withdrew the resignation. However, the entire matter was to be reviewed at last night's regular ASB Executive Council meeting.

The board reversed itself for the second time and declared that Executive Council did not have the constitutional right to nullify the first election and therefore the April 28 and 29 election was declared illegal along with the April 22 and 25 election.

The runoff election which was being started at the time, May 2, was called off while in process.

The board met with three members present, in a closed executive session to make its decision, after hearing Edwards and another student, Larry Moogerman, in a specially called meeting last Monday morning.

Results of the second election were posted about the campus and indicated the following results:

ASB PRESIDENT—Paul Asp, 294; Dennis Cahill, 303; Joe Mayfield, 91.

VICE PRESIDENT — Dick Maynard, 381; Ross Stromberg, 288.

SECRETARY—Nancy Mendes, 407; Lynn Ricker, 271.

TREASURER — Bob Merritt, 313; Joe Romero, 302; Manuel Simas (write-in), 46.

ACTIVITIES COMMISSIONER — Betty Bird, 429; Linda Dolf, 240.

ORGANIZATION COMMISSIONER — Tony Karachale, 240; Roger Olsen, 422.

ASSEMBLIES COMMISSIONER — Bill Turner, 429; Bud Koldring, 243.

AWARDS COMMISSIONER — Gary Peterson, 354; Bill Crichton, 314.

AMENDMENT—Yes, 510; no 129.

The many meetings, arguments, reversals and reversals of reversal, made the proceedings around the campus almost humorous. However, the powers that be had a serious overtone filtrated by outright disgust.

Dr. Don Karshner, dean of students, said the candidates didn't question the election. He added that he thought the entire situation was, "Political Science students having a field day, carrying the cross and the flag."

A sociology professor was quoted as saying, "Teaching has failed to instill moral and ethical values in certain people", obviously referring to the pranksters who initiated the rumpus.

Edwards said he thought he would get repercussions from his moves which caused the Board's reversal last Monday. He said he was pointing toward the formation of an election board, having procedures for the board of control that are not in use and making the constitution the meaningful document that it should be.

Pranksterism, resembling juvenile delinquency in manner, continued around the campus with more campaign signs being destroyed, anonymous phone calls being made to key figures in the controversy and an organized campaign against voting in the third election scheduled today. Signs that read, "Don't Vote," "Student Government is Mickey Mouse," etc., are seen on campus.

Above all was the revealing by President Dalianes and Dr. Karshner that steps were being taken to discover and probably punish the individual or individuals responsible for the stuffing the ballot boxes and other destructive activities.

Thus, one of the most bitterly contested controversies ever to face Humboldt State government began to subside with the cooling off of the particulars.

Here's Edwards' Letter That Prompted Board of Control Action

The following is the complete written request presented by Associated Student Body member Ron Edwards protesting the calling of a second election. The request was first denied in meeting last Friday, but the Board of Control reversed its position last Monday.

TO THE BOARD OF CONTROL:

On April 28, 1960, I raised an issue concerning the constitutionality of the Executive Council's action in declaring the Associated Student Body election of April 22 and 25, 1960, null and void. I was pleased to discover that the Board of Control recognized the error on the part of the Executive Council, and declared their action unconstitutional.

I believe that it can be safely said that this year's Student Body elections have raised some interesting constitutional questions, the first being, "Can the Executive Council thwart the Constitution and call a new election?" The Board of Control, in a bulletin to the Student Body, stated that the Executive Council could not cancel an election or call a new election.

I now raise a more serious problem because it seems to carry the tint of "fooling the students," as well as being unconstitutional. Before I present what I believe to be a crucial constitutional violation, a few facts should be known:

1. I do want to see our Student Body officers elected, but I contend that it must be done within the framework of the constitution.
2. I have no political interest in the election.
3. Many people have accused me of being a "trouble-maker" but I believe this question is irrelevant to the constitutional question I will raise.
4. I ask only that the Board of Control consider the question objectively in light of the Constitution.

Here are the developments concerning the election up to April 29, 1960:

1. The A. S. B. election was held on April 22, and 25, 1960.
2. During the election, some prankster stuffed the ballot box.
3. The Executive Council, with the consent of the people for office, decided to hold a new election on April 28 and 29, 1960.
4. The Board of Control, in a bulletin to the Student Body, held the action of the Executive Council to be unconstitutional.
5. The Board of Control then decided a new election should be held on April 28, 29, 1960.

I would point out that the Board of Control's new election was to replace the election that was held to be unconstitutional. The question I now raise is, "When did the Board of Control decide that a new election should be held?" Was it April 27, 1960, as the notice to the Student Body of Humboldt State stated, or was it after he illegal election had started? For if it was after the illegal election had started, then the votes accumulated up to that time would be void, because of the Board of Control's later action of declaring the Executive Board's election unconstitutional.

Did the Board of Control make their decision on April 27? According to verbal statements from Robert McManus, Olin C. Kirkland and Richard Donley, all members of the Board of Control, they were not contacted on the matter concerning the illegal election until April 28, 1960.

There are five members of the Board of Control. Three of them have stated they were not contacted on April 27, 1960. I do not believe that two members of the Board of Control constitutes a quorum, even if the two other members of the Board of Control

(Continued on Page 8)

Freshmen Class To Nominate Officers At May 13 Meeting

The Class of '63 will meet Friday night, May 13, at the swimming pool. The meeting will climax a recreation night that will last from 7 to 9 p. m.

Nominations of the officers for the coming year will be held, with elections May 20, and formal installation on May 24.

All members of the class of '63 are invited to attend.

Comus Club To Hold Crabfeed

The Comus Club will attempt to hold its annual crabfeed again Sunday. Rain last weekend forced the vets' group to postpone the annual affair.

Roland Ebersole, Comus secretary, said the event was called off because, "we figured the boys would have a hard enough time moving around without having to worry about rain too."

CASUAL CAMPUS

By DONNA

And a happy election day to you too! Again, I trust everyone is fortified with well-punched ASB cards and that good old HSC spirit that harkens to the call of the polls. Yes? No? If so, why not? L.L.'s, O.V.'s and Independents alike urge everyone to get out and vote (just once more).

And as the HSC politicians wait for the election results, the candidates for Miss Eureka await with bated breath the outcome of tomorrow nite's contest. Of course we know the winner just has to be one of the five HSC lovelies entered, namely, Mike Richards, Helen Wilson, Sandy Johnson, Marci Johnson and Mary Hitt.

We can't all be beauty queens, but we can, like "fake it" with fr' instance Majestic Co-ordinates from DALY'S Sportswear Dept. The co-ordinates include capris, blouses, shorts and full pleated and straight skirts, all in either white or "go together" yellow and orange prints. Prices range from \$5.98-\$12.98. Look like a queen for sure in Majestic Co-ordinates!

Who has Joanie's coat? That's what Joanie Rasmussen would like to know. It seems that a mix up occurred in the library and now some stranger wears the tan camil hair coat that was once her very own, and for which she mourns daily. Said stranger is urged to see Joanie at Sunset and make the big swap.

Happy 20th birthday this week to Ross Stromberg and Linda Dolf. Judy Warren gave "Dolfy" a keen after lock-out birthday party at Sunset Tuesday nite, but, uh, unfortunately, due to uncontrollable circumstances was unable to do the same for friend Ross.

Attention Steve "Sunglasses" Shirk and all other beach-type fellows and warm weather worshippers: DALY'S Men's Wear Shop carries an item you should, you must, add to your summer wardrobe: namely, (ta-dahhh...) Twill Sandlubbbers by Levi! Sturdy, Sanforized, Levi Sandlubbbers come in navy, and white, have rope belts and coat just \$4.98. An added attraction: white terry jackets and striped terry boat-necked pullovers to "go with". See 'em now at DALY'S.

Field Trip of the Week: The one taken by Mr. Bonde's I.A. (Ed. 122) class to the big mill at Scotia. I think the bus set an all time speed record in its trip from the campus to Scotia, making the jog in slightly over one hour and 15 min. Not bad for 35 miles.

Have any of your friends done anything hysterically funny of comical lately, like fr' instance tumbling head first down the stair flight in front of Founders? Like to see it in print? Then put a note describing the incident in Box 225.

And then there is Bill Caldwell who claims to have had a "going away" party last Saturday night for Caryl Chessman!

A GUIDE FOR THE LOVELESS

Gentlemen, take warning. June is almost upon us—June, the month of brides. Have you got yours yet? If not, don't despair. You don't have to be rich or handsome to get a girl. All you have to be is kind, considerate, thoughtful, and obliging—in short, a gentleman.

For example, don't ever call a girl for a date at the last minute. Always give her plenty of advance notice—like three months for a coke date, six months for a movie, a year for a prom, two years for a public execution. This shows the girl that she is not your second or third choice and also gives her ample time to select her costume.

And when you ask for a date, do it with a bit of Old World gallantry. A poem, for instance, is always sure to please a young lady, like this:

*I think you're cute,
Daphne La France.
I'll put on a suit,
And take you to a dance.*

In the unlikely event that you don't know any girls named Daphne La France, try this:

*I think you're cute,
Winifred Jopp.
I'll put on a suit,
And take you to a hop.*

In the extremely unlikely event that you don't know a Winifred Jopp either, try this:

*I think you're cute,
Isabel Prall.
I'll put on a suit,
And take you to a ball.*

If there is no Isabel Prall, Winifred Jopp, or Daphne La France on your campus, it is quite obvious why you've had trouble finding dates all year: you've enrolled in an all-male school, you old silly!

Next let us take up the question of etiquette once you are out on a date with Isabel, Winifred, or Daphne. The first thing you do, naturally, is to offer the young lady a Marlboro. Be sure, however, to offer her an *entire* Marlboro—not just a Marlboro butt. Marlboro butts are good of course, but whole Marlboros are better. You get an extra inch or two of fine flavorful tobacco—and I mean flavorful. Do you think flavor went out when filters came in? Well, you've got a happy surprise coming when you light a Marlboro. This one really delivers the goods on flavor, and when you hand Isabel, Winifred, or Daphne a whole, complete, brand-new Marlboro, she will know how highly you regard and respect her, and she will grow misty and weak with gratitude, which is very important when you take her out to dinner, because the only kind of coed a college man can afford to feed is a weak and misty coed. Latest statistics show that a coed in a normal condition eats one and a half times her own weight every twelve hours.

At the end of your date with Isabel, Winifred, or Daphne, make certain to get her home by curfew time. That is gentlemanly. Do not leave her at a bus stop. That is rude. Deliver her right to her door and, if possible, stop the car when you are dropping her off.

The next day send a little thank-you note. A poem is best. Like this:

*For a wonderful evening, many thanks,
Isabel, Winifred, or Daphne.
I'll take you out for some more merry pranks
Next Saturday if you'll haph me.*

© 1960 Max Shulman

We can't give you rhyme but we'll give you good reason why you'll enjoy Marlboro and Marlboro's unfiltered companion cigarette, Philip Morris. One word says it all: flavor.

FESTIVAL CALENDAR

Friday, May 6 and Saturday, May 7
FORENSICS PENTATHLON On campus, all day

Humboldt State hosts the Northern Calif. Forensics Assn.

Friday, May 6 and Saturday, May 7
DRAMA Sequoia Theater 8:15 p.m.

Sequoia Masque presents "Henry IV" Part 1, Shakespeare Sunday, May 8 CONCERT Sequoia Theater, 8:15 p.m.

The HSC Band presents "Abcarian Overture" composed for the Festival of the Arts by Professor Paul Johnsen and Prologue to "Mephistofele," Boito, with the A Cappella Choir, Humboldt Chorale and St. Albans Children's Choir Monday, May 9 CHAMBER MUSIC and COLLEGE CHOIR Sequoia Theater, 8:15 p.m.

Presenting the cantata "In the Beginning" Aaron Copeland and Brahms "Piano Quintet, Opus 34"

Tuesday, May 10 FESTIVAL FILM Sequoia Theater 3:00 p.m. and 7:30 p.m.

Showing Shakespeare's "Henry V", 3:00 p.m. and 7:30 p.m.

ART IN ACTION Art Building, 2:00 p.m. — 5:00 p.m.

STUDENT COMPOSITION RECITAL Music Building, 8:15 p.m.

Conference of California State College Executive Deans

Wednesday, May 11 WATER BALLET Swimming Pool, 8:15 p.m.

Friday, May 13 and Saturday, May 14 DRAMA, Sequoia Theater, 8:15 p.m.

Sequoia Masque presents "Henry IV" Part 1, Shakespeare Sunday, May 15 CONCERT, Sequoia Theater, 8:15 p.m.

Philip Hanson In One-Man Show For Art Festival on May 14

As a special feature of Humboldt's Fine Arts Festival, Philip Hanson, versatile Shakespearean actor, will perform his one-man show, "Kings and Clowns" at the Sequoia Theater May 14 at 3:30 p. m. Hanson's performance, a unique afternoon of Shakespeare, is free and open to the public.

One of the Oregon Shakespearean Festival's leading performers, Mr. Hanson, in his unusual show, which has taken him on tour across the country, is presented by Vox Poetica, noted national concert association.

This unusual presentation has been winning audiences wherever it has played. Known for his versatility, Mr. Hanson has been praised not only for his fiery enactments and hilarious comedy, but also for the lucidity and conversational qualities of his characters. In his audiences are persons of all ages, for he has won the youngsters with performances in the schools, and the adults in the theatre.

Although Hanson is a young man and looks still younger than his actual 35 years, he is not a young performer. Acting has been his career since his early youth. His first performance of Shakespeare took place while he was enrolled in the eighth grade, playing both Cassius and Casca in "Julius Caesar."

His first season at Ashland,

PHILIP HANSON

Oregon, in 1949 brought his great versatility to the attention of audiences and critics when he performed the widely divergent roles of Richard II, Tybalt, Hortensio, Demetrius, and Montano. Since that season it has not been surprising to see him play a buffoon one night and a tragic king the next.

In his present show "Kings and Clowns," Hanson performs more than 50 characters in a full program of two hours. Without costumes or scenery, using only a chair and two spotlights, and dressed in modern dress, he moves from character to character playing all the parts. Sometimes he plays women's roles too, as he takes the part of as many as three or four characters in a single sequence.

Mr. Hanson's present tour will take him throughout the east and middle west in the coming year.

I. A. Department Plans Exhibit

Dr. Ernest Bednar, Dr. Arthur Stegeman and Robert Bonde, of the industrial arts faculty, recently attended a North Coast section meeting of the California Industrial Education Association of which Dr. Bednar is president and Dr. Stegeman is secretary-treasurer.

The meeting, held in Crescent City, was attended by shop instructors from high schools in Eureka, Arcata, Fortuna, and Crescent City. Business primarily concerned itself with discussing the

Humboldt State Receives 310-Acre Forest Tract from Pacific Lumber Co.

A 310-acre forest contributed by the Pacific Lumber Company for use by the Humboldt State College of Forestry was announced by HSC President Cornelius Siemens. Negotiations have been approved by the college, and have been agreed upon by Pacific Lumber Company.

The tract, located near Freshwater Corners, between Arcata and Eureka, consists of a dense stand of second growth redwood, Douglas fir and white fir.

The agreement calls for a 20-year lease from Pacific Lumber Company to the College Improvement Foundation for a nominal sum of one dollar. In turn the Foundation will give the land to the Humboldt State Division of Forestry.

President Siemens said, "The forest management program at Humboldt State College has been able to obtain funds for staff, equipment, and a new building soon to be built. Almost 200 students are studying for the B.S. degree in Forestry."

One definite advantage to the new addition is that students will be able to get to the forest site in 15 minutes. The forest will be given an appropriate name honoring the donors; there will also be special public recognition signifying the transfer during ceremonies in May.

S. A. Murphy, general manager of the Pacific Lumber Company operations at Scotia said, "We believe in making this forest area available to Humboldt State College we are doing something not only to help the students and college, but something that in years to come will greatly benefit the lumber industry."

"It is through the knowledge gained by these students that the industry will grow and prosper in the future and Pacific Lumber Company is pleased to be able to participate in a project of this nature."

coming May 13 Industrial Arts exhibit in HSC's Green and Gold Room and the obtaining of judges for the affair. The exhibit will include work from high school shops in the area and the HSC industrial arts department. However, only the high school exhibits will be judged.

In preparation for the exhibit the I. A. Club is currently at work building display stands and making a modern black walnut study desk which will go to the holder of a winning ticket.

PROM MAY 21

The 1960 Junior Prom will be held in the Men's Gym Saturday, May 21. The original date was scheduled last weekend but was postponed because of lack of funds.

Friday, Saturday Nights

Either sex, a two-word bombshell. If you stand up for an either sex deer hunt, you're labelled a "game hog", a "doe killer", or maybe a "senseless killer". If you say no to killing does, you're "uninformed", "conservative", "old-fashioned", or you "just don't know the facts". With the names coming thick and fast, who wants to take any side?

At the risk of being labeled a "doe killer", I say let's have an either sex deer hunt. Why shoot does? Why not! If you go out to shoot a deer just for the pure thrill of the hunt—if you're just "out for the kill"—it surely doesn't matter if you bag a buck or a doe because a good proportion of the population will label such hunting senseless and bloodthirsty, no matter what the sex of the animal you kill. If, on the other hand, you go out hunting equipped with both a rifle and the word MANAGEMENT, it becomes absolutely senseless to kill only bucks. This is why:

Killing only bucks will not MANAGE a deer population. A healthy population, deer or human, has a desirable male-female ratio and, with only buck hunting allowed, this ideal ratio can not be attained. In every state allowing only the shooting of bucks, this ratio is too high on the female side.

Carrying capacity of the deer range is another factor that must be considered. When a population reaches a certain size, further herd growth is arrested and the population may suffer from lack of food and from disease. In a case such as this, the herd is cut down, often far below the optimum size. It has been shown that killing only bucks has little effect on the size of the total population and, therefore, buck shoots cannot serve this MANAGEMENT purpose.

Many people have commented that the deer population of the United States is greater now than it was when the country was first settled. This is true for several reasons. First, the important predators that formerly kept deer populations in check have been eliminated over much of the country. Secondly, the character of the land has changed in favor of more deer. Forested areas have been cleared, leaving fairly open, brushy country more favorable to deer than the dense forest.

Burning of the land has allowed for the development of a greater growth of deer forage. This is one case in which man has helped a species to increase. The problem now is to control this increased deer herd for the good of the deer and—yes, let's face it—for the good of the human hunter. This cannot be done by shooting only bucks.

Just as an example, let's look at California's deer herd, the biggest in the United States. The population percentage harvested each year is the lowest in the

country, the percentage of successful hunters is very low, and the deer population itself is several thousand animals over the optimum range capacity. California tried an either sex hunt several years ago and the results, MANAGEMENT-wise, were very good. The hunt itself didn't turn out so well, due to public animosity toward the hunt and due to overcrowded and dangerous hunting conditions, a result of poor planning. If we can get rid of the problems caused by the hunters themselves, there seems to be no reason why another either sex hunt would not be good for California.

Students Reminded Of Waiver For Student Body Fees

Humboldt State students planning on attending post and summer sessions this year have been reminded to secure a waiver of student fees from the business office if they have paid the \$10 semester fees this past fall and spring.

Those students do not have to pay student fees for either or both sessions, but must get the waivers by today in order to bypass the fee costs.

The cards are being offered at the cashier's window in the administration building.

This is the B-52. Advanced as it may be, this airplane has one thing in common with the first war-galleys of ancient Egypt...and with the air and space vehicles of the future. Someone must chart its course. Someone must navigate it.

For certain young men this presents a career of real executive opportunity. Here, perhaps you will have the chance to master a profession full of meaning, excitement and rewards...as a Navigator in the U. S. Air Force.

To qualify for Navigator training as an Aviation Cadet you must be an American citizen between 19 and 26½—single, healthy and intelligent. A high school diploma is required, but some college is highly desirable. Successful completion of the training program leads to a commission as a Second Lieutenant...and your Navigator wings.

If you think you have what it takes to measure up to the Aviation Cadet Program for Navigator training, see your local Air Force Recruiter. Or clip and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

Drastic Revision of US Foreign Policy Matter of Life, Death Says Abacarian

By DAVID G. AMBROSE

A drastic revision of American foreign policy has become a matter of life and death. This opinion was expressed by Dr. Gilbert Abacarian, assistant professor of political science in the Science auditorium Wednesday evening, April 27.

At the year's final Faculty Forum lecture, Dr. Abacarian described the "foreign images of the United States" which, he said, are vitally important for Americans to understand. Such understanding, he emphasized, is essential to survival in the modern world.

"Survival is now the number one problem," Dr. Abacarian said, adding that a miscalculation based on ignorance could bring on World War III.

As the United States reacts to the world, Dr. Abacarian said, so the world reacts to the United States. "Thus," he pointed out, "it is imperative for Americans to see ourselves as others see us."

How do foreigners react to the United States? In answering this question, Dr. Abacarian quoted the views of Swiss, South American, Spanish, British, German, Mexican, Cuban, Indian, Egyptian, French, Italian and South African writers.

"Many of the views expressed by these writers are hard for Americans to accept," Dr. Abacarian said. Foreign nations, he pointed out, do not see the United States as the center of civilization.

"The anti-Americanism which is a part of major policy in such countries as Panama, Cuba and Afghanistan," Dr. Abacarian noted, "is the effect of complex causes which Americans must seek to understand."

Three basic images of the United States were outlined by Dr. Abacarian as friendly, unfriendly and sophisticated or intellectual.

Dr. Abacarian described the stereotyped images that nations form of each other through ignorance, and suggested continual exchange as a means of gaining a truer pic-

ture. "The sense of being ignored and misunderstood," he said, "arouses resentment among foreign nations."

A particularly unfortunate example of international misunderstanding cited by Dr. Abacarian exists in Chile. Here the feeling is, according to the writer quoted, that United States friendship is hypocrisy, and that the United States wants to direct South American internal policy.

Americans are seen by foreigners variously as naive, fearful of theory and abstract ideas generally, intensely gregarious and lacking in a capacity for improvisation, Dr. Abacarian said in quoting from his sources.

Other foreign images noted by Dr. Abacarian pictured Americans as indifferent to the outside world, incapable of creation, intellectually inferior, materialistic, mechanistic, uncultured, impressed by mere size and quantity, and hypocritical in race relations.

The American is seen as contradictory in thought, mistaking means (usually money) for ends, psychologically and politically insecure, violently prejudiced racially, obsessed with technique and fearful of any criticism of the status quo.

The European intellectual, Dr. Abacarian said, sees the American intellectual as a prisoner of a conformist society and the American artist as lost among the Philistines.

"McCarthyism had much attention from foreigners," Dr. Abacarian pointed out.

The manner in which the late Senator Joseph P. McCarthy, ostensibly the arch-foe of Communist dictatorship, alarmed foreigners by assuming dictatorial pre-

rogatives was described by Dr. Abacarian. McCarthy, he said proved to be his own best antidote when his boorish talents were displayed on television to a shocked and disgusted American public.

"It is felt by many foreigners that the United States is disliked," Dr. Abacarian said. "This is a disaster, as the United States is the leader of the free world."

"Western civilization is a precious heritage," he said. "This nation possess something that is worth preserving."

In the effort to preserve the American heritage, Dr. Abacarian concluded, it is supremely important that Americans grow up to the role of world leadership that has been thrust upon them—that they raise their eyelids and try to see themselves as others see them.

Spring Magazine Due Out May 16

Distribution date for the spring issue of Hilltopper has been moved up to Monday, May 16, according to Ron Sells, editor.

The magazine originally was scheduled to appear next Monday, May 9. Sells said unforeseen production problems arose.

Hilltopper this semester will feature its annual selection of the Humboldt Athlete of the Year, as well as numerous feature stories, profiles, cartoons and photographs.

The magazine will be sold at strategic points on campus by Alpha Phi Gamma, honorary journalism society.

Overture Set Sunday At Sequoia Theater

"Abacarian Overture", by Paul G. Johnsen, assistant professor of music, a work dedicated to Dr. David M. Smith and the Wind Ensemble, will be the featured piece in the Concert by the Wind Ensemble and the Concert Band on Sunday at 8:15 p.m. in the Sequoia Theater.

The overture was conceived as a large chamber work with each part played by one performer only and features flutes-double reeds, clarinets, saxophones, horns, brasses and percussion. Prof. Johnsen got the idea for writing a work on the name of Dr. Gilbert Abacarian, assistant professor of political science, while reading through a list of new appointees to the college staff. According to the program of the last concert, "The first four letters of his name 'ABCA'

'Jack Baseballers Home for Pair

Meet Aggies and Gators In Weekend FWC Crucials

The Humboldt State nine will play its most crucial weekend of baseball tomorrow and Monday at home as they battle San Francisco tomorrow and the Cal Aggies Monday. If the 'Jacks hope to stay in contention they will have to win at least three and probably four to overtake Sacramento State, which sports a 3-0 mark.

Tomorrow the Jacks meet the Gators in a doubleheader at one o'clock on the college diamond. The Gators have a 2-1 record, having beaten Nevada twice and lost to Sacramento. The Gators are in the same boat as the Jacks as they cannot afford any more losses. Probable starting pitchers for the Gators will be Fred Glosser and Jerry Aldrich. Both won their games against Nevada, while Glosser lost to Sacramento.

Monday the Jacks meet the hustling Aggies who have a league record of 0-2. Both losses were to Sacramento. The Aggies will have to win both games if they are to stay in contention. The doubleheader will start at one o'clock on the College field.

Probable starting lineup for the Aggies will be Al Vom Steeg, catcher; Steve Weiss, first base;

Gene Borel, second base; Randy Young, third base; Mike Betow, shortstop; Ray Crawford, left field; Tom Giacomini, center field; Pat Knox, right field and John Spurlock and Ken Gertsen, pitchers.

The Jacks returning home after splitting with Chico will try for a four game sweep. Coach Ced Kinzer was pleased with the last minute changes he made. Rich Tomasini played well at third, and Ron Reynolds did a fine job behind the plate.

Jack Maze and Larry Taylor will go tomorrow, and Tom Leitz will pitch one game against the Cal Aggies. Kinzer will start Reynolds, catcher; Pontoni, first base; Bill Perry, second base; Tomasini, third base; Monty Feekes, shortstop; Ken Matias, left field; Ike Peterson, center field; and captain Joe Beeson, right field.

Kinzer hopes the rain lets all the games be played since he feels the team still needs experience.

New Face For Field Started

Redwood Bowl is now in the process of getting a new face. Work began this week on the new widening of the field and also work on the new rubber track which will be the finest in the world.

The new track will lend to rainy Humboldt weather as it can be dried without much sun, which seems to have left Humboldt county for the most part this spring.

The work on the field and track is expected to be completed late this year or early next year. The unavailability of the field for the 1960 grid season will cause the team to play all of its home games at Albee Stadium in Eureka.

Villagers Nab Meet; Tekes Garner Second

Capturing nine out of 17 first places, Humboldt Village amassed 116½ points to capture the first intramural track meet which was held in accordance with the nationwide youth fitness campaign.

The Village was followed by the Tau Kappa Epsilon fraternity, Independents, Bears, Forestry, Delta Sigma Phi, and Redwood Hall.

Woodson Foster and Pat O'Brien led the victors by nabbing five blue ribbons. Foster captured the 100 yard dash in 10.6, 75 yard dash in 8.2, and the broadjump with a leap of 20 feet 11 inches. O'Brien nabbed the 440 in 55.4 and the 220 yard dash in 25.2. The pair also ran the relays for the Villagers.

Mike Gilliland also scored a double for the Independents as he won the 880 yard run in 2.21.5, and the mile in 5.14.3 Chris Carr of the Forestry Club captured two firsts in the field events as he threw the shot 43 feet 10 inches, and the discus 116 feet 5 inches.

Final Results:
Legend: HV-Humboldt Village, I-Independents, TKE-Tau Kappa Epsilon, ROB-Royal Order of the Bears, For. - Forestry, DS-Delta

Nine Splits Pair With Wildcats To Post Upset

The Humboldt State horsehid-ers opened its league play last Saturday against Chico State on the Wildcat diamond and split a double-header with the Cats. The Jacks won the opener behind the pitching of Jack Maze and the hitting of Ron Reynolds, 3-2. The Cats came clawing back to win the night cap 3-1.

The Cats drew first blood in the opener when they scored in the third on two singles and a stolen base. They increased their lead in the fourth to 2-0 on a walk and a double.

The Jacks got their first run in the sixth on three walks and a stolen base. They tied it and went ahead in the seventh inning on Perry's triple, Reynolds' homer, and Pontoni's single.

Maze went the distance for the win as he struck out five and walked three. Jim Martin was the loser although he held the Jacks scoreless for five innings.

In the second game the Jacks started the scoring in the seventh as both Larry Taylor for the Jacks and Bill Delbar for the Cats hooked up in a pitching dual. Pontoni started the rally when he walked, went to third on Matias' double, and scored on a throwing error.

The Jacks lead was short lived as the Cats tied in the bottom of the inning on a homer by John Kreuter. The Cats won the game in the eighth when Larry Kelleher hit a two run homer to make the score 3-1 which the Jacks were unable to overcome.

Larry Taylor took the loss as he struck out three and walked two as he went the distance.

What's What!

by Hugh Clark

The Changing of The Humboldt Guard . . .

Player, student and coach . . . Gordon Schroeder has been successful as each here at the Humboldt State College and will complete the later at the close of the spring semester early next month.

The popular football and wrestling coach will not be around next fall to direct HSC's defensive fortunes, or in the winter months to head the program of defending the HSC wrestling crown.

Schroeder will be a football and head track coach at San Juan High School in Carmichael starting this fall. In a change over of athletic personnel, newcomer Ralph Preston Hassman will arrive on campus to assume duties as a football coach, head wrestling coach and director of water sports.

Schroeder first came to the Hilltop as an athlete and student in 1946 following the second World War. He was one of many athletes who had played for Dr. Joe Forbes at Compton Junior College and followed the coach to HSC.

Athletically, Schroeder lettered in football for three years, was an All Far Western Conference selection, captain of the Lumberjack gridders for two years and threw the shot and discus in track.

Meanwhile, Schroeder received his bachelor's degree, having a major in industrial arts and a minor in physical education. In 1950, he began his teaching and coaching career at Mission High in San Gabriel. Next he was assistant football and track coach at Eureka High and then a jayvee football and weight track coach at Ukiah High. During this time, he managed a year of graduate work at Humboldt State.

Bob Doornink, current offensive football and head track coach, left HSC to do graduate work and Schroeder assumed his duties in the fall of 1957. Schroeder's 1958 track team showed promise of things to come although it wasn't a FWC title contender. During the same time, he started a wrestling program. First it was a P.E. course, then an intramural activity and in 1959 a two-match season. Last year, Schroeder directed his grapplers to a 3-3 dual match record and the first Far Western Conference crown.

Schroeder has also been extremely active in the developing of HSC's intermural program this year and his loss will be felt throughout HSC.

His leaving Humboldt was revealed last fall just before the final game of the season when he announced his resignation from his post.

As the defensive coach last fall, Schroeder directed the famed "Green Chain" defenders who were greatly responsible for the Lumberjacks 9-1 record, the best in history.

Schroeder undoubtedly leaves Humboldt with many memories. Differences he notes is in the age of the athlete in his playing days compared to the present HSC stars.

"You can't compare the two," Schroeder says. "Most of the guys I played with were well in their 20's while, with a few exceptions, the kids today are much younger."

We can remember HSC's star halfback in the fall of '58 was Earl Barnum, 27-year-old flash halfback. And just last fall we remember all FWC defensive man Manuel Simas, 28-year-old middle guard. But these are the exceptions.

Schroeder believes the concepts of coaching have changed since his playing days. He says this is especially true of defense which has come to the front the past few falls.

The theory and development of defense is new, the concepts of the many types such as the jitterbug, etc., are not.

Schroeder thinks Humboldt kids are tough. "When they go away to play, weather conditions can't be any worse. They have already had that here," he said.

Yes, Humboldt has lost a good coach, a top former athlete and a good fellow. But there's a top-flight replacement in Humboldt's changing of the athletic guard.

Hassman has one of the best backgrounds in water sports which will take a big step forward next year. "We will enter all water sports on the level that our conference is geared," Dr. C. H. Siemens said after announcing Hassman's appointment to fill Schroeder's vacancy.

Hassman will assume Schroeder's wrestling duties and will be a part of the HSC football program. Athletic director and head grid coach Phil Sarboe said he doesn't know Hassman's philosophy and doesn't know what part of the squad he will handle.

Hassman is a good friend of Doornink since both attended graduate school. The new man is currently at Montana State University. He will complete his doctorate's this summer at University of Oregon.

Choral, Chamber Music By HSC Choir Sunday

A concert of choral and Chamber Music will be held Monday at 8:15 p. m. in the Sequoia Theater. The HSC Choir, under the direction of Dr. Leon Wagner, assistant professor of music, and accompanied by Judith Nielsen on the piano, will present "Gypsy Ho!", "Where the Rima River Rolls," "Would You Like to Know," "Heaven Alone Can Tell," "Dark-eyed Lad," "Roses Grow All in a Row," "Dearest, Dost Thou Ever Call to Mind?" "Hark, the Winds Sighs," "Far and Wide No Kind Glance I Find," "Tho' the Moon's Face Clouded Be," "Rosy Clouds of Evening," from "Gypsy Songs, Opus 103" by Johannes Brahms.

Mrs. Marian Monson on the piano will present "Opus 118, No. 1 in A minor; Opus 118, No. 6 in E flat minor; Opus 116, No. 4 in E Major" from "Three Intermezzi" by Johannes Brahms.

Allegro non troppo, Andante un poco adagio, Allegro (Scherzo), and Poco sostenuto-Allegro non troppo, by Charles Fulkerson on the piano, Floyd Glende, violin, Marianne Pinches, violin, Esther Thomson, viola, and Jean Fulkerson, cello. There will also be a Piano Quintet, by Johannes Brahms.

Forestry Club Holds Meeting

Humboldt State Forestry Club held its regular meeting Monday at Redwood Park. A short business meeting was held, during which plans for the Association of Western Forestry Clubs Conclave at Oregon State College were discussed. Six club members were named to attend the conclave Wednesday through Saturday.

Prof. Ed Pierson discussed the requirements for accreditation of the forestry program by the Society of American Foresters.

Following the business meeting, a movie on conservation was shown.

Dalianes Tells of ASB Council's Action In Illegal Student Voting

On April 22 and 23, 1960, the Associated Student Body held its annual election of officers. When the ballots were counted, there was evidence of fraudulent voting. Therefore, the Executive Council nullified the election, and set a new ASB election for Thursday and Friday, April 28 and 29, 1960.

The Council acted in this manner, and in good faith, feeling that they, under the ASB Constitution, did have the constitutional right and duty to nullify the ASB election of April 23 and 25, 1960.

The Board of Control, on April 29, endorsed the Council's actions, therefore allowing the Executive Council to run the elections of April 28 and 29, 1960.

The Board was convened Monday, May 2, 1960, by an Associated Student Body member and at this time the Board reversed their decision, making the action of the Executive Council unconstitutional.

Because the Board of Control has the power to interpret the Constitution and that their decision is final student authority on constitutional matter; the Executive Council had no alternative but to abide by the Board's decision.

It should be pointed out however, states Joe Mayfield, ASB Treasurer, that the Board's action is not the feelings of the Executive Council. If a loose interpretation of the Constitution was rendered by the Board instead of the rigid interpretation, this matter would have been ironed out last week.

ASB President Art Dalianes stated that this entire situation is unfortunate, and that the Executive Council, as well as the candidates running for office are upset. Dick Maynard, Representative at Large, stated that we feel that we made a legal decision in nullifying the first election, and we still maintain this point.

As stated before, the Board of Control's decision is final and we must abide by it.

Board Of Control Makes Statement Regarding Actions in Elections

Here is the statement by acting Board of Control chairman Gary Carl Harber regarding his group's action in the recent election controversy. The group made the ultimate decision that called for a new election which started this morning at eight o'clock.

On April 22 and 25, 1960, the Associated Student Body of Humboldt State College held its annual election of officers. When the votes were tabulated Monday evening, it was discovered that while 757 persons had participated in the election, 901 ballots had been cast. The Executive Council met Tuesday, and on the advice of election officials, declared the election null and void, ordering a new one for April 28 and 29.

On Thursday, April 28, the Board of Control convened to consider a petition protesting that the Executive Council action was illegal. The Board agreed, declared the Council to have acted unconstitutionally, and ordered the election scheduled by the Council for Thursday and Friday cancelled. The Board then ordered another election held under its supervision the same days, April 28 and 29.

A second petition was presented to the Board of Control on Friday, April 29, protesting that the Board had acted unconstitutionally in ordering a new election. The Board agreed, and ordered the election in progress stopped. It was during the course of this meeting that Chairman Paul A. Asp, believing that he should not judge a situation in which he was involved, appointed Richard Donley acting chairman, and resigned from the Board.

Later Friday, the Board of Control met a second time, and after hearing new arguments, decided that the immediate interests of the Associated Student Body could best be served by reversing itself in favor of the Executive Council. The previously discontinued election was then ordered to proceed. During the course of this meeting, Acting Chairman Donley announced that he might not be able to attend future Board sessions, and accordingly appointed G. G. Harber acting chairman.

On Monday, May 2, the Board of Control convened to hear still a third petition. It was pointed out that by its Friday afternoon reversal, the Board had in effect

granted judicial power to the Executive Council. Meeting in executive session, the Board decided: 1. The Executive Council had acted unconstitutionally in nullifying and voiding the original election held April 22 and 25, and that it had no right to schedule another election for April 28 and 29. 2. Prior conflicting decisions of the Board of Control were declared reversed. 3. The run-off election then in progress was ordered stopped. 4. The original election of April 22 and 25 would be valid until the Board received a petition authorizing it to act further.

Later Monday, the Board of Control received a petition signed by twenty-five students contesting the original election, and requesting the Board to rule on its legality. After examining the ballots of said election, the Board declared that there was evidence of fraudulent voting and ruled that the election was illegal. The Board then ordered a new election of Associated Student Body officers for Friday, May 6, 1960, with polling facilities to be established in the front hall of Founder's Hall from 8 a. m. to 4 p. m.

Five HSC Newman Members Attend Pacific Convention

Five students from the HSC Newman Club attended the 1960 Central Pacific Province Convention held in Stockton last weekend. Delegates attending were Dennis Cahill, Barbara Muhs, Bob Guintoli, Betty Funk, and Ken Martin.

Highlight of the Convention was a talk by Rev. George Garretts, of the National Chaplain of the Newman Club Federation. Miss Funk received an honor key for outstanding achievement in keeping with Newman's ideals.

Professor Bohlmann, 'Now That The Constitution Has Been Sustained' . . .

The following is a statement by professor W. L. Bohlmann, HSC political science instructor, and until recently adviser to the Board of Control. He resigned during last week's discussions of the legality of the second called student elections but has requested reappointment which was discussed after press time at the Executive Council late yesterday afternoon.

APOLOGIA

Now that the Constitution has been sustained, the question may well be raised "was it worth it?" Looking at it from a short term point of view, the answer probably must be no. Not a few people involved, acting in good faith, were deeply hurt and disturbed. Many persons became exceedingly angry. Others, who had put a great deal of time, work and money into their campaigns, saw all of their efforts wiped out by a decision of the Board of Control. Friendships of long standing have been seriously jeopardized by suspicion, recriminations, and the ingesting of motives. As a result of the confusion, some students have become politically apathetic or just plain disgusted. To them, student self government has become an object of disinterest or contempt.

From this point of view it probably would have been better not to raise the constitutional question at all. It probably would have been better to let the second election stand regardless of the spurious legal auspices under which it was held. In all probability it was an honestly conducted election and a fair expression of study body opinion. To have permitted the second election to stand would have avoided most of the unpleasantness of the whole affair.

Now let us turn to the long term point of view. To do this it is necessary to canvass the benefits to be derived from constitutional governments; or, to use a much overworked expression, - "why is a government of laws to be preferred to a government of men?"

Government of laws essentially means that every government official must be able to justify his every act by some pre-established rule. Government of men means the government official may take whatever action he deems best in the specific situation. The former places its confidence in the impartiality certainty of the rules. The latter places its confidence in the good faith and wisdom of the men in positions of authority.

No doubt, in theory at least, perfect justice can only be realized under a government of men. The men who make the rules under a government of laws cannot possibly foresee all the situa-

tions in which an impartial and certain application of the rules would result in bringing an unjust hardship upon those to whom the rule is applied. The independent decisions of men of good faith and wisdom would be much better than the heartless, impartial and certain application of the rule.

Unfortunately, however, no means have yet been found to distinguish the men of good faith and wisdom from the men of bad faith and stupidity. This, of course, is due to the fact that there is some of each of these qualities in all of us. Thus, I submit, that until the philosopher king comes upon the scene we must content ourselves with the second best, namely a government of law.

It will be asked, "What assurance do we have that the rules themselves will not be unjust?" Of course, we have none, because the rules themselves are made by men. But, at least we have the advantage of knowing what we are free to do with impunity and that which we do at our peril; that which government may or may not do in its decisions and acts in specific situations. We like to think, that the rules in constitutional democracies have a better chance of being just, because those who make the rules are politically responsible. Yet this is not an absolute guarantee.

No doubt in a democratic system the majority should have its way. But this does certainly not mean that the majority may do as it pleases in any way that it pleases. We aspire to a system of ordered liberty. Which means that the majority shall rule through rules rather than taking an opinion poll to settle the specific issues as they arise. The majority is just as capable of succumbing to human shortcomings and frailties as is one may or a select few. These shortcomings and frailties have a habit of coming to the fore in the heat of here and now situations. Lynch mobs are guided by emotions, juries are guided by impartial previously established rules.

True, constitutional democracies are inefficient, there is much bungling and much time consumed before anything happens. The idealist is inclined to become impatient with the legal "red tape" and other restrictions. "If they would just leave it to me," he maintains, "I would get the job done and all would be well." No doubt he would get the job done, but we are not at all sure that all would be well. Efficiency is not a recommending quality of democracy. But I am not at all sure that efficiency by itself is a virtue. For example, elections nowhere came off more smoothly than in totalitarian systems.

Of course, the constitution is not perfect, but let us change it rather than ignore it. In closing I would like to quote from an excellent little book by Charles H. McIlwain entitled, "Constitutionalism: Ancient and Modern."

"Constitutionalism suffers from the defects inherent in its own merits. Because it cannot do some evil it is precluded from doing some good. Shall we, then forego the good to prevent the evil, or shall we submit to the evil to secure the good? This is the fundamental practical question of all constitutionalism. It is the foremost issue in the present political world; and it is amazing, and to many of us very alarming, to consider to what insufferable barbarities nation after nation today is showing a willingness to submit, for the recompense it thinks it is getting or hopes to get from an arbitrary government."

Political Science

'HSC Comes Of Age', Theme of Big Dedication

"Humboldt Comes of Age," will be the theme for participants at the Dedication Convocation, Reception and Dedication Banquet to be held Thursday.

Speakers at the Convocation in Sequoia Theater at 11 a. m. will include Dr. Homer P. Balabanis, dean of instruction, who will talk on the faculty; Dr. Joseph C. Trainor, curriculum evaluator, who will speak on the curriculum; and Dr. Lawrence E. Turner, executive dean, whose topic will be the college facilities.

Edward's Letter That Prompted Board Action

(Continued from Page 3)

voted on April 27, 1960. I do not believe that the Board of Control would act in this manner, allowing one or two persons to decide an important issue such as the declaring the action of the Executive Board unconstitutional.

I contend that this action took place on April 28, 1960. Robert McManus, Olin C. Kirkland and Richard Donley reported that they were contacted April 28, 1960, and that all agreed a new election should be held, but by that time the illegal election was in process.

I raise this question: "Did the Board of Control act on April 27, 1960 or April 28, 1960?" If it was on April 28, 1960, as I contend, the ballots in the Executive Council's election should be void, because the Board of Control ruled that that election was unconstitutional. If those void ballots were not separated after the official announcement from the Board of Control, then the ballots cast on April 28 should be judged illegal.

I would cite Article VII, Section 320 of the Humboldt State Constitution which reads, "If the Board of Control judges an election illegal, it must call a new election within five school days after rendering their decision." I believe there are enough facts to constitute an illegal election. This is to say that the second Student Body election is illegal under the Constitution because the illegal ballots taken by the Executive Council's election have not been separated from the Board of Control's election.

In summary, I contend that April 27, 1960 was the date of the meeting of the Board of Control as the bulletin to the Student Body indicated. The official or unofficial meeting of the Board of Control took place April 28, 1960 and all ballots taken by the illegal election are void and cannot be counted. I believe the Board of Control should issue a writ of injunction stopping their own election because of the illegal ballots which have not been separated from the legal ballots. The power is given to the Board of Control in Article VII, Section 322.

If this action takes place, then the Board of Control can call a Student Body election that would be constitutionally sound.

Nine Colleges Compete In HSC Pentathlon

A pentathlon is being held in the Language Arts Building on campus today and tomorrow as a part of Dedication Week activities.

The contest requires that each entrant enter five speaking events. The events to be held are an extemporaneous debate, a short general education lecture, a rhetorical analysis of a famous speech and its occasion, a speech to entertain, and the analysis and reading of both humorous and serious literature.

Colleges participating are Stanford, Washington State, University of Nevada, Sacramento State, San Francisco State, COP, College of San Mateo, Modesto City College, Linfield College and HSC. The two entrants from HSC are Bernard Mouton in upper division and John Rawlinson in lower division.

LIBRARY EXHIBIT

The Library invites everyone to see the "19th Western Books Exhibition" which opened yesterday and continues to May 19. This is an annual exhibit of fine printing sponsored by the Rounce and Coffin Club of Los Angeles.

STATEMENT FROM THE PRESIDENT

At a special meeting of the President's Cabinet held Thursday afternoon, May 5, 1960, it was decided that the College Administration should not intervene in the matter of the current difficulties regarding the student body election. The Cabinet felt that it should intervene only if such an impasse were reached that the student body was entirely without the means of rectifying the situation. The Cabinet felt that such a compelling situation was not present.

The members of the Cabinet expressed their sincere concern for President Art Dalianes and the candidates who have gone through a very tense period. It was felt, however, that the decision of necessity must be based upon the principle that the law must prevail rather than upon the feeling of sympathy--however deep--for those who have tried fairly and honestly to administer the student affairs.
