## Shorty Rogers To Appear Here In Jazz Concert

A musician who has been a leading influence in building the West Coast into a prestige jazz center will appear in HSC's new Sequoia Theater on Tuesday, March 29.

He is trumpeter Shorty Rogers, recording artist, movie and television actor and music arranger.

Much of the credit for making modern jazz catch on has been attributed to Rogers. He insisted that record companies use the musicians who had been together at the beginning of the movement and thus brought many modern jazz musicians to the attention of the record-buying public.

Rogers came on the Hollywood movie-making scene when he composed and arranged the jazz sequences for the movie "The Glass Wall." This was followed by his band doing the sound track and Rogers the arrangements for the Marlon Brando film "The Wild One."

Now solidly established in the motion picture field scoring field, his credits include the "Mr. Magoo" cartoon series, "Private Hell 36," "Bob Mathias Story," "Walk-in' My Baby Back Home," "Dial Red O," "Cobweb" and "Kismet." He has just completed scoring Afro-Cuban music for MGM's "Tarzan and the Apeman."

He made his debut as a film actor in "The Man With the Golden Arm" and assisted Elmer Bernstein in scoring and arranging jazz sequences for the film. He recently entered the TV field, playing a role in one of the "Peter Gunn" shows.

The diminutive trumpeter and his "Giants" recording group will be sponsored by the HSC Associated Student Body in a concert titled "Spring Jazz Jubilee '60" at 8 p. m., Tuesday, March 29, in Sequoia Theater. Tickets at \$1.25 with ASB card or \$1.75 without ASB card will be on sale at the Sequoia Theater box office on campus.

## Dance To Be Held In Gym Tomorrow

The "Clover Hop", sponsored by the Student Activities Commission, will be held this Saturday night from 9-12, in the Men's Gym, with live music.

The dance will be a sock hop. Admission is: \$1 for couples without ASB cards, 75 cents for couples with ASB cards, and 75 cents without ASB card, stag, 50 cents stag with ASB card.

The possessors of "fresh", not "pressed" four-leaf clovers will be admitted to the dance free!

## Fish, Game Region Director To Speak At Conservation Banquet Tomorrow

### HSC Symphony To Give Concert

The public will get its first look at the newly completed Sequoia Theater, Thursday, March 24, as the HSC Symphony presents its second formal appearance under the direction of Dr. Charles Fulkerson and his associate conductor, Floyd Glende.

Dr. Fulkerson will lead the orchestra in Overture from Le Roi D's by Lalo; Air from Suite No. 3 in D Major by Bach; Romance by Debussy; and Adagio-Allegro Vivace; Allegro ma non Troppo from Symphony No. 4 by Beethoven. Then Dr. Fulkerson will hand his baton over to Prof. Glende as he solos in Allegro di Molto, Andante, and Allegro from Konzert for Klavier Opus VII No. 5 by Bach.

The 55-piece orchestra is made up of students, faculty, and members of the community. Starting time of the concert is 8:15 p. m. and the public is invited free of charge.

### Forensics Meet Here Tomorrow

The Fourth Annual Redwood Forensics Tournament for High Schools will be held on campus this week end. The 11 schools participating are: Arcata, Eureka, Fortuna, Leggett Valley, Laytonville, Ukiah, Mendocino, Del Norte, South Fork, Larkspur, and Anderson Valley High Schools.

Students attending will be housed in the dorms. More than 100 students will participate in five different events. Awards will be given in individual events and sweepstakes will be awarded to the most successful schools.

Up to 30 students will be participating in each of the events. This year has the largest enrollment ever.

Members of the forensics squad and some faculty members will judge.

This event is sponsored by Pi Kappa Delta, the honorary debate fraternity, and is run largely by them.

### SIEMENS RETURNS

President C. H. Siemens returned from a professor recruiting tour in the eastern states Tuesday evening. He was recruiting for approximately ten professors for the 1960-61 school term. He also attended college conferences on the three week tour.

## HSC Staff Members Attending Press Conference This Weekend

Eleven publications staff members and their adviser left today to attend the annual California Intercollegiate Press Association convention in San Francisco.

Bill Hayward, Lumberjack feature editor and second vice president of the CIPA, is in charge of contests and is scheduled to make a talk at the event. He also is acting as Humboldt's head delegate.

Other HSC delegates are Joe Romero, editor of the Sempervirens; Mary Ann Miner and Joan Rasmussen, yearbook business managers; Ronald Sells, editor of Hilltopper magazine;

Wildlife and Forestry displays have been on exhibit during Conservation Week in Founders Hall. Sponsored by the Conservation Unlimited and the Forestry Clubs, Conservation Week runs from March 7 to 11. Forest Management major Thornton Rhodes stops before a waterfowl display on his way to classes during Conservation Week.

## Latest in Collegiate Wear To Be Shown Thursday

Tickets will go on sale in the Founders Hall lobby Monday for the St. Patrick's day centered "Shamrock Holiday", the annual spring fashion show, sponsored by the Associated Women Students Thursday at 7:30 in the CES Auditorium. Admission charge will be 50 cents with student body card and 75 cents without.

The latest in collegiate wear, from casual to cocktail, from Kent's clothing in Eureka will be modeled by ten HSC coeds, chosen at recent tryouts. The models are Glendyne Baldwin, Sue McArdle, Linda Dolf, Pat Mayer, Helen Wilson, Karen McDonald, Marci Johnson, Sue Ratliff, Sharon Krick and Jeanette Enberg.

The show will be narrated by Bill Turner, an active drama student from Eureka, and Judy Nil-

son will furnish background music. Entertainment during the show will be provided by Richard Ames and Kenna Koenig, accompanied by Miss Nilson and Mike Richards. Modern dance routines will be presented by Sharon Amberson and Mary Hitt. Two gift certificates to Kent's will be presented as door prizes and refreshments will be served during an intermission.

Helen Wilson is general chairman of the affair. Other chairmen are Jackie Neely, decorations, Sue McArdle, refreshments, Barbara Hammer, publicity, Susan Messner, tickets, JoAnn Ferguson, program, and Elenor McDonald, announcements.

## Games Limited At Lunch Hour

The Student Activities Commission this week announced that the use of cards and games will not be allowed in the lower floor of the Coop between 11:30 a.m. and 1 p.m. Reason given was that players tend to monopolize tables and have an adverse effect on business. However, the SAC games room on the upper floor of the Coop will be open at this time for students wishing to use the games.

## Disney Movie On Tap Today

A showing of the Walt Disney movie "Bear Country" today at 11 a. m. in Founders Auditorium highlights Conservation Week observances on campus.

The movie is free to all students, faculty, staff and townsfolk. Sponsoring the movie and other Conservation Week activities, which opened Monday, are members of Conservation Unlimited, organization of wildlife students, and the Forestry Club.

The annual observance will close with a Conservation banquet tomorrow at 8 p. m. at the Big Four Inn, Arcata. Guest speaker will be Robert Montgomery, regional director of the California Fish and Game Department, Region II. Tickets, at \$2.75 a person, may be obtained from C. U. members.

Dedicated to helping the public learn the goals of conservation and wildlife management, the past week has included campus displays, (Continued on page 5)

## Rawlinson Places In Forensics Meet

John Rawlinson represented HSC on the annual oral interpretation trip to San Francisco last weekend. He was selected by elimination trials here.

He presented oral interpretations of selections before an audience of members of the San Francisco Speech Arts Association at the Bellevue Hotel. Rawlinson took fourth place and an honorable mention out of representatives from twelve schools.

Miss Leah Grigsby, faculty sponsor of oral interpretation, accompanied him on the trip.

## COMING EVENTS

Friday, March 11  
"Candida", repeat performance, 8:15 p. m., Little Theater.  
C. U. Assembly, 11 a. m., Founders Auditorium.

Saturday, March 12  
Math field day, all day on campus.  
C. U. Banquet, 8 a. m., Big Four Inn.  
Student Activities Dance, 9 p. m. - 12, Men's Gym.  
Forensics Tournament, 8:30 a. m., 9 p. m.  
"Candida".

Thursday, March 17  
AWS Fashion Show, 7:30 p. m., CES Auditorium, tickets 50 cents with ASB card, 75 cents without.

Friday, March 18  
Intercollegiate Knights Dance, 9 p. m., Women's Gym. Playboy to be named.  
Language club speaker, 8 p. m., Founder's Auditorium.

Sunday, March 20  
Social Hour, Green and Gold Room, 7-9 p. m.

Monday, March 21  
Faculty Forum.  
WUS week postponed.

Saturday, March 26  
Journalism Day, all day, on campus.

## A "Giant" Event

Over 350 students attended the recent "Giant" movie even though the first showing date was postponed, a fine tribute for the work the Student Activities Commission contributed to bringing the widely acclaimed cinema to our campus.

The "Lumberjack" staff would like to commend Don Bird and his committee for handling well those hurdles that stood in the way of the show's running, and we hope that the enthusiasm displayed by the student body will serve as a precedent for future movies to come through the newly formed group.

Barbara Oberdorf

## Hilltop Hallucinations

### "Concert at Humboldt"

By BILL HAYWARD

The fourth in the series of "Jazz at Humboldt" concerts is about to begin. The featured artist is Shorty Rogers. He is kool. Everybody digs his music, because he really wails in the nicest way. The Name Sorty Rogers is connected with West Coast jazz, an institution he began in 1954 along with Jerry Mulligan, Chet Baker, and some of the other all-time greats on the modern scene.

I am happy to say that Shorty and his crew will play in Sequoia Theater, the newest addition to the campus, and by far the best place for this concert. "Jazz at Humboldt" started with the Pete Jolly Trio in 1957, and proceeded to such names as Cal Tjader, and the terrific Stan Kenton.

The fee for these concerts was, and is, very high. And common complaints of the musicians were the poor acoustics. No artist enjoys playing in a barn, and for music the Women's Gym is really a barn. Also, the seating at the gym was poor, and those of you who attended the concerts know what I am talking about. This has been cured, and we may enjoy our jazz in comfort.

All of this points to a very obvious conclusion. This will be the biggest and best concert that Humboldt ever had, and I hope you all attend. A name that has always been connected with jazz concerts at HSC is Paul Asp. Working with him this year are Roger Olsen and Betty Bird. All three people are enthusiastic and report that all advance indications point to a large crowd. Our thanks also, to the Executive Council for financial and moral backing of this concert. While I am passing out compli-

ments, may I congratulate Donna Cleveland for her fine performance in "Candida".

She was not a member of the cast, but at intermission she managed to talk so fast that I couldn't slide a word in sideways. And that takes a lot of doing. However, I have privately challenged her to a duel in the Men's Gym at 4 p.m. this week. Every semester I have taken a course in the art of self-defense. After 14 units of self-defense I can beat her with any weapon but talk. And nobody, but nobody, can talk as fast as she can. Funny thing, she never seems to say anything that I can remember. Perhaps it isn't important talk that she talks?

## Exchange Student To Russia Will Speak at Humboldt

The Foreign Language Club will present a talk by an American exchange student to Russia in the Founders' Hall Auditorium Friday, March 18 at 8 p.m.

He is Alton S. Donnelly, one of the first group of exchange students to the Soviet Union. He will talk about his experiences there.

# Parking Situation Focuses Attention to Higher Court

By WILL DUBLIN

The parking situation on the Humboldt State College campus has again become one of the top issues for discussion among students, faculty, staff personnel, and now also the general public.

Dr. James Householder, assistant professor of mathematics, recently focused attention in the parking situation by bringing a test case which was tried in the Arcata Justice Court and is now being appealed to the Superior Court of Humboldt County. The notice of appeal was filed last week with the Arcata Justice Court by Householder's attorney, Clayton O. Rost of the legal firm Hill and Hill in Eureka. The local court was to forward the necessary papers from the hearing to the Superior Court, each party will present their briefs (testimony), and then the Superior Court will give a ruling, probably within 60 day at the latest.

Having been found guilty of illegal parking on the campus on facts agreed to by both parties, Dr. Householder was given a suspended sentence of \$25, with the stipulation that he wouldn't park illegally for the next year.

The question Householder asks is: Can the college collect a \$13.50 parking fee for parking, which was set forth by the State Legislature, and have the revenue go into the general fund, and not be used in any shape, form, or manner for improvement on the college parking situation?

After the Legislature passed the parking regulation around Sept. 1 of last year, a committee of 17, made up of students, faculty, clerical staff, maintenance, and administration, met to discuss the problem. A rough draft of the recommendations of the President's cabinet went to the Academic Council, which in turn made suggestions for revision. The proposed conditions went back to the two committees for further evaluation.

It was then decided that the regulations would be tried for one semester and then evaluated once more. Near the end of last semester, President C. H. Siemens appointed a new committee, this time much smaller, with one representative from each of the bodies mentioned above. The only major change that was made after the reports had been made was the use of the parking area between the Coop and Founders Hall. It was decided that half of the area would be reserved for faculty and the other half for students.

In short here are some of the regulations which are listed in chapter two "environment" article four - parking and traffic regulations. 8601 lists how the local rulings were made and where the information was drawn from. 8602. "The President's Cabinet shall determine matters of parking policy as applied to Humboldt State College campus. Appeals for variance from the policy may be made to the President's Cabinet by filing a complete statement of the President's Cabinet by filing a complete statement of the problem with the Business Manager with reasons justifying the variance."

8611. Violators of parking regulations are subject to penalties provided by law. Offenders shall be issued citations to the appropriate court where fines may be imposed. If a vehicle remains parked in violation of the regulations for a period in excess of two hours, additional citations may be issued hourly. Unauthorized vehicles parked in reserved parking spaces may be towed away at the expense of the owner. 8612. Fees for general campus parking as advertised shall be paid in advance for each semester.

These are just a few of the stipulations which are set forth in the college handbook under parking regulations. Many things have been done to call the atten-

tion of the general public and student body on campus, the main one being the placing of parking meters for visitors at various places on campus.

This combined with the collection of the \$13.50 parking fee, which is required by the state legislature, is enough to make make someone want to do something about the situation.

A statement, No. 59/314, which was prepared by the Office of the Attorney General for the State of California, headed by Stanley Mosk, read as follows:

"THE HONORABLE CHARLES H. ANDREWS, County Counsel of Butte County, has requested the opinion of this office on several questions concerning the regulation of parking on property of Chico State College and the disposition of fines, levied for the violation of such regulations. The conclusions may be summarized as follows:

1. Parking in violation of regulations adopted by the State Board of Education and the president of a state college is a violation of section of 21113 of the Vehicle Code and is punishable as a misdemeanor.

2. Such violations may be enforced by both the city police and members of the state college police.

3. Penal Code section 1463 and Vehicle Code section 42200 to 42202 govern the disposition of fines, forfeitures and deposits levied for such misdemeanor violations.

4. There is no authority for an informal agreement between the business manager of the state college and the judge of a judicial district whereby the fines or forfeitures collected by such violations are to be divided equally between the college and the court."

Evidently, Chico State College also has run into parking problems like Humboldt State. It seems as though Chico's parking problem might be space with their student body growing by leaps and bounds, and Humboldt's problem is the lack of space, another local problem.

Prominent authorities have indicated that there is a definite need of space. A letter has gone to the Board of Education asking additional land for parking, but nothing has resulted from the letter as of now.

Humboldt State is in the process of building again. Not in the too distant future, a new library will be built in the lot west of the Administration Building, which will cut the temporary parking lot in half. The old Library will be used for general purpose class rooms and offices. It is then the college's intention to black-top the rest of the area to provide 150 parking spaces. Bids were supposed to go out March 1 for the project.

Another possible lot for parking, below the College Elementary School, will house the new Education-Psychology Building. What Humboldt State needs are additional sites. It is cheaper according to the authorities to buy additional sites, than to build a five or six-story garage.

Since Humboldt State hasn't grown as much as the Board of Education thought it would, there has been no allotment for more parking space. It will take approximately \$25,000 for additional parking improvements. This is where Humboldt State will have their problem. Since all the site has been used up for new buildings, the parking lots have and will continue to be cut down. In order to buy additional sites, one needs money, and at the present time, this is what isn't available.

It would be all right if adequate transportation were available from

# Minutes of the Student Council

The meeting was called to order at 4 p. m., March 3, 1960, in the Student Activities Office by vice president John Burger.

Those present were John Burger, Joan Rasmussen, Mary Ann Miner, Helen Wilson, Will Dublin, Bill Caver, Dick Maynard, Art Dalianes, Joe Mayfield, Ross Stromberg, Mary Lou Barnes, Neil Evans, Dennis Cahill, Marty Hessel, Betty Bird, Ray Smeltzer, Howard Goodwin, and Dr. Don Karshner.

## Committee Reports

Parade — Mary Ann Miner submitted a design for the float to be used in the Miss Eureka Pageant. After a discussion of the float by council, this design was approved.

Class Officers — Ross Stromberg will have a formal report on his committee's work, regarding the merit of class presidents having a seat on council, next week.

## Old Business

WUS — Will Dublin reported that he and Dr. Hurwitz will attend the World University Service Convention at Stanford March 4 and 5, 1960.

Jazz Concert — HSC will have a Spring Jazz Concert on March 29, 1960. It is hoped that it will be held in Sequoia Theatre.

Recreation Night — Dick Maynard reported that the first recreation night was held Wednesday, March 2, 1960, and there was a good turn out.

Nelson Hall Lounge — Dick Maynard stated that Nelson Hall Lounge will be open on Tuesday, Wednesday, and Thursday nights from 7-9 p. m., for student use. If the lounge is misused it will be closed again.

## New Business

There will be no pre-sale of the Sempervirens this year.

## Commissioner's Reports

Activities — Betty Bird stated that the movie "Giant" was a success. Another film will be shown the last Sunday in March. Games will no longer be allowed in the Coop between the hours of 11:30 a. m. and 1 p. m.

The Activities Commission is sponsoring an exhibit of four HSC artists in Nelson Hall Lounge Sunday, March 5, 1960, from 2-4 p. m.

Publications — Ray Smeltzer reported that the Sempervirens is completed.

Organizations — Neil Evans stated that ICS feels after-game dances next year should be held on campus, rather than in Eureka.

He submitted to council the flag design ICS felt to be appropriate. It was moved and passed that Rodger Cinnamon, the winner, draw up three alternate designs to his original design and that these three drawings plus the original design be submitted to a faculty committee composed of art instructors for appraisal. As far as a school seal is concerned, the matter will be taken back to ICS, who will decide what they wish to do concerning a seal.

Athletics — Bill Caver stated that the student council awards are in, and that they will be presented sometime later on in the semester.

A basketball award's assembly is under consideration for sometime this Spring.

## Board of Finance

Joe Mayfield submitted the Activities Commission Dance prices for council approval. These prices, which were approved by council (Continued on Page 8)

Eureka and Arcata. Only a privately owned bus company serves the local campus, and even so, it is less than once an hour. A possible solution would be to park downtown. However, this would be displeasing to the local merchants, and then there would be a short walk involved up the hill, which isn't too strenuous, but when the weather is bad, it isn't a healthy idea.

The outcome of Dr. Householder's case will not have any effect on the space for parking, but might stir up the California State Legislature to the point that they will investigate the case further.

Rich Boyer and Barbara Muhs gaze upon a Joe Romero original, one of a series of paintings by HSC art students now on exhibit in the East Wing of Nelson Hall. Student Activities Exhibit Chairman, Joan Iverson, has announced that more shows, possibly on a bi-weekly basis are forthcoming. The current display remains open to viewers until tomorrow evening.

A wood sculpture by artist Bruno Groth is admired by Brad Fry and Terry Rafferty. Groth's exhibit, which runs through March 31, may be seen in the Art Department gallery.

## Journalism Day Set March 26

Humboldt State and high school publications staffs and journalism students from throughout Northwestern California will gather on the HSC campus Saturday, March 26, for annual Journalism Day.

The career day is sponsored jointly by the college and the Eureka Newspapers, Inc. Some 150 students are expected.

Activities will include workshops and discussions and an open house reception in the new publi-

cations offices in the Language Arts Building sponsored by members of Alpha Phi Gamma, honorary journalism society.

A luncheon in Nelson Hall will be sponsored by the ENI.

Afternoon sessions will include a talk by a nationally-known newspaperman and contests, in which cash prizes will be offered, for the high school students.

Plans for the event are being coordinated by Dr. Milton Hollstein, associate professor of journalism, and Scoop Beal, managing editor of the Humboldt Standard.

## Strong Leads HSC Golf Squad

Led by freshman Jim Strong's 41, the Humboldt State Golf team participated in a nine-hole intersquad match last Sunday afternoon at the Eureka Municipal golf course.

Strong shot a 41 to edge veteran John Yingst and Jerry Griffith, who both shot 42's. Ed White was third with a 43, followed by Milt Ragsdale's 45. Marvin Wagner and Bill Caver shot 46's and Gayle Jesmer 47.

Others in the event included Ted Hamilton with a 49, Pat Benson and Bill McCord with a 54, and Russ Ashburn and Ernie Schultz with 59's.

Next in line for the HSC divot-cers is the potent Alumni. The Alumni quintet is headed by Chuck Blackburn and Jim Rice.

A much-married movie star has gone into deep mourning since the death of her last husband. Insists on black olives in her martinis.

## 'Candida' Looks at Life, Love; Marchbanks, Burgess Steal Show

"... a wretched little nervous disease ... and a pig-headed parson," each with his own ideas about love, and both for the same woman. Now there's a situation! And it comes off beautifully in the Sequoia Masque's production of Shaw's "Candida."

The former, an 18-year-old disheveled, nervous, shy, sensitive, but in his own way, wise-beyond-his-years poet, Eugene Marchbanks, openly courts a woman 15 years his elder, while her husband, the "pig-headed parson," at first terms it "a case of calf love," only to become alarmed later to the point of demanding of his wife a choice between the two men. The Shavian irony of it all is that the wife, Candida, really doesn't have a choice to make at all; she knows, and has known all along, as almost any woman whose very life is her home and family, whom she will choose. There is no doubt in her mind, but because there is doubt in her husband's mind, he is the weaker of the family unit, and the weaker of the two men. And whom does Candida choose? The weaker, to make him, at least in certain respects, stronger.

Because the minister, Morell, is successful in his position in the pulpit and on the platform, and knows it, he has forgotten certain human frailties, leading to a misunderstanding with his wife. Marchbanks, who acts more as a catalyst than anything else, brings out the realization and awareness of this misunderstanding.

### Shavian Plotting

Were Marchbanks a serious contender for Candida, Shaw would have made him more attractive. Can there be any real question of Candida running off into the night with an emaciated adolescent who abhors the very joys of Candida's life, the little housewifely duties, even though his poetic dreams of "let me take you away from all this," are very touching?

It is doubtful that the roles of Candida and Marchbanks could have been better cast, for Anne Weiss and Robert Graham turn in superlative performances. By gesture and inflection, but especially the latter, Mrs. Weiss is a Candida who is sympathetic, but very, very sensible.

Graham, who energetically throws himself into the role, is a Marchbanks who, by a quivering underlip, fidgety hands and feet, and a shock of blonde hair forever falling over his eyes, does professional justice to the part.

### Cockney Vulgarity

Turning in another excellent role is William Livingston as Candida's father, the pompous, penny-pinching cockney businessman, Burgess. Again, by gesture, inflection, and pause, Livingston brings his character alive, pointing up the low-brow values of Burgess' class as he shows utter disinterest in the reading matter handed him, Shaw's "The Quintessence of Ibsenism," which, incidentally, is a clever bit of stage business that Shaw would heartily applaud.

A newcomer to the HSC boards, Diane Gillespie was the prim spinster of a parson's secretary, Miss Prosperine Garnett, who brooked no interference with her secretarial duties, and who suffered from "Prosie's complaint" and the effects of two glasses of Champagne, straight off. As the parson, Bernard Mouton, played the stiff cleric, almost too stiffly for a man accustomed to the pulpit and platform, but as a whole, was a counterbalance to Marchbank's natural uninhibitedness. Reginald Mintey was the energetic and enthusiastic curate, whose duty it was to see Miss Garnett home safely after the visible effects of Champagne.

### "School Spirit"?

Directed by Dr. W. L. Jerry Turner, two more performances of "Candida" remain, tonight and tomorrow night. While on the subject of performances, there is a question regarding the appalling apathy of the student body toward opening night. With a student body enrollment of approximately 1700 students, the audience last Thursday night totalled only 35 persons, including those who were connected with the production.

## Comus Club Plans Crab Feed

The Comus Club is preparing to throw its annual crabfeed in the near future. Directing plans for the event is Roland Ebersole, secretary-treasurer of the veteran's group.

The day-long crabfeed will take place at a local beach.

Ebersole notes that Spring semester dues are now payable. The fee will be collected by Ebersole on campus or by Lowell Ambrosini, Rich Tarrio and Gerry Kilduff who are employed at downtown meeting places of the Comus Club.

## On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf," "The Many Loves of Dobie Gillis," etc.)

### THE SEARCH FOR BRIDEY SIGAFOOS

It was a dullish evening at the Theta house. The pledges were down in the catacombs; the actives were sacked out upstairs, not doing much of anything. Mary Ellen Krumbald was sticking pins in an effigy of the housemother; Evelyn Zinsmaster was welding a manhole cover to her charm bracelet; Algelica McKeesport was writing a letter to Fabian in blood. Like I say, it was a dullish evening.

Suddenly Dolores Vladnay stood up and stamped her foot. "Chaps," she said to her sorors, "this is too yawn-making! Let's do something gay and mad and gasp-making. Anybody got an idea?"

"No," said the sorors, shaking their little sausage curls.

"Think, chaps, think!" said Dolores and passed Marlboro cigarettes to everybody, for if there ever was a smoke to start you thinking, it is mild and flavorful Marlboro! Things come clear when you puff that good, clean smoke through that fine filter—knots untie, dilemmas dissolve, problems evaporate, cobwebs vanish, fog disperses, and the benevolent sun pours radiance on a new and dewy world. Oh, happy world! Oh, Marlboro! Oh, soft pack! Oh, flip-top box! Oh, get some already!

"I have brown eyes and I weigh 3200 pounds"

Now Geraldine Quidnunc, her drooping brain cells revived by a good Marlboro, leapt up and cried, "Oh, I have a perfect gasser of an idea! Let's hypnotize somebody!"

"Oh, capital!" cried the sorors. "Oh, tingle-making!"

At this point, in walked a young pledge named Alice Blue-gown. "Excuse me, mistresses," said she, tugging her forelock, "I have finished making your beds, doing your homework, and ironing your pleats. Will there be anything else?"

"Yes," snapped Dolores Vladnay. "When I count to three, you will be hypnotized."

"Yes, excellency," said Alice, bobbing a curtsy.

"One, two, three," said Dolores.

Alice promptly went into a trance.

"Go back," said Dolores, "back into your childhood. Go back to your fifth birthday, back to your birth, to before your birth, to your last incarnation ... Now, who are you?"

"My name is Bridey Sigafos," said Alice. "The year is 1818, and I am in County Cork."

"Coo!" said the sorors.

"How old are you?" asked Dolores.

"I am seven," said Alice.

"Where is your mother?" asked Dolores.

"I don't know," said Alice. "She got sold at the fair last year."

"Coo!" said the sorors.

"Tell us about yourself," said Dolores.

"I am five feet tall," said Alice. "I have brown eyes, and I weigh 3200 pounds."

"Coo!" said the sorors.

"Isn't that rather heavy for a girl?" said Dolores.

"Who's a girl?" said Alice. "I'm a black and white guernsey."

"Coo!" said the sorors.

"Moo!" said Bridey Sigafos.

© 1960 Max Shulman

We, the makers of Marlboro, have our doubts about this story. About cigarettes, however, we hold these truths to be self-evident: Marlboro for alter smokers, Philip Morris for non-alter smokers. Try some.

## Dr. James McNelis Of HSC Edits Book On The "Danish Gulliver"

Dr. James I. McNelis has recently edited a book entitled "The Journey of Niels Klim to the World Underground". The book should be released in October by the University of Nebraska Press. Dr. McNelis completed the research project as the first recipient of the HSC Improvement Foundation Award which is continuous this year.

The author of the book was Ludwig Holberg who was born in Norway in 1684, lived all his mature life in Denmark and died there in 1754. It was first published in Germany in 1741 in Latin and was translated into English in 1742. It was published in 13 languages in more than 60 editions. Dr. McNelis' edition is based on the English edition of 1742.

The preface of the book includes a short sketch of Holberg's life, critical analysis, and bibliographical information. The editing includes modernizing spelling, punctuation and capitalization. The book includes some sections which Holberg added to the 1745 Latin edition.

The work is a satire. Holberg's purpose, in 18th century fashion, was to help the reader distinguish the "semblance of virtue and vice from the reality". It is the story of an imaginary voyage, of which the best-known example is "Gulliver's Travels", by Jonathan Swift. It might also be called the 17th and 18th century form of science fiction.

Holberg's hero, Niels Klim, enters a cave and falls. He discovers that the earth is hollow with a sun at the center and a planet circling it. He discovers a land of rational trees where conditions of life are utopian. He discovers other lands which seem to underline the shortcomings of European thought, customs, institutions, religion and politics.

Klim becomes emperor of one country, but is corrupted by power and dethroned. In attempting to escape he enters a cove, falls, and

returns to Norway, sadder, but wiser.

## Smith To Direct Honor Band At Music Festival

Dr. David Smith, assistant professor of music, will travel to Fort Bragg, April 2 to act as guest conductor of the honor band of the Mendocino Coast Section Music Festival. He will also judge the high school bands that are participating in the festival.

This is the second time Dr. Smith had participated in the festival, as last year he went to Willets in the same role. Accompanying him to Fort Bragg will be Rosalie Prince, freshman music major from Arcata, and Jeff Simas, sophomore music major from Eureka.

Dr. Smith will conduct rehearsals during the morning and early afternoon, then will judge the various high school bands later in the afternoon. That evening he will conduct the band and listen to the honor choir.

### SCHULER EXHIBITS

A series of caseins and drawings by Melvin Schuler, associate professor of art, is currently being exhibited at the Red Barn restaurant in downtown Eureka. The exhibit will remain on display through the month of March.

## Dublin Re-Elected WUS Representative For Another Term

Will Dublin represented Humboldt State College at the spring meeting of World University Service held on the Stanford campus last weekend. Dublin, who is the Humboldt State WUS chairman, was reelected to another term as representative-at-large for the Pacific Southwest region.

Some 200 representatives from 35 schools were present at the conference, which was the largest ever in this region and termed a great success by WUS leaders. Dr. Eugene Burdick, author of the "Ninth Wave" and "Ugly American" opened the conference, addressing the conferees on "Imagination and Reality in Foreign Aid."

Workshops was the top item on the Saturday morning agenda. Other activities during the day included luncheon, business session, address by Consul Thorvald Stollenberg, Vice-Consul of Norway, panel discussion on WUS by Sacramento State, address by Dr. Ralph Tyler, director Center for Advanced in the Behavioral Sciences at Stanford, "The Relationship of Behavioral Sciences and World Understanding," and closing comments and presentation of awards by Dr. K. Bhaskara Rao, Regional Executive for WUS.

According to Dublin, "The conference was tremendous. Even if one didn't know anything about World University Service at the start, he was well acquainted at the end. The speakers and panel discussions were very stimulating and inspirational. This was the largest and best WUS conference in this region and definitely set a precedent in California for future meetings of this nature. A good representation from schools south of Fresno added to the conference."

Dublin concluded, "WUS week on this campus had to be postponed because Dr. Rao found it not possible to be on campus during the dates of the original WUS week, March 21-25. It is hoped that WUS week can be held sometime in April."

An open house was held at the Home Management House last Friday afternoon by its women resident students. Deanna Koster, right, and Kathy Katri, home economics majors, served refreshments to guests. The open house was part of the six-week home management program for the six majors.

### NEWMAN CLUB ACTIVITIES

Printed schedules of future activities have been distributed to Newman Club members. The Newman Club is an on campus organization for Catholic youth. The club is now conducting discussions based on the book "The Spirit of Catholicism" by Karl Adam. Discussions are led by Dr. Robert Dickenson, associate professor of Economics.

poned because Dr. Rao found it not possible to be on campus during the dates of the original WUS week, March 21-25. It is hoped that WUS week can be held sometime in April.

## Devery in Race For Councilman

Frank E. Devery, HSC business manager since 1951, is a candidate for one of three open Arcata Council seats to be decided in the April 12 municipal election.

A member of the Board of Directors of the Arcata Chamber of Commerce and a trustee of the Faith Lutheran Church of Arcata, Devery is married with a daughter in high school.

Born in Reubens, Idaho, he received his primary education in Idaho schools, and attended the University of Idaho, obtained from Stanford University his master's degree, and did graduate work at Washington State and the University of Washington.

## Humboldt Village Is Disappearing

Humboldt Village, housing area for college married couples, is gradually disappearing.

At the beginning of the semester, 15 units were in operation. Now there are only 14 in use, with one of the buildings in the process of being torn down. The older units will be destroyed as they are vacated.

The vacant property will become an extension for the College Elementary School playground.

## SIX-PASSENGER CAR OR STATION SEDAN ...CORVAIR IS BOTH!

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment ... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk.

Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one ... soon.

By SANDY WILBUR

The time: Conservation Week, 1960. The place: the United States of America, an area of outstanding natural features. It's a land of scenic wonder and abundant wildlife. It's also a land of never-ending controversy when it comes to the management of this natural heritage. It's a battle of conservationist against non-conservationist, and their war is one of Use vs. Wise Use.

The issue is before us constantly: factories dump waste materials into streams because they must get rid of the waste and this is a quick and easy way to do it. There is no thought as to the damage done to fish populations by this act, and no thought as to how the pollution will impair the scenic value of the stream. They see only one thing: the waste must be disposed of. On the other side of the picture, the conservationist tries his hand, practicing his doctrine of Wise Use. He thinks ahead, sets up a waste-processing plant, gets rid of factory waste, and yet leaves the stream and its life intact. Another hypothetical victory for the conservationist and Wise Use.

However, pollution is just one small skirmish in the war of Use vs. Wise Use. Take the duck hunter who yells for a bigger bag regardless of waterfowl nesting success that year. He tends to look at "here and now" and cares little for the long-range picture of waterfowl abundance. It's "birds bagged today" that matters to him. Another example along this same line is the "sportsman" who advocates an either-sex deer hunt just because "the other states are getting them so why should we be cheated."

This is another case of the man who couldn't see beyond the end of his nose. If he could, he would realize that the important considerations are deer abundance in general and, more important, the deer sex ratio in his area, not his own hurt feelings for not being allowed what the other states have. Here is the time for the conservationist to move in, advocating Wise Use over just plain use. Let's hope that the conservationist wins for, if he does, we can begin the proper practice of having Conservation Week every week.

Well, salmon-steelhead season ended pretty quietly this year after a pretty quiet season all the way around. Reports from the California Fish and Game and from local newspapers say that those who went out on the last weekend got fish but, myself, I don't know anyone who went out. After that big run in December and early January, the fishing fraternity and the fish just didn't seem to be on speaking terms. However, if you're still game, remember that the Mad, the Smith, and Redwood Creek are open downstream from Highway 101, and that the main stream of the Klamath is open all the way to the Oregon border. There are still fish there, if you want to go after them.

While still on the subject of fish, I guess that I better put in my two bits on the Ferndale trout controversy. It seems that the local folks wanted some trout from the Prairie Creek Hatchery to plant three of the local streams to be used exclusively by the area's junior anglers. The State Fish and Game said no and, with that one word, all of Humboldt County is down on their necks. Well, Fish and Game, I may be the only one who feels this way, but I think that you were right in your decision. The law states that fish will

not be planted for the exclusive use of any group, and that includes the kids of Ferndale, also. If the Fish and Game had said yes, they would have left themselves open to exploitation by other groups demanding "equal rights". It's a case of "looking ahead" once again.

Attention, birdwatchers: If you've been wondering what ever happened to the Black Brant, the Fish and Wildlife has just announced that they are all south of the border, in sunny Mexico. The population for the flyway as a whole has increased considerably, but the California population is off some sixty-five percent. The reason for the southerly move: just conjecture so far, but some people think that the brant will be wintering farther south every winter, due to unfavorable changes in the California wintering grounds.

## Dr. Allendoerfer To Speak At Math Meet Here

Dr. Carl B. Allendoerfer, president of the Mathematical Association of America, will be guest speaker for the Redwood Empire Mathematics Tournament scheduled tomorrow on the HSC campus.

James E. Householder, assistant professor of mathematics, is campus coordinator of the Tournament. It is sponsored by the California Mathematics Council. The Tournament is for students in high schools, junior high schools and seventh and eighth grades in Humboldt and neighboring counties. Assisting Dr. Householder will be a select group of math majors from HSC.

Dr. Allendoerfer, a specialist in differential geometry, is a nationally recognized authority on the teaching of mathematics. Following the noon luncheon the guest speaker will appear in the College Elementary School auditorium. His talk will be open to the public insofar as space will permit.

Dr. Householder announced that the number of entrants have reached 140. This is approximately three times the number expected. Due to the unexpected number of entries, contributions are still welcome. They may be sent to Mrs. Halley Irving, George C. Jacobs Junior High, Eureka, California.

ROBERT MONTGOMERY

## Conservation Week

(Continued from Page 1)

tours through the HSC wildlife facilities, and talks by C. U. club members in area schools and service clubs.

The display in the hall of Founders Hall contained various articles of interest and information. Maps of timber stand vegetation cover, a Lake County map of upland soils showing soils normally associated with conifer timber, chaparral (shrub) and grass and oak were among the few. A map of soil vegetation, with symbols pointing out soil classification units, miscellaneous land types, species composition of vegetation and conifer timber site index classes was also exhibited.

Other maps shown were on broad classes of vegetation, vegetative species types, conifer age classes, conifer sawlog size stand density, conifer total stand density, total woody vegetation density, soil series, slope classes, erosion hazard, suitability for timber production, and suitability for extensive range use and road construction. The highlights on these maps could be easily found by singling out the desired information and feature this to a specific color on the map.

Photographs of cooperative soil-vegetation survey in California and of the typical landscape were also displayed.

Some of the stuffed animals on exhibit were the striped and the spotted skunks, numerous species of water fowl, a river otter, porcupine, wolverine, skin of a timber wolf, along with a small aquarium of fish and crabs rounded out the exhibition.

## Dance Club Guests At Circle 8 Party

The Lumberjacks and Jills were honored guests at a square dance party given by the Circle 8's of Bayside on Feb. 27 at the Bayside Grange Hall.

Twelve members of the Jacks and Jills, HSC Square Dance Club, attended. They are Judy Ross, Terry Smith, Peggy McCullough, Tanya Stapp, Nora Devereux, Patricia Leslie, Betty Edwards, Gene Currier, James Davis, Jr., Al Seiderkranz, Phil Stark and Bruce Walsh.

Chuck Cline, square Dance caller and instructor, presented diplomas to the dancers for completing a course of 20 lessons in square and round dancing.

The Lumberjacks and Jills meet at 7 p. m. every Monday in the Nelson Hall lounge. New members are welcome.

# Three Jacks Win FWC Berths

## Rogers On First Five; Krupka, Thomas Named

The entire starting five of the Humboldt State varsity basketball team were recently named to 1960 Far Western Conference honors. Leading the Humboldt parade was forward Felix Rogers who nabbed a berth on the first five. Guard Eddie Thomas and center Larry Krupka were named to the second team, while guard Bill Caver and forward Bill Crichton were given honorable mentions.

Rogers was the Lumberjacks' leading scorer in conference play with 159 points in ten games for a 15.9 average. He had led the conference scoring race up to the last game when Jim Caranica of San Francisco State edged him out for individual honors.

Rogers also had 288 points for the season while Thomas had 287. The diminutive fireball tallied 126 in league play. Lanky Larry Krupka was the leading rebounder for the Green and Gold and was the third leading scorer in both season and league play.

Both Caver and Crichton were sparkplugs in the Jack squad that captured second spot behind San Francisco. Thomas and Caver both ended their collegiate careers while Rogers, Krupka and Crichton are sophomores.

Others making up the first team included Caranica, who was also the only unanimous choice, Val York of Nevada, Gent Davis of Sacramento State, and Mike Freeman of the Cal Aggies. The second team included Jim Brown of San Francisco, Fred Obermiller of Chico State, and Fred Scott of Sacramento State.

As the selections turned out, four out of the five were the FWC top scorers making the first team a true offensive club. Meanwhile the second club could have been called the defensive team as the five top rebounders in the loop were selected.

All six conference coaches figured in the balloting, but were permitted to vote only for players from other schools.

## Trackmen Work For Coming Meet

Humboldt State's tracksters are diligently preparing for the season's first meet at Sacramento next weekend. Time trials were run during the week with one of the highlights being pole vaulter Roger Biffle. Biffle cleared 13 feet 9 inches which is only four inches short of the school record which he set last year.

A newcomer to the squad is All Far Western Conference hoopster Felix Rogers. Rogers will run the 880.

Basketball players Larry Krupka and Bill Crichton are now preparing for the meet that is just a few days away. Krupka will be out to top the conference record which he set last year. He will be hard pressed by Crichton, who holds the school record in this event. He will be after the conference record this year.

Keith Weidkamp is looking good and will be out to better his last year's time, and possibly set the conference record.

The other men are working hard getting into shape and working on their individual events in preparation for the dual meet.

## Schroeder Feted By Wrestlers

A banquet was held on Wednesday evening at the home of John Bobell honoring Humboldt State Wrestling coach, Gordon Schroeder. At the occasion Schroeder was presented a gift by the team which nabbed the first Far Western Conference Championship.

Also attending the gathering were Trainer Ced Kinzer, Mac Provart, Al Tostado, Darwin Schager, Jerry Davis, Don da Silva, Ron Kunstal, Howard Covington, Carl Struby, Fred Whitmire, Gene Van Horn, Al Hagerstrand, Matt Kelly, and Bobell.

ALL FWC HONORS — (l-r) Felix Rogers, Eddie Thomas, and Larry Krupka are the three Lumberjacks named to FWC laurels recently. Rogers was placed on the first

five while Thomas and Krupka were named to the second unit. Bill Crichton and Bill Caver received honorable mentions.

## HSC Nine Travels To Bay Area

The Humboldt State Lumberjacks travel to the Bay Area this weekend to play three games with the University of California on Friday, San Francisco on Saturday, and University of San Francisco on Sunday.

The Jacks will get their first game experience on this trip since the three games scheduled with Shasta were rained out. No plans to make up these games have been announced.

Coach Ced Kinzer will rely heavily on his eight returning lettermen.

Returning is last year's leading hitter Ike Peterson. He hit .313 with 30 hits in 96 times at bat. Peterson also led in RBI with 21.

Jack Maze is the only returning pitcher, and he will head this year's staff.

The veterans hit last year as follows:

Name	AB	H	AV.
Beeson	94	27	.278
Matias	87	23	.264
Pontoni	107	26	.243
Peterson	96	30	.313
Orozco	77	21	.273
Reynolds	94	24	.255
Perry	66	18	.273
Maze	15	3	.200

## Tennis Playoffs Determine Spots

The Humboldt State Tennis team played matches among themselves this week to determine the top five on the squad. Such veterans as Art Dalianes and Gary Peterson nabbed their respective places which they held last year.

The team under coach Larry Kerker has been unable to practice daily because of the weather, but the men are in good shape despite the shortage of practice.

## Rogers, Thomas Pace HSC Statistic Chart

Sophomore forward Felix Rogers and senior guard Eddie Thomas paced the Humboldt State Lumberjacks' scoring in their 1959-60 basketball season.

In total season play Rogers edged Thomas by a single point, scoring 288 points to Thomas' 287. Rogers also led in Far Western Conference action. The lanky sophomore hit for 52 field goals and 55 charity tosses in ten conference games for a total of 159 points and a 15.9 average. He led all the regulars in field goal percentage with 52 for 142 for a 36.6 average in conference and 102 for 255 for an even 40 percent average for the entire season.

Thomas led in total field goals for the season, tanking 111 and center Larry Krupka hit 118 free throws to lead the Lumberjacks in that department.

Thomas and guard Billy Caver will be the only losses via the eligibility route next year; however, reserve Russ Ashburn will not return next year since he is graduating in the spring. He was a sophomore in eligibility. Next season the Lumberjacks will have seven veterans returning in Rogers, Krupka, Bill Crichton, Tom Waters, Dennis Giuntini, Drew Roberts, and Ron Good.

Humboldt finished its season with a 7-3 conference record, ending up in second place behind San Francisco.

## What's What!

by Hugh Clark

### History Prof Offers New Approach To Lecture Sessions

There is on this Humboldt State campus a certain history professor who is called a doctor by his colleagues with a bright open approach which has made his classes somewhat interesting even though they are based on the two-week a hour and quarter plan.

This professor instructs United States history which is usually interesting enough considering it's a part of each of us and our background.

But he goes a bit further in presenting his material. A brief look the opening day at his subjects and he determines whether he knows them and if so, for what.

He immediately draws his subject matter and subjects together so as to make comparisons. His interests must vary. He knows, understands and is well informed on the world of sports and has a particularly good background when it comes to HSC athletics.

But that's not all. He is acquainted with literature and plays to the extent he can recite some of Shakespeare's better known lines. All in all he is well-informed on most everything. He has a specialty, but has not forgotten life is a complicated mass of ideas and interests. He attempts to convey and cover each to his subjects.

Since we can best pick out the sports' elements of his friendly informal discussions we'll attempt to relate some of them.

This professor knows about the Humboldt State basketball team to the extent that he remembered the exact season's total for one player.

The player just happened to be in this history class. After the final game, professor says, "See you made the scoring column. (He then writes on the blackboard 8 0 0 0 200.00) Waters, who made two personal fouls this season. That's all right, though, for you there's nowhere to go but up."

Waters says nothing and just smiles realizing said professor means no harm to him. The class laughs along.

We are no exception. Knowing we follow sports somewhat closely, he remarks, "Yes, the French and Indian War was fought near Canisius. That's Big Ten country, Clark. They're still playing basketball back there."

We have a slight difficulty measuring the velocity of the automobile to the extent we are reprimanded for it. No one knows but us. (We think).

Come to class and we get the full treatment. "See you're still with us. . . . We may have to bail Clark out. . . . (and in the most important part of the lecture he says) . . . And the colonists get the green light to go ahead. And Clark, they knew it was green."

During this time we are searching around for the informer. He suspects this and says, "And don't ask me who told me because I'm protecting my source."

Waters and Us are the only ones? Nope. Some gal has the misfortune or fortune of being named MacBeth. That's a good one for said professor. Another gal had a brush with a mountain lion in a safe enough way. That never went unnoticed either.

The lectures never start getting too dull before some twist about sports or playing on the bench or writing seems to crop in with the straight matter.

All in all no feelings are ever hurt. Learn? Yep, that's one class you can't fall asleep in because if you don't watch it, you'll wake up and find everyone laughing at you.

One thing we were quite happy with was his mention of our column last week. He never said he agreed with us but never said he disagreed, either.

But one thing we are sure of. He realizes what we said was said by us. They were our views and not anyone else's. That's something other people have been unable to understand the past week.

Besides, it would make us mad to lose credit or discredit for something we stuck our necks out on because we thought the students at HSC had a right to know just what happened. Regardless, it's very refreshing to meet this professor who has so many varied interests and understands most of them very well.

#### STARTED CAGE SPORT

Humboldt State played basketball in 1925 under coach Cy Falkenburg, winning three and losing one game. There were no college opponents.

A typical bit of action from last Saturday's invitational track meet in the HSC Field House. This was the first such event in the structure and also the first indoor

high school meet in California. Arcata High edged Fortuna 80-79½ to capture first place honors.

## Child Care Center Proposed Here

A \$45,300 request for a proposed Child Care Center has been included on the Humboldt State College 1960-61 budget, according to Dr. John F. Pauley, administrative assistant to the dean of instruction.

When completed in 1962 or later, the center will provide a place where students may earn a place where students may earn a Homemaking credential, a BS Major in Nursing, and a place for observations, case studies, and experiments by the Divisions of Education, Psychology and Sociology.

Location of the building has not been determined, but it will be situated in an isolated place away from the College Elementary School and will cover approximately 2,000 square feet.

Sixteen to 20 children from 2½ to 4½ years old will attend from 9 a. m. to 1 p. m. They will be chosen so that there will be an equal number of boys and girls, and an equal number of each age group.

The children will participate in play activities, including games, music, art, and individual play. A rest period on rugs or cots will be required and a simple lunch will be served.

Observing and participating in

#### SHELLEY BERMAN

Shelley Berman, well-known humorist, made his first appearance at Fresno, California, at a Fresno State College and Concerts Inc. sponsored affair. The comedian, who is making himself famous by enacting everyday occurrences into side-splitting shows, has appeared on many of the top TV variety shows and has two albums, "Inside Shelley Berman," and "Outside Shelley Berman," which are on the top seller list.

the functioning of the center will be required of all Nursing majors. The courses to be offered are Home Economics 151; Child Development Laboratory, where stu-

dents will take care of the children four hours a week under supervision; and Home Economics 150, observation.

## Petition On Capital Punishment Sent To Belotti In Sacramento

A petition condemning capital punishment was sent Wednesday afternoon to the Assemblyman for this district, Frank Belotti.

Approximately 1,000 persons signed and supported the petition, including 35 professors on the HSC campus. It was also supported by six prominent Arcata churches. Five ministers signed it and all six submitted it to their congregations for approval.

A letter was sent to Mr. Belotti along with the petition. Copies of this letter were sent by special messenger to Governor Edmund G. Brown and to Senator Carl Christiansen.

The petition was prepared and circulated by 15 Humboldt students headed by Larry Moogerman and Ron Edwards. Moogerman and Edwards also prepared and signed the letter.

The special session of the legislature Wednesday was scheduled to begin consideration of Gov. Brown's request that the death penalty in California be abolished.

The letter to Mr. Belotti stated: Dear Sir,

We have followed your actions in the State Legislature during the special session that is considering the abolition of capital punishment. We regret, in light of all empirical evidence on capital punishment, that you should now espouse the position that you do. We believe that your position

demonstrates a lack of the proprieties concerning capital punishment.

We recognize the right of any individual to take the position that you have, but one in your position must represent the views of his constituents and not allow his personal biases to distort his obligation to his constituents.

We raise this matter in order to point out that your position does not necessarily reflect the views of your constituents. In verification of this, we have enclosed the signatures of approximately 1,000 of your constituents whom we have been able to contact in the short space of seven days. All of these differ with you on this matter.

In light of the fact that capital punishment does not serve any worthwhile purpose nor reduce the capital offenses, we ask you to reconsider your position.

Yours very truly,  
Ronald W. Edwards  
Lawrence L. Moogerman

Assemblyman Frank P. Belotti, far right, donated the mink scarf being modeled above by Darlene Spann, to create interest in the HSC Business Club scholarship. The scarf will be awarded at the annual Business Day luncheon April 30. With Mr. Belotti above

are, left to right, Prof. Lawrence Ellery, Prof. Paul Hansen, Prof. Edwin Caplan, Bob McCord, club president, and Miss Spann and Loren August, co-chairmen of the scholarship fund drive.

## Belotti Donates Mink Scarf To Help Business Scholarship Fund

One of Humboldt State's newest scholarship funds got an assist from Assemblyman Frank P. Belotti this week, when the lawmaker donated a mink scarf to help incite interest in the fund.

The scholarship is being established by members of the HSC Business club to assist worthy students majoring in business. The mink scarf gift came about as a "gag topper" after Business club members Darlene Spann and Loren August, co-chairmen of the scholarship fund drive, outlined to the assemblyman their idea of giving away a live mink. Belotti promised to "supply the mink" and did so with a surprise gift of a matched set of five skins made into a scarf.

The scarf will be awarded at the annual Business Day luncheon scheduled for Saturday, April 30, at 1 p. m. in the Baywood country club.

The annual Business Day, now in its fourth year, is another Business club-sponsored project to provide a meeting place for high school and college students with community business leaders. In addition to the traditional displays, luncheon and special speakers, this spring's event will feature an open house in which new quarters, equipment and facilities

of the Division of Business will be shown.

Bob McCord, accounting major, Eureka, is president of the club. Paul M. Hansen and Lawrence Ellery, assistant professors of business administration, are faculty advisors for Business Day.

## HSC Represented In Far Western Forensic Tourney

Debaters traveling to the Linfield tournament at McMinnville, Ore., had to struggle through a foot of snow this weekend. This was the tournament of champions, attracting debaters from 11 of the far western states.

Ron Edwards took a first place trophy in extemporaneous speaking using audio-visual aids. This was only the second time that a debater from HSC has taken a first place there. Tom McGowan won four out of six debates to make the best record for HSC this

are: stag 50 cents, couple 75 cents with ASB card; stag 75c, couple \$1 without ASB card.

The HSC Wind Ensemble has been invited to play at a concert for the Music Educator's Conference in Monterey during Easter vacation. It was moved and passed that any proceeds from the Jazz Concert will go to this group to help finance their trip. In return they will help publicize the Jazz Concert.

### President's Report

Art Dalianes reported that the HSC sign, which was on the Arcata plaza, has been removed. Betty Bird will investigate the possibilities for this sign's use; she will also see about placing a sign along the Arcata-Eureka freeway to advertise coming HSC events. Dick Maynard was appointed new "Commissioner of roads".

There being no further business, the meeting was adjourned.

Respectfully Submitted,

## 1960 Sempervirens Completed; To Be Distributed About May 20

The final copy for the 1960 Sempervirens was completed and sent to the publishing company this week, according to Joe Romero, editor. The yearbook is expected to be distributed on campus around May 20.

There was no presale of yearbooks this year. 900 yearbooks will be sold on a first-come, first-served basis. Students who have been attending Humboldt State for the fall and spring semesters will have to pay \$1 for their copy of the Sempervirens. One semester students will be charged \$4 for the yearbook. There will be no free yearbooks given.

The Sempervirens features a added cover designed by Joe Romero. The book contains 208 pages, and is the largest ever produced at HSC.

The staff regrets that due to the early March final deadline, some of the spring events will have to be omitted. However, all other major college events have been adequately covered in the yearbook.

Sempervirens staff members in addition to Romero are Mary Ann Miner and Joan Rasmussen, business managers; Art Dalianes, Jan Reynolds, Brad Fry, Juli Gavey, Tom Shepherd, Carol Ayers, Barbara Dunn, Ron Petersen, Fred Whitmire, Dennis Giuntini, Doug Wilson, Larry Westlake, Ralph Perry, Dawn Montelbetti, Sharron Davenport, Sandra Fleek, Tom Waters, Pat Soderberg and Ralph Perry.

## Five Seek Title Of HSC Playboy At Bunny Hop

The Intercollegiate Knights' "Bunny Hop" next Friday night will feature the selection of the Humboldt State Playboy of the Year.

The candidates are Dennis Cahill, a junior secondary education major, sponsored by the Spurs; Dave Shank, a senior physical education major, sponsored by Delta Zeta; Bill Davis, Forestry major, sponsored by the Forestry Club; Rene Vit, political science major, sponsored by Tau Kappa Epsilon and Bill Turner, sophomore music major, sponsored by Delta Sigma Phi. A trophy is to be awarded to the winner.

Tickets will be \$1.25 at the door and \$1 when purchased before the dance from an IK member. Each ticket will be worth 10 votes for the candidate of the buyer's choice. Additional votes will cost one cent each. Voting will be every week day from 12 to 1 p. m. in the Coop.

Dancing will be from 9 to 1 in the Women's Gym. Tom Field's Orchestra will play.

General chairman is Rick Stromberg. Other chairmen are: Bob Canepa and Dave Sandine, voting and tickets; Leo Lawrence, decorations; Steve Patenaude, cleanup; Dennis Cahill, refreshments, and Jack Moore, publicity.

talent show, relay races, frog jumping contest, campus feed, movies, and an outdoor dance.

Members of the Lumberjack Day Committee include: Roland Nielson, Anne Swanson, Doug Ritterbush, Miss Baldwin, Kathy Cornwall, Bill Guimond, Mary Ann Miner, Pat Menewether, Carolyn Doyle, Nedra Graves, Linda Guelfo, Carol Slack, Judy Johnson, Linda Dolf, Carol Johnson, Barbara Maffia, and Billie Frasier.

## Deadline Today In Filing Student Teacher Petitions

The Division of Education and Psychology has set today as the deadline for filing student teacher applications. Applications may be obtained from the Division of Education and Psychology.

Included in the application is a course sequence that the student must fill out, along with the acquired grade for each course. Also, a complete physical examination must be taken by each prospective student teacher. All students who are planning to student teach during the fall semester, should obtain an application as soon as possible.

Mrs. Eleanor Kellenberger and Dr. Kasper I. Ingebritson are the coordinators of elementary and secondary education, respectively.

## Committee Planning Lumberjack Day

Lumberjack Day, scheduled April 20, is being planned by general chairman Glendyne Baldwin and her committee. Some of the activities which are being scheduled for then are: student-faculty
